PROXY STATEMENT

PARTNERRE LTD.

Annual General Meeting of Shareholders

May 22, 2008

GENERAL INFORMATION ABOUT THE 2008

ANNUAL GENERAL MEETING OF SHAREHOLDERS

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (**Board of Directors** or **Board**) of PartnerRe Ltd. (**PartnerRe**) of proxies from holders of our common shares. The proxies will be voted at the Annual General Meeting of Shareholders, which will be held at 2:30 pm local time on May 22, 2008, at 5th Floor, Wellesley House South, 90 Pitts Bay Road, Pembroke HM 08, Bermuda, and at any adjournment thereof.

Our primary mailing address is Wellesley House South, 90 Pitts Bay Road, Pembroke HM 08, Bermuda (telephone 1-441-292-0888). Pursuant to rules recently adopted by the U.S. Securities and Exchange Commission (the **SEC**), we have elected to provide access to our proxy materials over the Internet. PartnerRe expects to provide notice and electronic delivery of this proxy statement and the enclosed proxy card to shareholders on or about April 10, 2008. As further detailed in the Notice Regarding the Availability of Proxy Materials (which will be mailed to shareholders or about April 10, 2008), all shareholders will have the ability to access the proxy materials on the Internet and/or request to receive a printed set of the proxy materials.

WHO IS ENTITLED TO VOTE?

You may vote if you owned common shares as of the close of business on March 28, 2008 (the **Record Date**). Each common share held at the Record Date entitles you to one vote on each matter to be voted on. As of the Record Date, PartnerRe had an aggregate of 54,264,453 common shares issued and outstanding, net of treasury shares. If you constructively or beneficially, directly or indirectly, own more than 9.9% of the voting power of the outstanding common shares, your voting rights will be limited pursuant to a formula specified in our Bye-Laws.

WHAT AM I VOTING ON?

You will be asked to:

Edgar Filing: PARTNERRE LTD - Form DEF 14A

- (i) Elect four (4) directors to serve on the Board of Directors until the 2011 annual general meeting of shareholders in the year 2011 or until their respective successors have been duly elected;
- (ii) Re-appoint Deloitte & Touche, the independent registered public accounting firm, as our independent auditors, to serve until the 2009 annual general meeting and to refer the determination of auditors' remuneration to the Board; and
- (iii) Approve our 2005 Employee Equity Plan, as amended and restated.

For more information about these proposals, see pages 53-57.

You also may be asked to consider and take action with respect to other matters that may properly come before the Annual General Meeting. At the date of this Proxy Statement, management has no knowledge of any other business that will be presented for consideration at the Annual General Meeting. In the event any other business is properly presented, the individuals named in the enclosed proxy will have authority to vote such proxy in accordance with their judgment.

WHAT DOES SOLICITATION OF PROXIES MEAN?

If you are unable to attend the Annual General Meeting, you can request that another individual vote on your behalf in accordance with your instructions (the person who votes is referred to as a proxy). In a solicitation of proxies, one party (in this case, the Board) encourages shareholders to appoint one or more particular individuals to vote as their proxy.

HOW DO I APPOINT A PROXY AND INSTRUCT THAT INDIVIDUAL HOW TO VOTE ON MY BEHALF?

You can appoint the proxies recommended by the Board, John A. Rollwagen, the Chairman, and Patrick A. Thiele, the President and Chief Executive Officer, to vote on your behalf, and give those individuals voting instructions by following the directions on the proxy card.

Table of Contents

CAN I CHOOSE MY OWN PROXY?

If you are registered, meaning that you hold common shares in certificate form or through an account with our transfer agent, Computershare Trust Company, N.A., you may appoint another individual to represent you at the Annual General Meeting by notifying Computershare in writing before the time of the Annual General Meeting. You must inform the individual you appoint. Your appointed proxy must provide valid picture identification to be admitted to the Annual General Meeting. If you hold common shares through an account with a bank or broker, please contact the bank or broker to learn how to appoint a proxy.

WILL MY COMMON SHARES BE VOTED IF I DO NOT APPOINT A PROXY?

If you are a registered shareholder and you do not appoint a proxy or vote by telephone or over the Internet, you must attend the Annual General Meeting in order to vote. If you hold common shares through an account with a bank or broker, those shares may be voted even if you do not provide voting instructions. Brokerage firms have the authority under New York Stock Exchange rules to vote shares for which their customers do not provide voting instructions on certain routine matters. The election of directors and the ratification of Deloitte & Touche as our independent auditors are considered routine matters under these rules.

HOW DO I VOTE PRIOR TO THE ANNUAL GENERAL MEETING?

If you are a registered shareholder, you can vote:

- (i) Over the Internet at the web address shown on the form of proxy; or
- (ii) By telephone, using the telephone number shown on the form of proxy.

If you hold common shares through an account with a bank or broker, you may be unable to vote by telephone or online. Please follow the instructions that the bank or broker provides.

CAN I CHANGE MY MIND AFTER I VOTE?

You may change your vote at any time prior to the Annual General Meeting by:

- (i) Voting again by telephone or over the Internet prior to 11:59 p.m. Eastern Standard Time on May 21, 2008; or
- (ii)

Edgar Filing: PARTNERRE LTD - Form DEF 14A

Voting at the Annual General Meeting if you are a registered shareholder or have obtained a legal proxy from the bank or broker that holds your account. A legal proxy is an authorization to vote the common shares the bank or broker holds in its name for your benefit on the records of our transfer agent. If you intend to vote at the Annual General Meeting, you must provide our Secretary oral or written notice either at or prior to the meeting. We will not assume that your attendance at the Annual General Meeting means that you wish to change a previous vote.

CAN I ATTEND THE ANNUAL GENERAL MEETING?

The Annual General Meeting is open to all holders of outstanding common shares as of the Record Date, but you must bring valid picture identification to be admitted. If you hold common shares through an account with a bank or broker, you also need to obtain a legal proxy from that entity, which will serve as an admission ticket. **SHAREHOLDERS THAT DO NOT HAVE VALID PICTURE IDENTIFICATION AND A LEGAL PROXY (IF REQUIRED) MAY NOT BE ADMITTED TO THE ANNUAL GENERAL MEETING.**

MAY I PERSONALLY VOTE AT THE ANNUAL GENERAL MEETING?

If you are a registered shareholder, you may vote at the Annual General Meeting by attending in person. If you hold common shares through an account with a bank or broker, you must obtain a legal proxy from that entity in order to vote at the Annual General Meeting. We encourage all shareholders, even those that plan to attend the Annual General Meeting, to vote in advance of the Annual General Meeting. If you intend to vote at the Annual General Meeting, you must provide our Secretary oral or written notice either at or prior to the meeting.

Table of Contents

HOW MANY VOTES MUST BE PRESENT TO HOLD THE ANNUAL GENERAL MEETING?

In order for us to transact business at the Annual General Meeting, the holders of 25% of the outstanding common shares as of the Record Date must have voted prior to the meeting or be present in person or by proxy. This is referred to as a quorum. Common shares will be counted toward a quorum if a shareholder:

- (i) Attends the Annual General Meeting and votes in person;
- (ii) Properly returns a proxy by Internet, mail or telephone; or
- (iii) Indicates an intent to abstain, or if the shareholder's vote is recorded as a broker non-vote.

HOW MANY VOTES ARE NEEDED TO APPROVE EACH PROPOSAL?

All matters to be voted on at the Annual General Meeting will be decided by a simple majority of votes cast. If common shares are held by a broker that does not indicate how to vote on a particular matter, or if a shareholder abstains from voting on a particular matter, the common shares will be treated as not entitled to vote on that matter for purposes of determining how many votes are required for approval.

HOW DOES THE BOARD SOLICIT PROXIES?

Proxies will be solicited initially by mail. Directors, officers and our employees may make further solicitation personally, by telephone or otherwise, but these individuals will not be specifically compensated for such services.

Shareholders that hold common shares through an account with a bank or broker will be requested to forward the proxy materials to the bank or broker. That entity will be reimbursed for its reasonable expenses incurred in connection with distributing and collecting proxy materials.

WHO PAYS FOR THE SOLICITATION OF PROXIES?

We will bear all of the costs of the solicitation of proxies for use at the Annual General Meeting. If you vote via the Internet, mail or by telephone from outside the United States and Canada, you may incur costs. These costs are your responsibility.

WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE FORM OF PROXY?

Edgar Filing: PARTNERRE LTD - Form DEF 14A

Multiple proxies indicate that your common shares are in more than one account. To ensure that all common shares are voted, please either vote each account by telephone or over the Internet, or sign and return all forms of proxy. We encourage you to register all your accounts in the same name and address. If you hold common shares through a bank or broker, you should contact the bank or broker and request consolidation.

HOW DO I MAKE A PROPOSAL FOR THE 2009 ANNUAL GENERAL MEETING?

You may propose any matter for a vote by our shareholders at the 2009 Annual General Meeting by sending the proposal to the Secretary, PartnerRe Ltd., Wellesley House South, 90 Pitts Bay Road, Pembroke HM 08, Bermuda. We may omit the proposal from next year's proxy statement if it is not received by the Secretary at the address noted above 120 days prior to the first anniversary of the 2008 Proxy Statement or if it does not comply with applicable requirements of the SEC.

CAN I MAKE A PROPOSAL AT THE 2009 ANNUAL GENERAL MEETING?

If a shareholder proposal is introduced at the 2009 annual general meeting without any discussion of the proposal in our proxy statement and the shareholder does not notify us 45 days prior to the first anniversary of this Proxy Statement as required by Exchange Act Rule 14a-4 (c)(1) of the intent to raise such proposal at the annual general meeting, then such proxies received by us for the 2009 annual general meeting will be voted by the persons named as such proxies in their discretion with respect to such proposal. Notice of such proposal is to be sent to the address listed in the paragraph above.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers and persons that own more than 10 percent of a registered class of our equity securities to file initial reports of ownership and reports of changes in beneficial ownership with the SEC and the New York Stock Exchange. We assist directors and executive officers by monitoring transactions and completing and filing Section 16 reports on their behalf.

Based solely on a review of the reports filed by persons subject to Section 16(a), no director or executive officer failed to file his or her required reports on a timely basis during 2007.

CORPORATE GOVERNANCE

Board Classification

As described above under the heading *Our Directors*, the Board is divided into three classes with terms expiring at successive annual meetings. Class III, whose term expires at the upcoming Annual General Meeting, comprises Judith Hanratty, Rémy Sautter, Patrick A. Thiele and Jürgen Zech. Each director in Class III is standing for reelection, and, if elected, will continue to serve until the new term expires at the 2011 Annual General Meeting.

Meetings and Committees of the Board

The Board held six meetings in 2007 both in person and by telephone. Every director attended at least 75% of the Board meetings held and the committees of the Board of which he or she was a member. Every director attended the 2007 Annual General Meeting. The Board is charged with managing strategic decisions throughout the organization and does so through each of its Committees (for further details see *Committees of the Board of Directors*, on page 16 and *Our Directors* on pages 5-7).

Insurance

The primary underwriter for PartnerRe's director and officer insurance is Hartford Fire Insurance Company. The policy period runs from April 1 to March 31. Management negotiated an extension of this coverage to May 15, 2008. The cost of this coverage for the one-year period ending March 31, 2008, was \$1,671,342 and the cost of the extension was \$202,243.

Communication with Directors

Any shareholder or other interested party that wishes to communicate with our directors may write to the Board at Wellesley House South, 90 Pitts Bay Road, Pembroke HM 08, Bermuda, marked for the attention of a particular director or the Secretary to the Board. The Secretary's office opens all such correspondence and forwards it to the relevant director, except for items unrelated to the functions of the Board, business solicitations or advertisements.

Significant Board Practices

Executive Session

Edgar Filing: PARTNERRE LTD - Form DEF 14A

At every physical board meeting there is an executive session where Mr. Patrick Thiele, the Chief Executive Officer, is excused. In 2007, there were four physical board meetings. In addition an executive session occurred after a telephonic board meeting meaning there were five executive sessions in 2007. The non-management board members are at liberty to raise whatever issues they wish.

Advance Materials

Information and data important to the directors' understanding of the business or matters to be considered at a Board or committee meeting are, to the extent practical, distributed sufficiently in advance of the meeting to allow careful review. The directors set an annual agenda in advance, which is circulated with the materials. In addition, the Chairman of the Board and each committee, having had direct input from the directors, sets a quarterly agenda in advance for all Board and committee meetings.

Access to Management and Employees

Directors have full and unrestricted access to management and employees. Additionally, key members of management attend Board meetings from time to time to present information about the results, plans and operations of the business within their areas of responsibility.

Access to Outside Advisers

The Board and its committees may retain external counsel or consultants without obtaining the approval of management. The Audit Committee has the authority to retain and terminate the independent auditor. The

Table of Contents

Nominating & Governance Committee has the authority to retain search firms to help identify director candidates. The Compensation Committee and the Chairman of the Compensation Committee have the authority to retain compensation consultants for advice on executive compensation matters.

Director and Officer Questionnaire

Every year, each director and executive officer completes a Director and Officer Questionnaire that requires disclosure of information including any transactions with PartnerRe in which the director or executive officer, or any member of his or her immediate family, has a direct or indirect material interest.

Board Independence and Expertise

All directors have been determined to be independent with the exception of the Chief Executive Officer, Patrick Thiele, who is the only management director. In making its determination of independence, the Nominating & Governance Committee considers the New York Stock Exchange listing standards for independence and reviews a comprehensive list of board memberships and charitable associations for each director. As a result of this review, the Nominating & Governance Committee determined that no director other than Mr. Thiele had a direct or indirect material relationship with PartnerRe. In addition, there are no interlocking directorships and none of our independent directors or any of their immediate family receives any consulting, advisory, legal or other non-director fees from PartnerRe. If any such relationship were deemed to exist, all relevant material fees would be disclosed and the Nominating & Governance Committee would make a new determination as to independence. The Board has not appointed a Lead Director as the role of Chairman is filled by an independent, non-executive director and the Chairman presides at all meetings and at all executive sessions of the Board.

In the normal course of our operations, PartnerRe bought or held securities of companies in which our board members are directors or non-executive directors. All transactions entered into as part of the investment portfolio were completed on market terms.

Director Qualifications

The Nominating & Governance Committee is responsible for identifying, reviewing, assessing and recommending to the Board candidates to fill vacancies on the Board that occur for any reason. The Nominating & Governance Committee follows established criteria when evaluating the candidacy of any individual as a director. There currently are no vacancies on the Board. Further information about the criteria can be found under the heading *Nominating & Governance Committee* on page 18.

Code of Business Conduct and Ethics

The Board has adopted the PartnerRe Ltd. Code of Business Conduct and Ethics. The Code of Business Conduct and Ethics applies to all directors, officers and employees. Any specific waiver of the provisions requires approval of the Board or the Audit Committee, and any waivers must be promptly disclosed to shareholders. There were no waivers to the Code of Business Conduct and Ethics in 2007. Any employee, officer

or director who violates the Code of Business Conduct and Ethics will be subject to disciplinary action.

The Code of Business Conduct and Ethics was filed with the SEC on Form 10-K on February 29, 2008. A copy is available on our website at www.partnerre.com.

Corporate Governance Principles and Application Guidelines

The Board believes that good corporate governance is critical to achieving business success and aligning the interests of management and shareholders. To that end, the Board adopted the Corporate Governance Principles and Application Guidelines to define how the Board will operate and to reflect PartnerRe's business and global practices. The Governance Principles specifically note that our Bye-Laws require majority voting for resolutions relating to the election of directors.

Table of Contents

Compensation Committee

The Compensation Committee has five primary areas of responsibility:

Setting compensation philosophy;

Reviewing, and if agreed approving, recommendations by the Human Resources Committee;

Making recommendations to the Board with respect to the compensation and benefits of executive management;

Managing any plan that provides equity-based awards; and

Overseeing the application of PartnerRe's compensation philosophy to the compensation and benefit policies for all officers subject to Section 16 of the Securities Exchange Act of 1934.

The Compensation Committee meets at least four times per year, but the Chairman may call additional meetings as required.

Compensation Committee Consulting Services

The Chairman of the Compensation Committee, Mr. Montupet has the authority to hire and manage outside consulting services.

Mr. Montupet requests information, analysis and proposals from PricewaterhouseCoopers, who provide consulting services from time to time. As discussed below, examples of these services include reviewing executive retention plans, proposing alternative approaches in the design of long-term incentive plans, recommending peer group comparators and making competitive pay analyses derived from the peer group. Fees for these consulting services are set on a project-by-project basis. We do not pay an annual retainer to PricewaterhouseCoopers.

In 2007, Watson Wyatt was commissioned by the Compensation Committee to review the Charters for the Compensation Committee and the Human Resources Committee. The resulting recommended changes to the Charters were approved at the November 2007 Compensation Committee meeting and posted on our website.

Management also obtains consulting services from other independent compensation consultants on a needs basis throughout the year. Typical projects include market pay studies, industry benchmarking and input on current trends and developments in executive compensation. In 2007, Watson Wyatt was retained to advise on equity grant levels for our senior operating management group.

Compensation of Executive Committee Members: Roles and Responsibilities

Human Resources Committee

The Human Resources Committee is comprised of the Chief Executive Officer and the members of the Compensation Committee. The Human Resources Committee oversees human resources philosophy, strategy, policy and administration for the Section 16 officers (excluding the Chief Executive Officer) and below for the PartnerRe group of companies.

Chief Executive Officer

The Chief Executive Officer is not a member of the Compensation Committee and did not attend any Compensation Committee meetings in 2007. The Chief Executive Officer assists the Compensation Committee via his membership in the Human Resources Committee as follows:

Provides business context, the market environment and PartnerRe's strategic direction;

Proposes financial performance measures and organizational performance objectives for each member of the Executive Committee, other than himself, for the next annual performance period; and

Table of Contents

Makes compensation recommendations for the Executive Committee, other than himself, based on PartnerRe's financial results and his personal qualitative assessment of the contributions of each Executive Committee member toward those results and other organizational objectives.

Human Resources Management

In February 2007, Human Resources management provided the Compensation Committee with its analysis on internal pay equity, compensation mix, executive share ownership and competitive market comparisons.

Two Human Resources officers attend meetings of the Compensation Committee in a support capacity, but are not members.

The Chief Human Resources Officer presents information and proposals and coordinates technical and administrative support for the committee. Once compensation packages are approved, the Chief Human Resources Officer is responsible for implementing the base salary adjustments, the annual incentive payment and the equity award grant.

The Director of Group Compensation and Benefits is a resource on technical issues, and serves as secretary to both the Human Resources Committee and the Compensation Committee.

Compensation Consultant

PricewaterhouseCoopers provides information and guidance to the Compensation Committee as requested. Each year at the Compensation Committee's November meeting, PricewaterhouseCoopers presents a report suggesting which companies constitute an appropriate peer group. (see External Pay Equity Competitive Peer Group, on page 26). Subject to the approval by the Compensation Committee of the peer group, PricewaterhouseCoopers prepares a competitive analysis of total compensation for the Executive Committee members against comparable executives at each peer group company. This analysis is presented to the Compensation Committee at the following February meeting. PricewaterhouseCoopers, together with the Chief Human Resources Officer, also presents the Compensation Committee with options for the compensation of the Chief Executive Officer based on peer group analysis.

Compensation Committee

The Compensation Committee reviews all the analysis and information it receives and formulates the final compensation recommendations to the Board for the Executive Committee.

Board of Directors

Edgar Filing: PARTNERRE LTD - Form DEF 14A

The Board is responsible for the final approval of all compensation elements for each Executive Committee member, excluding the CEO. All compensation elements of the CEO are discussed and approved during a Board executive session consisting of independent directors.

The Board has adopted a charter for each committee to, among other things, reflect current best practices in corporate governance. The Board and the named executive officers are responsible for managing strategic risk throughout the organisation and are therefore responsible for establishing our limits and policies.

The following section describes the role of each committee.

AUDIT COMMITTEE

The Audit Committee oversees the financial reporting and the internal control structure and our compliance with applicable accounting and regulatory requirements. The Audit Committee regularly meets with management, the Chief Audit Executive and our independent registered public accounting firm to review matters relating to the quality of financial reporting and internal accounting controls, including the nature, extent and results of their audits, and otherwise maintains communications between the independent registered public accounting firm and the Board. The Audit Committee also oversees compliance with the Code of Business Conduct and Ethics. The Audit Committee met nine times during the year ended December 31, 2007.

The Chairman of the Audit Committee, Mr. Kevin M. Twomey, meets the definition of an audit committee financial expert as adopted by the SEC, and he has agreed to be designated as the audit committee financial expert for PartnerRe. Mr. Twomey serves on the Audit Committees for two other public companies. Further information about Mr. Twomey can be found on page 5.

The other members of the Audit Committee meet the financial literacy requirements of the New York Stock Exchange. They have a broad range of experience in senior executive positions in their respective industries. The Board has determined that each member of the Audit Committee

Edgar Filing: PARTNERRE LTD - Form DEF 14A

has appropriate accounting and financial management expertise. Further details relating to the experience of the Audit Committee members can be found in their respective biographies on pages 5-7.

The following report was tabled and approved at a meeting of the Audit Committee on February 26, 2008.

AUDIT COMMITTEE REPORT

The Audit Committee has discussed with the independent registered public accounting firm, Deloitte & Touche (Deloitte), the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as may be modified or supplemented, and as required by S-X Rule 2-07.

Table of Contents

The Audit Committee has discussed with Deloitte its independence and whether Deloitte's provision of non-audit related services is compatible with maintaining Deloitte's independence from management and the Company and has received from Deloitte the written disclosures and the letter required by the Independence Standards Board Standard No. 1, as may be modified or supplemented, including written materials addressing the internal quality control procedures of Deloitte.

During fiscal year 2007, the Audit Committee had nine meetings, including telephonic meetings, to discuss amongst other things the quarterly results of the Company. The meetings were conducted so as to encourage communication among the members of the Audit Committee, management, the internal auditors, and Deloitte. Among other things, the Audit Committee discusses with Deloitte the overall scope and plans for their respective audits, and the results of such audits. The Audit Committee separately met with representatives from Deloitte, both with and without management present.

The Audit Committee has reviewed and discussed the audited financial statements for the year ended December 31, 2007 with management and with Deloitte. Based on the above-mentioned reviews and discussions, the Audit Committee has recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2007.

FINANCE & RISK MANAGEMENT COMMITTEE

The Finance & Risk Management Committee oversees all aspects of risk and financial management, which includes several functions. In particular, the Finance & Risk Management Committee:

Oversees policies and activities related to overall management of our assumed risks pursuant to the Business Strategy and Risk Guidelines established by the Board;

Advises the Board with respect to the manner in which capital is exposed to losses through reinsurance and investment activities;

Monitors our catastrophe exposure and levels of retrocession appetite and reviews our reserving policy;

Reviews our asset allocation policy and investment guidelines and monitors investment performance against agreed benchmarks; and

Oversees our balance sheet and capital management policies, including new capital raising, capital allocation, dividend payments and capital expenditure.

The Finance & Risk Management Committee met four times during the year ended December 31, 2007.

HUMAN RESOURCES COMMITTEE

The Human Resources Committee is responsible for our compensation philosophy, all forms of non-current monetary compensation (other than for the named executive officers) and the administration of the defined contribution pension plans. The Human Resources Committee also reviews, analyzes, discusses and, if appropriate, validates management's recommendations regarding human resource philosophies, policies and programs. The Human Resources Committee focuses primarily on executive compensation (including making recommendations to the Compensation Committee), employee benefits, equity programs and executive succession planning and development. The Human Resources Committee met four times during the year ended December 31, 2007.

NOMINATING & GOVERNANCE COMMITTEE

The Nominating & Governance Committee is responsible for all aspects of governance. The Nominating & Governance Committee identifies individuals qualified to become Board members, often with the assistance of a third party search firm, and recommends appropriate nominees to the Board for election at the next annual general meeting of shareholders or, if necessary, as candidates to fill any vacancies or newly-created directorships that may occur between such meetings. In addition, the Nominating & Governance Committee appoints Board committee members, prescribes committee structure, evaluates Board and committee performance, oversees and sets Board compensation, and develops and recommends to the Board the Corporate Governance Principles and Application Guidelines and oversees compliance with such guidelines. The Nominating & Governance Committee Chairman conducts individual assessments for those directors who are standing for re-election.

Because of the unique and diversified nature of the reinsurance industry, the Nominating & Governance Committee will maintain sole responsibility for the nomination of directors. The Nominating & Governance Committee may, at its discretion, consider any proposals put forward by the shareholders for nomination of a director.

The Nominating & Governance Committee has established and rigorously follows criteria for membership to the Board and any committee. Our evaluation includes a review of prospective candidates' qualifications (including a determination of whether the candidate is independent); and geographic location; an appraisal of current directors for re-nomination to the Board or re-appointment to any committee; an assessment of the performance of current directors; and a periodic review of the composition of the Board and its committees in light of current challenges and needs. The Nominating & Governance Committee also will consider each director's individual skills and determine whether it may be appropriate to add or remove individuals after considering issues of judgment, diversity, age, background and experience.

The Nominating & Governance Committee met four times during the year ended December 31, 2007.

Table of Contents**DIRECTOR COMPENSATION**

The directors' compensation guidelines align the interests of directors and shareholders by promoting share ownership while maintaining competitive compensation levels.

In setting director compensation, the Nominating & Governance Committee considers both the significant amount of time and the skill level required for directors to fulfill their duties. The total compensation package for director service consists of three components:

Cash compensation;

Share options; and

Restricted share units.

The following table shows how director compensation was allocated among these three components.

Component	Director Annual Amount	Board Chairman Annual Amount
Cash	\$ 50,000	\$180,000
Share options	\$100,000	\$120,000
Restricted share units	\$ 80,000	\$100,000
Dividend equivalents	Per actual dividend rate declared by the Board	Per actual dividend rate declared by the Board

With the exception of the spousal program (described below under [Board Perquisites](#)), we do not provide any perquisites to the directors.

Equity Components

The share option awards are immediately vested options to purchase PartnerRe common shares. These are granted each year on the date of the annual general meeting. The number of share options granted is determined using the Black-Scholes methodology.

The restricted share units are immediately vested and awarded on a quarterly basis. Each restricted share unit award has a minimum share delivery date restriction of five years from the date of grant. Directors may elect to extend the share delivery date restriction to 10 years or 15 years from the date of grant. If a director's service terminates for any reason other than death, the delivery deferral will be lifted and the shares will be delivered six months following termination. In the case of termination due to death, the delivery deferral will be lifted and the shares will be delivered immediately to the director's designated beneficiary or estate. Dividend equivalents on cumulative restricted share unit awards are paid out quarterly in cash.

All equity awards for the directors are made from the 2003 Non-Employee Director Stock Plan. This plan provides for the issuance of up to 500,000 common shares, and prescribes maximum annual limits for share option and restricted share unit awards. PartnerRe may amend or terminate the 2003 Non-Employee Director Stock Plan at any time, in whole or in part. However, any amendment for which shareholder approval is required by law will not be effective until such approval has been obtained. Unless terminated earlier, the plan will expire on May 22, 2013.

Elective Equity Incentive

In order to further align director and shareholder interests, the guidelines allow directors to elect each year to defer 50 percent or 100 percent of their cash compensation to be paid out in equity. This deferral opportunity encourages increased share ownership by providing a company match of 25 percent on the value of deferred cash compensation. The company match is paid out in restricted share unit awards, which are made under the same terms and conditions as the other restricted share unit grants.

Table of Contents

Board of Directors Ownership Guidelines

Each director is asked to own, at a minimum, a number of PartnerRe common shares with an aggregate value equal to four times the director's annual cash compensation entitlement. For purposes of determining levels of ownership, restricted share units and shares held outright are included in each director's holdings, and the share value is determined. All board members have met the ownership guidelines. Directors who do not meet the ownership guideline are required to defer at least 50 percent of their cash compensation in the form of restricted share units until the guideline is met. As with the elective equity incentive, mandatory deferrals receive a company match equivalent to 25 percent.

The Company match is paid out in restricted share unit awards, which are made under the same terms and conditions as the other restricted share unit grants.

Compensation for the Chairman of the Board

For services as Chairman in 2007, Mr. Rollwagen received equity awards of 8,721 share options and 4,341 restricted share units. Mr. Rollwagen elected to defer 100 percent of his 2007 cash compensation and was therefore entitled to receive a company match equivalent to 25 percent of his deferral.

Chairman of the Board restricted share units	(\$)
Standard annual restricted share units award	100,000
Cash deferral to restricted share units award	180,000
Company match	45,000
Dividend equivalents in cash	31,327
Total	356,327

Management Director's Fees and Directors' Expenses

Mr. Thiele is not paid any fees or additional compensation for services as director or as a member of any committee. All directors, including Mr. Thiele, are reimbursed for travel and other related expenses incurred in attending meetings of the Board or its committees. All directors, including Mr. Thiele, are reimbursed for attending education sessions in connection with fulfilling their obligation as directors or in connection with their membership on their respective committees. Every other year we invite the partners of the directors and executive committee members to a board meeting and provide an extra optional program. No such program took place in 2007.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Nominating & Governance Committee considered certain director relationships when making a determination as to director independence. These relationships are more fully described in *Board Independence and Expertise* on page 13.

Edgar Filing: PARTNERRE LTD - Form DEF 14A

There were no related person transactions involving our directors, executive officers, any persons named in Other Beneficial Owners on page 11 or any of their immediate family members.

In November 2007, the Board adopted a written Related Person Transaction policy to codify the practice of identifying, approving and reporting any related party transactions. The Nominating & Governance Committee is responsible for applying and enforcing the Related Person Transaction policy. Annually, each director completes a questionnaire identifying board relationships that each director has outside that of PartnerRe. A list of parties is compiled from the responses provided and is distributed to all relevant business unit heads and support staff personnel who then identify and quantify any transactions that may have been consummated with any party identified. The Nominating & Governance Committee determines whether there is a need for the transaction to be stopped and/or to be reported in the proxy or continued and not reported because it falls within certain permitted exceptions.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

We are a leading global reinsurer, providing multi-line reinsurance to insurance companies. We are an economic entity that exists to take risk and earn an adequate return on the capital that shareholders provide. As the purpose of our business is to assume risk, executives and employees with the skills to assess, value and manage risk are critical to the creation of shareholder value.

Three principles drive our behavior and form the basis for our compensation policies. We are committed to:

Selling a product of value to selected insurance and capital markets clients, backed by our financial ability to meet our commitments;

Delivering an adequate return on your (the shareholders') capital to compensate you for the risk we assume on your behalf; and

Remaining a well-managed company that follows sound governance practices and provides a challenging work environment where employees can develop their careers and be appropriately rewarded for their performance.

PartnerRe Executive Total Compensation Program

The Compensation Committee developed the Executive Total Compensation Program. The program was designed to establish compensation and benefit programs which will motivate and reward the contributions and behaviors which effectively produce optimal financial and non-financial results and ensure long-term success of PartnerRe for you, our shareholders.

The Executive Committee membership is made up by Mr. Thiele, Mr. Benchimol, Mr. Meyenhofer, Mr. Moore and Mr. Miranthis (further details can be found under the heading "Our Executive Officers" on page 8). All members of the Executive Committee are eligible to participate in the Executive Total Compensation Program. Mr. Miranthis became a member effective September 1, 2007 and his remuneration was prorated accordingly.

As shown in the following table, the Executive Total Compensation Program has several components to meet strategic objectives set by the Board.

Elements of Compensation

The three principal types of compensation available to the Executive Committee are base salary, annual incentive and annual equity awards. When setting amounts for each of these components, the Compensation Committee is guided by the philosophy set out in the Executive Total Compensation Plan: Compensation should be competitive to the median of total compensation for target performance as determined by peer group analysis within the global market environment. The analysis compares both aggregate total compensation and each element of compensation, to the peer group median.

Base Salary

Salary is intended to compensate Executive Committee members for their extensive years of experience and industry-specific expertise. Other than Mr. Miranthis, who received a promotion in 2007, the salary for the Executive Committee was fixed and effective as of April 1, 2007. As further detailed under External Pay Equity Competitive Peer Group, the Compensation Committee refers to peer company comparisons to set base salary at market competitive levels (see page 26).

Table of Contents

Base salaries for the Executive Committee members in the past two years were as follows:

	Annual Salary Rate		Percentage Increase
	April, 2006	April, 2007	
Patrick A. Thiele	\$ 966,000	\$ 1,000,000(a)	3.5%
Albert Benchimol	\$ 525,000	\$ 543,400	3.5%

Scott D. Moore	\$ 525,000	\$ 543,400	3.5%
Costas Miranthis	\$ 445,000	\$ 460,575(b)	3.5%

- (a) At his request, Mr. Thiele's salary has been capped at \$1 million per year.
- (b) The 2006 and 2007 base salary rates for Mr. Miranthis were for the position he held as the Chief Actuarial Officer. Mr. Miranthis was promoted to Deputy Chief Executive Officer, PartnerRe Global on September 1, 2007. At that time, his base salary of \$ 460,575 was increased to CHF 634,800.

Annual Incentive

All employees of the PartnerRe group, including the Executive Committee, are eligible for a cash annual incentive based on the achievement of pre-determined performance goals in accordance with the PartnerRe Group Annual Incentive Guidelines. These guidelines provide a framework for the structure and payout of annual incentives, including guidance on performance metrics and weights as well as process and governance. For further details about how the annual incentive is determined and what each Executive Committee member was awarded in respect of 2007 business performance, see Annual Incentive Awards, on pages 26-28.

Under the guidelines:

Each employee has a target annual incentive that is set as a percentage of base salary.

The target payout is set to the median range of the competitive market.

The annual incentive payout ranges from 0 percent to 200 percent of the target payout based upon performance results.

The payout will be at target for target performance, below target for low performance and above target for superior performance.

The target annual incentives and 2007 payout ranges for the Executive Committee members were as follows:

Target Annual Incentive	Current Base Salary	Minimum Annual Incentive Payout (0% of	Target Annual Incentive Payout (100% of target)	Maximum Annual Incentive Payout (200% of

Equity Grants

The Compensation Committee determines annual equity awards based upon company financial performance and individual performance. Equity awards typically are delivered in a mix of either share options or share-settled share appreciation rights and restricted share units.

Table of Contents

The Executive Total Compensation Program prescribes share ownership targets for each Executive Committee member; our structured award program enables each individual to reach the targets within a reasonable period of time. As discussed below, Executive Committee members, who reach target ownership levels are permitted to customize the form of their equity grants. For more information about how the annual equity awards are determined, what each member of the Executive Committee was awarded for the 2007 performance year, and what the ownership targets are, see Annual Equity Grants, which begins on page 28, and Executive Share Ownership and Retention, which begins on page 31.

Analysis of Total Compensation*Mix of Compensation*

In February 2008, the Compensation Committee analyzed and reviewed the mix of compensation for the Executive Committee with respect to the 2007 performance year. The key considerations when finalizing the percentage were as follows:

Achieving a balance between fixed and variable compensation that supports a pay-for-performance approach, and

Ensuring that the equity component is sufficient to align the Executive Committee members' interests with shareholders' interests.

The following table shows the total *target* compensation for 2007 allocated between salary, annual target incentive and target equity awards.

	Target Base Salary	Target Cash Annual Incentive	Target Equity Award Value (*)
Patrick A. Thiele	18%	23%	59%
Albert Benchimol	17%	17%	66%
Bruno Meyenhofer	19%	19%	62%
Scott D. Moore	17%	17%	66%
Costas Miranthis	22%	22%	56%

The table below shows how the *actual* annual compensation for 2007 was allocated between salary, annual incentive and equity awards. The numbers in the tables differ because of exceptionally strong results in 2007 causing all elements of compensation linked to performance to be higher.

	Base Salary	Actual Cash Annual Incentive	Actual Equity Award Value (*)
Patrick A. Thiele	16%	41%	43%
Albert Benchimol	17%	25%	58%

Edgar Filing: PARTNERRE LTD - Form DEF 14A

The value of equity is based on the Black-Scholes valuation at grant for share-settled share appreciation rights (\$11.66) and the fair market value at grant for restricted share units (\$77.92) and any cash value arising from the executive's equity customization election.

Internal Pay Equity

In February 2008, management prepared an internal pay equity analysis for the Compensation Committee. This analysis compares the levels of each principal element of compensation, as well as total compensation for each of the Executive Committee members. Because the reinsurance industry is cyclical, our internal pay equity analysis typically covers a three-year period to ensure that decisions are not skewed by results from aberrational years.

The Compensation Committee determined that the Chief Executive Officer's compensation, compared to the compensation of the other Executive Committee members, is appropriate and reflects the difference between their respective responsibilities. The Compensation Committee also has determined that compensation levels for the other Executive Committee members are appropriately positioned between the Chief Executive Officer and the next level of management.

Table of Contents

Based on the aggregate of salary, annual incentive and equity value averaged over the last three years, the Chief Executive Officer's annual compensation was 28 times the average annual compensation paid to our employees.

External Pay Equity - Competitive Peer Group

We define our competitive peer group as companies in the insurance or reinsurance industry with which we compete for executive talent. The Compensation Committee annually reviews the companies in the peer group to ensure that they fulfill this definition. PricewaterhouseCoopers recommends the companies constituting the peer group based on their size (revenues and market capitalization), corporate strategy, business mix and location. The Compensation Committee considers and approves the peer group.

The 2007 peer group is as follows: ACE Ltd., XL Capital Ltd., W.R. Berkley Corporation, Reinsurance Group America Inc., Everest Re Group Ltd., Transatlantic Holdings Inc., Arch Capital Group Ltd., Scor SA, Axis Capital Holdings Limited, Endurance Specialty Holdings Ltd., and RenaissanceRe Holdings.

Based on the recommendations of PricewaterhouseCoopers, five companies were excluded from the 2007 peer group, as they failed to meet the selection criteria defined by the Compensation Committee. The five excluded companies were: White Mountains Insurance Group, Allied World Assurance Holdings, Max Re Capital, Scottish Re and Odyssey Re.

In February 2007, the Compensation Committee reviewed an analysis prepared by PricewaterhouseCoopers comparing compensation within the peer group. The analysis indicated that the total compensation of Executive Committee members were at market median relative to their peers.

Annual Incentive Awards

Performance Weightings, Metrics and Scales

The annual incentive paid to the Executive Committee members varies based on pre-determined, quantitative measures designed to motivate and reward performance. In November 2006, the Compensation Committee approved the performance goals, including the weightings, metrics and scales for each Executive Committee member, for the performance period commencing the following January 1, 2007 and ending on December 31, 2007. Metrics measure both financial and non-financial (organizational) performance against pre-determined objectives. The Compensation Committee applied weights to each metric based on how important the metrics are to our strategy, the current business environment and the behaviors the Compensation Committee wants to encourage and reward.

The following table shows the group and business unit performance metrics.

Group	U.S./Global

Edgar Filing: PARTNERRE LTD - Form DEF 14A

Profitability	Return on Equity	Return on Equity	Return on Equity
Organizational Growth	Integrated Risk Management; Capital at Risk; Succession Planning/Management Development		Capital Utilized
		n/a	

Table of Contents

Each Executive Committee members' annual incentive is heavily weighted toward PartnerRe's profitability. PartnerRe uses operating return on equity as the principal financial measure as it ensures that the payments accurately reflect our performance throughout the business cycle of both hard and soft market conditions. The scale, which has not changed in five years, is as follows:

Operating Return on Equity Performance	Payout of Award as a Percentage of Target Incentive
>18%	200%
>17%	180%
>16%	160%
>15%	140%
>14%	120%
12-14%	100%
>11%	80%
>10%	60%
>9%	40%
>8%	20%
<8%	0%

This scale is calibrated to reflect the difficulty associated with achieving each return on equity target shown. The annual incentive target (i.e. payout at 100 percent) reflects a 12 to 14 percent return on equity performance, which is consistent with our long-term goal of a 13 percent return on equity over the reinsurance cycle. The scale starts at 8 percent because we have determined that shareholders are not being adequately compensated for the risk associated with their investment in PartnerRe if the return on equity does not exceed that level. An independent study, conducted by the Research Data Group, of the Dow Jones Wilshire Property & Casualty Index, which covers a broad range of insurance companies in the property and casualty industry, showed that the average return on equity for the industry sector, over the period 1997 to 2007, was 7.2%. The annual incentive payout is capped at 18 percent because the Compensation Committee has determined that an uncapped payout could encourage behavior that is not in the best interests of PartnerRe or our shareholders. As shown in the table on page 28 under the heading Annual Incentive Payouts, operating return on equity has reached a low of (9) percent and a high of 26 percent over the past three years.

In addition to the return on equity goal, the Compensation Committee sets other quantitative and qualitative goals. The quantitative goals for 2007 were business unit return on equity. The quantitative goals for 2007 for the group and each business unit (U.S., Global and Capital Markets) were return on equity. In addition, for the Capital Markets business unit, there were two further quantitative goals: increase in capital utilized (Private Markets) and investment profitability in excess of the risk-free rate of return (Public Markets). These quantitative goals are set out in the table on page 28. The qualitative goals are organizational and relate to specific projects and actions that the Board considers crucial to our overall success. These goals are management development, integrated risk management and embedding economic value principles throughout the organization.

2007 Annual Incentive Weightings for the Executive Committee

The following table shows the performance measure and the annual incentive weightings applied to each measure, for the Executive Committee. The Compensation Committee regards Group Performance as the primary indicator of success and therefore the primary measure was return on equity. To reflect our business strategy for our Capital Markets group, there was an additional growth measure for the Chief Financial Officer for this business unit.

Annual Equity Grants

The Compensation Committee strives to align the long-term interests of employees and shareholders by encouraging employees to own PartnerRe common shares. One way we pursue this objective is by making annual equity grants.

Table of Contents*Total Equity Pool*

Since equity awards are a grant of ownership in PartnerRe, the Compensation Committee has determined it is appropriate that the number of shares available to allocate to employees each year varies with the value employees have created for shareholders. From 2001 through 2006, the Compensation Committee used operating return on equity to measure value creation. The following table shows how the Compensation Committee converted one year's return on equity performance results to an equity pool based on a percentage of PartnerRe common shares outstanding:

Annual Operating Return on Equity before dividends (%)	Percentage of Common Shares Outstanding (%)
>15	2.7*
>14 to 15	2.4
>13 to 14	2.1
>12 to 13	1.8
>11 to 12	1.5
>10 to 11	1.2
<10	0.8

* The operating return on equity at December 31, 2006 was greater than 15 percent, which resulted in our ability to grant equity awards reflecting up to 2.7 percent of our outstanding common shares as of December 31, 2006, or a total equity pool of 1,560,675 option equivalents delivered as either share-settled share appreciation rights or restricted share units.

In 2006, the Compensation Committee determined growth in economic value per share to be a more appropriate measure for determining the size of the total equity pool as it more accurately reflects value creation and adopted it as the metric. Unlike operating return on equity, the calculation of economic value per share captures aspects of value creation that are critical to a reinsurance company, such as growth in shareholders' equity. The Compensation Committee determined that this valuation period incorporates a longer-term view and is better aligned with the objectives of a long-term incentive. Economic value is defined as the difference between the net present value of our tangible assets and net present value of our liabilities. The table below shows how economic value is calculated:

Economic Value	
	Common shareholder equity
(i)	+ Value of discount in reserves
(ii)	+ Unrecognized future value
(iii)	+ Embedded value of Life business
(iv)	- Goodwill
(v)	- Tax due if the value of items (i) to (iii) were immediately recognized

Using a longer performance period will enable us to reward Executive Committee members for sustained success, and also will ensure that unusually good or bad years do not have an unwarranted impact on the size of equity grants. The Compensation Committee therefore approved the use of economic value per share growth as the financial measure for 2007.

Table of Contents

The revised table below, approved by the Compensation Committee, shows how the compound annual growth rate in economic value per share translates into the corresponding equity pool.*

Economic Value Per Share Growth	after dividends (%)	Percentage of Common Shares Outstanding (%)
>12.5		2.7
>11.5	12.5	2.4
>10.5	11.5	2.1
>9.5	10.5	1.8
>8.5	9.5	1.5
>7.5	8.5	1.2
>6.5	7.5	1.0
<6.5		0.8

The Compensation Committee approved the total equity pool for annual equity awards to employees based upon 2007 compound annual growth in economic value per share of 18.3 percent and common shares outstanding of 55,936,361 as of December 31, 2007.

In 2007, the compound annual growth in economic value per share was greater than 12.5 percent, which resulted in our ability to grant equity awards reflecting up to 2.7 percent of our outstanding shares of common shares as of December 31, 2007, or a total equity pool of 1,510,282 option equivalents to be delivered as either share-settled share appreciation rights or restricted share units.

Equity Pool Allocation

The Compensation Committee recommends how the equity pool should be allocated among the Chief Executive Officer, the other Executive Committee members and other employees. These recommendations are based upon a mathematical formula derived from peer group analysis. Since 2005, shares available for equity awards have been distributed as follows:

Allocation Category	Pool Allocation as % of Total Equity Pool
Chief Executive Officer	13
Other Executive Committee Members	27
Other Employees	60

For 2007, these percentages translated to the following numbers:

Total Equity Pool	
1,510,282	
Executive Committee Equity Pool	Employee Equity Pool
40%	60%
604,113	906,169

Edgar Filing: PARTNERRE LTD - Form DEF 14A

Chief Executive Officer 1/3	Other Executive Committee 2/3
201,371	402,742

* This table was developed after studying historical data from 2001 to 2006 which compared equity pools resulting from the return on equity metric compared to the economic value per share metric. The scales are broadly comparable in terms of generating similar equity pools under either metric.

Table of Contents

Specific equity award grants to the individual Executive Committee members were as follows:

	Allocation as % of Total Equity Pool	Share-Settled Share Appreciation Rights (3-year ratable vest)	Restricted Share Units (3-year cliff vest)	Cash
Patrick A. Thiele	13		16,110	\$1,408,792
Albert Benchimol	9	80,323	10,710	
Bruno Meyenhofer	9		10,710	CHF 1,018,538
Scott D. Moore	9		10,710	\$936,569
Costas Miranthis	5	48,194	6,426	

Form of Equity

The Executive Committee members do not receive their equity grants in the form of common shares. Equity awards consist of a mix of share-settled share appreciation rights and restricted share units. For more information, see *Compensation Customization* on page 33. For this purpose, the Compensation Committee has determined, based on 2007 Black-Scholes valuations, that five share-settled share appreciation rights are equivalent to one restricted share unit.

The Compensation Committee has determined that the restricted share units, which vest all at once (known as *cliff vesting*) three years after the grant date, will encourage Executive Committee members to remain with PartnerRe. Similarly, our share-settled share appreciation rights, which vest ratably over a period of three years, will encourage Executive Committee members to continue efforts to achieve growth in value and share price. The Compensation Committee has determined that the three-year vesting schedule is consistent with market practice.

Executive Share Ownership and Retention

To promote the goal of aligning the interests of Executive Committee members with the interests of shareholders, the Executive Total Compensation Program prescribes share ownership guidelines, holding restrictions and incentives to encourage Executive Committee members to hold a stake in the future value of PartnerRe.

Share Ownership Guidelines

The Executive Committee members are required to meet and maintain two types of share ownership targets:

Total shares/equivalents, meaning shares owned outright, restricted shares, restricted or deferred share units and shares held in qualified plans; and

Total shareholdings, meaning total shares/equivalents *plus* all exercisable and unexercisable options and share-settled share appreciation rights.

Table of Contents

The targets are expressed as a percentage of total shares outstanding and were derived from an analysis of senior executives' share ownership within our competitive peer group. The following table shows ownership targets for the Executive Committee members and their respective actual share ownership as of December 31, 2007.

Ownership Targets	Total Shares/Equivalents as a Percentage of Shares Outstanding	Total Shareholdings as a Percentage of Shares Outstanding
Chief Executive Officer	0.20	1.00
Other Executive Committee	0.05	0.25

Actual Holdings at December 31, 2007	Total Shares/Equivalents as a Percentage of Shares Outstanding	Total Shareholdings as a Percentage of Shares Outstanding
Patrick A. Thiele	0.28	1.09
Albert Benchimol	0.07	0.54
Bruno Meyenhofer	0.07	0.64
Scott D. Moore	0.06	0.39
Costas Miranthis	0.01	0.11

As discussed below, we do not impose a direct penalty on an Executive Committee member who has not yet reached the ownership targets. However, those members are not permitted to sell any of the net shares (see paragraph below for definition) that they have been granted, prior to reaching the targets, and they are not eligible for our compensation customization program.

Net Share Retention Guidelines

The Executive Total Compensation Program prescribes net share retention guidelines for all equity grants. For this purpose, net shares are the shares remaining from a transaction (i.e., the exercise of an option or the vesting of restricted shares) after the Executive Committee member sells enough shares to pay the applicable exercise price and any related tax or social security liabilities. Under the guidelines:

Executive Committee members who have not met the applicable total shareholdings ownership target must retain 100 percent of the net shares they acquire until the target is met;

Executive Committee members who have met the total shareholdings ownership target must retain, for at least three years, 50 percent of the net shares they acquire. This holding period is reduced to one year for Executive Committee members who are 55 or older; and

If the Executive Committee member has met both ownership targets and his/her Total Shares or Total Shareholdings percentage drops below the target amounts, due to a share issuance by the company or due to the sale of shares by the individual to cover taxes upon the vesting of restricted stock or RSUs, the member will have a one-year grace period to once again meet the targets. During this grace period, the Executive Committee member can replenish his/her ownership status through new awards or purchases, while continuing to be eligible to customize compensation.

Elective Company Match

Edgar Filing: PARTNERRE LTD - Form DEF 14A

The Compensation Committee further encourages Executive Committee member share ownership by offering a company match on elective deferrals of cash annual incentives. Executive Committee members may elect to defer all or a portion of their cash annual incentive by converting it immediately to vested deferred share units. These deferred share units have a minimum delivery date restriction of five years from the date of grant, but Executive Committee members may choose to defer their delivery dates for ten years or until retirement or other termination. The company match will consist of restricted share units valued at 25 percent of the deferred cash incentive value. These restricted share units will vest all at once after three years and have delivery date restrictions that match the restrictions of the related deferred share units.

Table of Contents**Compensation Customization**

The Compensation Committee recognizes that each individual Executive Committee member may have preferences for different forms of compensation based upon their respective personal financial portfolio, risk appetite, retirement goals and timeline. To ensure that our compensation program optimally motivates, rewards and retains key executives, the Executive Total Compensation Program contains Compensation Customization Guidelines. To ensure that Executive Committee members' interests remain aligned with shareholders' interests, only Executive Committee members who have met the two share ownership targets described above are eligible for compensation customization. Mr. Thiele, Mr. Benchimol, Mr. Meyenhofer and Mr. Moore respectively are all eligible to customize their annual equity compensation.

The Compensation Customization Guidelines permit Executive Committee members to choose the form in which they will receive the value of their annual equity awards. Eligible Executive Committee members may change the standard form of annual equity awards (typically 60 percent in share-settled share appreciation rights and 40 percent in restricted share units) by selecting from a pre-defined menu of alternatives, including 100 percent in share options or share-settled share appreciation rights, 100 percent in restricted share units, or 50 percent in restricted share units and 50 percent in deferred cash.

The amount of a deferred cash award is equal to the dollar value of the related shares delivered in share-settled share appreciation rights and restricted share units on the date of grant. The equity allocation for each Executive Committee member is divided in two, representing the standard award breakdown of a 60 percent grant in restricted share units and a 40 percent grant in share-settled share appreciation rights. The number of restricted share units to be granted is multiplied by the fair market value of common shares of PartnerRe on the date of grant. Instead of granting share-settled share appreciation rights, this dollar amount is granted in a deferred cash award. Deferred cash awards vest ratably over three years. Upon vesting, the Executive Committee member receives the vested portion of the award in cash with interest equal to the three-month treasury bill rate, which is compounded quarterly. The full-year interest is paid to each Executive Committee member annually in February.

The 2007 annual equity awards delivered to the Executive Committee members were as follows:

	Share-settled Share			
	Customization Eligibility	Appreciation Rights (3-year ratable vest)	Restricted Share Units (3-year cliff vest)	Deferred Cash (3-year ratable vest)
Patrick A. Thiele	Yes		40%	60%
Albert Benchimol	Yes	60%	40%	
Bruno Meyenhofer	Yes		40%	60%
Scott D. Moore	Yes		40%	60%
Costas Miranthis	No	60%	40%	n/a

Retirement Benefits and Conditions

The Compensation Committee determined that Executive Committee members who have dedicated themselves to PartnerRe for a significant period and who have participated at the highest level of management in shaping and guiding our future long-term value should share in the rewards of their contributions. In addition, the Compensation Committee encourages Executive Committee members to focus on PartnerRe's

Edgar Filing: PARTNERRE LTD - Form DEF 14A

long-term value, through to the day of retirement and beyond, by giving them the opportunity to realize the full value of their long-term incentive awards. To accomplish both of these objectives, the Executive Total Compensation Program outlines special treatment of equity compensation awarded to retiring Executive Committee members who meet prescribed age and service requirements and who agree to the prescribed post-retirement conditions.

Table of Contents

Executive Retirement Definition and Status

Executive Committee members are eligible for executive retirement benefits once they meet one of these age and service requirements:

55 years old with 10 years of service;

58 years old with 8 years of service; or

60 years old with 5 years of service.

This chart shows when each Executive Committee member will satisfy one of these criteria.

Executive Committee	Eligible for Executive Retirement Benefits
Patrick A. Thiele	December 1, 2008
Albert Benchimol	August 19, 2012
Bruno Meyenhofer	Currently Eligible
Scott D. Moore	Currently Eligible*
Costas Miranthis	August 7, 2018

* Mr. Moore became eligible for executive retirement benefits on February 20, 2008.

Special Treatment of Equity Compensation on Retirement

Under the Executive Total Compensation Program, any unvested awards held by an eligible member of the Executive Committee as of his or her retirement date will continue to vest under the original vesting provisions for an additional 36 months. Similarly, any options or share-settled share appreciation rights (including those that vest post-retirement) will remain exercisable for the remainder of their original term.

Post-retirement Conditions

In order to retain the beneficial treatment of long-term equity compensation awards, an Executive Committee member must agree that he or she will not do any of the following for 36 months following retirement:

Compete in the reinsurance business in the locations where PartnerRe does business;

Edgar Filing: PARTNERRE LTD - Form DEF 14A

Solicit employees or customers to a company that competes in the reinsurance business in the locations where PartnerRe does business;
or

Disclose PartnerRe confidential information, unless legally required to do so.

Chief Executive Officer Retention

The Compensation Committee and the Board has full confidence in the expertise, integrity and leadership of Mr. Patrick A. Thiele as our Chief Executive Officer. The Compensation Committee wants to ensure that we are providing every incentive and motivation to Mr. Thiele to remain in his position through the most critical stages of the current reinsurance business cycle.

In November 2004, we entered into retention award arrangements with Mr. Thiele, which were designed based on recommendations from PricewaterhouseCoopers. The arrangements provide for a deferred cash award in the amount of \$2,500,000 and a separate award of 42,582 restricted share units, each of which represents the right to future delivery of one common share. These awards are subject to two conditions:

Mr. Thiele must remain our employee until December 31, 2009; and

PartnerRe's book value per share must equal or exceed \$65.00 per diluted share, as presented in our 2009 audited financial statements.

Other Compensation & Benefits

Mr. Thiele and Mr. Benchimol are based at the corporate headquarters in Bermuda. There is competition for talent among the international companies in Bermuda, and the cost of living is significant. All employees receive a housing allowance and Bermudian payroll tax reimbursement. In keeping with our compensation philosophy, policies at corporate headquarters reflect local market practices, the competitive practice for Executive Committee members in Bermuda also includes reimbursement of car expenses, club fees and tax filing assistance if applicable (see Summary Compensation Table on page 37 for further details).

Mr. Miranthis, who resides in Europe, receives various benefits associated with an expatriate package such as housing and education benefits, tax equalization, family health care benefits and relocation assistance. These additional benefits will cease in 2010 when the transition period expires and local employment terms and conditions apply.

Other items included in other compensation reflect each Executive Committee member's participation in broad-based plans that are the same for all employees. These include competitive employer contributions to defined-contribution retirement plans, company-paid life insurance premiums and cash dividend equivalent payments on unvested, undelivered restricted share units.

Severance

To assist in recruiting executive officers and to ensure that we are competitive with the market, we provide for severance payments to the Executive Committee members. Severance will be paid when employment terminates under several different scenarios, including a change in control. Severance triggers, restrictive conditions and compensation are governed by executive employment agreements and our change in control policy.

Impact of Regulatory and Accounting Requirements

The Compensation Committee is mindful of how regulatory requirements, particularly those described below, affect its decisions.

Internal Revenue Code Section 162(m)

Section 162(m) precludes a public company (with certain exceptions) from taking an income tax deduction for compensation in excess of \$1 million paid to specified executive officers. We have determined that the corporate income tax deductibility of compensation is an important factor, but not the sole factor, in setting executive compensation policy. Accordingly, although we generally intend to avoid losing a tax deduction due to Section 162(m), we reserve the right to pay amounts that are not deductible in appropriate circumstances. In 2007, the compensation of Mr. Moore, who is an employee of PartnerRe U.S., was subject to the corporate income tax deductibility rules of Section 162(m). (No other Executive Committee member's compensation was subject to the corporate income tax deductibility rules of Section 162(m)). We have determined that all of Mr. Moore's 2007 compensation will be a deductible expense under Section 162(m). However, certain equity awards that were provided to Mr. Moore in prior years and were settled in 2007 are non-deductible.

Deferred Compensation Subject to Internal Revenue Code Section 409A

Section 409A imposes certain requirements on deferred compensation. If those requirements are not satisfied, the amounts deferred may be subject to an additional tax and interest. The Compensation Committee wants to ensure that our U.S. tax-paying employees will not be subject to penalties under Section 409A. To accomplish this objective, all compensation and benefit programs involving U.S. tax-paying employees are designed and administered so they either do not meet the definition of non-qualified deferred compensation under Section 409A or comply with the appropriate requirements.

FAS 123R

FAS 123R describes how public companies must account for equity compensation. In determining share-settled share appreciation rights and restricted share awards in 2007, the Compensation Committee considered

Table of Contents

the potential expense of those programs under FAS 123R and the impact on earnings per share. The Compensation Committee concluded that the associated expense and earnings per share impact were appropriate, given the objectives of our Equity Total Compensation Program, competitive compensation practices in the reinsurance industry, our performance, and the motivational and retention effect of the awards.

Table of Contents**Summary Compensation Table**

The table below summarizes the total compensation paid to or earned by each of the named executive officers for the fiscal years ended December 31, 2006 and 2007. All assumptions used in calculating FAS 123R values with respect to the stock and option awards are described in Note 10 to the consolidated financial statements in our Annual Report on Form 10-K for the fiscal year ended December 31, 2007. The amounts disclosed in column (e) include all restricted share unit awards. The amounts disclosed in column (f) include all options, cash-settled share appreciation rights and share-settled share appreciation rights. The amounts disclosed in column (g) were determined by the Compensation Committee at its February 26, 2008, meeting and were paid out shortly thereafter. The amounts disclosed in column (h) are further detailed in the table under the header All Other Compensation.

- (1) All salary increases are effective and pro-rated during the fiscal year. The figures reflect the total salary received by the named executive officers during the applicable fiscal year. Our named executive officers are not entitled to defer their salary in exchange for equity.
- (2) As described in further detail under Compensation Customization on page 33, Mr. Thiele and Mr. Moore are eligible to customize the payout of their equity award value under the Executive Total Compensation Program as they have met the required share ownership targets. They have elected to receive portions of their equity award value in restricted cash. The cash vests ratably over three years with an interest rate equal to a 3-month U.S. Treasury Bill rate. PartnerRe has disclosed the earned portion only of the cash award in column (d) for the applicable year. The interest is reported in column (h). This differs from the presentation of these amounts in the 2006 proxy statement, which included the entire award and related interest in column (h).
- (3) In accordance with FAS 123R, column (e) reflects the amount expensed in the applicable fiscal year for restricted share units and column (f) reflects the amount expensed in the applicable fiscal year for options, share-settled share appreciation rights and cash-settled share appreciation rights.
- (4) Mr. Thiele is eligible to retire as of December 1, 2008; consequently all of his equity grants are amortized over the period remaining until his retirement date.
- (5) In addition to options and share-settled share appreciation rights, Mr. Meyenhofer received cash-settled share appreciation rights in 2001. These options were expensed at \$468,500 during 2007. Mr. Meyenhofer has reached retirement age, so all of his equity grants are expensed immediately and are not amortized over the life of the grant.
- (6) All of Mr. Meyenhofer's cash compensation was paid in Swiss francs. The exchange rate was used to convert amounts reported. Mr. Meyenhofer's salary and non-equity incentive plan compensation for 2007 were CHF 766,005 and CHF 1,513,050, respectively.
- (7) Mr. Moore was eligible to retire on February 20, 2008; consequently all of his equity grants amortized over the period remaining until his retirement date.
- (8) Mr. Miranthis' salary was paid partially in U.S. dollars and partially in Swiss francs and his non-equity incentive plan compensation was paid in Swiss francs. The exchange rate was used to convert amounts reported. Mr. Miranthis' salary for 2007 was US\$ 312,227 plus CHF 211,600. Mr. Miranthis' non-equity incentive plan compensation for 2007 was CHF 1,062,198.
- (9) In 2006 Mr. Miranthis received an annual incentive of \$791,995. This sum included a foreign exchange adjustment of \$171,309, which was disclosed in the All Other Compensation column in the 2006 proxy statement.

- (1) The Bermuda government imposes a payroll tax of 4.75 percent on all employees in the Bermuda office. This tax was capped using a maximum compensation level of \$235,000 until March 31, 2007 and is currently capped at \$350,000. We reimburse all Bermuda employees for payment of this payroll tax.
- (2) We make available to all employees a corporate apartment in Paris. Named executive officers are entitled to use the apartment for personal or business use. Generally, employees other than named executive officers may use the apartment for business purposes with the approval of a named executive officer. The apartment is subject to a lease, which can be terminated on three months notice. In the event a guest shares the apartment with an employee who is using it for business purposes, there is no incremental cost to us. In the event the apartment is used solely for personal purposes, it is valued at a rate of euro 100 per night. In 2007, Mr. Meyenhofer used the apartment for personal use for five nights. The exchange rate was used to convert this figure.
- (3) The Chief Executive Officer has access to three private airplanes in which we have a fractional interest. The Chief Executive Officer must approve any business use of the aircraft by employees and directors, and such use was limited in both 2006 and 2007. In 2007, the policy was, other than in exceptional circumstances, not to permit employees, including the Chief Executive Officer, to use the aircraft for personal use. In February 2008, the Nominating and Governance Committee approved personal usage of company aircrafts by the Chief Executive Officer for up to 40 hours per year. There was no personal use by the named executive officers of the airplanes during fiscal 2006 or 2007, but there were limited instances in which guests were passengers on business-related flights. In such cases, the individual paid us an amount equivalent to the taxable benefit as valued by the Internal Revenue Service, which the Nominating and Governance Committee believes is the fair value for such use. The incremental cost to us for personal guests of Mr. Thiele and Mr. Benchimol was calculated as \$7,138 and \$50, respectively. All personal use of the airplanes in exceptional or emergency situations is reported to the Audit Committee on a quarterly basis, and all use of the airplanes is reviewed annually by the Audit Committee. The total cost to us of operating the aircraft in 2007 was \$1,633,949.
- (4) See footnote (2) to the Summary Compensation Table on page 37.
- (5) Under their executive employment agreements, Mr. Thiele and Mr. Benchimol are entitled to the use of a company car. When the company cars are not being used by them, they are utilized for other business-related purposes. The cost of both company cars was fully expensed in the year of purchase. In 2007, Mr. Thiele did not request any reimbursement for servicing or licensing of his company car. In 2007, we purchased a new car for use by Mr. Benchimol, and the total cost, including related expenses, was \$41,686.

Table of Contents**Grants of Plan-Based Awards**

- (1) All share awards vest in their entirety after three years. Dividend equivalents are paid out quarterly in cash.
- (2) We granted share appreciation rights, but no share options, during fiscal year 2007. Share appreciation rights were granted under the Employee Equity Plan with an exercise price equal to the market value of our common shares on the date of grant. Share appreciation rights will vest 33 percent on the first anniversary of the date of grant, 33 percent on the second anniversary, and 34 percent on the third anniversary.
- (3) The valuation for share appreciation rights is calculated by multiplying the Black-Scholes valuation of \$13.81 by the number of underlying SARs.
- (4) As described in further detail under Annual Incentive on page 24, all employees of the PartnerRe group are eligible for a cash annual incentive based on the achievement of pre-determined performance goals. Each employee has a target annual incentive that is set as a percentage of base salary. The annual incentive payout ranges from 0 percent to 200 percent of the target payout based upon results.
- (5) Mr. Meyenhofer's minimum, target and maximum annual incentive was CHF 0, CHF 770,000 and CHF 1,540,000, respectively. The exchange rate was used to convert Mr. Meyenhofer's annual incentive.
- (6) Mr. Miranthis' minimum, target and maximum annual incentive was CHF 0, CHF 634,800 and CHF 1,269,600, respectively. The exchange rate was used to convert Mr. Miranthis' annual incentive. Mr. Miranthis' annual incentive was prorated in 2007 as a result of his promotion.

The Compensation Committee reviews, adjusts and recommends the final total equity pool and the annual equity awards for the individual Executive Committee members. The grant date of the annual equity awards is the date the Board approves such awards, at the February Board meeting. Share-settled share appreciation rights for eligible employees are granted with an exercise price equal to the fair market value of PartnerRe's common shares. The fair market value is the average of the high and low trading prices of the common shares on the trading date immediately preceding the grant date. In 2007, the fair market value of the rights was higher than the closing price of the common shares on the date of grant.

Bermuda-based employees

We have three nonqualified defined contribution plans in Bermuda: the Non-Registered Pension Plan, the Registered Pension Plan and the Deferred Compensation Plan. The three plans were established to address the differing needs of the different employee populations. The Registered Pension Plan applies only to Bermudians and spouses of Bermudians.

Edgar Filing: PARTNERRE LTD - Form DEF 14A

Investment options, employer contributions and vesting schedules are the same for all three plans. We contribute 15 percent of annual base salary each year. Employees are vested 50 percent after one year of service and 100 percent at the end of two years.

Mr. Thiele and Mr. Benchimol

Mr. Thiele and Mr. Benchimol respectively are eligible for benefits under the Non-Registered Pension Plan and the Deferred Compensation Plan. Eligible employees may elect to supplement employer contributions by deferring salary and/or annual incentive payments. Up to 10 percent of salary, and any part of annual incentive payments, can be contributed as long as the employee makes an election at least six months prior to the end of the performance period in question. Payouts and withdrawals may be made only upon the employee's separation from service. Payout will commence six months after the employee's separation from service and may be in the form of a lump sum or installments, as determined by prior election.

Table of Contents

Mr. Miranthis

During Mr. Miranthis's employment in Bermuda, he was eligible for benefits under the Non-Registered Pension Plan. In addition to 15 percent of base salary employer contributions, Mr. Miranthis was able to contribute up to 10 percent of his annual salary into this plan. Upon his separation from service, any deferred amount will be paid out as a lump sum directly to Mr. Miranthis. Mr. Miranthis remained in the Non-Registered Pension Plan through August 31, 2007. Upon moving to Switzerland and joining the Swiss Plan (described below) as of September 1, 2007, we have continued to make employer contributions of 5 percent of base salary into the Non-Registered Pension Plan to cover the shortfall between the Swiss Plan and his Bermuda benefit.

Switzerland-based employees

Mr. Meyenhofer

The laws of Switzerland require employee pension funds to have a guaranteed rate of return. We have a nonqualified defined contribution plan for retirement and a nonqualified defined benefit arrangement for disability and death, combined into one plan. The plan requires an employer contribution equal to 10 percent of an employee's base salary and an employee contribution equal to 5 percent of base salary. As required under Swiss law, all contributions to this plan vest immediately, and the plan is governed by a pension committee comprising both employer representatives (designated by us) and employee representatives. The committee selects and manages the plan administrator, makes investment decisions, decides hardship withdrawals and communicates with employees about plan-related matters.

U.S.-based employees

Mr. Moore

In addition to our qualified defined contribution plan for all U.S.-based employees, we have a nonqualified defined contribution plan for members of senior management employed in the United States. Under the nonqualified plan, eligible employees receive an employer contribution of 3 percent of base salary above \$220,000, and an additional employer contribution of 200 percent of up to an additional 4 percent of base salary exceeding \$220,000. All contributions to the nonqualified plan are vested immediately. Salary and annual incentive deferral elections, as well as distribution payments, are intended to comply with Section 409A of the Internal Revenue Code.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

Executive Employment Agreements

Mr. Thiele, Mr. Benchimol, Mr. Moore and Mr. Miranthis all respectively have executive employment agreements. Under these agreements, termination is defined as death, disability and termination by us for cause or by the executive for good reason. The agreements set forth compensation for each defined type of termination, as well as for termination for any other reason. The termination compensation was compared to competitive benchmarks and recommended by PricewaterhouseCoopers.

Severance benefits under the executive employment agreements are subject to post-termination restrictions. These restrictions prevent the solicitation of business or PartnerRe employees for the benefit of competitors.

Mr. Moore's executive agreement entitles him to post-retirement benefits consisting of continued hospital and medical coverage. There are no contractual agreements for post-retirement benefits for any of the other Executive Committee members.

Mr. Meyenhofer does not have an executive employment agreement and therefore does not have specific severance provisions.

Change in Control Policy

The Compensation Committee approved the PartnerRe Ltd. Change in Control Policy effective November 2004. This policy has two objectives: to provide incentives to ensure that management acts in the best interests of shareholders, and to protect compensation and benefits in order to retain key executives during a change in control transaction. Each of the Executive Committee members has an individual change in control agreement governed by this policy.

The policy's definition of a change in control is consistent with the definition in the shareholder-approved 2005 Employee Equity Plan.

The change in control policy defines the two conditions for certain senior employees, including the Executive Committee, to be eligible for severance in the form of cash compensation and benefits:

1. A change in control event as defined in the policy has occurred within the previous 24 months; and
2. The employee is terminated for reasons other than death, disability or for cause, or the employee terminates with good reason. For this purpose, termination for cause will result if an employee engages in gross negligence or willful misconduct or the employee is convicted of a criminal offense. An employee will be deemed to have terminated with

Edgar Filing: PARTNERRE LTD - Form DEF 14A

good reason if the employee is assigned duties inconsistent with his or her position, authority, duties, responsibilities or status with us; his or her compensation and benefits are reduced without the employee's consent; or there is any other material change in the conditions of employment.

The Compensation Committee recognizes that even if key executives are not terminated as a result of a change in control event, they may want to leave the new organization for other reasons. However, the loss of key employees during the initial integration phase in a change in control may be detrimental to the new organization. Moreover, the acquiring company is likely to pay more if its management is confident of our assistance during the transition. Therefore, the change in control policy provides an incentive to key executives to remain with the new organization during the critical first year. Specifically, if an Executive Committee member or other key executive remains in his or her position during the first 12 months following a change in control, then during a 30-day period following the first anniversary of the change in control, the executive may terminate his or her employment without good reason and still be entitled to the same severance cash compensation and benefits that would have been paid if the executive's employment had been terminated.

The tables below reflect the amount of compensation that would be paid to each of our named executive officers in the event such executive's employment had terminated under various scenarios, including disability or

death, for cause or without good reason, and a change of control. The amounts shown assume that a termination was effective as of December 31, 2007; thus, amounts earned through that date are included. The amounts shown in the tables are only estimates of the amounts that would be paid out to the executives upon their termination. The actual amounts to be paid out can only be determined at the time of an executive's separation from us.

- (1) Mr. Thiele's spouse and/or dependants would be entitled to receive six months of base salary; 50 percent of his target annual incentive; continuation of housing and motor vehicle (presently Mr. Thiele does not utilize his car benefit) for a period of three months or, if earlier, until the spouse/dependents leave Bermuda (we assumed three months for purposes of this calculation); immediate vesting of all unvested equity awards; and a pro rata annual incentive for the termination year, based on the previous year's annual incentive amount. If the performance condition for Mr. Thiele's retention awards is achieved on a pro rata basis, then a pro rata portion of the awards will vest and be delivered to Mr. Thiele's designated beneficiary or estate.
- (2) Mr. Thiele would be entitled to two-thirds of his base salary, to be paid by insurance and supplemented by PartnerRe as necessary, for so long as he is disabled and entitled to benefits; continuation of housing and motor vehicle for a period of three months or, if earlier, until he leaves Bermuda (we assumed three months for purposes of this calculation); immediate vesting of all option awards; a pro rata annual incentive for the termination year, based on the previous year's annual incentive amount; and continued medical coverage until age 65. If the performance condition for Mr. Thiele's retention awards is achieved on a pro rata basis, then a pro rata portion of the awards will vest and be delivered to Mr. Thiele.

Edgar Filing: PARTNERRE LTD - Form DEF 14A

- (3) We are responsible for paying any difference between long-term disability payments required under our benefit plans and the actual amount paid by insurance. Insurance benefits consist of two-thirds of base salary up to a monthly cap of \$15,000. Any difference will be paid to Mr. Thiele for so long as he is disabled and entitled to benefits (age 65).

- (5) Mr. Thiele would be entitled to continuation of his base salary for one year; 1/12th of his previous base salary paid each month for one year; continuation of housing and motor vehicle for a period of three months or, if earlier, until he leaves Bermuda (we assumed three months for purposes of this calculation); immediate vesting of all options and share appreciation rights; and a pro rata annual incentive for the termination year based on the previous year's annual incentive amount. - (6) Mr. Thiele would be entitled to all accrued salary and benefits through the date of termination and would forfeit all unvested awards and all retention awards.
- (7) Mr. Thiele would be entitled to three times his current annual base salary and average annual incentive over the prior three years; a pro rata target annual incentive for the year of termination; health and welfare benefit continuation for three years; continuation of housing and motor vehicle for a period of three months or, if earlier, until he leaves Bermuda (we assumed three months for the purposes of this calculation); and U.S. excise tax reimbursement and gross-up.

In the event of a change in control, the restricted share units that constitute part of Mr. Thiele's retention awards will be converted into a cash award using the fair market value on the effective date of the change in control. Thereafter, the restricted share units-converted award and cash award are no longer subject to the performance condition, but will remain subject to the provision requiring Mr. Thiele to remain employed by PartnerRe until December 31, 2009. In the event Mr. Thiele terminates for good reason or we terminate Mr. Thiele without cause prior to December 31, 2009, Mr. Thiele will receive a pro-rated portion of the award if the performance condition is met on a pro-rated basis, in accordance with a pre-determined vesting schedule.

Table of Contents**EQUITY COMPENSATION PLAN INFORMATION**

As part of our long-term incentive compensation for executives and employees, we maintain the PartnerRe Ltd. 2005 Employee Equity Plan. In addition, for directors, we maintain the PartnerRe 2003 Non-Employee Director Plan. The Employee Equity Plan and the Non-Employee Director Plan enables employees and directors respectively, to acquire and maintain share ownership, thereby strengthening their commitment to PartnerRe and promoting a commonality of interest with directors and shareholders. We find that the existence of such plans helps to attract and retain key employees.

The following table sets out details of our equity compensation plans, both active and expired, as at December 31, 2007. In May 2000, our shareholders approved the establishment of the Employee Share Purchase Plan (ESPP) and authorized the issuance of up to 500,000 shares under the ESPP. In 2002, we established the Swiss Share Purchase Plan (SSPP) to offer a competitive benefit to our employees in Switzerland and the Compensation Committee approved a reduction in the number of shares available for issue under the ESPP to 300,000 in order to make 200,000 shares available for issue under the SSPP. All equity compensation plans, with the exception of the SSPP, have been approved by shareholders. The terms of the SSPP are more fully described under the heading *Stock and Stock Option Plans* *Swiss Share Purchase Plan* in Note 10 to our financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2007.

ELECTION OF DIRECTORS

**PROPOSAL 1 TO ELECT FOUR (4) DIRECTORS TO HOLD OFFICE
UNTIL THE ANNUAL GENERAL MEETING OF SHAREHOLDERS IN THE YEAR 2011
OR UNTIL THEIR RESPECTIVE SUCCESSORS HAVE BEEN DULY ELECTED**

(Item 1 on the Form of Proxy)

At the Annual General Meeting, Ms. Hanratty, Mr. Sautter, Mr. Thiele and Dr. Zech have all respectively been nominated to hold office for a three-year term that will expire at the annual general meeting in the year 2011 or, alternatively, when their respective successors have been duly elected. The proxy will be voted in accordance with the directions thereon or, if no directions are indicated, the proxy will be voted for the election of the four nominees named above. The Board has proposed and recommended that each nominee be re-elected to hold office.

If any nominee shall, prior to the Annual General Meeting, become unavailable for election as a director, the persons named in the accompanying proxy will vote for such nominee, if any, in their discretion as may be recommended by the Board, or the Board may reduce the number of directors to eliminate the vacancy.

The presence, in person or by proxy, of the holders of 25% of the outstanding common shares is required for a quorum for the election of directors at the Annual General Meeting, but if a quorum is not present, the Annual General Meeting may be adjourned from time to time until a quorum is obtained. Election of directors at the Annual General Meeting will be decided by a simple majority of votes cast. For further information see the answers to the questions How many votes must be present to hold the annual general meeting? and How many votes are needed to approve each proposal? on page 3.

Nominees

The respective ages, business experience and directorships in other companies of the four nominees for election are set forth on page 7. All of the nominees currently serve as directors.

**PROPOSAL 3 TO APPROVE OUR 2005 EMPLOYEE EQUITY PLAN,
AS AMENDED AND RESTATED**

(Item 3 on Proxy Card)

Our 2005 Employee Equity Plan (EEP) was approved by our shareholders on May 10, 2005. Pursuant to the terms of the EEP, the number of shares that may be awarded as either restricted shares or restricted share units is capped at 750,000 shares. This number of shares was intended to be sufficient to grant awards for the first three years of the EEP. After three years it was intended that we would revert to our shareholders to obtain approval to grant further restricted shares or restricted share units pursuant to the EEP. As projected, as of March 28, 2008, we have used 593,325 of the current authorized share pool under the plan for existing awards of restricted share units. As a result of this, and for the additional reason described in the following paragraphs, on February 26, 2008, the Compensation Committee of our Board approved an amendment to the EEP to:

- (1) Allocate a further 593,325 shares to the EEP that may be awarded as either restricted share or restricted share units;
- (2) Modify the share counting policy, such that fewer shares can become available for issuance under the EEP; and
- (3) Amend the definition of Fair Market Value .

In 2005, we changed our long-term equity compensation philosophy with respect to our key employees from granting a mix of share options and restricted share units to granting almost exclusively restricted share units. As a result of these changes in our compensation philosophy, we are consuming many more restricted share units in comparison to share settled share appreciation rights. As of March 28, 2008, the total number of shares remaining available for grant under the EEP is 873,185 of which the total number that can be issued as restricted shares or restricted share units is 156,675. In order to continue to implement our long-term equity goals we will be required to allocate a further 593,325 shares to the EEP that may be awarded as either restricted shares or restricted share units. If this amendment is not approved, we will not be able to make further grants of restricted shares or restricted share units pursuant to the EEP once the current cap of 750,000 is reached, but the EEP will otherwise remain in effect.

The EEP has a share counting provision, which in summary permits the shares available for issuance under the EEP to be increased upon the occurrence of certain events, such as the delivery of shares in payment of the exercise of an option or the withholding of shares for the payment of taxes. When shareholder advisory groups assess the cost of an equity plan, they take into consideration the share counting policy. We wish to modify the EEP s share counting provision to ensure that the cost of the EEP falls within the parameters set forth by shareholder advisory groups. If we receive approval to allocate a further 593,325 shares to the EEP to be awarded as restricted shares or restricted share units, our long-term equity goals will not be adversely affected by modifications to the share counting provision.

In preparing the proposed amendment to the EEP, we have conducted analytical tests that are typically used by shareholder advisory groups. Theses tests examine whether the recommended plan amendments are deemed reasonable in terms of the plan s cost and burn rates relative to industry norms. Burn rate is defined as the number of awards granted in a year divided by the weighted average common shares outstanding for that fiscal year. Burn rates include share options, share-settled share appreciation rights and full value shares (i.e., restricted shares and restricted

Edgar Filing: PARTNERRE LTD - Form DEF 14A

share units). We are satisfied that this proposal satisfies these tests in every aspect, and this has been confirmed with external consultants with expertise in this area.

The EEP defines "Fair Market Value" of a share on a given date as "the mean between the highest and lowest sale prices reported as having occurred on the primary exchange with which the Shares are listed and traded on the date prior to such date". In order to comply with best practice and to have a definition that is consistent with the SEC's disclosure rules, we would like to amend the definition.

The Board is asking shareholders to approve the plan as so amended and restated.

Description of our 2005 Employee Equity Plan

All employees are eligible to participate in the EEP at the discretion of the Compensation Committee. Pursuant to the EEP, the Compensation Committee may delegate the authority to grant awards to the Chief Executive Officer. As reported in our Annual Report on Form 10-K for the year ended December 31, 2007, the total number of employees is 949. The following is a summary of the material features of the EEP, as proposed to be amended and restated. The following summary does not purport to be complete and is qualified in its entirety by reference to the terms of our EEP, which is attached to this Proxy Statement as Appendix I.

Material Features of the EEP, as proposed to be amended and restated

The Compensation Committee, which consists solely of independent directors on our board, administers the EEP.

Awards under the EEP may be made in the form of options (non-qualified and incentive share options), restricted shares, restricted share units and share-settled share appreciation rights.

No counting of shares tendered in payment of the exercise price of an option for the purposes of determining the shares available under the EEP.

No counting of shares withheld for payment of taxes for the purposes of determining the shares available under the EEP.

No net share counting.

The number of shares that may be awarded as either restricted shares or restricted share units is capped at 1,343,325 shares. This number represents the original cap of 750,000 plus the additional amount of 593,325 being requested pursuant to this proposal.

Restricted share and restricted share units will not vest prior to three years from the date of grant unless: (i) the vesting is performance based, (ii) they are awarded in lieu of a company obligation to pay cash or (iii) they are issued in connection with the exercise of an option or other award made under the EEP.

The exercise price of options and share appreciation rights awarded under the plan will not be less than fair market value at the time of grant.

Repricing of options and share appreciation rights is prohibited.

Options and share appreciation rights will generally vest ratably over three years on the first, second and third anniversaries of the date of grant.

Edgar Filing: PARTNERRE LTD - Form DEF 14A

Accelerated vesting of any grant may only be made at the discretion of the Compensation Committee.

Unless specifically provided to the contrary in any award agreement under the EEP, upon a change in control (as defined in the EEP), all outstanding awards will become fully exercisable, will vest and will be settled, as applicable, and any restrictions applicable to any award shall automatically lapse.

The EEP will expire on the date of the annual meeting of shareholders in 2015.

Certain awards to certain senior executives will, if the Compensation Committee intends any such award to qualify as qualified performance based compensation under Section 162(m) of the Internal Revenue Code, become earned and payable only if pre-established targets relating to one or more of the following performance measures are achieved: (i) earnings per share, (ii) financial year return on common equity, (iii) underwriting year return on equity, (iv) return on net assets, (v) organizational objectives and (vi) premium growth. The individual maximum number of shares underlying any such share-denominated award granted in any year will be 800,000 shares, and the individual maximum amount earned with respect to any such non-share denominated award granted in any year will be \$5,000,000.

New Plan Benefits

Any awards under the EEP, as proposed to be amended and restated, will be at the discretion of the Compensation Committee. Therefore, it is not possible at present to determine the amount or form of any award that will be available for grant to any individual during the term of the EEP.

Tax Matters

The following discussion is a brief summary of the principal U.S. federal income tax consequences under current federal income tax laws relating to awards of share settled-share appreciation rights, non-qualified share options and incentive share options under the EEP. This information is being presented in order to comply with SEC regulations. This summary is not intended to be exhaustive and, among other things, does not describe state, local or foreign income and other tax consequences. In addition, as we are domiciled in Bermuda, certain statements of the summary may not be applicable.

Table of Contents

Non-Qualified Share Options. An optionee will not recognize any taxable income upon the grant of a non-qualified share option, and we will not be entitled to a tax deduction with respect to the grant of a non-qualified share option. Upon exercise of a non-qualified share option, the excess of the fair market value of the underlying shares of common shares on the exercise date over the option exercise price will be taxable as compensation income to the optionee and will be subject to applicable withholding taxes. We will generally be entitled to a tax deduction at such time in the amount of such compensation income. The optionee's tax basis for the shares received pursuant to the exercise of a non-qualified share option will equal the sum of the compensation income recognized and the exercise price.

In the event of a sale of shares received upon the exercise of a non-qualified share option, any appreciation or depreciation after the exercise date generally will be taxed as capital gain or loss and will be long-term capital gain or loss if the holding period for such shares is more than one year.

Incentive Share Options. An optionee will not recognize any taxable income at the time of grant or timely exercise of an incentive share option and we will not be entitled to a tax deduction with respect to such grant or exercise. Exercise of an incentive share option may, however, give rise to taxable compensation income subject to applicable withholding taxes, and a tax deduction to us, if the incentive share option is not exercised on a timely basis (generally, while the optionee is employed by us or within 90 days after termination of employment) or if the optionee subsequently engages in a disqualifying disposition, as described below. Also, the excess of the fair market value of the underlying shares on the date of exercise over the exercise price will be an item of income for purposes of the optionee's alternative minimum tax.

A sale or exchange by an optionee of shares acquired upon the exercise of an incentive share option more than one year after the transfer of the shares to such optionee and more than two years after the date of grant of the incentive share option will result in any difference between the net sale proceeds and the exercise price being treated as long-term capital gain (or loss) to the optionee. If such sale or exchange takes place within two years after the date of grant of the incentive share option or within one year from the date of transfer of the incentive share option shares to the optionee, such sale or exchange will generally constitute a disqualifying disposition of such shares that will have the following results: any excess of (i) the lesser of (a) the fair market value of the shares at the time of exercise of the incentive share option and (b) the amount realized on such disqualifying disposition of the shares over (ii) the option exercise price of such shares, will be ordinary income to the optionee, subject to applicable withholding taxes, and we will be entitled to a tax deduction in the amount of such income. Any further gain or loss after the date of exercise generally will qualify as capital gain or loss and will not result in any deduction by us.

If the EEP, as proposed to be amended and restated is approved by the shareholders, we estimate that the cumulative overhang would be not more than 9.02%. This cumulative overhang estimate is based upon share data from all director and employee equity-based compensation plans, including outstanding options and all unvested restricted shares and restricted share units, divided by the common shares outstanding.

(b) If, after the effective date of the Plan, (i) any Shares covered by an Award (other than a Substitute Award), or to which such an Award relates, are terminated, forfeited, or cancelled, or (ii) such an Award otherwise terminates or is settled without the delivery of all the Shares underlying such Award (~~other than as a result of net share settlement, cashless exercise of an Option or similar arrangement~~), then the Shares covered by such Award, or to which such Award relates, to the extent of any such forfeiture, termination, settlement or cancellation, shall again be, or shall become, available for issuance under the Plan, ~~subject to Section 6(d)~~. ~~(d) Notwithstanding the foregoing, the number of Shares which may be added back to the Shares authorized for issuance under the Plan pursuant to the provisions of Section 6(b)(ii) and 6(c) shall not exceed 400,000.~~

All Options shall be separately designated Incentive Stock Options or Nonqualified Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates will be issued for Shares purchased on exercise of each type of Option. The provisions of each Option shall be set forth in an Award Agreement, which agreements need not be identical, and each Option shall include (through incorporation of provisions hereof by reference in the Award Agreement or otherwise) the substance of each of the following provisions:

(i) *Term.* Subject to Section 7(b)(ii) hereof in the case of certain Incentive Stock Options, no Option granted hereunder shall be exercisable after the expiration of ten (10) years from the date it was granted.

(ii) *Exercise Price.* Except in the case of Substitute Awards, the exercise price per Share for each Option shall not be less than the Fair Market Value per Share at the time of grant. Except in connection with an action taken pursuant to Section 6(f), no Option shall be amended or replaced in any manner that would have the effect of reducing the exercise price of such Option established at the time of grant thereof.

(iii) *Payment for Stock.* Payment for Shares acquired pursuant to Options granted hereunder shall be made in full, or adequate provision made therefor, upon exercise of the Options (A) in immediately available funds in United States dollars, by wire transfer, certified or bank cashier's check, (B) by surrender to the Company of Shares which have a Fair Market Value equal to such aggregate purchase price and which satisfy such other requirements as the Committee may impose, (C) by delivering irrevocable trade instructions to a stockbroker to deliver promptly to the Company an amount of sale or loan proceeds sufficient to pay the aggregate exercise price, (D) by any combination of (A), (B), or (C) above, or (E) by any other means approved by the Committee.

(iv) *Vesting.* Options shall vest and become exercisable in such manner and on such date or dates set forth in the Award Agreement as may be determined by the Committee; *provided*, however, that notwithstanding any vesting dates set by the Committee, the Committee may in its sole discretion accelerate the vesting of any Option, which acceleration shall not affect the terms and conditions of any such Option other than with respect to vesting. Unless the Committee shall establish another vesting schedule in accordance with the foregoing, Options shall vest and become exercisable in increments of 33%, 33% and 34%, respectively, on the first, second and third anniversaries of the date of grant.

(b) *Special Provisions Applicable to Incentive Stock Options.*

Edgar Filing: PARTNERRE LTD - Form DEF 14A

(i) *Exercise Price of Incentive Stock Options.* Subject to the provisions of subsection (ii) hereof, the exercise price of each Incentive Stock Option shall be not less than one hundred percent (100%) of the Fair Market Value of the Shares subject to the Option on the date the Option is granted.

(ii) *Ten Percent (10%) Shareholders.* No Incentive Stock Option may be granted to an Employee who, at the time the option is granted, owns directly, or indirectly within the meaning of Section 424(d) of the Code, stock possessing more than 10 percent of the total combined voting power of all classes of stock of the Company or of any parent or subsidiary thereof, unless such option (A) has an exercise price of at least 110 percent of the Fair Market Value on the date of the grant of such option; and (B) cannot be exercised more than five years after the date it is granted.

(iii) *\$100,000 Limitation.* To the extent the aggregate Fair Market Value (determined as of the date of grant) of Shares for which Incentive Stock Options are exercisable for the first time by any Participant during any calendar year (under all plans of the Company and its Affiliates) exceeds \$100,000, such excess Incentive Stock Options shall be treated as Nonqualified Stock Options.

(iv) *Disqualifying Dispositions.* Each Participant who receives an Incentive Stock Option must agree to notify the Company in writing immediately after the Participant makes a Disqualifying Disposition of any Shares acquired pursuant to the exercise of an Incentive Stock Option.

(c) ~~*Net Share Settlement*~~ *Share Appreciation Rights.* Any Option granted hereunder may contain a provision requiring, or permitting the Participant to elect, that such Option be settled by delivery to the Participant of a number of Shares having a Fair Market Value equal to the excess of the Fair Market Value of all the Shares underlying the Option (or portion thereof being so exercised) over the aggregate exercise price thereof. Any such Award containing such a provision may be denominated a Share Appreciation Right. If, and only if, such an Option or Share Appreciation Right is issued to a Participant who is not a United States taxpayer, the value of the Shares otherwise deliverable to the Participant upon such net share settlement of the Option may be delivered in cash.

Section 8. RESTRICTED SHARES AND RESTRICTED SHARE UNITS

(a) The Committee is hereby authorized to grant Awards of Restricted Shares and Restricted Share Units to Participants.

(b) Restricted Shares and Restricted Share Units shall be subject to such restrictions as the Committee may impose (including, without limitation, any limitation on the right to vote a Restricted Share or the right to receive any dividend, dividend equivalent or other right or property), which restrictions may lapse separately or in combination at such time or times, in such installments or otherwise, as the Committee may deem appropriate. If the restrictions or vesting conditions applicable to an Award of Restricted Shares or Restricted Share Units relate exclusively to the passage of time and continued employment or provision of services, or refraining therefrom, such time period (during which period such restrictions or vesting conditions may lapse ratably or on a cliff basis) shall consist of not less than 36 months, except that the foregoing restriction shall not apply to such Awards if they meet any of the conditions described in Section 6(a)(x), (y) or (z).

(c) Restricted Shares granted under the Plan may be evidenced in such manner as the Committee may deem appropriate including, without limitation, book-entry registration or issuance of a share certificate or certificates. In the event any share certificate is issued in respect of Restricted Shares granted under the Plan, such certificate shall be registered in the name of the Participant and shall bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Shares.

(d) Except as otherwise determined by the Committee, upon termination of employment or cessation of the provision of services (as determined under criteria established by the Committee) for any reason during the applicable restriction period, all Restricted Shares and all Restricted Share Units still, in either case, subject to restriction shall be forfeited and reacquired by the Company; *provided*, however, that the Committee may, when it finds that a waiver would be in the best interests of the Company, waive in whole or in part any or all remaining restrictions with respect to Restricted Shares or Restricted Share Units. Notwithstanding the foregoing, unless the Committee shall provide otherwise in an Award Agreement, Restricted Share Units shall continue to vest and be settled on the schedule originally determined at the time of grant for the 36 months following termination of employment as a result of retirement.

Section 9. PERFORMANCE BASED COMPENSATION

(a) The Committee is hereby authorized to grant Performance Awards to eligible Participants under this Section 9, if the Committee intends that any such Award should qualify as qualified performance based compensation for purposes of Section 162(m) of the Code. Each Performance Award shall include a pre-established formula, such that payment, retention or vesting of the Award is subject to the achievement during a performance period or periods, as determined by the Committee, of a level or levels, as determined by the Committee, of one or more of the following performance measures: (i) Return on Net Assets,

AI 6

(ii) Underwriting Year Return on Equity, (iii) Financial Year Return on Common Equity, (iv) Organizational Objectives, (v) Earnings Per Share or (vi) Premium Growth. For any Award subject to any such pre-established formula, no more than \$5,000,000, or if such Award is denominated in Shares, 800,000 Shares, can be paid or delivered in satisfaction of such Award to any Participant.

(b) For purposes of this Section, the following terms shall have the meanings set forth below:

(i) Earnings Per Share shall mean earnings per share calculated in accordance with Generally Accepted Accounting Principles.

(ii) Financial Year Return On Common Equity for a period shall mean net income less preferred share dividends divided by total beginning shareholders equity, less amounts, if any, attributable to preferred shares.

(iii) Underwriting Year Return on Equity for a period shall mean the present value of underwriting income divided by the business unit capitalization, plus the risk free rate plus any adjustments for taxation, cost of holding capital or prior year development.

(iv) Return On Net Assets for a period shall mean net income less preferred share dividends divided by the difference of average total assets less average non-debt liabilities, with average defined as the sum of assets or liabilities at the beginning and ending of the period divided by two.

(v) Organizational Objectives shall mean specific goals established by the Committee relating to operational, non-financial, performance of the Company.

(vi) Premium Growth shall mean either an absolute or relative premiums written target on either a gross or net basis.

(c) The Committee shall establish the performance formula for any Performance Award, and shall certify that the requisite performance has been achieved prior to payment thereof, in accordance with the requirements of Section 162(m) and the regulations promulgated thereunder. The Committee shall have the authority to reduce, but not to increase, the amount payable under a Performance Award upon achievement of the performance goals established therefor.

(d) Performance Awards may be paid in cash, Shares or any combination thereof.

Section 10. GENERAL

(a) *Adjustment of Performance Goals.* The Committee may, during any Restricted Period, make such adjustments to performance goals as it may deem appropriate, to compensate for, or reflect, any significant changes that may have occurred during such Restricted Period in (i) applicable

accounting rules or principles or changes in the Company's method of accounting or in that of any other corporation whose performance is relevant to the determination of whether an Award has been earned or (ii) tax laws or other laws or regulations that alter or affect the computation of the measures of performance goals used for the calculation of Awards, provided, however, that the Committee may not make any amendment to a Performance Award that is not permitted under Section 162(m) of the Code.

(b) *Privileges of Share Ownership.* Except as otherwise specifically provided in the Plan, no person shall be entitled to any of the privileges of share ownership in respect of Shares subject to Awards granted hereunder until such Shares have been duly issued and the Participant has become the record owner thereof.

(c) *Government and Other Regulations.* The obligation of the Company to make payment of Awards in Shares or otherwise shall be subject to all applicable laws, rules, and regulations, and to such approvals by governmental agencies as may be required and to which the Company is subject. The Company shall use its reasonable efforts to cause the offer and sale of Shares reserved under the Plan to be registered under the U.S. Securities Act of 1933, as amended, on Form S-8 prior to the issuance of any Shares under the Plan.

(d) *Tax Withholding.* Notwithstanding any other provision of the Plan, the Company or a Subsidiary, as appropriate, shall have the right to deduct from all Awards, to the extent paid in cash, all applicable income, employment, social security or other taxes required by law to be withheld with respect to such Awards and, in the case of Awards paid in Shares, the Participant or other person receiving such Shares may be required to pay to the Company or a Subsidiary, as appropriate prior to delivery of such Shares, the amount of any such taxes which the Company or Subsidiary is required to withhold, if any, with respect to such Shares. Subject to such restrictions or limitations as the Committee may impose, the Company may accept or withhold Shares of equivalent Fair Market Value in payment of such withholding tax obligations.

(e) *Claim to Awards and Employment Rights.* Except as may be provided in any Award Agreement, no employee or other person shall have any claim or right to be granted an Award under the Plan nor, having been selected for the grant of an Award, to be selected for a grant of any other Award. Neither this Plan nor any action taken hereunder shall be construed as giving any Participant any right to be retained in the employ of the Company or a Subsidiary.

(g) *Designation and Change of Beneficiary.* Each Participant may, in accordance with procedures to be established by the Committee, designate in writing one or more persons as the beneficiary who shall be entitled to receive the amounts payable with respect to Awards granted hereunder, if any, due under the Plan upon his death. A Participant may, from time to time, revoke or change his beneficiary designation without the consent of any prior beneficiary by filing a new such designation. In the event of any issue or question arising in respect of any beneficiary designation, the Company shall be entitled to pay to the Participant's estate any amounts owing to the Participant under the Plan or any Award.

(h) *No Liability of Committee Members.* No member of the Committee shall be personally liable by reason of any contract or other instrument executed by such member or on his behalf in his capacity as a member of the Committee nor for any mistake of judgment made in good faith, and the Company shall indemnify and hold harmless each member of the Committee and each other employee, officer or director of the Company to whom any duty or power relating to the administration or interpretation of the Plan may be allocated or delegated, against any cost or expense (including counsel fees) or liability (including any sum paid in settlement of a claim) arising out of any act or omission to act in connection with the Plan unless arising out of such person's own fraud or bad faith.

(i) *Governing Law.* The Plan shall be governed by and construed in accordance with the laws of Bermuda without reference to the principles of conflicts of law thereof.

(j) *Funding.* No provision of the Plan shall require the Company, for the purpose of satisfying any obligations under the Plan, to purchase assets or place any assets in a trust or other entity to which contributions are made or otherwise to segregate any assets, nor shall the Company maintain separate bank accounts, books, records or other evidence of the existence of a segregated or separately maintained or administered fund for such purposes. Participants shall have no rights under the Plan other than as unsecured general creditors of the Company, except that insofar as they may have become entitled to payment of additional compensation by performance of services, they shall have the same rights as other employees under general law.

(k) *Nontransferability.* A Participant's rights and interest under the Plan or under any Award, including amounts payable, may not be sold, assigned, donated, or transferred or otherwise disposed of, mortgaged, pledged or encumbered except, in the event of a Participant's death, to a designated beneficiary to the extent permitted by the Committee, or in the absence of such designation, by will or the laws of descent and distribution. Options shall be exercisable during the lifetime of a Participant only by the Participant. Notwithstanding the foregoing, Awards may be transferable, to the extent provided in the respective Award Agreement, to any person or entity who would be considered a family member of the Participant for purposes of Form S-8 under the U.S. Securities Act of 1933.

Edgar Filing: PARTNERRE LTD - Form DEF 14A

(o) *Titles and Headings.* The titles and headings of the sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings shall control.

Section 11. EFFECT OF CHANGE IN CONTROL

(a) In the event of a Change in Control, notwithstanding any vesting schedule established by the Committee (i) with respect to an Award of Restricted Shares or Restricted Share Units, the Restricted Period shall expire immediately with respect to the maximum number of Restricted Shares or Restricted Share Units subject to such Award, with effect from the day preceding the date of such change, (ii) all outstanding Options shall immediately vest and become exercisable and (iii) all outstanding Performance Awards shall be paid as if the performance goals established in connection therewith were fully achieved, except to the extent expressly set forth in the applicable Award Agreement.

(b) The obligations of the Company under the Plan shall be binding upon any successor corporation or organization resulting from the merger, consolidation or other reorganization of the Company, or upon any successor corporation or organization succeeding to substantially all of the assets and business of the Company.

Section 12. NONEXCLUSIVITY OF THE PLAN

Neither the adoption of this Plan by the Board nor the submission of this Plan to the shareholders of the Company for approval shall be construed as creating any limitations on the power of the Board to adopt such other incentive arrangements as it may deem desirable, including, without limitation, arrangements providing for the grant of share options, and such arrangements may be either applicable generally or only in specific cases.

Section 13. AMENDMENTS AND TERMINATION

(a) Except to the extent prohibited by applicable law and unless otherwise expressly provided in an Award Agreement or in the Plan, the Board may amend, alter, suspend, discontinue, or terminate the Plan or any portion thereof at any time; *provided, however*, that no such amendment, alteration, suspension, discontinuation or termination shall be made without (i) shareholder approval if such approval is necessary to comply with the requirements of the New York Stock Exchange or applicable law, or (ii) the consent of the affected Participant, if such action would adversely affect the rights of such Participant under any outstanding Award. Notwithstanding anything to the contrary herein, the Committee may amend the Plan in such manner as may be necessary to enable the Plan to achieve its stated purposes in any jurisdiction in a tax-efficient manner and in compliance with local rules and regulations.

Edgar Filing: PARTNERRE LTD - Form DEF 14A

(b) The Committee may waive any conditions or rights under, amend any terms of, or amend, alter, suspend, discontinue or terminate, any Award theretofore granted, prospectively or retroactively, without the consent of any relevant Participant or holder or beneficiary of an Award, *provided*, however, that no such action shall impair the rights of any Participant or holder or beneficiary under any Award theretofore granted under the Plan without the consent of the affected Participant, holder or beneficiary.

(c) Any provision of the Plan or any Award Agreement to the contrary notwithstanding, the Committee may cause any Award granted hereunder to be canceled in consideration of a cash payment or alternative Award made to the holder of such canceled Award equal in value to the Fair Market Value of such canceled Award.

(d) The Committee may correct any defect, supply any omission, or reconcile any inconsistency in the Plan or any Award in the manner and to the extent it shall deem desirable to carry the Plan into effect.
