Aluminum Corporation of China Limited*

(a joint stock limited company incorporated in the People's Republic of China with limited liability)

(Stock Code: 2600)

FURTHER ANNOUNCEMENT IN RELATION TO RENEWAL OF CONTINUING CONNECTED TRANSACTIONS

Reference is made to the announcement of Aluminum Corporation of China Limited* (the "**Company**") dated 28 April 2015 (the "**Announcement**") in relation to the proposed renewed continuing connected transactions between the Company and Aluminum Corporation of China* ("**Chinalco**"). Unless otherwise defined herein, capitalized terms used in this announcement shall have the same meanings as those defined in the Announcement.

The Company hereby supplement the principles of price determination for transactions under the Comprehensive Social and Logistics Services Agreement and the General Agreement on Mutual Provision of Production Supplies and Ancillary Services disclosed in the Announcement. The details of which are as follows:

1. The principles of price determination for the transactions under the Comprehensive Social and Logistics Services Agreement

The prices in respect of services provided by Chinalco to the Company under the Comprehensive Social and Logistics Services Agreement will be determined with reference to comparable local market prices. The

comparable local market prices refer to the reference made to the prices charged or quoted by at least two independent third parties providing services with comparable scale in areas where such services were provided under normal trading conditions around that time.

2. The principles of price determination for the transactions under the General Agreement on Mutual Provision of Production Supplies and Ancillary Services

The prices in respect of products and services provided by Chinalco to the Company and the prices in respect of products and services provided by the Company to Chinalco under the General Agreement on Mutual Provision of Production Supplies and Ancillary Services will be determined with reference to the following pricing policies:

- (1) Provision of products and ancillary services to the Company by Chinalco:
 - (a) Supplies: the price is determined with reference to the comparable local market prices. The comparable local market prices refer to the reference made to the prices charged or quoted by at least two independent third parties providing products or services with comparable scale in areas where such products or services were provided under normal trading conditions;
 - (b) Storage and transportation services: the price is determined with reference to the contractual price, which refers to a mutually agreed price set by all relevant parties for the provision of services. Such price is equivalent to reasonable costs incurred in providing such services plus reasonable profit. Such reasonable profit refers to a profit not more than 5% of such costs. Such profit margin is considered reasonable as determined with reference to the current market practice in relevant industries;
 - (c) Ancillary production services: the price is determined with reference to the contractual price, which refers to a mutually agreed price set by all relevant parties for the provision of services. Such price is equivalent to reasonable costs incurred in providing such services plus reasonable profit. Such reasonable profit refers to a profit not more than 5% of such costs. Such profit margin is considered reasonable as determined with reference to the current market practice in relevant industries.
- (2) Provision of products and ancillary services to Chinalco by the Company:
 - (a) Products:

- (i) Alumina products: the selling price is determined according to a method where both the alumina spot market price and the weighted average price of settlement price for three-month aluminum ingot futures on the Shanghai Futures Exchange weighted in proportion. The Company will consider the geographical location of the customers, the seasonality demands, the transportation costs, and other relevant factors to determine the proportion of weight to be allocated to the aforementioned alumina spot market price and the weighted average price of settlement price for three-month aluminum ingot futures on the Shanghai Futures Exchange;
 - (ii) Aluminum products (aluminum ingots): the trading price is determined according to the prices of futures in the current month, the weekly or monthly average spot market prices quoted on the Shanghai Futures Exchange;
 - (iii) Other products: the price is determined with reference to the contractual price, which refers to a mutually agreed price set by all relevant parties for the provision of products. Such price is equivalent to reasonable costs incurred in providing such products plus reasonable profit. Such reasonable profit refers to a profit not more than 5% of such costs. Such profit margin is considered reasonable as determined with reference to the current market practice in relevant industries.
- (b) Supporting services and ancillary production services:
- (i) Electricity supply: the price is determined with reference to the government-prescribed price, which refers to the on-grid electricity prices and electricity sales prices proposed to be executed by enterprises set out in the notices issued by the bureau of commodity price in each province published on their websites from time to time;
 - (ii) Gas, heat and water supply, measurement, spare parts, repair, testing, transportation, steam: the price is determined with reference to the contractual price, which refers to a mutually agreed price set by all relevant parties for the provision of services. Such price is equivalent to reasonable costs incurred in providing such services plus reasonable profit. Such reasonable profit refers to a profit not more than 5% of such costs. Such profit margin is considered reasonable as determined with reference to the current market practice in relevant industries;
 - (iii)

Other services: the price is determined with reference to the comparable local market prices, which refer to the reference made to the prices charged or quoted by at least two independent third parties providing services with comparable scale in areas where such services were provided under normal trading conditions.

Separate operative agreements will be entered into under the Comprehensive Social and Logistics Services Agreement and the General Agreement on Mutual Provision of Production Supplies and Ancillary Services by the relevant parties from time to time, and the price of the products or services provided or received by parties will be negotiated and determined on a case by case basis in accordance with the pricing policies as set out above.

The Company has adopted a set of effective internal control policies to supervise the connected transaction activities of the Company. The financial department of the Company will trace, monitor and check the progress of the connected transactions of the Company on a monthly basis. Meanwhile, the Audit Committee of the Board of the Company continuously conducts strict review on the connected transactions to ensure the completeness and effectiveness of the internal control measures regarding the connected transactions.
