To the Plan Administrator

Spectrum Brands 401(k) Retirement Savings Plan

We have audited the accompanying statement of net assets available for plan benefits of the Spectrum Brands 401(k) Retirement Savings Plan as of December 31, 2006 and 2005, and the related statement of changes in net assets available for plan benefits for the year ended December 31, 2006. These financial statements are the responsibility of the plan's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the plan as of December 31, 2006, and the changes in net assets available for plan benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Spectrum Brands 401(k) Retirement of Savings Plan, as listed in the table of contents, is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental information is the responsibility of the plan's management. The supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS

December 31, 2006 and 2005

**NOTE 1 - Description of the Plan**

The following description of the Spectrum Brands 401(k) Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

*General*

The Plan, originally effective as of July 1, 1983 and formerly known as the Rayovac 401(k) Retirement Savings Plan was amended and restated in its entirety on May 1, 2006. The Plan, as amended and restated, is intended to qualify as a profit-sharing plan under Internal Revenue Code Section 401(a), and includes a cash or deferred arrangement that is intended to qualify under Code Section 401(k). The plan is maintained for the exclusive benefit of eligible employees and their beneficiaries.

The Plan is a defined contribution plan covering the employees of various companies under Spectrum Brands, Inc. (the Company or the Plan Sponsor). The purpose of the Plan is to provide supplemental support for participants upon their retirement. It is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Until May 1, 2006, the Plan's assets were included in the Master Trust for Spectrum Brands, Inc. (Master Trust). The Master Trust also included the assets of the Rayovac 401(k) Savings Plan for Hourly Employees. On May 1, 2006, the Master Trust changed their trustee from New York Life Trust Company to Prudential Bank & Trust, FSB. All assets included in the Master Trust were transferred to the Plan effective May 1, 2006. Simultaneously, the Plan changed its name from the Rayovac 401(k) Retirement Savings Plan to the Spectrum Brands 401(k) Retirement Savings Plan and merged in several other plans including the Rayovac 401(k) Savings Plan for Hourly Employees thus eliminating the Master Trust.

Effective May 1, 2006, the following were merged into the Plan: the Rayovac 401(k) Retirement Savings Plan for Hourly Employees, United Pet Group, Inc. 401(k) Profit Sharing Plan, Eight In One Pet Products, Inc. 401(k) Profit Sharing Plan, Tetra Savings Plan, Spectrum Brands Retirement Savings Plan & Trust, Firstrax Inc. 401(k) Profit Sharing Plan & Trust, and the Jungle Laboratories Corporation 401(k) Retirement Plan.

Effective October 1, 2006, The Wonder Company 401(k) Profit Sharing Plan & Trust was merged into the Plan.

All assets and liabilities of the merged plans were transferred to and made part of the Plan. Each employee who was eligible to participate in a merged plan immediately prior to a merger date continued to be eligible to participate in the Plan on and after the respective merger date. A participant's service credited for eligibility and vesting purposes under a merged plan as of the respective merger date, was included as eligibility and vesting service under the Plan to the extent eligibility and vesting service are credited under the Plan.

*Eligibility*

Each Company employee who was an eligible employee immediately prior to a merger date continued to be an eligible employee subsequent to the merger. Each other Company employee, other than a United Industries Bargaining Unit Employee or a Rayovac union employee, shall become an eligible employee as of the next enrollment date following the date on which they become an employee.

**NOTES TO FINANCIAL STATEMENTS**

December 31, 2006 and 2005

**NOTE 2 - Summary of Significant Accounting Policies (cont.)**

*Valuation of Investments and Income Recognition*

The fair value of the Plan's investments is based on the beginning of year value of the Plan's interest in the assets (based on the fair value of the respective investments, as described in the following paragraph) plus actual contributions and allocated investment income, including unrealized gains and losses, less actual distributions, and allocated administrative expenses.

Investments in shares of mutual funds are stated at quoted net asset values. Investments in shares of Spectrum Brands common stock are stated at quoted market prices,

Assets transferred into the Plan from other retirement plans on May 1 or October 1, 2006 as discussed in Note 1, were recorded at fair market value.

Purchases and sales of securities are reflected on a trade-date basis. The Plan reports realized and unrealized gains and losses for financial statement purposes based on revalued cost wherein cost is determined to be fair value at the end of the prior plan year, or historical cost if the investment was acquired since the beginning of the plan year, as required by the Department of Labor.

The Plan's investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the values of investments, it is at least reasonably possible that changes in risks in the near term would materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits and the statement of changes in net assets available for plan benefits.

*Benefits paid*

Benefits paid to participants are recorded upon distribution.

*Administrative Expenses*

Expenses incurred in the administration of the Plan are paid both by the Plan and by the Company. Administrative expenses for 2006 were approximately \$30,000. The fees paid by the Company for 2006 were approximately \$14,000. The fees paid by the Plan for 2006 were approximately \$16,000.

*Use of Estimates*

The Plan Administrator has made a number of estimates and assumptions relating to the reporting of net assets available for plan benefits and the disclosure of contingent liabilities at the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period to prepare these financial statements in conformity with accounting principles generally accepted in the United States of America. Actual results could differ from those estimates.

**NOTES TO FINANCIAL STATEMENTS**

December 31, 2006 and 2005

**NOTE 2 - Summary of Significant Accounting Policies (cont.)**

*Participant Loans*

Participants may receive loans from their accounts up to the lesser of 50% of the individual participant's vested account balance or \$50,000. If the participant has received a loan in the past, however, the \$50,000 limit is reduced by the highest outstanding loan balance during the preceding 12-month period. Loan terms must not exceed five years, except in the case of loans used for purchase of a primary residence, in which case the loan period will be determined at the time the loan is made, but may not exceed ten years. Loans are secured by the vested balance in the participant's account and bear interest at a reasonable rate commensurate with current interest rates charged for loans made under similar circumstances. Principal and interest payments are due on a quarterly basis or more often and are reinvested in the investment option(s) selected by the participant.

**NOTE 3 - Party-in-interest Transactions**

The Plan has not considered Company contributions to the Plan or benefits paid by the Plan for participants as party-in-interest transactions.

Fees incurred by the Plan for investment management services amounted to approximately \$16,000 for the year ended December 31, 2006.

Fees paid during the year for legal, accounting, actuarial, and other professional services rendered by parties-in-interest were based on customary and reasonable rates for such services.

**NOTE 4 - Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated October 2, 2001, that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator believes that the Plan is currently designed and being operated in accordance with the applicable requirements of the Internal Revenue Code and, therefore, the plan continues to qualify under Section 401(k) and the related trust continues to be tax-exempt as of December 31, 2006. Therefore, no provision for income taxes is included in the Plan's financial statements.

**NOTE 5 - Investment Contract With Insurance Company**

*Nature and Operation of Contract*

In 2006, the Plan entered into a benefit-responsive investment contract with Prudential Retirement Insurance and Annuity Company (Prudential Insurance) as part of the Spectrum Brands Stable Value Fund. Prudential Insurance maintains the contributions in a general account. Under the group annuity insurance contract that supports this product, participants may ordinarily direct permitted withdrawals or transfers of all or a portion of their account balance at Contract Value within reasonable timeframes. Contract Value represents deposits made to the contract, plus earnings at guaranteed crediting rates, less withdrawals and fees. The contract is effected directly between the plan sponsor (or their trustee) and the issuer. The repayment of principal and interest credited to participants is a financial obligation of the issuer. Given these provisions, the trustee considers this contract to be benefit responsive.

NOTES TO FINANCIAL STATEMENTS

**NOTE 5 - Investment Contract With Insurance Company (cont.)**

*Interest Crediting Rates*

Interest is credited on contract balances using a single portfolio rate approach. Under this methodology, a single interest crediting rate is applied to all contributions made to the product regardless of the timing of those contributions. Interest crediting rates are reviewed on a semi-annual basis for resetting.

When establishing interest crediting rates for this product, Prudential Insurance considers many factors, including current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account. These rates are established without the use of a specific formula. The minimum crediting rate under the contract is 1.50%.

*Average Yield*

The Average Earnings Yield shown is calculated by dividing the earnings credited to the Plan on the last day of the plan year by the end of plan year Fair Value and then annualizing the result. The Average Crediting Rate Yield shown is calculated by dividing the earnings credited to the participants on the last day of the plan year by the end of plan year Fair Value and then annualizing the result. As a result of current Stable Value product construction, no adjustment will be required to mediate between the average earnings credited to the Plan and the average earnings credited to the participants. Note that for products whose Fair Value differs from Contract Value and/or for products that have multiple rate changes during the plan year, these reported yields may differ from the actual earnings rates crediting to the Plan as well as the actual crediting rates paid to participants during the full plan year. Average Yields for the Plan are as follows as of December 31:

	<b>2006</b>
Average Yield Earned by the Plan	3.65%
Average Yield Credited to Participants	3.65%
Earned Yield less Credited Yield	0.00%

*Events*

Generally, there are not any events that could limit the ability of the Plan to transact at Contract Value paid within 90 days or in rare circumstances, Contract Value paid over time.

There are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at an amount different than Contract Value paid either within 90 days or overtime.

## NOTES TO FINANCIAL STATEMENTS

December 31, 2006 and 2005

**NOTE 6 - Plan Termination**

The Company has the right under the Plan agreement to reduce or cease contributions at the discretion of the Board of Directors, or to amend the Plan at any time and in any respect. However, no such action may deprive any participant or beneficiary under the Plan of any vested right. In the event the Plan is wholly or partially terminated, or upon the complete discontinuance of contributions under the Plan by any entity that is a part of the Company, each participant's interest in their account shall be nonforfeitable on the date of such termination or discontinuance.
