 - ☐ Pre-commencement communications pursuant to Rule 14d-2(b) under the Exchange Act (17 CFR 240.14d-2(b))
 - ☐ Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))
-

Item 1.01 Entry into a Material Definitive Agreement.

On May 22, 2015, Clean Coal Technologies, Inc. (the “Company”) entered into a second promissory note (the “Second Note”) with CCTC Acquisition Partners LLC, an entity affiliated with and managed by Black Diamond Financial Group LLC (“Lender”), for the principal amount of \$500,000. The Second Note is for a term of up to six months and has an interest rate of 1.2% per month. The amount borrowed under the Second Note is the second of three advances contemplated by the first promissory note entered into by the Company with Lender on May 12, 2015 (“Initial Note”).

The amounts borrowed under the Second Note will be primarily used by the Company toward the continued fabrication of its demonstration plant based in Tulsa, Oklahoma (“Demonstration Plant”). The Second Note contemplates one additional advance by Lender to the Company of up to \$500,000, which is scheduled to occur on or before June 1, 2015, subject to Lender’s sole discretion to advance such funds to the Company (the “Final Advance”). In addition to the funds received from the Initial Note and the Second Note to date, the Company anticipates that it will need approximately \$500,000 in additional funding to complete the fabrication of the Demonstration Plant.

The amounts borrowed under the Initial Note, this Second Note and the Final Advance are contemplated to be part of an interim step in connection with completing a more comprehensive financing transaction between the Company and Lender (the “Additional Financing”). The Additional Financing is subject to the Company, on the one hand, and Lender and its affiliate, Black Diamond Financial Group LLC, on the other, completing definitive documentation that will provide for the Additional Financing. The Company and Lender committed to negotiation such documentation in good faith to conclude any such Additional Financing by June 15, 2015 (“Additional Financing Transaction Date”). There is no assurance that the Company and Lender will come to an agreement with respect to the Additional Financing or if the parties do come to such an agreement that the terms of such financing will be favorable to the Company.

The Second Note is convertible upon consummation of the Additional Financing with the then outstanding principal and accrued interest thereon automatically converting into new convertible notes (“New Notes”) that will have an annual interest rate of 12% and such New Notes will be issued at 91% of par value or \$910 per \$1,000.00. The face amount (\$1,000.00) of each New Note will be convertible into units of the Company which shall be comprised of (i) one common share of the Company and (ii) one three-year share purchase warrant for a common share at a strike price of \$0.10 per share.

The amounts borrowed by the Company under the Second Note are secured with a first lien priority security interest in the Company’s equipment and its Demonstration Plant. As of the closing of the Final Advance, the Company will then grant to Lender a first priority security interest in and to the Company’s intellectual property (the “IP Security Interest”). However, in the event that the Additional Financing transaction is not consummated for any reason, then the IP Security Interest granted to Lender shall be cancelled.

The outstanding principal and any accrued interest due under the Second Note may be accelerated by Lender to become due and payable by the Company upon an event of default occurring. An event of default will be deemed to have occurred if (i) the Company fails to make timely payments under the Second Note within five days of the due date, (ii) the Company fails to perform or observe material provisions of the Second Note and such failure continues for 15 days after written notice by Lender; or (iii) the Company makes an assignment for the benefit of a creditor, files a petition or makes an application to any tribunal for the appointment of a custodian, trustee, receiver or liquidator, or commences any proceeding relating to the Company under any bankruptcy, reorganization, arrangement, insolvency, readjustment of debt, dissolution or liquidation law of any jurisdiction (“Insolvency Proceeding”), or an involuntary petition or application is made relating to an Insolvency Proceeding.

In the event that the Company and Lender do not complete the Additional Financing by the Additional Financing Transaction Date due to the Company consummating a financing transaction with an unaffiliated third party ("Termination Event"), then Lender shall have the right to, upon written notice, accelerate the payment by the Company of the principal and accrued interest due under the Second Note ("Acceleration Payment").

This current report on Form 8-K shall not constitute an offer to sell or the solicitation of an offer to buy, nor shall such securities be offered or sold in the United States absent registration or an applicable exemption from the registration requirements and certificates evidencing such shares contain a legend stating the same.

The summary of the terms of the Second Note in this Current Report on Form 8-K is qualified by reference to the Second Note, which is attached hereto as Exhibit 10.1.

Item 2.03 Creation of a Direct Financial Obligation or and Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On May 22, 2015, the Company entered into the Second Note with Lender, which provided the Company with gross proceeds of \$500,000. The Second Note is for a term of up to six months with an interest rate of 1.2% per month and is secured by a first priority security interest in the Company's equipment and the Demonstration Plant. The additional terms, conditions, and other provisions of the Second Note are described in Item 1.01 of this Current Report on Form 8-K and incorporated into this Item. In addition, the summary of the terms of the Second Note is qualified by reference to the Note, which is attached hereto as Exhibit 10.1.

Item 3.02 Unregistered Sales of Equity Securities.

On May 22, 2015, the Company entered into the Second Note with Lender, which provided the Company with gross proceeds of \$500,000. The Second Note is convertible upon consummation of the Additional Financing with the then outstanding principal and accrued interest thereon automatically converting into New Notes. The face amount (\$1,000.00) of each New Note will then be convertible into units of the Company which shall be comprised of (i) one common share of the Company and (ii) one three-year share purchase warrant for a common share at a strike price of \$0.10 per share. The additional terms, conditions, and other provisions of the Note are described in Item 1.01 of this Current Report on Form 8-K and incorporated into this Item.

The offer and sale of the Second Note was made in reliance on the private offering exemption from registration afforded under Section 4(2) of the Securities Act of 1933 and/or Rule 506 of Regulation D thereunder.

Item 9.01 Financial Statements and Exhibits.

(d) Exhibits.

10.1 Promissory Note, dated May 22, 2015

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned hereunder duly authorized.
