PART III -- NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

Taro Pharmaceutical Industries Ltd. (the "Company") is unable to timely file its annual report on Form 20-F for the fiscal year ended December 31, 2007 (the "2007 20-F") without unreasonable effort and expense because the Company is unable to complete its financial statements for the years ended December 31, 2006 and December 31, 2007. The Company is unable to complete these financial statements because the Company is continuing to review the adequacy of estimates for accruals recorded in 2005 and prior years for sales returns, chargebacks, rebates and administrative fees. The eventual outcome of this review cannot be predicted with any certainty at this time and, based on present information, changes in the estimates for those years, if made, may be material. However, the Company does not expect that any such changes, if made, would affect the results for 2006 and prior years, when taken in the aggregate. Furthermore, if any such

changes were to be made, they would likely reduce the amount of loss in 2006. The Company believes that such changes will not impact the financial results for 2007.

The review of accruals described above is also being audited by the Company's outside auditors. As a result of this review, the Company cannot predict when it will be in a position to issue its 2006 or its 2007 audited financial statements.

PART IV -- OTHER INFORMATION

(Name)	(Area Code)	(Telephone Number)

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s).  Yes  No

As discussed above, the Company continues to be unable to file its annual report on Form 20-F for the fiscal year ended December 31, 2006.

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?  Yes  No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

As previously announced, the Company expects to report net sales in a range of approximately \$313 million and net income of approximately \$21.1 million for the year ended December 31, 2007 compared to an estimated loss of approximately \$141 million for the year ended December 31, 2006. These estimates are subject to further review and possible change.
