**PROXY STATEMENT**

---

**INTRODUCTION**

The Board of Directors of First PacTrust Bancorp, Inc. is using this proxy statement to solicit proxies from the holders of the Company's common stock for use at the upcoming Annual Meeting of Shareholders. The meeting will be held on Wednesday, April 19, 2006 at 9:00 a.m., local time, at the Bonita Golf Club, located at 5540 Sweetwater Road, Bonita, California. At the meeting, shareholders will be asked to vote on one proposal: the election of two directors of the Company, each to serve for a term of three years. This proposal is described in more detail below. Shareholders also will consider any other matters that may properly come before the meeting, although the Board of Directors knows of no other business to be presented. Some of the information in this proxy statement relates to Pacific Trust Bank, a wholly owned subsidiary of the Company. Pacific Trust Bank may be referred to from time to time in this proxy statement as the Bank.

By submitting your proxy, you authorize the Company's Board of Directors to represent you and vote your shares at the meeting in accordance with your instructions. The Board also may vote your shares to adjourn the meeting from time to time and will be authorized to vote your shares at any adjournments or postponements of the meeting.

The Company's Annual Report to Shareholders for the fiscal year ended December 31, 2005, which includes the Company's audited financial statements, is enclosed. Although the Annual Report is being mailed to shareholders with this proxy statement, it does not constitute a part of the proxy solicitation materials and is not incorporated into this proxy statement by reference.

This proxy statement and the accompanying materials are being mailed to shareholders on or about March 20, 2006.

**Your vote is important. Whether or not you plan to attend the meeting, please submit your proxy promptly in the enclosed envelope.**

**INFORMATION ABOUT THE ANNUAL MEETING**

**What is the purpose of the annual meeting?**

At the annual meeting, shareholders will be asked to vote on the following proposal:

Proposal 1. Election of two directors of the Company, each for a term of three years.

The shareholders also will act on any other business that may properly come before the meeting. Members of our management team will be present at the meeting to respond to your questions.

**Who is entitled to vote?**

The record date for the meeting is March 10, 2006. Only shareholders of record at the close of business on that date are entitled to notice of and to vote at the meeting. The only class of stock entitled to be voted at the meeting is the Company's common stock. Each outstanding share of common stock is entitled to one vote on each matter presented at the meeting. At the close of business on the record date, there were 4,409,662 shares of common stock outstanding.

## **Table of Contents**

### **What if my shares are held in street name by a broker?**

If your shares are held in street name by a broker, your broker is required to vote your shares in accordance with your instructions. If you do not give instructions to your broker, your broker will nevertheless be entitled to vote your shares with respect to discretionary items, but will not be permitted to vote your shares with respect to non-discretionary items. In the case of non-discretionary items, your shares will be treated as broker non-votes. Whether an item is discretionary is determined by the exchange rules governing your broker. Each of the proposals described in this proxy statement is considered a discretionary item under the Nasdaq Stock Market rules.

### **What if my shares are held in the Company's Employee Stock Ownership Plan?**

If you are a participant in the Company's Employee Stock Ownership Plan, the plan trustee is required to vote the shares allocated to your account under the plan in accordance with your instructions. If you do not instruct the trustee how to vote your allocated shares, the trustee may vote your allocated shares in its sole discretion. The trustee must vote the unallocated shares in the same proportion as it is instructed to vote the allocated shares. For example, if on a particular proposal the trustee was instructed to vote 60% of the allocated shares FOR, 35% of the allocated shares AGAINST and 5% of the allocated shares ABSTAIN, the trustee would vote 60% of the unallocated shares FOR, 35% of the unallocated shares AGAINST and 5% of the unallocated shares ABSTAIN.

### **How many shares must be present to hold the meeting?**

A quorum must be present at the meeting for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of at least one-third of the shares of common stock outstanding on the record date will constitute a quorum. Proxies received but marked as abstentions or broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

### **What if a quorum is not present at the meeting?**

If a quorum is not present at the scheduled time of the meeting, the shareholders who are represented may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken. An adjournment will have no effect on the business that may be conducted at the meeting.

### **How do I vote?**

1. **YOU MAY VOTE BY MAIL.** If you properly complete and sign the accompanying proxy card and return it in the enclosed envelope, it will be voted in accordance with your instructions.

2. ***YOU MAY VOTE IN PERSON AT THE MEETING.*** If you plan to attend the annual meeting and wish to vote in person, we will give you a ballot at the annual meeting. Note, however, that if your shares are held in the name of your broker, bank or other nominee, you will need to obtain a proxy from the holder of your shares indicating that you were the beneficial owner of those shares on March 10, 2006, the record date for voting at the meeting. You are encouraged to vote by proxy prior to the meeting even if you plan to attend the meeting.

**Can I change my vote after I submit my proxy?**

Yes, you may revoke your proxy and change your vote at any time before the polls close at the meeting by:

signing another proxy with a later date;

giving written notice of the revocation of your proxy to the Company's Secretary prior to the annual meeting; or

## **Table of Contents**

voting in person at the annual meeting. Your proxy will not be automatically revoked by your mere attendance at the meeting; you must actually vote at the meeting to revoke a prior proxy.

### **How does the Board of Directors recommend I vote on the proposals?**

Your Board of Directors recommends that you vote:

FOR the election of the two director nominees to the Board of Directors.

### **What if I do not specify how my shares are to be voted?**

If you submit an executed proxy but do not indicate any voting instructions, your shares will be voted:

FOR the election of the two director nominees to the Board of Directors.

### **Will any other business be conducted at the meeting?**

The Board of Directors knows of no other business that will be presented at the meeting. If, however, any other proposal properly comes before the shareholders for a vote at the meeting, the Board of Directors, as holder of your proxy, will vote your shares in accordance with its best judgment.

### **How many votes are required to elect the director nominees?**

The affirmative vote of a plurality of the votes cast at the meeting is required to elect the nominees as directors. This means that the two director nominees will be elected if they receive more affirmative votes than any other persons nominated for election. No persons have been nominated for election other than the two nominees named in this proxy statement. If you vote **Withheld** with respect to the election of one or more nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for purposes of determining whether there is a quorum.

### **What happens if a nominee is unable to stand for election?**

If a nominee is unable to stand for election, the Board of Directors may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the Board of Directors, as holder of your proxy, will vote your shares for the substitute nominee unless you have withheld authority to vote for the nominee replaced.

**How will abstentions be treated?**

If you abstain from voting, your shares will still be included for purposes of determining whether a quorum is present. Because directors will be elected by a plurality of the votes cast, abstaining is not offered as a voting option for Proposal 1.

**How will broker non-votes be treated?**

Shares treated as broker non-votes on one or more proposals will be included for purposes of calculating the presence of a quorum but will not be counted as votes cast. Consequently, broker non-votes will have no effect on Proposal 1. If, as expected, Proposal 1 is considered a discretionary item, there will be no broker non-votes on this proposal.

**STOCK OWNERSHIP**

**Stock Ownership of Significant Shareholders, Directors and Executive Officers**

The following table shows, as of March 10, 2006, the beneficial ownership of the Company's common stock by:

any persons or entities known by management to beneficially own more than five percent of the outstanding shares of Company common stock;

each director and director nominee of the Company;

each executive officer of the Company and the Bank named in the Summary Compensation Table appearing below; and

all of the executive officers and directors of the Company and the Bank as a group.

The address of each of the beneficial owners, except where otherwise indicated, is the same address as the Company's. An asterisk (\*) in the table indicates that an individual beneficially owns less than one percent of the outstanding common stock of the Company. As of March 10, 2006, there were 4,409,662 shares of Company common stock issued and outstanding.

Beneficial ownership is determined in accordance with the rules of the SEC. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock subject to outstanding options held by that person that are currently exercisable or exercisable within 60 days after March 10, 2006 are deemed outstanding. Such shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of any other person.

The Board of Directors of the Company has standing Executive, Audit, Compensation and Nominating Committees. The Board of Directors has adopted written charters for the Audit Committee and the Nominating Committee. (i) determining compensation to be paid to its officers and employees, which are based on the recommendation of President Ganz, except that compensation paid to executive officers is determined based on the recommendation of a majority of the independent directors. President Ganz is not present during voting or deliberations concerning his compensation;

(ii) overseeing the administration of the employee benefit plans covering employees generally, and

(iii) reviewing the compensation policies.

The Nominating Committee is composed of Directors Scholz, Burke and Whitacre. The committee is primarily responsible for selecting nominees for election to the board. The Nominating Committee generally meets once per year to make nominations. The Nominating Committee will consider nominees recommended by shareholders in accordance with the procedures in the Company's bylaws, but the Nominating Committee has not actively solicited such nominations.

The Nominating Committee has the following responsibilities:

(i) recommend to the Board the appropriate size of the Board and assist in identifying, interviewing and recruiting candidates for the Board;

(ii) recommend candidates (including incumbents) for election and appointment to the Board of Directors, subject to the provisions set forth in the Company's certificate of incorporation and bylaws relating to the nomination or appointment of directors, based on the following criteria: business experience, education, integrity and reputation, independence, conflicts of interest, diversity, age, number of other directorships and commitments (including charitable obligations), tenure on the Board, attendance at Board and committee meetings, stock ownership, specialized knowledge (such as an understanding of banking, accounting, marketing, finance, regulation and public policy) and a commitment to the Company's communities and shared values, as well as overall experience in the context of the needs of the Board as a whole;

(iii) review nominations submitted by shareholders, which have been addressed to the Corporate Secretary, and which comply with the requirements of the Company's articles of incorporation and bylaws. Nominations from shareholders will be considered and evaluated using the same criteria as all other nominations;

(iv) annually recommend to the Board committee assignments and committee chairs on all committees of the Board, and recommend committee members to fill vacancies on committees as necessary, and

(v) perform any other duties or responsibilities expressly delegated to the Committee by the Board.

Nominations, other than those made by the Nominating Committee, must be made pursuant to timely notice in writing to the Corporate Secretary as set forth in Article I, Section 1 of the Company's bylaws. In general, to be timely, a shareholder's notice must be received by the Company not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting; however, if less than 100 days' notice of the date of the scheduled annual meeting is given by the Company, the shareholder has until the close of business on the tenth day following the day on which notice of the date of the scheduled annual meeting was made. The shareholder's notice must include the information set forth in Article I, Section 1 of the Company's bylaws, which includes the following:

(i) as to each person whom a shareholder proposes to nominate for election as a director:

all information relating to the proposed nominee that is required to be disclosed in the solicitation of proxies for election as directors or is otherwise required pursuant to Regulation 14A under the Securities Exchange Act of 1934.

**Table of Contents**

(ii) as to the shareholder giving the notice:

name and address of the shareholder as they appear on the Company's books;

number of shares of the Company's common stock beneficially owned by the shareholder.

The foregoing description is a summary of the Company's nominating process. Any shareholder wishing to propose a director candidate to the Company should review and must comply in full with the procedures set forth in the Company's charter and bylaws, and Maryland law.

As stated above, during fiscal 2005 the Nominating Committee met once with respect to selection of director nominees.

**Directors Compensation**

Members of Pacific Trust Bank's board of directors receive an annual retainer fee of \$2,000, and a fee of \$600 for each Bank board meeting attended. In addition, the Chairman of the Board receives an additional \$300 per Bank board meeting attended and each director receives \$200 per Bank committee meeting attended. Attendance by telephone is compensated at one-third the rate for directors attending in person. Directors are not paid a fee for service on the Company's board.

**Table of Contents****Option Grants in Last Fiscal Year and Fiscal Year End Option Values**

The following table sets forth information regarding grants of stock options under our 2003 Stock Option and Incentive Plan made during fiscal year 2005 to the named executive officers. The amounts shown for each named executive officer as potential realizable values are based on arbitrarily assumed annualized rates of stock price appreciation of five percent and ten percent over the full ten-year term of the options, which would result in stock prices of approximately \$42.08 and \$67.60 respectively, for options with an exercise price of \$26.45. No gain to the named executive officers is possible without an increase in stock price, which benefits all stockholders proportionately. These potential realizable values are based solely on arbitrarily assumed rates of appreciation required by applicable regulations. Actual gains, if any, on option exercise and common stock holdings depend upon the future performance of the Company's common stock and overall stock market conditions. There can be no assurance that the potential realizable values shown in this table will be achieved.

Each of the named executive officers received an award of non-qualified stock options, which expire 10 years from the date of grant. All options awarded have an exercise price equal to the fair market value of the Company's common stock on the date of grant and vest 20% annually over a five year period.

**Table of Contents****Option Exercise Table**

The following table sets forth the number and value of unexercised stock options held by the named executive officers. The value of an unexercised, in-the-money option at fiscal year-end is the difference between its exercise or base price and the fair market value of the underlying stock on December 30, 2005, the last trading day in fiscal 2005. On that date, the price was \$27.214 per share, based on the closing price of the Company's common stock as reported on the Nasdaq Stock Market. These values, unlike the amounts set forth in the column "Value Realized," have not been, and may never be, realized. Actual gains, if any, on exercise will depend on the value of First PacTrust Bancorp common stock on the date of exercise. No stock options were exercised by the named executive officers during the fiscal year ended December 31, 2005. The Company does not have any outstanding stock appreciation rights.

**Benefits**

**Pacific Trust Bank Deferred Compensation Plan.** Pacific Trust Bank also maintains an executive deferral program for the benefit of certain senior executives that have been designated to participate in the program. The program allows an additional opportunity for key executives to defer a portion of their income into a non-qualified deferral program to supplement their retirement earnings. No executive officers had income deferred pursuant to this program during 2005.

**401(k) Employee Stock Ownership Plan.** First PacTrust Bancorp has a 401(k) plan which includes an employee stock ownership plan component for employees of First PacTrust Bancorp and Pacific Trust Bank. Employees of First PacTrust Bancorp and Pacific Trust Bank who have been credited with at least 1,000 hours of service during a twelve month period are eligible to participate in the KSOP.

As part of the conversion, the KSOP borrowed funds from First PacTrust Bancorp. The KSOP used these funds to purchase 8.0% of the common stock issued in the conversion. The loan equals 100% of the aggregate purchase price of the common stock acquired by the KSOP. The loan to the KSOP will be repaid principally from Pacific Trust Bank's contributions to the KSOP over a period of 10 years, and the collateral for the loan is the common stock purchased by the KSOP. The interest rate for the loan is fixed at 5.5%. First PacTrust Bancorp may, in any plan year, make

## Edgar Filing: FIRST PACTRUST BANCORP INC - Form DEF 14A

additional discretionary contributions for the benefit of plan participants in either cash or shares of common stock, which may be acquired through the purchase of outstanding shares in the market or from individual stockholders, through the original issuance of additional shares by First PacTrust Bancorp or through the sale of treasury shares by First PacTrust Bancorp. These purchases, if made, would be funded

## **Table of Contents**

through additional borrowings by the KSOP or additional contributions from First PacTrust Bancorp. The timing, amount and manner of future contributions to the KSOP will be affected by various factors, including prevailing regulatory policies, the requirements of applicable laws and regulations and market conditions.

Shares purchased by the KSOP with the proceeds of the loan are being held in a suspense account and released to participants' accounts as debt service payments are made. Shares released from the KSOP will be allocated to each eligible participant's KSOP account based on the ratio of each such participant's compensation to the total. Forfeitures will be used to reduce the employer contributions to the KSOP. The account balances of participants within the KSOP become 100% vested after five years of service. Credit for eligibility and vesting is given for years of service with Pacific Trust Bank prior to adoption of the KSOP. In the case of a change in control, as defined in the KSOP, which triggers a termination of the KSOP, participants will become immediately fully vested in their account balances. Benefits are payable upon retirement or other separation from service. First PacTrust Bancorp's contributions to the KSOP are not fixed, so benefits payable under the KSOP cannot be estimated.

National Trust Management Services, Inc. is currently serving as trustee of the KSOP. Under the KSOP, the trustee must vote all allocated shares held in the KSOP in accordance with the instructions of the participating employees, and unallocated shares will be voted in the same ratio on any matter as those allocated shares for which instructions are given. If no instructions are provided, the shares will be voted by the plan administrator.

GAAP requires that any third party borrowing by the KSOP be reflected as a liability on First PacTrust Bancorp's statement of financial condition. Since the KSOP is borrowing from First PacTrust Bancorp, such obligation is not treated as a liability, but is excluded from stockholders' equity. If the KSOP purchases newly issued shares from First PacTrust Bancorp, total stockholders' equity would neither increase nor decrease, but per share stockholders' equity and per share net earnings would decrease as the newly issued shares are allocated to the KSOP participants.

The KSOP is subject to the requirements of ERISA, and the regulations of the IRS and the Department of Labor thereunder.

***Termination Agreements for Executive Officers.*** The Bank maintains three-year termination agreements with Messrs. Ganz and Sheehy and Ms. Stewart, Ms. Gallagher and Ms. Goodwin. The termination agreements provide for a severance payment and other benefits in the event of a change in control of First PacTrust Bancorp or Pacific Trust Bank.

The value of the severance benefits under the termination agreements is 2.99 times the executive's average annual W-2 compensation during the five calendar year period prior to the effective date of the change in control (base amount) for Mr. Ganz, 2.00 times for Mr. Sheehy, Ms. Stewart and Ms. Gallagher and 1.00 times for Ms. Goodwin. Assuming that a change in control had occurred at December 31, 2005, Messrs. Ganz and Sheehy and Ms. Stewart, Ms. Gallagher and Ms. Goodwin would each be entitled to a payment of approximately \$1,098,016, \$318,254, \$378,081, \$227,071 and \$113,418, respectively. Section 280G of the Internal Revenue Code provides that severance payments that equal or exceed three times the individual's base amount are deemed to be excess parachute payments if they are conditioned upon a change in control. Individuals receiving parachute payments in excess of three times their base amount are subject to a 20% excise tax on the amount of the excess payments. If excess parachute payments are made, First PacTrust Bancorp and Pacific Trust would not be entitled to deduct the amount of the excess payment. The termination agreements provide that severance and other payments that are subject to a change in control will be reduced as much as necessary to ensure that no amounts payable to the executive will be considered excess parachute payments.

**General.** The Board of Directors of the Company and the Bank have delegated the authority and responsibility to the Compensation Committee to oversee the general compensation policies of the Company and Bank, to establish compensation plans and salary levels for executive officers, and review the recommendations of management on compensation for other officers and employees of the Bank. The members of the Compensation Committee are independent directors. The Committee's responsibilities are described in a written charter adopted by the Board of Directors.

When the Bank converted from a mutually owned to a publicly owned company, the Compensation Committee developed an executive compensation plan designed to (i) attract, motivate, reward and retain executive officers who are key to the long term success of the bank; and (ii) encourage decision making that maximized shareholder value. The Committee's ongoing compensation objective is to ensure that such compensation reflects the achievement of both long term and short-term goals as they relate to the Company's overall strategic planning process.

**Executive Compensation Policy.** The compensation package given to executive officers of the Bank is comprised of a base salary and an annual incentive bonus. Executive officers are also provided with other benefit plans available to all eligible employees, including the employee stock ownership plan. The Compensation Committee reviews the compensation plan elements available to executive officers periodically as they relate to the policies described above. The Committee met twice in fiscal 2005 to review general compensation and benefit levels for the Bank, including consideration and administration of the Stock Option and Incentive Plan and the Recognition and Retention Plan, and to review and recommend the base salary and bonus of the Chief Executive Officer.

**Base Salary.** It is the policy of the Compensation Committee to annually review executive compensation packages, including base salaries paid or proposed to be paid, using information derived primarily from third party sources that provide compensation data and analysis from publicly held companies in the Company's market area. Using this and asset size, the Committee compares the positions under consideration with similar jobs in other financial institutions. Specific factors considered include the level of responsibility delegated to a particular officer, the complexity of the job being evaluated, the position's impact on both short and long term corporate objectives, the expertise and skill level of the individual under consideration, the degree to which the officer has achieved his or her management objectives for the plan year, and the officer's overall performance in managing his or her area of responsibility. The Compensation Committee's decisions are discretionary, and no quantifiable formula is used in arriving at a decision. For fiscal 2006, a merit increase of 3.5% was awarded to the base salaries of each of the executive officers.

**Annual Incentive Bonus.** All officers of the Bank, including the named executive officers, are eligible to participate in bonuses awarded at the discretion of the Bank's Board of Directors. The annual incentive bonuses are awarded based on quantitative criteria related to the actual operating results for the prior year relative to the established goals set for net income, loan growth and deposit growth. In addition, qualitative criteria related to customer satisfaction and compliance, audit and examination results, deposit growth, loan originations and portfolio growth, as well as delinquency ratios, are also factors considered. There is also a discretionary component factored in that is based upon the Committee's evaluation of the individual contributions towards the success of the Company. The discretionary bonuses for 2005 and 2006 did not exceed 4% of the after-tax net income.

**Benefit Plans.** The Compensation Committee believes that a competitive benefit package is essential to attract and maintain highly qualified employees. The Compensation Committee's policy regarding employee benefit plans is to provide competitive benefits including health, life and disability insurance to the employees of the Bank, including executive officers. The executive officers participate at the same level as all employees in

## Table of Contents

general. The employee stock ownership plan will provide executive officers and employees with an additional equity-based incentive to maximize long-term shareholder value.

### **Long Term Incentives**

In December 2003, stockholders of First PacTrust approved the 2003 Stock Option and Incentive Plan and the 2003 Recognition and Retention Plan. These plans became effective on April 24, 2003. The Committee administers these two long-term incentive stock plans, determines employee eligibility and grants share awards. Generally, both options and restricted stock awards vest in equal annual installments over a period of five years.

The purpose of the 2003 Stock Option and Incentive Plan is to promote the long-term success of the Company and increase stockholder value by:

attracting and retaining key employees and directors; and

encouraging directors and key employees to focus on long-range objectives.

The 2003 Recognition and Retention Plan is a stock-based compensation plan designed to:

provide directors, advisory directors, officers and employees with a proprietary interest in the Company in a manner designed to encourage such individuals to remain with the Company; and

reward directors, advisory directors, officers and employees for service.

The awarding of options under the 2003 Stock Option and Incentive Plan and restricted stock under the 2003 Recognition and Retention Plan is totally discretionary and all awards are based on an assessment of the participant's position, years of service, and contribution to the success and growth of the Company. The Board of Directors believes that both plans link the interests of directors, officers and employees directly to the interests of the stockholders, since the ultimate value of the compensation received under the respective plans is dependent on the stock price. During fiscal 2005 officers Sheehy, Stewart, Gallagher and Goodwin received stock option awards of 3,000, 5,000, 3,000 and 2,000 outstanding options, respectively, in recognition of their service to the Company.

**Chief Executive Officer.** Total compensation paid to the Chief Executive Officer during 2005 was a base salary of \$246,202 and a bonus of \$91,558, plus an ESOP award of stock valued at \$27,281, plus a 401(k) matching contribution of \$7,000. The bonus has been paid as a result of profitability and other goals being met, including the factors described above in Annual Incentive Bonus. In determining total compensation paid to the Chief Executive Officer, the Compensation Committee considered factors relating to the performance of the Bank including deposit growth, the success of the branch facilities, the level of profits from operations, goals relating to loan volume, asset quality, increase in asset size and commensurate responsibilities with bank growth, Bank compliance and other qualitative factors.

The Bank has followed a policy of granting loans to officers and directors, which fully complies with all applicable federal regulations. Loans to directors and executive officers are made in the ordinary course of business and on substantially the same terms and conditions, including interest rates and collateral, as those of comparable transactions with non-insiders prevailing at the time, in accordance with the Bank's underwriting guidelines, and do not involve more than the normal risk of collectibility or present other unfavorable features. Loans to all directors and executive officers and their associates totaled approximately \$796,000 at December 31, 2005, which was approximately 1.0% of the Company's consolidated shareholders' equity at that date. All loans to directors and executive officers were performing in accordance with their terms at December 31, 2005.

*Membership and Role of the Audit Committee.* The Audit Committee of First PacTrust Bancorp, Inc. is comprised of the undersigned directors, each of whom is independent as defined under the National Association of Securities Dealers' listing standards. The Audit Committee's responsibilities are described in a written charter adopted by the Board of Directors.

## **Table of Contents**

Management is responsible for the Company's internal controls, financial reporting process and compliance with applicable laws and regulations. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statement in accordance with generally accepted auditing standards and issuing a report thereon. As the members of the Audit Committee, it is our responsibility to monitor and oversee these processes.

As required by our charter, we received and reviewed the report of Crowe Chizek and Company, LLP regarding the results of their audit, as well as the written disclosures and the letter from Crowe Chizek and Company, LLP required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees). We also reviewed and discussed the audited financial statements with Company management. A representative of Crowe Chizek and Company, LLP also discussed with the Audit Committee the independence of Crowe Chizek and Company, LLP from the Company, as well as the matters required to be discussed by Statement of Auditing Standards No. 61 (Communication with Audit Committees).

In fulfilling our oversight responsibility of reviewing the services performed by the Company's independent auditors, we carefully reviewed the policies and procedures for the engagement of the independent auditors. We also discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. We met with the internal and independent auditors, both with and without management present, to discuss the results of their examinations, the evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. We pre-approve all audit and permissible non-audit services provided by our independent auditors. These services may include audit services, audit-related services, tax services and other services. Prior to engaging our independent auditors to render an audit or permissible non-audit service, we specifically approve the engagement of our independent auditors to render that service. Accordingly, the Company does not engage our independent auditors to render audit or permissible non-audit services pursuant to pre-approval policies or procedures or otherwise, unless the engagement to provide such services has been approved by the Audit Committee in advance. As such, the engagement of Crowe Chizek and Company, LLP to render 100 percent of the services described in the categories above was approved by the Audit Committee in advance of the rendering of those services. We also reviewed and discussed with the independent auditors the fees paid to the independent auditors; these fees are described under "Independent Auditors" below.
