This decrease was mainly due to a decrease of ¥43.8 billion in net fees and commissions and a decrease of ¥137.4 billion in net other business profits, which were partially offset by an increase of ¥6.1 billion in net interest income and an increase of ¥48.8 billion in net trading profits, compared to the previous nine months ended December 31, 2006. General and administrative expenses for the nine months ended December 31, 2007 was ¥1,574.5 billion, an increase of ¥38.5 billion compared to the previous nine months ended December 31, 2006. As a result, net business profits (before credit related costs for trust accounts and provision for general allowance for credit losses) for the nine months ended December 31, 2007 was ¥985.4 billion, a decrease of ¥165.9 billion compared to the previous nine months ended December 31, 2006.

This increase was mainly due to an increase in gains on sales of equity securities. There was also a loss of ¥35.6 billion in other net non-recurring losses in the nine months ended December 31, 2007.

As a result, consolidated ordinary profit for the nine months ended December 31, 2007 was ¥665.0 billion, a decrease of ¥298.9 billion compared to the previous nine months ended December 31, 2006. Net income for the nine months ended December 31, 2007 was ¥314.6 billion, a decrease of ¥375.8 billion compared to the previous nine months ended December 31, 2006. This decrease was mainly due to a decrease in net extraordinary gains of ¥219.2 billion compared to the previous nine months ended December 31, 2006, caused primarily by the decrease in reversal of allowance for credit losses.

### 2. Qualitative information related to the consolidated financial conditions

Total assets increased by ¥7,993.0 billion from March 31, 2007 to ¥195,274.0 billion at December 31, 2007 (an increase of ¥3,918.5 billion from December 31, 2006), and total net assets decreased by ¥323.1 billion from March 31, 2007 to ¥10,200.5 billion at December 31, 2007 (an increase of ¥1110.0 billion from December 31, 2006). With regards to assets, investment securities decreased by ¥4,589.5 billion from March 31, 2007 to ¥43,618.0 billion at December 31, 2007 (a decrease of ¥5,363.9 billion from December 31, 2006), and loans and bills discounted increased by ¥3,675.5 billion from March 31, 2007 to ¥88,507.4 billion at December 31, 2007 (an increase of ¥1,485.5 billion from December 31, 2006). **4. Other**

(1) Changes in significant subsidiaries (changes in scope of consolidation involving Specified Subsidiary (Tokutei Kogaisya)) during the period

The following Specified Subsidiaries were newly consolidated during the period.

Name	Location	Stated Capital	Primary Business	Ownership
MUFG Capital Finance 6 Limited	George Town, Grand Cayman, Cayman Islands	150,000 million yen	Finance	100%
BTMU Preferred Capital 6 Limited	George Town, Grand Cayman, Cayman Islands	150,006 million yen	Finance	100% (100)%

Notes:

- Both of these Specified Subsidiaries are overseas special purpose companies established for issuance of Non-dilutive Preferred Securities.
- The bracketed number in Ownership means MUFG's indirect ownership share through subsidiaries.

(2) Adoption of simplified accounting methods

Allowance for loan losses and some other items are stated partially under simplified accounting methods.

Allowance for loan losses is stated based on the following methods:

For some of the claims to borrowers whose internal credit ratings did not change since the previous semi-annual period-end, allowance is calculated based on the loan loss ratios applied to the borrower in the previous semi-annual period-end settlement.

For some of the claims to borrowers whose internal credit ratings changed since the previous semi-annual period-end, allowance is calculated based on the loan loss ratios used in the previous semi-annual period-end settlement correlated to internal credit ratings of the borrowers as of December 31, 2007.

Some amounts of assets, which are not material, are stated by estimation based on actual amounts as of the previous semi-annual period-end.

(3) Changes in accounting policies during the period

(Changes in grouping methods for recognition and measurement of impairment losses for fixed assets)

Upon its merger with DC Card Co., Ltd., Mitsubishi UFJ NICOS Co., Ltd., a consolidated subsidiary of MUFG, changed its grouping method for recognition and measurement of impairment losses for fixed assets. Assets related to credit card business, which used to be grouped as one unit, were allocated into smaller business units which are consistent with the ongoing management and monitoring under the internal managerial accounting. This revision was made as operating systems improved and as a result of business restructurings from aforementioned merger.

This revision caused a 813 million yen increase in ordinary profits and a 4,446 million yen decrease in income before income taxes and others.

**I. Financial Highlights for the nine months ended December 31, 2007****1. Highlights of Consolidated Statements of Income**

Consolidated net business profits was ¥985.4 billion, a decrease of ¥165.9 billion compared to the previous nine months ended December 31, 2006. This decrease was mainly due to a decrease in consolidated gross profits by the deterioration in financial market conditions.

Consolidated net income was ¥314.6 billion, a decrease of ¥375.8 billion compared to the previous nine months period. This was mainly due to ¥334.4 billion of total credit related costs in the nine months ended December 31, 2007, and the recording of reconstruction allowance which was accounted for as extraordinary losses in the interim period of fiscal 2007, due to the implementation of structural reforms at Mitsubishi UFJ NICOS Co., Ltd.

2. Highlights of Consolidated Balance Sheets

◇ Loans and Deposits

Loans and bills discounted (including trust accounts) were ¥88.7 trillion, an increase of ¥1.7 trillion compared to September 30, 2007, due to an increase in both domestic and overseas loans.

Deposits were ¥121.6 trillion, an increase of ¥3.9 trillion compared to September 30, 2007, mainly due to an increase in deposits of domestic (individual) accounts and deposits at overseas offices .

The average interest rate spread (sum of two banks\*) between domestic loans and domestic deposits increased to 1.48% in the third quarter (from October 1 to December 31) of fiscal 2007 , from 1.44% in the first half of fiscal 2007.

◇ Non-performing loans (Sum of two banks\* )

Non-performing loans ratio was 1.21% representing a decline of 0.07 points compared to September 30, 2007. The progress in the disposal of non-performing loans and upgrades of borrowers' credit ratings contributed to this decline in non-performing loans ratio.

\* Two banks means The Bank of Tokyo-Mitsubishi UFJ, Ltd., and Mitsubishi UFJ Trust and Banking Corporation.

◇ Net unrealized gains (losses) on securities (Total of other securities with market value)

Net unrealized gains (losses) on other securities with market value were ¥2.33 trillion, a decrease of ¥0.64 trillion compared to September 30, 2007. This decrease was due to a decrease in unrealized gains on domestic equity securities.

Net unrealized losses of other securities (Other) which includes sub-prime loan related financial products were ¥0.02 trillion.

◇ Regarding investments in sub-prime loan related financial products and SIVs<sup>(\*)</sup> as of end of December 2007.

MUFG Group's investments in sub-prime loan related financial products and SIVs are as the table below.  
(Management accounting basis, approximate figures, in billions of Japanese Yen.)

	End of September 2007	End of December 2007	Change
Sub-prime loan related investments (excluding SIVs)			
Impairment	(4.0)	[ (9.0) <sup>(*)</sup> ]	(5.0)
Balance (after impairment)	259.0	243.0	(16.0)
Appraisal losses	(8.0)	(30.0)	(22.0)
Appraisal losses on sub-prime loan related investments (including SIVs)	(20.0)		
Appraisal losses on SIVs that holds sub-prime loan related securitized products	(12.0)		

<sup>(\*)</sup> SIV is an abbreviation of Structured Investment Vehicle, which is a collective name for such vehicles investing in securitized products.

<sup>(\*)</sup> The impairment amount is the cumulative total from April 2007.

	End of September 2007	End of December 2007	Change
Investments in SIVs			
Losses on sales of SIVs		[ (2.0)]	(2.0)
Impairment		[ (44.0)]	(44.0)
Balance (after impairment)	89.0	39.0	(50.0)
SIVs that invests in sub-prime loan related securitized products	49.0	13.0	(36.0)
SIVs that does not invest in sub-prime loan related securitized products	40.0	26.0	(14.0)
Appraisal losses	(18.0)	(1.0)	17.0
SIVs that invests in sub-prime loan related securitized products	(12.0)		12.0
SIVs that does not invest in sub-prime loan related securitized products	(6.0)	(1.0)	5.0

<sup>(\*)</sup> The disclosure of the sub-prime loan related investment balance as of the end of September 2007 includes the balance held by SIVs that directly relates to the holding of the sub-prime loan related investments (JPY 3.0 billion).

<sup>(\*)</sup> The disclosure of the appraisal losses of sub-prime loan related investments includes the full amount (JPY 12.0 billion) of appraisal losses of SIVs that holds sub-prime loan related investments.

We recorded a loss of approximately ¥55.0 billion regarding sub-prime loan related investments and SIV investments for the nine months between April and December 2007, mainly due to impairment on our SIV investments. (This comprises of ¥9.0 billion in impairment on sub-prime loan related investments, ¥44.0 billion in impairment on SIV investments, and ¥2.0 billion in losses on the sale of SIVs, which are [ ] above.)

The balance of sub-prime loan related investments (excluding SIVs) as of end of December 2007 was approximately ¥243.0 billion, a decrease of ¥16.0 billion from end of September, mainly due to redemption. The appraisal losses on such investments as of end of December was approximately ¥30.0 billion, a decrease of ¥22.0 billion from end of September, mainly due to the decline in market prices of our ABS investments. For reference, approximately 96% of our sub-prime loan related investments (excluding SIVs) were rated triple A as of end of December 2007, which is unchanged from end of September.

The balance of investments in SIVs as of end of December 2007 was approximately ¥39.0 billion, a decrease of ¥50.0 billion from end of September, mainly due to impairment caused by the decline in credit ratings and the worsening of market conditions. The appraisal loss on such investments after impairment was approximately ¥1.0 billion.

For reference, the balance of sub-prime loan related investments guaranteed by monoline insurers is almost nil as of end of December 2007. Though we hold securitized products such as CLOs that are guaranteed by monoline insurers, nearly all of these are rated triple A without the monoline guarantee. In addition, we do not have any lending or credit derivative transactions with monoline insurers.
