Tenaris S.A.
Annual Report
December 2003

The board of directors of Tenaris S.A. submits the annual accounts in accordance with the Luxembourg legal and regulatory requirement for the year 2003.

Results for the period

Tenaris S.A.'s net income for the year ended December 31, 2003 totaled USD 201.5 million, compared to USD 8.9 million for the period December 17, 2001 - the date of incorporation- to December 31, 2002.

During this fiscal year, Tenaris S.A. obtained dividends totaling USD 207.2 million, from its investments in Tubos de Acero de México S.A. de C.V. (Tamsa) USD 53.8 million-, Siderca S.A.I.C. (Siderca) USD 122.9 million- and Invertub S.A. (Invertub) USD 30.5 million-.

The consolidated net sales of Tenaris S.A. and its subsidiaries during 2003 remained substantially at the same level as in 2002 with increases in seamless and energy sales offset by a decrease in welded sales. However, operating income was lower due to the 40% decrease in welded sales and the recording in other operating expenses of a substantial loss in relation to a lawsuit brought against a subsidiary in Italy by a consortium led by BHP Billiton Petroleum Ltd.

Investment activity and capital increase

Subsequent acquisitions of Dalmine, Siderca and Tamsa

As of December 31st, 2003, Tenaris S.A. had investments in affiliated companies totaling USD 2.163.4 million, compared to USD 2,071.4 million at December 31st, 2002.
