Terry Burman, Chief Executive, commented, "  
US same store sales were down 5.5% in the second quarter,  
slowing a little from that of  
the first quarter after  
the  
Valentine's Day  
period

.  
In the  
UK  
same store sales were down  
4.3  
%

, in line with the first quarter.

While the outlook on both sides of the Atlantic

remains uncertain,

the Group will continue to seek to capitalize on market share opportunities with a strong focus on customer service and merchandise initiatives."

**- Impact of constant exchange rates**

Signet

has historically used constant exchange rates to compare period-to-period changes in certain financial data. This is referred to as 'at constant exchange rates' throughout this release.

Signet

considers this to be a useful measure for analyzing and explaining changes and trends in its

z

results. The impact of the re-calculation of sales at constant exchange rates, including a reconciliation to GAAP sales, is shown below.
