NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS
(In the notes all amounts are shown in U.S. dollars, unless otherwise stated)

1 Basis of presentation

Tenaris S.A. (the "Company" or "Tenaris"), a Luxembourg corporation (societe anonyme holding), was incorporated on December 17, 2001 to hold investments in steel pipe manufacturing and distributing companies. The Company consolidates the financial statements of Tenaris subsidiary companies, as detailed in Note 32 to audited Consolidated Financial Statements for the year ended December 31, 2004, and modified as discussed in Note 10 to these Consolidated Condensed Interim Financial Statements.

These consolidated condensed interim financial statements have been prepared in accordance with IAS 34, "Interim Financial Reporting". The accounting policies used in the preparation of these consolidated condensed interim financial statements are consistent with those used in the audited consolidated financial statements for the year ended December 31, 2004, except for the impact of changes resulting from the adoption of new accounting pronouncements, as discussed in Note 2. These consolidated condensed interim financial statements should be read in conjunction with the audited consolidated financial statements for the year ended December 31, 2004.

Certain comparative amounts have been reclassified to conform to changes in presentation in the current period.

The preparation of consolidated condensed interim financial statements requires management to make estimates and assumptions that might affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities as of the balance sheet dates, and also the reported amounts of revenues and expenses for the reported periods. Actual results may differ from these estimates.

Material intercompany transactions and balances between Tenaris's subsidiaries have been eliminated in consolidation. However, the fact that the functional currency of the Company's subsidiaries differ from each other results in the generation of foreign exchange gains (losses) that are included in the consolidated condensed interim income statement under "Financial income (expense), net".

These consolidated condensed interim financial statements were approved by the Board of Directors of Tenaris on August 4, 2005.

2 Impact of New Accounting Pronouncements: International Financial Reporting Standards

In December 2003, as a part of the IASB's project to improve International Financial Reporting Standards, the IASB released revisions to certain standards including: IAS 1, "Presentation of Financial Statements"; IAS 16, "Property, Plant and Equipment"; IAS 24, "Related Party Disclosures" and IAS 33, "Earnings per Share". The revised standards apply to annual periods beginning on or after January 1, 2005 and have been adopted in accordance with the respective transition provisions. In addition, during 2004 International Financial Reporting Standard (IFRS) 3, "Business Combinations" was issued. The main impacts to the Company's consolidated financial statements are:

(a) Presentation of minority interest
IAS 1 (revised) requires disclosure on the face of the income statement of an entity's income or loss for the period and the allocation of that amount between "income or loss attributable to minority interest" and "income or loss attributable to equity holders of the Company". Earnings per share continue to be calculated on the basis of net income attributable solely to the equity holders of the entity. Also, for periods beginning on or after January 1, 2005 minority interest is included within equity in the consolidated balance sheet and is no longer shown as a separate category in the Liabilities section of the balance sheet. This change resulted in an increase of U.S. $165.3 million in the Company's reported equity at January 1, 2005.

(b) Goodwill and negative goodwill
Prior to January 1, 2005 goodwill was amortized on a straight line basis over its estimated useful life, not to exceed 15 years, and tested for impairment at each balance sheet date in the event indicators of impairment were present. As required by IFRS 3, the Company ceased amortization of goodwill for periods beginning on or after January 1, 2005. In addition, accumulated amortization as of December 31, 2004 has been netted against the cost of the goodwill. Furthermore, for years ending on or after December 31, 2005 goodwill is required to be tested annually for impairment, as well as when there are indicators of impairment. Amortization of goodwill expense included in the six-month period ended June 30, 2004 amounted to U.S. $5.9 million.

IFRS 3 also requires accumulated negative goodwill at December 31, 2004 to be derecognized through an adjustment to retained earnings. The derecognition of negative goodwill in this manner resulted in an increase of U.S. $110.8 million in the beginning balance of the Company's equity at January 1, 2005. Amortization of negative goodwill income included in the six-month period ended June 30, 2004 amounted to U.S. $5.7 million.

(c) Financial instruments: recognition and measurement
In accordance with the transition provisions of IAS 39 (revised), the Company designated financial assets previously recognized as "available for sale" as "financial assets carried at fair value through profit or loss". Accordingly, the Company changed the classification of these financial assets using the new designation in its financial statements.

Adoption of new or revised standards has been made in accordance with the respective transition provisions.

9 Contingencies, commitments and restrictions to the distribution of profits

This note should be read in conjunction with Note 25 included in the Company's audited consolidated financial statements for the year ended December 31, 2004. Significant changes or events since the date of the annual report are the following:

(i) Arbitration proceeding against Fintecna

On December 28, 2004, an arbitral tribunal rendered a final award in the arbitration proceeding against Fintecna S.p.A. ("Fintecna"), an Italian state-owned entity and successor to ILVA S.p.A, the former owner of Dalmine S.p.A. ("Dalmine"). In this arbitration proceeding, Tenaris sought indemnification from Fintecna for amounts paid or payable by Dalmine to a consortium led by BHP Billiton Petroleum Ltd. ("BHP") as indemnification for the failure of an underwater pipeline manufactured and sold prior to the privatization of Dalmine. Pursuant to this final award, Fintecna paid Tenaris a total amount of euros 93.8 million (approximately U.S. $124.9 million) on March

15, 2005. In addition, on March 29, 2005, Tenaris prepaid a total of British pounds 30.4 million plus interest (approximately U.S. $57.0 million) corresponding to payment in full of its liability under the terms of the settlement agreement with BHP. As a result of these settlements, the arbitration proceedings have been definitively concluded and Tenaris has no further oustanding obligations under the BHP settlement agreement.

(ii) Capitalization of Convertible Debt of Consorcio Siderurgia Amazonia, Ltd. ("Amazonia")

On February 3, 2005, Ylopa Servicos de Consultadoria Lda. ("Ylopa") exercised its option to convert the convertible debt it held in Amazonia into common stock. As a result, Tenaris' ownership stake in Amazonia increased from 14.5% to 21.2%, and its indirect ownership in Siderurgica del Orinoco C.A. ("Sidor") increased from 8.7% to 12.6%.

On May 18, 2005, the Company announced that it will exchange its 12.6% indirect equity interest in Sidor, held through its ownership stakes in Amazonia, and its equity interest in Ylopa, for shares in the new company in which the Techint group has announced it intends to consolidate its Latin American holdings in flat and long steel producers. The exchange will be made at a value to be determined by an internationally recognized investment bank which will be specifically engaged for this purpose. As of the date of these financial statements, this independent valuation has not been completed.

(iii) Tax matters: Application of inflationary adjustment correction deduction

On February 11, 2005, Siderca S.A.I.C. ("Siderca") was granted the right to participate in the promotional tax regime established by Argentine Law 25,924 under which it could potentially earn certain tax benefits. As a condition to receive these benefits, Siderca withdrew its claim against the Argentine fiscal authorities seeking relief through the application of the inflationary adjustment correction in the calculation of its income tax liability for the year ended December 31, 2002. On February 21, 2005, Siderca paid ARP $69.4 million (U.S. $23.8 million). No charges against income resulted from this payment, as Tenaris had previously recorded a provision related to this matter.

(iv) Commitments

a) On March 15, 2005 Complejo Siderurgico de Guayana C.A. ("Comsigua") prepaid 100% of the amount owed to the International Finance Corporation ("IFC"), for approximately U.S. $42.5 million, related with project financing loans. Tenaris has applied to the IFC for release from its proportional guarantee commitment of Comsigua's project loan.

b) As discussed in Note 25 to the audited Consolidated Financial Statements for the year ended December 31, 2004, Dalmine Energie S.p.A. entered into two agreements with Eni S.p.A. Gas & Power Division for the purchase of natural gas with certain take-or-pay provisions. The outstanding value of these commitments at June 30, 2005 amount to approximately euros 938.0 million (approximately U.S. $1,134 million).

(v) Restrictions to the distribution of profits and payment of dividends

As of June 30, 2005, shareholders' equity as defined under Luxembourg law and regulations consisted of the following:

(all amounts in thousands of U.S. dollars)

Share capital	1,180,537
Legal reserve	118,054
Share premium	609,733
Retained earnings including net income for the six month period ended June 30, 2005	581,620
Total shareholders equity according to Luxembourg law	2,489,944

At least 5% of the net income per year as calculated in accordance with Luxembourg law and regulations must be allocated to the creation of a legal reserve equivalent to 10% of share capital. As of June 30, 2005, this reserve is fully allocated and additional allocations to the reserve are not required under Luxembourg law. Dividends may not be paid from this reserve.

Tenaris may pay dividends to the extent that it has distributable retained earnings and distributable reserve calculated in accordance with Luxembourg law and regulations.

At June 30, 2005, the distributable reserve, including retained earnings, of Tenaris under Luxembourg law totalled U.S. $581.6 million, as detailed below.

(all amounts in thousands of U.S. dollars)

Distributable reserve at December 31, 2004 under Luxembourg law	536,541
Dividends and distributions received	183,089
Other income and expenses for the six-month period ended June 30, 2005	61,501
Dividends paid	(199,511)
Distributable reserve at June 30, 2005 under Luxembourg law	581,620

10 Business acquisitions, incorporation of subsidiaries and other significant events

(a) The financial assets held in trust funds at December 31, 2004 (U.S. $119.7 million) were received in shares of two wholly-owned Chilean subsidiaries (Inversiones Berna S.A. and Inversiones Lucerna S.A.) on January 1, 2005.

(b) On May 4, 2005, the Company completed the acquisition of 97% of the equity in S.C. Donasid S.A., a Romanian steel producer, for approximately U.S. $47.9 million in cash and assumed liabilities. The shares of Siprofer A.G. and Donasid Service s.r.l. were also acquired as part of this transaction.

The assets and liabilities arising from the acquisitions are as a follows:

(c) On May 18, 2005, Siat S.A., a subsidiary of Tenaris, and Acindar Industria Argentina de Aceros S.A. ("Acindar") signed a letter of intent pursuant to which Siat confirmed its intention to acquire Acindar's welded pipe assets and facilities located in Villa Constitucion, province of Santa Fe, Argentina, for approximately U.S. $28.0 million. Completion of this acquisition is subject to due diligence findings and negotiation of definitive documentation and other precedent conditions, including the approval of the Argentine antitrust authorities (Comision Nacional de Defensa de la Competencia).
