Item 1.01. Entry into a Material Definitive Agreement

On November 22, 2005, the Company entered into a new 3-year \$100 million senior unsecured credit agreement (the "Credit Agreement"), by and among Seagate Technology, as guarantor, Seagate Technology HDD Holdings, as borrower, the Lenders Party thereto, JPMorgan Chase Bank, N.A., as administrative agent, J.P. Morgan Securities, Inc., as sole bookrunner and joint lead arranger, The Bank of Nova Scotia, as syndication agent and joint lead arranger, and Bank of America, BNP Paribas and KeyBank National Association, as co-documentation agents.

The Credit Agreement provides for cash borrowings and issuances of letters of credit and bank guarantees under the revolving line of credit up to \$100 million. The Credit Agreement also allows for an increased amount of flexibility with regard to payment of quarterly dividends, stock repurchases, limitations on debt and limitations on acquisitions and strategic investments. In lieu of a fixed charge coverage ratio, the Company must comply with a minimum liquidity amount.

Item 1.02. Termination of a Material Definitive Agreement

On November 22, 2005, simultaneous with entering into the new credit agreement described above, the Company terminated its 5-year \$150 million senior secured credit agreement dated May 13, 2002, by and among Seagate Technology Holdings, Seagate Technology HDD Holdings, Seagate Technology (US) Holdings, Inc., the Lenders party thereto and JPMorgan Chase Bank, and filed May 16, 2002 with the SEC as Exhibit 10.1 to the Company's registration statement on Form S-4 (as amended on December 5, 2002, and filed with the SEC as Exhibit 10.20 to the Company's amended registration statement on Form S-4, and as further amended on January 28, 2004, and filed with the SEC as Exhibit 10.22 to the Company's quarterly report on Form 10-Q for the quarter ended January 2, 2004.)

Item 7.01. Regulation FD Disclosure

As a result of its entry into a new credit agreement as discussed above and the termination of its old credit agreement, the Company will now have the ability to effect the repurchase of up to \$400 million of its common shares, which authority was previously granted by the Company's board of directors. The Company anticipates that the share repurchase will be implemented using a variety of methods, which may include open market purchases, block trades, accelerated share repurchase transactions and other means, or by any combination of such methods. The number of shares to be repurchased and the timing of any repurchases will depend on factors such as the stock price, economic and market conditions and corporate and regulatory requirements. The stock repurchase program, once commenced, may be suspended or discontinued at any time without prior notice.
