RECENT DEVELOPMENTS

On May 31, 2007, Wachovia and A.G. Edwards, Inc. (A.G. Edwards) announced that they had entered into an Agreement and Plan of Merger, dated May 30, 2007, that provides, among other things, for A.G. Edwards to be merged with a wholly-owned subsidiary of Wachovia (the Merger). As a result of the Merger, each outstanding share of A.G. Edwards common stock will be converted into a right to receive 0.9844 shares of Wachovia common stock and \$35.80 in cash.

The Merger is intended to be treated as a tax-free reorganization to Wachovia and A.G. Edwards and otherwise tax free to A.G. Edwards shareholders, except to the extent they receive cash, and is to be accounted for as a purchase. Consummation of the Merger is subject to various conditions, including: (i) receipt of the approvals of A.G. Edwards' shareholders; (ii) receipt of requisite regulatory approvals, including approval of banking and securities regulatory authorities and the expiration or termination of the waiting period under the Hart-Scott-Rodino Act; (iii) receipt of legal opinions as to the tax treatment of the Merger; and (iv) listing on the New York Stock Exchange, Inc., subject to notice of issuance, of Wachovia's common stock to be issued in the Merger.

USE OF PROCEEDS

Wachovia currently intends to use the net proceeds from the sale of the Securities for general corporate purposes, which may include:

reducing debt

investments at the holding company level

investing in, or extending credit to, our operating subsidiaries

possible acquisitions and

stock repurchases

Edgar Filing: WACHOVIA CORP NEW - Form 424B5

Pending such use, we may temporarily invest the net proceeds. The precise amounts and timing of the application of proceeds will depend upon our funding requirements and the availability of other funds.

Based upon our historical and anticipated future growth and our financial needs, we may engage in additional financings of a character and amount that we determine as the need arises.

CLEARSTREAM AND EUROCLEAR CLEARANCE AND SETTLEMENT

The Securities will be issued in the form of one or more fully registered global securities which will be deposited with, or on behalf of, DTC and registered in the name of Cede & Co., DTC's nominee. Beneficial interests in the registered global securities will be represented through book-entry accounts of financial institutions acting on behalf of beneficial owners as direct and indirect participants in DTC. Investors may elect to hold interests in the registered global securities held by DTC through Clearstream Banking AG, société anonyme, or any successor thereto (Clearstream) or Euroclear Bank S.A./N.V., as operator of the Euroclear

S-4

Table of Contents

system (the Euroclear operator), if they are participants in such systems, or indirectly through organizations which are participants in such systems. Clearstream and the Euroclear operator will hold interests on behalf of their participants through customers' securities accounts in Clearstream's and the Euroclear operator's names on the books of their respective depositaries, which in turn will hold such interests in customers' securities accounts in the depositaries' names on the books of DTC. Citibank, N.A. will act as depositary for Clearstream and JPMorgan Chase Bank will act as depositary for the Euroclear operator (in such capacities, the U.S. depositaries).

Clearstream and the Euroclear operator have informed Wachovia that Clearstream and the Euroclear operator each hold securities for their customers and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Clearstream and the Euroclear operator provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream and the Euroclear operator also deal with domestic securities markets in several countries through established depositary and custodial relationships. Clearstream and the Euroclear operator have established an electronic bridge between their two systems across which their respective participants may settle trades with each other.

Clearstream and the Euroclear operator customers are world-wide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Clearstream and the Euroclear operator is available to other institutions which clear through or maintain a custodial relationship with an account holder of either system.

Distributions with respect to the Securities held through Clearstream will be credited to cash accounts of Clearstream customers in accordance with its rules and procedures, to the extent received by the U.S. depositary for Clearstream.

Securities clearance accounts and cash accounts with the Euroclear operator are governed by the Terms and Conditions Governing Use of Euroclear and the related Operating Procedures of the Euroclear System, and applicable Belgian law (collectively, the terms and conditions). The terms and conditions govern transfers of securities and cash within the Euroclear system, withdrawals of securities and cash from the Euroclear system, and receipts of payments with respect to securities in the Euroclear system. All securities in the Euroclear system are held on a fungible basis without attribution of specific certificates to specific securities clearance accounts. The Euroclear operator acts under the terms and conditions only on behalf of Euroclear participants and has no record of or relationship with persons holding through Euroclear participants.

Distributions with respect to the Securities held beneficially through the Euroclear system will be credited to the cash accounts of Euroclear participants in accordance with the terms and conditions, to the extent received by the U.S. depositary for Euroclear.

The Euroclear operator further advises that investors that acquire, hold and transfer interests in the Securities by book-entry through accounts with the Euroclear operator or any other securities intermediary are subject to the laws and contractual provisions governing their relationship with their intermediary, as well as the laws and contractual provisions governing the relationship between such an intermediary and each other intermediary, if any, standing between themselves and the registered global securities.

The Euroclear operator advises as follows: under Belgian law, investors that are credited with securities on the records of the Euroclear operator have a co-property right in the fungible pool of interests in securities on deposit with the Euroclear operator in an amount equal to the amount of interests in securities credited to their accounts. In the event of the insolvency of the Euroclear operator, Euroclear participants would have a right under Belgian law to the return of the amount and type of interests in securities credited to their accounts with the Euroclear operator. If the Euroclear operator does not have a sufficient amount of interests in securities on deposit of a particular type to cover the claims of all participants credited with such interests

Table of Contents

in securities on the Euroclear operator's records, all participants having an amount of interests in securities of such type credited to their accounts with the Euroclear operator will have the right under Belgian law to the return of their pro-rata share of the amount of interests in securities actually on deposit.

Under Belgian law, the Euroclear operator is required to pass on the benefits of ownership in any interests in securities on deposit with it (such as dividends, voting rights and other entitlements) to any person credited with such interests in securities on its records.

Individual certificates in respect of the Securities may be issued in exchange for the registered global securities.

Title to book-entry interests in the Securities will pass by book-entry registration of the transfer within the records of Clearstream, Euroclear or DTC, as the case may be, in accordance with their respective procedures. Book-entry interests in the Securities may be transferred within Clearstream and within Euroclear and between Clearstream and Euroclear in accordance with procedures established for these purposes by Clearstream and Euroclear. Book-entry interests in the Securities may be transferred within DTC in accordance with procedures established for this purpose by DTC. Transfers of book-entry interests in the Securities among Clearstream and Euroclear and DTC may be effected in accordance with procedures established for this purpose by Clearstream, Euroclear and DTC.

A further description of DTC's procedures with respect to the registered global securities is set forth in the prospectus under Global Securities. DTC has confirmed to Wachovia, Wachovia Capital Markets, LLC and the trustees that it intends to follow such procedures.

Initial settlement for the Securities will be made in immediately available funds. Secondary market trading between DTC participants will occur in the ordinary way in accordance with DTC's rules and will be settled in immediately available funds using DTC's Same-Day Funds Settlement System. Secondary market trading between Clearstream customers and/or Euroclear participants will occur in the ordinary way in accordance with the applicable rules and operating procedures of Clearstream and Euroclear and will be settled using the procedures applicable to conventional Eurobonds in immediately available funds.

Cross-market transfers between persons holding directly or indirectly through DTC on the one hand, and directly or indirectly through Clearstream customers or Euroclear participants, on the other, will be effected through DTC in accordance with DTC's rules on behalf of the relevant European international clearing system by its U.S. depository; however, such cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in such system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, deliver instructions to its U.S. depository to take action to effect final settlement on its behalf by delivering interests in the securities to or receiving interests in the Securities from DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream customers and Euroclear participants may not deliver instructions directly to their respective U.S. depositories.

Because of time-zone differences, credits of interests in the Securities received in Clearstream or Euroclear as a result of a transaction with a DTC participant will be made during subsequent securities settlement processing and dated the business day following the DTC settlement date. Such credits or any transactions involving interests in such Securities settled during such processing will be reported to the relevant Clearstream customers or Euroclear participants on such business day. Cash received in Clearstream or Euroclear as a result of sales of interests in the Securities by or through a Clearstream customer or a Euroclear participant to a DTC participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream or Euroclear cash account only as of the business day following settlement in DTC.

Table of Contents

Although DTC, Clearstream and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of interests in the Securities among participants of DTC, Clearstream and Euroclear, they are under no obligation to perform or continue to perform such procedures and such procedures may be changed or discontinued at any time.

After the Securities are released for sale in the public, the offering prices and other selling terms may from time to time be varied by the underwriters.

This prospectus supplement and the attached prospectus may be used by Wachovia Capital Markets, LLC, an affiliate of Wachovia, or any other affiliate of Wachovia, in connection with offers and sales related to market-making or other transactions in the Securities. Wachovia Capital Markets, LLC or any other such affiliate of Wachovia, may act as principal or agent in such transactions. Such sales will be made at prices related to prevailing market prices at the time of sale or otherwise.

The participation of Wachovia Capital Markets, LLC in the offer and sale of the Securities will comply with the requirements of Rule 2720 of the National Association of Securities Dealers, Inc. (the "NASD") regarding underwriting securities of an affiliate. No NASD member participating in offers and sales will execute a transaction in the Securities in a discretionary account without the prior specific written approval of such member's customer.

From time to time the underwriters engage in transactions with Wachovia in the ordinary course of business. The underwriters have performed investment banking services for Wachovia in the last two years and have received fees for these services.

Wachovia Capital Markets, LLC, on behalf of the underwriters, may engage in over-allotment, stabilizing transactions, syndicate covering transactions and penalty bids in accordance with Regulation M under the Securities Exchange Act of 1934. Over-allotment involves syndicate sales in excess of the offering size, which creates a syndicate short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Syndicate covering transactions involve purchases of the Securities in the open market after the distribution has been completed in order to cover syndicate short positions. Penalty bids permit reclaiming a selling concession from a syndicate member when the Securities originally sold by such syndicate member are purchased in a syndicate covering transaction to cover syndicate short positions. Such stabilizing transactions, syndicate covering transactions and penalty bids may cause the price of the Securities to be higher than it would otherwise be in the absence of such transactions.

TAX CONSIDERATIONS

This section describes the material United States federal income tax consequences of owning the Securities Wachovia is offering. It applies to you only if you hold your Securities as capital assets for tax purposes. This section does not apply to you if you are a member of a class of holders subject to special rules, such as:

a dealer in securities or currencies,

a trader in securities that elects to use a mark-to-market method of accounting for your securities holdings,

a bank,

a life insurance company,

a tax-exempt organization,

a person that owns Securities as part of a straddle or conversion transaction for tax purposes,

a person that owns Securities that are a hedge of or that are hedged against interest rate risks, or

a United States Holder (as defined below) whose functional currency for tax purposes is not the U.S. dollar.

This section is based on the Internal Revenue Code of 1986, as amended, its legislative history, existing and proposed regulations under the Internal Revenue Code, published rulings and court decisions, all as currently in effect. These laws are subject to change, possibly on a retroactive basis.

If a partnership holds the Securities, the United States federal income tax treatment of a partner will generally depend on the status of the partner and the tax treatment of the partnership. A partner in a partnership holding the Securities should consult its tax advisor with regard to the United States federal income tax treatment of an investment in the Securities.

Please consult your own tax advisor concerning the consequences of owning these Securities in your particular circumstances under the Internal Revenue Code and the laws of any other taxing jurisdiction.

United States Holders

Edgar Filing: WACHOVIA CORP NEW - Form 424B5

This subsection describes the tax consequences to a United States holder. You are a United States holder if you are a beneficial owner of a Security and you are:

a citizen or resident of the United States,

a domestic corporation,

an estate whose income is subject to United States federal income tax regardless of its source, or

a trust if a United States court can exercise primary supervision over the trust's administration and one or more United States persons are authorized to control all substantial decisions of the trust.

If you are not a United States holder, this section does not apply to you and you should refer to [United States Alien Holders](#) below.

Payments of Interest

You will be taxed on any interest on your Security as ordinary income at the time you receive the interest or when it accrues, depending on your method of accounting for tax purposes. In addition, if you

S-11

Table of Contents

acquire your Security at a price other than the initial offering price the rules related to market discount or amortizable bond premium may also apply to your Security.

Market Discount

You will be treated as if you purchased your Security at a market discount, and your Security will be a market discount Security if:

the difference between the Security's principal amount and the price you paid for your Security is equal to or greater than $\frac{1}{4}$ of 1 percent of your Security's principal amount multiplied by the number of complete years to the Security's maturity.

If your Security's principal amount does not exceed the price you paid for the Security by $\frac{1}{4}$ of 1 percent multiplied by the number of complete years to the Security's maturity, the excess constitutes *de minimis* market discount, and the rules discussed below are not applicable to you.

You must treat any gain you recognize on the maturity or disposition of your market discount Security as ordinary income to the extent of the accrued market discount on your Security. Alternatively, you may elect to include market discount in income currently over the life of your Security. If you make this election, it will apply to all debt instruments with market discount that you acquire on or after the first day of the first taxable year to which the election applies. You may not revoke this election without the consent of the Internal Revenue Service. If you own a market discount Security and do not make this election, you will generally be required to defer deductions for interest on borrowings allocable to your Security in an amount not exceeding the accrued market discount on your Security until the maturity or disposition of your Security.

You will accrue market discount on your market discount Security on a straight-line basis unless you elect to accrue market discount using a constant-yield method. If you make this election, it will apply only to the Security with respect to which it is made and you may not revoke it.

Securities Purchased at a Premium

If you purchase your Security for an amount in excess of its principal amount, you may elect to treat the excess as amortizable bond premium. If you make this election, you will reduce the amount required to be included in your income each year with respect to interest on your Security by the amount of amortizable bond premium allocable to that year, based on your Security's yield to maturity. If you make an election to amortize bond premium, it will apply to all debt instruments, other than debt instruments the interest on which is excludible from gross income, that you hold at the beginning of the first taxable year to which the election applies or that you thereafter acquire, and you may not revoke it without the consent of the Internal Revenue Service.

Sale or Retirement of Securities

You will generally recognize capital gain or loss on the sale or retirement of your Security equal to the difference between the amount you realize on the sale or retirement, excluding any amounts attributable to accrued but unpaid interest or accrued market discount, and your tax

Edgar Filing: WACHOVIA CORP NEW - Form 424B5

basis in your Security. Your tax basis in your Security will generally be its cost, increased by the amount of any market discount previously included in income with respect to your Security, and decreased by the amount of any amortizable bond premium applied to reduce interest on your Security. Capital gain of a noncorporate United States holder that is recognized in a taxable year beginning before January 1, 2011 is generally taxed at a maximum rate of 15% where the holder has a holding period greater than one year. The deduction for capital losses is subject to limitations.

United States Alien Holders

This subsection describes the tax consequences to a United States alien holder. You are a United States alien holder if you are the beneficial owner of a Security and are, for United States federal income tax purposes:

a nonresident alien individual,

a foreign corporation, or

an estate or trust that in either case is not subject to United States federal income tax on a net income basis on income or gain from a Security.

If you are a United States holder, this section does not apply to you.

Under present United States federal income and estate tax law, and subject to the discussion of backup withholding below, if you are a United States alien holder of a Security:

we and other payors will generally not be required to deduct United States withholding tax from payments of principal, premium, if any, and interest to you if, in the case of payments of interest:

1. you do not actually or constructively own 10% or more of the total combined voting power of all classes of stock of Wachovia entitled to vote,
2. you are not a controlled foreign corporation that is related to Wachovia through stock ownership, and
3. the U.S. payor does not have actual knowledge or reason to know that you are a United States person and:
 - a. you have furnished to the U.S. payor an Internal Revenue Service Form W-8BEN or an acceptable substitute form upon which you certify, under penalties of perjury, that you are a non-United States person,
 - b. in the case of payments made outside the United States to you at an offshore account (generally, an account maintained by you at a bank or other financial institution at any location outside the United States), you have furnished to the U.S. payor documentation that establishes your identity and your status as the beneficial owner of the payment for United States federal income tax purpose and as a non-United States person,
 - c. the U.S. payor has received a withholding certificate (furnished on an appropriate Internal Revenue Service Form W-8 or an acceptable substitute form) from a person claiming to be:

Edgar Filing: WACHOVIA CORP NEW - Form 424B5

- i. a withholding foreign partnership (generally a foreign partnership that has entered into an agreement with the Internal Revenue Service to assume primary withholding responsibility with respect to distributions and guaranteed payments it makes to its partners),
- ii. a qualified intermediary (generally a non-United States financial institution or clearing organization or a non-United States branch or office of a United States financial institution or clearing organization that is a party to a withholding agreement with the Internal Revenue Service), or
- iii. a U.S. branch of a non-United States bank or of a non-United States insurance company,

and the withholding foreign partnership, qualified intermediary or U.S. branch has received documentation upon which it may rely to treat the payment as made to a non- United States person that is, for United States federal income tax purposes, the

S-13

beneficial owner of the payment on the Security in accordance with U.S. Treasury regulations (or, in the case of a qualified intermediary, in accordance with its agreement with the Internal Revenue Service),

- d. the U.S. payor receives a statement from a securities clearing organization, bank or other financial institution that holds customers' securities in the ordinary course of its trade or business,
 - i. certifying to the U.S. payor under penalties of perjury that an Internal Revenue Service Form W-8BEN or an acceptable substitute form has been received from you by it or by a similar financial institution between it and you, and
 - ii. to which is attached a copy of the Internal Revenue Service Form W-8BEN or acceptable substitute form, or
- e. the U.S. payor otherwise possesses documentation upon which it may rely to treat the payment as made to a non-United States person that is, for United States federal income tax purposes, the beneficial owner of the payment on the Security in accordance with U.S. Treasury regulations; and

no deduction for any United States federal withholding tax will be made from any gain that you realize on the sale or exchange of your Note.

Further, a Security held by an individual who at death is not a citizen or resident of the United States will not be includible in the individual's gross estate for United States federal estate tax purposes if:

the decedent did not actually or constructively own 10% or more of the total combined voting power of all classes of stock of Wachovia entitled to vote at the time of death and

the income on the Security would not have been effectively connected with a United States trade or business of the decedent at the same time.

Backup Withholding and Information Reporting

United States Holders

In general, if you are a noncorporate United States holder, Wachovia and other payors are required to report to the Internal Revenue Service all payments of principal, any premium and interest on your Security.

In addition, the proceeds of the sale of your Security before maturity within the United States will be reported to the Internal Revenue Service. Additionally, backup withholding will apply to any payments if you fail to provide an accurate taxpayer identification number, or you are notified by the Internal Revenue Service that you have failed to report all interest and dividends required to be shown on your federal income tax

returns.

United States Alien Holders

In general, payments of principal, premium or interest, made by us and other payors to you will not be subject to backup withholding and information reporting, provided that the certification requirements described above under *United States Alien Holders* are satisfied or you otherwise establish an exemption. However, we and other payors are required to report payments of interest on your Securities on Internal Revenue Service Form 1042-S even if the payments are not otherwise subject to information reporting requirements. In addition, payment of the proceeds from the sale of Securities effected at a United States office of a broker will not be subject to backup withholding and information reporting provided that:

the broker does not have actual knowledge or reason to know that you are a United States person and you have furnished to the broker:

an appropriate Internal Revenue Service Form W-8 or an acceptable substitute form upon which you certify, under penalties of perjury, that you are not a United States person, or

S-14

other documentation upon which it may rely to treat the payment as made to a non-United States person in accordance with U.S. Treasury regulations, or

you otherwise establish an exemption.

If you fail to establish an exemption and the broker does not possess adequate documentation of your status as a non-United States person, the payments may be subject to information reporting and backup withholding. However, backup withholding will not apply with respect to payments made to an offshore account maintained by you unless the broker has actual knowledge that you are a United States person.

In general, payment of the proceeds from the sale of Securities effected at a foreign office of a broker will not be subject to information reporting or backup withholding. However, a sale effected at a foreign office of a broker will be subject to information reporting and backup withholding if:

the proceeds are transferred to an account maintained by you in the United States,

the payment of proceeds or the confirmation of the sale is mailed to you at a United States address, or

the sale has some other specified connection with the United States as provided in U.S. Treasury regulations,

unless the broker does not have actual knowledge or reason to know that you are a United States person and the documentation requirements described above (relating to a sale of effected at a United States office of a broker) are met or you otherwise establish an exemption.

In addition, payment of the proceeds from the sale of Securities effected at a foreign office of a broker will be subject to information reporting if the broker is:

a United States person,

a controlled foreign corporation for United States tax purposes,

a foreign person 50% or more of whose gross income is effectively connected with the conduct of a United States trade or business for a specified three-year period, or

a foreign partnership, if at any time during its tax year:

one or more of its partners are U.S. persons, as defined in U.S. Treasury regulations, who in the aggregate hold more than 50% of the income or capital interest in the partnership, or

Edgar Filing: WACHOVIA CORP NEW - Form 424B5

such foreign partnership is engaged in the conduct of a United States trade or business,

unless the broker does not have actual knowledge or reason to know that you are a United States person and the documentation requirements described above (relating to a sale of Securities effected at a United States office of a broker) are met or you otherwise establish an exemption. Backup withholding will apply if the sale is subject to information reporting and the broker has actual knowledge that you are a United States person.

WACHOVIA CORPORATION

Wachovia was incorporated under the laws of North Carolina in 1967. We are registered as a financial holding company and a bank holding company under the Bank Holding Company Act of 1956, as amended, and are supervised and regulated by the Board of Governors of the Federal Reserve System. Our banking and securities subsidiaries are supervised and regulated by various federal and state banking and securities regulatory authorities. On September 1, 2001, the former Wachovia Corporation merged with and into First Union Corporation, and First Union Corporation changed its name to Wachovia Corporation.

In addition to North Carolina, Wachovia's full-service banking subsidiaries operate in Alabama, Connecticut, Delaware, Florida, Georgia, Maryland, Mississippi, New Jersey, New York, Pennsylvania, South Carolina, Tennessee, Texas, Virginia and Washington, D.C. These full-service banking subsidiaries provide a wide range of commercial and retail banking and trust services. Wachovia also provides various other financial services, including mortgage banking, home equity lending, leasing, investment banking, insurance and securities brokerage services through other subsidiaries.

In 1985, the Supreme Court upheld regional interstate banking legislation. Since then, Wachovia has concentrated its efforts on building a large regional banking organization in what it perceives to be some of the better banking markets in the eastern United States. Since November 1985, Wachovia has completed over 100 banking-related acquisitions.

Wachovia continually evaluates its business operations and organizational structures to ensure they are aligned closely with its goal of maximizing performance in its core business lines, Capital Management, Wealth Management, the General Bank and Corporate and Investment Banking. When consistent with our overall business strategy, we may consider the disposition of certain of our assets, branches, subsidiaries or lines of business. We continue to routinely explore acquisition opportunities, particularly in areas that would complement our core business lines, and frequently conduct due diligence activities in connection with possible acquisitions. As a result, acquisition discussions and, in some cases, negotiations frequently take place, and future acquisitions involving cash, debt or equity securities can be expected.

Wachovia is a separate and distinct legal entity from its banking and other subsidiaries. Dividends received from our subsidiaries are our principal source of funds to pay dividends on our common and preferred stock and debt service on our debt. Various federal and state statutes and regulations limit the amount of dividends that our banking and other subsidiaries may pay to us without regulatory approval.

Table of Contents**USE OF PROCEEDS**

Wachovia currently intends to use the net proceeds from the sale of any securities for general corporate purposes, which may include

reducing debt

investments at the holding company level

investing in, or extending credit to, our operating subsidiaries

possible acquisitions

stock repurchases and

other purposes as mentioned in any prospectus supplement.

Pending such use, we may temporarily invest the net proceeds. The precise amounts and timing of the application of proceeds will depend upon our funding requirements and the availability of other funds. Except as mentioned in any prospectus supplement, specific allocations of the proceeds to such purposes will not have been made at the date of that prospectus supplement.

Based upon our historical and anticipated future growth and our financial needs, we may engage in additional financings of a character and amount that we determine as the need arises.

CONSOLIDATED EARNINGS RATIOS

The following table provides Wachovia's consolidated ratios of earnings to fixed charges and preferred stock dividends:

	Three Months Ended	Years Ended December 31,				
	March 31,					
	2005	2004	2003	2002	2001	2000
Consolidated Ratios of Earnings to Fixed Charges and Preferred Stock Dividends						
Excluding interest on deposits	3.31x	3.83	3.63	2.91	1.61	1.13

Including interest on deposits	2.16x	2.37	2.30	1.79	1.27	1.06
--------------------------------	-------	------	------	------	------	------

For purposes of computing these ratios

earnings represent income from continuing operations before extraordinary items and cumulative effect of a change in accounting principles, plus income taxes and fixed charges (excluding capitalized interest);

fixed charges, excluding interest on deposits, represent interest (including capitalized interest), one-third of rents and all amortization of debt issuance costs; and

fixed charges, including interest on deposits, represent all interest (including capitalized interest), one-third of rents and all amortization of debt issuance costs.

One-third of rents is used because it is the proportion deemed representative of the interest factor.

REGULATORY CONSIDERATIONS

As a financial holding company and a bank holding company under the Bank Holding Company Act, the Federal Reserve Board regulates, supervises and examines Wachovia. For a discussion of the material elements of the regulatory framework applicable to financial holding companies, bank holding companies and their subsidiaries and specific information relevant to Wachovia, please refer to Wachovia's annual report on Form 10-K for the fiscal year ended December 31, 2004, and any subsequent reports we file with the SEC, which are incorporated by reference in this prospectus. This regulatory framework is intended primarily for the protection of depositors and the federal deposit insurance funds and not for the protection of security holders. As a result of this regulatory framework, Wachovia's earnings are affected by actions of the Federal Reserve Board, the Office of Comptroller of the Currency, that regulates our banking subsidiaries, the Federal Deposit Insurance Corporation, that insures the deposits of our banking subsidiaries within certain limits, and the SEC, that regulates the activities of certain subsidiaries engaged in the securities business.

Wachovia's earnings are also affected by general economic conditions, our management policies and legislative action.

In addition, there are numerous governmental requirements and regulations that affect our business activities. A change in applicable statutes, regulations or regulatory policy may have a material effect on Wachovia's business.

Depository institutions, like Wachovia's bank subsidiaries, are also affected by various federal laws, including those relating to consumer protection and similar matters. Wachovia also has other financial services subsidiaries regulated, supervised and examined by the Federal Reserve Board, as well as other relevant state and federal regulatory agencies and self-regulatory organizations. Wachovia's non-bank subsidiaries may be subject to other laws and regulations of the federal government or the various states in which they are authorized to do business.

DESCRIPTION OF COMMON STOCK

The following information outlines some of the provisions in Wachovia's articles of incorporation, bylaws and the North Carolina Business Corporation Act (the NCBC Act). This information is qualified in all respects by reference to the provisions of Wachovia's articles, bylaws and the NCBC Act.

Authorized Common Stock

Wachovia's authorized common stock consists of 3,000,000,000 shares of common stock, par value \$3.33¹/₃ per share. As of March 31, 2005, 1,576,428,733 shares of common stock were issued and outstanding. Wachovia's common stock is listed on the New York Stock Exchange under the symbol WB.

General

Subject to the prior rights of any Wachovia preferred stockholder, Class A preferred stockholder and depositary shareholder then outstanding, common stockholders are entitled to receive such dividends as Wachovia's board of directors may declare out of funds legally available for these payments. In the event of liquidation or dissolution, common stockholders are entitled to receive Wachovia's net assets remaining after paying all liabilities and after paying all preferred stockholders, Class A preferred stockholders, holders of Wachovia's Dividend Equalization Preferred shares and depositary shareholders the full preferential amounts to which those holders are entitled.

Under an indenture between Wachovia and Wilmington Trust Company, as trustee, Wachovia agreed that it generally will not pay any dividends on, or acquire or make a liquidation payment relating to, any of Wachovia's common stock, preferred stock and Class A preferred stock, if, at any time, there is a default under the indenture or a related Wachovia guarantee or Wachovia has deferred interest payments on the securities issued under the indenture. In connection with a corporate reorganization of a Wachovia subsidiary, The Money Store LLC, Wachovia agreed that it could declare or pay a dividend on Wachovia common stock only after quarterly distributions of an estimated \$1.8 million have been paid in full on The Money Store LLC preferred units for each quarterly period occurring prior to the proposed common stock cash dividend.

Subject to the prior rights of any preferred stockholders, Class A preferred stockholders and depositary shareholders, common stockholders have all voting rights, each share being entitled to one vote on all matters requiring stockholder action and in electing directors. Common stockholders have no preemptive, subscription or conversion rights. All of the outstanding shares of common stock are, and any common stock issued and sold hereunder will be, fully paid and nonassessable.

Wachovia Bank, National Association is the transfer agent, registrar and dividend disbursement agent for the common stock.

Where appropriate, the applicable prospectus supplement will describe the U.S. federal income tax considerations relevant to the common stock.

Rights Plan

Under Wachovia's Shareholder Protection Rights Agreement, each outstanding common stock share has a right attached to it. This right remains attached unless a separation time occurs. At separation time, common stockholders will receive separate certificates for these rights. Each right entitles its owner to purchase at separation time one one-hundredth of a share of a participating series of Class A preferred stock for \$105. This series of Class A preferred stock would have economic and voting terms similar to those of one common stock share. Separation time would generally occur at the earlier of the following two dates:

the tenth business day after any person commences a tender or exchange offer that, if completed, would entitle that person to 10% or more of Wachovia's outstanding common stock

Table of Contents

or

the tenth business day after Wachovia publicly announces that a person has acquired beneficial ownership of 10% or more of Wachovia's outstanding common stock.

These rights will not trade separately from the shares of common stock until the separation time occurs, and may be exercised on the business day immediately after the separation time. The rights will expire at the earliest of:

the date on which Wachovia's board of directors elects to exchange the rights for Wachovia common stock shares as described below

the close of business on December 28, 2010, unless extended by our board of directors or

the date on which the rights are terminated as described below.

Once Wachovia publicly announces that a person has acquired 10% of Wachovia's outstanding common stock, Wachovia can allow for rights holders to buy our common stock for half of its market value. For example, Wachovia would sell to each rights holder common stock shares worth \$210 for \$105 in cash. At the same time, any rights held by the 10% owner or any of its affiliates, associates or transferees will be void. In addition, if Wachovia is acquired in a merger or other business combination after a person has become a 10% owner, the rights held by stockholders would become exercisable to purchase the acquiring company's common stock for half of its market value.

In the alternative, Wachovia's board of directors may elect to exchange all of the then outstanding rights for shares of common stock at an exchange ratio of two common stock shares for one right. Upon election of this exchange, a right will no longer be exercisable and will only represent a right to receive two common stock shares.

If Wachovia is required to issue common stock shares upon the exercise of rights, or in exchange for rights, the board may substitute shares of participating Class A preferred stock. The substitution will be at a rate of two one-hundredths of a share of participating Class A preferred stock for each right exchanged.

The rights may be terminated without any payment to holders before their exercise date. The rights have no voting rights and are not entitled to dividends.

The rights will not prevent a takeover of Wachovia. The rights, however, may cause substantial dilution to a person or group that acquires 10% or more of common stock unless Wachovia's board first terminates the rights. Nevertheless, the rights should not interfere with a transaction that is in Wachovia's and its stockholders' best interests because the rights can be terminated by the board before that transaction is completed.

The complete terms of the rights are contained in the Shareholder Protection Rights Agreement. This agreement is incorporated by reference as an exhibit to the registration statement of which this prospectus is a part, and the description above is qualified entirely by that document. A

Other Provisions

Wachovia's articles and bylaws contain various provisions which may discourage or delay attempts to gain control of Wachovia. Wachovia's articles include provisions

classifying the board of directors into three classes, each class to serve for three years, with one class elected annually

Table of Contents

authorizing the board of directors to fix the size of the board between nine and 30 directors

authorizing directors to fill vacancies on the board occurring between annual stockholder meetings, except that vacancies resulting from a director's removal by a stockholder vote may only be filled by a stockholder vote

providing that directors may be removed only for a valid reason and only by majority vote of shares entitled to vote in electing directors, voting as a single class

authorizing only the board of directors, Wachovia's Chairman or President to call a special meeting of stockholders, except for special meetings called under special circumstances for classes or series of stock ranking superior to common stock and

requiring an 80% stockholder vote by holders entitled to vote in electing directors, voting as a single class, to alter any of the above provisions.

Wachovia's bylaws include specific conditions under which business may be transacted at annual stockholders' meetings, and persons may be nominated for election as Wachovia directors at annual stockholders' meetings.

The Change in Bank Control Act prohibits a person or group of persons from acquiring control of a bank holding company unless

the Federal Reserve Board has been given 60 days' prior written notice of the proposed acquisition and

within that time period, the Federal Reserve Board has not issued a notice disapproving the proposed acquisition or extending for up to another 30 days the period during which such a disapproval may be issued

or unless the acquisition otherwise requires Federal Reserve Board approval. An acquisition may be made before expiration of the disapproval period if the Federal Reserve Board issues written notice that it intends not to disapprove the action. It is generally assumed that the acquisition of more than 10% of a class of voting stock of a bank holding company with publicly held securities, such as Wachovia, would constitute the acquisition of control.

In addition, any company would be required to obtain Federal Reserve Board approval before acquiring 25% or more of the outstanding common stock of Wachovia. If the acquiror is a bank holding company, this approval is required before acquiring 5% of the outstanding common stock. Obtaining control over Wachovia would also require Federal Reserve Board approval. Control generally means

the ownership or control of 25% or more of a bank holding company voting securities class,

the ability to elect a majority of the bank holding company's directors, or

the ability otherwise to exercise a controlling influence over the bank holding company's management and policies.

Edgar Filing: WACHOVIA CORP NEW - Form 424B5

Two North Carolina shareholder protection statutes adopted in 1987, The North Carolina Shareholder Protection Act and The North Carolina Control Share Acquisition Act, allowed North Carolina corporations to elect to either be covered or not be covered by these statutes. Wachovia elected not to be covered by these statutes.

In addition, in certain instances the ability of Wachovia's board to issue authorized but unissued shares of common stock, preferred stock or Class A preferred stock may have an anti-takeover effect.

Existence of the above provisions could result in Wachovia being less attractive to a potential acquiror, or result in Wachovia stockholders receiving less for their shares of common stock than otherwise might be available if there is a takeover attempt.

DESCRIPTION OF PREFERRED STOCK AND CLASS A PREFERRED STOCK

The following information outlines some of the provisions of the preferred stock and the Class A preferred stock. This information may not be complete in all respects and is qualified entirely by reference to Wachovia's articles, as amended with respect to each series of preferred stock or Class A preferred stock. Our articles are, and any amendments to the articles will be, incorporated by reference in the registration statement of which this prospectus is a part for the issuance of any series of preferred stock or Class A preferred stock. This information relates to terms and conditions that apply to the preferred stock as a class and the Class A preferred stock as a class. The specific terms of any series of preferred stock or Class A preferred stock will be described in the relevant prospectus supplement. If so described in a prospectus supplement, the terms of that series may differ from the general description of the terms described below.

Authorized Preferred Stock

Wachovia's authorized preferred stock consists of 10,000,000 shares of preferred stock, no-par value, and 40,000,000 shares of Class A preferred stock, no-par value and 500,000,000 Dividend Equalization Preferred shares, no par value. As of March 31, 2005, no shares of preferred stock and no shares of Class A preferred stock were issued and outstanding, and approximately 97 million Dividend Equalization Preferred shares were issued and outstanding in connection with the merger of the former Wachovia Corporation and First Union Corporation. The Dividend Equalization Preferred shares are not being offered by this prospectus.

General

Under Wachovia's articles, the preferred stock and the Class A preferred stock may be issued from time to time in one or more series, upon board authorization and without stockholder approval. Within certain legal limits, the board is authorized to determine the

voting powers

designation

preferences and relative, participating, optional or other rights

qualifications, limitations or restrictions, including any

dividend rights

conversion rights

exchange rights

redemption rights

liquidation preferences

voting rights and

the designation and number of shares and the terms and conditions of their issuance

of any series of preferred stock or Class A preferred stock. Thus, the board, without stockholder approval, could authorize preferred stock or Class A preferred stock to be issued with voting, conversion and other rights that could adversely affect the voting power and other rights of common stockholders or other outstanding series of preferred stock or Class A preferred stock.

Each series of preferred stock or Class A preferred stock will have the dividend, liquidation, redemption and voting rights described below unless otherwise described in a prospectus supplement pertaining to a specific series of preferred stock or Class A preferred stock. The relevant prospectus supplement will describe

Table of Contents

the following terms of the series of preferred stock or Class A preferred stock in respect of which this prospectus is being delivered

the designation of that series and the number of shares offered

the amount of the liquidation preference per share or the method of calculating that amount

the initial public offering price at which shares of that series will be issued

the dividend rate or the method of calculating that rate, the dates on which dividends will be paid and the dates from which dividends will begin to cumulate

the dates the preferred stock become subject to redemption at our option, and any redemption terms

any redemption or sinking fund provisions

any conversion or exchange rights

any additional voting and other rights, preferences, privileges, qualifications, limitations and restrictions

any securities exchange listing

the relative ranking and preferences of that series as to dividend rights and rights upon any liquidation, dissolution or winding up of Wachovia and

any other terms of that series.

Under the indenture between Wachovia and Wilmington Trust Company, as trustee, Wachovia agreed that it generally will not pay any dividends on, or acquire or make a liquidation payment relating to, any of Wachovia's common stock, preferred stock and Class A preferred stock, if, at any time, there is a default under the indenture or a related Wachovia guarantee or Wachovia has delayed interest payments on the securities issued under the indenture.

Shares of preferred stock and Class A preferred stock, when issued against full payment of their purchase price, will be fully paid and nonassessable. The liquidation preference of any series of preferred stock or Class A preferred stock does not necessarily indicate the price at which shares of that series of preferred stock or Class A preferred stock will actually trade on or after the issue date.

Where appropriate, the applicable prospectus supplement will describe the U.S. federal income tax considerations relevant to the preferred stock.

Rank

Each series of preferred stock and Class A preferred stock will, with respect to dividend rights and rights upon Wachovia's liquidation, dissolution or winding up, rank prior or superior to common stock. All shares of each series of preferred stock will be of equal rank with each other. Shares of Class A preferred stock will rank equal or junior to, but not prior or superior to, any series of preferred stock. Subject to the foregoing and the terms of any particular Class A preferred stock series, Class A preferred stock series may vary as to priority within that class.

Dividends

Holders of each series of preferred stock and Class A preferred stock will be entitled to receive, when, as and if Wachovia's board declares, cash dividends, payable at the dates and at the rates per share as described in the relevant prospectus supplement. Those rates may be fixed, variable or both.

Dividends may be cumulative or noncumulative, as described in the relevant prospectus supplement. If dividends on a series of preferred stock or Class A preferred stock are noncumulative and if Wachovia's board fails to declare a dividend for a dividend period for that series, then holders of that preferred stock or Class A

Table of Contents

preferred stock will have no right to receive a dividend for that dividend period, and Wachovia will have no obligation to pay the dividend for that period, whether or not dividends are declared for any future dividend payment dates. If dividends on a series of preferred stock or Class A preferred stock are cumulative, the dividends on those shares will accrue from and after the date mentioned in the relevant prospectus supplement.

No full dividends may be paid on any series of preferred stock or Class A preferred stock ranking as to dividends equal or junior to the series of preferred stock or Class A preferred stock offered by the relevant prospectus supplement for any period unless full dividends for the immediately preceding dividend period on that offered stock, including any accumulation of unpaid dividends, if dividends on such offered stock are cumulative, are paid. When dividends are not paid in full upon such offered stock and any other parity stock, dividends upon that stock will be declared on a proportional basis so that the amount of dividends declared per share will bear to each other the same ratio that accrued dividends for the current dividend period per share on the offered stock, including any accumulated unpaid dividends, if dividends on such offered stock are cumulative, and accrued dividends, including any accumulations on such parity stock, bear to each other. No interest will be payable in respect of any dividend payment on such offered stock that may be in arrears. Unless full dividends on the offered stock have been paid for the immediately preceding dividend period, including any accumulated dividends, if dividends on such offered stock are cumulative

no cash dividend or distribution (other than in junior stock) may be paid on junior stock (including common stock)

Wachovia may not acquire any junior stock except by conversion into or exchange for junior stock and

Wachovia may not acquire any parity stock otherwise than pursuant to pro rata offers to purchase all, or a pro rata portion, of the offered stock and such parity stock, except by conversion into or exchange for junior stock.

Any dividend payment made on a preferred stock or Class A preferred stock series will first be credited against the earliest accrued but unpaid dividend due with respect to shares of that series that remains payable.

Redemption

The terms on which any series of preferred stock or Class A preferred stock may be redeemed will be in the relevant prospectus supplement. All shares of preferred stock or Class A preferred stock Wachovia redeems, purchases or acquires, including shares surrendered for conversion or exchange, shall be cancelled and restored to the status of authorized but unissued shares of preferred stock or Class A preferred stock, as the case may be, undesignated as to series.

Liquidation

In the event of Wachovia's voluntary or involuntary liquidation, dissolution or winding up, preferred stockholders or Class A preferred stockholders will be entitled, subject to creditors' rights, but before any distribution to common stockholders or any other junior stock, to receive a liquidating distribution in the amount of the liquidation preference per share as mentioned in the relevant prospectus supplement, plus accrued and unpaid dividends for the current dividend period. This would include any accumulation of unpaid dividends for prior dividend periods, if dividends on that series of preferred stock or Class A preferred stock are cumulative. If the amounts available for distribution upon Wachovia's liquidation, dissolution or winding up are not sufficient to satisfy the full liquidation rights of all the outstanding preferred stock or Class A preferred stock and all stock ranking equal to that preferred stock or Class A preferred stock, then the holders of each series of that stock will

Edgar Filing: WACHOVIA CORP NEW - Form 424B5

share ratably in any distribution of assets in proportion to the full respective preferential amount, which may include accumulated dividends, to which they are entitled. After the full amount of the liquidation preference is paid, the holders of preferred stock or Class A preferred stock will not be entitled to any further participation in any distribution of Wachovia's assets.

Table of Contents

Voting

The voting rights of preferred stock or Class A preferred stock of any series will be described in the relevant prospectus supplement. The shares of any series of preferred stock having voting rights may not have more than one vote per share. The shares of any series of Class A preferred stock having voting rights shall have the number of votes per share, which may be more or less than one, as are specified in the amendment to Wachovia's articles with respect to that series and in the relevant prospectus supplement.

The NCBC Act provides that, regardless of whether a class or series of shares is granted voting rights by the terms of Wachovia's articles, the shareholders of that class or series are entitled to vote as a separate voting group, or together with other similarly affected series, on certain amendments to Wachovia's articles and certain other fundamental changes to Wachovia that directly affect that class or series.

Under Federal Reserve Board regulations, if the holders of any series of preferred stock or Class A preferred stock become entitled to vote for the election of directors because dividends on that series are in arrears, that series may then be deemed a class of voting securities, and a holder of 25% or more of that series (or a holder of 5% or more if it otherwise exercises a controlling influence over Wachovia) may then be subject to regulation as a bank holding company. In addition, in that event

any bank holding company may be required to obtain Federal Reserve Board approval, and any foreign bank, and any company that controls a foreign bank, that has certain types of U.S. banking operations may be required to obtain Federal Reserve Board approval under the International Banking Act of 1978, to acquire 5% or more of any series of preferred stock or Class A preferred stock and

any person other than a bank holding company may be required to obtain Federal Reserve Board approval under the Change in Bank Control Act to acquire 10% or more of that series of preferred stock or Class A preferred stock.

Conversion or Exchange

The terms on which preferred stock or Class A preferred stock of any series may be converted into or exchanged for another class or series of securities will be described in the relevant prospectus supplement.

Other Rights

The shares of a series of preferred stock or Class A preferred stock may have the preferences, voting powers or relative, participating, optional or other special rights as may be described in the relevant prospectus supplement, Wachovia's articles, or as otherwise required by law. The holders of preferred stock and Class A preferred stock will not have any preemptive rights to subscribe to any Wachovia securities.

DESCRIPTION OF DEPOSITARY SHARES

The following information outlines some of the provisions of the deposit agreement, the depositary shares and the depositary receipts. This information may not be complete in all respects and is qualified entirely by reference to the relevant deposit agreement and depositary receipts with respect to the depositary shares relating to any particular series of preferred stock or Class A preferred stock. The specific terms of any series of depositary shares will be described in the relevant prospectus supplement. If so described in the prospectus supplement, the terms of that series of depositary shares may differ from the general description of terms presented below.

General

Wachovia may elect to offer fractional interests in shares of preferred stock or Class A preferred stock, instead of whole shares of preferred stock or Class A preferred stock. If so, Wachovia will allow a depositary to issue to the public depositary shares, each of which will represent a fractional interest as described in the relevant prospectus supplement, of a share of preferred stock or Class A preferred stock.

The shares of the preferred stock or the Class A preferred stock series underlying any depositary shares will be deposited under a separate deposit agreement between Wachovia and a bank or trust company acting as depositary with respect to that series. The depositary will have its principal office in the United States and have a combined capital and surplus of at least \$50,000,000. The relevant prospectus supplement relating to a series of depositary shares will mention the name and address of the depositary. Under the relevant deposit agreement, each owner of a depositary share will be entitled, in proportion to its fractional interest in a share of the preferred stock or the Class A preferred stock underlying that depositary share, to all the rights and preferences of that preferred stock or Class A preferred stock, including dividend, voting, redemption, conversion, exchange and liquidation rights.

Depositary shares will be evidenced by one or more depositary receipts issued under the relevant deposit agreement.

Pending the preparation of definitive engraved depositary receipts, a depositary may, upon Wachovia's order, issue temporary depositary receipts substantially identical to and entitling their holders to all the rights pertaining to the definitive depositary receipts but not in definitive form. Definitive depositary receipts will be prepared without unreasonable delay, and the temporary depositary receipts will be exchangeable for definitive depositary receipts at Wachovia's expense.

Where appropriate, the applicable prospectus supplement will describe the U.S. federal income tax considerations relevant to the depositary shares.

Dividends and Other Distributions

The depositary will distribute all cash dividends or other cash distributions in respect of the preferred stock or the Class A preferred stock to the record depositary shareholders based on the number of the depositary shares owned by that holder on the relevant record date. The depositary will distribute only that amount which can be distributed without attributing to any depositary shareholders a fraction of one cent, and any

Edgar Filing: WACHOVIA CORP NEW - Form 424B5

balance not so distributed will be added to and treated as part of the next sum received by the depositary for distribution to record depositary shareholders.

If there is a distribution other than in cash, the depositary will distribute property to the entitled record depositary shareholders, unless the depositary determines that it is not feasible to make that distribution. In that case the depositary may, with Wachovia's approval, adopt the method it deems equitable and practicable

Table of Contents

for making that distribution, including any sale of property and the distribution of the net proceeds from this sale to the concerned holders.

Each deposit agreement will also contain provisions relating to the manner in which any subscription or similar rights Wachovia offers to preferred stockholders or the Class A preferred stockholders of the relevant series will be made available to depositary shareholders.

Withdrawal of Stock

Upon surrender of depositary receipts at the depositary's office, the holder of the relevant depositary shares will be entitled to the number of whole shares of the related preferred stock series or Class A preferred stock series and any money or other property those depositary shares represent. Depositary shareholders will be entitled to receive whole shares of the related preferred stock series or Class A preferred stock series on the basis described in the relevant prospectus supplement, but holders of those whole preferred stock shares or Class A preferred stock shares will not afterwards be entitled to receive depositary shares in exchange for their shares. If the depositary receipts the holder delivers evidence a depositary share number exceeding the whole share number of the related preferred stock series or Class A preferred stock series to be withdrawn, the depositary will deliver to that holder a new depositary receipt evidencing the excess depositary share number.

Redemption; Liquidation

The terms on which the depositary shares relating to the preferred stock or the Class A preferred stock of any series may be redeemed, and any amounts distributable upon Wachovia's liquidation, dissolution or winding up, will be described in the relevant prospectus supplement.

Conversion and Exchange

If any series of preferred stock or Class A preferred stock is subject to conversion or exchange, the rights or obligations of each record holder of depositary shares to convert or exchange the depositary shares will be described in the relevant prospectus supplement.

Voting

Any voting rights of holders of the depositary shares are directly dependent on the voting rights of the underlying preferred stock, which customarily have limited voting rights. Upon receiving notice of any meeting at which preferred stockholders or Class A preferred stockholders of any series are entitled to vote, the depositary will mail the information contained in that notice to the record depositary shareholders relating to those series of preferred stock or Class A preferred stock. Each depositary shareholder on the record date will be entitled to instruct the depositary on how to vote the shares of preferred stock or Class A preferred stock underlying that holder's depositary shares. The depositary will vote the preferred stock shares or Class A preferred stock shares underlying those depositary shares according to those instructions, and Wachovia will take reasonably necessary actions to enable the depositary to do so. If the depositary does not receive specific instructions from the depositary shareholders relating to such preferred stock or Class A preferred stock, it will abstain from voting those preferred stock shares or Class A preferred stock shares, unless otherwise mentioned in the relevant prospectus supplement.

Amendment and Termination of Depositary Agreement

The depositary receipt form evidencing the depositary shares and the relevant deposit agreement may be amended by Wachovia and the depositary. However, any amendment that significantly affects the rights of

Table of Contents

the depositary shareholders will not be effective unless a majority of the outstanding depositary shareholders approve that amendment. Wachovia or the depositary may terminate a deposit agreement only if

Wachovia has redeemed or reacquired all outstanding depositary shares relating to the deposit agreement

all preferred stock or Class A preferred stock of the relevant series has been withdrawn or

there has been a final distribution in respect of the preferred stock or the Class A preferred stock of the relevant series in connection with Wachovia's liquidation, dissolution or winding up and such distribution has been made to the related depositary shareholders.

Charges of Depositary

Wachovia will pay all charges of each depositary in connection with the initial deposit and any redemption of the preferred stock or the Class A preferred stock. Depositary shareholders will be required to pay any other transfer and other taxes and governmental charges and any other charges expressly provided in the deposit agreement to be for their accounts. The depositary may refuse to effect any transfer of a depositary receipt or any withdrawals of preferred stock evidenced by a depositary receipt until all taxes, assessments, and governmental charges, with respect to the depositary receipt or preferred stock are paid by their holders.

Miscellaneous

Each depositary will forward to the relevant depositary shareholders all Wachovia reports and communications that Wachovia is required to furnish to preferred stockholders or Class A preferred stockholders of the relevant series.

Neither any depositary nor Wachovia will be liable if it is prevented or delayed by law or any circumstance beyond its control in performing its obligations under any deposit agreement. The obligations of Wachovia and each depositary under any deposit agreement will be limited to performance in good faith of their duties under that agreement, and they will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares, preferred stock or Class A preferred stock unless they are provided with satisfactory indemnity. They may rely upon written advice of counsel or accountants, or information provided by persons presenting preferred stock or Class A preferred stock for deposit, depositary shareholders or other persons believed to be competent and on documents believed to be genuine.

Title

Resignation and Removal of Depositary

A depositary may resign at any time by delivering to Wachovia notice of its election, and Wachovia may remove a depositary, and resignation or removal will take effect upon the appointment of a successor depositary and its acceptance of appointment. That successor depositary must

be appointed within 60 days after delivery of the notice of resignation or removal

be a bank or trust company having its principal office in the United States and

have combined capital and surplus of at least \$50,000,000.

DESCRIPTION OF DEBT SECURITIES

General

The following information outlines some of the provisions of the indentures and the debt securities. This information may not be complete in all respects, and is qualified entirely by reference to the indenture under which the debt securities are issued. These indentures are incorporated by reference as exhibits to the registration statement of which this prospectus is a part. This information relates to certain terms and conditions that generally apply to the debt securities. The specific terms of any series of debt securities will be described in the relevant prospectus supplement. As you read this section, please remember that the specific terms of the debt securities will supplement and, if applicable, may modify or replace the general terms described in this section. If your prospectus supplement is inconsistent with this prospectus, your prospectus supplement will control with regard to that debt security. Thus, the statements we make in this section may not apply to your debt security.

Senior debt securities will be issued under an indenture, dated as of April 1, 1983, as amended and supplemented, between Wachovia and JPMorgan Chase Bank, National Association (formerly known as The Chase Manhattan Bank), as trustee. Subordinated debt securities will be issued under an indenture, dated as of March 15, 1986, as amended, and supplemented, between Wachovia and J.P. Morgan Trust Company, National Association (formerly known as Bank One Trust Company, N.A.), as trustee. Each of the senior and the subordinated debt securities constitutes a single series of debt securities of Wachovia issued under the senior and the subordinated indenture, respectively. The provisions of each indenture allow us not only to issue debt securities with terms different from those of debt securities previously issued under that indenture, but also to reopen a previously issued series of debt securities and issue additional debt securities of that series. The term debt securities, as used in this prospectus, refers to all debt securities issued and issuable from time to time under the relevant indenture. The indentures are subject to, and governed by, the Trust Indenture Act of 1939, as amended. These indentures are more fully described below in this section. Whenever we refer to specific provisions or defined terms in one or both of the indentures, those provisions or defined terms are incorporated in this prospectus by reference. Section references used in this discussion are references to the relevant indenture. Capitalized terms which are not otherwise defined shall have the meaning given to them in the relevant indenture. As long as the debt securities are listed on the Luxembourg Stock Exchange, the indentures will be available for inspection at the offices of the Luxembourg Listing Agent and Luxembourg Paying Agent and Transfer Agent.

The debt securities will be limited to an aggregate initial offering price of \$22,265,000,000, or at Wachovia's option if so specified in the relevant prospectus supplement, the equivalent of this amount in any other currency or currency unit, and will be Wachovia's direct, unsecured obligations. The debt securities will not be deposits or other bank obligations and will not be FDIC insured.

The indentures do not limit the aggregate principal amount of debt securities or of any particular series of debt securities which may be issued under the indentures and provide that these debt securities may be issued at various times in one or more series, in each case with the same or various maturities, at par or at a discount. (Section 301) The indentures provide that there may be more than one trustee under the indentures with respect to different series of debt securities. As of March 31, 2005, \$16.0 billion aggregate principal amount of senior debt securities was outstanding under the senior indenture. The senior trustee is trustee for such series. As of March 31, 2005, \$31.9 billion aggregate principal amount of subordinated debt securities was outstanding under the subordinated indenture. The subordinated trustee is trustee for such series.

The indentures do not limit the amount of other debt that Wachovia may issue and do not contain financial or similar restrictive covenants. As of March 31, 2005, Wachovia had an aggregate of \$27.4 billion of short-term senior indebtedness outstanding which consisted primarily of commercial paper. Wachovia expects from time to time to incur additional senior indebtedness and Other Financial Obligations (as defined below). The indentures do not prohibit or limit additional senior indebtedness or Other Financial Obligations.

Table of Contents

Because Wachovia is a holding company and a legal entity separate and distinct from its subsidiaries, Wachovia's rights to participate in any distribution of assets of any subsidiary upon its liquidation, reorganization or otherwise, and the holders of debt securities' ability to benefit indirectly from such distribution, would be subject to prior creditors' claims, except to the extent that Wachovia itself may be a creditor of that subsidiary with recognized claims. Claims on Wachovia's subsidiary banks by creditors other than Wachovia include long-term debt and substantial obligations with respect to deposit liabilities and federal funds purchased, securities sold under repurchase agreements, other short-term borrowings and various other financial obligations. The indentures do not contain any covenants designed to afford holders of debt securities protection in the event of a highly leveraged transaction involving Wachovia.

the terms and conditions of any obligation or right of Wachovia or a holder to convert or exchange subordinated debt securities into other securities and

any other key aspects of the debt securities not specified in this prospectus. (*Section 301*)

Where appropriate, the applicable prospectus supplement will describe the U.S. federal income tax considerations relevant to the debt securities.

Unless otherwise described in the relevant prospectus supplement, principal, premium, and interest, if any, on the debt securities will be payable, and the debt securities will be transferable, at the Corporate Trust Office of Wachovia Bank, National Association in Charlotte, North Carolina or, for so long as the debt securities are listed on the Luxembourg Stock Exchange, at the offices of the Luxembourg Paying Agent and Transfer Agent, except that interest may be paid at Wachovia's option by check mailed to the address of the holder entitled to it as it appears on the security register. (*Sections 301, 305 and 1002*)

Unless otherwise described in the relevant prospectus supplement, the debt securities will be issued only in fully registered form, without coupons, in denominations of \$1,000 and any integral multiples of \$1,000. (*Section 302*) The indentures provide that debt securities of any series may be issued in permanent global form (*Section 301*) and, unless otherwise described in the relevant prospectus supplement, debt securities will be issued in permanent global form. See Global Securities. No service charge will be made for any registration of transfer or exchange of the debt securities, but Wachovia may require payment to cover any tax or other governmental charge payable in connection with a transfer or exchange. (*Section 305*)

Both senior debt securities and subordinated debt securities may be issued as original issue discount securities to be offered and sold at a substantial discount below their stated principal amount. Federal income tax consequences and other special considerations that apply to any original issue discount securities will be described in the relevant prospectus supplement. The term original issue discount security means any security which provides for an amount less than its principal amount to be due and payable upon the acceleration of its maturity in accordance with the related indenture. (*Section 101*)

We refer to the relevant prospectus supplement relating to any series of debt securities that are original issue discount securities for the particular provisions relating to acceleration of the maturity of a portion of the principal amount of such original issue discount securities upon a continuing event of default.

No Sinking Fund

Unless stated otherwise in the prospectus supplement, our debt securities will not be entitled to the benefit of any sinking fund. This means that we will not deposit money on a regular basis into any separate custodial account to repay the debt securities.

Redemption

The prospectus supplement will indicate whether we may redeem the debt securities prior to their maturity date. If we may redeem the debt securities prior to maturity, the prospectus supplement will indicate the redemption price and the method for redemption as well as any other applicable redemption terms.

Repayment

The prospectus supplement will indicate whether the debt securities can be repaid at the holder's option prior to their maturity date. If the debt securities may be repaid prior to maturity, the prospectus supplement will indicate our cost to repay the debt securities and the procedure for repayment as well as any other applicable repayment terms.

Table of Contents

Repurchase

We, or our affiliates, may repurchase debt securities from investors who are willing to sell them from time to time, either in the open market at prevailing prices or in private transactions at negotiated prices. We, or our affiliates, have the discretion to hold or resell any repurchased debt securities. We also have the discretion to cancel any repurchased debt securities.

Reopenings

We have the ability to reopen a series of our debt securities. This means that we can increase the principal amount of a series of our debt securities by selling additional debt securities with the same terms. We may do so without notice to the existing holders of debt securities of that series. However, any new debt securities of this kind may begin to bear interest at a different date and they may be offered or sold at prices that are different from the original offering or sale of the same series of debt securities depending on then-prevailing market conditions.

Subordination of the Subordinated Debt Securities

Wachovia's obligations to make any payment of the principal and interest on any subordinated debt securities will, to the extent the subordinated indenture specifies, be subordinate and junior in right of payment to all of Wachovia's senior indebtedness. Unless otherwise specified in the prospectus supplement relating to a specific series of subordinated debt securities, Wachovia's senior indebtedness is defined in the subordinated indenture to mean the principal of, premium and interest, if any, on

all Wachovia indebtedness for money borrowed, including indebtedness Wachovia guarantees, other than the subordinated debt securities, whether outstanding on the date of execution of the indenture or incurred afterward, except

any obligations on account of Existing Subordinated Indebtedness and

indebtedness as is by its terms expressly stated to be not superior in payment right to the subordinated debt securities or to rank equal to the subordinated debt securities and

any deferrals, renewals or extensions of any such senior indebtedness. (*Section 101* of the subordinated indenture)

The payment of the principal and interest on the subordinated debt securities will, to the extent described in the subordinated indenture, be subordinated in payment right to the prior payment of all senior indebtedness. Unless otherwise described in the prospectus supplement relating to the specific series of subordinated debt securities, in certain events of insolvency, the payment of the principal and interest on the subordinated debt securities, other than subordinated debt securities that are also Existing Subordinated Indebtedness, will, to the extent described in the subordinated indenture, also be effectively subordinated in payment right to the prior payment of all Other Financial Obligations. Upon any payment or distribution of assets to creditors under Wachovia's liquidation, dissolution, winding up, reorganization, assignment for the benefit of creditors, or any bankruptcy, insolvency or similar proceedings, all senior indebtedness holders will be entitled to receive payment in full of all amounts due before the subordinated debt securities holders will be entitled to receive any payment in respect of the principal or interest on their securities. If upon any such payment or asset distribution to creditors, there remains, after giving effect to those subordination provisions in favor of senior indebtedness holders, any amount of cash, property or securities available for payment or distribution

Edgar Filing: WACHOVIA CORP NEW - Form 424B5

in respect of subordinated debt securities (defined in the subordinated indenture as Excess Proceeds) and if, at that time, any Entitled Persons (as defined below) in respect of Other Financial Obligations have not received payment of all amounts due on such Other Financial Obligations, then such Excess Proceeds shall first be applied to pay these Other Financial Obligations before any payment may be applied to the subordinated debt securities which are not Existing Subordinated Indebtedness. In the event of the acceleration of the maturity of any subordinated debt securities, all senior indebtedness holders will be entitled to receive payment of all amounts due before the subordinated debt securities holders will be entitled

Table of Contents

to receive any payment upon the principal of or interest on their subordinated debt securities. (*Sections 1403, 1404 and 1413* of the subordinated indenture)

By reason of such subordination in favor of senior indebtedness holders, in the event of insolvency, Wachovia's creditors who are not senior indebtedness holders or subordinated debt securities holders may recover less, ratably, than senior indebtedness holders and may recover more, ratably, than subordinated debt securities holders. By reason of the obligation of subordinated debt securities holders (other than Existing Subordinated Indebtedness) to pay over any Excess Proceeds to Entitled Persons in respect to Other Financial Obligations, in the event of insolvency, Existing Subordinated Indebtedness holders may recover less, ratably, than Entitled Persons in respect of Other Financial Obligations and may recover more, ratably, than the subordinated debt securities holders (other than Existing Subordinated Indebtedness).

Unless otherwise specified in the prospectus supplement relating to the particular subordinated debt securities series offered by it, Existing Subordinated Indebtedness means subordinated debt securities issued under the subordinated indenture prior to November 15, 1992. (*Section 101* of the subordinated indenture)

Unless otherwise specified in the prospectus supplement relating to the particular subordinated debt securities series offered by it, Other Financial Obligations means all obligations of Wachovia to make payment under the terms of financial instruments, such as

securities contracts and foreign currency exchange contracts

derivative instruments such as

swap agreements (including interest rate and foreign exchange rate swap agreements);

cap agreements;

floor agreements;

collar agreements;

interest rate agreements;

foreign exchange rate agreements;

options;

commodity futures contracts;

commodity option contracts; and

similar financial instruments other than

obligations on account of senior indebtedness; and

obligations on account of indebtedness for money borrowed ranking equal or subordinate to the subordinated debt securities. (*Section 101* of the subordinated indenture)

Unless otherwise described in the prospectus supplement relating to a specific series of subordinated debt securities, *Entitled Persons* means any person who is entitled to payment under the terms of Other Financial Obligations. (*Section 101* of the subordinated indenture)

Wachovia's obligations under the subordinated debt securities shall rank equal in right of payment with each other and with the Existing Subordinated Indebtedness, subject, unless otherwise described in the prospectus supplement relating to a specific series of subordinated debt securities, to the obligations of subordinated debt securities holders (other than Existing Subordinated Indebtedness) to pay over any Excess Proceeds to Entitled Persons in respect of Other Financial Obligations as provided in the subordinated indenture. (*Section 1413* of the subordinated indenture)

The relevant prospectus supplement may further describe the provisions, if any, applicable to the subordination of the subordinated debt securities of a particular series.

Table of Contents

Conversion or Exchange

If and to the extent mentioned in the relevant prospectus supplement, any subordinated debt securities series may be convertible or exchangeable into other debt securities or common stock, preferred stock, Class A preferred stock or depository shares. The specific terms on which any subordinated debt securities series may be so converted or exchanged will be described in the relevant prospectus supplement. These terms may include provisions for conversion or exchange, either mandatory, at the holder's option or at Wachovia's option, in which case the amount or number of securities the subordinated debt securities holders would receive would be calculated at the time and manner described in the relevant prospectus supplement.

Defaults

The Senior Indenture

The senior indenture defines an event of default as

default in any principal or premium payment on any senior debt security of that series at maturity;

default for 30 days in interest payment of any senior debt security of that series;

failure to deposit any sinking fund payment when due in respect of that series;

Wachovia's failure for 60 days after notice in performing any other covenants or warranties in the senior indenture (other than a covenant or warranty solely for the benefit of other senior debt securities series);

failure to pay when due any Wachovia indebtedness or Wachovia Bank, National Association indebtedness in excess of \$5,000,000, or maturity acceleration of any indebtedness exceeding that amount if acceleration results from a default under the instrument giving rise to that indebtedness and is not annulled within 30 days after due notice;

Wachovia's or Wachovia Bank, National Association's bankruptcy, insolvency or reorganization; and

any other event of default provided for senior debt securities of that series. (*Section 501*)

The senior indenture provides that, if any event of default for senior debt securities of any series outstanding occurs and is continuing, either the senior trustee or the holders of not less than 25% in principal amount of the outstanding senior debt securities of that series may declare the principal amount (or, if the securities of that series are original issue discount securities, such principal amount portion as the terms of that series specify) of all senior debt securities of that series to be due and payable immediately. However, no such declaration is required upon certain bankruptcy events. In addition, upon fulfillment of certain conditions, this declaration may be annulled and past defaults waived by the holders of a majority in principal amount of the outstanding senior debt securities of that series on behalf of all senior debt securities holders of that series. (*Sections 502 and 513*) In the event of Wachovia's bankruptcy, insolvency or reorganization, senior debt securities holders' claims would

fall under the broad equity power of a federal bankruptcy court, and to that court's determination of the nature of those holders' rights.

The senior indenture contains a provision entitling the senior trustee, acting under the required standard of care, to be indemnified by the holders of any outstanding senior debt securities series before proceeding to exercise any right or power under the senior indenture at the holders' request. (*Section 603*) The holders of a majority in principal amount of outstanding senior debt securities of any series may direct the time, method and place of conducting any proceeding for any remedy available to the senior trustee, or exercising any trust or other power conferred on the senior trustee, with respect to the senior debt securities of such series. The senior trustee, however, may decline to act if that direction is contrary to law or the senior indenture or would involve the senior trustee in personal liability. (*Section 512*)

Table of Contents

Wachovia will file annually with the senior trustee a compliance certificate as to all conditions and covenants in the senior indenture. (*Section 1007*)

The Subordinated Indenture

Subordinated debt securities principal payment may be accelerated only upon an event of default. There is no acceleration right in the case of a default in the payment of interest or principal prior to the maturity date or a default in Wachovia performing any covenants in the subordinated indenture, unless a specific series of subordinated debt securities provide otherwise, which will be described in the relevant prospectus supplement.

The subordinated indenture defines an event of default as certain events involving Wachovia's bankruptcy, insolvency or reorganization and any other event of default provided for the subordinated debt securities of that series. (*Section 501*) The subordinated indenture defines a default to include

any event of default;

a default in any principal or premium payment of any subordinated debt security of that series at maturity;

default in any interest payment when due and continued for 30 days;

a default in any required designation of funds as available funds ; or

default in the performance, or breach, of Wachovia's covenants in the subordinated indenture or in the subordinated debt securities of that series and continued for 90 days after written notice to

Wachovia by the subordinated trustee; or

Wachovia and the subordinated trustee by the holders of not less than 25% in aggregate principal amount of the outstanding subordinated debt securities of that series. (*Section 503*)

If an event of default for subordinated debt securities of any series occurs and is continuing, either the subordinated trustee or the holders of not less than 25% in aggregate principal amount of the outstanding subordinated debt securities of that series may accelerate the maturity of all outstanding subordinated debt securities of such series. The holders of a majority in aggregate principal amount of the outstanding subordinated debt securities of that series may waive an event of default resulting in acceleration of the subordinated debt securities of such series, but only if all events of default have been remedied and all payments due on the subordinated debt securities of that series (other than those due as a result of acceleration) have been made and certain other conditions have been met. (*Section 502*) Subject to subordinated indenture provisions relating to the subordinated trustee's duties, in case a default shall occur and be continuing, the subordinated trustee will be under no obligation to exercise any of its rights or powers under the subordinated indenture at the holders' request or direction, unless such holders shall have offered to the subordinated trustee reasonable indemnity. (*Section 603*) Subject to such indemnification provisions, the holders of a majority in aggregate principal amount of the outstanding subordinated debt securities of that series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the subordinated trustee or exercising any trust or power conferred on the subordinated

Edgar Filing: WACHOVIA CORP NEW - Form 424B5

trustee. *(Section 512)* The holders of a majority in aggregate principal amount of the outstanding subordinated debt securities of that series may waive any past default under the subordinated indenture with respect to such series, except a default in principal or interest payment or a default of a subordinated indenture covenant which cannot be modified without the consent of each outstanding subordinated debt security holder of the series affected. *(Section 513)* In the event of Wachovia's bankruptcy, insolvency or reorganization, subordinated debt securities holders' claims would fall under the broad equity power of a federal bankruptcy court, and to that court's determination of the nature of those holders' rights.

Wachovia will file annually with the subordinated trustee a compliance certificate as to all conditions and covenants in the subordinated indenture. *(Section 1007)*

Modification and Waiver

Each indenture may be modified and amended by Wachovia and the relevant trustee. Certain modifications and amendments require the consent of the holders of at least a majority in aggregate principal amount of the outstanding debt securities of each series issued under that indenture and affected by the modification or amendment. No such modification or amendment may, without the consent of the holder of each outstanding debt security issued under such indenture and affected by it

change the stated maturity of the principal, or any installment of principal or interest, on any outstanding debt security;

reduce any principal amount, premium or interest, on any outstanding debt security, including in the case of an original issue discount security the amount payable upon acceleration of the maturity of that debt security;

change the place of payment where, or the coin or currency or currency unit in which, any principal, premium or interest, on any outstanding debt security is payable;

impair the right to institute suit for the enforcement of any payment on or after the stated maturity, or in the case of redemption, on or after the redemption date;

reduce the above-stated percentage of outstanding debt securities necessary to modify or amend the applicable indenture; or

modify the above requirements or reduce the percentage of aggregate principal amount of outstanding debt securities of any series required to be held by holders seeking to waive compliance with certain provisions of the relevant indenture or seeking to waive certain defaults. (*Section 902*)

The holders of at least a majority in aggregate principal amount of the outstanding debt securities of any series may on behalf of all outstanding debt securities holders of that series waive, insofar as that series is concerned, Wachovia's compliance with certain restrictive provisions of the relevant indenture. (*Section 1008*) The holders of at least a majority in aggregate principal amount of the outstanding debt securities of any series may on behalf of all outstanding debt securities holders of that series waive any past default under the relevant indenture with respect to that series, except a default in the payment of the principal, or premium, if any, or interest on any outstanding debt security of that series or in respect of an indenture covenant which cannot be modified or amended without each outstanding debt security holder consenting. (*Section 513*)

Certain modifications and amendments of each indenture may be made by Wachovia and the relevant trustee without the outstanding debt securities holders consenting. (*Section 901*)

Each indenture provides that in determining whether the holders of the requisite principal amount of the outstanding debt securities have given any request, demand, authorization, direction, notice, consent or waiver under that indenture or are present at a meeting of holders of outstanding debt securities for quorum purposes

the principal amount of an original issue discount security that shall be deemed to be outstanding shall be the amount of the principal that would be due and payable as of the date of such determination upon acceleration of its maturity; and

the principal amount of outstanding debt securities denominated in a foreign currency or currency unit shall be the U.S. dollar equivalent, determined on the date of original issuance of that outstanding debt security, of the principal amount of that outstanding debt security or, in the case of an original issue discount security, the U.S. dollar equivalent, determined on the date of original issuance of such outstanding debt security, of the amount determined as provided in the above bullet-point. (*Section 101*)

Table of Contents

Consolidation, Merger and Sale of Assets

The indentures each provide that Wachovia may not consolidate with or merge into any other corporation or transfer its properties and assets substantially as an entirety to any person unless

the corporation formed by the consolidation or into which Wachovia is merged, or the person to which Wachovia's properties and assets are so transferred, shall be a corporation organized and existing under the laws of the U.S., any state or Washington, D.C. and shall expressly assume by supplemental indenture the payment of any principal, premium or interest on the debt securities, and the performance of Wachovia's other covenants under the relevant indenture;

immediately after giving effect to this transaction, no event of default or default, as applicable, and no event which, after notice or lapse of time or both, would become an event of default or default, as applicable, shall have occurred and be continuing; and

certain other conditions are met. (*Section 801*)

Limitation on Disposition of Wachovia Bank, National Association Stock

The indentures each contain Wachovia's covenant that, so long as any of the debt securities issued under that indenture before August 1, 1990 are outstanding, but subject to Wachovia's rights in connection with its consolidation with or merger into another corporation or a sale of Wachovia's assets, it will not sell, assign, transfer, grant a security interest in or otherwise dispose of any shares of, securities convertible into, or options, warrants or rights to subscribe for or purchase shares of, Wachovia Bank, National Association voting stock, nor will it permit Wachovia Bank, National Association to issue any shares of, or securities convertible into, or options, warrants or rights to subscribe for or purchase shares of, Wachovia Bank, National Association voting stock, unless

any such sale, assignment, transfer, issuance, grant of a security interest or other disposition is made for fair market value, as determined by Wachovia's board; and

Wachovia will own at least 80% of the issued and outstanding Wachovia Bank, National Association voting stock free and clear of any security interest after giving effect to such transaction. (*Section 1006*)

The above covenant is not a covenant for the benefit of any series of debt securities issued on or after August 1, 1990.

Restriction on Sale or Issuance of Voting Stock of Major Subsidiary Banks

The indentures each contain Wachovia's covenant that it will not, and will not permit any subsidiary to, sell, assign, transfer, grant a security interest in, or otherwise dispose of, any shares of voting stock, or any securities convertible into shares of voting stock, of any Major Subsidiary Bank (as defined below) or any subsidiary owning, directly or indirectly, any shares of voting stock of any Major Subsidiary Bank and that it will not permit any Major Subsidiary Bank or any subsidiary owning, directly or indirectly, any shares of voting stock of a Major Subsidiary Bank to issue any shares of its voting stock or any securities convertible into shares of its voting stock, except for sales, assignments, transfers or

other dispositions which

are for the purpose of qualifying a person to serve as a director;

are for fair market value, as determined by Wachovia's board, and, after giving effect to such dispositions and to any potential dilution, Wachovia will own not less than 80% of the shares of voting stock of such Major Subsidiary Bank or any such subsidiary owning any shares of voting stock of such Major Subsidiary Bank;

Table of Contents

are made

in compliance with court or regulatory authority order; or

in compliance with a condition imposed by any such court or authority permitting Wachovia's acquisition of any other bank or entity; or

in compliance with an undertaking made to such authority in connection with such an acquisition; provided, in the case of the two preceding bullet-points, the assets of the bank or entity being acquired and its consolidated subsidiaries equal or exceed 75% of the assets of such Major Subsidiary Bank or such subsidiary owning, directly or indirectly, any shares of voting stock of a Major Subsidiary Bank and its respective consolidated subsidiaries on the date of acquisition; or

to Wachovia or any wholly-owned subsidiary.

Despite the above requirements, any Major Subsidiary Bank may be merged into or consolidated with another banking institution organized under U.S. or state law, if after giving effect to that merger or consolidation Wachovia or any wholly-owned subsidiary owns at least 80% of the voting stock of the other banking institution free and clear of any security interest and if, immediately after the merger or consolidation, no event of default, and no event which, after notice or lapse of time or both, would become an event of default, shall have happened and be continuing. (Section 1007) A Major Subsidiary Bank is defined in each indenture to mean any subsidiary which is a bank and has total assets equal to 25% or more of Wachovia's consolidated assets determined on the date of the most recent audited financial statements of these entities. At present, Wachovia's Major Subsidiary Bank is Wachovia Bank, National Association.

The above covenant is not a covenant for the benefit of any series of debt securities issued before August 1, 1990, or, in the case of subordinated debt securities, issued after November 15, 1992.

Notices, Definitive Debt Securities, Payments and Transfers

Notices to be given to holders of a debt security in global form will be given only to the depositary, in accordance with its applicable policies as in effect from time to time. Notices to be given to holders of debt securities not in global form will be sent by mail to the respective addresses of the holders as they appear in the relevant trustee's records, and will be deemed given when mailed.

As long as the debt securities are listed on the Luxembourg Stock Exchange and its rules require, we will also give notices to holders by publication in a daily newspaper of general circulation in Luxembourg. We expect that newspaper to be, but it need not be, the *Luxemburger Wort*. If publication in Luxembourg is not practical, we will make the publication elsewhere in Western Europe. By "daily newspaper" we mean a newspaper that is published on each day, other than a Saturday, Sunday or holiday, in Luxembourg or, when applicable, elsewhere in Western Europe. You will be presumed to have received these notices on the date we first publish them. If we are unable to give notice as described in this paragraph because the publication of any newspaper is suspended or it is otherwise impracticable for us to publish the notice, then we or the relevant trustee, acting on our instructions, will give holders notice in another form. That alternate form of notice will be sufficient notice to you.

Neither the failure to give any notice to a particular holder, nor any defect in a notice given to a particular holder, will affect the sufficiency of any notice given to another holder.

Book-entry and other indirect holders should consult their banks or brokers for information on how they will receive notices.

In the event definitive debt securities are issued as described in this prospectus and as long as the debt securities are listed on the Luxembourg Stock Exchange, the holders of those debt securities will be able to receive payments and effect transfers at the offices of Dexia Banque Internationale à Luxembourg, Luxembourg or its successor as paying agent in Luxembourg relating to the debt securities. In the event

Table of Contents

definitive debt securities are issued as described in this prospectus and as long as the debt securities are listed on the Luxembourg Stock Exchange, if principal or another amount besides interest is due on a debt security at maturity, Wachovia will pay the amount to the holder of the debt security against surrender of the debt security at the offices of Dexia Banque Internationale à Luxembourg or its successor as paying agent in Luxembourg. Each indenture provides for the replacement of a mutilated, lost, stolen or destroyed definitive debt security, so long as the applicant furnishes to Wachovia and the relevant trustee the security or indemnity required by them to save each of them harmless and any evidence of ownership of the debt security as they may require.

Wachovia has appointed Dexia Banque Internationale à Luxembourg as a paying agent and transfer agent in Luxembourg in relation to the debt securities, and as long as the debt securities are listed on the Luxembourg Stock Exchange, Wachovia will maintain a paying agent and transfer agent in Luxembourg. Any change in the Luxembourg paying agent or transfer agent will be published in Luxembourg in accordance with the second paragraph above under this subheading.

As provided in each indenture and subject to certain limitations, the debt securities are transferable, in whole or in part, upon surrender of the debt securities for registration of transfer at the corporate trust office of the relevant trustee in The City of New York. In the event definitive debt securities are issued and so long as the debt securities are listed on the Luxembourg Stock Exchange, the debt securities are transferable, in whole or in part, upon surrender of the debt securities for registration of transfer at the offices of the paying agent and transfer agent in Luxembourg, duly endorsed by or accompanied by a written instrument of transfer in form satisfactory to Wachovia and the securities registrar. Thereupon one or more new debt securities, for the aggregate principal amount being transferred, will be issued to the designated transferee, and a new debt security for any amount not being transferred will be issued to the transferor.

Trustees

Either or both of the trustees may resign or be removed with respect to one or more series of debt securities and a successor trustee may be appointed to act with respect to that series. (*Section 610*) In the event that two or more persons are acting as trustee with respect to different series of debt securities, each such trustee shall be a trustee of a trust under the relevant indenture separate and apart from the trust administered by any other such trustee (*Section 611*), and any action to be taken by the trustee may then be taken by each such trustee with respect to, and only with respect to, the one or more series of debt securities for which it is trustee.

In the normal course of business, Wachovia and its subsidiaries conduct banking transactions with the trustees, and the trustees conduct banking transactions with Wachovia and its subsidiaries.

Title

Wachovia, the trustees and any of their agents may treat the registered owner of any debt security as the absolute owner of that security, whether or not that debt security is overdue and despite any notice to the contrary, for any purpose. See *Global Securities* .

Governing Law

The indentures and the debt securities will be governed by New York law.

DESCRIPTION OF WARRANTS

The following information outlines some of the provisions of each warrant agreement, the warrants and the warrant certificates. This information may not be complete in all respects and is qualified entirely by reference to the relevant warrant agreement with respect to the warrants of any particular series. The specific terms of any series of warrants will be described in the relevant prospectus supplement. If so described in a prospectus supplement, the terms of that series of warrants may differ from the general description of terms presented below.

General

Wachovia may issue warrants for the purchase of its debt securities, preferred stock, Class A preferred stock, depositary shares or common stock. Warrants may be issued independently or together with debt securities, preferred stock, Class A preferred stock, depositary shares or common stock, and may be attached to or separate from those securities.

Each series of warrants will be evidenced by certificates issued under a separate warrant agreement to be entered into between Wachovia and a bank, as warrant agent, selected by Wachovia with respect to such series, having its principal office in the U.S. and having combined capital and surplus of at least \$50,000,000.

The relevant prospectus supplement relating to a series of warrants will mention the name and address of the warrant agent. The relevant prospectus supplement will describe the terms of the warrant agreement and the series of warrants in respect of which this prospectus is being delivered, including

the offering price

the currency for which such warrants may be purchased

the designation and terms of the securities with which the warrants are issued and the number of warrants issued with each such security or each principal amount of such security

the date which the warrants and the related securities will be separately transferable

in the case of warrants to purchase debt securities, the principal amount of debt securities that can be purchased upon exercise of one warrant, and the price and currency for purchasing those debt securities upon exercise and, in the case of warrants to purchase preferred stock, Class A preferred stock, depositary shares or common stock, the number of depositary shares or shares of preferred stock, Class A preferred stock or common stock, as the case may be, that can be purchased upon the exercise of one warrant, and the price for purchasing such shares upon this exercise

any other terms of the warrants.

Warrant certificates may be exchanged for new warrant certificates of different denominations, may be presented for transfer registration, and may be exercised at the warrant agent's corporate trust office or any other office indicated in the relevant prospectus supplement. If the warrants are not separately transferable from the securities with which they were issued, this exchange may take place only if the certificates representing such related securities are also exchanged. Prior to warrant exercise, warrant holders will not have any rights as holders of the securities purchasable upon such exercise, including, in the case of warrants to purchase debt securities, the right to receive principal, premium, if any, or interest payments, on the debt

securities purchasable upon such exercise or to enforce covenants in the applicable indenture or, in the case of warrants to purchase preferred stock, Class A preferred stock, depositary shares or common stock, the right to receive any dividends, or payments upon Wachovia's liquidation, dissolution or winding up or to exercise any voting rights.

Where appropriate, the applicable prospectus supplement will describe the U.S. federal income tax considerations relevant to the warrants.

Exercise of Warrants

Each warrant will entitle the holder to purchase the securities specified in the relevant prospectus supplement at the exercise price mentioned in, or calculated as described in, the relevant prospectus supplement. Unless otherwise specified in the relevant prospectus supplement, warrants may be exercised at any time up to 5:00 p.m., New York time, on the expiration date mentioned in that prospectus supplement. After the close of business on the expiration date, unexercised warrants will become void.

Warrants may be exercised by delivery of the warrant certificate representing the warrants to be exercised, or in the case of global securities, as described below under "Global Securities", by delivery of an exercise notice for those warrants, together with certain information, and payment to the warrant agent in immediately available funds, as provided in the relevant prospectus supplement, of the required purchase amount. The information required to be delivered will be on the reverse side of the warrant certificate and in the relevant prospectus supplement. Upon receipt of such payment and the warrant certificate or exercise notice properly executed at the warrant agent's corporate trust office or any other office indicated in the relevant prospectus supplement, Wachovia will, in the time period the relevant warrant agreement provides, issue and deliver the securities purchasable upon such exercise. If fewer than all of the warrants represented by such warrant certificate are exercised, a new warrant certificate will be issued for the remaining amount of warrants.

If mentioned in the relevant prospectus supplement, securities may be surrendered as all or part of the exercise price for warrants.

Antidilution Provisions

In the case of warrants to purchase common stock, the exercise price payable and the number of common stock shares to be purchased upon warrant exercise may be adjusted in certain events, including

the issuance of a stock dividend to common stockholders or a combination, subdivision or reclassification of common stock

the issuance of rights, warrants or options to all common stockholders entitling them to purchase common stock for an aggregate consideration per share less than the current market price per common stock share

any Wachovia distribution to its common stockholders of evidences of Wachovia's indebtedness or of assets, excluding cash dividends or distributions referred to above and

any other events mentioned in the relevant prospectus supplement.

No adjustment in the number of shares purchasable upon warrant exercise will be required until cumulative adjustments require an adjustment of at least 1% of such number. No fractional shares will be issued upon warrant exercise, but Wachovia will pay the cash value of any fractional shares otherwise issuable.

Modification

Wachovia and the relevant warrant agent may amend any warrant agreement and the terms of the related warrants by executing a supplemental warrant agreement, without any such warrant holder's consent, for the purpose of

curing any ambiguity, any defective or inconsistent provision contained in the warrant agreement, or making any other corrections to the warrant agreement that are not inconsistent with the provisions of the warrant certificates

evidencing the succession of another corporation to Wachovia and their assumption of Wachovia's covenants contained in the warrant agreement and the warrants

appointing a successor depositary, if the warrants are issued in the form of global securities

evidencing a successor warrant agent's acceptance of appointment with respect to the warrants

adding to Wachovia's covenants for the warrant holders' benefit or surrendering any right or power conferred upon Wachovia under the warrant agreement

issuing warrants in definitive form, if such warrants are initially issued in the form of global securities or

amending the warrant agreement and the warrants as Wachovia deems necessary or desirable and that will not adversely affect the warrant holders' interests in any material respect.

Wachovia and the warrant agent may also amend any warrant agreement and the related warrants by a supplemental agreement with the consent of the holders of a majority of the unexercised warrants such amendment affects, for the purpose of adding, modifying or eliminating any of the warrant agreement's provisions or of modifying the holders' rights. However, no such amendment that

changes the number or amount of securities purchasable upon warrant exercise so as to reduce the number of securities receivable upon this exercise

shortens the time period during which the warrants may be exercised

otherwise adversely affects the exercise rights of such warrant holders in any material respect or

reduces the number of unexercised warrants the consent of holders of which is required for amending the warrant agreement or the related warrants

may be made without the consent of each holder affected by that amendment.

Consolidation, Merger and Sale of Assets

Each warrant agreement will provide that Wachovia may consolidate or merge with or into any other corporation or sell, lease, transfer or convey all or substantially all of its assets to any other corporation, provided that

either Wachovia must be the continuing corporation, or the corporation other than Wachovia formed by or resulting from any consolidation or merger or that receives the assets must be organized and existing under U.S. or state law and must assume Wachovia's obligations for the unexercised warrants and the performance of all covenants and conditions of the relevant warrant agreement and

Wachovia or that successor corporation must not immediately be in default under that warrant agreement.

Table of Contents

Enforceability of Rights by Holders of Warrants

Each warrant agent will act solely as Wachovia's agent under the relevant warrant agreement and will not assume any obligation or relationship of agency or trust for any warrant holder. A single bank or trust company may act as warrant agent for more than one issue of warrants. A warrant agent will have no duty or responsibility in case Wachovia defaults in performing its obligations under the relevant warrant agreement or warrant, including any duty or responsibility to initiate any legal proceedings or to make any demand upon Wachovia. Any warrant holder may, without the warrant agent's consent or of any other warrant holder, enforce by appropriate legal action its right to exercise, and receive the securities purchasable upon exercise of, that warrant.

Replacement of Warrant Certificates

Wachovia will replace any destroyed, lost, stolen or mutilated warrant certificate upon delivery to Wachovia and the relevant warrant agent of evidence satisfactory to them of the ownership of that warrant certificate and of the destruction, loss, theft or mutilation of that warrant certificate, and (in the case of mutilation) surrender of that warrant certificate to the relevant warrant agent, unless Wachovia or the warrant agent has received notice that the warrant certificate has been acquired by a bona fide purchaser. That warrant holder will also be required to provide indemnity satisfactory to the relevant warrant agent and Wachovia before a replacement warrant certificate will be issued.

Title

Wachovia, the warrant agents and any of their agents may treat the registered holder of any warrant certificate as the absolute owner of the warrants evidenced by that certificate for any purpose and as the person entitled to exercise the rights attaching to the warrants so requested, despite any notice to the contrary. See Global Securities .

ERISA CONSIDERATIONS

This section is only relevant to you if you are an insurance company or the fiduciary of a pension plan or an employee benefit plan proposing to invest in the securities.

Wachovia and certain of its affiliates may each be considered a party in interest within the meaning of the U.S. Employee Retirement Income Security Act of 1974, as amended, which we call ERISA , or a disqualified person within the meaning of the U.S. Internal Revenue Code of 1986, as amended, with respect to many employee benefit plans. Prohibited transactions within the meaning of ERISA or the Internal Revenue Code may arise, for example, if the debt securities or warrants are acquired by or with the assets of a pension or other employee benefit plan for which Wachovia or any of its affiliates is a service provider, unless those securities are acquired under an exemption for transactions effected on behalf of that plan by a qualified professional asset manager or an in-house asset manager or under any other available exemption. The assets of a pension or other employee benefit plan may include assets held in the general account of an insurance company that are deemed to be plan assets under ERISA.

Edgar Filing: WACHOVIA CORP NEW - Form 424B5

If you are an insurance company or the fiduciary of a pension plan or an employee benefit plan and propose to invest in the securities described in this prospectus or the applicable prospectus supplement, you should consult your legal counsel.

GLOBAL SECURITIES

Unless otherwise mentioned in the relevant prospectus supplement, we will issue each debt security offered in this prospectus in book-entry form only. We may issue other securities offered in this prospectus in book-entry form only and will so indicate in the applicable prospectus supplement. Each security issued in book-entry form will be represented by a global certificate that we deposit with and register in the name of one or more financial institutions or clearing systems, or their nominees, which we select. A financial institution or clearing system that we select for this purpose is called the **depository** for that security. A security will usually have only one depository but it may have more.

Each of the securities in book-entry form will have one or more of the following as the depositories:

The Depository Trust Company, New York, New York, which is known as **DTC** ;

JPMorgan Chase Bank National Association holding the notes on behalf of Euroclear Bank S.A./N.V., as operator of the Euroclear system, which is known as **Euroclear** ;

Citibank, N.A. holding the notes on behalf of Clearstream Banking, société anonyme, Luxembourg, which is known as **Clearstream** ; and

any other clearing system or financial institution named in the applicable prospectus supplement.

The depositories named above may also be participants in one another's system. Thus, for example, if DTC is the depository for a global certificate, investors may hold beneficial interests in that security through Euroclear or Clearstream, as DTC participants. The depository or depositories for your securities will be named in your prospectus supplement; if none is named, the depository will be DTC.

A global security may not be transferred to or registered in the name of anyone other than the depository or its nominee, unless special termination situations arise. We describe those situations below under **Holder's Option to Obtain a Non-Global Certificate; Special Situations When a Global Security Will Be Terminated** . As a result of these arrangements, the depository, or its nominee, will be the sole registered owner and holder of all securities represented by a global certificate, and investors will be permitted to own only indirect interests in a global security. Indirect interests must be held by means of an account with a broker, bank or other financial institution that in turn has an account with the depository or with another institution that does. Thus, an investor whose security is represented by a global certificate will not be a holder of the security, but only an indirect owner of an interest in the global security.

If the prospectus supplement for a particular security indicates that the certificate will be issued in global form only, then the security will be represented by a global certificate at all times unless and until the global security is terminated. We describe the situations in which this can occur below under **Holder's Option to Obtain a Non-Global Certificate; Special Situations When a Global Security Will Be Terminated** . If termination occurs, we may issue the securities through another book-entry clearing system or decide that the securities may no longer be held through any book-entry clearing system.

DTC has informed Wachovia that it is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve System, a clearing corporation within the meaning of the

Edgar Filing: WACHOVIA CORP NEW - Form 424B5

New York Uniform Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds securities that DTC participants deposit with DTC. DTC also facilitates the settlement among DTC participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in DTC participants' accounts, thereby eliminating the need for physical movement of certificates. DTC participants include securities brokers and dealers, banks, trust companies and clearing corporations, and may include other organizations. DTC is owned by a number of its direct participants and by the New York Stock Exchange, Inc., the American Stock Exchange, LLC and the National Association of Securities Dealers, Inc. Indirect access to the DTC system also is available to others such as

Table of Contents

banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly. The rules applicable to DTC and DTC participants are on file with the Commission.

Special Considerations for Global Notes

As an indirect owner, an investor's rights relating to a global security will be governed by the account rules of the depositary and those of the investor's financial institution or other intermediary through which it holds its interest (e.g., Euroclear or Clearstream, if DTC is the depositary), as well as general laws relating to transfers of securities. We do not recognize this type of investor or any intermediary as a holder of securities and instead deal only with the depositary that holds the global security.

If securities are issued only in the form of a global certificate, an investor should be aware of the following:

An investor cannot cause the securities to be registered in his or her own name, and cannot obtain non-global certificates for his or her interest in the securities, except in the special situations we describe below;

An investor will be an indirect holder and must look to his or her own bank or broker for payments on the securities and protection of his or her legal rights relating to the security;

An investor may not be able to sell interests in the securities to some insurance companies and other institutions that are required by law to own their securities in non-book-entry form;

An investor may not be able to pledge his or her interest in a global security in circumstances where certificates representing the securities must be delivered to the lender or other beneficiary of the pledge in order for the pledge to be effective;

The depositary's policies will govern payments, deliveries, transfers, exchanges, notices and other matters relating to an investor's interest in a global security, and those policies may change from time to time. We and the relevant trustee under our indentures, warrant agent, or the depositary of our depositary shares, as applicable, will have no responsibility for any aspect of the depositary's policies, actions or records or ownership interests in a global security. We and those trustees and agents also do not supervise the depositary in any way;

The depositary will require that those who purchase and sell interests in a global security within its book-entry system use immediately available funds and your broker or bank may require you to do so as well; and

Financial institutions that participate in the depositary's book-entry system and through which an investor holds its interest in the global securities, directly or indirectly, may also have their own policies affecting payments, deliveries, transfers, exchanges, notices and other matters relating to the securities, and those policies may change from time to time. For example, if you hold an interest in a global security through Euroclear or Clearstream, when DTC is the depositary, Euroclear or Clearstream, as applicable, will require those who purchase and sell interests in that security through them to use immediately available funds and comply with other policies and procedures, including deadlines for giving instructions as to transactions that are to be effected on a particular day. There may be more than one financial intermediary in the chain of ownership for an investor. We do not monitor and are not responsible for the policies or actions or records of ownership interests of any of those intermediaries.

Holder's Option to Obtain a Non-Global Certificate; Special Situations When a Global Security Will Be Terminated

If we issue any securities in book-entry form but we choose to give the beneficial owners of those securities the right to obtain non-global certificates, any beneficial owner entitled to obtain non-global

Table of Contents

certificates may do so by following the applicable procedures of the depository for those securities and that owner's bank, broker or other financial institution through which that owner holds its beneficial interest in the securities. If you are entitled to request a non-global certificate and wish to do so, you will need to allow sufficient lead time to enable us or our agent to prepare the requested certificate.

In addition, in a few special situations described below, a global security will be terminated and interests in it will be exchanged for certificates in non-global form representing the securities it represented. After that exchange, the choice of whether to hold the securities directly or in street name will be up to the investor. Investors must consult their own banks or brokers to find out how to have their interests in a global security transferred on termination to their own names, so that they will be holders.

Unless otherwise mentioned in the relevant prospectus supplement, the special situations for termination of a global security are as follows:

if the depository notifies Wachovia that it is unwilling, unable or no longer qualified to continue as depository for that global security;

if Wachovia executes and delivers to the relevant trustee under our indentures, warrant agent, or depository of our depository shares an order complying with the requirements of the relevant indenture, warrant agreement or deposit agreement that the applicable global security shall be so exchangeable; or

if there has occurred and is continuing a default in the payment of any amount due in respect of the securities or an event of default or an event that, with the giving of notice or lapse of time, or both, would constitute an event of default with respect to these securities.

If a global security is terminated, only the depository, and not we or the relevant trustee or agent, is responsible for deciding the names of the institutions in whose names the securities represented by the global security will be registered and, therefore, who will be the holders of those securities.

Considerations Relating to Clearstream and Euroclear

Clearstream and Euroclear are securities clearance systems in Europe. Clearstream and Euroclear have respectively informed Wachovia that Clearstream and Euroclear each hold securities for their customers and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders. Clearstream and Euroclear provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Clearstream and Euroclear also deal with domestic securities markets in several countries through established depository and custodial relationships. Clearstream and Euroclear have established an electronic bridge between their two systems across which their respective participants may settle trades with each other. Clearstream and Euroclear customers are world-wide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to Clearstream and Euroclear is available to other institutions which clear through or maintain a custodial relationship with an account holder of either system.

Euroclear and Clearstream may be depositories for a global security. In addition, if DTC is the depository for a global security, Euroclear and Clearstream may hold interests in the global security as participants in DTC.

Edgar Filing: WACHOVIA CORP NEW - Form 424B5

As long as any global security is held by Euroclear or Clearstream, as depositary, you may hold an interest in the global security only through an organization that participates, directly or indirectly, in Euroclear or Clearstream. If Euroclear or Clearstream is the depositary for a global security and there is no depositary in the United States, you will not be able to hold interests in that global security through any securities clearance system in the United States.

Table of Contents

Payments, deliveries, transfers, exchanges, notices and other matters relating to the securities made through Euroclear or Clearstream must comply with the rules and procedures of those systems. Those systems could change their rules and procedures at any time. We have no control over those systems or their participants and we take no responsibility for their activities. Transactions between participants in Euroclear or Clearstream, on one hand, and participants in DTC, on the other hand, when DTC is the depositary, would also be subject to DTC's rules and procedures.

Special Timing Considerations for Transactions in Euroclear and Clearstream

Investors will be able to make and receive through Euroclear and Clearstream payments, deliveries, transfers, exchanges, notices and other transactions involving any securities held through those systems only on days when those systems are open for business. Those systems may not be open for business on days when banks, brokers and other institutions are open for business in the United States.

In addition, because of time-zone differences, U.S. investors who hold their interests in the securities through these systems and wish to transfer their interests, or to receive or make a payment or delivery or exercise any other right with respect to their interests, on a particular day may find that the transaction will not be effected until the next business day in Luxembourg or Brussels, as applicable. Thus, investors who wish to exercise rights that expire on a particular day may need to act before the expiration date. In addition, investors who hold their interests through both DTC and Euroclear or Clearstream may need to make special arrangements to finance any purchases or sales of their interest between the U.S. and European clearing systems, and those transactions may settle later than would be the case for transactions within one clearing system.

PLAN OF DISTRIBUTION

Wachovia may sell securities to or through underwriters, including Wachovia Capital Markets, LLC, an affiliate of Wachovia, to be designated at various times, and also may sell securities directly to other purchasers or through agents. Wachovia conducts its investment banking, institutional and capital markets businesses through its various bank, broker-dealer and non-bank subsidiaries, including Wachovia Capital Markets, LLC, under the trade name Wachovia Securities. Unless otherwise stated, any reference to Wachovia Securities herein shall mean Wachovia Capital Markets, LLC, and shall not include Wachovia Securities, LLC, member NASD/SIPC, a separate broker-dealer subsidiary of Wachovia, which is not participating in this distribution unless indicated in the applicable prospectus supplement. The distribution of securities may be effected at various times in one or more transactions at a fixed price or prices, which may be changed, or at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices.

The debt securities, preferred stock, Class A preferred stock, depositary shares and warrants will be new issues of securities with no established trading market. It has not presently been established whether the underwriters, if any, of these securities will make a market in these securities. If a market in these securities is made by those underwriters, this market making may be discontinued at any time without notice. No assurance can be given as to the liquidity of the trading market for these securities.

This prospectus and the related prospectus supplements may be used by Wachovia Capital Markets, LLC, an indirect, wholly-owned subsidiary of Wachovia, for offers and sales related to market-making transactions in the securities. Wachovia Securities may act as principal or agent in these transactions. These sales will be made at prices related to prevailing market prices at the time of sale or otherwise.

In facilitating the sale of securities, underwriters may receive compensation from Wachovia or from purchasers of securities for whom they may act as agents in the form of discounts, concessions or commissions. Underwriters may sell securities to or through dealers, and these dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Underwriters, dealers and agents that participate in the distribution of securities may be considered underwriters, and any discounts or commissions received by them from Wachovia and any profit on the resale of securities by them may be considered underwriting discounts and commissions under the Securities Act. Any such underwriter or agent will be identified, and any such compensation received from Wachovia will be described, in the prospectus supplement relating to those securities.

The prospectus supplement will also describe other terms of the offering, including the initial public offering price, any discounts or concessions allowed or reallocated or paid to dealers and any securities exchanges on which the offered securities may be listed. The maximum discount or commission that may be received by any member of the National Association of Securities Dealers, Inc. for sales of securities pursuant to this prospectus will not exceed 8.00%.

Unless otherwise mentioned in the relevant prospectus supplement, the obligations of any underwriters to purchase the securities will be subject to certain conditions precedent, and each of the underwriters with respect to a sale of securities will be obligated to purchase all of its securities if any are purchased. Unless otherwise mentioned in the relevant prospectus supplement, any such agent involved in the offer and sale of the securities in respect of which this prospectus is being delivered will be acting on a best efforts basis for the period of its appointment.

In connection with an offering of securities, underwriters may purchase and sell these securities in the open market. These transactions may include over-allotment and stabilizing transactions and purchases to cover short positions created by underwriters with respect to the offering. Stabilizing transactions consist of

Table of Contents

certain bids or purchases for preventing or retarding a decline in the market price of the securities; and short positions created by underwriters involve the sale by underwriters of a greater number of securities than they are required to purchase from Wachovia in the offering. Underwriters also may impose a penalty bid, by which selling concessions allowed to broker-dealers in respect of the securities sold in the offering may be reclaimed by underwriters if such securities are repurchased by underwriters in stabilizing or covering transactions. These activities may stabilize, maintain or otherwise affect the market price of the securities, which may be higher than the price that might otherwise prevail in the open market; and these activities, if commenced, may be discontinued at any time. These transactions may be effected on the New York Stock Exchange, in the over-the-counter market or otherwise.

Under agreements which Wachovia may enter into, underwriters, dealers, agents and their controlling persons who participate in the distribution of securities may be entitled to indemnification by Wachovia against certain liabilities, including liabilities under the Securities Act.

If so noted in the prospectus supplement relating to any securities, Wachovia will authorize dealers or other persons acting as Wachovia's agents to solicit offers by certain institutions to purchase any securities from Wachovia under contracts providing for payment and delivery on a future date. Institutions with which these contracts may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and others. Wachovia must approve such institutions in all cases. The obligations of any purchaser under any of these contracts will be subject to the condition that the purchase of any securities shall not at the time of delivery be prohibited under the laws of the jurisdiction to which such purchaser is subject. The underwriters and such other agents will not have any responsibility in respect of the validity or performance of such contracts.

The participation of Wachovia Securities in the offer and sale of the securities must comply with the requirements of Rule 2720 of the National Association of Securities Dealers, Inc. regarding underwriting securities of an affiliate. No NASD member participating in offers and sales will execute a transaction in the securities in a discretionary account without the prior specific written approval of such member's customer.

If Wachovia offers and sells securities directly to a purchaser or purchasers in respect of which this prospectus is delivered, purchasers involved in the reoffer or resale of such securities, if these purchasers may be considered underwriters as that term is defined in the Securities Act, will be named and the terms of their reoffers or resales will be mentioned in the relevant prospectus supplement. These purchasers may then reoffer and resell such securities to the public or otherwise at varying prices to be determined by such purchasers at the time of resale or as otherwise described in the relevant prospectus supplement. Purchasers of securities directly from Wachovia may be entitled under agreements that they may enter into with Wachovia to indemnification by Wachovia against certain liabilities, including liabilities under the Securities Act, and may engage in transactions with or perform services for Wachovia in the ordinary course of their business or otherwise.

Underwriters or agents and their associates may be customers of (including borrowers from), engage in transactions with, and/or perform services for, Wachovia, the senior trustee and the subordinated trustee, in the ordinary course of business.
