**Item 8.01 Other Events.**

On November 10, 2004, Delta issued a press release, which is being furnished on Form 8-K, announcing that the Audit Committee of its Board of Directors approved the use of an exception to the New York Stock Exchange's shareowner approval policy so that the company could issue up to 75 million shares of common stock as part of its efforts to achieve a successful out-of-court restructuring. Approximately 63 million of these shares will be issuable upon the exercise of stock options to be granted to eligible company employees. The company also plans to issue up to 12 million shares of its common stock to certain debt holders who agree to defer debt maturing in the near term, and to aircraft lessors who participate in the company's aircraft financing concession program.

In taking this action, the Audit Committee determined that the delay necessary in obtaining shareowner approval would seriously jeopardize the financial viability of the company. The New York Stock Exchange has accepted Delta's reliance on the exception to the Exchange's shareowner approval policy.

The press release is attached hereto as Exhibit 99.1.
