**Report of Independent Registered Public Accounting Firm**

To the Participants and Administrator of the

Savings Plan for the Employees of NewMarket Corporation and Affiliates

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Savings Plan for the Employees of NewMarket Corporation and Affiliates (the Plan) at December 31, 2005 and December 31, 2004, and the changes in net assets available for benefits for the years ended December 31, 2005 and December 31, 2004 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) at December 31, 2005 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**Savings Plan for the Employees of NewMarket Corporation and Affiliates**

**Notes to Financial Statements**

**December 31, 2005 and December 31, 2004**

**1. Description of Plan  
General**

The Savings Plan for the Employees of NewMarket Corporation and Affiliates (the Plan) is a defined contribution plan. It is subject to the provisions of the Employee Retirement Income Security Act of 1974. Information regarding Plan benefits, priority of distributions upon termination of the Plan, and vesting is provided in the Plan agreement which is available at the main office of the Plan administrator at 330 South Fourth Street, Richmond, Virginia 23218.

Effective November 3, 1997, Merrill Lynch Trust Company, FSB was appointed investment manager and trustee and Merrill Lynch, Pierce, Fenner & Smith, Inc. was appointed recordkeeper (collectively Merrill Lynch and ML).

**Contributions**

Participants in the Plan may make pre-tax contributions from 1% to 50% of their base pay, as defined in the Plan document. Participants may make after-tax contributions from 1% to 15% of their base pay. Participants who are deemed highly compensated are limited to contributions of 10% of their base pay on both a pre-tax and after-tax basis. Any combination of pre-tax and after-tax contributions is subject to the 50% or 10% limit. In addition, federal law places a dollar limit on the amount of pre-tax contributions an individual can make to 401(k) plans during a calendar year. NewMarket Corporation (the Company or NewMarket) may also impose an annual Plan contribution limitation that is lower than the maximum federal limitation. For 2005, the Plan limit and the federal limitation are both \$14,000. Effective July 1, 2003, participants who have attained age 50 may make catch-up contributions in a dollar amount established by the Internal Revenue Service (\$4,000 for 2005 and \$3,000 for 2004). Total catch-up contributions were \$131,918 for the year ended December 31, 2005 and \$93,820 for the year ended December 31, 2004.

NewMarket contributes 50% of the first 10% of base pay that a participant contributes to the Plan. Contributions made by NewMarket are invested in the NewMarket Corporation Common Stock Fund. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participant contributions are 100% vested at all times while contributions made by NewMarket are 40% vested after two years of service, 60% vested after three years of service, 80% vested after four years of service and 100% vested after five years of service.

**Administration Expenses**

Amounts for administering the Plan are borne entirely by NewMarket and no charge is made to the Plan with respect thereto.

**Participant Accounts**

Each participant's account is credited with the participant's contribution and charged with any distributions, brokerage or administrative fees and an allocation of a) the Company's contribution and b) interest, dividends and realized and unrealized gains or losses of the investment funds. Allocations are based on participant earnings for account balances, as defined.

**Benefit Payments**

Benefits are recorded when paid. Employees may decide whether benefits will be received directly in the form of a lump sum or rolled over to an individual retirement account or to another qualified plan.

## **Table of Contents**

### **Savings Plan for the Employees of NewMarket Corporation and Affiliates**

#### **Notes to Financial Statements**

##### **December 31, 2005 and December 31, 2004**

#### **Loans**

Employees may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as transfers between the investment fund and the Loan fund. Loans are made over a period not to exceed five years. The loans are collateralized by the balance in the participant's account and bear a reasonable fixed rate of interest determined by the plan administrator based on a rate of return commensurate with the prevailing interest rate charged on similar commercial loans by persons in the business of lending money. At both December 31, 2005 and December 31, 2004, interest rates on participant loans ranged from 5% to 10.5% and are determined as of the date of the loan. Principal and interest are paid ratably through payroll deductions.

#### **Forfeitures**

Employees who leave NewMarket before becoming fully vested in NewMarket contributions forfeit the value of their nonvested account. Forfeitures during a Plan year serve to reduce required Company contributions and to cover Plan expenses, and are reflected in the statement of changes in net assets available for benefits during the year in which the forfeitures are applied to NewMarket's contribution or Plan expenses. At December 31, 2005 and December 31, 2004, the forfeiture balance was \$38,276 and \$13,437, respectively. Forfeitures used to reduce Company contributions were \$1,307 and \$0 during December 31, 2005 and 2004, respectively.

## **2. Summary of Significant Accounting Policies**

### **Basis of Accounting**

The accompanying financial statements of the Plan have been prepared in conformity with accounting principles generally accepted in the United States of America.

### **Accounting Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### **Risks and Uncertainties**

The Plan provides for various mutual fund investment options in stocks, bonds and fixed income securities, as well as direct common stock investments. Investments are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.

### **Security Valuation**

Investments are valued as follows:

Merrill Lynch Retirement Preservation Trust - investments in commingled trusts with Guaranteed Investment Contracts and Bank Investment Contracts with benefit responsive features are carried at cost plus accrued interest (contract value) which approximates fair value. Synthetic investment contracts are stated at the contract book value

## Edgar Filing: NEWMARKET CORP - Form 11-K

which approximates fair value. Money market instruments and US Government agency obligations are valued at amortized cost.

- Mutual funds and Merrill Lynch Equity Index Trust - net asset value of shares or units held by the Plan at year-end based on quoted market value of the underlying assets
- Common stock - fair value based on the last published year end sales price on the New York Stock Exchange
- Loans to participants - balances due at cost which approximate fair value

**Table of Contents**

**Savings Plan for the Employees of NewMarket Corporation and Affiliates**

**Notes to Financial Statements**

**December 31, 2005 and December 31, 2004**

**Investment Valuation and Income Recognition**

Securities transactions are accounted for on a trade-date basis and dividend income is recorded on the ex-dividend date. Interest income is recorded on the accrual basis. The Plan presents in the statement of changes in net assets available for benefits the net appreciation in the fair value of investments which consists of realized gains and losses and changes in the unrealized appreciation (depreciation) on those investments. Investment income is allocated to participant accounts based on the participant's investment allocation.

**3. Investments**

Participants currently in the Plan may select a program for investment in any of the 9 mutual funds, 2 commingled trust funds, and 3 common stocks, or in any combination thereof. Contributions made by NewMarket are invested in the non-participant directed portion of the NewMarket Corporation Common Stock Fund, which contains both participant and non-participant directed balances. Transfers may be made between the pooled investment funds at any time. However, limited transfer rights apply to the post-1983 matching contributions in the NewMarket Corporation Common Stock Fund. The following table presents investments held at year-end that represent at least five percent (5%) or more of net assets available for benefits at December 31, in one or both years:

	2005	2004
NewMarket Corporation Common Stock (Note 8)	\$ 41,550,520	\$ 33,902,855
Merrill Lynch Equity Index Trust	22,788,514	23,020,475
Merrill Lynch Retirement Preservation Trust	9,772,944	10,179,686
Albemarle Corporation Common Stock	8,433,763	9,559,009
Davis New York Venture Fund	6,095,157	5,287,358

Non-participant directed investments in NewMarket Corporation common stock total \$32,302,031 and \$25,790,769 for 2005 and 2004, respectively.

The Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated/(depreciated) in value as follows:

	2005	2004
Common stock	\$ 6,911,799	\$ (600,209)
Mutual Funds	1,104,115	1,868,171
Commingled Trust Funds	1,018,120	2,263,170
	\$ 9,034,034	\$ 3,531,132

**Table of Contents****Savings Plan for the Employees of NewMarket Corporation and Affiliates****Notes to Financial Statements****December 31, 2005 and December 31, 2004****4. Non-participant Directed Investment**

Information about net assets and the significant components of the changes in net assets relating to the non-participant directed investments in the NewMarket Corporation Common Stock Fund (Note 8) is as follows:

	2005	2004
Net assets:		
NewMarket Corporation Common Stock Fund	\$ 32,302,031	\$ 25,790,769
Cash fund	41,578	3,831
Prior year accrued income	41,997	40,835
	\$ 32,385,606	\$ 25,835,435
Increases in fund assets		
Employer's contributions	\$ 2,243,554	
Investment income	3,271	
Net appreciation in fair value of investments	6,108,517	
Total additions	8,355,342	
Decreases in fund assets		
Benefit payments	(996,184)	
Net increase prior to transfers	7,359,158	
Interfund transfers to participant directed investments	(808,987)	
Net increase	\$ 6,550,171	

**5. Tax Status**

The Internal Revenue Service advised the plan administrator on March 28, 2003, that the Plan, as amended and restated effective January 1, 2002, constitutes a qualified trust under Section 401(a) of the Internal Revenue Code and therefore is exempt from federal income taxes. Until such time as participants withdraw all or part of their accumulated account balance, their invested funds are not subject to federal income taxes for contributions made on their behalf by NewMarket or for investment income and gains received on such investments.

**6. Plan Termination**

Although it has not expressed any intent to do so, NewMarket has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of the Employee Retirement Income Security Act of 1974. In the event of Plan termination, participants will become 100% vested in their account balances and the assets of the Plan shall be allocated to participants in proportion to their account balances as of the effective date of termination.

**Table of Contents**

**Savings Plan for the Employees of NewMarket Corporation and Affiliates**

**Notes to Financial Statements**

**December 31, 2005 and December 31, 2004**

**7. Related-Party Transactions**

Certain Plan investments are shares of investment funds managed by Merrill Lynch, the trustee of the Plan and therefore, these transactions qualify as party-in-interest transactions. Investments in the NewMarket Corporation Common Stock Fund represent investments in shares of common stock of NewMarket Corporation, the Plan sponsor. Purchases of 244,674 and 220,201 shares of Company common stock totalled \$4,381,390 and \$4,447,454 for the years ended December 31, 2005 and 2004, respectively. Distributions made in and sales of 249,622 and 304,029 shares of Company common stock totalled \$4,700,453 and \$6,415,243 for the years ended December 31, 2005 and 2004, respectively. The Plan held 1,698,713 shares or \$41,550,520 and 1,703,661 shares or \$33,902,855 of Company common stock at December 31, 2005 and 2004, respectively.

**8. Other Matters**

On May 27, 2004, the Company's shareholders approved the transition to a holding company structure. The new holding company was named NewMarket Corporation. Upon the completion of the transaction, each share of Ethyl Corporation common stock was automatically converted into one share of NewMarket common stock.

Following the establishment of the holding company structure and an internal restructuring of its subsidiaries, NewMarket became the parent company of two operating companies each managing its own assets and liabilities. Those companies are Afton Chemical Corporation (formerly named Ethyl Petroleum Additives, Inc.) and Ethyl Corporation, representing certain manufacturing operations and the tetraethyl lead (TEL) business that inspired the original Ethyl name.

There was no impact on the Plan related to the holding company transaction other than a change in the Plan's sponsorship to NewMarket Corporation and the conversion of the Ethyl Stock Fund to the NewMarket Stock Fund.

**9. Subsequent Event**

NewMarket has made several changes to the investment options available under the Plan effective May 3, 2006. Seven of the Plan's investment options will be offered with a different share class. The new share class will carry lower expense ratios than the current share classes. Two new investment options will be offered in the Plan: Janus Mid Cap Value Fund (Investor Class) and Putnam Small Cap Growth Fund (Class A). The Merrill Lynch International Index Fund will be removed from the Plan and be replaced by the Merrill Lynch International Index Trust, which is a collective trust. Purchases of Albemarle Corporation and Tredegar Corporation stock will no longer be permitted.
