NOTICE OF 2009 ANNUAL MEETING OF STOCKHOLDERS

To Be Held on June 17, 2009

To our stockholders:

We invite you to our 2009 annual meeting of stockholders, which will be held at the Stonehedge Inn, 160 Pawtucket Boulevard, Tyngsboro, Massachusetts 01879 on Wednesday, June 17, 2009 at 8:00 a.m., local time. At the meeting, stockholders will consider and act upon the following matters:

1. To elect 11 directors to serve for a one-year term expiring at the 2010 annual meeting of stockholders;
2. To ratify the selection of Ernst & Young LLP as our independent registered public accounting firm for the current fiscal year; and
3. To transact such other business as may properly come before the meeting or any adjournment thereof.

Stockholders of record as of April 20, 2009 will be entitled to notice of and to vote at the annual meeting or any adjournment thereof. Our stock transfer books will remain open for the purchase and sale of our common stock.

It is important that your shares be represented at the annual meeting whether or not you expect to attend the annual meeting. If you are a stockholder of record, you may submit your proxy (1) over the internet, (2) by telephone or (3) by mail, or you may vote in person at the meeting. For specific instructions, please refer to the second page of the proxy statement and the instructions on the proxy card relating to the annual meeting.

If you are a stockholder whose shares are held in street name, you may vote by following the instructions that you will receive from your broker or other nominee. If you plan to attend the meeting, you will need to bring a proxy from your broker or other nominee issued in your name giving you the right to vote your shares.

By Order of the Board of Directors,

Gerald E. Quirk
Vice President, General Counsel and Secretary

Cambridge, Massachusetts

PROXY STATEMENT FOR THE 2009 ANNUAL MEETING OF STOCKHOLDERS

We are pleased to take advantage of Securities and Exchange Commission rules that allow us to furnish proxy materials to you via the Internet. On or about April 30, 2009, we mailed to our stockholders of record as of April 20, 2009 either a printed set of proxy materials or a Notice of Internet Availability of Proxy Materials, or Notice. If you received the Notice by mail, you will not receive a printed copy of the proxy materials in the mail unless you request a copy. Instead, the Notice contains instructions on how to access our proxy statement for our 2009 annual meeting of stockholders and our annual report on Form 10-K for the year ended December 31, 2008. The Notice also contains instructions on how to vote online or by telephone, and how to receive a printed copy of the proxy materials by mail at no additional cost to you. We believe that this approach provides a convenient way for you to access your proxy materials and vote your shares, while lowering our printing and delivery costs and reducing the environmental impact associated with our annual meeting.

**IMPORTANT NOTE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE
ANNUAL MEETING OF SHAREHOLDERS TO BE HELD ON JUNE 17, 2009**

The proxy statement and annual report are available at www.infi.com/proxy.

Whether you own few or many shares of stock, it is important that your shares be represented and voted at the annual meeting. If you are a stockholder of record, you can vote your shares by telephone or via the Internet. Instructions for using these convenient services are provided in the proxy statement. You also can vote your shares by requesting a paper proxy card to complete, sign and return by mail. If you decide to attend the annual meeting, you will be able to vote in person, even if you previously have voted by another means.

If your shares are held in street name, that is, held for your account by a broker or other nominee, you will receive instructions from the holder of record that you must follow for your shares to be voted. If you decide to attend the annual meeting, you will need to bring a proxy from your broker or other nominee issued in your name giving you the right to vote your shares.

These proxy materials are being made available to you because our board of directors is soliciting your vote at our 2009 annual meeting of stockholders.

EXPLANATORY NOTE

In September 2006, we completed our reverse merger in which a wholly-owned subsidiary of Discovery Partners International, Inc. or DPI, merged with Infinity Pharmaceuticals, Inc., or IPI, such that IPI became a wholly-owned subsidiary of DPI. In that transaction, which we refer to as the reverse merger, IPI changed its name to Infinity Discovery, Inc., or Old Infinity. In addition, DPI changed its name to Infinity Pharmaceuticals, Inc., or Infinity. After completion of the reverse merger, the business conducted by the combined company became the one operated by Old Infinity prior to the reverse merger. Except as specifically identified, the information contained herein with respect to periods prior to the reverse merger reflects the business of Old Infinity, and not DPI, and the information contained herein with respect to periods following the reverse merger reflect the business of the combined company. Further, the terms Infinity, we, us, and our refer to the combined company after the reverse merger, while Old Infinity refers to IPI prior to completion of the merger and DPI refers to Discovery Partners International, Inc. prior to completion of the reverse merger.

IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Q. Who can vote at the annual meeting?

A. To be able to vote, you must have been a stockholder of record at the close of business on April 20, 2009, the record date for our annual meeting. The number of outstanding shares entitled to vote at the meeting is 26,155,570 shares of common stock.

If you were a stockholder of record on that date, you will be entitled to vote all of the shares that you held on that date at the annual meeting, or at any postponements or adjournments of the meeting.

Q. What are the voting rights of holders of our common stock?

A. Each outstanding share of our common stock will be entitled to one vote on each matter considered at the annual meeting.

Q. How do I vote?

A. If you are a record holder, meaning your shares are registered in your name, you may vote:

(1) **By Submitting a Proxy Over the Internet or by Telephone:** You may submit a proxy over the Internet by following the instructions at www.proxyvote.com or by telephone by calling 1-800-690-6903. You must specify how you want your shares voted. Your shares will be voted according to your instructions.

(2) **By Submitting a Proxy By Mail:** If you received a paper copy of these proxy materials, included with such copy is a proxy card. Complete and sign the proxy card and return it by mail in the postage prepaid envelope enclosed with the proxy card. Your shares will be voted according to your instructions. If you do not specify how you want your shares voted, they will be voted as recommended by our board of directors.

(3) **In Person at the Meeting:** If you attend the meeting, you may deliver your completed proxy card in person or you may vote by completing a ballot, which we will provide to you at the meeting.

If your shares are held in street name, meaning they are held for your account by a broker or other nominee, you may vote:

(1) **By Submitting Voting Instructions Over the Internet or by Telephone:** You will receive instructions from your broker or other nominee if they permit Internet or telephone voting instructions. You should follow those instructions.

(2) **By Submitting Voting Instructions By Mail:** You will receive instructions from your broker or other nominee explaining how you can submit voting instructions for your shares by mail. You should follow those instructions.

(3) **In Person at the Meeting:** Contact your broker or other nominee who holds your shares to obtain a brokers proxy card and bring it with you to the meeting. **You will not be able to vote in person at the meeting unless you have a proxy from your broker issued in your name giving you the right to vote your shares.**

Q. Can I change my vote?

A. Yes. You may revoke your proxy and change your vote at any time before the annual meeting. To do so, you must do one of the following:

(1) Submit a proxy over the Internet or by telephone as instructed above. Only your latest Internet or telephone proxy is counted.

(2) Sign a new proxy and submit it as instructed above. Only your latest dated proxy will be counted.

Table of Contents

(3) Attend the meeting, request that your proxy be revoked and vote in person as instructed above. Attending the meeting will not revoke your proxy unless you specifically request it.

Q. Will my shares be voted if I don't return my proxy?

A. If your shares are registered directly in your name, your shares will not be voted if you do not submit a proxy over the Internet or by telephone, return your proxy, or vote by ballot at the meeting. If your shares are held in street name, your brokerage firm may, under certain circumstances, vote your shares if you do not return your proxy. Brokerage firms can vote customers' unvoted shares on routine matters. If you do not return a proxy to your brokerage firm to vote your shares, your brokerage firm may, on routine matters, either vote your shares or leave your shares unvoted. Your brokerage firm cannot vote your shares on any matter that is not considered routine.

Proposal 1, the election of directors, and Proposal 2, the ratification of the selection of our independent registered public accounting firm, are both considered routine matters. We encourage you to provide voting instructions to your brokerage firm by giving your proxy to your brokerage firm. This ensures that your shares will be voted at the meeting according to your instructions. You should receive directions from your brokerage firm about how to submit your proxy to your brokerage.

Q. How many shares must be present to hold the meeting?

A. A majority of our outstanding shares of common stock must be present at the meeting to hold the meeting and conduct business. This is called a quorum. For purposes of determining whether a quorum exists, we count as present any shares that are represented by proxy or that are represented in person at the meeting. For purposes of establishing a quorum, we will count as present shares that a stockholder holds even if the stockholder votes to abstain or does not vote on one or more of the matters to be voted upon. If a quorum is not present, we expect to adjourn the meeting until we obtain a quorum.

Q. What vote is required to approve each matter and how are votes counted?

A. Proposal 1 Election of 11 Directors

To elect any of the nominees for director, a majority of the votes cast by stockholders present in person or represented by proxy and entitled to vote with respect to that director's election must be voted FOR such nominee. You may vote FOR, AGAINST, or ABSTAIN for each nominee. If your shares are held by your broker in street name, and you do not vote your shares, your brokerage firm may vote your unvoted shares on Proposal 1 or leave your shares unvoted. Broker non-votes and abstentions are not votes cast and, therefore, will have no effect on the outcome of voting on this matter.

Proposal 2 Ratification of Selection of Independent Registered Public Accounting Firm

To approve Proposal 2, stockholders holding a majority in voting power of the shares of our stock that are present in person or represented by proxy and entitled to vote thereon must vote FOR the proposal. If your shares are held by your broker in street name, and you do not vote your shares, your brokerage firm may vote your unvoted shares on Proposal 2. If you vote to ABSTAIN on Proposal 2, your shares will not be voted in favor of or against the proposal and will also not be counted as votes cast or shares voting on the proposal. As a result, voting to ABSTAIN will have the same effect as votes against the proposal.

Table of Contents

Although stockholder approval of our Audit Committee's selection of Ernst & Young LLP as our independent registered public accounting firm is not required, we believe that it is advisable to give stockholders an opportunity to ratify this selection. If this proposal is not approved at the annual meeting, our Audit Committee will reconsider its selection of Ernst & Young LLP.

Q. Are there other matters to be voted on at the meeting?

A. We do not know of any other matters that may come before the meeting other than the election of 11 directors and the ratification of the selection of our independent registered public accounting firm. If any other matters are properly presented at the meeting, the persons named in the accompanying proxy intend to vote, or otherwise act, in accordance with their judgment on the matters.

Q. Where can I find the voting results?

A. We expect to report the voting results in our Quarterly Report on Form 10-Q for the quarter ending June 30, 2009, which we anticipate filing with the Securities and Exchange Commission in August 2009.

Q. What are the costs of soliciting these proxies?

A. We will bear the cost of soliciting proxies. In addition to these proxy materials, our directors, officers and employees may solicit proxies by telephone, e-mail, facsimile and in person, without additional compensation. Upon request, we will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for distributing proxy materials.

Delivery of Security Holder Documents

Some banks, brokers and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports. This means that only one copy of our proxy statement and annual report to stockholders may have been sent to multiple stockholders in your household. We will promptly deliver a separate copy of either document to you if you write or call us at the following address or telephone number: 780 Memorial Drive, Cambridge, Massachusetts 02139, Attention: Investor Relations; 617-453-1015. If you want to receive separate copies of the proxy statement or annual report to stockholders in the future, or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker or other nominee record holder, or you may contact us at the above address and telephone number.

Stock Ownership of Certain Beneficial Owners and Management

The following table sets forth certain information, as of February 28, 2009, or such other date as indicated below, with respect to the beneficial ownership of our common stock by:

each person whom we know beneficially owns more than 5% of the outstanding shares of our common stock;

each of our current directors and nominees for director;

each of our executive officers named below under the heading "Compensation of Executive Officers and Directors" Summary Compensation Table ; and

all of our current directors and executive officers as a group.

The number of shares of our common stock owned by each person is determined under the rules of the Securities and Exchange Commission, or SEC, and the information is not necessarily indicative of beneficial ownership for any other purpose. Under these rules, beneficial ownership includes any shares as to which the individual has sole or shared voting power or investment power and also any shares which the individual has the right to acquire within 60 days after February 28, 2009 through the exercise of any stock option or other right.

Table of Contents

Unless otherwise indicated, each person has sole voting and investment power, or shares such power with his or her spouse, with respect to the shares set forth in the following table. The inclusion in this table of any shares deemed beneficially owned does not constitute an admission of beneficial ownership of those shares.

Unless otherwise indicated, the address for each person is to the care of Infinity Pharmaceuticals, Inc., 780 Memorial Drive, Cambridge, Massachusetts 02139.

PROPOSAL 1 ELECTION OF DIRECTORS

All of our directors stand for election annually. The board of directors has set the number of directors at 11. The persons named in the accompanying proxy will vote to elect Messrs. Babler, Holtzman, Lee and Smith and Drs. Evnin, Hixson, Lander, Levine, Moss, Tananbaum and Venuti as directors unless you indicate otherwise on your proxy. Each of the nominees is currently a member of our board of directors.

Dr. Sato, who is currently a member of our board of directors, is retiring effective June 17, 2009 and is not standing for re-election as a director. Dr. Sato, age 60, has served as a member of Infinity's board of directors since September 2006 and a member of the board of directors of Old Infinity from 2001 through the completion of the reverse merger. She is currently a professor at Harvard University. From 1992 to 2005, Dr. Sato held various positions with Vertex Pharmaceuticals, Inc., a publicly-traded pharmaceutical company, most recently serving as President from 2000 to 2005. Prior to joining Vertex Pharmaceuticals, Inc., from 1984 to 1992, Dr. Sato held various positions with Biogen, Inc., a publicly traded biotechnology company, most recently serving as Vice President of Research and a member of its Scientific Advisory Board. Since 1993, Dr. Sato has served on the Board of Tutors, Department of Biochemistry and Molecular Biology at Harvard University and also served as an Assistant Professor and Associate Professor in the Department of Biology at Harvard University from 1975 to 1983. Dr. Sato is a business advisor to Atlas Ventures, a venture capital firm, and other enterprises in the biotechnology and pharmaceutical industries. Dr. Sato serves as a director of Bristol-Myers Squibb Company and Alnylam Pharmaceuticals, Inc., publicly traded biopharmaceutical companies, Perkin-Elmer, Inc., a diversified company with businesses in the life and analytical sciences and optoelectronics, and Avila Therapeutics, a private biopharmaceutical company. Dr. Sato received an A.B. in Biology from Radcliffe College and an M.A. and Ph.D. in Biology from Harvard University.

If they are elected, each of the nominees will each hold office until our annual meeting of stockholders in 2010 and until his successor is duly elected and qualified. Each of the nominees has indicated his willingness to serve, if elected; however, if any nominee should be unable to serve, the shares of common stock represented by proxies may be voted for a substitute nominee designated by the board of directors.

There are no family relationships between or among any of our officers or directors.

Below are the names, ages and certain other information of each of the nominees for director. Information with respect to the number of shares of common stock beneficially owned by each of these individuals, directly or indirectly, as of February 28, 2009 appears above under the heading "Stock Ownership of Certain Beneficial Owners and Management."

Martin Babler, age 44, has served as a member of our board of directors since May 2008. Mr. Babler is Chief Executive Officer of Talima Therapeutics, Inc., a privately-held drug delivery company, a position he has held since February 2008. Prior to joining Talima, from 2000 to 2006, Mr. Babler was Vice President of Immunology Sales and Marketing, and Director of Cardiovascular Marketing, at Genentech, Inc. Prior to joining Genentech, Mr. Babler held various roles of increasing responsibility in sales, sales management, marketing and business development with Eli Lilly and Company. Mr. Babler holds a degree in Pharmacy/Pharmacology from the ETH in Zurich, Switzerland and attended the Executive Development Program at Kellogg Graduate School of Management.

Anthony B. Evnin, Ph.D., age 68, has served as a member of our board of directors since September 2006 and a member of the board of directors of Old Infinity from June 2001 through the completion of the reverse merger. Since 1980, Dr. Evnin has served as Managing General Partner of Venrock, a venture capital firm, and has been employed by Venrock since 1974. Dr. Evnin also serves as a director of several private companies, as well as the following publicly-traded biopharmaceutical companies: Icagen, Inc., Sunesis Pharmaceuticals, Inc. and Pharmos Corporation. Dr. Evnin received an A.B. in Chemistry from Princeton University and a Ph.D. in Chemistry from the Massachusetts Institute of Technology.

CORPORATE GOVERNANCE

General

This section describes key corporate governance guidelines and practices that we have adopted. Complete copies of our corporate governance guidelines, committee charters and code of business conduct and ethics described below are available on our website, www.infi.com. Alternatively, you can request a copy of any of these documents by writing to: Investor Relations, Infinity Pharmaceuticals, Inc., 780 Memorial Drive, Cambridge, Massachusetts 02139. Our board of directors believes that good corporate governance is important to ensure that Infinity is managed for the long-term benefit of our stockholders.

Corporate Governance Guidelines

Our board of directors has adopted corporate governance guidelines to assist the board in the exercise of its duties and responsibilities and to serve the best interests of Infinity and our stockholders. These guidelines, which provide a framework for the conduct of the board's business, provide that:

the principal responsibility of the directors is to oversee our management;

a majority of the members of the board shall be independent directors, unless otherwise permitted by NASDAQ rules;

the independent directors meet at least twice a year and at other times at the request of any independent director;

directors have full and free access to management and, as necessary and appropriate, independent advisors; and

at least annually, the board and its committees will conduct a self-evaluation to determine whether they are functioning effectively.

Board Determination of Independence

Under applicable NASDAQ rules, a director will only qualify as an independent director if, in the opinion of our board of directors, that person does not have a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Our board of directors has determined that none of Messrs. Babler, Lee or Smith or Drs. Evin, Hixson, Lander, Levine, Moss, or Tananbaum has a relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is or would be an independent director as defined under Rule 4200(a)(15) of the NASDAQ Stock Market, Inc. Marketplace Rules. Further, our board of directors had previously determined that Dr. Vicki Sato, who served on our board of directors during the year ended December 31, 2008, did not have a relationship that would have interfered with the exercise of independent judgment in carrying out the responsibilities of a director and that she was an independent director as defined above. Mr. Holtzman and Dr. Venuti are not independent as defined under applicable NASDAQ rules.

Director Nomination Process

The process followed by the Nominating and Corporate Governance Committee of our board to identify and evaluate candidates includes requests to independent directors and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the board.

In considering whether to recommend to our board of directors any particular candidate for inclusion in the board's slate of recommended director nominees, including candidates recommended by stockholders, the Nominating and Corporate Governance Committee applies the criteria as set forth in our corporate governance

Table of Contents

guidelines. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. The Nominating and Corporate Governance Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each nominee. We believe that the backgrounds and qualifications of the directors, considered as a group, should provide a significant composite mix of experience, knowledge and abilities that will allow the board to fulfill its responsibilities.

Stockholders may recommend individuals to the Nominating and Corporate Governance Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made to the Nominating and Corporate Governance Committee, c/o Gerald E. Quirk, Esq., Vice President and General Counsel, Infinity Pharmaceuticals, Inc., 780 Memorial Drive, Cambridge, Massachusetts 02139. Assuming that appropriate biographical and background material is provided for candidates recommended by stockholders, the Nominating and Corporate Governance Committee will evaluate those candidates by following substantially the same process, and applying substantially the same criteria, as for candidates submitted by others.

Our stockholders also have the right to nominate director candidates themselves, without any prior review or recommendation by the Nominating and Corporate Governance Committee, by following the procedures set forth under *Stockholder Proposals for the 2010 Annual Meeting*.

Board Meetings and Attendance

Our board of directors held ten meetings, either in person or by teleconference, during the year ended December 31, 2008, or Fiscal 2008. During Fiscal 2008, each director attended at least 75% of the aggregate of the number of board meetings and the number of meetings held by all committees on which he or she then served, other than Dr. Levine who attended 69% of such meetings.

Director Attendance at Annual Meeting of Stockholders

Our corporate governance guidelines provide that directors are responsible for attending annual stockholder meetings. All of our directors other than Dr. Lander attended our 2008 annual meeting of stockholders. We anticipate that all or substantially all of our directors will attend our 2009 annual meeting of stockholders.

Board Committees

Our board of directors currently has standing Audit, Compensation, Nominating and Corporate Governance, and Research and Development Committees. The board of directors has determined that all of the members of each of these committees, other than the Research and Development Committee, are independent as defined under the rules of the NASDAQ Stock Market, including, in the case of all members of the Audit Committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934, or the Exchange Act.

Audit Committee

The Audit Committee provides the opportunity for direct contact between our independent registered public accounting firm and the board, and has the following principal duties:

appointing, approving the services provided by and the compensation of, and assessing the independence of our independent registered public accounting firm;

overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of certain reports from the firm;

Table of Contents

reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures;

monitoring our internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics;

overseeing our internal control function;

discussing our risk management policies;

establishing policies regarding hiring employees from the independent registered public accounting firm and procedures for the receipt and retention of accounting related complaints and concerns;

meeting independently with our internal control staff, independent registered public accounting firm and management; and

preparing the Audit Committee report required by SEC rules (which is included on page 14 of this proxy statement).

The Audit Committee is authorized to retain advisors and consultants and to compensate them for their services. The Audit Committee has a charter, which is available on our website, www.infi.com.

The current members of the Audit Committee are Messrs. Smith (Chair) and Lee and Dr. Hixson. Our board of directors has determined that Mr. Smith is an Audit Committee financial expert as defined in Item 407(d)(5)(ii) of Regulation S-K and that each of Messrs. Smith and Lee and Dr. Hixson is independent as such term is defined under the applicable rules of the NASDAQ Stock Market and as is contemplated by Rule 10A-3 under the Exchange Act. The Audit Committee held nine meetings in Fiscal 2008. See Report of the Audit Committee below.

Compensation Committee

Our Compensation Committee, among other things, provides recommendations to the board regarding our compensation programs, and has the following principal duties:

reviewing and approving, or making recommendations to the board with respect to, the compensation of our Chief Executive Officer and our other executive officers;

overseeing an evaluation of our executive officers;

overseeing and administering our incentive-compensation and equity-based plans that are subject to approval by the board;

reviewing and making recommendations to the board with respect to director compensation;

reviewing, discussing with management and recommending to the board the Compensation Discussion and Analysis required by SEC rules (which is included beginning on page 19 of this proxy statement); and

Edgar Filing: INFINITY PHARMACEUTICALS, INC. - Form DEF 14A

preparing the Compensation Committee report required by SEC rules (which is included on page 35 of this proxy statement). The Compensation Committee is authorized to retain advisors and consultants, including advisors and consultants to assist in the evaluation of executive compensation, and to compensate them for their services. The Compensation Committee has a charter, which is available on our website, www.infi.com.

The current members of the Compensation Committee are Drs. Sato (Chair) and Moss and Mr. Babler. Our board has determined that each of Drs. Sato and Moss and Mr. Babler is independent as defined under the applicable NASDAQ rules. The Compensation Committee held six meetings during Fiscal 2008. See Compensation of Executive Officers and Directors Compensation Committee Report below.

Table of Contents

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee, among other things, provides recommendations to the board regarding the nomination of directors, and has the following principal duties:

recommending to the board the persons to be nominated for election as directors at any meeting of stockholders and the persons, if any, to be elected by the board to fill any vacancies on the board;

developing and recommending to the board corporate governance principles; and

overseeing annual evaluations of the board.

The Nominating and Corporate Governance Committee is authorized to retain advisors and consultants and to compensate them for their services. The Nominating and Corporate Governance Committee has a charter, which is available on our website, www.infi.com.

The current members of the Nominating and Corporate Governance Committee are Drs. Evnin (Chair), Lander and Tananbaum. Our board of directors has determined that each of these members is independent, as that term is defined by applicable NASDAQ rules. The Nominating and Corporate Governance Committee held five meetings during Fiscal 2008.

Executive and Director Compensation Processes

The Compensation Committee of our board of directors oversees our compensation program. In this role, the Compensation Committee determines and, after consultation with the entire board of directors, approves annually all compensation decisions relating to our executive officers.

In addition, in accordance with its charter, our Compensation Committee periodically reviews and makes recommendations to the board of directors with respect to director compensation. A description of the processes and procedures for the consideration and determination of executive compensation is contained in the section entitled "Compensation Discussion and Analysis" beginning on page 19 below.

The Compensation Committee has delegated to the Stock Option Administration Committee, comprised solely of Mr. Holtzman, our Chief Executive Officer, the authority to grant stock options and restricted stock under our 2000 Stock Incentive Plan, subject to the following limitations. The Stock Option Administration Committee is not authorized to: (a) grant options or restricted stock to our executive officers, (b) grant to any person, in any one calendar year, options and/or restricted stock with respect to more than 50,000 shares of our common stock, (c) grant in the aggregate in any one fiscal quarter, options and/or restricted stock with respect to more than 250,000 shares of our common stock or (d) grant options with an exercise price, or restricted stock with a purchase price, that is below the fair market value of our common stock on the date of grant (as determined under our 2000 Stock Incentive Plan). The Stock Option Administration Committee must report to the Compensation Committee on a quarterly basis regarding the options and restricted stock granted during the prior quarter.

Communicating with the Independent Directors

Our board of directors will give appropriate attention to written communications that are submitted by stockholders and other interested parties, and will respond if and as appropriate. Dr. Evnin, as our current Lead Outside Director, is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the Lead Outside Director considers to be important for the directors to know. In general, communications relating to corporate governance and corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Table of Contents

Stockholders who wish to send communications on any topic to the board of directors should address such communications to Board of Directors, c/o Gerald E. Quirk, Esq., Vice President and General Counsel, Infinity Pharmaceuticals, Inc., 780 Memorial Drive, Cambridge, MA 02139, or by email to contactboard@infi.com.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer and controller, or persons performing similar functions. We have posted a copy of the code on our website, www.infi.com. In addition, we intend to post on our website all disclosures that are required by law or NASDAQ Stock Market listing standards concerning any amendments to, or waivers of, our code.

Report of the Audit Committee

The Audit Committee has reviewed our audited financial statements for the fiscal year ended December 31, 2008 and has discussed these financial statements with our management and independent registered public accounting firm.

The Audit Committee has also received from, and discussed with, Ernst & Young LLP, our independent registered public accounting firm, various communications that our independent registered public accounting firm is required to provide to the Audit Committee, including the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees).

The Audit Committee has received the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding an independent accountant's communications with the audit committee concerning independence, and has discussed with Ernst & Young LLP its independence from Infinity.

Based on its discussions with management and the independent registered public accounting firm, and its review of the representations and information provided by management and the independent registered public accounting firm, the Audit Committee recommended to our board of directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2008.

By the Audit Committee of the Board of Directors,

Ian F. Smith (Chair)

Patrick P. Lee

Harry F. Hixson, Jr., Ph.D.

Table of Contents**Auditors Fees**

The following table summarizes the fees of Ernst & Young LLP, our independent registered public accounting firm, billed to us for each of the last two fiscal years.

Fee Category	Fiscal 2008	Fiscal 2007
Audit Fees(1)	\$ 452,700	\$ 382,750
Audit-Related Fees(2)	2,940	3,000
Tax Fees(3)	79,050	193,250
Total Fees	\$ 534,690	\$ 579,000

- (1) Audit fees consist of fees for the audit of our financial statements, the review of the interim financial statements included in our quarterly reports on Form 10-Q, preparation of registration statements on Form S-8, and other professional services provided in connection with statutory and regulatory filings or engagements.
- (2) Audit-related fees consist of fees for assurance and related services that are reasonably related to the performance of the audit and the review of our financial statements and which are not reported under Audit Fees. These services primarily relate to a subscription to an online database managed by Ernst & Young LLP.
- (3) Tax fees consist of fees for tax compliance, tax advice and tax planning services. These services primarily relate to preparation of state and federal tax returns. For fiscal 2008, tax fees include analyses by Ernst and Young LLP related to the tax treatment of our alliances with Purdue Pharmaceutical Products L.P. and Mundipharma International Corporation Limited. For fiscal 2007, tax fees include analyses by Ernst & Young LLP related to (i) Section 382 of the Internal Revenue Code of 1986, (ii) tax treatment of our collaborations with MedImmune, Inc. and Novartis Institutes for BioMedical Research, Inc. and (iii) research and development tax credits.

Pre-Approval Policies and Procedures

The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent registered public accounting firm. This policy generally provides that we will not engage our independent registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by the Audit Committee or the engagement is entered into pursuant to the pre-approval procedures described below.

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to us by our independent registered public accounting firm during the next 12 months. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

The Audit Committee has delegated authority to the Chair of the Audit Committee to pre-approve any audit or non-audit service to be provided to Infinity by our independent registered public accounting firm. Any approval of services by the Chair of the Audit Committee pursuant to this delegated authority must be reported on at the next meeting of the Audit Committee.

During Fiscal 2008, no services were provided to us by Ernst & Young LLP or any other accounting firm other than in accordance with the pre-approval policies and procedures described above.

TRANSACTIONS WITH RELATED PERSONS

Agreements with Entities Associated with Beacon Company and Rosebay Medical Company L.P.

In November 2008, we entered into strategic alliance agreements with each of Mundipharma International Corporation Limited, or Mundipharma, and Purdue Pharmaceutical Products L.P., or Purdue, independent associated companies of Beacon Company, or Beacon, and Rosebay Medical Company L.P., or Rosebay. In connection with the entry into the strategic alliance agreements, we also entered into a securities purchase agreement and line of credit agreement with Purdue and its independent associated company, Purdue Pharma L.P., or PPLP. In connection with the execution of the securities purchase agreement, we amended our rights agreement with American Stock Transfer & Trust Company, LLC.

Under the terms of the securities purchase agreement, in November 2008, we issued and sold an aggregate of four million shares of our common stock at a purchase price of \$11.25 per share, for an aggregate purchase price of \$45 million, which, immediately after such issuance, represented approximately 16.6% of our then outstanding common stock. Of such shares, two million shares of our common stock were purchased by each of Purdue and PPLP. In January 2009, we conducted a second closing where we issued and sold an aggregate of two million shares of our common stock, and warrants to purchase up to an aggregate of six million shares of our common stock, for an aggregate purchase price of \$30 million. Immediately after such issuance, these securities, together with the shares sold in November 2008, represented approximately 37.3% of our then outstanding common stock, assuming exercise of such warrants. Of such second closing shares and warrants, an equal number were purchased by each of Purdue and PPLP. All of such shares, as well as all of such warrants, were subsequently transferred through associated entities of each of Purdue and PPLP to Beacon and Rosebay. Beacon and Rosebay each owned approximately 18.7% of our common stock as of February 28, 2009, assuming exercise of the warrants by both entities.

Under the terms of the amendment to our rights agreement, Purdue, PPLP and their independent associated companies may own up to 33.3% of our fully-diluted common stock outstanding (which assumes the exercise or conversion of all exercisable or convertible securities then outstanding) without such ownership causing such parties to be deemed Acquiring Persons for purposes of the rights agreement and thereby triggering the stockholder rights under the rights agreement. Should Purdue, PPLP and their independent associated companies' aggregate ownership percentage exceed 33.3% of our fully-diluted common stock outstanding as a result of an acquisition of common stock by us or the exercise or cancellation of outstanding securities that are exercisable, convertible or exchangeable for shares of common stock, the amendment to the rights agreement provides that such excess ownership shall not result in such parties being deemed Acquiring Persons for the purposes of the rights agreement.

Under the terms of the strategic alliance agreements, we agreed with each of Mundipharma and Purdue to develop and commercialize certain product candidates including those that inhibit or target the Hedgehog pathway and fatty acid amide hydrolase, or FAAH, and product candidates arising out of all our discovery projects in all disease fields that achieve development candidate status on or before December 31, 2011 (with Mundipharma having the right, through the exercise of two consecutive one-year options, to extend such period through December 31, 2013). Our heat shock protein 90 and Bcl-2 programs are expressly excluded from the alliances. The agreement with Purdue is focused on the development and commercialization of products targeting FAAH for sale in the United States. The agreement with Mundipharma is focused on the development and commercialization of all products and product candidates covered by the alliance, including those targeting FAAH, for sale outside of the United States. Both agreements include terms for opting out of participation in individual research and development programs. We are recording revenue for reimbursable research and development services we perform for Mundipharma and Purdue. We recorded \$2.7 million in such revenue in the year ended December 31, 2008. We may be entitled to receive or required to pay royalties on net sales of commercialized products resulting from the strategic alliances.

Under the terms of the line of credit agreement, we may borrow one or more unsecured loans up to an aggregate maximum principal amount of \$50 million. The loans may be drawn by us during the three-year period

that began on April 1, 2009. The loans, which may be used by us for any proper corporate purpose, mature on April 1, 2019, which we refer to as the maturity date, and will be subordinate to any senior indebtedness that we may incur. Borrowings made under the line of credit agreement will bear interest, payable on the maturity date, at a fluctuating rate set at the prime rate on the business day prior to the funding of each loan and will be reset on the last business day of each month ending thereafter. Interest will be compounded on each successive three-month anniversary of the funding of each loan. Outstanding loans may be prepaid without penalty or premium prior to the maturity date. Amounts borrowed under the credit agreement, once borrowed, may not be borrowed again. We have certain rights to repay outstanding amounts under the line of credit agreement in shares of our common stock. In March 2009, Purdue assigned its interest under the line of credit agreement to PPLP.

Agreement with Novartis Institute for BioMedical Research, Inc.

In February 2006, we entered into a collaboration agreement with the Novartis Institutes for BioMedical Research, Inc., or Novartis, to discover, develop and commercialize drugs targeting Bcl protein family members for the treatment of a broad range of cancers. Under the terms of this agreement, we granted to Novartis an exclusive, worldwide license to research, develop and commercialize pharmaceutical products that are based upon our proprietary Bcl inhibitors. Novartis paid us a \$15 million up-front license fee, an affiliate of Novartis made a \$5 million equity investment in Old Infinity that converted in the reverse merger into 266,313 shares of our common stock, and Novartis committed to provide us research funding of approximately \$10 million over the initial two-year research term, which expired in February 2008. Novartis has agreed to make milestone payments totaling over \$370 million if certain specified research, development and commercialization milestones under the alliance are achieved for multiple products for multiple indications, such that total payments to us could exceed \$400 million. Novartis has also agreed to pay us royalties upon successful commercialization of any products developed under the alliance. For the year ended December 31, 2008, we recognized \$8.1 million in revenue related to the amortization of the up-front license fee and \$0.8 million in revenue related to the reimbursable research and development services we performed for Novartis under this agreement.

POLICIES AND PROCEDURES FOR RELATED PERSON TRANSACTIONS

Our board has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which we are a participant, the amount involved exceeds \$120,000, and one of our executive officers, directors, director nominees or 5% stockholders (or their immediate family members), each of whom we refer to as a related person, has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement or relationship, which we refer to as a related person transaction, the related person must report the proposed related person transaction to our General Counsel. The policy calls for the proposed related person transaction to be reviewed and, if deemed appropriate, approved by the Audit Committee. Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance review and approval is not practicable, the committee will review, and, in its discretion, may ratify the related person transaction. The policy also permits the chair of the committee to review and, if deemed appropriate, approve proposed related person transactions that arise between committee meetings, subject to ratification by the committee at its next meeting. Any related person transactions that are ongoing in nature will be reviewed annually.

A related person transaction reviewed under the policy will be considered approved or ratified if it is authorized by the committee after full disclosure of the related person's interest in the transaction. As appropriate for the circumstances, the committee will review and consider:

the related person's interest in the related person transaction;

the approximate dollar value of the amount involved in the related person transaction;

the approximate dollar value of the amount of the related person's interest in the transaction without regard to the amount of any profit or loss;

whether the transaction was undertaken in the ordinary course of our business;

whether the terms of the transaction are no less favorable to us than terms that could have been reached with an unrelated third party;

the purpose of, and the potential benefits to us of, the transaction; and

any other information regarding the related person transaction or the related person in the context of the proposed transaction that would be material to investors in light of the circumstances of the particular transaction.

The committee may approve or ratify the transaction only if the committee determines that, under all of the circumstances, the transaction is not inconsistent with our best interests. The committee may impose any conditions on the related person transaction that it deems appropriate.

In addition to the transactions that are excluded by the instructions to the SEC's related person transaction disclosure rule, our board of directors has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of this policy:

interests arising solely from the related person's position as an executive officer of another entity (whether or not the person is also a director of such entity), that is a participant in the transaction, where (a) the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, (b) the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction, and (c) the amount involved in the transaction equals less than the greater of \$200,000 dollars or 5% of the annual consolidated gross

revenues of the other entity that is a party to the transaction; and

a transaction that is specifically contemplated by provisions of our charter or by-laws.

The policy provides that transactions involving compensation of executive officers shall be reviewed and approved by the Compensation Committee in the manner specified in its charter.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Compensation Discussion and Analysis

The Compensation Committee of our Board of Directors oversees our compensation program. In this role, the Compensation Committee determines and approves annually all compensation decisions relating to our executive officers.

Our Executive Officers

Our current executive officers are Steven H. Holtzman, Chief Executive Officer, Adelene Q. Perkins, President and Chief Business Officer, and Julian Adams, Ph.D., President of Research & Development and Chief Scientific Officer. Mr. Holtzman served as our President until October 2008.

Objectives and Philosophy of our Compensation Program

The primary objectives of the Compensation Committee with respect to compensation for all of our employees (whom we call citizen-owners) are to:

attract, retain and motivate the highest caliber scientists and business people to develop and execute our business plan;

ensure that compensation aligns our citizen-owners with our corporate strategy and business objectives;

promote the achievement of important and measurable scientific, business, organizational and operational goals by linking contingent cash compensation and long-term equity incentives to the achievement of these goals; and

align incentives with the creation of stockholder value.

To achieve these objectives, the Compensation Committee evaluates our compensation program with the goal of setting compensation at levels the committee believes are competitive with those of other companies in our industry that compete with us for talent. In addition, our compensation program ties a substantial portion of our executive officers' overall compensation to the achievement of scientific, business, organizational and operational goals such as:

progress in our clinical trials and research programs;

implementation of appropriate financing strategies;

addition and development of internal competencies and retention of high-performing citizen-owners; and

achievement of desired financial performance.

We also provide a portion of our compensation in the form of stock options that vest over time. We believe this helps to retain our citizen-owners, including our executive officers, and aligns their interests with those of our non-employee stockholders by allowing them to participate in the longer term success of our company as reflected in stock price appreciation.

Edgar Filing: INFINITY PHARMACEUTICALS, INC. - Form DEF 14A

In making compensation decisions regarding our executive officers, one factor our Compensation Committee considers is a comparison of our executive compensation with the compensation of executives in similar roles in peer companies. Historically, we obtained this information through biopharmaceutical industry compensation surveys such as the 2008 Radford Global Life Sciences Survey, or Radford Survey, using a data sample reflecting all participating organizations with 150 to 499 employees. We believe that this data sample is appropriate, as we would seek executive talent from a nationwide pool and the data indicate that there is not a material compensation difference in executive compensation levels between Massachusetts biopharmaceutical companies and all biopharmaceutical companies nationwide.

Table of Contents

The Radford Survey reflects compensation data as of April 1, 2008. As a result, when using the Radford Survey to benchmark 2008 total cash compensation, we increased such amount by 3.5%, which we believed was a reasonable estimate of increases in market compensation that would occur during the ensuing year. In addition, for purposes of benchmarking compensation for Ms. Perkins and Dr. Adams, we used data for chief operating officers rather than chief business and chief scientific officers, respectively, because each officer has broader leadership responsibilities than that connoted by her or his title. Specifically, Ms. Perkins is responsible for all finance, business development, portfolio management, legal and intellectual property, human resources and facilities/operations functions, and Dr. Adams is responsible for all discovery, clinical development, medical, regulatory/quality assurance, pharmaceutical development and information technology functions.

We did not retain a compensation consultant during 2008 to review our policies and procedures with respect to executive compensation. Our Compensation Committee's charter, however, expressly authorizes the Compensation Committee to retain and terminate any compensation consultant and to approve the fees and other terms associated with the engagement of such compensation consultant.

Performance Evaluation Process

Annually, our 11-member executive leadership team prepares and submits for approval by our Board of Directors a set of annual (based on a December 1 through November 30 year) corporate goals. These corporate goals are directed to specific scientific, business, organizational and operational objectives and represent, in many cases, stretch goals that may prove difficult to achieve. Upon ratification of the overall corporate goals, departmental and individual goals are set focusing on contributions that facilitate the achievement of these company goals.

For 2008, our company goals included:

executing on the following near-term drivers of stockholder value:

launching and advancing a phase 3 clinical trial of IPI-504 in refractory gastrointestinal stromal tumors, or GIST;

advancing phase 2 clinical trials of IPI-504 in additional indications;

commencing a phase 1 clinical trial of IPI-493, our orally-available inhibitor of heat shock protein 90;

commencing a phase 1 clinical trial of IPI-926, our proprietary inhibitor of the hedgehog signaling pathway; and

identifying strategic opportunities to enhance our corporate profile, and

maintaining and enhancing the foundations for our future success, including:

a strong financial profile;

excellence in all of our scientific, business and operational activities; and

maintaining our integrated culture of citizen-ownership during a period of rapid organizational growth.

Near the end of each year, our executive leadership team then evaluates company performance against the goals for that year. With respect to company performance, the executive leadership team conducts a qualitative and quantitative assessment of the company's overall performance

against goals at one of the following levels:

below industry standards, or performance that neither resulted in the achievement of the stated goals, nor was consistent with performance that should reasonably be expected of a biopharmaceutical company of comparable size, resources or stage of development;

Table of Contents

met industry standards, or performance that resulted in the stated goals substantially being met and which was consistent with performance that should reasonably be expected of a biopharmaceutical company of comparable size, resources and stage of development;

met Infinity expectations, or performance that exceeded industry standards and met essentially all of our goals (including some stretch goals) and exceeded some of them, with any failure to achieve a major goal being the result of factors outside of our reasonable control; and

exceeded Infinity expectations, or performance that far exceeded industry standards and resulted in our goals largely being exceeded. This assessment by our executive leadership team is then presented to the Compensation Committee for its review. The Compensation Committee has the discretion to determine that company performance against goals was achieved at a level other than the one recommended by our executive leadership team. The Compensation Committee may review, and historically has reviewed, its assessment with our Board of Directors, although it is not required to do so.

In November 2008, the Compensation Committee conducted its assessment of company performance, which it in turn reviewed with our Board of Directors in December 2008. Following those reviews, it was determined that our 2008 performance was convincingly at the exceeds Infinity expectations level. In making this determination, the Compensation Committee considered, among other things, the following achievements:

Research and Development

the filing of two investigational drug applications with the U.S. Food and Drug Administration, or FDA, and the advancement of two new drug candidates, IPI-493 and IPI-926, into clinical development;

obtaining operational control of clinical development of IPI-504 in GIST from AstraZeneca and commencing an international phase 3 clinical trial of IPI-504 in GIST under a special protocol assessment agreement from the FDA and pursuant to scientific advice received from the European Medicines Agency;

the expansion of the phase 2 clinical trial of IPI-504 in non-small cell lung cancer, having met the pre-specified durability criteria for both arms of the trial;

enhancement of the supply chain for IPI-926 by both securing additional starting material and improving process yields;

advancement of the FAAH program to the point where a development candidate, IPI-940, was able to be selected in January 2009;

advancement of new oncology discovery programs; and

the successful transition of the Bcl-2 program to Novartis.

Business, Finance and Operations

entry into a global strategic alliance with Mundipharma and PPLP that extended our cash runway by nearly three years in an uncertain market environment, while simultaneously reserving for Infinity full U.S. commercialization rights to our entire discovery

and early clinical portfolio;

consciously redirecting efforts to augment our product development pipeline to efforts to raise capital as economic conditions deteriorated, which decision resulted in the execution of the Mundipharma alliance;

success in attracting and retaining high-performing citizen-owners, as evidenced by strong company survey results and an attrition rate substantially below industry comparables; and

strong financial management, including managing spending to budgets and forecasts.

Table of Contents

In addition to evaluating company performance, we evaluate the individual contributions of each citizen-owner for the year. Each citizen-owner's evaluation begins with a written self-assessment, which is submitted to that citizen-owner's manager. The manager solicits input from others within and/or outside of our company and then prepares a written performance review representing the manager's assessment of the citizen-owner's annual performance. In the case of our executive officers, Ms. Perkins and Dr. Adams submit their respective self-assessments to Mr. Holtzman, who prepares their written performance reviews based on:

each officer's self-assessment;

feedback received from individual members of our Board of Directors, members of our executive leadership team, and any direct reports of the officer who do not sit on our executive leadership team; and

Mr. Holtzman's personal assessment.

Mr. Holtzman also prepares a written self-assessment and submits it to the chair of the Compensation Committee. Additional assessments of Mr. Holtzman's individual performance for 2008 were obtained through feedback received from:

individual members of our Board of Directors; and

members of our executive leadership team and other citizen-owners with whom Mr. Holtzman regularly interacts.

On the basis of this feedback, the Compensation Committee evaluates Mr. Holtzman's performance based on the company's performance against its goals, Mr. Holtzman's performance in providing leadership of the company in the pursuit of these goals, Mr. Holtzman's performance in providing mentorship to our other executive officers and, finally, Mr. Holtzman's progress against his personal and professional development goals.

Components of our Compensation Program

The primary elements of our compensation program are:

cash compensation, which includes base salary and discretionary annual cash bonuses, which we refer to as contingent cash compensation;

annual merit stock option awards; and

employee benefits, such as insurance and a 401(k) savings plan.

Each of these elements is available to all of our citizen-owners generally, although the amounts of contingent cash compensation and the size of annual merit stock option awards differ from person to person based on such citizen-owner's role, market-competitive compensation, and his or her individual performance.

We do not have any formal or informal policy or target for allocating compensation between long-term and short-term compensation, between cash and non-cash compensation, or among the different forms of non-cash compensation. Instead, the Compensation Committee, after reviewing relevant information, determines subjectively what it believes to be the appropriate level and mix of the various compensation components.

Cash Compensation

Our cash compensation program has two elements: base salary and contingent cash compensation. Base salary is used to recognize the experience, skills, knowledge and responsibilities required of each of our citizen-owners, including each of our executive officers. Contingent cash compensation is used to reward the achievement of company and individual goals. The sum of base salary and contingent cash compensation constitutes total cash compensation. For a year in which company performance is equivalent to what should

Table of Contents

reasonably be expected of a biopharmaceutical company of comparable size, resources and stage of development, the Compensation Committee believes that the average total cash compensation for our executive officers should be targeted near the 50th percentile of actual total cash compensation for individuals in similar positions at comparable companies; for a year in which company performance far exceeds industry standards, the Compensation Committee believes it should be at approximately the 75th percentile of actual total cash compensation. In addition to using the Radford Survey, the Compensation Committee uses a variety of other factors in evaluating the appropriate level of total cash compensation, including the individual's level of responsibility, his or her leadership role in achieving our company goals, his or her annual contributions to company performance, and the ability and impact on our company of replacing the individual.

In December 2007, the Compensation Committee set each of our executive officers' 2008 base salaries at the following levels, after considering market data for officers in comparable positions and the amount of contingent cash compensation for which each of our executive officers would be eligible under our contingent cash compensation program:

	2008 Base Salary
Steven H. Holtzman	\$ 480,000
Adelene Q. Perkins	390,000
Julian Adams, Ph.D.	390,000

These amounts would place Mr. Holtzman in approximately the 45th percentile, and each of Ms. Perkins and Dr. Adams in approximately the 55th percentile, of base compensation using the Radford Survey in the manner described above.

Under our contingent cash compensation program, the aggregate amount of cash available for award to all of our citizen-owners, including our executive officers, is established by the Compensation Committee as a percentage of total company payroll based on its assessment of overall company performance. Once the aggregate amount available for potential award under our contingent cash compensation program is established, the Compensation Committee then determines how much of this amount to award to each of our executive officers based upon his or her individual performance. We believe our contingent cash compensation program provides the following advantages:

it is consistent with the growing practice in the biopharmaceutical industry to keep restrained executive base salaries while granting discretionary, performance-based cash bonuses;

it enables us to achieve our goal of ensuring that total cash compensation is market competitive, thus enhancing our ability to attract and retain the best possible people, without increasing fixed salary expense;

it rewards both the achievement of company goals and strong individual performance in support of those goals, thus maintaining our culture of combining individual excellence and achievement with community collaboration;

it is consistent with our company's values, as all citizen-owners are eligible to participate in the program; and

it further aligns citizen-owner and stockholder interests, as a substantial percentage of our executive officers' total compensation is dependent on the achievement of company goals.

During 2007, we made a number of changes to our contingent cash compensation program designed both to simplify it and to address perceptions of inequity between our executive officers and our other citizen-owners. Among the modifications made was to allocate a single pool of cash for contingent cash compensation awards that would be available for all citizen-owners, including our executive officers, rather than allocating separate pools based on citizen-owner level. In other words, the percentage of base salary to which each citizen-owner,

Table of Contents

including each of our executive officers, would be eligible under our contingent cash compensation program would be the same for similar levels of performance. This percentage, which is considered on a continuum rather than as step functions based on levels of company performance, is as follows:

	Below Industry Standards		Meets Industry Standards		Meets Infinity Expectations		Exceeds Infinity Expectations	
All Citizen-Owners, including Executive Officers	0%	< > 5%	< > 10%	< > 15%	< > 20%			

This change resulted in the redistribution of contingent cash compensation from our senior-most citizen-owners, including our executive officers, to more junior citizen-owners, and the Compensation Committee evaluated, prior to approving this change, whether it would have an adverse impact on the retention value of these awards. Ultimately, however, the Compensation Committee approved the change because it had the unanimous support of our executive leadership team and was consistent with our overall compensation policy and objectives. The Compensation Committee also acknowledged, however, that further adjustments to executive officer compensation may be warranted to ensure that total cash compensation remained competitive.

In April 2008, the Compensation Committee considered whether the structure of our contingent cash compensation program remained competitive for Mr. Holtzman. As part of its analysis, the Compensation Committee noted that Mr. Holtzman's total cash compensation in a year in which company performance was established at the exceeds Infinity expectations level and his contingent cash compensation award would be equal to 20% of base salary, Mr. Holtzman's total cash compensation for the year would fall below the 25th percentile based on the Radford Survey in the manner described above. Consequently, the Compensation Committee determined that, while the amount of Mr. Holtzman's contingent cash compensation would continue to be evaluated as a function of company and individual performance in the same manner as other citizen-owners, there would be a separate pool of cash reserved for potential award to Mr. Holtzman. The percentages available for potential award were then established as follows:

	Below Industry Standards		Meets Industry Standards		Meets Infinity Expectations		Exceeds Infinity Expectations	
Chief Executive Officer	0%	< > 10%	< > 25%	< > 40%	< > 60%			
All Citizen-Owners, including Executive Officers, other than Chief Executive Officer	0%	< > 5%	< > 10%	< > 15%	< > 20%			

In December 2008, our Board of Directors, based upon the Compensation Committee's recommendation and its assessment that 2008 company performance was at the exceeds Infinity expectations level, funded the contingent cash compensation pool for Mr. Holtzman at 60% of his base salary. At the same time, the Compensation Committee also recommended that there be a departure from the formula described above in connection with contingent cash compensation awards to be made to Ms. Perkins and Dr. Adams in light of company performance and each officer's role in enabling us to surpass our annual company goals. Specifically, the Compensation Committee considered, in the case of Ms. Perkins, her contributions in enabling the successful completion of the strategic alliance with Mundipharma, developing a vision for establishing a commercial presence in the United States, leading the activities of our executive leadership team and developing her senior staff, and for Dr. Adams, his contributions in advancing our discovery and clinical development programs, nurturing relationships with key scientific and clinical thought-leaders, and developing his senior staff. This recommendation was also made following a further review of the Radford Survey, which demonstrated that if the formula described above were to apply, total cash compensation for each of Ms. Perkins and Dr. Adams would be at approximately the 35th percentile of comparably-situated executives. The Compensation Committee instead recommended a contingent cash compensation award for each of Ms. Perkins and Dr. Adams equal to 50% of each officer's base salary.

Table of Contents

In connection with this analysis, the Compensation Committee decided to identify and retain an appropriate compensation consultant to provide independent advice regarding executive officer compensation going forward.

Our Board of Directors, upon the recommendation of the Compensation Committee, authorized in December 2008 an aggregate contingent cash compensation pool for our citizen-owners, including our executive officers, of approximately \$3.9 million. From such pool, our Board of Directors authorized the following contingent cash compensation awards for our executive officers following the Compensation Committee's assessment of their individual performance.

	2008 Contingent Cash Award
Steven H. Holtzman	\$ 288,000
Adelene Q. Perkins	195,000
Julian Adams, Ph.D.	195,000

Consequently, the total cash compensation for each of our executive officers for 2008 was the following:

	2008 Total Cash Compensation
Steven H. Holtzman	\$ 768,000
Adelene Q. Perkins	585,000
Julian Adams, Ph.D.	585,000

Mr. Holtzman's total cash compensation for 2008 would place him in the 60th percentile of total cash compensation, and Ms. Perkins and Dr. Adams' total cash compensation for 2008 would place each of them in the 55th percentile of total cash compensation, using the Radford Survey in the manner described above.

In connection with its annual review of executive compensation during December 2008, the Compensation Committee did not authorize a base salary increase for our executive officers for 2009, electing instead to defer a determination of appropriate base salary amounts until a compensation consultant had been engaged by the Compensation Committee and the competitive compensation analysis to be conducted by such consultant had been completed.

Stock Options

Our equity award program is the primary vehicle for offering long-term incentives to all of our citizen-owners, including our executive officers. We believe that equity grants are fundamental in creating a culture of citizen-ownership, providing our citizen-owners with a strong link to our long-term performance and aligning the interests of our citizen-owners and our non-employee stockholders. In addition, the vesting feature of our equity grants are intended to further our goal of retention because it provides an incentive for our citizen-owners, including our executive officers, to remain in our employ during the vesting period.

Our equity awards have generally taken the form of stock options. Stock options granted to new citizen-owners upon their hire typically vest as to one-quarter of the shares on the first anniversary of the date of hire, and monthly over the following 36 months. Stock options granted annually under our merit stock option program vest monthly over four years. Stock options have a term of ten years; however, vesting and exercise rights cease shortly after termination of employment. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to such option, including no voting rights and no right to receive dividends or dividend equivalents. The exercise price for each stock option share is equal to the closing price of a share of our common stock on the NASDAQ Global Market on the date of grant. All equity-based awards made to our executive officers are approved by the Compensation Committee.

Table of Contents

We do not time option grants to our executive officers in coordination with our release of material non-public information, although the Compensation Committee generally intends to make annual merit-based stock option awards, if any, in December of each year in part to ensure that such awards are made prior to our year-end earnings blackout period. We have not adopted stock ownership guidelines for our executive officers.

All of our citizen-owners, including our executive officers, are eligible to receive merit stock option grants in connection with the annual performance review process. The aggregate number of shares available for potential award to each of our executive officers under our merit stock option program is based on the Compensation Committee's assessment of the achievement of company goals for the prior year, and is equal to a percentage of the number of stock options that would be granted to such officers if they were to be newly hired into that position:

	Below Industry Standards		Meets Industry Standards		Meets Infinity Expectations		Exceeds Infinity Expectations	
All Executive Officers	0%	< >	20%	< >	25%	< >		33%

For example, if the Compensation Committee concluded that it would be required to grant options to purchase 720,000 shares of our common stock, or approximately 3% of our issued and outstanding common stock, in order to hire a new chief executive officer, in a year in which we met Infinity expectations, Mr. Holtzman, our current chief executive officer, would be eligible to receive an option to purchase 25% of 720,000 shares of common stock, or 180,000 shares of our common stock.

In determining the size of annual equity grants to our executive officers, the Compensation Committee considers factors such as share ownership of comparable executive officers, our annual company performance, the applicable officer's individual performance, the amount of equity previously awarded to the officer, and the amount of such equity that remains unvested. The Compensation Committee also evaluates the potential dilution that new stock option grants will have on the ownership interests of our stockholders, as well as the number of shares of our common stock that are available for award under our equity incentive plan.

In November 2008, the Compensation Committee determined that, based on its recommended assessment of company performance and the application of the formula described above, it would recommend to our Board of Directors that our executive officers receive a merit stock option grant equal to 33% of the number of stock options that would be granted to such officer if he or she were to be newly hired into that position. The Compensation Committee also determined that a new hire stock option grant for a chief executive officer would equal 3% of the number of issued and outstanding shares of our common stock, or approximately 720,000 shares, and that a new hire stock option grant for a chief operating officer (which was the benchmark employed for Ms. Perkins and Dr. Adams) would equal 2% of the number of issued and outstanding shares of our common stock, or approximately 480,000 shares.

Assuming a merit stock option grant of 240,000 shares for Mr. Holtzman and 160,000 shares for each of Ms. Perkins and Dr. Adams, the Compensation Committee also determined that there were not a sufficient number of shares available under our stock incentive plan to grant such number of options to our executive officers. Consequently, the Compensation Committee determined that it would recommend to our Board of Directors that a portion of each executive officer's stock option award be granted in December 2008, with the remainder to be granted by the Compensation Committee at a meeting convened as early as possible in 2009, following the increase in the size of the stock option pool that would take effect on January 1, 2009 by operation of the "evergreen" formula set forth in our stock incentive plan.

In December 2008, following the Compensation Committee's report on its assessment of company performance and each of our executive officer's individual performance for 2008, our Board of Directors granted to our executive officers options to purchase the number of shares of our common stock set forth in the following chart. In January 2009, the Compensation Committee subsequently granted each of our executive officers options

Table of Contents

to purchase the number of shares of our common stock set forth in the following chart. The exercise price per share for each set of options is equal to the closing price of a share of our common stock on the NASDAQ Global Market on the date of grant.

	Stock Options Granted in December 2008	Stock Options Granted in January 2009
Steven H. Holtzman	160,000	80,000
Adelene Q. Perkins	110,000	50,000
Julian Adams, Ph.D.	110,000	50,000

Promotion of Ms. Perkins

In October 2008, Ms. Perkins was promoted from Executive Vice President and Chief Business Officer to President and Chief Business Officer. No changes to Ms. Perkins' compensation were made at the time of her promotion. In December 2008, our Board of Directors, upon the recommendation of the Compensation Committee, awarded Ms. Perkins an option to purchase 130,000 shares of our common stock in connection with this promotion. The size of this stock option award was determined based on the following criteria:

the size of stock option award required to hire for this role externally,

Ms. Perkins' existing equity position, and

the number of shares of our common stock that were available for award under our equity incentive plan.

Benefits and Other Compensation

We provide a broad-based benefits program for all of our citizen-owners, including health and dental insurance, life and disability insurance, group insurance discounts, first-time homebuyer's assistance, educational assistance, paid sabbatical leave following five years of service, subsidized parking, and a 401(k) savings plan. Our executive officers are eligible to participate in all of our benefit plans, in each case on the same basis as other citizen-owners. Under the company-matching feature under our 401(k) savings plan, we match 50% of each citizen-owner's contributions, up to a maximum of 6% of such citizen-owner's base salary and subject to applicable IRS limitations, to our 401(k) savings plan with shares of our common stock having a value equal to such contribution, based on the fair market value of our common stock on the date of the match.

We have not provided any material perquisites or other personal benefits to our executive officers.

Engagement of Compensation Consultant

In February 2009, the Compensation Committee retained Towers Perrin as an executive compensation advisor. As part of this engagement, Towers Perrin was asked to conduct a competitive compensation analysis for our executive officers in order to provide the Compensation Committee with market data to enable the Committee to set 2009 cash compensation for those officers. Upon completion of this analysis, Towers Perrin will review our overall compensation program and, to the extent necessary, recommend to the Compensation Committee potential changes to the design of this program for implementation in 2010.

Towers Perrin reviewed a potential compensation peer group with the Compensation Committee and members of our executive leadership team so that Infinity could establish an appropriate list of publicly-traded peer companies that could be used to supplement the Radford Survey in analyzing executive compensation. The criteria used to evaluate potential peer group companies included the following:

financial metrics, including revenue and research and development expense;

Table of Contents

market capitalization;

number of employees;

stage of development of product pipeline; and

area of therapeutic focus.

As a result of this review, the Compensation Committee agreed that the following 22 companies would constitute an appropriate compensation peer group:

Acorda Therapeutics Inc.	Affymax Inc.	Allos Therapeutics Inc.
Alnylam Pharmaceuticals Inc.	Anadys Pharmaceuticals Inc.	Arena Pharmaceuticals Inc.
ARIAD Pharmaceuticals Inc.	ArQule Inc.	Array BioPharma Inc.
Curis Inc.	Cytokinetics Inc.	Dendreon Corporation
Exelixis Inc.	Idenix Pharmaceuticals Inc.	ImmunoGen Inc.
Lexicon Pharmaceuticals Inc.	Micromet Inc.	Momenta Pharmaceuticals Inc.
Poniard Pharmaceuticals Inc.	Rigel Pharmaceuticals Inc.	SuperGen Inc.
Synta Pharmaceuticals Corp.		

Towers Perrin then presented to the Compensation Committee a competitive compensation analysis for our executive officers that included both Radford Survey data and proxy statement compensation data from each of the peer companies. The Compensation Committee considered the data provided by Towers Perrin, and set our executive officers' 2009 base compensation and target opportunity for award under our contingent cash compensation program at the following levels, based on the general principle that base salary levels should be targeted between the 50th and 75th percentiles of the market and that total cash compensation (i.e., base salary plus contingent cash compensation) should be targeted at approximately the 50th, 75th and above the 75th percentile in years in which company performance meets industry standards, meets Infinity expectations and exceeds Infinity expectations, respectively:

	2009 Base Salary
Steven H. Holtzman	\$ 520,000
Adelene Q. Perkins	410,000
Julian Adams, Ph.D.	410,000

	Below Industry Standards	Meets Industry Standards	Meets Infinity Expectations	Exceeds Infinity Expectations (Maximum)
Steven H. Holtzman	0%	40%	50%	80%
Adelene Q. Perkins and Julian Adams, Ph.D.	0%	35%	45%	75%

We anticipate that Towers Perrin's review of our compensation program will continue through the middle of 2009.

Severance Benefits

We entered into an offer letter with each of our executive officers when they were initially hired by our predecessor company. The letter with Mr. Holtzman provides that if his employment is terminated by us without cause or by Mr. Holtzman for good reason, as each of those terms is defined in the offer letter, and contingent upon execution by Mr. Holtzman of a severance agreement and release of claims, he will be eligible to receive salary continuation until the first anniversary of the date of his termination or, if earlier, the date on which he begins work with another employer or as a consultant or independent contractor, on either a full-time or part-time basis.

Table of Contents

In addition, the offer letters for Dr. Adams and Ms. Perkins provide that, if his or her employment is terminated by us without cause, as that term is defined in the offer letter, or if he or she resigns due to a material diminution in job responsibilities or title or as a result of our failure to fulfill our obligations in the offer letter, and contingent upon execution by such officer of a severance agreement and release of claims, he or she will be eligible to receive a severance payment equal to his or her then-current base salary for a period of six months for Dr. Adams, and 12 months for Ms. Perkins, following the effective date of termination. The offer letters also provide for the continued vesting of each officer's unvested shares of common stock for a period of six months for Dr. Adams, and 12 months for Ms. Perkins, from the date of termination.

Accounting and Tax Considerations

We account for stock-based payments in accordance with the requirements of Financial Accounting Standards Board Statement No. 123(R), *Share-Based Payment*, or FAS 123(R). To date, the adoption of this accounting standard has not impacted our stock option granting practices.

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction for compensation in excess of \$1,000,000 paid to our executive officers. Qualifying performance-based compensation is not subject to the deduction limitation if specified requirements are met. At this time, we do not have a policy to factor Section 162(m) limitations into the determination of base salary or contingent cash compensation amounts.

- (1) The amounts in this column reflect the dollar amount recognized for financial statement reporting purposes for the applicable calendar year under FAS 123(R) of awards made to each of our named executive officers. The assumptions we used in calculating these amounts are discussed in Note 3 to our consolidated financial statements for the year ended December 31, 2008, which are contained in our Annual Report on Form 10-K, as filed with the SEC on March 13, 2009, except that in calculating the amounts in this column, we did not include an estimate of forfeitures.
- (2) The amounts in this column reflect amounts paid to each of our named executive officers under the contingent cash compensation program described in Compensation Discussion and Analysis above.
- (3) Compensation in the Summary Compensation Table includes compensation paid to each of our named executive officers by Old Infinity prior to the closing of the reverse merger in September 2006.
- (4) Mr. Holtzman, who serves on our board of directors, has received no compensation for such service. During the year ended December 31, 2008, Mr. Holtzman was granted option awards with the grant date fair values set forth below under the heading Grants of Plan-Based Awards Table. As of December 31, 2008, Mr. Holtzman held stock awards representing an aggregate of 321,939 shares of our common stock and options to purchase an aggregate of 577,000 shares of our common stock. For purposes of this footnote, 18,279 shares of common stock held by Mr. Holtzman that were obtained upon the conversion of shares of Old Infinity preferred stock in the reverse merger, as well as 5,000 shares of common stock purchased by Mr. Holtzman in the market, have not been treated as stock awards.

- (1) Each of our citizen-owners, including our named executive officers, is eligible to participate in a discretionary cash bonus program, which we refer to as our contingent cash compensation program. The aggregate amount available for potential award under this program to all of our citizen-owners, including our named executive officers, if any, is a function of company performance against goals; the amounts payable to each of our named executive officers, if any, are based on a subjective assessment of individual performance by the Compensation Committee. As such, threshold, target and maximum are not determinable. See "Compensation Discussion and Analysis - Components of our Compensation Program - Cash Compensation" above.
- (2) Based on a grant date fair value of approximately \$3.70 per share.

Potential Payments Upon Termination or Change-in-Control

For a discussion of severance benefits that may become due to each of Mr. Holtzman, Ms. Perkins and Dr. Adams, see Compensation of Executive Officers and Directors Compensation Discussion and Analysis Components of our Compensation Program Severance Benefits above. If the employment of Mr. Holtzman had been terminated on December 31, 2008, under circumstances that entitled him to severance benefits described in such section, Mr. Holtzman would be entitled to receive salary continuation until either he commenced employment with a new employer or December 31, 2009, whichever came first, the amount of which would have been up to \$480,000. If the employment of Ms. Perkins had been terminated on December 31, 2008, under circumstances that entitled her to severance benefits described in such section, Ms. Perkins would have been entitled to receive a severance payment in the amount of \$390,000. If the employment of Dr. Adams had been terminated on December 31, 2008, under circumstances that entitled him to severance benefits described in such section, Dr. Adams would have been entitled to receive a severance payment in the amount of \$195,000.

As of December 31, 2008, Dr. Venuti held stock awards representing an aggregate of 50,000 shares of our common stock and options to purchase an aggregate of 36,875 shares of our common stock.

The following is a summary of the standard compensation of our non-employee directors as of December 31, 2008:

a \$15,000 annual retainer;

a \$25,000 annual retainer for service as lead outside director;

a \$10,000 annual retainer for service as chair of the Research and Development Committee;

a \$10,000 annual retainer for service as chair of the Audit Committee;

a \$5,000 annual retainer for service as chair of the Compensation Committee;

Edgar Filing: INFINITY PHARMACEUTICALS, INC. - Form DEF 14A

a \$5,000 annual retainer for service as chair of the Nominating and Corporate Governance Committee;

\$1,500 for each board meeting attended in person;

Table of Contents

\$500 for each board meeting attended by telephone; and

\$500 for each meeting of the Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee or Research and Development Committee attended in person or by telephone, except that members of our Research and Development Committee who attend our annual program review meetings are compensated at a rate of \$1,500 per day.

Each non-employee director is also reimbursed for reasonable out-of-pocket expenses incurred in attending meetings of the board of directors or any committee of the board of directors.

No director who is an employee receives compensation for services rendered as a director.

In addition to the cash compensation discussed above, non-employee directors are eligible to receive non-statutory stock options under our 2000 Stock Incentive Plan as follows:

Each non-employee director initially elected to the board will receive, on the date of his or her initial election to the board, a non-statutory option to purchase 9,375 shares of our common stock. Shares subject to each such option will become exercisable in equal quarterly installments beginning at the end of the first quarter after the date of grant, provided that the holder of the option continues to serve as a director.

Each non-employee director shall, on the date of the 2009 annual stockholders meeting and on the date of each annual stockholders meeting thereafter, receive a non-statutory option to purchase 5,625 shares of common stock. Shares of common stock subject to each such option will be exercisable in equal quarterly installments beginning at the end of the first quarter after the date of grant, provided that the holder of the option continues to serve as a director.

Each non-employee director who serves in the following positions will receive additional non-statutory options to purchase shares of our common stock in the amounts indicated below upon the date of commencement of service in such position and upon the date of each annual stockholder meeting thereafter. Each of these grants will be exercisable in equal quarterly installments beginning at the end of the first quarter after the date of grant, provided that the holder of such option continues to serve in the applicable position; however, the shares will immediately vest in full upon certain changes in control or ownership or upon the optionee's death or disability while a board member:

Position	Stock Option Grant
Lead Outside Director	9,375 shares
Chair of Research and Development Committee	3,750 shares
Chair of Audit Committee	3,750 shares
Chair of Compensation Committee	1,875 shares
Chair of Nominating and Corporate Governance Committee, if not Lead Outside Director	1,875 shares

Each automatic grant will have an exercise price per share equal to the fair market value per share of our common stock on the grant date and will have a term of 10 years, subject to earlier termination following the optionee's cessation of board service.

Table of Contents**Securities Authorized for Issuance under Equity Compensation Plans**

The following table provides information about the securities authorized for issuance under our equity compensation plans as of December 31, 2008:

Plan Category	Equity Compensation Plan Information		
	Number of securities to be issued upon exercise of outstanding options, warrants and rights(1) (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by security holders	3,958,144	\$ 10.62	27,758(2)
Equity compensation plans not approved by security holders			
Total	3,958,144	\$ 10.62	27,758(2)

- (1) This table excludes an aggregate of 804,675 shares of our common stock issuable upon exercise of outstanding options granted by Old Infinity and assumed by us in connection with the reverse merger. The weighted average exercise price of the excluded options is \$4.76. This table also excludes an aggregate of 246,629 shares of our common stock issuable upon exercise of outstanding warrants issued by Old Infinity and assumed by us in connection with the reverse merger. The weighted average exercise price of the excluded warrants is \$12.75.
- (2) Consists of shares of our common stock available for future issuance under our 2000 Stock Incentive Plan. In addition, the number of shares of our common stock available for future issuance under our 2000 Stock Incentive Plan automatically increases on the first trading day of each calendar year by an amount equal to 4% of the total number of shares of our common stock that were outstanding on the last trading day of the preceding calendar year, but in no event shall any such annual increase exceed 2,000,000 shares.

Compensation Committee Interlocks and Insider Participation

The current members of the Compensation Committee are Drs. Sato and Moss and Mr. Babler. Other than Dr. Moss, who was an employee of Old Infinity in 2003, no member of the Compensation Committee was at any time during 2008, or formerly, an officer or employee of ours or any subsidiary of ours, nor has any member of the Compensation Committee had any relationship with us requiring disclosure under Item 404 of Regulation S-K under the Exchange Act.

No executive officer of Infinity has served as a director or member of the Compensation Committee (or other committee serving an equivalent function) of any other entity, one of whose executive officers served as a director of or member of our Compensation Committee.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with our management. Based on this review and discussion, the Compensation Committee recommended to our board of directors that the Compensation Discussion and Analysis be included in this proxy statement.

PROPOSAL 2 RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Our Audit Committee has selected the firm of Ernst & Young LLP as our independent registered public accounting firm for the current fiscal year. Ernst & Young LLP has served as our independent registered public accounting firm since the completion of the reverse merger, and as the independent registered public accounting firm of Old Infinity since 2001. Although stockholder approval of the selection of Ernst & Young LLP is not required by law, the board of directors believes that it is advisable to give stockholders an opportunity to ratify this selection. If this proposal is not approved at our 2009 annual meeting, our Audit Committee will reconsider its selection of Ernst & Young LLP. Representatives of Ernst & Young LLP are expected to be present at the annual meeting and will have the opportunity to make a statement if they desire to do so and will also be available to respond to appropriate questions from stockholders.

Board Recommendation

The board of directors believes that the selection of Ernst & Young LLP as our independent registered public accounting firm is in our best interests and the best interests of our stockholders and therefore recommends a vote FOR this proposal.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, officers and holders of more than 10% of our common stock to file with the SEC initial reports of ownership and reports of changes in ownership of common stock and other of our equity securities. Based solely on our review of copies of Section 16(a) reports furnished to us and representations made to us, we believe that during Fiscal 2008, our officers, directors and holders of more than 10% of our common stock complied with all Section 16(a) filing requirements.

Stockholder Proposals for the 2010 Annual Meeting

In order for any stockholder proposal to be included in the proxy statement for our 2010 annual meeting of stockholders, such proposal must be received at our principal executive offices, c/o Gerald E. Quirk, Esq., Vice President and General Counsel, Infinity Pharmaceuticals, Inc., 780 Memorial Drive, Cambridge, Massachusetts 02139, not later than December 31, 2009 and must be in compliance with applicable laws and certain rules of the SEC.

Stockholder proposals, including nominations of director candidates, may also be submitted to us for consideration at the 2010 annual meeting of stockholders if the stockholder gives advance notice to us in accordance with our by-laws. We must receive such proposals not later than the close of business on March 19, 2010, nor earlier than the close of business on February 17, 2010. However, if the date of our 2010 annual meeting of stockholders is prior to May 18, 2010 or after August 26, 2010, we must receive such proposals not earlier than the close of business on the one hundred and twentieth day prior to the 2010 annual meeting of stockholders nor later than the tenth day following the date of the first public announcement of such meeting. To submit a proposal, a stockholder must send a notice containing the supporting information set forth in our by-laws to our Secretary at the address provided above.

By Order of the Board of Directors,

STEVEN H. HOLTZMAN

Chair and Chief Executive Officer
