PROXY STATEMENT

GENERAL INFORMATION

Information About Proxy Solicitation

This proxy statement is being furnished to holders of shares as of the record date of the common stock, \$0.01 par value per share, of Aceto Corporation, a New York corporation (the "Company"), in connection with the Company's annual meeting to be held on Thursday, December 2, 2010 at 10:00 a.m., Eastern Standard Time, at the Company's offices, One Hollow Lane, Lake Success, New York. We made this proxy statement available to you because our board of directors is soliciting your proxy to vote your shares at the annual meeting and at any adjournment. This proxy statement summarizes information that we are required to provide to you under the rules of the United States Securities and Exchange Commission and the NASDAQ Global Select Market, which information is designed to assist you in voting your shares. The purposes of the meeting and the matters to be acted on are stated in the accompanying notice of annual meeting of shareholders. At present, the board of directors knows of no other business that will come before the meeting.

The Company will bear the cost of its solicitation of proxies. The original solicitation of proxies may be supplemented by personal interview, telephone, and facsimile by the directors, officers and employees of the Company. Arrangements will also be made with brokerage houses and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of stock held by such persons, and the Company may reimburse those custodians, nominees and fiduciaries for reasonable out-of-pocket expenses incurred by them in doing so.

Information About Voting

Q: Why am I receiving these materials?

A: The board of directors has made these proxy materials available to you on the Internet or, upon your request, has delivered printed proxy materials to you, in connection with the Company's annual meeting of shareholders, which will take place on December 2, 2010. As a shareholder, you are invited to attend the annual meeting and to vote on the items of business described in this proxy statement.

Q: What information is contained in these materials?

A: The information included in this proxy statement relates to the proposals to be voted on at the annual meeting, the voting process, the compensation of directors and the most highly paid executive officers, and certain other required information. A copy of our 2010 Form 10-K is also part of the proxy materials.

Q: Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

A: In accordance with the “notice and access” rules adopted by the Securities and Exchange Commission, we may now furnish proxy materials, including this proxy statement and our Form 10-K for the year ended June 30, 2010 to our shareholders by providing access to such documents on the Internet instead of mailing printed copies. Most shareholders will not receive printed copies of the proxy materials unless they request them. Instead, the Notice, which was mailed to most of our shareholders, will instruct you as to how you may access and review all of the proxy materials on the Internet. The Notice also instructs you as to how you may access and submit your proxy card. If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

Q: How do I get electronic access to the proxy materials?

A: The Notice will provide you with instructions regarding how to access the Notice of Annual Meeting, this Proxy Statement, your proxy card and Form 10-K for the year ended June 30, 2010. The proxy materials will be available on the Internet starting on October 20, 2010, as described in the Notice. You will not receive a printed copy of these proxy materials unless you request them in accordance with the instructions provided in the Notice.

Q: What items of business will be voted on at the annual meeting?

A: The three items of business scheduled to be voted on at the annual meeting are the election of directors, the approval of the Aceto Corporation 2010 Equity Participation Plan and the ratification of the appointment of the Company's independent registered public accounting firm. We will also consider any other business that properly comes before the annual meeting.

Q: How does the board of directors recommend that I vote?

A: The board of directors recommends that you vote your shares FOR each of the nominees to the board, FOR the approval of the Aceto Corporation 2010 Equity Participation Plan, and FOR the ratification of the appointment of the Company's independent registered public accounting firm on the proxy card included with this proxy statement.

Q: What shares can I vote?

A: You may vote all shares owned by you as of the close of business on October 6, 2010, the record date. These shares include: (1) shares held directly in your name as a shareholder of record; and (2) shares held for you, as the beneficial owner, through a broker or other nominee, such as a bank.

Q: Can I vote my shares by filling out and returning the Notice?

A: No. The Notice identifies the items to be voted on at the Annual Meeting, but you cannot vote by marking the Notice and returning it. The Notice provides instructions on how to vote by (i) Internet, (ii) requesting and returning a paper proxy card or voting instruction card, or (iii) submitting a ballot in person at the meeting.

Q: What is the difference between holding shares as a shareholder of record and as a beneficial owner?

A: Most shareholders of the Company hold their shares through a broker or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned beneficially.

If your shares are registered directly in your name with the Company's transfer agent, American Stock Transfer & Trust Company, LLC, you are considered, with respect to those shares, the shareholder of record and the Notice is being sent directly to you by the Company. As the shareholder of record, you have the right to grant your proxy directly to the board of directors or to vote in person at the meeting.

If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in "street name," and the Notice is being forwarded to you by your broker or nominee. As the beneficial owner, you have the right to direct your broker or nominee how to vote and are also invited to attend the annual meeting. However, since you are not the shareholder of record, you may not vote these shares in person at the meeting unless you obtain a "legal proxy" from the broker or nominee that holds your shares, giving you the right to vote the shares. Your broker or nominee has enclosed or provided voting instructions for you to use in directing the broker or nominee how to vote your shares.

Q: How can I attend the annual meeting?

A: You are entitled to attend the annual meeting only if you were a shareholder of the Company or joint holder as of the close of business on October 6, 2010, or you hold a valid proxy for the annual meeting. You should be prepared to present photo identification for admittance. If you are not a record holder but hold shares through a broker or

nominee (that is, in “street name”), you should provide proof of beneficial ownership on the record date, such as your most recent account statement prior to October 6, 2010, a copy of the voting instruction card provided by your broker or nominee, or other similar evidence of ownership. If you do not provide photo identification or comply with the other procedures outlined above upon request, you will not be admitted to the annual meeting. The annual meeting will begin promptly at 10:00 a.m. Eastern Standard Time. Check-in will begin at 9:00 a.m., and you should allow ample time for the check-in procedures.

Q: How can I vote my shares in person at the annual meeting?

A: You may vote in person at the annual meeting any shares that you hold as the shareholder of record. You may only vote in person shares held in street name if you obtain from the broker or nominee that holds your shares a “legal proxy” giving you the right to vote the shares.

Q: How can I vote my shares without attending the annual meeting?

A: Whether you hold shares directly as the shareholder of record or beneficially in street name, you may without attending the meeting direct how your shares are to be voted. If you are a shareholder of record, you may vote by granting a proxy. If you hold shares in street name, you may vote by submitting voting instructions to your broker or nominee.

Q: Can I change my vote?

A: You may change your vote at any time prior to the vote at the annual meeting. For shares held directly in your name, you may accomplish this by granting a new proxy bearing a later date (which automatically revokes the earlier proxy) or by attending the annual meeting and voting in person. Attendance at the meeting will not cause your previously granted proxy to be revoked unless you specifically so request. For shares you hold beneficially, you may change your vote by submitting new voting instructions to your broker or nominee or, if you have obtained a “legal proxy” from your broker or nominee giving you the right to vote your shares, by attending the meeting and voting in person. You may also revoke your proxy by sending a written notice of revocation to Mr. Douglas Roth, Chief Financial Officer and Secretary, Aceto Corporation, One Hollow Lane, Lake Success, New York 11042.

Q: Who can help answer my questions?

A: If you have any questions about the annual meeting or how to vote or revoke your proxy, you should contact Mr. Terry Steinberg, Vice President, Administration and Assistant Secretary, by mail to Aceto Corporation, One Hollow Lane, Lake Success, New York 11042 or by phone at 516-627-6000. Also, if you need additional copies of this proxy statement or voting materials, you should contact Mr. Steinberg.

Q: How are votes counted?

A: In the election of directors, you may vote FOR all of the six nominees or you may direct your vote to be WITHHELD with respect to one or more of the six nominees. In the approval of the Aceto Corporation 2010 Equity Participation Plan, you may vote FOR approval of the plan, AGAINST approval or you may ABSTAIN from voting with respect to approval of the plan. In the ratification of the appointment of the Company’s independent registered public accounting firm, you may vote FOR ratification, AGAINST ratification or you may ABSTAIN from voting with respect to ratification. If you provide specific instructions, your shares will be voted as you instruct. If you sign your proxy card or voting instruction card or vote over the Internet with no further instructions, your shares will be voted in accordance with the recommendations of the board of directors FOR all of the Company’s nominees, FOR the approval of the Aceto Corporation 2010 Equity Participation Plan, FOR ratification of the appointment of the Company’s independent registered public accounting firm and, in the discretion of the proxy holders, on any other matters that properly come before the meeting. If any other matters properly arise at the meeting, your proxy, together with the other proxies received, will be voted at the discretion of the proxy holders.

Q: What is a quorum and why is it necessary?

A: Conducting business at the meeting requires a quorum. The presence, either in person or by proxy, of the holders of one-third of the Company's shares of common stock outstanding on October 6, 2010 is necessary to constitute a quorum. For the purposes of determining a quorum, shares held by brokers or nominees for whom we receive a signed or electronically transmitted proxy will be treated as present even if the broker or nominee does not have discretionary power to vote on a particular matter, or if instructions were never received from the beneficial owner. These shares are called "broker non-votes." Abstentions will be counted as present for quorum purposes.

Q: What is the voting requirement to approve each of the proposals?

A: In the election of directors, the six persons receiving the highest number of FOR votes at the annual meeting will be elected. Accordingly, votes withheld and broker non-votes do not have the effect of a vote for or against the election of any nominee. You do not have the right to cumulate your votes. For the approval of the Aceto Corporation 2010 Equity Participation Plan and for ratification of the appointment of the Company's independent registered public accounting firm for our fiscal year ending June 30, 2011 and any other matters that might properly arise at the meeting, the affirmative "FOR" vote of a majority of the total votes cast on the proposal is required for approval. Accordingly, abstentions will have no effect on the approval of the Aceto Corporation 2010 Equity Participation Plan and the ratification of the appointment of the Company's independent registered public accounting firm. Broker non-votes will have no effect on the approval of the Aceto Corporation 2010 Equity Participation Plan. A list of shareholders entitled to vote at the annual meeting will be available at the annual meeting for examination by any shareholder.

Q: What should I do if I receive more than one Notice?

A: You may receive more than one Notice if you hold your shares in more than one brokerage account, or if you are a shareholder of record and your shares are registered in more than one name. Please complete and return a proxy card or voting instruction card for each Notice that you receive.

Q: Where can I find the voting results of the annual meeting?

A: Voting results will be announced at the annual meeting and are expected to be posted shortly after the meeting on our website at www.aceto.com. Voting results will also be reported in a Current Report on Form 8-K, which is expected to be filed with the SEC within four business days after the meeting.

Q: What happens if additional matters are presented at the annual meeting?

A: Other than the three items of business described in this proxy statement, we are not aware of any other business to be acted upon at the annual meeting. However, if you grant a proxy, the persons named as proxy holders, Albert L. Eilender, the Company's Chairman and Chief Executive Officer and Douglas Roth, the Company's Chief Financial Officer and Secretary, will have the discretion to vote your shares on any additional matters properly presented for a vote at the meeting. If for any unforeseen reason any of our nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for any one or more other candidates nominated by the board of directors.

Q: What shares are entitled to be voted?

A: Each share of the Company's common stock issued and outstanding as of the close of business on October 6, 2010, the record date is entitled to be voted on all items being voted on at the annual meeting, with each share being entitled to one vote. On the record date, 25,444,683, shares of the Company's common stock were issued and outstanding.

Q: Who will count the votes?

A: One or more inspectors of election will tabulate the votes.

Q: Is my vote confidential?

A: Proxy instructions, ballots, and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed, either within the Company or to anyone else, except: (1) as necessary to meet applicable legal requirements; (2) to allow for the tabulation of votes and certification of the vote; or (3) to facilitate a successful proxy solicitation.

Q: Who will bear the cost of soliciting votes for the annual meeting?

A: The Company is making this solicitation and will pay the entire cost of preparing, assembling, and printing, mailing and distributing these proxy materials. Certain of our directors, officers and employees, without any additional compensation, may also solicit your vote in person, by telephone or by electronic communication. On request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to shareholders.

Q: May I propose actions for consideration at next year's annual meeting of shareholders?

A: You may submit proposals for consideration at future shareholder meetings. However, in order for a shareholder proposal to be considered for inclusion in the Company's proxy statement for the annual meeting next year, the written proposal must be received by the secretary of the Company no later than June 21, 2011. Such proposals also will need to comply with United States Securities and Exchange Commission regulations under Proxy Rule 14a-8 regarding the inclusion of shareholder proposals in company-sponsored proxy materials.

Set forth below is the principal occupation and employment of the nominees, the business experience of each for at least the past five years and certain other information relating to the nominees.

Albert L. Eilender. Mr. Eilender has been Chairman and Chief Executive Officer since September 2010. Prior to that, Mr. Eilender was the Company's lead independent director since 2005 and since October 2009, served as the Non-Executive Chairman of the Board. In the course of his law practice, he has represented employers in many industries and gained valuable business, financial, management, human resources and compensation and benefits experience in the process. He is a member of the American Bar Association and has written and lectured extensively on employment law issues over the years. He is a former Vice President-Finance for the Boy Scouts of America (Manhattan Council) and is on the board of the Rutgers Business School. We believe that Mr. Britton's finance and business consultation and executive-level management experience, as well as his service on the Board of the Company since 2006 give him the qualifications and skills to serve as one of our directors.

INFORMATION ABOUT THE COMPANY'S COMMITTEES

Board Leadership Structure and Role in Risk Oversight

Since September 2010, Albert L. Eilender has served as both Chairman of the Board and Chief Executive Officer. Prior to that, the Company had separated the office of Chairman of the Board from that of Chief Executive Officer. As Chairman and Chief Executive, Mr. Eilender assumed leadership for all aspects of Aceto Corporation. He concentrates on strategic issues, long range planning and acquisition activity, while continuing to coordinate the Board of Directors' agenda, and investor relations. This structural change is designed to sharpen the focus on all aspects of the Company's business and to aid in developing a cohesive succession plan throughout the Company's hierarchy. At this time, our Board believes that Mr. Eilender's combined role as Chairman of the Board and Chief Executive Officer enables us to benefit from Mr. Eilender's significant industry knowledge and experience, while at the same time providing unified leadership and direction for our Board and executive management without duplication of effort and cost. Hans C. Noetzli is currently our lead independent director. Prior to him, Mr. Eilender was the lead independent director. In that role, Mr. Noetzli serves as a liaison between the Chairman of the Board and the independent directors of the Board. Although we do not have a formal policy on whether the same person should (or should not) serve as both the Chairman of the Board and Chief Executive Officer, we may, under different circumstances, consider whether it is more appropriate to separate the positions in recognition of the difference between the two roles.

The Board of Directors has an active role, directly and through the Board's committee structure, in the oversight of the Company's risk management efforts. The audit & risk committee assists the Board of Directors in performing its oversight responsibilities relating to the Company's processes and policies with respect to identifying, monitoring, assessing, reporting on, managing and controlling the Company's business and financial risk. The committee oversees, reviews, monitors and assesses (including through regular reports by, and discussions with, management), the Company's processes and policies for risk identification, risk assessment, reporting on risk, risk management and risk control (including with respect to risks arising from the Company's compensation policies and practices and in connection with the business and operations of its subsidiaries), and the steps that management has taken to identify, assess, monitor, report on, manage and control risks. The Committee also discusses with management the balancing of risk versus reward to the Company and areas of specific risk identified by management and/or the committee.

Audit & Risk Committee

The audit & risk committee is comprised of William N. Britton (Chairman), Richard P. Randall and Hans C. Noetzli. COMPENSATION DISCUSSION AND ANALYSIS

Our Compensation Philosophy and Objectives

Our executive compensation program is designed to attract, retain, and motivate superior executive talent and to align their interests with those of our shareholders and support our growth and profitability. Consistent with those purposes, our compensation philosophy embodies the following principles:

the compensation program should reward the achievement of our strategic initiatives and short- and long-term operating and financial goals, and provide for consequences for underperformance;

compensation should reflect differences in position and responsibility;

compensation should be comprised of a mix of cash and equity-based compensation that aligns the short- and long-term interests of our executives with those of our shareholders; and

the compensation program should be understandable and transparent.

In structuring a compensation program that implements these principles, we have developed the following objectives for our executive compensation program:

overall compensation levels should be competitive and should be set at levels necessary to attract and retain talented leaders and motivate them to achieve superior results;

a portion of total compensation should be contingent on, and variable with, achievement of objective corporate performance goals;

total compensation should be higher for individuals with greater responsibility and greater ability to influence our achievement of operating and financial goals and strategic initiatives;

the number of different elements in our compensation program should be limited, and those elements should be understandable and effectively communicated to executives and shareholders; and

compensation should be set at levels that promote a sense of equity among all employees and appropriate stewardship of corporate resources, while giving due regard to our industry and any premiums that may be necessary in order to attract top talent at the executive level.

Our Analysis

Our compensation committee engaged Hay Group, Inc. (Hay Group), an executive compensation consulting firm, in 2010, to complete compensation studies for our executive officers. In addition, Hay Group conducted a review of our total compensation program, including benefits, for our executive officers in 2007. The Compensation Committee intends to engage a compensation consulting firm to complete director compensation studies every three years beginning May 2011.

Our compensation committee compared the compensation we have paid in recent years to our chief executive officer, chief financial officer and other most highly compensated executive officers to two peer groups. One peer group consisted of 14 similarly sized companies and the second peer group was Hay Group's 2009 general market executive compensation, representing the pay practices of over 1,000 U.S. based general market companies. These studies were utilized for benchmarking Aceto's executive officers. The peer group companies included: American Vanguard Corporation, Animal Health International Inc., Audiovox Corp., Calgon Carbon Corporation, DXP Enterprises Inc., Hawkins Inc., Houston Wire and Cable Co., ICO Inc., Infosonics Corp., Intrepid Potash Inc., KMG Chemical Inc., Lawson Products, Omnova Solutions Inc., and Richardson Electronics Ltd. The compensation committee's benchmarking criteria for these purposes included comparisons of executive base salary compensation, total cash compensation (base salary plus bonus), and total direct compensation (total cash compensation plus long-term incentive awards).

Our compensation committee recommended that we continue to strive towards a compensation mix to include a greater proportion of long-term incentive compensation. While Hay Group provided data and advice regarding our compensation practices, our compensation committee makes all the recommendations regarding our compensation practices. These recommendations must then be ratified by our full board of directors.

Elements of Our Executive Compensation

Our executive compensation program has historically been comprised of base salary, performance-based annual cash and equity bonuses, long-term equity incentive awards and perquisites. These elements of compensation have been supplemented by the opportunity for all our eligible employees to participate in benefit plans that include employer contributions, including our 401(k) plan and our supplemental retirement plan, as well as life insurance premiums paid by the Company for employee life insurance policies. We look to the experience and judgment of our compensation committee to determine what it believes to be the appropriate mix of the compensation of each executive. In allocating compensation among the various elements, the Committee considers market data, Company performance and budget, the impact of the executive's position in the Company, individual past performance, expectations for future performance, experience in the position, any anticipated increase in the individual's responsibilities, internal pay equity for comparable positions, and succession planning and retention strategies.

Our compensation committee recommended that if the shareholders approve the Aceto Corporation 2010 Equity Participation Plan (the "Plan"), proposed to be adopted at this year's annual meeting of our shareholders, our long-term incentive compensation component will be increased for our executive officers, making a larger portion of their annual total direct compensation dependent on long-term stock appreciation and long-term company financial and

operating performance. We have concluded that gradually shifting a larger share of executive compensation to long-term incentive compensation will further align our executive officers' goals with those of our shareholders and encourage long-term retention and operational and financial success.

Base Salary

We provide our executive officers with base salary to provide them with a fixed base amount of compensation for services rendered during a fiscal year. We believe this is consistent with competitive practices and will help assure our retention of qualified leadership in those positions. We intend to maintain base salaries at competitive levels in the marketplace for comparable executive ability and experience, taking into consideration changes from time to time in the consumer price index and whether competitive adjustments are necessary to promote retention. Consideration is also given in each case to the historical results achieved by each executive and the Company during each executive's tenure, to whether each executive is enhancing the team oriented nature of the executive group, the potential of each executive to achieve future success, and the scope of responsibilities and experience of each executive. In addition, evaluations are made regarding the competencies of each executive officer that are considered essential to our success.

The compensation committee evaluated the historical performance of our executive officers and considered the compensation levels and programs at the peer group companies included in the 2010 Hay Group report before it made its most recent compensation recommendations to the full board. The committee continues to desire that the compensation levels for each of our executive officers be in the third quartile (50% to 75%) of the compensation levels for the executive officers in the peer group companies. The committee therefore recommended, and our board of directors approved, an increase in the total of base salaries and performance-based cash awards at target of our employees, including our executive officers, effective October 1, 2010 of no more than 2.5%. The compensation committee reviews and adjusts base salaries annually and when it deems it necessary based upon on a review of individual performance, the Company performance, general economic conditions and other factors listed above. Due to the economic conditions during fiscal 2009, the committee recommended, and our board of directors approved, a freeze in the base salaries of all employees, including our executive officers, effective October 1, 2009, which ended October 1, 2010.

Performance-Based Annual Cash Bonuses

We pay performance-based cash bonuses on an annual basis in an effort to encourage achievement of goals established for our short- and long-term financial and operating results, and to reward our executive officers for consistent performance in assisting us in achieving those goals. Pre-determined annual performance measures were utilized, in connection with our current fiscal year ended June 30, 2010.

For our fiscal year ended June 30, 2010, the performance-based objective bonus criteria as established by our compensation committee, and approved by our board of directors, was based upon results obtained with respect to the following three financial factors: (1) company sales; (2) company net income; and (3) company earnings per share, except that with respect to our executives who oversee our business segments, the performance-based objective bonus criteria also included results obtained with respect to sales and adjusted pre-tax income for their respective business segments. The following describes the performance-based bonus criteria for each named executive officer:

Vincent G. Miata, Chief Operating Officer and President. Mr. Miata's 2010 bonus was based upon company sales and company net income and earnings per share, excluding one-time adjustments to income. In addition, Mr. Miata's individual goals included a successful transition of the reorganization that was put in place in the second quarter of the fiscal year, as a result of the retirement of the Company's former Chief Executive Officer, as well as implementation of a strategic business session with senior management. Mr. Miata has served on the Board of Directors of Aceto since December 2009 and also served as Chief Executive Officer from November 2009 to September 2010. Mr. Miata's performance-based cash bonus was \$260,000 for fiscal 2010.

Douglas Roth, Chief Financial Officer. As a result of the Company's performance, based upon sales and net income and earnings per share, excluding one-time adjustments to income, Mr. Roth's 2010 bonus payment was \$135,000, which reflected an increase of \$15,000 or 12.5% from the fiscal 2009 bonus amount paid to him. In addition to the Company's financial performance, Mr. Roth achieved certain individual goals including the acquisition, in March 2010, of a building in Port Washington, New York to be the site of our future global headquarters. Mr. Roth was also instrumental in the Company's amendment to its revolving credit agreement with a financial institution which provided for available credit of \$25,000,000.

Frank DeBenedittis, Executive Vice President. As a result of the Company's performance, based upon sales and net income and earnings per share, excluding one-time adjustments to income, as well as results obtained with respect to sales and adjusted pre-tax income of Health Sciences, the business segment that Mr. DeBenedittis oversees, Mr. DeBenedittis received a cash bonus of \$230,000, which is consistent to the bonus paid to him for fiscal 2009. In addition, the 2010 bonus was based upon individual goals tailored to Mr. DeBenedittis, including continued strategic globalization of the Health Sciences business and identification and establishment of global synergistic relationships

with customers and suppliers.

Michael Feinman, President, Aceto Agricultural Chemicals Corp. As a result of the Company's performance, based upon sales and net income and earnings per share, excluding one-time adjustments to income, as well as results obtained with respect to sales and adjusted pre-tax income of Crop Protection, the business segment that Mr. Feinman oversees, Mr. Feinman received a cash bonus of \$145,000 for fiscal 2010, which represents an increase of 21% or \$25,000 from fiscal 2009. This bonus was based upon, in part, as a result of the commencement of sales of Glyphosate, the largest selling herbicide for both crop and non crop use sold in the United States, in the third quarter of fiscal 2010. In addition, Mr. Feinman earned his fiscal 2010 performance-based bonus due to the achievement of certain individual goals, including continuing to develop a pipeline and bring to market new products, as well as the development of succession planning.

Ulf Bender, Managing Director, Pharma Waldhof GmbH. Mr. Bender's fiscal 2010 performance-based cash incentive award was based upon the financial results, including pre-tax income, of Pharma Waldhof GmbH, a subsidiary of the Company that Mr. Bender oversees. Mr. Bender's bonus that he earned for fiscal 2010 was \$69,615.

The committee recommended and the board of directors approved, that we continue to utilize pre-determined measurements in order to determine performance-based cash bonuses for the fiscal year end June 30, 2011. However, the compensation committee has approved a list of non-budgeted business circumstances for which adjustments may be made to the net income and EPS for purposes of calculating the bonus, such as customer bankruptcies, change in accounting principles, nonrecurring adjustments to income, litigation expenses and settlements, expenditures for discretionary board approved corporate purposes, and changes in exchange rate. The precise criteria that we will use to determine the bonuses for our executive officers will vary depending on each officer's specific responsibilities.

Additionally, while we have historically paid our annual performance-based cash bonus in four installments based on each executive officer's prior year cash bonus, we intend to pay the bonus at the end of each of our fiscal years after the bonus is determined and approved by our board of directors. This transition from four payments to one annual payment is phased in over a five year period for our five most highly compensated officers and began with fiscal year ended June 30, 2008.

Long-Term Incentive Compensation

Based upon the review by the Hay Group in fiscal 2010 and in prior years, our compensation committee recommended that our compensation mix include a greater proportion of long-term incentive compensation. We continue to place increasing emphasis on compensation tied to the Company's long-term financial and operating performance. We believe that these incentives further align management's interest with the interests of our shareholders. We are therefore asking our shareholders to approve the Plan and allow the compensation committee to make long-term incentive awards to our executive officers and other employees. The terms of the Plan were approved by our compensation committee and our board of directors based in part on the recommendations of Hay Group.

Our compensation committee has recommended to our board of directors that if our shareholders approve the Plan, then the board should consider making grants during our fiscal year ending on June 30, 2011 to certain of our employees, including our executive officers, which consist of stock options, awards of restricted stock and awards of restricted stock units.

Our compensation committee also has recommended to our board of directors that certain named executive officers be granted a one-time long-term cash incentive award, in fiscal 2010. This long-term incentive cash program includes a three year performance period to encourage results-oriented actions that will drive the achievement of sustained performance results over the performance period. The goal will be set at the beginning of the performance period and awards are earned based upon the achievement of performance relative to the goal over the specified performance period. The financial metric to be used for the performance goal will be based on objectives closely linked to long-term shareholder value, such as earnings before interest, taxes, depreciation and amortization (EBITDA). The board of directors in its sole discretion will determine actual payout amounts based on the exact percentage of target performance. All long-term cash incentive payments will be made as soon as practical after the completion of fiscal year 2012. In addition, the compensation committee reserves the right to recommend revising this program at any time based on future developments. For fiscal 2010, the Company accrued approximately \$167,000 for long-term cash compensation awards.

Other Compensation

Our executive officers may also participate in our 401(k) plan on the same terms as the rest of our eligible employees. We currently make a non-elective contribution on behalf of each of our participating employees equal to 3% of the participant's eligible compensation, including base salary and bonus, up to a maximum of \$245,000 of eligible compensation. We also have historically made discretionary contributions for each of our participating employees on an annual basis up to approximately 8% of the participant's eligible compensation. Our participating employees are fully vested in both their salary deferrals and non-elective contributions, but Company discretionary contributions vest at the rate of 20% per year with 100% vesting after five years of participation.

We also maintain a supplemental retirement plan, commonly called a "SERP". This plan is a non-qualified deferred compensation plan intended to provide management employees whose eligible annual compensation is in excess of \$100,000 with supplemental benefits beyond the Company's 401(k) plan. Annual contributions by the Company to the SERP are fixed by our board of directors and vest at the rate of 20% per year of service over five consecutive years. In addition to Company contributions, participants can elect to defer some or all of their bonus compensation into their SERP account for the following year.

Perquisites

We allow certain of our executive officers to use a Company automobile as a perquisite to enhance our compensation package and make it more attractive relative to our competition. The financial value of the personal use of a Company automobile for each of these executive officers for our fiscal year ended June 30, 2010 is set forth in footnote seven to the All Other Compensation column of the Summary Compensation Table contained in this proxy statement.

Stock Ownership Requirements

In order to further align management's interest with the interests of our shareholders, our compensation committee established, and our board of directors approved, stock ownership requirements for our chief executive officer, our chief financial officer and our three other most highly compensated executive officers. These stock ownership requirements provide that our chief executive officer must own shares of our common stock valued at two and a half times his base salary and our chief financial officer and our three other most highly compensated executive officers must own shares of our common stock valued at one and a quarter times their base salaries within five years commencing October 1, 2010. The stock ownership program also includes as a guideline, but not a requirement, that all our other officers and managers that earn at least \$100,000 in base salary per year, own shares of our common stock valued at one half times base salary within the same five year period. Shares of our restricted stock that are granted but not yet vested count toward these stock ownership guidelines.

Management's Role in Establishing Our Executive Compensation

Our chief executive officer plays an important role in assisting our compensation committee in establishing the compensation for our executive officers. Key aspects of this role include:

- evaluating employee performance;
- suggesting to the compensation committee business performance targets and objectives; and
- recommending salary and bonus levels and long-term incentive compensation.

During this process, the compensation committee may ask our chief executive officer and other executive officers to provide guidance to the compensation committee regarding background information for our strategic objectives, an evaluation of the performance of our executive officers, and compensation recommendations as to the executive officers. Members of the compensation committee met informally with our chief executive officer throughout the year to discuss compensation matters and compensation policies in order to obtain insight regarding the day to day performance of each of our executive officers.

Tax Implications of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, provides that compensation in excess of \$1.0 million paid to named executive officers is not deductible unless it is performance-based and satisfies the conditions of the exemption. While our compensation committee and board of directors consider all compensation paid to our named executive officers to be performance-based, historically not all of the compensation paid to them meets the definition of "performance-based" compensation in Section 162(m). Equity compensation awarded to our named executive officers is designed to qualify as performance-based compensation under Section 162(m), but the historical cash bonuses paid to them may not qualify. With the exception of our former chief executive officer, Mr. Schwartz, in our past five fiscal years, relevant annual executive compensation has not exceeded the \$1.0 million threshold for any of our named executive officers so the exemption was unnecessary for us to fully deduct such compensation payments. Our compensation committee believes that retaining discretion in determining some bonus awards within the parameters of the performance goals that the committee is now putting in place is essential to their overall responsibilities. While the compensation committee will continue to consider the impact of Section 162(m) on our compensation program, it reserves the right to pay nondeductible compensation in the future if it determines that it is appropriate to do so. It is our policy to review all compensation plans and policies against tax, accounting, and SEC regulations, including Internal Revenue Code Section 162(m), Internal Revenue Code Section 409A, and generally

accepted accounting principles.

COMPENSATION COMMITTEE REPORT

The compensation committee has reviewed and discussed with management the Compensation Discussion and Analysis included in this proxy statement. Based on that review and discussion, the compensation committee recommended to the board of directors that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference in the Company's annual report on Form 10-K for its last completed fiscal year.

* Mr. Schwartz retired from the Company in November 2009. Effective September 8, 2010 Mr. Eilender has been named by the Board of Directors as the Chairman of the Aceto Board and Chief Executive Officer and Mr. Miata continued as Chief Operating Officer and President. Mr. Eilender's annual base salary will be \$600,000 and he will have the opportunity to earn a performance-based annual cash incentive award for fiscal 2011.

(1) Bonuses paid during 2010, 2009 and 2008 pursuant to the Company's bonus plan are reflected under the column entitled "Non-Equity Incentive Plan Compensation." The Company did not pay discretionary bonuses during 2010, 2009 and 2008; all bonuses were performance-based.

(2) Amounts shown in this column reflect the aggregate grant date fair value of restricted stock awards granted during the year computed in accordance with generally accepted accounting principles. There were no grants of restricted stock awards or units in fiscal 2010.

(3) Amounts shown in this column reflect the aggregate grant date fair value of option awards granted during the year in accordance with generally accepted accounting principles. The aggregate grant date fair value of each option was estimated using the Black-Scholes option-pricing model and the assumptions used in the calculation of these amounts for fiscal years ended June 30, 2009 and June 30, 2008 are included in Note 9 to the Company's audited financial statements for the fiscal year ended June 30, 2010, included in the Company's Annual Report on Form 10-K filed with the SEC on September 10, 2010. There were no option awards granted during fiscal 2010. The fiscal 2010 stock option amount for Mr. Schwartz represents the modification of certain stock options, as specified in his severance agreement.

(4) Reflects cash bonuses paid under the Company's bonus plan. Bonuses listed for a particular year represent bonuses earned and paid with respect to such year even though all or part of such bonuses may have been paid during the first quarter of the subsequent year.

(5) The bonus amount for Mr. Roth includes \$27,000, \$24,000 and \$25,500 of restricted stock, which was received by Mr. Roth in lieu of a portion of his bonus for fiscal years 2010, 2009 and 2008, respectively.

(6) All of the amounts in the table for Mr. Bender were denominated in Euros and converted to U.S. dollars at the rate of 1 Euro = 1.3923 U.S. dollars, which represents the average exchange rate for the fiscal year ended June 30, 2010.

(7) All Other Compensation consists of the personal use of a Company owned automobile, contributions to retirement plans, premium paid for life insurance, severance payments and compensation recognized from the issuance of premium shares of restricted stock as follows:

(1) Actual awards paid for 2010 performance are included in the Summary Compensation Table under the column Non-Equity Incentive Plan Compensation, while opportunities for 2010 at threshold, target and maximum are included in the above 2010 Grants of Plan-Based Awards. These amounts were determined using the following three financial factors: (1) company sales; (2) company net income; and (3) company earnings per share, except that with respect to our executives who oversee our business segments, the performance-based objective bonus criteria also included results obtained with respect to sales and adjusted pre-tax income for their respective business segments. In addition, the bonus criteria included results obtained with respect to certain individual goals that were tailored for each executive officer and approved by our board of directors.

(2) Opportunities to earn additional restricted stock awards were not established at the threshold or target scenarios. There were no awards granted for 2010 included in the Summary Compensation Table, however, opportunities under this plan for 2010 at the maximum level are included in the above 2010 Grants of Plan-Based Awards. If the pre-determined annual performance measures result in an amount greater than the prior year's performance bonus, then the excess over 100% of the prior year bonus is split between 50% cash payment and 50% grant of restricted stock, which vests after one year. However, due to the lack of availability of sufficient shares of restricted stock, the excess of the performance bonus was paid entirely in cash and is reflected in the Summary Compensation Table under the column Non-Equity Incentive Plan Compensation.

(3) There were no option grants or grants of restricted stock awards or units in fiscal 2010.

(4) Mr. Bender was not an executive officer at the beginning of fiscal year 2010.

Deferred Compensation Plan

On March 14, 2005, the Company's Board of Directors adopted the Aceto Corporation Supplemental Executive Deferred Compensation Plan (the "Deferred Compensation Plan"). The Deferred Compensation Plan is a non-qualified deferred compensation plan intended to provide certain qualified executives with supplemental benefits beyond the Company's 401(k) plan, as well as to permit additional deferrals of a portion of their compensation. The Deferred Compensation Plan is intended to comply with the provisions of section 409A of the Internal Revenue Code of 1986, as amended. Substantially all compensation deferred under the Deferred Compensation Plan, as well as Company contributions, is held by the Company in a grantor trust, which is considered an asset of the Company. The assets held by the grantor trust are in life insurance policies.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

In March 2009, the Company entered into employment agreements (“Employment Agreements”) with certain executive officers. The term of the Employment agreement is three years from the effective date. The Employment Agreements can be terminated early: (a) upon the Executive’s death or disability; (b) by the Company for “Cause;” (as defined in the Employment Agreement) (c) by the Executive for “Good Reason;” (as defined in the Employment Agreement) or (d) by termination for other reasons. If, during the Employment Period, Aceto shall terminate the Executive’s employment without Cause or Executive shall terminate employment for Good Reason, then Aceto shall continue to pay to Executive, in regular bi-weekly installments Executive’s base salary under the Agreement for the duration of the employment period and continue to provide benefits to Executive at least equal to those which would have been provided to him in accordance with the plans, programs, practices and policies which are generally applicable to other peer executives for the duration of the employment period. If Executive commences employment with another employer, or if Executive engages in other work for compensation, then Aceto’s obligation to pay bi-weekly installments shall be reduced or eliminated to the extent Executive receives compensation from the other work other than with Aceto. If Executive commences employment with another employer and is eligible to receive medical and other welfare benefits under another employer-provided plan, the medical and other welfare benefits to be provided by Aceto shall terminate. On October 21, 2009 Mr. Schwartz’s Employment Agreement was ended, effective November 20, 2009.

In the event following a “Change in Control” of Aceto during the Employment Period: (a) the Executive is terminated without cause within two (2) years after the occurrence of a Change of Control, (b) the Executive terminates his employment for good reason within two (2) years after the occurrence of a Change of Control; or (c) Aceto or its successor elects to not have the Employment Agreement automatically renew on the first anniversary of the Agreement’s term following the Change of Control, then Aceto shall pay Messrs. Miata, Roth, DeBenedittis, and Feinman, two (2) times the their base salary in effect immediately prior to their termination and the amount of bonus, if any, paid to the them for the fiscal year preceding the Change in Control. Such payment shall be made in a lump sum payable on the date which is thirty days after the date of termination. Aceto shall also continue for such period to permit Messrs. Miata, Roth, DeBenedittis, and Feinman to receive or participate at Aceto’s expense in all fringe benefits available to each of them pursuant to the Employment Agreement for a period of two (2) years after termination of their employment.

The Employment Agreements also contain additional provisions which are customary for executive employment agreements of this type. These include confidentiality, non-compete and non-solicitation provisions.

In addition, the Company entered into an employment agreement with Mr. Bender in December 2008, which would extend employment benefits to him until December 31, 2011, in the event of termination without cause or resignation for good reason following a change in control.

The following table shows the estimated amounts that would have been payable to the named executive officers upon the occurrence of the indicated event, had the applicable event occurred on June 30, 2010. The actual compensation and benefits the executive would receive at any subsequent date would likely vary from the amounts set forth below as a result of certain factors, such as a change in any additional benefits the officer may have accrued as of that time under applicable benefit or compensation plans.

Limits on Liability and Indemnification

The Company's Articles of Incorporation eliminate the personal liability of its directors to the Company and its shareholders for monetary damages for breach of the directors' fiduciary duties in certain circumstances. The articles of incorporation further provide that the Company will indemnify its officers and directors to the fullest extent permitted by law. The Company believes that such indemnification covers at least negligence and gross negligence on the part of the indemnified parties. Insofar as indemnification for liabilities under the Securities Act may be permitted to directors, officers, and controlling persons of the Company pursuant to the foregoing provisions or otherwise, the Company has been advised that in the opinion of the United States Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Compensation Committee Interlocks and Insider Participation

None of the independent directors (who are responsible for compensation matters) have ever served as officers or employees of the Company or any of our subsidiaries. During the last fiscal year, none of our senior executives served on the board of directors or committee of any other entity whose officers served either on our board of directors or executive compensation committee. None of the members of the compensation committee had a direct or indirect material interest in any transaction in which the Company was a participant and the amount involved exceeded \$120,000, except for the disclosure in Certain Relationships and Related Transactions regarding the law firm where Mr. Wiesen is a partner.

REPORT OF THE AUDIT & RISK COMMITTEE

The audit & risk committee acts under a written charter adopted by the audit & risk committee and approved by the board of directors. The audit & risk committee charter is available on the Company's corporate website-www.aceto.com.

The audit & risk committee is comprised of William N. Britton (Chairman), Richard P. Randall and Hans C. Noetzli. Each of these directors meets the independence and expertise requirements of the SEC and the NASDAQ Global Select Market. The audit & risk committee recommends the Company's independent registered public accounting firm, approves the scope of the audit plan, and reviews and approves the fees of the independent accountants. The audit & risk committee met regularly with the Company's independent accountants during the past fiscal year, both with and without management present, to review the scope and results of the audit engagement, the Company's system of internal controls and procedures, the effectiveness of procedures intended to prevent violations

of laws and regulations, and the implementation of internal financial controls required by the Sarbanes-Oxley Act of 2002. In compliance with the SEC rules regarding auditor independence, and in accordance with the Company's Audit & Risk Committee Charter, the audit & risk committee reviewed all services performed by BDO USA, LLP for the Company within and outside the scope of the quarterly review and annual auditing functions.

The audit & risk committee also:

Met to discuss the quarterly unaudited and the annual audited financial statements with management and BDO USA, LLP prior to the statements being filed with the SEC;

Reviewed the Company's disclosures in the Management's Discussion and Analysis sections of such filings;

Reviewed management's program, schedule, progress and accomplishments for maintaining financial controls and procedures to assure compliance with Section 404 of the Sarbanes-Oxley Act of 2002;

Reviewed quarterly earnings releases prior to their publication;

Reviewed and approved in advance in accordance with the Company's Audit & Risk Committee Pre-Approval Policy all proposals and fees for any work to be performed by BDO USA, LLP;

Reviewed and revised the committee's charter as necessary in order to comply with newly enacted rules and regulations;

Monitored the Company's "whistleblower" program under which any complaints are forwarded directly to the Committee, to be reviewed in accordance with an established procedure for all such matters;

Reviewed the audit, tax and audit-related services the Company had received from BDO USA, LLP and determined that the providing of such services by BDO USA, LLP was compatible with the preservation of their independent status as our independent registered public accounting firm.

Met to discuss with the Company's senior risk officer, and other members of management responsible for managing risk, areas of specific risk identified by management and/or the Committee.

The audit & risk committee also reviewed and discussed the audited financial statements for the fiscal year ended June 30, 2010 with management and discussed with BDO USA, LLP the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T. In addition, the Committee has discussed various matters with BDO USA, LLP related to the Company's consolidated financial statements, including critical accounting policies and practices used, alternative treatments for material items that have been discussed with management, and other material written communications between BDO USA, LLP and management. The audit & risk committee also received during the past fiscal year the written disclosures and the letter from BDO USA, LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding BDO USA, LLP's communications with the audit & risk committee concerning independence and has discussed with BDO USA, LLP their independence. Based on the review and discussions referred to in this paragraph, the audit & risk committee recommended to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the last fiscal year for filing with the SEC.

Respectfully submitted by the members of the audit & risk committee.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Stanley H. Fischer, a director of the Company, is President of Fischer and Burstein, P.C., a law firm which serves as counsel to the Company on various corporate matters. During fiscal 2010, the Company paid \$243,000 to Fischer and Burstein, P.C. for legal services rendered to the Company. Mr. Fischer has announced his retirement from the Company's board of directors, effective November 10, 2010.

Robert A. Wiesen, a director of the Company, is a partner in Clifton, Budd & DeMaria, a law firm which serves as labor and employment counsel to the Company. During fiscal 2010, the Company paid \$162,000 to Clifton, Budd & DeMaria for legal services rendered to the Company.

Pursuant to its charter, the Company's Audit & Risk Committee, shall review on an on-going basis for potential conflicts of interest, and approve if appropriate, all "Related Party Transactions" of the Company as required by NASDAQ. For purposes of the audit & risk committee charter, "Related Party Transactions" shall mean those transactions required to be disclosed pursuant to SEC Regulation S-K, Item 404.

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH OF THE SIX NOMINEES FOR DIRECTOR (PROPOSAL ONE).

PROPOSAL TWO

We are asking you to approve the Aceto Corporation 2010 Equity Participation Plan (the "Plan"). The Plan was approved by the Board of Directors, and is subject to shareholder approval. As of the date of this proxy statement, the Company has not granted any awards under the Plan. The Board of Directors believes that the Plan is necessary for the Company to attract, retain and motivate employees, non-employee directors, consultants and advisors. The Board of Directors recommends that you vote FOR approval of the Plan so that the Company may continue to attract, retain and motivate employees, non-employee directors, consultants and advisors through the grant of stock options, stock appreciation rights, restricted stock, restricted stock units and stock bonuses ("Stock Awards").

The following statements include summaries of certain provisions of the Plan. The statements do not purport to be complete and are qualified in their entirety by reference to the provisions of the Plan, which is included in this proxy statement as Appendix A.

Purpose

The purpose of the Plan is to advance the interests of the Company by inducing individuals or entities of outstanding ability and potential to join and remain with, or provide consulting or advisory services to, the Company, or a parent or subsidiary of the Company, by encouraging and enabling eligible employees, non-employee directors, consultants and advisors to acquire proprietary interests in the Company and by providing those employees, non-employee

directors, consultants and advisors with an additional incentive to promote the success of the Company.

Shares Subject to the Plan

The maximum number of shares of common stock of the Company that may be issued pursuant to Stock Awards granted under the Plan shall not exceed, in the aggregate, 2,000,000 shares. Shares of common stock that are subject to options or stock appreciation rights shall be counted against the overall limit as one share for every share granted. Shares of common stock that are subject to Stock Awards other than options or stock appreciation rights shall be counted against the overall limit as 2.5 shares for every share granted. Any shares of Common Stock that again become available for grant pursuant to the Plan will be added back as one share of Common Stock for every one share of Common Stock granted if such shares of Common Stock were subject to options or stock appreciation rights that expire or terminate without having been exercised in full, and as 2.5 shares of Common Stock for every one share of Common Stock granted if such shares of Common Stock were subject to Stock Awards, other than options or stock appreciation rights, which are forfeited or terminated without vesting in full. Any shares of Common Stock used to pay the exercise price or tax withholding obligation with respect to any Stock Award, or repurchased by the Company on the open market with proceeds of an option or stock appreciation right exercise price, shall be counted in the same manner as above based upon the Stock Awards to which they relate.

During any one calendar year, no grantee who is an employee shall be granted:

Stock options to purchase more than 300,000 shares.

Stock appreciation rights entitling the grantee-employee to appreciation with respect to more than 300,000 shares.

Performance-based Stock Awards of any kind with respect to more than 300,000 shares.

The Committee may appropriately adjust the above individual maximum share limitations, the aggregate number of shares of Common Stock available for grant of Stock Awards and the exercise price of a Stock Award to reflect changes in the Company's capital structure or business by reason of certain corporate transactions or events, such as, among other things, a reorganization, merger, consolidation, recapitalization, reclassification, stock split-up, combination of shares, reverse split, stock dividend or the like.

Administration

The Plan provides for its administration by the Board of Directors or by a committee or subcommittee of the Board of Directors consisting of at least two persons (the "Committee") each of whom is intended to be an "outside director" as defined under Section 162(m) of the Internal Revenue Code of 1986 and an "outside independent director" as defined under the existing rules and regulations of the NASDAQ Stock Market. Subject to certain limitations, as set forth in the Plan, the Committee has the authority to determine the employees and non-employee directors of, and the consultants and advisors to, the Company, and any parent and subsidiary corporations, to whom Stock Awards shall be granted, as well as the number of shares to be covered by each Stock Award grant. Except as specifically provided in the Plan, the interpretation and construction by the Committee of any provision of the Plan or of any Stock Award granted under the Plan shall be final and conclusive; provided, however, that this Plan is intended to comply with Section 162(m) of the Internal Revenue Code with respect to Stock Awards intended to be "performance-based," and with Section 409(A) of the Internal Revenue Code with respect to non-qualified deferred compensation, and this Plan shall be limited, construed and interpreted in a manner so as to comply with them. The receipt of a Stock Award by any member of the Committee shall not preclude his vote on any matters in connection with the administration or interpretation of the Plan.

Eligibility

Subject to certain limitations, as set forth in the Plan, Stock Awards may be granted under the Plan to individuals and entities who, in the case of incentive stock options, are employees of either the Company or a parent or subsidiary of the Company, or, in the case of all other Stock Awards, are employees and non-employee directors of, and consultants and advisors to, either the Company or any parent or subsidiary corporation of the Company.

Options

Nature of Options

The Committee may grant options under the Plan that are intended to qualify as "incentive stock options" within the meaning of Section 422 of the Internal Revenue Code and it may grant nonstatutory stock options that are not intended to so qualify, to eligible persons under the Plan.

The Federal income tax consequences relating to the grant and exercise of incentive stock options and nonstatutory stock options are described below under "Material Federal Income Tax Consequences."

Option Price

The option price of the shares subject to an incentive or nonstatutory stock option may not be less than the fair market value (as defined in the Plan) of the Company's common stock on the date upon which such option is granted; provided, however, that if an incentive stock option is granted to an individual who owns, at the time the option is granted, more than 10% of the total combined voting power of all classes of stock of the Company, or of a parent or subsidiary of the Company, the option price of the shares subject to that option must be at least 110% of the fair market value of the Company's common stock on the date upon which that option is granted.

Exercise of Options

Incentive and nonstatutory stock options granted under the Plan shall be exercised by the delivery by the holder thereof to a plan administrator designated by the Company or, if no plan administrator is so designated, to the Company's Secretary at the Company's principal office, of written notice of the number of shares with respect to which the incentive or nonstatutory option is being exercised. Such notice must be accompanied, or followed within five days, by payment of the full option price of such shares, which payment must be made by the holder's delivery of a check in such amount payable to the order of the Company, or previously acquired common stock of the Company, the fair market value of which shall be determined as of the date of exercise. Alternatively, if provided in the Stock Award agreement relating to the option, the holder may elect to have the Company reduce the number of shares issuable upon the exercise of the option by a number of shares having a fair market value equal to the amount of the aggregate exercise price of the options that are exercised.

Duration of Options

No incentive or nonstatutory stock option granted under the Plan shall be exercisable after the expiration of ten years from the date of its grant; provided, however, if an incentive stock option is granted to a 10% shareholder, the option shall not be exercisable after the expiration of five years from the date of its grant.

Non-Transferability

Incentive and nonstatutory stock options granted under the Plan are not transferable other than by will or by the laws of descent and distribution, and such options are exercisable, during a holder's lifetime, only by the grantee; provided, however, that a nonstatutory stock option granted under the Plan may, upon the approval of the Committee, be transferred in whole or in part during a grantee's lifetime to certain family members of a grantee through a gift or domestic relations order.

Death, Disability or Termination of Employment or Services

Subject to certain limitations, as set forth in the Plan:

in the event a grantee's services are involuntarily terminated by the Company, or voluntarily terminated by the grantee other than due to retirement or permanent disability, while such grantee holds incentive or nonstatutory stock options under the Plan, all unvested options held by the grantee shall expire immediately upon such termination of service;

if grantee's services are terminated due to retirement or permanent disability, or if a grantee dies prior to termination of service, while such grantee holds unvested incentive or nonstatutory stock options under the Plan, the unvested options shall continue to vest for the period ending upon the earlier of their stated vesting date(s) or the date occurring one year after the date of such termination of service or the grantee's death, as the case may be;

if a grantee, while holding exercisable incentive or nonstatutory stock options, dies prior to termination of service, then the exercisable options held by the grantee shall be exercisable by the executor or administrator of the grantee's estate or by the person(s) to whom the deceased grantee's rights under those options shall have passed by will or by the laws of descent or distribution, until the earlier of their stated expiration date(s) or the date occurring one year after the date of the grantee's death;

if a grantee, while holding exercisable incentive or nonstatutory stock options, incurs a termination of service because of permanent disability, then the exercisable options held by the grantee shall be exercisable by the grantee until the earlier of their stated expiration date(s) or the date occurring one year after the date of such

termination of service;

if a grantee, while holding exercisable incentive or nonstatutory stock options, incurs a termination of service because of retirement, then the exercisable options held by the grantee shall be exercisable by the grantee until the earlier of their stated expiration date(s) or the date occurring three years after the date of such termination of service;

if a grantee, while holding exercisable incentive or nonstatutory options, incurs a termination of service because of a voluntary resignation other than retirement or permanent disability, then the exercisable options held by the grantee shall be exercisable by the grantee until the earlier of their stated expiration date(s) or the date occurring 90 days after such termination of service;

if a grantee, while holding exercisable incentive or nonstatutory stock options, incurs a termination of service because of an involuntary termination, then the exercisable options held by the grantee shall be exercisable by the grantee until the earlier of their stated expiration date(s) or 30 days after the date of such termination of service.

Stock Appreciation Rights

The Committee may grant stock appreciation rights (or “SAR”s) to eligible persons under the Plan. A SAR entitles the grantee to exercise the SAR, in whole or in part, in exchange for a payment of shares of the Company’s common stock, cash or a combination thereof, as determined by the Committee, equal in value to the excess of the fair market value of the shares of the Company’s common stock underlying the SAR, determined on the date of exercise, over the fair market value of the Company’s common stock underlying the SAR on the date of grant.

No SAR granted under the Plan shall be exercisable after the expiration of ten years from the date of its grant.

SARs that are unvested, or vested but unexercised, at the time of death, disability or termination of employment or services, will be treated in the same manner as options upon the occurrence of those events, as described above.

Restricted Stock and Restricted Stock Units

The Committee may grant restricted stock and restricted stock units to eligible persons under the Plan. A restricted stock award is an award of shares of the Company’s common stock that is subject to certain conditions on vesting and to certain restrictions on transferability. A restricted stock unit entitles the grantee to receive one share of the Company’s common stock, cash equal to the fair market value of a share of the Company’s common stock on the date of vesting, or a combination thereof.

Grants of restricted stock and restricted stock units shall vest as determined by the Committee. Subject to certain limitations, as set forth in the Plan, in the event a grantee incurs a termination of service because of involuntary termination by the Company, or voluntary termination by the grantee other than retirement or permanent disability, while such grantee holds restricted stock or restricted stock units under the Plan, all unvested restricted stock or restricted stock units held by such grantee shall forfeit to the Company immediately upon such termination of service. If a grantee incurs a termination of service due to retirement or permanent disability, or if a grantee dies prior to termination of service, while such grantee holds unvested restricted stock or restricted stock units under the Plan, such unvested restricted stock or restricted stock units shall, if not performance-based, vest immediately, or, if performance-based, continue to vest for the period ending upon the earlier of their stated vesting date(s) or the date occurring one year after the date of such termination of service or the grantee’s death, as the case may be.

In determining the vesting requirements with respect to a grant of restricted stock or restricted stock units, the Committee may impose such restrictions on any shares granted as it may deem advisable, including restrictions relating to length of service, corporate performance, attainment of group performance goals, federal or state securities laws, and Rule 162(m) of the Internal Revenue Code.

During the period that the restricted stock or restricted stock units are unvested, the grantee will be the record owner of the restricted stock or restricted stock units and shall be entitled to receive all dividends and other distributions paid with respect to those awards while they are restricted. However, if any dividends or distributions are paid in shares of Company stock or other property during the period of restriction, the shares and/or other property deliverable shall be held by the Company or third party custodian or trustee and will be subject to the same restrictions as the restricted stock or restricted stock units with respect to which they were issued.

No shares granted pursuant to a grant of restricted stock may be sold, transferred, pledged, assigned or otherwise alienated or hypothecated until, and only to the extent that, such shares are vested.

Stock Bonuses

The Committee may grant stock bonus awards to eligible persons under the Plan. Subject to certain limitations, as set forth in the Plan, a stock bonus award shall entitle the grantee to receive payment of a bonus in the form of shares of common stock of the Company.

Shares granted pursuant to a stock bonus shall vest as determined by the Committee. In the event a grantee incurs a termination of service because of involuntary termination by the Company, or voluntary termination by the grantee other than retirement or permanent disability, while such grantee holds rights to a stock bonus under the Plan, all unvested rights to a stock bonus held by such grantee shall forfeit to the Company immediately upon such termination of service. If a grantee incurs a termination of service due to retirement or permanent disability, or if a grantee dies prior to termination of service, while such grantee holds rights to a stock bonus under the Plan, such unvested rights to a stock bonus shall, if they are not performance-based, vest immediately, or, if they are performance-based, continue to vest for the period ending upon the earlier of their stated vesting date(s) or the date occurring one year after the date of such termination of service or the grantee's death, as the case may be.

The Committee has the authority to condition the grant or vesting of stock bonus awards upon the attainment of certain performance goals; provided, however, that such stock bonus awards are intended to comply with Section 162(m) of the Internal Revenue Code.

Performance Goals

The Committee may grant Stock Awards that are intended to qualify as “performance-based compensation” for purposes of Section 162(m) of the Internal Revenue Code. Performance-based Stock Awards may be granted, vest and be paid based on attainment of specified performance goals established by the Committee. These performance-goals shall be based upon one or more of the following business criteria, which may be determined for these purposes by reference to the Company as a whole, any of the Company’s subsidiaries, operating divisions, regional business units or other operating units, or any combination thereof: profit before taxes, stock price, market share, gross revenue, net revenue, pre-tax income, operating income, cash flow, earnings per share, return on equity, return on invested capital or assets, cost reductions and savings, return on revenues or productivity, or any other business criteria the Committee deems appropriate. These criteria may be modified at the discretion of the Committee to take into account significant nonrecurring items, or an event or events either not directly relating to the operations of the Company or not within the reasonable control of the Company’s management, or a change in accounting standards required by generally accepted accounting principles, or which may be adjusted to reflect such costs or expense as the Committee deems appropriate.

Change in Control

Subject to certain limitations, as set forth in the Plan, in the event of a change in control of the Company, the Board of Directors shall have the discretion to, among other things, accelerate the vesting and the lapsing of restrictions of Stock Awards, and cancel outstanding incentive or nonstatutory stock options in exchange for cash. A change in control will be deemed to have occurred upon:

- a person being or becoming a beneficial owner, directly or indirectly, of securities of the Company representing 30% or more of the combined voting power of the Company’s then outstanding securities, or such lesser percentage of voting power as determined by the Committee (but in no event less than 15%);

- the merger or consolidation of the Company where the Company is not the surviving corporation or pursuant to which the Company’s common stock will be converted into cash, securities and/or other property, other than a merger of the Company in which the shareholders of the Company have the same proportionate ownership of voting securities of the surviving corporation immediately after the merger as they had immediately before;

- the sale or other disposition of all or substantially all of the assets or earning power of the Company; or

- the approval of the liquidation or dissolution of the Company by the Company’s shareholders or its Board of Directors.

Amendment and Termination

The Plan (but not Stock Awards previously granted under the Plan) shall terminate on October 11, 2020, which date is within ten years from the date of its adoption by the Board of Directors. Subject to certain limitations, as set forth in the Plan, the Plan may be amended or modified from time to time or terminated at an earlier date by the Company’s Board of Directors or by its shareholders.

Material Federal Income Tax Consequences

The following discussion of the principal U.S. federal income tax consequences with respect to options under the Stock Incentive Plan is based on statutory authority and judicial and administrative interpretations as of the date of this proxy statement, which are subject to change at any time (possibly with retroactive effect) and may vary in individual circumstances. Therefore, the following is designed to provide a general understanding of the federal income tax consequences (state, local and other tax consequences are not addressed). This discussion is limited to the U.S. federal income tax consequences to individuals who are citizens or residents of the U.S., other than those individuals who are taxed on a residence basis in a foreign country. The U.S. federal income tax law is technical and complex and the discussion below represents only a general summary.

THE FOLLOWING SUMMARY IS INCLUDED HEREIN FOR GENERAL INFORMATION ONLY AND DOES NOT PURPORT TO ADDRESS ALL THE TAX CONSIDERATIONS THAT MAY BE RELEVANT. EACH RECIPIENT OF A GRANT IS URGED TO CONSULT HIS OWN TAX ADVISOR AS TO THE SPECIFIC TAX CONSEQUENCES TO SUCH RECIPIENT OF THE GRANT AND THE DISPOSITION OF COMMON STOCK.

Nonstatutory Stock Options

Under the Internal Revenue Code of 1986 and the Treasury Department Regulations, a nonstatutory stock option does not ordinarily have a “readily ascertainable fair market value” when it is granted. This rule will apply to the Company’s grant of nonstatutory stock options. Consequently, the grant of a nonstatutory stock option to a grantee will result in neither income to him or her nor a deduction to the Company. Instead, the grantee will recognize compensation income at the time he or she exercises the nonstatutory stock option in an amount equal to the excess, if any, of the then fair market value of the shares transferred to him or her over the option price. Subject to the applicable provisions of the Internal Revenue Code, and the Regulations regarding withholding of tax, including, among others, limitations under Sections 162(m) and 280(G) of the Internal Revenue Code, a deduction will be allowable to the Company in the year of exercise in the same amount as is includable in the grantee’s income. In addition, (i) any of the Company’s officers and directors subject to Section 16(b) of the Securities Exchange Act of 1934 may be subject to special tax rules regarding the income tax consequences concerning their stock options and (ii) any entitlement to a tax deduction on the part of the Company is subject to the applicable tax rules (including, without limitation, Section 162(m) of the Internal Revenue Code as discussed below).

For purposes of determining the grantee’s gain or loss on the sale or other disposition of the shares transferred to him or her upon exercise of a nonstatutory stock option, the grantee’s basis in such shares will be the sum of his or her option price plus the amount of compensation income recognized by him or her on exercise. Such gain or loss will be capital gain or loss and will be long-term or short-term depending upon whether the grantee held the shares for more than one year or one year or less. No part of any such gain will be an “item of tax preference” for purposes of the “alternative minimum tax.”

Incentive Stock Options

Options granted under the plan which qualify as incentive stock options under Internal Revenue Code Section 422 will be treated as follows:

Except to the extent that the alternative minimum tax rule described below applies, no tax consequences will result to the grantee or the Company from the grant of an incentive stock option to, or the exercise of an incentive stock option by, the grantee. Instead, the grantee will recognize gain or loss when he or she sells or disposes of the shares transferred to him or her upon exercise of the incentive stock option. For purposes of determining such gain or loss, the grantee’s basis in such shares will be his or her option price. If the date of sale or disposition of such shares is at least two years after the date of the grant of the incentive stock option, and at least one year after the transfer of the shares to him or her upon exercise of the incentive stock option, the grantee will realize long-term capital gain treatment upon their sale or disposition.

Generally, the Company will not be allowed a deduction with respect to an incentive stock option. However, if an grantee fails to meet the foregoing holding period requirements (a so-called disqualifying disposition), any gain recognized by the grantee upon the sale or disposition of the shares transferred to him or her upon exercise of an incentive stock option will be treated in the year of such sale or disposition as ordinary income, rather than capital gain, to the extent of the excess, if any, of the fair market value of the shares at the time of exercise (or, if less, in certain cases the amount realized on such sale or disposition) over their option price, and in that case the Company will be allowed a corresponding deduction.

For purposes of the alternative minimum tax, the amount, if any, by which the fair market value of the shares transferred to the grantee upon such exercise exceeds the option price will be included in determining the grantee’s alternative minimum taxable income. In addition, for purposes of such tax, the basis of such shares will include such excess.

To the extent that the aggregate fair market value (determined at the time the option is granted) of the stock with respect to which incentive stock options are exercisable for the first time by the grantee during any calendar year exceeds \$100,000, such options will not be incentive stock options. In this regard, upon the exercise of an option which is deemed, under the rule described in the preceding sentence, to be in part an incentive stock option and in part a nonstatutory stock option, under existing Internal Revenue Service guidelines, the Company may designate which shares issued upon exercise of such options are incentive stock options and which shares are nonstatutory stock options. In the absence of such designation, a pro rata portion of each share issued is to be treated as issued pursuant to the exercise of an incentive stock option and the balance of each share treated as issued pursuant to the exercise of a nonstatutory stock option.

Section 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code denies a deduction to any publicly held corporation for compensation paid to certain "covered employees" in its taxable year to the extent that such compensation exceeds \$1,000,000. "Covered employees" are a company's chief executive officer on the last day of the taxable year and the three other most highly paid executive officers (other than the chief financial officer) whose compensation is required to be reported to stockholders in its proxy statement under the Securities Exchange Act of 1934. Compensation paid under certain qualified performance-based compensation arrangements, which (among other things) provide for compensation based on performance goals established by the Committee, is not considered in determining whether a "covered employee's" compensation exceeds \$1,000,000. It is intended that certain awards under the Plan will satisfy these requirements so that the income recognized in connection with awards will not be included in a "covered employee's" compensation for the purpose of determining whether such individual's compensation exceeds \$1,000,000.

Section 409A of the Internal Revenue Code

Internal Revenue Code Section 409A provides that all amounts deferred under a nonqualified deferred compensation plan are includible in a participant's gross income to the extent such amounts are not subject to a substantial risk of forfeiture, unless certain requirements are satisfied. If the requirements are not satisfied, in addition to current income inclusion, interest at the underpayment rate plus 1% will be imposed on the participant's underpayments that would have occurred had the deferred compensation been includible in gross income for the taxable year in which first deferred or, if later, the first taxable year in which such deferred compensation is not subject to a substantial risk of forfeiture. The amount required to be included in income is also subject to an additional 20% tax. While most Stock Awards under the Plan are anticipated to be exempt from the requirements of Code Section 409A, awards not exempt from Internal Revenue Code Section 409A are intended to comply with Internal Revenue Code Section 409A.

ERISA/Internal Revenue Code Section 401(a).

The Plan is not subject to any of the requirements of the Employee Retirement Income Security Act of 1974, as amended. The Stock Incentive Plan is not, nor is it intended to be, qualified under Section 401(a) of the Code.

Future Plan Awards

Because future awards under the Plan will be based upon prospective factors including the nature of services to be rendered by current or prospective employees and officers of, advisors and independent consultants to, the Company or its affiliates, and directors who are neither officers nor employees of the Company or its affiliates and their potential contributions to the success of the Company, actual awards cannot be determined at this time.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" APPROVAL OF THE ACETO CORPORATION 2010 EQUITY PARTICPATION PLAN.

ACETO CORPORATION

2010 Equity Participation Plan

1. Purpose. The ACETO CORPORATION 2010 Equity Participation Plan (the “Plan”) is intended to advance the interests of ACETO CORPORATION (the “Company”) by inducing individuals or entities of outstanding ability and potential to join and remain with, or provide consulting or advisory services to, the Company or a parent or subsidiary of the Company, by encouraging and enabling eligible employees, non-employee directors, consultants and advisors to acquire proprietary interests in the Company, and by providing the participating employees, non-employee directors, consultants and advisors with an additional incentive to promote the success of the Company. This is accomplished by providing for the granting of Incentive Stock Options, Nonstatutory Stock Options, Stock Appreciation Rights, Restricted Stock, Restricted Stock Units and Stock Bonuses, as such terms are defined in Section 2, to employees, non-employee directors, consultants and advisors. As used herein, the term “parent” or “subsidiary” shall mean any present or future corporation which is or would be a “parent corporation” or “subsidiary corporation” of the Company as the term is defined in Section 424 of the Code (as hereinafter defined) (determined as if the Company were the employer corporation).

- (g) “Exchange Act” shall mean the Securities Exchange Act of 1934, as amended.
- (h) “Fair Market Value” means, with respect to the applicable date, the last reported sales price for a share of Common Stock as quoted on the principal stock exchange on which the Common Stock is traded for that date; provided, however, if no such sales are made on such date, then on the next preceding date on which there are such sales. If for any day the Fair Market Value of a share of Common Stock is not determinable by any of the foregoing means, then the Fair Market Value for such day shall be determined in good faith by the Committee under a method that complies with Code Sections 422 and 409A.

For purposes of this paragraph, if a Grantee is an employee of a subsidiary or parent and not the Company, the Grantee shall incur a Termination of Service when such entity ceases to be a subsidiary or parent, unless the Committee determines otherwise.

3. Administration. The Plan shall be administered by the Board or the Committee. All references in the Plan to the “Committee” shall be deemed to refer to the “Board” if no committee is established for the purpose of making determinations with respect to the Plan. Except as herein specifically provided, the interpretation and construction by the Committee of any provision of the Plan or of any Stock Award granted under it shall be final and conclusive, provided, that with regard to any provision of this Plan or any Award Agreement relating thereto that is intended to comply with Section 162(m) of the Code, any such action by the Committee shall be permitted only to the extent such action would be permitted under Section 162(m) of the Code. The Committee may, in its sole discretion, adopt special guidelines and provisions for persons who are residing in or employed in, or subject to, the taxes of, any domestic or foreign jurisdictions to comply with applicable tax and securities laws of such domestic or foreign jurisdictions. This Plan is intended to comply with the applicable provisions of Section 162(m) of the Code with respect to Awards intended to be “performance-based,” and this Plan shall be limited, construed and interpreted in a manner so as to comply therewith. The receipt of a Stock Award by any members of the Committee shall not preclude their vote on any matters in connection with the administration or interpretation of the Plan.

4. Shares Subject to the Plan.

(a) The shares subject to Stock Awards granted under the Plan shall be the Common Stock, whether authorized but unissued or held in the Company’s treasury, or shares purchased from stockholders expressly for use under the Plan. The maximum number of shares of Common Stock which may be issued pursuant to Stock Awards granted under the Plan shall not exceed in the aggregate 2,000,000 shares. Subject to the following limits:

(i) no Grantee who is an employee shall be granted during any one calendar year Options entitling such Grantee-employee to purchase more than 300,000 shares of Common Stock;

(ii) no Grantee who is an employee shall be granted during any one calendar year Stock Appreciation Rights entitling such Grantee-employee to appreciation with respect to more than 300,000 shares of Common Stock; and

(iii) the aggregate number of shares of Common Stock subject to performance-based Stock Awards granted to a Grantee-employee during any one calendar year shall not exceed 300,000 shares of Common Stock.

Each limit in the preceding sentence shall be subject to adjustment in accordance with Section 17.

(b) The Company shall at all times while the Plan is in force reserve such number of shares of Common Stock as will be sufficient to satisfy the requirements of all outstanding Stock Awards granted under the Plan. Any shares of Common Stock that are subject to Stock Awards that are not Options or SARS shall be counted against the maximum number of shares available for the purpose of Stock Awards as 2.5 shares for every share granted. In the event any Option or SAR granted under the Plan shall expire or terminate for any reason without having been exercised in full or shall cease for any reason to be exercisable in whole or in part, the unpurchased shares subject thereto shall again be available for Stock Awards under the Plan. In the event any shares of Restricted Stock or Restricted Stock Units are forfeited for any reason or the right to receive any Stock Bonus is terminated for any reason, the shares related thereto, at the rate of 2.5 shares for every share forfeited, shall again be available for Stock Awards under the Plan. In the event shares of Common Stock are delivered to, or withheld by, the Company pursuant to Section 12(b) or 29 hereof, the number of shares of Common Stock available for the purpose of Stock Awards under this Plan shall be reduced by (a) the total number of shares underlying the Options or SARS exercised, regardless of whether any of the shares of Common Stock underlying such Stock Awards are not actually issued to the Grantee as the result of a net settlement, (b) any shares of Common Stock used to pay any exercise price or tax withholding obligation with respect to any Stock Award, and (c) any shares of Common Stock repurchased by the Company on the open market with the proceeds of an Option or SAR exercise price, which shares shall be counted in the same manner as set forth above based on the Stock Awards to which they relate.

5. Participation. The class of individuals and entities that shall be eligible to receive Stock Awards (“Grantees”) under the Plan shall be (a) with respect to Incentive Stock Options, all employees of either the Company or any parent or subsidiary corporation of the Company, and (b) with respect to all other Stock Awards, all employees and non-employee directors of, and consultants and advisors to, either the Company or any parent or subsidiary entity of the Company; provided, however, no Stock Award shall be granted to any such consultant or advisor unless (i) the consultant or advisor is a natural person (or an entity wholly-owned, directly or indirectly, by a natural person), (ii) bona fide services have been or are to be rendered by such consultant or advisor and (iii) such services are not in connection with the offer or sale of securities in a capital raising transaction and do not directly or indirectly promote or maintain a market for the Company’s securities. The Committee, in its sole discretion, but subject to the provisions of the Plan, shall determine the employees and non-employee directors of, and the consultants and advisors to, the Company and its parent and subsidiary corporations to whom Stock Awards shall be granted, and the number of shares to be covered by each Stock Award grant, taking into account the nature of the employment or services rendered by the individuals or entities being considered, their annual compensation, their present and potential contributions to the success of the Company, and such other factors as the Committee may deem relevant. For purposes hereof, a non-employee to whom an offer of employment has been extended shall be considered an employee, provided that the Stock Award granted to such individual shall not be exercisable or vest, in whole or in part, for a period of at least one year from the date of grant and, in the event the individual does not commence employment with the Company, the Stock Award granted shall be considered null and void.

6. Award Agreement. Each Stock Award granted under the Plan shall be authorized by the Committee, and shall be evidenced by an Award Agreement as is approved by the Committee. The Award Agreement shall specify the number of shares of Common Stock as to which the Stock Award is granted, the period during which any Option or SAR is exercisable and the option or base price per share thereof, the vesting periods for any Restricted Stock, Restricted Stock Units or Stock Bonus, any performance-based vesting criteria (the “Performance Goals”) and such other terms and provisions as the Committee may deem necessary or appropriate, provided, that with regard to any Stock Award that is intended to comply with Section 162(m) of the Code, any applicable performance criteria shall be based on one or more of the Performance Goals set forth in Exhibit A hereto and no such Stock Awards other than Options or SARs shall be granted on or after the fifth anniversary of the stockholder approval of the Plan unless the Performance Goals set forth on Exhibit A are reapproved (or other designated performance goals are approved) by the stockholders no later than the first stockholder meeting that occurs in the fifth year following the year in which stockholders approve the Performance Goals set forth on Exhibit A.

7. Incentive Stock Options. The Committee may grant Incentive Stock Options under the Plan which are subject to the following terms and conditions and any other terms and conditions as may at any time be required by Section 422 of the Code:

- (a) No Incentive Stock Option shall be granted to individuals other than employees of the Company or of a parent or subsidiary corporation of the Company.
- (b) Each Incentive Stock Option under the Plan must be granted prior to October 11, 2020, which is within ten years from the date the Plan was adopted by the Board.

(c) The option price of the shares subject to any Incentive Stock Option shall not be less than the Fair Market Value of the Common Stock at the time such Incentive Stock Option is granted; provided, however, if an Incentive Stock Option is granted to an individual who owns, at the time the Incentive Stock Option is granted, more than 10% of the total combined voting power of all classes of stock of the Company or of a parent or subsidiary corporation of the Company (a "10% Stockholder"), the option price of the shares subject to the Incentive Stock Option shall be at least 110% of the Fair Market Value of the Common Stock at the time such Incentive Stock Option is granted.

(d) No Incentive Stock Option granted under the Plan shall be exercisable after the expiration of ten years from the date of its grant; provided, however, if an Incentive Stock Option is granted to a 10% Stockholder, such Incentive Stock Option shall not be exercisable after the expiration of five years from the date of its grant. Every Incentive Stock Option granted under the Plan shall be subject to earlier termination as expressly provided in Section 11 hereof.

(e) For purposes of determining stock ownership under this Section 7, the attribution rules of Section 424(d) of the Code shall apply.

8. **Nonstatutory Stock Options.** The Committee may grant Nonstatutory Stock Options under the Plan. Nonstatutory Stock Options shall be subject to the following terms and conditions:

(a) A Nonstatutory Stock Option may be granted to any individual or entity eligible to receive an Option under the Plan pursuant to clause (b) of Section 5 hereof.

(b) The option price of the shares subject to a Nonstatutory Stock Option shall not be less than the Fair Market Value of the Common Stock at the time such Nonstatutory Stock Option is granted.

(c) No Nonstatutory Stock Option granted under the Plan shall be exercisable after the expiration of ten years from the date of its grant.

9. **Stock Appreciation Rights.**

(a) The Committee may grant Stock Appreciation Rights to such persons eligible under the Plan as the Committee may select from time to time. SARs shall be granted at such times, in such amounts and under such other terms and conditions as the Committee shall determine, which terms and conditions shall be evidenced under an Award Agreement, subject to the terms of the Plan. Subject to the terms and conditions of the Award Agreement, an SAR shall entitle the Grantee to exercise the SAR, in whole or in part, in exchange for a payment of shares of Common Stock, cash or a combination thereof, as determined by the Committee and provided for in the Award Agreement, equal in value to the excess of the Fair Market Value of the shares of Common Stock underlying the SAR, determined on the date of exercise, over the base amount set forth in the Award Agreement for the shares of Common Stock underlying the SAR, which base amount shall not be less than the Fair Market Value of such Common Stock, determined as of the date the SAR is granted. The Company may, in its sole discretion, withhold from any such cash payment any amount necessary to satisfy the Company's obligation for withholding taxes with respect to such payment.

(b) No SAR granted under the Plan shall be exercisable after the expiration of ten years from the date of its grant.

(c) All references in the Plan to "Options" shall be deemed to include "SARs" where applicable.

10. **Transferability of Options.**

(a) No Option granted under the Plan shall be transferable by the individual or entity to whom it was granted other than by will or the laws of descent and distribution, and, during the lifetime of an individual, shall not be exercisable

by any other person, but only by him or her.

45

(b) Notwithstanding Section 10(a) above, a Nonstatutory Stock Option granted under the Plan may be transferred in whole or in part during a Grantee's lifetime, upon the approval of the Committee, to a Grantee's "family members" (as such term is defined in Rule 701(c)(3) of the Securities Act and General Instruction A(1)(a)(5) to Form S-8) through a gift or domestic relations order. The transferred portion of a Nonstatutory Stock Option may only be exercised by the person or entity who acquires a proprietary interest in such Option pursuant to the transfer. The terms applicable to the transferred portion shall be the same as those in effect for the Option immediately prior to such transfer and shall be set forth in such documents issued to the transferee as the Committee may deem appropriate. As used in the Plan, the terms "Grantee" (when referring to an Option recipient) and "holder of an Option" shall refer to the grantee of the Option and not any transferee thereof.

11. Effect of Termination of Employment or Death on Options.

(a) Unless otherwise provided in the Award Agreement, in the event a Grantee incurs a Termination of Service because of involuntary termination by the Company, or voluntary termination by the Grantee other than Retirement or permanent and total disability (within the meaning of Section 23(e) of the Code) ("Permanent Disability"), while such Grantee holds Options under the Plan, all unvested Options held by such Grantee shall expire immediately upon such Termination of Service.

(b) Unless otherwise provided in the Award Agreement, if a Grantee incurs a Termination of Service due to Retirement or Permanent Disability, or if a Grantee dies prior to Termination of Service, while such Grantee holds unvested Options under the Plan, such unvested Options shall continue to vest for the period ending upon the earlier of (A) its stated vesting date(s) or (B) the date occurring one (1) year after the date of such Termination of Service or the Grantee's death, as the case may be.

(c) Unless otherwise provided in the Award Agreement, if a Grantee, while holding exercisable Options, dies prior to Termination of Service, then each such exercisable Option held by the Grantee shall be exercisable by the executor or administrator of the Grantee's estate or by the person or persons to whom the deceased Grantee's rights thereunder shall have passed by will or by the laws of descent or distribution until the earlier of (A) its stated expiration date or (B) the date occurring one (1) year after the date of death.

(d) Except as otherwise provided in subsection (a) and unless otherwise provided in the Award Agreement, if a Grantee, while holding exercisable Stock Options incurs a Termination of Service because of Permanent Disability, then each such exercisable Stock Option held by the Grantee shall be exercisable by the Grantee until the earlier of (A) its stated expiration date or (B) the date occurring one year after the date of such Termination of Service. Notwithstanding the foregoing, in the event the Company is a party to an employment, consulting or advisory agreement with a Grantee and such agreement provides for termination of employment or engagement based upon a disability or other incapacity, then, for such Grantee, a termination of employment or engagement for disability or other incapacity pursuant to the provisions thereof shall be considered to be a termination based upon Permanent Disability for purposes hereof. Furthermore, notwithstanding the foregoing, with respect to Stock Awards that are subject to Section 409A of the Code, Permanent Disability shall mean that a Grantee is disabled under Section 409A(a)(2)(c)(i) or (ii) of the Code.

(e) Except as otherwise provided in subsection (a) and unless otherwise provided in the Award Agreement, if a Grantee, while holding exercisable Stock Options, incurs a Termination of Service because of Retirement, then each such exercisable Option held by the Grantee shall be exercisable by the Grantee until the earlier of (A) its stated expiration date or (B) the date occurring three (3) years after the date of such Termination of Service.

(f) Unless otherwise provided in the Award Agreement, if a Grantee while holding exercisable Options incurs a Termination of Service because of a voluntary resignation, other than Retirement or Permanent Disability, then each such exercisable Option held by the Grantee shall be exercisable by the Grantee until the earlier of (A) its stated

expiration date or (B) the date occurring ninety (90) days after such Termination of Service.

(g) Unless otherwise provided in the Award Agreement, if a Grantee, while holding exercisable Options incurs a Termination of Service because of an involuntary resignation, then each such exercisable Option held by the Grantee shall be exercisable by the Grantee until the earlier of (A) its stated expiration date or (B) thirty (30) days after the date of such Termination of Service.

(h) The Committee may accelerate the date as of which an Option becomes exercisable, or extend the exercise period of an Option up to its stated expiration date, if the Committee in its discretion deems such acceleration or extension to be desirable.

(i) For purposes of this Section 11, the employment relationship of an employee of the Company or of a parent or subsidiary corporation of the Company will be treated as continuing intact while he is on military or sick leave or other bona fide leave of absence (such as temporary employment by the Government) if such leave does not exceed 90 days, or, if longer, so long as his right to reemployment is guaranteed either by statute or by contract.

12. Exercise of Options.

(a) Unless otherwise provided in the Award Agreement, any Option granted under the Plan shall, subject to vesting, be exercisable in whole at any time, or in part from time to time, prior to expiration. The Committee, in its absolute discretion, may provide in any Award Agreement that the exercise of any Options granted under the Plan shall be subject (i) to such condition or conditions as it may impose, including, but not limited to, a condition that the holder thereof remain in the employ or service of, or continue to provide consulting or advisory services to, the Company or a parent or subsidiary corporation of the Company for such period or periods from the date of grant of the Option as the Committee, in its absolute discretion, shall determine; and (ii) to such limitations as it may impose, including, but not limited to, a limitation that the aggregate Fair Market Value (determined at the time the Option is granted) of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any employee during any calendar year (under all plans of the Company and its parent and subsidiary corporations) shall not exceed \$100,000. In addition, in the event that under any Award Agreement the aggregate Fair Market Value (determined at the time the Option is granted) of the Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any employee during any calendar year (under all plans of the Company and its parent and subsidiary corporations) exceeds \$100,000, the Committee may, when shares are transferred upon exercise of such Options, designate those shares which shall be treated as transferred upon exercise of an Incentive Stock Option and those shares which shall be treated as transferred upon exercise of a Nonstatutory Stock Option.

(b) An Option granted under the Plan shall be exercised by the delivery by the holder thereof to a Plan administrator designated by the Company, or if no Plan administrator is so designated, to the Company at its principal office (attention of the Secretary), of written notice of the number of shares with respect to which the Option is being exercised. Such notice shall be accompanied, or followed within five days of delivery thereof, by payment of the full option price of such shares, and payment of such option price shall be made by the holder's delivery of (i) his check payable to the order of the Company, or (ii) previously acquired Common Stock, the Fair Market Value of which shall be determined as of the date of exercise (provided that the shares delivered pursuant hereto are acceptable to the Committee in its sole discretion). Alternatively, if provided for in the Award Agreement, the holder may elect to have the Company reduce the number of shares otherwise issuable by a number of shares having a Fair Market Value equal to the exercise price of the Option being exercised.

13. Further Conditions of Exercise of Options.

(a) Unless prior to the exercise of the Option the shares issuable upon such exercise have been registered with the Securities and Exchange Commission pursuant to the Securities Act, the notice of exercise shall be accompanied by a representation or agreement of the person or estate exercising the Option to the Company to the effect that such shares are being acquired for investment purposes and not with a view to the distribution thereof, and such other documentation as may be required by the Company, unless in the opinion of counsel to the Company such representation, agreement or documentation is not necessary to comply with the Securities Act.

(b) If the Common Stock is listed on any securities exchange, including, without limitation, Nasdaq Global Select Market, the Company shall not be obligated to deliver any Common Stock pursuant to this Plan until it has been listed

on each such exchange. In addition, the Company shall not be obligated to deliver any Common Stock pursuant to this Plan until there has been qualification under or compliance with such federal or state laws, rules or regulations as the Company may deem applicable. The Company shall use reasonable efforts to obtain such listing, qualification and compliance.

14. Restricted Stock Grants.

(a) The Committee may grant Restricted Stock under the Plan to any individual or entity eligible to receive Restricted Stock pursuant to clause (b) of Section 5 hereof.

(b) In addition to any other applicable provisions hereof and except as may otherwise be specifically provided in an Award Agreement, the following restrictions in this Section 14(b) shall apply to grants of Restricted Stock made by the Committee:

(i) No shares granted pursuant to a grant of Restricted Stock may be sold, transferred, pledged, assigned or otherwise alienated or hypothecated until, and only to the extent that, such shares are vested.

(ii) Shares granted pursuant to a grant of Restricted Stock shall vest as determined by the Committee, as provided for in the Award Agreement. The foregoing notwithstanding, unless otherwise provided in the Award Agreement, (A) in the event a Grantee incurs a Termination of Service because of involuntary termination by the Company, or voluntary termination by the Grantee other than Retirement or Permanent Disability, while such Grantee holds Restricted Stock under the Plan, all unvested Restricted Stock held by such Grantee shall forfeit to the Company immediately upon such Termination of Service, or (B) if a Grantee incurs a Termination of Service due to Retirement or Permanent Disability, or if a Grantee dies prior to Termination of Service, while such Grantee holds unvested Restricted Stock under the Plan, such unvested Restricted Stock shall, (I) if it is not performance-based, vest immediately, or (II) if it is performance-based, continue to vest for the period ending upon the earlier of (1) its stated vesting date(s) or (2) the date occurring one year after the date of such Termination of Service or the Grantee's death, as the case may be. All forfeited Restricted Stock shall be returned to the Company.

(c) In determining the vesting requirements with respect to a grant of Restricted Stock, the Committee may impose such restrictions on any shares granted as it may deem advisable, including, without limitation, restrictions relating to length of service, corporate performance, attainment of group Performance Goals, federal or state securities laws, and Rule 162(m) of the Code, and may legend the certificates representing Restricted Stock to give appropriate notice of such restrictions. With regard to a Restricted Stock Award that is intended to comply with Section 162(m) of the Code, to the extent any such provision would create impermissible discretion under Section 162(m) of the Code or otherwise violate Section 162(m) of the Code, such provision shall be of no force or effect. The applicable Performance Goals shall be based on one or more of the performance criteria set forth in Exhibit A hereto. Any such restrictions shall be specifically set forth in the Award Agreement.

(d) Certificates representing shares granted that are subject to restrictions shall be held by the Company or, if the Committee so specifies, deposited with a third-party custodian or trustee until lapse of all restrictions on the shares. After such lapse, certificates for such shares (or the vested percentage of such shares) shall be delivered by the Company to the Grantee; provided, however, that the Company need not issue fractional shares.

(e) During any applicable period of restriction, the Grantee shall be the record owner of the Restricted Stock and shall be entitled to receive all dividends and other distributions paid with respect to such shares while they are so restricted. However, if any such dividends or distributions are paid in shares of Company stock or other property during an applicable period of restriction, the shares and/or other property deliverable shall be held by the Company or third party custodian or trustee and be subject to the same restrictions as the shares with respect to which they were issued. Moreover, the Committee may provide in each grant such other restrictions, terms and conditions as it may deem advisable with respect to the treatment and holding of any stock, cash or property that is received in exchange for Restricted Stock granted pursuant to the Plan.

(f) Each Grantee making an election pursuant to Section 83(b) of the Code shall, upon making such election, promptly provide a copy thereof to the Company.

Restricted Stock Grants.

15. Restricted Stock Units.

(a) The Committee may grant Restricted Stock Units under the Plan to any individual or entity eligible to receive Restricted Stock Units pursuant to clause (b) of Section 5 hereof. A Restricted Stock Unit entitles the Grantee to receive one share of Common Stock, cash equal to the Fair Market Value of a share of Common Stock on the date of vesting, or a combination thereof, with respect to each Restricted Stock Unit that vests in accordance with the terms of the Award Agreement and this Plan. Any fractional Restricted Stock Unit shall be payable in cash. The Committee, in its sole discretion, shall determine the medium of payment.

(b) In addition to any other applicable provisions hereof and except as may otherwise be specifically provided in an Award Agreement, the following restrictions in this Section 15(b) shall apply to grants of Restricted Stock Units made by the Committee:

(i) No shares granted pursuant to a grant of Restricted Stock may be sold, transferred, pledged, assigned or otherwise alienated or hypothecated until, and only to the extent that, such shares are vested.

(ii) Grants of Restricted Stock Units shall vest as determined by the Committee, as provided for in the Award Agreement. The foregoing notwithstanding, unless otherwise provided in the Award Agreement, (A) in the event a Grantee incurs a Termination of Service because of involuntary termination by the Company, or voluntary termination by the Grantee other than Retirement or Permanent Disability, while such Grantee holds Restricted Stock Units under the Plan, all unvested Restricted Stock Units held by such Grantee shall forfeit immediately upon such Termination of Service, or (B) if a Grantee incurs a Termination of Service due to Retirement or Permanent Disability, or if a Grantee dies prior to Termination of Service, while such Grantee holds unvested Restricted Stock Units under the Plan, such unvested Restricted Stock Units shall, (I) if they are not performance-based, vest immediately, or (II) if they are performance-based, continue to vest for the period ending upon the earlier of (1) its stated vesting date(s) or (2) the date occurring one year after the date of such Termination of Service or the Grantee's death, as the case may be. All forfeited Restricted Stock Units shall be returned to the Company.

(c) In determining the vesting requirements with respect to a grant of Restricted Stock, the Committee may impose such restrictions on any shares granted as it may deem advisable including, without limitation, restrictions relating to length of service, corporate performance, attainment of group Performance Goals, federal or state securities laws, and Rule 162(m) of the Code, and may legend the certificates representing Restricted Stock to give appropriate notice of such restrictions. With regard to a Restricted Stock Award that is intended to comply with Section 162(m) of the Code, to the extent any such provision would create impermissible discretion under Section 162(m) of the Code or otherwise violate Section 162(m) of the Code, such provision shall be of no force or effect. The applicable Performance Goals shall be based on one or more of the performance criteria set forth in Exhibit A hereto. Any such restrictions shall be specifically set forth in the Award Agreement. Any such restrictions shall be specifically set forth in the Award Agreement.

(d) The Company shall establish a bookkeeping account in the Grantee's name which reflects the number and type of Restricted Stock Units standing to the credit of the Grantee.

(e) The Company shall credit to the Grantee's bookkeeping account, on each date that the Company pays a cash dividend to holders of Common Stock generally, an additional number of Restricted Stock Units equal to the total number of Restricted Stock Units credited to the Grantee's bookkeeping account on such date, multiplied by the dollar

amount of the per share cash dividend, and divided by the Fair Market Value of a share of Common Stock on such date. Restricted Stock Units attributable to such dividend equivalent rights shall be subject to the same terms and conditions as the Restricted Stock Units to which such dividend equivalent rights relate.

(f) Each Grantee making an election pursuant to Section 83(b) of the Code shall, upon making such election, promptly provide a copy thereof to the Company.

16. Stock Bonus Grants.

(a) The Committee may grant Stock Bonus awards to such persons eligible under the Plan as the Committee may select from time to time. Stock Bonus awards shall be granted at such times, in such amounts and under such other terms and conditions as the Committee shall determine, which terms and conditions shall be evidenced under an Award Agreement, subject to the terms of the Plan. Upon satisfaction of any conditions, limitations and restrictions set forth in the Award Agreement, a Stock Bonus award shall entitle the recipient to receive payment of a bonus described under the Stock Bonus award in the form of shares of Common Stock of the Company. Prior to the date on which a Stock Bonus award is required to be paid under an Award Agreement, the Stock Bonus award shall constitute an unfunded, unsecured promise by the Company to distribute Common Stock in the future.

(b) The Committee may condition the grant or vesting of Stock Bonus Awards upon the attainment of specified Performance Goals set forth on Exhibit A as the Committee may determine, in its sole discretion; provided that to the extent that such Stock Bonus Awards are intended to comply with Section 162(m) of the Code, the Committee shall establish the objective Performance Goals for the vesting of such Stock Bonus Awards based on a performance period applicable to each Grantee or class of Grantees in writing prior to the beginning of the applicable performance period or at such later date as permitted under Section 162(m) of the Code and while the outcome of the Performance Goals are substantially uncertain. Such Performance Goals may incorporate, if and only to the extent permitted under Section 162(m) of the Code, provisions for disregarding (or adjusting for) changes in accounting methods, corporate transactions (including, without limitation, dispositions and acquisitions) and other similar type events or circumstances. To the extent any such provision would create impermissible discretion under Section 162(m) of the Code or otherwise violate Section 162(m) of the Code, such provision shall be of no force or effect. The applicable Performance Goals shall be based on one or more of the performance criteria set forth in Exhibit A hereto.

(c) Shares granted pursuant to a Stock Bonus shall vest as determined by the Committee, as provided for in the Award Agreement. The foregoing notwithstanding, unless otherwise provided in the Award Agreement, (i) in the event a Grantee incurs a Termination of Service because of involuntary termination by the Company, or voluntary termination by the Grantee other than Retirement or Permanent Disability, while such Grantee holds rights to Bonus Shares under the Plan, all unvested rights to Bonus Shares held by such Grantee shall forfeit immediately upon such Termination of Service, or (ii) if a Grantee incurs a Termination of Service due to Retirement or Permanent Disability, or if a Grantee dies prior to Termination of Service, while such Grantee holds unvested rights to Bonus Shares under the Plan, such unvested rights to Bonus Shares shall, (I) if they are not performance-based, vest immediately, or (II) if they are performance-based, continue to vest for the period ending upon the earlier of (1) their stated vesting date(s) or (2) the date occurring one year after the date of such Termination of Service or the Grantee's death, as the case may be.

17. Adjustment Upon Change in Capitalization.

(a) In the event that the outstanding Common Stock is hereafter changed by reason of reorganization, merger, consolidation, recapitalization, reclassification, stock split-up, combination of shares, reverse split, stock dividend or the like, an appropriate adjustment shall be made by the Committee in the aggregate number of shares available under the Plan, in the number of shares and option price per share subject to outstanding Options, in the number of shares issuable pursuant to outstanding Stock Bonus grants, and in any limitation on exerciseability referred to in Section 12(a)(ii) hereof which is set forth in outstanding Incentive Stock Options. If the Company shall be reorganized, consolidated, or merged with another corporation, subject to the provisions of Section 20 or Section 21 hereof, the holder of an Option shall be entitled to receive upon the exercise of his Option, and the Grantee of a Stock Bonus shall be entitled to receive upon satisfaction of any conditions, limitations and restrictions set forth in the Award Agreement with respect to the Stock Bonus, the same number and kind of shares of stock or the same amount of property, cash or

securities as he would have been entitled to receive upon the happening of any such corporate event as if he had been, immediately prior to such event, the holder of the number of shares covered by his Option or subject to the Stock Bonus; provided, however, that, in such event, the Committee shall have the discretionary power to take any action necessary or appropriate to prevent any Incentive Stock Option granted hereunder which is intended to be an “incentive stock option” from being disqualified as such under the then existing provisions of the Code or any law amendatory thereof or supplemental thereto; and provided, further, that in such event the Committee shall have the discretionary power to take any action necessary or appropriate to prevent such adjustment from being deemed or considered as the adoption of a new plan requiring shareholder approval under Section 422 of the Code and the regulations promulgated thereunder.

(b) Any adjustment in the number of shares shall apply proportionately to only the unexercised portion of the Option, or the unissued shares subject to an outstanding Stock Bonus, granted hereunder. If fractions of a share would result from any such adjustment, the adjustment shall be revised to the next lower whole number of shares.

18. Rights of Grantees. The holder of an Option granted under the Plan shall have none of the rights of a stockholder with respect to the Common Stock covered by his Option until such Common Stock shall be transferred to him or her upon the exercise of his Option. The recipient of a Stock Bonus under the Plan shall have none of the rights of a stockholder with respect to the Common Stock covered by the Stock Bonus until the date on which the Grantee is entitled to receive the Common Stock pursuant to the Award Agreement.

19. Restrictions Upon Shares; Right of First Refusal.

(a) The provisions of this Section 19 shall be of no force or effect during such time that the Company is subject to the reporting requirements of the Exchange Act pursuant to Section 13 or 15(d) thereof and shall be subject to the provisions of any and all agreements hereafter entered into to which both the Company and any Grantee are parties that provide for a right of first refusal with respect to the Disposition of Shares.

(b) No Grantee shall, for value or otherwise, sell, assign, transfer or otherwise dispose of all or any part of the shares issued pursuant to the exercise of an Option or received as Restricted Stock, Restricted Stock Units or pursuant to a Stock Bonus (collectively, the "Shares"), or of any beneficial interest therein (collectively a "Disposition"), except as permitted by and in accordance with the provisions of the Plan. The Company shall not recognize as valid or give effect to any Disposition of any Shares or interest therein upon the books of the Company unless and until the Grantee desiring to make such Disposition shall have complied with the provisions of the Plan.

(c) No Grantee shall, without the written consent of the Company, pledge, encumber, create a security interest in or lien on, or in any way attempt to otherwise impose or suffer to exist any lien, attachment, levy, execution or encumbrance on the Shares.

(d) If, at any time, a Grantee desires to make a Disposition of any of the Shares (the "Offered Shares") to any third-party individual or entity pursuant to a bona fide offer (the "Offer"), he shall give written notice of his intention to do so ("Notice of Intent to Sell") to the Company, which notice shall specify the name(s) of the offeror(s) (the "Proposed Offeror(s)"), the price per share offered for the Offered Shares and all other terms and conditions of the proposed transaction. Thereupon, the Company shall have the option to purchase from the Grantee all, but not less than all, the Offered Shares upon the same terms and conditions as set forth in the Offer.

(e) If the Company desires to purchase all of the Offered Shares, it must send a written notice to such effect to the Grantee within 30 days following receipt of the Notice of Intent to Sell.

(f) The closing of any purchase and sale of the Offered Shares shall take place 60 days following receipt by the Company of the Notice of Intent to Sell.

(g) If the Company does not elect to purchase all of the Offered Shares within the period set forth in paragraph (e) hereof, no Shares may be purchased by the Company, and the Grantee shall thereupon be free to dispose of such Shares to the Proposed Offeror(s) strictly in accordance with the terms of the Offer. If the Offered Shares are not disposed of strictly in accordance with the terms of the Offer within a period of 120 days after the Grantee gives a Notice of Intent to Sell, such Shares may not thereafter be sold without compliance with the provisions hereof.

(h) All certificates representing the Shares shall bear on the face or reverse side thereof the following legend:

“The shares represented by this certificate are subject to the provisions of the Aceto Corporation 2010 Equity Participation Plan, a copy of which is on file at the offices of the Company.”

20. Liquidation, Merger or Consolidation. Notwithstanding Section 12(a) hereof, if the Board of Directors approves a plan of complete liquidation or a merger or consolidation (other than a merger or consolidation that would result in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity), at least 50% of the combined voting power of the voting securities of the Company (or such surviving entity) outstanding immediately after such merger or consolidation), the Committee may, in its sole discretion, upon written notice to the holder of an Option, provide that the Option must be exercised within 20 business days following the date of such notice or it will be terminated. In the event such notice is given, the Option shall become immediately exercisable in full.

21. Change in Control.

(a) Subject to subsection (g) below, upon the occurrence of a Change in Control, all Stock Options and Stock Appreciation Rights granted and outstanding under the Plan to a Grantee shall become immediately exercisable in full regardless of any terms of such a Stock Award to the contrary; provided, however, that the extent to which a Stock Option or Stock Appreciation Right is exercisable shall not be increased under this Section if the Grantee incurred a Termination of Service before the Change in Control.

(b) Subject to subsection (g) below, upon the occurrence of a Change in Control, the restrictions described in Section 14(b) shall lapse with respect to all Restricted Stock, other than performance Restricted Stock where lapse of restrictions is based on attaining Performance Goals, which are outstanding on the date of the Change in Control; provided, however, that this Section shall not apply and the provisions of Section 14(b)(ii)(A) shall apply to a Grantee who before the Change in Control incurred a Termination of Service because of a voluntary resignation (other than a Retirement or Permanent Disability), or an involuntary termination by the Company.

(c) Subject to subsection (g) below, upon the occurrence of a Change in Control, the restrictions described in Section 15(b) shall lapse with respect to all Restricted Stock Units, other than Restricted Stock Units where lapse of restrictions is based on attaining Performance Goals which are outstanding on the date of the Change in Control; provided, however, that this Section shall not apply and the provisions of Section 15(b)(ii)(A) shall apply to a participant who before the Change in Control incurred a voluntary Termination of Service (other than a Retirement or Permanent Disability), or an involuntary termination by the Company.

(d) Subject to subsection (g) below, notwithstanding any provision of the Plan to the contrary, in the event of a Change in Control, (i) with respect to Restricted Stock where lapse of restrictions is based on attaining Performance Goals that (A) is held by a Grantee who is an employee, non-employee director or consultant on the day before the Change in Control, and (B) relates to a performance period that ended before the date of the Change in Control, the restrictions described in Section 14(b) shall lapse on the date of such Change in Control based on achievement of Performance Goals during the applicable performance period, and (ii) the Company (or any successor thereto as a result of the Change in Control) shall pay (in cash or unrestricted Common Stock) to each Grantee (or his or her beneficiary) the pro rata portion of the Grantee's Stock with respect to any performance period in which such Change

in Control occurs, such payment to be made on as soon as practicable, but in no event later than the 15th day of the third month following such Change in Control. The pro rata portion shall be calculated on the fractional portion (the numerator of the fraction being the number of days between the first day of the applicable performance period and the date of such Change in Control, and the denominator being the total number of days in the applicable performance period) of the Restricted Stock for which the restrictions described in Section 14(b) would have lapsed had the Change in Control not occurred, and the target level of the Performance Goals been achieved for the applicable performance period.

(e) Subject to subsection (g) below, notwithstanding any provision of the Plan to the contrary, in the event of a Change in Control, (i) with respect to a Restricted Stock Unit where lapse of restrictions is based on attaining Performance Goals that (A) is held by a Grantee who is an employee, non-employee director or consultant on the day before the Change in Control, and (B) relates to a performance period that ended before the date of the Change in Control, the restrictions described in Section 15(b) shall lapse on the date of such Change in Control based on achievement of Performance Goals during the applicable performance period, and (ii) the Company (or any successor thereto as a result of the Change in Control) shall pay (in cash or unrestricted Common Stock) to each Grantee described in subsection (a) (or his or her beneficiary) the pro rata portion of the Grantee's Restricted Stock Units with respect to any performance period in which such Change in Control occurs, such payment to be made on as soon as practicable, but in no event later than the 15th day of the third month following such Change in Control. The pro rata portion shall be calculated on the fractional portion (the numerator of the fraction being the number of days between the first day of the applicable performance period and the date of such Change in Control, and the denominator being the total number of days in the applicable performance period) of the Restricted Stock Unit for which the restrictions described in Section 15(b) would have lapsed had the Change in Control not occurred, and the target level of performance been achieved for the applicable performance period.

(f) Subject to subsection (g) below, notwithstanding any provision of the Plan to the contrary, in the event of a Change in Control, (i) with respect to a Bonus Stock right that (A) is held by a Grantee who is an employee, non-employee director or consultant on the day before the Change in Control, and (B) relates to a performance period that ended before the date of the Change in Control, the restrictions described in Section 16(b) shall lapse on the date of such Change in Control based on achievement of Performance Goals during the applicable performance period, and (ii) the Company (or any successor thereto as a result of the Change in Control) shall pay (in cash or unrestricted Common Stock) to each Grantee described herein (or his or her beneficiary) the pro rata portion of the Grantee's Bonus Stock with respect to any performance period in which such Change in Control occurs, such payment to be made on as soon as practicable, but in no event later than the 15th day of the third month following such Change in Control. The pro rata portion shall be calculated on the fractional portion (the numerator of the fraction being the number of days between the first day of the applicable performance period and the date of such Change in Control, and the denominator being the total number of days in the applicable Performance period) of the Bonus Stock for which the restrictions described in Section 16(b) would have lapsed had the Change in Control not occurred, and the target level of performance been achieved for the applicable performance period.

(g) Notwithstanding the foregoing, unless otherwise provided in an Award Agreements, or if no rights of the Grantee are reduced, thereafter, no acceleration of vesting or lapsing of restrictions shall occur with respect to a Stock Award if the Committee reasonably determines in good faith, prior to the occurrence of the Change in Control, that the Stock Award shall be continued, assumed, have new rights substituted therefor or be treated in accordance with Section 17 hereof.

22. Effectiveness of the Plan. The Plan was adopted by the Board on October 11, 2010 (the "Adoption Date"). The Plan shall be subject to approval on or before October 11, 2011, which is within one year of the Adoption Date, by the affirmative vote of the holders of a majority of the votes of the outstanding shares of capital stock of the Company present in person or represented by proxy at a meeting of stockholders and entitled to vote thereon (or in the case of action by written consent in lieu of a meeting of stockholders, the number of votes required by applicable law to act in lieu of a meeting) ("Stockholder Approval"). In the event such Stockholder Approval is withheld or otherwise not received on or before the latter date, the Plan and, unless otherwise provided in the Award Agreement, all Options, SARs, Restricted Stock, Restricted Stock Units and rights to Bonus Shares, that may have been granted hereunder shall become null and void.

23. Termination, Modification and Amendment.

(a) The Plan (but not Options or SARs previously granted under the Plan) shall terminate on October 11, 2020 (the “Termination Date”), which is within ten years from the Adoption Date, or sooner as hereinafter provided, and no Stock Award shall be granted after termination of the Plan. The foregoing shall not be deemed to limit the vesting period for Options, SARs, Restricted Stock, Restricted Stock Units or Stock Bonuses granted pursuant to the Plan.

(b) The Plan may from time to time be terminated, modified, or amended if Stockholder Approval of the termination, modification or amendment is obtained.

(c) Notwithstanding paragraph (b) hereof, the Board of Directors may at any time, on or before the Termination Date, without Stockholder Approval, terminate the Plan, or from time to time make such modifications or amendments to the Plan as it may deem advisable; provided, however, that the Board of Directors shall not, without Stockholder Approval, (i) increase (except as otherwise provided by Section 17 hereof) the maximum number of shares as to which Incentive Stock Options may be granted hereunder, change the designation of the employees or class of employees eligible to receive Incentive Stock Options, or make any other change which would prevent any Incentive Stock Option granted hereunder which is intended to be an “incentive stock option” from qualifying as such under the then existing provisions of the Code or any law amendatory thereof or supplemental thereto or (ii) make any other modifications or amendments that require Stockholder Approval pursuant to applicable law, regulation or exchange requirements including, without limitation, Section 162(m) of the Code. In the event Stockholder Approval is not received within one year of adoption by the Board of Directors of the change provided for in (i) or (ii) above, then, unless otherwise provided in the Award Agreement (but subject to applicable law), the change and all Stock Awards that may have been granted pursuant thereto shall be null and void.

(d) Notwithstanding the authority and discretion of the Committee, except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding Stock Awards may not be amended to reduce the exercise price of outstanding Options or SARs or cancel outstanding Options or SARs in exchange for cash, other Stock Awards or Options or SARs with an exercise price that is less than the exercise price of the original Options or SARs without stockholder approval.

(e) No termination, modification, or amendment of the Plan may, without the consent of the Grantee to whom any Stock Award shall have been granted, adversely affect the rights conferred by such Stock Award.

24. Not a Contract of Employment. Nothing contained in the Plan or in any Award Agreement executed pursuant hereto shall be deemed to confer upon any individual or entity to whom a Stock Award is or may be granted hereunder any right to remain in the employ or service of the Company or a parent or subsidiary corporation of the Company or any entitlement to any remuneration or other benefit pursuant to any consulting or advisory arrangement.

25. Use of Proceeds. The proceeds from the sale of shares pursuant to Stock Awards granted under the Plan shall constitute general funds of the Company.

26. Indemnification of Board of Directors or Committee. In addition to such other rights of indemnification as they may have, the members of the Board of Directors or the Committee, as the case may be, shall be indemnified by the Company to the extent permitted under applicable law against all costs and expenses reasonably incurred by them in connection with any action, suit, or proceeding to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan or any rights granted thereunder and against all amounts paid by them in settlement thereof or paid by them in satisfaction of a judgment of any such action, suit or proceeding, except a judgment based upon a finding of bad faith. Upon the institution of any such action, suit, or proceeding, the

member or members of the Board of Directors or the Committee, as the case may be, shall notify the Company in writing, giving the Company an opportunity at its own cost to defend the same before such member or members undertake to defend the same on his or their own behalf.

27. Captions. The use of captions in the Plan is for convenience. The captions are not intended to provide substantive rights.

28. Disqualifying Dispositions. If Common Stock acquired upon exercise of an Incentive Stock Option granted under the Plan is disposed of within two years following the date of grant of the Incentive Stock Option or one year following the issuance of the Common Stock to the Grantee, or is otherwise disposed of in a manner that results in the Grantee being required to recognize ordinary income, rather than capital gain, from the disposition (a “Disqualifying Disposition”), the holder of the Common Stock shall, immediately prior to such Disqualifying Disposition, notify the Company in writing of the date and terms of such Disqualifying Disposition and provide such other information regarding the Disqualifying Disposition as the Company may reasonably require.

29. Withholding Taxes.

(a) Whenever under the Plan shares of Common Stock are to be delivered to a Grantee upon exercise of a Nonstatutory Stock Option or to a Grantee of Restricted Stock, Restricted Stock Units or a Stock Bonus, the Company shall be entitled to require as a condition of delivery that the Grantee remit or, at the discretion of the Committee, agree to remit when due, an amount sufficient to satisfy all current or estimated future Federal, state and local income tax withholding requirements, including, without limitation, the employee’s portion of any employment tax requirements relating thereto. At the time of a Disqualifying Disposition, the Grantee shall remit to the Company in cash the amount of any applicable Federal, state and local income tax withholding and the employee’s portion of any employment taxes.

(b) The Committee may, in its discretion, provide any or all holders of Nonstatutory Stock Options or Grantees of Restricted Stock, Restricted Stock Units or a Stock Bonus with the right to use shares of Common Stock in satisfaction of all or part of the withholding taxes to which such holders may become subject in connection with the exercise of their Options or their receipt of Restricted Stock or Stock Bonus. Such right may be provided to any such holder in either or both of the following formats:

(i) The election to have the Company withhold, from the shares of Common Stock otherwise issuable upon the exercise of such Nonstatutory Stock Option, or otherwise deliverable as a result of the vesting of Restricted Stock or Restricted Stock Units, or the satisfaction of the conditions, limitations and restrictions with respect to a Stock Bonus, a portion of those shares with an aggregate Fair Market Value equal to the percentage of the withholding taxes (not to exceed 100%) designated by the holder.

(ii) The election to deliver to the Company, at the time the Nonstatutory Stock Option is exercised or Restricted Stock is granted or vested or the conditions, limitations and restrictions are satisfied for a Stock Bonus, one or more shares of Common Stock previously acquired by such holder (other than in connection with the Option exercise or Restricted Stock, Restricted Stock Unit or Stock Bonus grant triggering the withholding taxes) with an aggregate Fair Market Value equal to the percentage of the withholding taxes (not to exceed 100%) designated by the holder.

30. Other Provisions. Each Stock Award under the Plan may contain such other terms and conditions not inconsistent with the Plan as may be determined by the Committee, in its sole discretion. Notwithstanding the foregoing, each Incentive Stock Option granted under the Plan shall include those terms and conditions which are necessary to qualify the Incentive Stock Option as an “incentive stock option” within the meaning of Section 422 of the Code and the regulations thereunder and shall not include any terms and conditions which are inconsistent therewith.

31. Governing Law. The Plan shall be governed by, and all questions arising hereunder shall be determined in accordance with, the laws of the State of New York, excluding choice of law principles thereof.

32. Section 409A of the Code. Although the Company does not guarantee the particular tax treatment of Stock Award granted under this Plan, Stock Awards made under this Plan are intended to comply with, or be exempt from, the applicable requirements of Section 409A of the Code and this Plan and any Award Agreement hereunder shall be limited, construed and interpreted in accordance with such intent. To the extent that any Award is subject to Section 409A of the Code, it shall be paid in a manner that will comply with Section 409A of the Code, including proposed, temporary or final regulations or any other guidance issued by the Secretary of the Treasury and the Internal Revenue Service with respect thereto. In no event whatsoever shall the Company or any of its affiliates be liable for any additional tax, interest or penalties that may be imposed on a Grantee by Section 409A of the Code or any damages for failing to comply with Section 409A of the Code Section 409A or this Section 32. Notwithstanding anything in the Plan or in a Stock Award to the contrary, the following provisions shall apply to any Stock Award granted under the Plan that constitutes "non-qualified deferred compensation" pursuant to Section 409A of the Code (a "409A Covered Award"):

(a) A termination of employment shall not be deemed to have occurred for purposes of any provision of a 409A Covered Award providing for payment upon or following a termination of the Grantee's employment unless such termination is also a "Separation from Service" within the meaning of Code Section 409A and, for purposes of any such provision of 409A Covered Award, references to a "termination," "termination of employment" or like terms shall mean Separation from Service. Notwithstanding any provision to the contrary in the Plan or the Stock Award, if the Grantee is deemed on the date of the Grantee's Termination of Service to be a "specified employee" within the meaning of that term under Code Section 409A(a)(2)(B) and using the identification methodology selected by the Company from time to time, or if none, the default methodology set forth in Code Section 409A, then with regard to any such payment under a 409A Covered Award, to the extent required to be delayed in compliance with Code Section 409A(a)(2)(B), such payment shall not be made prior to the earlier of (i) the expiration of the six (6)-month period measured from the date of the Grantee's Separation from Service, and (ii) the date of the Grantee's death (the "Delay Period"). All payments delayed pursuant to this Section 32 shall be paid to the Grantee on the first day of the seventh month following the date of the Grantee's Separation from Service or, if earlier, on the date of the Grantee's death.

(b) Whenever a payment under a 409A Covered Award specifies a payment period with reference to a number of days, the actual date of payment within the specified period shall be within the sole discretion of the Company.

(c) If under the 409A Covered Award an amount is to be paid in two or more installments, for purposes of Code Section 409A, each installment shall be treated as a separate payment.

Exhibit A

PERFORMANCE GOALS

Performance Goals for the purposes of the vesting of performance-based Stock Awards shall be based upon one or more of the following business criteria (which may be determined for these purposes by reference to (i) the Company as a whole, (ii) any of the Company's subsidiaries, operating divisions, regional business units or other operating units, or (iii) any combination thereof): profit before taxes, stock price, market share, gross revenue, net revenue, pre-tax income, operating income, cash flow, earnings per share, return on equity, return on invested capital or assets, cost reductions and savings, return on revenues or productivity, or any other business criteria the Committee deems appropriate, which may be modified at the discretion of the Committee to take into account significant nonrecurring items, or event or events either not directly relating to the operations of the Company or not within the reasonable control of the Company's management, or a change in accounting standards required by generally accepted accounting principles, or which may be adjusted to reflect such costs or expense as the Committee deems appropriate.
