PROPOSAL 1

ELECTION OF DIRECTORS

Board of Directors

The Company's third amended and restated certificate of incorporation divides the Company's board of directors into three classes, with each class being elected to a staggered three-year term.

The board of directors has nominated James D. Edwards, Gary E. Holdren and John McCartney as Class III Directors to be voted upon at the 2007 Annual Meeting. George E. Massaro and H. Eugene Lockhart are Class I Directors serving terms ending at the 2008 Annual Meeting. DuBose Ausley and John S. Moody are Class II Directors serving terms ending at the 2009 Annual Meeting.

This Proxy Statement relates only to the solicitation of proxies from the stockholders with respect to the election of three Class III Directors to be elected by them and the other matters described herein. The board of directors knows of no reason that Mr. Edwards, Mr. Holdren or Mr. McCartney might be unavailable to serve as the Class III Directors, and each has expressed an intention to serve, if elected. If any of Mr. Edwards, Mr. Holdren or Mr. McCartney is unable to serve, the shares represented by all valid proxies will be voted for the election of such substitute nominee as the board of directors may recommend. There are no arrangements or understandings between any of the persons nominated to be a Class III Director and any other person pursuant to which any of such nominees was selected.

The election of a director requires the affirmative vote of a plurality of the shares of common stock present in person or represented by proxy at the meeting that are voted; provided that a quorum of at least one-third of the outstanding shares of common stock entitled to vote is represented at the meeting. Shares of common stock held by stockholders electing to abstain from voting and broker non-votes will be counted toward the presence of a quorum but will not be considered present and voting. Therefore, abstentions and broker non-votes will have no impact on the election of directors. Properly executed proxies submitted pursuant to this solicitation will be voted for the election of Mr. Edwards, Mr. Holdren and Mr. McCartney as Class III Directors, unless specified otherwise.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR THE ELECTION OF MR. EDWARDS, MR. HOLDREN AND MR. MCCARTNEY AS CLASS III DIRECTORS.

Director Independence

Our Corporate Governance Guidelines require that the board of directors make an annual determination regarding the independence of each of our directors. The board of directors has determined that Messrs. Ausley, Edwards, Lockhart, McCartney and Moody are independent as defined in the applicable listing standards of The NASDAQ Stock Market, Inc. (NASDAQ). In making its determination, the board of directors considered the standards of independence set forth in the NASDAQ Corporate Governance Listing Standards and all relevant facts and circumstances to ascertain whether there was any relationship between a director and the Company that, in the opinion of the board of directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of the director, or any material relationship with the Company (either directly, or as a partner, shareholder or officer of an organization that has a relationship with the Company). The board of directors also considered the following: the lease by the Company of a facility in which Mr. Ausley owns a partnership interest, as well as the employment by the Company of an immediate family member of Mr. Moody for compensation commensurate with his peers. The board of directors concluded that neither of the relationships identified above violated the NASDAQ categories of independence and both relationships were immaterial and did not impair the independence of the directors. Moreover, neither of the identified relationships was significant enough to require disclosure pursuant to Item 404 of Regulation S-K under the caption Executive Compensation Certain Relationships and Related Transactions.

Board Meetings and Committees

The board of directors conducts its business through meetings of the full board, actions taken by written consent in lieu of meetings and by the actions of its committees. During 2006, the board of directors held ten meetings.

During 2006, all directors attended at least 93% of the meetings of the board of directors and committees on which they served. Although the Company does not have a formal policy regarding director attendance at our Annual Meeting of Stockholders, we encourage directors to attend. All directors, except James D. Edwards, who had a prior commitment, attended the 2006 Annual Meeting of Stockholders.

The board of directors created the position of lead director, which rotates among the independent directors on a quarterly basis. The lead director's duties are to chair the executive sessions of the board of directors and to approve the agenda for each board meeting. During 2006, Messrs. Ausley, Edwards, McCartney and Moody each served as lead director.

The board of directors operates in part through its three committees: Audit, Compensation and Nominating and Corporate Governance. All committee members are independent as defined in the applicable listing standards of NASDAQ, non-employee directors within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934 and outside directors within the meaning of Section 162(m) of the Internal Revenue Code.

Audit Committee. The Audit Committee responsibilities include overseeing our accounting and financial reporting processes, overseeing the audits of our financial statements and internal control over financial

reporting, and retaining and discharging our auditors. The Audit Committee met eight times in 2006. The members of the Audit Committee are Messrs. McCartney (Chairman), Edwards and Ausley. The board of directors has determined that each Audit Committee member has sufficient knowledge in financial and auditing matters to serve on the Audit Committee. The Report of the Audit Committee for the fiscal year ended December 31, 2006 appears below under the caption AUDIT MATTERS Report of the Audit Committee.

The Audit Committee charter is available on the Company's web site at www.huronconsultinggroup.com.

Compensation Committee. The Compensation Committee responsibilities include overseeing our compensation and benefit plans, including all compensation arrangements for executive officers and directors. The Compensation Committee met nine times in 2006. The members of the Compensation Committee are Messrs. Moody (Chairman), Ausley, Lockhart and McCartney.

Management assists the Compensation Committee in the performance of its duties. Each year, the Chief Executive Officer (the CEO) reviews the performance and compensation of each of the executive officers and makes recommendations to the Compensation Committee with respect to base pay, annual cash incentives and long-term equity incentives. The Compensation Committee may exercise its discretion in modifying any recommended awards to executive officers. In 2006, the CEO participated in all of the Committee's general meetings, in most of the telephonic meetings and in all of the executive sessions, except for those in which the Compensation Committee considered the CEO's performance, compensation and incentives. In addition, the Compensation Committee used a compensation consultant in 2006 in connection with renegotiating an amended and restated senior management agreement with the CEO. More information on the use of the consultant is contained in the Compensation Discussion and Analysis below.

The Report of the Compensation Committee on Executive Compensation appears below under the caption EXECUTIVE COMPENSATION Compensation Committee Report.

The Compensation Committee charter is available on the Company's web site at www.huronconsultinggroup.com.

The Nominating and Corporate Governance Committee's responsibilities include identifying and recommending to the board of directors appropriate director nominee candidates and providing oversight with respect to corporate governance matters. The Nominating and Corporate Governance Committee met four times in 2006. The members of the Nominating and Corporate Governance Committee are Messrs. Edwards (Chairman), Ausley, Lockhart and Moody. Mr. Lockhart, a director up for election for the first time this year, was recommended for nomination by Mr. Edwards, the chair of the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee charter is available on the Company's web site at www.huronconsultinggroup.com.

Directors may be nominated by the board of directors or by stockholders in accordance with the Bylaws of the Company. The Nominating and Corporate Governance Committee will review all candidates for nomination to the board of directors, including those proposed by stockholders as provided below. The Nominating and Corporate Governance Committee will review the person's judgment, experience, independence, understanding of the Company's business or other related industries and such other factors as the Nominating and Corporate Governance Committee determines are relevant in light of the needs of the board of directors and the Company. The board of directors believes that its nominees should reflect over time a diversity of experience, gender, race,

ethnicity and age. The Nominating and Corporate Governance Committee will select qualified candidates and review its recommendations with the board of directors, which will decide whether to invite the candidate to be a nominee for election to the board of directors.

If the Nominating and Corporate Governance Committee receives a nominee recommendation from a stockholder or group of stockholders that has beneficially owned more than 5% of the Company's voting common stock for at least one year as of the date of the recommendation, the name of the candidate, the name(s) of the stockholder(s) who recommended the candidate and whether the Nominating and Corporate Governance Committee chose to nominate the candidate will be disclosed in the proxy statement, if the consent of both the stockholder and the candidate has been received.

For a stockholder to submit a candidate for consideration by the Nominating and Corporate Governance Committee, a stockholder must notify the Company's Corporate Secretary. In addition, the Company's Bylaws permit stockholders to nominate directors at a stockholder meeting. To make a director nomination at the Annual Meeting, a stockholder must notify the Company's Corporate Secretary within the time periods specified under Submission of Stockholder Proposals below in the Proxy Statement. Compensation of Directors

We pay each of our non-employee directors \$40,000 per year and \$1,000 for each meeting of the board of directors or any committee of the board that he attends. We also pay an annual fee of \$10,000 to the Chairperson of the Audit Committee and \$7,500 to the Chairpersons of each of the Compensation Committee and Nominating and Corporate Governance Committee for chairing the committees. All of our directors are reimbursed for out-of-pocket expenses for attending board and committee meetings. In 2005 and 2006, each new non-employee director received a restricted stock award of 15,000 shares. In addition, each non-employee director receives an annual grant of shares on the date of the Company's annual meeting. On December 5, 2006, the Compensation Committee elected to change the number of shares in the annual grant to directors from 5,700 shares of restricted stock to a number of shares of restricted stock equal to \$150,000, based on the closing stock price on the date immediately preceding each year's annual meeting, which will vest ratably over the following 12 calendar quarters. Although eligible to do so, no director has elected to participate in our deferred compensation plan, which is described on page 23.

During 2006, we made the following grants to independent directors: (i) on May 2, 2006, we granted to each of Messrs. Ausley, Edwards, McCartney and Moody 5,700 shares of restricted common stock, one-twelfth of which will vest on the first day of each quarter over the following 12 quarters, beginning on July 1, 2006; and (ii) on December 5, 2006, we granted Mr. Lockhart 15,000 shares of restricted common stock, one-twelfth of which will vest on the first day of each quarter over the following 12 quarters, beginning on January 1, 2007.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Huron's compensation philosophy is to reward the achievement of specific annual and long-term goals and align the interests of the executive officers with those of the shareholders. As Huron operates in a highly competitive and challenging environment, the Company's compensation packages are designed to attract and retain talented executives who can execute the Company's growth strategy. The Company believes that a majority of the compensation of each executive should consist of at-risk pay that is tied to the Company's growth in revenues before reimbursable expenses (net revenues) and profitability, measured by diluted earnings per share.

Generally, the Compensation Committee does not rely on benchmarking against an industry peer group in setting compensation, although the Compensation Committee did consider peer groups when negotiating a new agreement with the CEO, as discussed below. The Company competes against privately held consulting firms, including the consulting practices of major accounting firms, other small boutique consulting firms and publicly traded consulting firms. The Compensation Committee does not believe that comprehensive and reliable compensation benchmarking data is available for many of its competitors. Accordingly, the Compensation Committee has concluded that it is not currently in the interests of the Company to establish a compensation system that is based on a set of competitor peer companies. The Compensation Committee intends to review this position annually.

While the Compensation Committee has from time to time engaged outside compensation consultants, the Company's Human Resources and Legal departments principally support the Compensation Committee's work with data and legal analysis. In addition, in 2006, the CEO participated in all of the Compensation Committee's general meetings, in most of the telephonic meetings and in all of the executive sessions of the Compensation Committee, except for those in which the Compensation Committee considered the CEO's performance, compensation and incentives.

Huron Compensation Program Elements

Generally, compensation packages for Huron managing directors, including the executive officers, have three components: base salary, annual cash incentive and long-term equity incentive. Consistent with the Company's pay for performance philosophy, a significant portion of each executive's total compensation is at risk of forfeiture either if the established performance goals are not met or if the executive does not remain employed by the Company.

Base Salary. Base salaries are considered as part of the annual performance review process at the beginning of each year. In making base salary decisions for the executive officers, other than the CEO, the Compensation Committee primarily considers each executive's responsibilities, contribution and performance, as well as the base salary of each executive officer (other than the CEO) relative to the other executive officers.

Annual Cash Incentive. The annual cash incentive to executive officers is designed to reward Company financial performance and individual contribution. At the beginning of 2006, the Compensation Committee established a target bonus pool for the annual cash incentive. In order for the bonus pool to be fully funded, the Company had to exceed pre-established financial measures for net revenues and diluted earnings per share.

At the beginning of 2006, a target cash incentive amount was established for each executive officer. As a guideline for the total annual cash incentive that can be earned by an executive officer, 75% is linked to Company performance against the pre-established financial measures (referred to as the team award) and 25% is based on individual contribution (referred to as the individual award). The actual amount earned may be more or less than these targets based upon the performance of the executive as determined in the discretion of the CEO and the Compensation Committee.

Table of Contents

The individual award component of the annual cash incentive reflects individual contributions to the Company's success. In the case of the CEO, the Compensation Committee establishes individual goals annually, no later than 90 days following the end of the prior year. The 2006 goals for the CEO's individual award, which were designed to achieve profitable growth for the Company, included targets of 20% organic revenue growth, retention of top performing managing directors, successful completion and integration of accretive acquisitions and increases in sales to significant clients. The other executive officers are expected, in each of their respective roles and areas of expertise and responsibility, to contribute to the achievement of the goals set for the CEO. The Compensation Committee, in its discretion, determines the individual award for each named executive, other than the CEO, after consultation with and based on the recommendation of the CEO. The CEO assesses the contribution of each named executive officer to the achievement of the goals set for the CEO and other individual contributions to the Company's success within each executive's area of expertise and responsibility.

Long-Term Equity Incentive. The long-term equity incentive is designed to focus management on increasing shareholder value and to provide a vehicle to share the benefits of the Company's growth with those who create it. Many of Huron's competitors are partnerships and Huron believes its ability to offer an equity interest in the Company creates a competitive advantage when recruiting executives and managing directors, in addition to providing a retention incentive.

Currently, restricted stock is granted annually to executive officers who are expected to contribute to the Company's successful execution of its long-term goals and objectives. In determining new long-term equity incentive awards, the Compensation Committee considers the unvested equity holdings of an executive officer, individual performance and anticipated future contributions to the business. However, grants made prior to February 2005 were intended to provide the founding managing directors with a significant share of ownership in the Company and are not taken into consideration when making current equity awards.

Huron has not adopted a policy requiring officers and directors to hold any portion of their vested equity grants. The Compensation Committee will periodically consider whether to adopt a formal stock retention policy.

Other Compensation

Generally, perquisites are not a significant component of compensation for Huron executives. The CEO received certain perquisites, which include the occasional use of a leased corporate jet for personal travel and parking expenses at the Company's corporate headquarters, as well as reimbursement of one-time legal fees associated with an amended and restated employment contract described on page 18. In connection with entering into his amended and restated employment agreement, the CEO has discontinued personal use of the leased corporate jet.

In addition, the Company provides certain benefits to all of its managing directors and executive officers. These benefits are enhanced disability and life insurance benefits, and a Non-qualified Deferred Compensation Plan (the "DCP"). More information on the DCP is set forth on page 23.

Compensation of the CEO

In 2006, the Compensation Committee engaged The Delves Group to provide independent advice and expertise, as the Compensation Committee negotiated a new employment agreement with the CEO. The objective of the Compensation Committee was to secure continuity of the CEO for at least the next five years. The Delves Group was engaged to assist the Compensation Committee in establishing a highly competitive compensation package for the CEO that would: retain him at the Company for at least five years; acknowledge his outstanding leadership and the Company's outstanding performance in the past; and create a strong incentive for him to continue to achieve exceptional performance for the term of his agreement with the Company.

Table of Contents

The Delves Group recommended that the Compensation Committee analyze the compensation data for two peer groups it assembled, in order to see how other companies compensate their chief executives in relation to their performance. One peer group consisted of publicly held consulting firms and one was composed of other companies not in Huron's industry group but of similar size and considered to be high performance growth companies. The two peer groups reviewed in connection with the CEO's contract were:

Consulting Firm Peer Group	High-Performing, High-Growth Peer Group
Resources Connection	American Dental Partners Inc.
Navigant Consulting	American Reprographics Co.
FTI Consulting	Asset Acceptance Capital Corp.
ICT Group Inc.	Barrett Business Services Inc.
Corporate Executive Board Co.	Costar Group Inc.
CRA International	CSG Systems International Inc.
Advisory Board Co.	Digitas Inc.
Diamondcluster International Inc.	Forrester Research Inc.
Exponent Inc.	Harris Interactive Inc.
GP Strategies Corp.	Heidrick & Struggles International Inc.
	Kforce Inc.
	Korn Ferry International
	Monster Worldwide Inc.
	Startek Inc.
	Watson Wyatt Worldwide, Inc.
	Vistaprint Limited

The Delves Group analyzed the compensation data, as well as the performance of the companies in the two peer groups. The report showed that while Huron's revenues in 2005 were below the median of the Consulting Firm Peer Group, Huron significantly exceeded the median of that group in terms of one-year and three-year total shareholder return and revenue growth. As compared to the High-Performing, High-Growth Peer Group, while Huron's 2005 revenues were at the median, its one-year and three-year total shareholder return exceeded the median of that group.

Based in part on the advice of The Delves Group, the Compensation Committee negotiated a compensation package for the CEO and entered into an amended and restated senior management agreement with the CEO on January 29, 2007. The CEO's amended and restated employment agreement is described in detail on page 18.

The Delves Group has not provided consulting services to Huron's management.

Compensation of Executive Officers Other Than the CEO

Each year, the CEO reviews the performance of each of the executive officers and makes recommendations to the Compensation Committee with respect to base pay, annual cash incentive and long-term equity incentive, and recommends a compensation package to the Compensation

Edgar Filing: Huron Consulting Group Inc. - Form DEF 14A

Committee for each executive officer based on Company performance, individual responsibility and contribution, and each executive's contribution relative to the other executive officers. The Compensation Committee considers these recommendations in making its decisions with regard to the executive officers. Mr. Logan's compensation in 2006 was guaranteed by the terms of his employment agreement, described below on page 20.

In 2006, the primary components of compensation for executive officers consisted of base salary, an annual cash incentive targeted at 50% to 80% of base salary and long-term equity incentives. Huron does not have a formula for allocating between the cash and non-cash components or the short-term and long-term components of compensation.

Table of Contents**Regulatory Limitations**

Section 162(m) of the Internal Revenue Code generally limits the deductibility for federal income tax purposes of compensation in excess of \$1 million to the chief executive officer or any of the next four most highly paid executive officers of a publicly held corporation. Compensation exceeding \$1 million may be deducted for federal income tax purposes if compensation is paid pursuant to a performance-based, nondiscretionary plan that is approved by stockholders. Treasury regulations provide transitional rules under Section 162(m) for compensation programs sponsored by a corporation that previously was not publicly held but that becomes publicly held for these purposes. The Compensation Committee will exercise its discretion in determining whether to conform compensation plans payable to these executive officers to the deductibility requirements of Section 162(m). In 2006, Huron executives were exempt from the provisions of Section 162(m) under the rules governing initial public offerings. All compensation paid during 2006 was therefore Section 162(m) qualified.

Employment and Severance Agreements

The Company currently has employment agreements with each of its named executive officers.

Holdren senior management agreement

On January 29, 2007, Mr. Holdren's senior management agreement was amended and restated with an effective date of January 1, 2007. The amended and restated agreement has an initial term of five years and automatically renews for additional one-year periods on an annual basis unless, at least 60 days prior to the expiration of the then-current term, we or Mr. Holdren provide notice otherwise. The agreement provides that Mr. Holdren will report to our board of directors. Under the terms of the agreement, Mr. Holdren's annual base salary will be \$1,100,000 in 2007 (up from \$800,000 previously) and will increase by \$50,000 annually during the initial term. His annual performance bonus target will be 100% of his base salary (up from \$850,000 previously). The board of directors will determine any annual bonus actually paid to Mr. Holdren based on the achievement of performance goals set by our board of directors. Mr. Holdren received a one-time grant of 250,000 restricted stock units in connection with entering into the amended and restated agreement. The restricted stock units vest ratably over five years from the date of grant and will be settled in shares of Company stock after Mr. Holdren's employment terminates. Mr. Holdren will also be eligible for periodic grants of equity at the discretion of the board of directors.

The following table sets forth payments we would be required to make to Mr. Holdren upon termination of employment or change of control. The Company has also agreed to purchase term life insurance for Mr. Holdren equal to his base salary and target bonus.

Mr. Holdren's senior management agreement provides Mr. Holdren with certain change of control benefits. Pursuant to the agreement, if Mr. Holdren's employment is terminated within the 24 months following a change of control (as defined in the agreement), either by us without cause or by Mr. Holdren with good reason, which includes not being the chief executive officer of the successor entity, all of his unvested equity awards will immediately become vested and exercisable and he will be entitled to severance pay of three times the total of his then-current base salary and target annual bonus. In the event of such termination, he will also be entitled to a pro-rata bonus for the year during which his termination occurs, 36 months of benefit continuation, and, if necessary, an excise tax gross-up payment.

In order to receive severance benefits, Mr. Holdren must execute a general release in favor of us. Mr. Holdren has agreed to certain restrictive covenants that will survive for a period of two to three years following the termination of his employment pursuant to which he will not compete with the Company, solicit our clients or interfere with our relationships with our employees or customers.

Burge senior management agreement

Huron Consulting Services LLC has also entered into a senior management agreement with Mr. Burge. Mr. Burge's agreement, which was effective November 25, 2002, had an initial one-year term and automatically renews for additional one-year periods on an annual basis unless, at least 60 days prior to the expiration of the then-current term, we or Mr. Burge provide notice that the agreement will not renew. Under the terms of the agreement, Mr. Burge receives an annual base salary of no less than \$225,000 and is eligible to participate in our annual performance bonus plan. Mr. Burge is also eligible for additional bonuses in the event that our annual earnings exceed targets set by our Compensation Committee or the Chief Executive Officer, in amounts that the Compensation Committee determines to be appropriate.

Mr. Burge's agreement provides that, if his employment is terminated by us without cause or if he resigns for good reason (as such terms are defined in the agreement), he will be entitled to severance pay equal to six months' base salary, which amount is subject to offset for remuneration earned by Mr. Burge during the six-month period following such a termination, earned but unpaid annual bonus for the calendar year immediately preceding the termination and continuation of medical benefits for six months. In order to receive such severance payments, Mr. Burge must execute a general release in favor of us. Mr. Burge or his estate is entitled to severance pay of three months' base salary payable over the three-month period following his death or disability, along with continuation of medical benefits. Mr. Burge has also agreed to certain restrictive covenants that will survive for one year following termination of his employment pursuant to which, among other things, he will not interfere with our relationships with our employees or customers.

In September 2004, we adopted an amendment to Mr. Burge's senior management agreement that provides Mr. Burge with certain change in control benefits. Pursuant to the amendment, if Mr. Burge's employment is

terminated within 24 months following a change of control, either by us without cause or by Mr. Burge for good reason (as provided in the agreement), all of his unvested equity awards that were granted prior to such change of control will immediately become vested and exercisable, and he will be entitled to severance pay equal to the total of one year of his then-current base salary and his then-current target annual bonus. In the event of such a termination, he will also be entitled to a pro-rata bonus for the year during which his termination occurs and 12 months of medical benefit continuation. In certain situations, these benefits may be reduced to limit Mr. Burge's excise tax burden.

Broadhurst senior management agreement

Huron Consulting Services LLC has also entered into a senior management agreement with Mr. Broadhurst. Mr. Broadhurst's agreement, which was effective May 15, 2002, had an initial three-year term and automatically renews for additional one-year periods on an annual basis unless, at least 60 days prior to the expiration of the then-current term, we or Mr. Broadhurst provide notice that the agreement shall not renew. Under the terms of the agreement, Mr. Broadhurst receives an annual base salary of no less than \$485,000 and initially had an annual target bonus of \$260,000. The remaining amount of the annual bonus to be received by Mr. Broadhurst will be based on the achievement of performance goals set by the Chief Executive Officer. Mr. Broadhurst is also eligible for additional bonuses in the event that our annual earnings exceed targets set by our Compensation Committee or the Chief Executive Officer, in amounts that the Compensation Committee determines to be appropriate.

Mr. Broadhurst's agreement provides that, if his employment is terminated by us without cause or if he resigns for good reason (as such terms are defined in the agreement), he will be entitled to severance pay equal to six months' base salary and medical benefits, which amount is subject to offset for remuneration earned by Mr. Broadhurst during the six-month period following such a termination. In order to receive such severance payments, Mr. Broadhurst must execute a general release in favor of us. Mr. Broadhurst or his estate is entitled to severance pay of three months' base salary payable over the three-month period following his death or disability, along with continuation of medical benefits. Mr. Broadhurst has also agreed to certain restrictive covenants that will survive for one year following the termination of his employment pursuant to which, among other things, he will not solicit our clients or interfere with our relationships with our employees or customers.

In September 2004, we adopted an amendment to Mr. Broadhurst's senior management agreement that provides Mr. Broadhurst with certain change in control benefits. Pursuant to the amendment, if Mr. Broadhurst's employment is terminated within 24 months following a change of control, either by us without cause or by Mr. Broadhurst for good reason (as provided in the agreement), all of his unvested equity awards that were granted prior to such change of control will immediately become vested and exercisable, and he will be entitled to severance pay equal to the total of one year of his then-current base salary and his then-current target annual bonus. In the event of such a termination, he will also be entitled to a pro-rata bonus for the year during which his termination occurs and 12 months of medical benefit continuation. In certain situations, these benefits may be reduced to limit Mr. Broadhurst's excise tax burden.

Logan senior management agreement

Huron Consulting Services LLC has also entered into a senior management agreement with Mr. Logan. Mr. Logan's agreement, which was effective June 1, 2006, has an initial two-year term and may continue thereafter on an at-will basis. Under the terms of the agreement, Huron will pay Mr. Logan an annual base salary of no less than \$500,000 and an annual target bonus for the initial term of \$400,000, which is guaranteed during his initial two-year term. Any additional annual bonus paid by Huron to Mr. Logan will be based on the achievement of performance goals set by the Chief Executive Officer. Huron paid Mr. Logan a \$600,000 signing bonus that he must repay on a pro-rata basis should Huron terminate his employment for cause or if he resigns other than for good reason (as such terms are defined in the agreement) during the initial two-year term. In connection with his appointment as Vice President, Corporate Consulting, Mr. Logan's agreement was amended

effective January 1, 2007 to increase his base salary to \$700,000 and reduce the guaranteed portion of his bonus to \$200,000 for the remainder of the initial term. In his new role, Mr. Logan will no longer be an executive officer.

Huron also granted Mr. Logan 40,000 restricted shares of common stock under our 2004 Omnibus Stock Plan. The restricted shares vest ratably over four years, 25% annually subject to the vesting schedule.

Mr. Logan's agreement provides that, if his employment is terminated by us without cause or if he resigns for good reason (as such terms are defined in the agreement) during the initial two-year term, he will be entitled to severance pay equal to the base salary and guaranteed annual bonus that otherwise would have been payable if he had continued employment until the last day of the initial term, with a minimum equal to six months' base salary. In addition, we will provide six months' continuation of medical benefits. After the initial term, any severance paid to Mr. Logan will be based on the plans then in effect. In order to receive such severance payments, Mr. Logan must execute a general release in favor of us. Mr. Logan or his estate is entitled to a pro-rata annual bonus following his death or disability, along with continuation of medical benefits for three months. Mr. Logan has also agreed to certain restrictive covenants that will survive for one year following the termination of his employment pursuant to which, among other things, he will not solicit our clients or interfere with our relationships with our employees or customers.

Mr. Logan's agreement also provides certain change in control benefits. If Mr. Logan's employment is terminated within 24 months following a change of control, either by us without cause or by Mr. Logan for good reason (as provided in the agreement), all of his unvested equity awards that were granted prior to such change of control will immediately become vested and exercisable, and he will be entitled to severance pay equal to the total of one year of his then-current base salary and his then-current target annual bonus. In the event of such a termination, he will also be entitled to a pro-rata bonus for the year during which his termination occurs and 12 months of medical benefit continuation. If a change of control occurs during the initial two-year term of his employment, Mr. Logan is entitled to the greater of the base salary and guaranteed bonus otherwise payable if he had continued employment until the last day of the term, or the payments described above. In certain situations, these benefits may be reduced to limit Mr. Logan's excise tax burden.

Sawall senior management agreement

Huron Consulting Services LLC has also entered into a senior management agreement with Ms. Sawall. Ms. Sawall's agreement, which was effective May 1, 2002, had an initial one-year term and automatically renews for additional one-year periods on an annual basis unless, at least 60 days prior to the expiration of the then-current term, we or Ms. Sawall provide notice that the agreement will not renew. Under the terms of the agreement, Ms. Sawall receives an annual base salary of no less than \$225,000 and is eligible to participate in our annual performance bonus plan. Ms. Sawall is also eligible for additional bonuses in the event that our annual earnings exceed targets set by our Compensation Committee or the Chief Executive Officer, in amounts that the Compensation Committee determines to be appropriate.

Ms. Sawall's agreement provides that, if her employment is terminated by us without cause or if she resigns for good reason (as such terms are defined in the agreement), she will be entitled to severance pay equal to six months' base salary and medical benefits, which amount is subject to offset for remuneration earned by Ms. Sawall during the six-month period following such a termination. Huron Consulting Group maintains the DCP, which became effective July 1, 2006. The DCP permits managing directors and executive officers to elect to defer up to 75% of their base salary and 100% of their annual cash incentive into a deferred compensation account and to choose from a number of generally available investment vehicles. Earnings are credited based on earnings of the investment options selected by the participant. Huron does not match any amounts deferred or otherwise contribute to the DCP except to make restoration payments to the accounts of participants who forego 401k match as a result of participation in the DCP. Deferral elections for base salary and any guaranteed bonus must be made in the calendar year prior to earning such base salary or within 30 days of becoming eligible for the plan. Deferral elections for the annual cash incentive must be made 6 months prior to the end of the applicable performance period. Independent directors may also defer up to 100% of their retainer and meeting fees into the DCP.

Payments from the plan automatically begin upon termination of employment, or separation from service as a director. Key employees, including executive officers, must wait six months after termination to receive payment from the plan. Participants may elect payment in a lump sum or annual installments for up to 15 years. Upon proof of financial hardship and approval from the Compensation Committee, a participant may be allowed an early distribution. Participants may also elect to receive payments prior to termination through a scheduled distribution.

The Senior Management Agreements do not provide for acceleration of equity in the event of termination without cause or resignation for good reason. Severance is payable over the severance term in accordance with Company payroll practices.

The following severance is payable to each of our named executive officers upon termination without cause or resignation for good reason, except in the case of a change of control:

Table of Contents

In addition, Mr. Holdren will receive a gross-up payment in an amount such that after payment of any excise tax charged to him as a result of the change of control payments, he retains an amount of the gross-up payment equal to the excise tax, including any interest and penalties imposed. Messrs. Burge, Broadhurst and Logan and Ms. Sawall are subject to a cutback in benefits to eliminate any excise tax.

If a change of control occurs prior to the second anniversary of Mr. Logan's employment, severance payable to him will be the greater of the value of items 1, 2 and 3 above, or the guaranteed payments he would have received under the terms of his Senior Management Agreement.

A change of control occurs if:

any person becomes a beneficial owner of 40% or more of the outstanding securities;

there is a consummation of a merger or consolidation with any person unless (a) the voting securities of the Company outstanding immediately prior to the transaction continue to represent 60% of the combined voting power of the securities; (b) the merger is a recapitalization in which no person other than existing security holders becomes a beneficial owner representing 40% or more of the outstanding securities; (c) the merger does not represent a sale of all or substantially all of the assets;

Restrictive Covenants on Termination

No severance or benefits are paid if an executive is terminated for cause or resigns other than for good reason as defined in the executive's Senior Management Agreement. Executives are subject to a confidentiality and non-disclosure covenant and, except for Mr. Holdren, for a period of 12 to 18 months following termination of employment for any reason, may not directly or indirectly solicit, induce or encourage any employee of the Company or any client of the Company to leave, alter or cease his or her relationship with it. The Audit Committee considers whether the provision of these services is compatible with maintaining the auditor's independence and has determined such services for fiscal 2006 and 2005 were compatible.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Auditor

The Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent auditor. The Audit Committee has established a policy regarding pre-approval of all audit and non-audit services provided by the independent auditor.

The Audit Committee, on a periodic basis, determines certain services that have the general pre-approval of the committee. The Audit Committee must separately pre-approve any services not receiving such general pre-approval. Requests for such approval must be submitted by both the auditor and the Chief Financial Officer and must include a joint statement as to whether, in their view, the request is consistent with the SEC's rules on auditor independence. No services are undertaken that are not pre-approved. The Audit Committee will establish pre-approved fee levels for all services to be provided by the auditor. On a periodic basis, the Chief Financial Officer and the auditor report to the Audit Committee regarding the actual spending for such projects and services compared to the approved amounts.

Report of the Audit Committee

The primary purpose of the Audit Committee is to assist the board of directors in its general oversight of the Corporation's financial reporting process. The Audit Committee conducted its oversight activities for Huron Consulting Group Inc. and subsidiaries (Huron) in accordance with the duties and responsibilities outlined in the Audit Committee charter.

Huron's management is responsible for the preparation, consistency, integrity and fair presentation of the financial statements, accounting and financial reporting principles, systems of internal control and procedures designed to ensure compliance with accounting standards, applicable laws, and regulations. Huron's independent auditors, PricewaterhouseCoopers LLP, are responsible for performing an independent audit of the financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States of America.

The Audit Committee, with the assistance and support of the Huron finance department and management of Huron, has fulfilled its objectives, duties and responsibilities as stipulated in the Audit Committee charter and has provided adequate and appropriate independent oversight and monitoring of Huron's systems of internal control for the fiscal year ended December 31, 2006.

These activities included, but were not limited to, the following during the fiscal year ended December 31, 2006:

Reviewed and discussed with management and the independent auditors the audited financial statements, the quarterly financial statements, and the quarterly and annual earnings press releases for the year ended December 31, 2006. Management has the primary responsibility for such financial statements and press releases.

Discussed with the independent auditors the matters requiring discussion by Statement on Auditing Standards No. 61 - Communication with Audit Committees.

Received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1 - Independence Discussions with Audit Committees, and discussed with the independent auditors their independence.

Table of Contents

In reliance on the committee's review and discussions of the matters referred to above, the Audit Committee recommended to the board of directors that the audited financial statements be included in Huron's Annual Report on Form 10-K for the fiscal year ended December 31, 2006 for filing with the Securities and Exchange Commission.
