INFORMATION TO BE INCLUDED IN THE REPORT

Item 2.02 Results of Operations and Financial Condition.

On February 6, 2014, Advance Auto Parts, Inc. (the "Company") issued a press release setting forth its financial results for its fourth quarter and fiscal year ended December 28, 2013. This release includes forward looking statements including, but are not limited to, statements related to the Company's 2014 fiscal year.

The Company's fourth quarter and fiscal 2013 financial results include transaction expenses associated with the Company's acquisition of General Parts International, Inc. on January 2, 2014 and integration costs associated with the Company's integration of B.W.P. Distributors, Inc. As a result of these expenses, the Company’s fourth quarter and fiscal 2013 financial results are not comparable with prior periods. Thus, the Company’s financial results have been presented in this press release on both a generally accepted accounting principles ("GAAP") basis and on a comparable basis to exclude the acquisition and integration costs that occurred in the fourth quarter and fiscal 2013. The Company has provided the required reconciliation of the financial results reported on a comparable basis to the most directly comparable GAAP basis and has provided an explanation as to why the financial results presented on a non-GAAP are useful to investors.

The press release is attached as Exhibit 99.1 and incorporated by reference herein.

Item 9.01 Financial Statements and Exhibits.
