- The reported amount of time-based restricted stock units (RSUs) along with performance-based RSUs not reported on this Form 4, collectively, represent 30% and 70% portions, respectively, of a target equity award. The time-based RSUs are subject to time vesting in three approximately equal annual installments beginning one year from the grant date. The performance-based RSUs may vest on the
- (1) third anniversary of the grant date, if the registrant achieves certain pre-determined financial performance targets, subject to certification by the registrant's Compensation Committee. In addition, if the registrant's financial performance exceeds the target levels, the reporting person may receive additional performance-based RSUs up to a maximum of an additional 200% of the target level grant of performance-based RSUs.
 - (2) On December 12, 2013, the reporting person received an equity award, a portion of which was subject to the registrant achieving certain per-determined financial performance targets, subject to certification by the registrant's Compensation Committee. Effective March 1, 2017 it was determined that these performance conditions had been achieved for a payout of 17.5% of the performance award. The reported amount of stock appreciation rights (SARs) are fully vested and collectively represent the final vesting under this award.
