## Forward-Looking Statements

This communication contains forward-looking information and statements about MTFG, UFJ and their combined businesses after completion of the management integration. Forward-looking statements are statements that are not historical facts. These statements include financial projections and estimates and their underlying assumptions, statements regarding plans, objectives and expectations with respect to future operations, products and services, and statements regarding future performance. Forward-looking statements are generally identified by the words expect, anticipates, believes, intends, estimates and similar expressions. Although MTFG's and UFJ's management believe that the expectations reflected in such forward-looking statements are reasonable, investors and holders of UFJ securities are cautioned that forward-looking information and statements are subject to various risks and uncertainties, many of which are difficult to predict and generally beyond the control of MTFG and UFJ, that could cause actual results and developments to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. These risks and uncertainties include those discussed or identified in the public filings with the SEC and the local filings made by MTFG and UFJ, including those listed under Cautionary Statement Concerning Forward-Looking Statements and Risk Factors in the prospectus included in the registration statement on Form F-4 that MTFG filed with the U.S. SEC. Other than as required by applicable law, MTFG and UFJ do not undertake any obligation to update or revise any forward-looking information or statements.

**1. Information on MTFG**

MTFG is engaged primarily in the banking business and also conducts trust business, securities business, asset management business and other related financial businesses.

The following is an illustration of the Company's corporate governance structure and major subsidiaries.

## **2. Management Policy**

### **(1) Principal management policy**

MTFG's management philosophy set forth below represents the core set of principles that forms the foundation for our strategies and decision-making process.

#### **Group Management Philosophy**

Founded on the key principles of trust and reliability,

Mitsubishi Tokyo Financial Group

contributes to the prosperity of its customers at home and abroad

and of the communities it serves, and

continuously creates social and economic value,

by providing comprehensive financial services.

### **(2) Basic policy regarding profit distribution**

Given the public nature of a bank holding company, it is the Company's policy to endeavor to maintain stable dividends while improving the Company group's overall strength in order to bolster its financial health and continued sound management.

For the fiscal year ended March 31, 2005, the Company plans to pay year-end dividends of ¥6,000 per share for common stock, ¥41,250 per share for class 1 preferred stock (which, together with the interim dividend, shall result in a total of ¥82,500 per share for the fiscal year ended March 31, 2005) and ¥7,069 per share for class 3 preferred stock (which, dividend will be paid on a pro-rated daily basis for the fiscal year ended March 31, 2005 as class 3 preferred stock was issued on February 17, 2005).

### **(3) Basic policy relating to the possible lowering of the minimum investment amount**

## Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

With regard to the possible lowering of the minimum investment amount of the Company's common stock, the Company does not believe that it needs to make any actions immediately, after taking into account such factors as the stock price, the number of shareholders, liquidity issues and the transaction costs and potential benefits. The Company, however, will continue to consider, as appropriate, the possibility of lowering the minimum investment amount, taking into account the investors' needs and the factors described above.

### (4) Management targets

The company and UFJ Holdings has made and is devoting considerable efforts to prepare for management integration in October 2005, which is subject to the approval of the shareholders and the relevant authorities.

The new group has set the following management targets for the fiscal year ending March 31, 2009:

	<u>Fiscal year ending March 31, 2009</u>
Consolidated net operating profit* <sup>1</sup>	Approximately 2,500 billion yen
Consolidated expense ratio	40-45%
Consolidated net income	Approximately 1,100 billion yen
Consolidated ROE* <sup>2</sup>	Approximately 17%

\*<sup>1</sup> Consolidated net operating profit before consolidation adjustments (management accounting basis, excluding dividend income from subsidiaries.)

\*<sup>2</sup> ROE shall be calculated as follows:

Consolidated net income    Dividends on non-convertible preferred stock

X 100

$$\frac{\{( \text{Consolidated shareholders' equity at the beginning of period} - \text{Number of outstanding shares of non-convertible preferred stock at the beginning of period} \times \text{Issued price} - \text{Land revaluation excess at the beginning of period} - \text{Unrealized gains (losses) on securities available for sale at the beginning of period} \} + \{( \text{Consolidated shareholders' equity at the end of period} - \text{Number of outstanding shares of non-convertible preferred stock at the end of period} \times \text{Issued price} - \text{Land revaluation excess at the end of period} - \text{Unrealized gains (losses) on securities available for sale at the end of period} \}}{2}$$

Underlying macroeconomic assumptions:

	FY2005	FY 2006	FY 2007	FY 2008
3M Tibor (period average)	0.13%	0.29%	0.41%	0.46%
10 year JGB (period average)	1.81%	2.22%	2.29%	2.29%
JPY to 1USD (at FY end)	105 yen	105 yen	105 yen	105 yen
Real GDP growth rate (annual)	1.1%	1.9%	1.0%	1.8%

#### (5) Medium term management strategy

In our First Medium-Term Strategic Plan and Medium-Term Business Plan (2004), starting from fiscal 2004, MTFG set an aspiration of becoming one of the world's top ten financial institutions by market capitalization within three years. We positioned our retail, corporate and trust assets (asset management and administration) businesses as our three core businesses and from April 2004 we introduced an integrated business group system encompassing these three businesses. Based on market specific strategies formulated by the integrated business group headquarters our bank, trust bank and securities subsidiaries execute business.

In order to further its aims and widely deliver comprehensive, high quality financial services, in August 2004 MTFG concluded a basic agreement with regard to management integration with UFJ group. Subsequently, in September 2004, we set a new aspiration of becoming one of the top five global financial institutions by market capitalization by the end of fiscal 2008. The following is an outline of our business strategy to achieve this new aspiration:

##### 1. Pursue an integrated group strategy

By further strengthening and enhancing our integrated business group system we aim to create a framework in which our subsidiaries can more fully and rapidly respond to customers' needs. By combining the capabilities of the Group's commercial banks, trust banks and securities companies we aim to deliver innovative and high quality products and services that meet the diverse needs of customers. Further, by introducing management administration tools such as the balanced score card (BSC) we intend to improve our systems for monitoring our integrated strategy and business execution.

2. Pursue Groupwide efficiency

By steadily progressing management and systems integration in the new group we aim to pursue Groupwide efficiency by rapidly realizing cost reductions and other efficiency benefits, while also seeking to optimize the allocation of Group resources, and the management and procurement of Group funds.

3. Build trust and confidence

Through establishing a transparent and effective corporate governance framework, appropriately disclosing information, and enhancing risk management and control we aim to inspire the trust and confidence of a broad range of stakeholders including customers, shareholders and society at large.

**(6) Issues facing the company**

Subject to the receipt of approval by shareholders and the relevant authorities MTFG will steadily prepare for integration with UFJ group in October 2005. The new group that will be created will pursue a thoroughly customer-focused approach, and aim to win the strong support of customers as a comprehensive financial group and realize its target of joining the global top five.

Under the integrated business group system, through product development strengths backed by strategic global business alliances, the Retail business will aim to provide global standard products and services in Japan and meet customers diverse needs. Specifically, while focusing on investment products, loans, consumer finance, and inheritance and real estate business we will also develop integrated retail sales outlets that combine banking, trust and securities services in a single location.

In the Corporate business based on a full-line business base including banking, trust banking securities, and global business we will provide the highest quality service and deliver innovative products. Specifically, for large corporate customers we will provide timely solutions to their business issues, for medium-sized corporates we will aim to promote IPOs and business-matching services, etc., and for small- to medium-sized corporates we aim to enhance our simple and rapid screening model in order to provide standardized and efficient small scale financing that is advantageous to them.

In the Trust Assets business, in both asset management and asset administration, we will aim to strengthen our product line-up and provide a full-line service, leveraging scale merits to provide an efficient system that can meet all types of customer requirements.

At the same time, the new group, as the world's largest by assets and with its diverse array of subsidiaries, will establish a stable and effective system of corporate governance in order to achieve sound and appropriate management. Specifically, in order to improve transparency and fulfill its duty of accountability more precisely and fully for shareholders, based on a system of a Board of Directors and Board of Corporate Auditors, the new holding company will strengthen oversight of the Group from an outside viewpoint, and introduce a voluntary committee system.

With respect to the governance of the entire group we will establish a group-wide risk management and internal audit systems, strengthen the supervision of our main subsidiaries for example by the dispatch of board members, and create a governance system appropriate to a financial group that aims to join the global top five. Through integration of MTFG with UFJ group we aim to create a premier comprehensive global financial group that can grow corporate value while competing and succeeding on the global stage.

**(7) Corporate governance principles and status of implementation of corporate governance changes**

**<Corporate Governance Principles>**

The Group Management Philosophy is the basic policy for forming management strategies and all activities relating to the business decisions the Company makes. The Company also established the MTFG Code of Ethics which is a set of common values and ethical principles to be shared by the employees of the Company.

In order to realize the principles of the Group Management Philosophy and MTFG Code of Ethics we are working to strengthen our corporate governance.

<MTFG Code of Ethics>

Establishment of Trust

Fully cognizant of the importance of the Group's social responsibilities and public role, we strive to maintain unwavering trust from society through the sound and proper management of our business activities, based on the principle of accountability.

Serving Our Clients First

We recognize that the satisfaction of our clients and their confidence in MTFG form the foundation of the Group's very existence. As such, we endeavor to always provide our clients with the highest quality products and services best suited to their needs.

Sound and Transparent Management

We endeavor to manage our affairs in a sound and transparent manner by maintaining appropriate and balanced relationships with all stakeholders, including clients, shareholders and others, while assuring fair, adequate and timely disclosure of corporate information.

Strict Observance of Laws, Regulations, and Internal Rules

We are committed to strictly observing relevant laws, regulations, and internal rules and to acting with fairness and integrity in conformity with the common values of society at large. As a diversified global financial services group, we also make continuous efforts to operate in ways that reflect internationally accepted standards.

Respect for Human Rights and the Environment

We respect human rights and the environment and seek to co-exist in harmony with society.

Disavowal of Anti-Social Elements

We stand firmly against supporting the activities of any group or individual that unlawfully threatens public order and safety.

**<Status of Implementation of Corporate Governance Changes>**

**i. Corporate governance structures for decision making, administration and supervision**

The Board of Directors of the Company is comprised of eleven directors, two of whom are outside directors. The Board of Directors decides the administration of the affairs of the Company and supervises the execution of duties of the directors.

The Company has a Board of Corporate Auditors pursuant to the Japanese Commercial Code. The Board of Corporate Auditors of the Company is comprised of five corporate auditors, two of whom are from outside the Company. Pursuant to the audit policies and plans adopted by the Board of Corporate Auditors, each corporate auditor oversees the execution of duties by the directors by attending meetings, including meetings of the Board of Directors, and by reviewing the business performance and financial conditions of the Company.

The Corporate Administration Division provides staffing support to all directors and corporate auditors, including the outside directors and outside corporate auditors.

## Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

From the perspective of strengthened corporate governance, in order to clearly separate the functions of the oversight of business and the execution of business, an executive officer system has been introduced. The Heads and Deputy Heads of the integrated business groups and heads of the major business lines are executive officers, and the seven managing officers and thirteen executive officers engage in executing business as decided by the Board of Directors.

Pursuant to the basic policies adopted by the Board of Directors, the Executive Committee comprised of seven members, the Chairman, President, Deputy President, two Senior Managing Directors, and two directors nominated by the President, deliberates on and decides important management affairs of the Company.

The Company has also set up the Compliance Advisory Committee comprised of external lawyers and accountants and in addition has established the Advisory Board comprised of outside experts, and various committees and the Corporate Policy Meeting that serve as advisory bodies to the Executive Committee.

The main committees are as follows:

Management Planning Committee: The Management Planning Committee deliberates on and follows up on overall group policies, capital policies and financial planning. The committee convenes on a quarterly basis.

Internal Audit Committee: (Formerly the Audit & Compliance Committee): The Internal Audit Committee deliberates on important matters relating to internal audits of the Group overall. The committee convenes on a quarterly basis. (From October 2004 a separate Compliance Committee has been established that deliberates on matters related to legal compliance of the Group overall)

Disclosure Committee: The Disclosure Committee deliberates on the accuracy of disclosure and internal disclosure standards. The committee convenes at least four times a year.

Corporate Risk Management Committee: The Corporate Risk Management Committee deliberates on important matters relating to all types of risks across the entire Group. The committee convenes on a quarterly basis.

Credit & Investment Committee: The Credit & Investment Committee deliberates on important aspects of credit risk management across the entire Group. The committee convenes semi-annually.

Personnel Committee: The Personnel Committee deliberates with respect to personnel measures necessary to the management of the integrated business system. The committee convenes as needed.

Asset & Liability Management Committee: The Asset & Liability Management Committee deliberates on important aspects of investment and funding activities across the entire Group. The committee convenes semi-annually.

Operations & Systems Integration Committee: The Operations & Systems Integration Committee deliberates on the integration of Group operations and IT systems. The committee convenes semi-annually.

Credit Committee: The Credit Committee deliberates on important matters relating to the concentration of credit across the entire Group's portfolio. The committee convenes monthly.

Compliance Committee: The Compliance Committee deliberates on matters related to legal compliance of the Group overall. (Formerly the Audit & Compliance Committee deliberated on these matters but its role in this respect has been succeeded by the Compliance Committee as of October 2004).

Corporate Policy Meeting: The Corporate Policy Meeting deliberates and exchanges opinions from a broad perspective on fundamental policy with respect to matters of major importance regarding the integrated management and integrated business of the group. The meeting convenes as needed.

Compliance Advisory Committee: The Compliance Advisory Committee makes compliance related proposals and provides advice to the Board of Directors from an independent standpoint to improve the effectiveness of the Group's compliance activities. The committee convenes on a quarterly basis.

Advisory Board: The Advisory Board advises the Executive Committee on all aspects of management from an independent standpoint. The board convenes semi-annually.

**ii. Status of Internal audit, Board of Auditors audit and Accounting Audit**

In order to assess the validity and effectiveness in achieving the Group's business objectives of the Group's internal controls, these are evaluated and verified by audit departments that are independent of the operating divisions. A supervisory audit department has been established within the Group to which the audit departments report and which provides advice on problems and improvement measures as necessary. The audit department comprises 10 internal audit staff as well as staff from several subsidiary banks' audit offices. In other words, based on the COSO standards and with the aim of establishing a process-checked, risk-based audit system it monitors the planning of the entire Group's internal auditing, receives and assesses verification information from subsidiaries' internal audit departments and performs internal audit of the divisions of MTFG. In addition the Audit Committee is responsible for deliberating on the major items of basic audit policy in respect of the status and execution of internal audit of the entire group and reporting on problems arising from internal audit and their remediation. Of matters deliberated, major items are referred to or reported to the Executive Committee and the Board of Directors.

As noted in (i) Corporate governance structures for decision making, administration and supervision, the Board of Corporate Auditors and the corporate auditors oversee the directors in the execution of their duties. Further, on an approximately monthly basis the Audit Division, full-time Corporate Auditor and accounting auditor hold a meeting to exchange opinions. Also through close links between the Board of Corporate Auditors and accounting auditors, information is shared on audit measures and the results of audits.

An outline of the status of accounting auditing is as follows:

Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

Mr. Yoshio Iguchi, Mr. Kazutoshi Kogure and Mr. Hiroyuki Sonou are Certified Public Accountants in charge of audit service to us and they are Partner of Deloitte Touche Tohmatsu. There are 9 Certified Public Accountants, 6 Junior Certified Public Accountants and 1 personal who assist audit service to us.

The Company's framework of operation and audit and the framework of internal control are as follows:

The Company receives advice from external lawyers and accountants, if needed for the execution of its duties.

**iii. Summary of related party transactions between the company and outside corporate auditors and outside directors**

The outside directors and outside corporate auditors have no personal ties with other directors and corporate auditors, and do not have related party transactions with the Company which are material or that are unusual in their nature or conditions

Ryotaro Kaneko, an outside director, also serves as President of Meiji Yasuda Life Insurance Company, with which the Company has a business relationship. Takuma Otoshi, an outside director, also serves as President of IBM Japan, Ltd., with which the Company has a business relationship.

**iv. Implementation of measures to strengthen the corporate governance structure during the fiscal year 2004**

During the fiscal year 2004, the Board of Directors met 26 times to decide the administration of affairs of the Group, and the Executive Committee met 48 times to deliberate on and decide important management affairs.

The Board of Corporate Auditors met 20 times and decided audit policies and plans. Pursuant to the audit policies and plans, each corporate auditor oversaw the execution of duties by the directors by attending key meetings, including meetings of the Board of Directors, and by reviewing the business performance and financial conditions of the Company. The Management Planning Committee and the Audit & Compliance Committee each met 4 times. The Disclosure Committee met 6 times and Integration Risk Management Committee met 4 times. The Personnel Committee, the Asset & Liability Management Committee and the Operations & Systems Integration Committee each met once. The Credit Committee met 9 times, the Compliance Committee met twice and the Corporate Policy Meeting met 10 times. The Compliance and Advisory Committee met 4 times and provided proposals and advice to the Board of Directors. The Advisory Board met 3 times and provided advice to the Executive Committee.

As we move toward integration with the UFJ group the corporate governance structure of the new group has been reviewed, and in April 2005 the two groups publicly announced a corporate governance system comprising both directors and corporate auditors that is designed to operate stably and effectively and includes the introduction of outsiders viewpoints. Specifically, a majority of the members of the Board of Corporate Auditors will be outside auditors, and a number of outside directors will be appointed such that at least 30% of board members are outsiders. Moreover, as a voluntary measure, we will introduce a system of board committees, the Internal Audit and Compliance Committee, the Remuneration Committee and the Nomination Committee, each of which will be chaired by an outsider and be comprised mainly of outsiders.

With respect to the disclosure of corporate information, from fiscal 2004 we have been producing and distributing to customers and shareholders a quarterly business report. In addition, a 2004 Disclosure Report and 2005 Interim Disclosure Report as well as a 2004 Mini-Disclosure Report and 2005 Interim Mini-Disclosure Report for individual investors and customers was published and information on management integration with UFJ group was disclosed on the website.

### **3. Result of Operations and Financial Condition**

#### **(1) Result of operations**

With respect to the financial and economic environment for the fiscal year ended March 31, 2005, though overseas economies moved toward recovery in the early part of the current period, the economies began slowing down gradually in the latter part of the current period as a result of the rising interest rates in the United States and China, and the rise in crude oil prices.

Similarly, though the Japanese economy moved toward recovery led by exports and capital expenditures in the first part of the current fiscal year, a certain degree of uncertainty prevailed over the Japanese economy from the middle of the current fiscal year and deflation continued.

Regarding the financial environment, in the EU, the European Central Bank's policy rate remained at 2%. In the United States, the target for the federal funds rate was raised from 1% to 2.75%. In Japan, the Bank of Japan continued its current easy monetary policy and kept short-term interest rates at near zero percent. On the other hand, the long-term interest rate rose temporarily before declining again.

Japanese stock prices were relatively stable during the current fiscal year. In the foreign exchange markets, the yen appreciated against the US dollar from the middle of the current fiscal year as concerns rose over the US budget and current account deficits.

Amidst this environment, ordinary profit was ¥593.2 billion, an increase of ¥14.9 billion compared to the previous fiscal year, and net income was ¥338.4 billion, a decrease of ¥222.3 billion compared to the previous fiscal year.

This decrease was primarily due to the following factors.

The first factor was a ¥222.0 billion increase in total credit costs to ¥149.0 billion for the fiscal year ended March 31, 2005, as a result of the decrease in the reversal of allowance for credit losses.

The second factor was a ¥47.6 billion increase in net business profits before credit costs for trust accounts and provision for formula allowance for loan losses, to ¥840.7 billion for the fiscal year ended March 31, 2005. This increase was due to an increase in net fees and commissions.

The third factor was the absence of two special gains that were recorded in the fiscal year ended March 31, 2004, ¥ 41.9 billion in refunded enterprise taxes by the Tokyo Metropolitan Government and special gains of ¥26.5 billion resulting from gains on the transfer of the substitutional portion of future pension obligations.

Ordinary profit by business segment was; ¥436.7 billion for the banking segment, ¥141.5 billion for the trust banking segment and ¥ 9.6 billion for the securities segment. Ordinary profit (loss) by geographic segment was; ¥443.5 billion in Japan, ¥131.5 billion in North America, ¥12.4 billion in Europe and the Middle East, ¥29.1 billion in Asia and Oceania excluding Japan, respectively, and an ordinary loss of ¥6.1 billion in Latin America.

The Company has the following earning projections\* for the fiscal year ending March 31, 2006.

Consolidated ordinary income	Consolidated ordinary profit	Consolidated net income
¥3,850,000 million	¥900,000 million	¥ 400,000 million

\* The aggregate amount of Mitsubishi Tokyo Financial Group's projected interim earnings (from April to September for the fiscal year ending March 31, 2006) and Mitsubishi UFJ Financial Group's projected earnings (from October to March for the fiscal year ending March 31, 2006).

## Notes to Consolidated Financial Statements

Notes related to the Consolidated Balance Sheet as of March 31, 2005 are as follows:

### 1. Basis of Presentation

The accompanying Consolidated Balance Sheet of Mitsubishi Tokyo Financial Group, Inc. ( MTFG ) and its subsidiaries is compiled as required by the Banking Law and in conformity with accounting principles generally accepted in Japan, which are different in certain respects as compared to the application and disclosure requirements of International Accounting Standards. For the convenience of readers, the presentation is modified in certain respects from the original Japanese report. The amounts are presented in millions of yen and are rounded down to the nearest million.

### 2. Trading Assets and Liabilities

Transactions for trading purposes (for purposes of seeking to capture gains arising from short-term changes in interest rates, currency exchange rates or market prices of securities and other market-related indices or from gaps among markets) are included in Trading assets and Trading liabilities on a trade date basis.

Trading assets and Trading liabilities are stated at market value at fiscal year end.

### 3. Investment Securities

Debt securities being held to maturity are stated at amortized cost computed by the moving-average method (straight-line amortization). Other securities (securities available for sale) whose current value can be estimated are stated at market value at fiscal year end (sale cost is calculated by the moving-average method) and other non-marketable securities are stated at cost or amortized cost computed by the moving-average method. Unrealized gains and losses on securities available for sale are included in shareholders' equity, net of income taxes, other than the case that the securities embedding derivatives are measured at fair value in their entirety and the change in the fair value is recognized in current earnings.

### 4. Securities in Money Held in Trust

Securities included in Money held in trust of sole investments mainly for the purpose of securities investments are stated at the same method as described in notes 2. and 3. Unrealized gains and losses on Money held in trust other than trading purpose and being held to maturity are included in shareholders' equity, net of income taxes.

**5. Derivatives**

Derivatives for purposes other than trading are stated at market value in principle.

**6. Premises and Equipment**

Depreciation for buildings and equipment of MTFG and its domestic banking subsidiary and trust banking subsidiary is computed using the declining-balance method.

Principal estimated useful lives are as follows:

Buildings	15 years to 50 years
Equipment and furniture	4 years to 15 years

Depreciation for buildings and equipment of other consolidated subsidiaries is computed principally using the straight-line method based on the estimated useful lives.

## **7. Software**

Costs of computer software developed or obtained for internal use are deferred and amortized using the straight-line method over the estimated useful lives of 5 to 10 years.

## **8. Bond Discount, Bonds Issuance Costs and Stock Issuance Costs**

Bonds discount is amortized over the remaining life of the bond.

In addition, Bonds issuance costs and stock issuance costs are charged to expenses when incurred.

## **9. Translation of Foreign Currency Items**

Foreign currency assets and liabilities and overseas branches' accounts of MTFG's domestic banking subsidiary and trust banking subsidiary are principally translated into yen equivalents at the exchange rates prevailing at fiscal year end, except equity securities of affiliated companies which are translated into yen equivalents at the exchange rates prevailing at the acquisition date for those securities.

Foreign currency assets and liabilities of other consolidated subsidiaries are principally translated into yen equivalents at the exchange rates prevailing at fiscal year end of each company.

## **10. Allowance for Loan Losses**

An allowance for loan losses of MTFG's primary domestic consolidated subsidiaries is provided as detailed below, pursuant to the internal rules for self-assessment of asset quality and the internal rules for providing allowances for credit losses:

For claims to debtors who are legally bankrupt (due to bankruptcy, special liquidation, suspension of transactions with banks by the rules of clearing houses, etc.) or virtually bankrupt, an allowance is provided based on the amount of claims, after the charge-off as stated below, net of amounts expected to be collected through the disposal of collateral or execution of guarantees.

For claims to debtors who are likely to become bankrupt for which future cash flows could not be reasonably estimated, an allowance is provided for the amount considered to be necessary based on an overall solvency assessment performed for the amount of claims, net of amounts expected to be collected through the disposal of collateral or execution of guarantees.

## Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

For claims to debtors who are likely to become bankrupt and to be closely watched for which future cash flows could be reasonably estimated, an allowance is provided for the difference between the present value of expected future cash flows discounted at the contracted interest rate and the carrying value of the claim.

For other claims, an allowance is provided based on historical loan loss experience.

The allowance for loans to specific foreign borrowers is provided based on the amount of expected losses due to the political and economic situation of their respective countries.

All claims are assessed by the branches and credit supervision divisions based on the internal rules for self-assessment of asset quality. The credit examination divisions, which are independent from branches and credit supervision divisions, subsequently conduct audits of their assessments, and an allowance is provided based on audit results.

For collateralized or guaranteed claims to debtors who are legally bankrupt or virtually bankrupt, the amount of claims exceeding the estimated value of collateral or guarantees, which is deemed uncollectible, has been charged-off and the amount was ¥424,707million.

An allowance for loan losses of other consolidated subsidiaries is provided based on historical loan losses experience or estimated collectibility of specific claims.

#### **11. Allowance for Losses on Investment Securities**

An allowance for losses on investment securities is provided based on the estimated losses on non-marketable debt securities.

#### **12. Reserve for Employees Bonuses**

A reserve for employees bonuses is provided for the payment of employees bonuses based on estimated amounts of the future payments attributed to the current fiscal year.

#### **13. Reserve for Employees Retirement Benefits**

A reserve for employees retirement benefits is provided for the payment of employees retirement benefits based on estimated amounts of the actuarial retirement benefit obligation and the related pension assets. Prior service cost is amortized using the straight-line method over 10 years. Net actuarial gain (loss) is amortized using the straight-line method over 10 years commencing from the next fiscal year of incurrence. The unrecognized net retirement benefit obligation at the adoption of new accounting standard is being amortized using the straight-line method over 5 years.

Effective April 1, 2004, the MTFG Group adopted Financial Accounting Standard No. 3, Revision of part Accounting Standards for Retirement Benefit issued by the Business Accounting Council on March 16, 2005 and Financial Accounting Standard Implementation Guidance No. 7, Revision of part Implementation Guidance for Accounting Standard for Retirement Benefit issued by the Accounting Standards Board of Japan, ASBJ on March 16, 2005, because their early adoption in the fiscal year ended March 31, 2005 was permitted.

This influence increases ordinary profit and income before income taxes and others for 4,844 million yen.

#### **14. Equipment Used under Finance Lease Agreements**

Equipment used under finance lease agreements is accounted for as equipment leased under operating leases, except for those leases which transfer ownership of leased equipment to the lessee, in which case the equipment is capitalized.

#### **15. Hedge Accounting for Interest Rate Risks**

With respect to hedge accounting for interest rate risks arising from financial assets and liabilities, MTFG's domestic banking subsidiary and trust banking subsidiary, have principally adopted portfolio hedges or individual hedges prescribed in the Report No. 24 and the Accounting Committee Report No. 14, Practical Guidelines for Accounting for Financial Instruments issued by the JICPA on January 31, 2000. The method of the hedge accounting is the deferral method.

In hedging activities to offset changes in the fair value of fixed rate deposits and loans etc., MTFG's domestic banking subsidiary and trust banking subsidiary distinguish hedged items by grouping the hedged items by their maturities and designate interest rate swap transactions etc. as hedging instruments individually or in accordance with the Industry Audit Committee Report No. 24. In hedging activities offsetting changes in the fair value of fixed rate bonds, they distinguish hedged items by individual bond or identical type of bonds and designate interest rate swap transactions etc. as hedging instruments.

In hedging activities to fix forecasted cash flows on variable rate or short-term fixed rate deposits and loans etc., MTFG's domestic banking subsidiary and trust banking subsidiary distinguish hedged items by grouping the hedged items by their index interest rates and repricing terms and designate interest rate swap transactions etc. as hedging instruments in accordance with the Industry Audit Committee Report No. 24. Since material terms related to the hedged items and hedging instruments are substantially identical, hedge relationship is deemed to be highly effective and the hedge effectiveness testing is substituted. Effectiveness is also tested by correlation of fluctuation factors in interest rates.

Deferred hedge losses and deferred hedge gains recorded on the balance sheet as of March 31, 2003 as a result of the macro hedge accounting are realized as expenses or income over the remaining lives of the hedging instruments (at most 15 years from 2003). Deferred hedge losses and deferred hedge gains attributable to the macro hedge accounting as of March 31, 2005 were ¥109,297 million and ¥139,766 million, respectively.

#### **16. Hedge Accounting for Foreign Exchange Risks**

With respect to hedge accounting for foreign exchange risks attributable to foreign-currency-denominated financial assets and liabilities, MTFG's domestic banking subsidiary and trust banking subsidiary have applied the deferral hedge accounting by distinguishing hedged items by grouping the foreign-currency-denominated financial assets and liabilities by currencies and designating currency swap transactions and forward exchange contracts (funds swap transactions) as hedging instruments, pursuant to the Industry Audit Committee Report No. 25.

They also engage in portfolio hedge to hedge foreign exchange risk attributable to foreign-currency-denominated investments in affiliated companies and foreign-currency-denominated securities available for sale (other than bonds), using foreign-currency-denominated liabilities and forward exchange contracts as hedging instruments. They apply the deferral hedge method to foreign-currency-denominated investments in affiliated companies and the fair value hedge method to foreign-currency-denominated securities available for sale (other than bonds).

#### **17. Intercompany and Intracompany Swap Transactions**

With respect to the intercompany and intracompany derivative transactions, realized gains (losses) or valuation gains (losses) on the interest rate swap transactions and currency swap transactions are reported in current earnings or deferred as assets or liabilities without elimination if mirror transactions with the third parties against these swap transactions designated as hedging instruments are appropriately conducted in conformity with the non-arbitrary and strict hedging policy in accordance with the Industry Audit Committee Report No. 24 and No. 25.

#### **18. Consumption Taxes**

The National Consumption Tax and the Local Consumption Tax are excluded from transaction amounts. The portion of the National Consumption Tax and the Local Consumption Tax, which were paid on the purchase of premises and equipment and which are not deductible as a tax credit, are charged to expenses when incurred.

#### **19. Reserve for Expenses Related to EXPO 2005 Japan**

A reserve for expenses related to EXPO 2005 Japan is provided for the expenses related to the participation in the EXPO 2005 Japan based on the estimated contractual participation expenses allocated over the period. The reserve is provided pursuant to Article 43 of the Commercial Code and includes the allowance provided pursuant to Article 68-52 of the Special Taxation Measures Law.

#### **20. Reserves under Special Laws**

Pursuant to Article 82 of the Financial Futures Transactions Law, a reserve for contingent liabilities from brokering of financial futures transactions of ¥31 million was provided.

Pursuant to Article 51 of the Securities and Exchange Law, a reserve for contingent liabilities from brokering of securities transactions of ¥1,426 million was provided.

## **21. Consolidated Corporate-tax System**

MTFG and certain domestic consolidated subsidiaries adopt consolidated corporate-tax system, with MTFG being a parent company under the system. MTFG's application to suspend the consolidated corporate-tax system from the fiscal year ending March 31, 2006 was approved by the Japanese tax authorities.

## **22. Impairment of Fixed Assets**

Effective April 1, 2003, the MTFG Group adopted Accounting Standards for Impairment of Fixed Assets issued by the Business Accounting Council on August 9, 2002 and Financial Accounting Standard Implementation Guidance No. 6, Implementation Guidance for Accounting Standard for Impairment of Fixed Assets issued by the Accounting Standards Board of Japan, ASBJ on October 31, 2003, because their early adoption in the fiscal year ended March 31, 2004 was permitted.

## **23. Due from Directors of MTFG**

Due from directors of MTFG was ¥87 million.

## **24. Accumulated Depreciation**

Accumulated depreciation on premises and equipment was ¥611,981 million.

## **25. Accumulated Deferred Gains on Sales of Real Estate**

Accumulated deferred gains on sales of real estate of ¥42,676 million were deducted from the acquisition cost of newly acquired premises and equipment.

## **26. Lease Contracts**

Other than premises and equipment which are reported on the consolidated balance sheet, some electronic computers are used by the lease contracts.

## **27. Nonaccrual Loans**

Loans to customers in bankruptcy and past due loans are included in Loans and bills discounted, and the amounts were ¥18,136 million and ¥779,424 million, respectively. The amount of past due loans included loans of ¥581 million entrusted to the Resolution and Collection Corporation, which facilitates the removal of problem loans from balance sheet.

Loans are generally placed on nonaccrual status when substantial doubt is judged to exist as to ultimate collectibility of either principal or interest if they are past due for a certain period or for other reasons. Loans to customers in bankruptcy represent nonaccrual loans, after the

partial charge-off of claims deemed uncollectible, to debtors who are legally bankrupt, which are defined in Article 96, Paragraph 1, Subparagraph 3 and 4 of Enforcement Ordinance for the Corporation Tax Law. Past due loans are nonaccrual loans other than loans to customers in bankruptcy and loans for which interest payments are deferred in order to assist the financial recovery of debtors in financial difficulties.

**28. Accruing Loans Contractually Past Due 3 Months or More**

Accruing loans contractually past due 3 months or more are included in Loans and bills discounted, and the amount was ¥10,412 million. Loans classified as loans to customers in bankruptcy or past due loans are excluded.

**29. Restructured Loans**

Restructured loans are included in Loans and bills discounted, and the amount was ¥427,715 million. Such restructured loans are loans on which concessions (e.g., reduction of the stated interest rate, deferral of interest payment, extension of maturity date, reduction of the face amount or maturity amount of the debt or accrued interest) have been granted to debtors in financial difficulties to assist them in their financial recovery and eventually to be able to repay to creditors. Loans classified as loans to customers in bankruptcy, past due loans or accruing loans contractually past due 3 months or more are excluded.

**30. Nonaccrual Loans, Accruing Loans Contractually Past Due 3 Months or More and Restructured Loans**

Total amount of nonaccrual loans, accruing loans contractually past due 3 months or more and restructured loans was ¥1,235,689 million. The amount of past due loans included loans of ¥581 million entrusted to the Resolution and Collection Corporation, which facilitates the removal of problem loans from balance sheet.

The amounts reflected in Notes 27. to 30. represent the gross receivable amounts prior to reduction for the allowance for loan losses.

**31. Bills Discounted**

Bills discounted are accounted for as secured lending transactions in conformity with the Industry Audit Committee Report No.24. Bills accepted by other banks, commercial bills, bills of exchange, and foreign bills bought discounted by MTFG's domestic banking subsidiary and trust banking subsidiary are permitted to be sold or pledged and the total face value was ¥751,857 million.

**32. Assets Pledged**

Assets pledged as collateral were as follows:

Cash and due from banks	¥	1,675 million
Monetary claims bought	¥	4,398 million
Trading assets	¥	245,293 million
Investment securities	¥	3,683,744 million
Loans and bills discounted	¥	4,379,872 million
Premises and equipment	¥	5,243 million

Liabilities related to the pledged assets were as follows:

Deposits	¥	217,312 million
Call money and bills sold	¥	7,823,636 million
Borrowed money	¥	6,732 million
Bonds	¥	88,661 million
Other liabilities	¥	6,271 million
Acceptances and guarantees	¥	1,672 million

In addition, Cash and due from banks of ¥236,218 million, Monetary claims bought of ¥14 million, Trading assets of ¥858 million, Investment securities of ¥5,761,340 million, Loans and bills discounted of ¥1,179,761 million and Other assets of ¥2,773 million were pledged as collateral for settlement of exchange or derivatives transactions or as valuation margin.

## Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

Commercial paper and other debt purchased of ¥128,790 million, Trading assets of ¥2,252,767 million and Investment securities of ¥2,217,706 million were sold under repurchase agreements or lent under secured lending transactions, and Payables under repurchase agreements of ¥1,989,470 million and Payables under securities lending transactions of ¥2,068,557 million were corresponding.

Bills rediscounted are accounted for secured borrowing transactions in conformity with the Industry Audit Committee Report No.24. The total face value of bills accepted by other banks, commercial bills, and bills of exchange rediscounted by MTFG's domestic banking subsidiary and trust banking subsidiary was ¥5,721 million.

### 33. Land Revaluation Excess

Pursuant to the Law concerning Revaluation of Land, promulgated on March 31, 1998, land used for business operations of domestic subsidiaries has been revalued as of the following dates. Land revaluation excess is included in Shareholders' equity, net of income taxes. The land revaluation excess includes MTFG's ownership percentage of affiliated companies' land revaluation excess.

Date of the revaluation:

Domestic banking subsidiary	March 31, 1998
Domestic trust banking subsidiary	March 31, 2002
Other domestic subsidiaries	December 31, 2001

The method of the revaluation as set forth in Article 3, Paragraph 3 of the Law:

Pursuant to Article 2, Subparagraph 4 of the Enforcement Ordinance for the Law concerning Revaluation of Land, the land price for the revaluation is determined based on the method established and published by the Director General of National Tax Agency in order to calculate the land value for a basis of determining the taxable amount subject to land value tax prescribed by Article 16 of the Land Value Tax Law, reflecting appropriate adjustments for land shape and timing of the assessment and based on real estate appraisal information defined by Article 5 of the Law.

The difference between the total fair value of the land used for business operations which had been revalued pursuant to Article 10 of the Law and the total book value of such land as of March 31, 2005 was ¥95,796 million.

Land used for business operations of a certain affiliated company has been revalued as of March 31, 2002.

### 34. Subordinated Borrowings

Subordinated borrowings of ¥718,273 million were included in Borrowed money.

### 35. Subordinated Bonds

Subordinated bonds of ¥1,768,667 million were included in Bonds and notes.

### **36. Guaranteed Trusts**

Principal amounts of Jointly operated designated money trusts and Loan trusts of MTFG's trust banking subsidiary, for which repayment of the principal to the customers is guaranteed, were ¥947,087 million and ¥843,311 million, respectively.

### **37. Net Assets per Common Share**

Net assets per common share were ¥673,512.65.

### **38. Write Down of Investment Securities**

Marketable securities other than trading securities are written down when a decline in the market value below the cost of the securities is substantial and the valuation differences are recognized as losses, based upon the judgment that the decline in market value is other than temporary at the current fiscal year-end. A substantial decline in the market value is recognized based on the classification of issuers as follows, pursuant to the internal rules for self-assessment of asset quality:

Issuers who are legally bankrupt, virtually bankrupt or likely to become bankrupt: Market value is lower than cost

Issuers who are to be closely watched: Market value is 30% or more lower than cost

Other issuers: Market value is 50% or more lower than cost

**39. Market Value of Securities**

Market value and valuation differences of securities were as follows. Securities below include trading securities, trading commercial paper and trading short-term corporate bonds classified as Trading assets, negotiable certificates of deposits classified as Cash and due from banks and investments in commodity investment trusts classified as Commercial paper and other debt purchased. The same definition is applied in Notes 39. to 42.

## Notes:

1. Amounts are rounded down to the nearest million yen.
2. Other primarily includes credit card and leasing businesses.
3. In the previous fiscal year, MTFG's domestic banking subsidiary and trust banking subsidiary adopted the transitional treatments prescribed in the Industry Audit Committee Report No. 25, "Treatment of Accounting and Auditing Concerning Accounting for Foreign Currency Transactions in the Banking Industry" issued by the Japanese Institute of Certified Public Accountants (the JICPA) on July 29, 2002. According to the transitional treatments, currency swap transactions and fund swap transactions for the purpose of funds borrowing/lending in different currencies were accounted for on an accrual basis as financing transactions in accordance with the Industry Audit Committee Report No. 20, "Temporary Treatment of Accounting and Auditing Concerning Accounting for Foreign Currency Transactions in the Banking Industry" issued by the JICPA on November 14, 2000. In the current fiscal year, such swap transactions are stated at market value as derivative transactions and net assets or liabilities are recorded on the balance sheet in accordance with the standard treatments of the Industry Audit Committee Report No. 25.

As a result, assets increased by 62,207 million yen, and its effect in the Banking segment and the Trust Banking segment was 59,734 million yen and 2,473 million yen, respectively.

In the previous fiscal year, the translation adjustments of forward exchange transactions and other relevant transactions in MTFG's domestic banking subsidiary were reported as other in "Other assets" or other in "Other liabilities" on a net basis by applying the transitional treatments prescribed in the Industry Audit Committee Report No. 25. In the current fiscal year, they are reported as trading derivative financial instruments in "Trading assets" and "Trading liabilities" or as derivative financial instruments in "Other assets" and "Other liabilities" on a gross basis in accordance with the standard treatments of the Report No. 25. The translation adjustments of forward exchange transactions and other relevant transactions in MTFG's domestic trust banking subsidiary were reported as other in "Other assets" or other in "Other liabilities". In the current fiscal year, they are reported as trading derivative financial instruments in "Trading assets" and "Trading liabilities" or as derivative financial instruments in "Other assets" and "Other liabilities". As a result, assets increased by 467,635 million yen, and its effect in the Banking segment and the Trust Banking segment was 466,600 million yen and 1,034 million yen, respectively.

4. The derivatives, which were embedded in hybrid financial instruments and not required to be accounted separately from the host contracts, had been accounted for on an accrual basis together with the host contracts. Since the beginning of the current fiscal year, such embedded derivatives have been measured at market value and their valuation gains (losses) have been reported in current earnings if they are managed separately from the host contracts.

## Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

Such hybrid financial instruments had been risk adjusted items in the macro hedge accounting. Since the beginning of the current fiscal year, MTFG's domestic banking subsidiary and trust banking subsidiary have adopted the standard treatments of the Industry Audit Committee Report No. 24 and, therefore, valuation gains (losses) on the derivatives which used to be risk adjusting instruments in the macro hedge accounting are reported in current earnings. In response to this change, they changed the accounting for the embedded derivatives, which had been accounted together with the host contracts, and measured them at market value and reported their valuation gains (losses) in current earnings if they are managed separately from the host contracts. As a result, ordinary profit increased by 10,435 million yen, and its effect in the Banking segment and the Trust Banking segment was 8,885 million yen and 1,550 million yen, respectively.

5. In the current fiscal year, a part of derivative business for trading purpose of MTFG's domestic banking subsidiary is transplanted to Mitsubishi Securities Co., Ltd.. Therefore, ordinary profit and expenses for Securities includes that for the transplanted business.

This financial summary report and the accompanying financial highlights contain forward-looking statements and other forward-looking information relating to the company and/or the group as a whole (the forward-looking statements ). The forward-looking statements are not historical facts and include, reflect or are otherwise based upon, among other things, the company s current estimations, projections, views, policies, business strategies, targets, expectations, assumptions and evaluations with respect to general economic conditions, its results of operations, its financial condition, its management in general and other future events. Accordingly, they are inherently susceptible to uncertainties, risks and changes in circumstances and are not guarantees of future performance.

Some forward-looking statements represent targets that the company s management will strive to achieve through the successful implementation of the company s business strategies. The company may not be successful in implementing its business strategy, and actual results may differ materially, for a wide range of possible reasons. In particular, the targets of the combined entity reflect assumptions about the successful implementation of the integration plan. Other forward-looking statements reflect the assumptions and estimations upon which the calculation of deferred tax assets has been based and are themselves subject to the full range of uncertainties, risks and changes in circumstances outlined above.

In light of the many risks, uncertainties and possible changes, you are advised not to put undue reliance on the forward-looking statements. The company is under no obligation and expressly disclaims any obligation to update or alter the forward-looking statements, except as may be required by any applicable laws and regulations or stock exchange rules.

For detailed information relating to uncertainties, risks and changes regarding the forward-looking statements, please see the company s latest annual report, the registration statement on Form F-4 that MTFG filed with the U.S. SEC and other disclosures.

## Forward-Looking Statements

This communication contains forward-looking information and statements about MTFG, UFJ and their combined businesses after completion of the management integration. Forward-looking statements are statements that are not historical facts. These statements include financial projections and estimates and their underlying assumptions, statements regarding plans, objectives and expectations with respect to future operations, products and services, and statements regarding future performance. Forward-looking statements are generally identified by the words expect, anticipates, believes, intends, estimates and similar expressions. Although MTFG's and UFJ's management believe that the expectations reflected in such forward-looking statements are reasonable, investors and holders of UFJ securities are cautioned that forward-looking information and statements are subject to various risks and uncertainties, many of which are difficult to predict and generally beyond the control of MTFG and UFJ, that could cause actual results and developments to differ materially from those expressed in, or implied or projected by, the forward-looking information and statements. These risks and uncertainties include those discussed or identified in the public filings with the SEC and the local filings made by MTFG and UFJ, including those listed under Cautionary Statement Concerning Forward-Looking Statements and Risk Factors in the prospectus included in the registration statement on Form F-4 that MTFG filed with the U.S. SEC. Other than as required by applicable law, MTFG and UFJ do not undertake any obligation to update or revise any forward-looking information or statements.

## Notes to Non-Consolidated Financial Statements

The accompanying Non-Consolidated Financial Statements are compiled as required by the Securities and Exchange Law of Japan and in conformity with accounting principles generally accepted in Japan, which are different in certain respects as compared to the application and disclosure requirements of International Accounting Standards. For the convenience of readers, the presentation is modified in certain respects from the original Japanese report. The amounts are presented in millions of yen and are rounded down to the nearest million.

### Significant accounting policies

#### 1. Investments

Investments in subsidiaries, affiliates and securities not stated at market value are stated at cost determined by the moving-average method.

#### 2. Depreciation for fixed assets

Depreciation for premises and equipment is computed using the declining-balance method based on the following estimated useful lives. The range of estimated useful lives is principally as follows:

Leasehold improvements	10 years to 50 years
Equipment and furniture	4 years to 15 years

Amortization for intangible assets is computed by the straight-line method over estimated useful lives. Costs of computer software developed or obtained for internal use are deferred and amortized using the straight-line method over an estimated useful life of 5 years.

#### 3. Deferred charges

Organization costs are deferred and amortized using the straight-line method over 5 years pursuant to the Commercial Code of Japan. Bonds and stock issuance costs are charged to expenses when incurred.

#### 4. Reserve

A reserve for employees' bonuses is provided for the payment of employees' bonuses based on estimated amounts of the future payments attributed to the current fiscal year.

#### 5. Consumption Taxes

## Edgar Filing: MITSUBISHI TOKYO FINANCIAL GROUP INC - Form 6-K

National Consumption Taxes and Local Consumption Taxes are excluded from transaction amounts.

## (5) Comparison with Past Fiscal Years

## (6) Classification Based on Prior Year Operating Results as Provided in the JICPA Audit Committee Report No. 66

Although we recorded taxable income for the fiscal year ended March 31, 2005, we are classified as 4 described above since we have material net operating loss carryforwards. However, since we believe the net operating loss carryforwards are attributable to extraordinary factors such as changes in laws and regulations, we apply the exception to classification 4. (Five years future taxable income is estimable.)

## (7) Extraordinary Factors Such as Changes in Laws and Regulations

Our net operating loss carryforwards were incurred due to, among other things, the followings: (i) we accelerated the final disposal of nonperforming loans in response to both the Emerging Economic Package, which provided guidance to major banks to remove from their balance sheets claims to debtors classified as likely to become bankrupt or below, and the Program for Financial Revival, which urged major banks to reduce the ratio of disclosed claims to total claims by about half; and (ii) we reduced our holdings of strategic equity investments under the Law Concerning Restriction, etc. of Banks Shareholdings etc.

## (4) Classification Based on Prior Year Operating Results as Provided in the JICPA Audit Committee Report No.66

Although we recorded taxable income for the year ended March 31, 2005, we are classified as "4" described above since we have material net operating loss carryforwards. However since we believe the net operating loss carryforwards are attributable to extraordinary factors such as changes in laws and regulations, we apply the exception to classification 4. (Five years' future taxable income is estimable.)

[Extraordinary Factors Such as Changes in Laws and Regulations]

Our net operating loss carryforwards were incurred due to, among other things, the followings : (i) we accelerated the final disposal of nonperforming loans in response to both the Emerging Economic Package , which provided guidance to major banks to remove from their balance sheets claims to debtors classified as likely to become bankrupt or below, and the Program for Financial Revival , which urged major banks to reduce the ratio of disclosed claims to total claims by about half; and (ii) we reduced our holdings of strategic equity investments under the Law Concerning Restriction, etc. of Banks' Shareholdings etc .

## (5) Realizability of Deferred Tax Assets at March 31, 2005 (Assumptions)

## (4) Classification Based on Prior Year Operating Results as Provided in the JICPA Audit Committee Report No.66

Although we recorded taxable income for the year ended March 31, 2005, we are classified as 4 described above since we have

material net operating loss carryforwards. However since we believe the net operating loss carryforwards are attributable to extraordinary factors such as changes in laws and regulations, we apply the exception to classification 4. (Five years future taxable income is estimable.)

[Extraordinary Factors Such as Changes in Laws and Regulations]

Our net operating loss carryforwards were incurred due to, among other things, the followings : (i) we accelerated the final disposal

of nonperforming loans in response to both the Emerging Economic Package , which provided guidance to major banks to remove

from their balance sheets claims to debtors classified as likely to become bankrupt or below, and the Program for Financial Revival , which urged major banks to reduce the ratio of disclosed claims to total claims by about half; and (ii) we reduced our holdings of strategic equity investments under the Law Concerning Restriction, etc. of Banks Shareholdings etc .
