2. Each of Yoshinori Yokoyama, Paul Sheard, Hirotaka Takeuchi, Takeshi Sasaki and Teruo Ozaki is a candidate for Outside Director. The following list sets forth the basis for each such candidate's candidacy for appointment as an Outside Director, and the length of Outside Director's term in office:
- (1) Mr. Yoshinori Yokoyama is a candidate for Outside Director. He successively served as director and served other positions at McKinsey & Company, Inc. He has a wealth of experience and knowledge as a business consultant, and is independent from the management engaged in the operations. He contributed to the Company by attending all of the meetings of the Board of Directors, Audit Committee and Compensation Committee held during the subject fiscal year, and by suitably participating in deliberations. He further served as Chairman of the Compensation Committee, and led discussions and deliberations on compensation structures and compensation levels which give incentive to focus on performance of the subject fiscal year as well as mid to long term results. He has been Outside Director for five years at the conclusion of this General Meeting of Shareholders.
  - (2) Mr. Paul Sheard is a candidate for Outside Director. He serves as a global chief economist of Lehman Brothers, Inc., is knowledgeable in the environment and the events surrounding the company management, and is independent from the management engaged in the operations. He contributed to the Company by attending almost all of the meeting of the Board of Directors and Nominating Committee held during the subject fiscal year, and by participating suitably in deliberations from a comprehensive perspective. He has been Outside Director for four years at the conclusion of this General Meeting of Shareholders.
  - (3) Mr. Hirotaka Takeuchi is a candidate for Outside Director because even if he was never involved in corporate management except as an Outside Director and Outside Corporate Auditor, he serves as the Dean of Hitotsubashi University Graduate School of International Corporate Strategy, is knowledgeable in the areas of corporate strategy, and is independent from the management engaged in the operations. He contributed to the Company by attending almost all the meetings of the Board of Directors, Nominating Committee and Audit Committee held during the subject fiscal year, and by participating suitably in deliberations. He further served as Chairman of the Nominating Committee, and led discussions in amending standards for election of directors in order to achieve an appropriate organizational structure and constituency of the board members and executive officers suitable for the Company's business operations. He has been Outside Director for three years at the conclusion of this General Meeting of Shareholders.
  - (4) Mr. Takeshi Sasaki is a candidate for Outside Director because even if he was never involved in corporate management except as an Outside Director, he served successively as the President of the University of Tokyo and the President of the Japan Association of National Universities, etc. He has a wealth of experience in university reform, etc., is knowledgeable in a wide range of issues in politics and society in general that surrounds the company management, and is independent from the management engaged in the operations. He contributed to the Company by attending all of the meetings of the Board of Directors, Nominating Committee and Compensation Committee held after his assumption of office on June 20, 2006, and provided remarks as to essential issues as a scholar. He has been Outside Director for one year at the conclusion of this General Meeting of Shareholders.
  - (5) Mr. Teruo Ozaki served as vice president of Asahi & Co (presently KPMG AZSA & Co), etc. and has a wealth of experience as a certified public accountant through serving as corporate auditor and director of other companies. He has in-depth knowledge as a financial expert required under Sarbanes-Oxley Act in the US ( SOX Act ). Some shareholders made inquiries as to his independence when he was elected as director last year since he was from the audit corporation which is the Company's current accounting auditor. However, a long time has passed since he left the corporation in September 2003, and he meets not only the standards of Outside Directors set forth in Japanese Company Law, but also satisfies the standards of independent directors set forth independently by New York Stock Exchange (although these standards are not applicable to the Company) and the standards of independent directors set forth in SOX Act. Furthermore, he has no special interest relationship with the accounting auditor of the Company which could affect his decision in performing his duties as Outside Director. He is a candidate for Outside Director based on the Nominating Committee's determination that there exists no issue as to his independence pursuant to Requirements for Independent Directors established by the Nominating Committee of the Company (see below). He contributed to the Company through use of his experience as an expert in finance and accounting by attending all of the meetings of the Board of Directors, Nominating Committee, Audit Committee and Compensation Committee held after he assumed his office on June 20, 2006 and by suitably participating in

During the subject fiscal year, he conducted aggregate of 30 hearings of the executive officers and responsible people of each division and department (of 16 business units), and evaluated and checked the effectiveness of the internal control system through close coordination with the internal audit unit. He also led discussions regarding standards of appointing accounting auditor. He has been Outside Director for one year at the conclusion of this General Meeting of Shareholders.

**Proposal 2: Issuance of Stock Acquisition Rights as Stock Options**

The shareholders are hereby requested to approve the delegation by the shareholders meeting of the Company to the Board of Directors of determination on matters concerning offering of stock acquisition rights to be issued as stock options to employees of the Company, directors, corporate auditors and employees of subsidiaries of the Company and of other companies that have a shareholding relationship with the Company, such as companies affiliated with the Company (hereinafter collectively referred to as the Subsidiaries etc. of the Company ), in accordance with Articles 236, 238 and 239 of the Company Law:

1. The reason for issuance of stock acquisition rights:

To further enhance the motivation of the employees of the Company and the directors, corporate auditors and employees of the Subsidiaries etc. of the Company to achieve better business results and to boost further their morale, and to further increase corporate value of the Company, the Company wishes to issue stock acquisition rights as stock options to the persons to be allocated stock acquisition rights referred in 2 below, as summarized in 3 below.

The Company believes that in light of the purposes stated above and the content and effect of the issuance, the issuance of stock acquisition rights as stock options pursuant to this Proposal does not necessarily constitute particularly advantageous terms (Article 238, Paragraph 3, Item 1) for the employees of the Company and the directors, corporate auditors and employees of the Subsidiaries etc. of the Company acquiring the stock acquisition rights, even if the issuance shall not require payment in exchange for the stock acquisition rights. However, since the issue of whether a grant of stock acquisition rights to directors, corporate auditors and employees of subsidiaries, etc. constitutes particularly advantageous terms has not yet been clarified under the Company Law (Law No. 86 of 2005), etc., in order to obtain shareholders' understanding as to the issuance of the stock acquisition rights by the Company, the shareholders are hereby requested to approve by a special resolution of the General Meeting of Shareholders.

2. Persons to be allocated stock acquisition rights:

Employees of the Company and directors, corporate auditors and employees of the Subsidiaries etc. of the Company

3. Summary of issuance of stock acquisition rights (the content and the maximum number, etc. of the stock acquisition rights, matters concerning offering of which may be determined by the Board of Directors pursuant to the delegation by this General Meeting of Shareholders)

(1) Type and number of shares to be issued pursuant to the grant of stock acquisition rights

The number of shares to be issued shall be 10 shares per unit of the stock acquisition rights. If the Company effects a share split (including allocation of shares for free, hereinafter the same) or reverse share split, which becomes effective after the conclusion of this Annual General Meeting of Shareholders, the number of shares to be issued upon exercise of the stock acquisition rights shall be adjusted according to the following formula; provided, however, that such adjustment shall be made only to the number of shares to be issued upon exercise of the stock acquisition rights that have not been exercised at the time of the share split or reverse share split, and any fractional amount of less than one share resulting from such calculation shall be disregarded.

$$\begin{array}{l} \text{Number of shares} \\ \text{to be issued} \\ \text{after adjustment} \end{array} = \begin{array}{l} \text{Number of shares} \\ \text{to be issued} \\ \text{before adjustment} \end{array} \times \begin{array}{l} \text{Ratio of share} \\ \text{split or reverse} \\ \text{share split} \end{array}$$

## Edgar Filing: ORIX CORP - Form 6-K

**Table of Contents**

- (2) The maximum number of stock acquisition rights

The maximum number of stock acquisition rights to be issued shall be 11,200 units. The total number of shares to be issued or transferred upon exercise of the stock acquisition rights shall not exceed 112,000 ordinary shares of the Company, provided, however, that if the adjustment to the number of shares for the stock acquisition rights set forth in 3 (1) above has been made, the total number of shares to be issued or transferred upon exercise of the stock acquisition rights shall be adjusted as well..

The Exercise Price shall be equal to the average of the closing prices of ordinary shares of the Company traded on the Tokyo Stock Exchange on each of the 30 trading days (excluding days on which no trading is made) commencing on the 45<sup>th</sup> trading day preceding the date on which the Exercise Price is determined, i.e., one day before the allocation day, with fractional amounts of less than one yen to be rounded up to one yen; provided, however, that if the price so calculated is less than the closing price on the date that the Exercise Price is determined (or if there is no closing price on that day, the closing price on the closest trading day preceding the date when the Exercise Price is determined), the Exercise Price shall be such closing price.

In the event that there is a share split or a reverse share split, which becomes effective after the conclusion of this Annual General Meeting of Shareholders, the Exercise Price shall be adjusted in accordance with the following formula, and any fractional amount of less than one yen resulting from such adjustment shall be rounded up to one yen.

In the event that the Company issues shares or disposes of treasury stock at a price less than the then-current market price after the conclusion of this Annual General Meeting of Shareholders (excluding instances of conversions of the former convertible bonds before the amendments by Law No. 128 of 2001, transfers of treasury stock under the former Article 210-2 Paragraph 2 of the Commercial Code before the amendments by Law No. 79 of 2001, exercise of the former warrant certificates, exercise of the former warrants under the provisions of former Article 280-19 of the Commercial Code, and exercise of stock acquisition rights (including those attached to bonds with stock acquisition rights)), the Exercise Price per share shall be adjusted in accordance with the following formula, and any fractional amount of less than one yen resulting from such adjustment shall be rounded up to one yen.

$$\begin{array}{l} \text{Number of shares} \\ \text{issued shares} \end{array} \times \text{Amount paid for one share}$$

 \text{adjustment} & = & \text{adjustment} & \times & \text{already issued} & + & \text{Number of newly} & \\
 & & & & & & \text{issued shares} &

The Number of shares already issued in the formula above shall be the number of shares that is the balance that remains after deducting the number of shares held by the Company from the total number of shares issued, and in the event that the Company disposes of treasury stock, the number of newly issued shares shall be replaced with number of treasury stock to be disposed of.
