FOR IMMEDIATE RELEASE

CAMTEK ANNOUNCES SECOND QUARTER 2014 RESULTS

\$23.2 million Revenue ; \$2.7 million Operating Income on a Non GAAP basis; On track with the 3D Inkjet product

MIGDAL HAEMEK, Israel – July 29, 2014 – Camtek Ltd. (NASDAQ and TASE: CAMT), today announced its financial results for the quarter ended June 30, 2014.

Highlights of the Second Quarter of 2014

- Revenues of \$23.2 million;
- Non-GAAP and GAAP Gross margins of \$11.5 million, representing 49.5% of revenues;
- Non-GAAP and GAAP operating income of \$2.7 million and \$2.6 million, respectively, representing 11.5% and 11.1% of revenues, respectively; and
- Non-GAAP net income of \$2.3 million; GAAP net income of \$2.0 million.

Rafi Amit, Camtek's Chairman and CEO, commented, "We are pleased with the results and the progress we have made during the second quarter."

Continued Mr. Amit, "Our new product strategy is progressing well. With regard to the commercialization process of our 3D Functional Ink-Jet Technology product, Gryphon, our two beta sites have been ongoing for a few months and so far, we are happy with the results. The more we run the machine in a production environment, as well as meeting with potential customers, the more confident we become in our belief that Ink-Jet technology for solder-mask will be the dominant technology in the PCB industry for years to come. We remain on track and expect initial commercial Gryphon installations at customers to begin in the fourth quarter, with revenues expected in 2015. Our other recently launched next-generation semiconductor inspection and metrology platform for the advanced packaging market, Eagle, is also gaining strong traction especially among leading OSATs. We look forward to unleashing and realizing the potential within our new products and expect them to increasingly contribute to our future revenues."

Concluded Mr. Amit, "Our existing business continues to show solid performance, and overall Camtek is on track for a good year. In the third quarter, we expect revenues to remain around the same level as that of the second quarter."
