<b>Exhibit No.</b>	<b>Description</b>
99.1	Press release dated October 31, 2006, announcing certain selected unaudited key operational statistics.

## ANNOUNCEMENT

The Board hereby announces certain selected unaudited key operational statistics of the Group for the third quarter of 2006 (ended 30 September 2006). The comparative statistics for the third quarter of 2005 (ended 30 September 2005) are also disclosed in this announcement.

The Board of Directors of CNOOC Limited (the Company) (the Board) hereby announces certain selected unaudited key operational statistics of the Company and its subsidiaries (the Group) for the third quarter of 2006 (ended 30 September 2006). The comparative statistics for the third quarter for 2005 (ended 30 September 2005) are also disclosed in this announcement.

The Company's unaudited oil and gas revenue for the third quarter of 2006 amounted to RMB18.4 billion (equivalent to US\$2.30 billion), representing an increase of 24.5% when compared to the same period in 2005. The Company also achieved a total net daily production of 459,460 barrels of oil equivalent (BOE), an increase of 7.5% from the same period in 2005.

The Company's net production offshore China experienced a growth of 7.7% for the third quarter of 2006 compared to the same quarter last year, reaching a level of 417,884 barrels of oil equivalent (BOE) per day. Crude oil and liquids production offshore China was 350,899 barrels per day. Gas production offshore China was 386 million cubic feet per day. The increase of 23.7% in gas production was largely due to increases of production volume from Western South China Sea and Eastern South China Sea.

Total unaudited revenues were RMB18.6 billion (equivalent to US\$2.33 billion) for the third quarter of 2006, representing an increase of 25.0% when compared to the same period in 2005. This revenue growth was largely due to increases of net production volume and higher realized oil and gas prices. In the third quarter of 2006, the Company's realized crude oil price was US\$61.78 per barrel, representing a year-on-year (YOY) increase of 17.9%. The Company's realized gas price was US\$3.39 per thousand cubic feet, representing a YOY growth of 15.3%.

In the third quarter of 2006, there were two new discoveries offshore China: LW3-1 and WZH6-12S, both made by our partners. LW3-1 is the first deepwater discovery offshore China. The Company also successfully made four appraisals offshore China in the third quarter.

The Company's development projects announced at the beginning of this year were progressing on track. The Company's development capital expenditure was flat at RMB3,784 million (equivalent to US\$474 million) for the third quarter of 2006, while exploration capital expenditures increased 35.9% to RMB833 million (equivalent to US\$104 million) as a result of intensified exploration activities.

## Third Quarter and Year-to-Date Production Summary
