Item 5.02(c)

Item 5.02(c)(1) On June 3, 2009, the Company reached an agreement with Lawrence B. Prior for Mr. Prior to serve as the new President and Chief Operating Officer of ManTech International Corporation. Mr. Prior's employment with ManTech will begin in early July 2009.

Item 5.02(c)(2) The following information about Mr. Prior is presented in connection with the requirements of Item 5.02(c)(2) of Form 8-K (including information that is responsive to Items 401(b) and 401(e) of Regulation S-K):

Lawrence B. Prior, 53, will serve as President and Chief Operating Officer of ManTech International Corporation. Before joining ManTech, Mr. Prior served in several executive positions at SAIC, Inc., a company with approximately 45,000 employees and \$10 billion in annual revenue, including positions as Chief Operating Officer of SAIC (from October 2007 to June 2009); President of SAIC's Intelligence, Security & Technology Group (from February 2005 to September 2007); and Senior Vice President, Federal Systems (from September 2004 to February 2005). Before that, Mr. Prior served as Chief Financial Officer and then President and Chief Executive Officer of LightPointe Communications, Inc. (from 2000 until 2004).

Item 5.02(c)(3) In connection with the appointment of Mr. Prior as President and Chief Operating Officer of ManTech International Corporation, Mr. Prior and the Company entered into the following agreements and arrangements on June 3, 2009:

Employment Agreement

The employment agreement between Mr. Prior and ManTech is for a term of approximately two years. During the term, Mr. Prior will earn an annual base salary of \$1,000,000 and will be eligible to participate in ManTech's annual bonus plan. Mr. Prior will receive a bonus for ManTech's 2009 fiscal year that is no less than \$600,000. Mr. Prior's target bonus opportunity for ManTech's 2010 fiscal year will be at least 120% of his base salary. Mr. Prior will also be eligible to participate in ManTech's standard employee benefit and perquisite plans, policies and programs in which other senior officers participate.

After commencement of employment, Mr. Prior will receive a signing bonus in the amount of \$500,000. In accordance with the terms of the Company's *Stock Option Grant Policy*, on ManTech's next quarterly grant date, Mr. Prior will receive an award of 200,000 stock options under ManTech's Management Incentive Plan. In accordance with ManTech's *Stock Option Grant Policy*, the options will have an exercise price equal to the closing price of ManTech's stock on Nasdaq on the date of grant; will be subject to a three-year vesting schedule; and will expire five years from the date of grant. Mr. Prior will also receive a payment of \$175,000 for use in relocating to the DC metropolitan area.

During the term of the agreement, in the event Mr. Prior resigns his employment with ManTech without good reason or is terminated for cause, he will receive only his accrued but unpaid compensation through the date of termination. Cause for this purpose means his continued willful failure to perform the material duties of his position after written notice from ManTech; fraud, misappropriation or comparable acts of dishonesty with regard to ManTech; felony conviction; illegal use of drugs; intentional and willful misconduct that could subject ManTech to criminal or civil liability; an uncured material breach of the employment agreement; or his inability to obtain and maintain any security clearance required for the performance of his duties.

In the event Mr. Prior resigns his employment with good reason or is terminated by ManTech other than for cause during the term of the employment agreement, Mr. Prior will be entitled to receive the following additional termination benefits:

A lump sum payment equal to his annual base salary for the year of termination and target annual bonus at 120% of base salary;

A pro-rated annual bonus amount for the year of termination, pro-rated based on his service during the year through the date of termination and subject to satisfaction of the applicable performance conditions related to such bonus opportunity through the end of the year;

Accelerated vesting of the stock option grant made at commencement of his employment, as though he had continued to work through the second anniversary of the grant date.

Good reason for this purpose means the occurrence of any of the following events without Mr. Prior's consent, following written notice from Mr. Prior and an opportunity for ManTech to cure: a material adverse change in Mr. Prior's authority, duties or responsibilities; a material reduction in his base salary (subject to certain exceptions); the relocation of Mr. Prior's place of business to a place outside of a 50-mile radius from ManTech's current corporate headquarters and farther from his place of residence than the current corporate headquarters; or a material breach of the Agreement by ManTech.

In the event Mr. Prior resigns his employment with good reason or is terminated by ManTech other than for cause after the expiration of the term of the employment agreement, Mr. Prior will be entitled to receive only his accrued but unpaid compensation through the date of termination.

In the event Mr. Prior's employment with ManTech is terminated as result of his death or disability, Mr. Prior (or his estate) will be entitled to receive only his accrued but unpaid compensation through the date of termination, plus any benefits Mr. Prior or his estate would be entitled to receive under ManTech's applicable benefit plans or programs as a result of his death or disability, including accelerated vesting of any unvested stock options or other equity awards held by Mr. Prior as of the date of his termination.

To receive the various additional termination benefits described above, Mr. Prior must sign and not revoke a general release and waiver of claims against ManTech. Mr. Prior will also be subject to certain restrictive covenants during and following his employment with ManTech.

The termination benefits payable to Mr. Prior under the employment agreement will be

in lieu of any other termination compensation that Mr. Prior might otherwise be entitled to receive under any other employee benefit plan, program or policy of ManTech. However, if upon Mr. Prior's termination of employment he would otherwise be entitled to receive termination compensation under both the employment agreement and the change in control agreement described below, the termination compensation payable to him under the change in control agreement will supersede and be in lieu of any termination compensation he would otherwise be entitled to receive under the employment agreement.

Change in Control Protection Agreement

The change in control protection agreement between Mr. Prior and ManTech is for an initial term of two years. The term is automatically renewed for successive one year periods unless either ManTech or Mr. Prior gives notice of its non-renewal at least 90 days in advance of its automatic renewal date. The term automatically expires upon Mr. Prior's termination of employment for any reason prior to the occurrence of a change in control (except as described below).

Upon the occurrence of a change in control during the term of the agreement, Mr. Prior will immediately vest in all unvested stock options or other equity awards held by him at the time of the change in control.

A change in control for this purpose means the acquisition by any person (other than acquisitions by ManTech or certain excluded persons affiliated with ManTech) of 50% or more of the outstanding voting power of ManTech's stock; a change in the majority of ManTech's board of directors that is not consented to by the existing board of directors; a reorganization, merger, or consolidation or sale or other disposition of all or substantially all of ManTech's assets where ManTech's shareholders immediately before such transaction own directly or indirectly less than 50% of ManTech's outstanding voting power immediately following such transaction; or stockholder approval of a complete liquidation or dissolution of ManTech.

If, during the two year period following a change in control that occurs during the term of the agreement, Mr. Prior resigns his employment with ManTech without good reason, Mr. Prior's employment is terminated for cause, or Mr. Prior's employment terminates as a result of his death or disability, then he will receive only his accrued but unpaid compensation through the date of termination. Good reason and cause for this purpose have substantially the same meanings assigned to such terms under the employment agreement as described above.

If, during the two-year post-change in control period (or during the 30-day period immediately preceding a change in control that occurs during the term of the agreement), Mr. Prior resigns his employment with good reason or is terminated by ManTech other than for cause, then Mr. Prior will be entitled to the following additional termination benefits:

A lump sum payment equal to 2.5 times his annual base salary for the year of termination and target annual bonus of at least 120% of base salary; and

A pro-rated annual bonus amount for the year of termination, pro-rated based on his service during the year through the date of termination and subject to satisfaction of the applicable performance conditions related to such bonus opportunity through the end of the year.

In the event the termination benefits otherwise payable to Mr. Prior under the agreement are subject to the excise tax on excess golden parachute payments under Section 4999 of the Internal Revenue Code, then the total amount of the payments will be reduced to the maximum level that could still be paid to Mr. Prior without causing the payments to be subject to the excise tax.

To receive the various additional termination benefits described above, Mr. Prior must sign and not revoke a general release and waiver of claims against ManTech.

The termination benefits payable to Mr. Prior under the change in control protection agreement will be in lieu of any other termination benefits that Mr. Prior might otherwise be entitled to receive under any other employee benefit plan, program or policy of ManTech, including the employment agreement described above.

A copy of a press release, dated June 8, 2009, announcing Mr. Prior's appointment is furnished as Exhibit 99.1 to this Current Report on Form 8-K.

Description of Senior Secured Loan Agreement with GECC

In October 2002, Xerox Lease Funding LLC, a special purpose Delaware limited liability company that is our wholly-owned subsidiary (Funding SPE) entered into an Amended and Restated Loan Agreement (the Loan Agreement) with General Electric Capital Corporation (GECC) whereby GECC became our primary equipment financing provider in the U.S. through loans secured by new lease originations. The Loan Agreement has an initial term of eight years and, commencing at the end of 2010, will automatically renew for successive two-year periods unless either we or GECC has elected not to have the Loan Agreement renew at least one year before a renewal would otherwise occur.

The Loan Agreement provides for secured loans of up to \$5 billion outstanding at any one time. GECC makes loans under the Loan Agreement to Funding SPE. Funding SPE uses the loan proceeds to purchase our finance receivables. The maximum potential level of borrowing under the Loan Agreement is a function of the size of the portfolio of finance receivables generated by us that meet GECC s funding requirements and cannot exceed \$5 billion in any event. All obligations under the Loan Agreement are secured by the receivables being financed by GECC, the contracts relating to the receivables being financed by GECC and other related security. GECC s obligation to make loans under the Loan Agreement is subject to the satisfaction of certain customary representations, warranties and covenants. The most recent borrowing under the Loan Agreement was made in December 2006.

The interest rate on each loan is fixed and is calculated when the loan is made based on yield rates consistent with average rates for similar market-based transactions. Consistent with the loans already received from GECC, the amounts borrowed under the Loan Agreement are recorded as secured borrowings and the associated receivables are included in our balance sheet. As of March 31, 2008, \$189 million was outstanding under the Loan Agreement.

GECC s commitment to fund under the Loan Agreement is not contingent on us achieving or maintaining any particular credit rating. There are no credit rating defaults that could impair future funding under the Loan Agreement. The Loan Agreement contains various default provisions, including cross default provisions related to certain financial covenants contained in the 2007 Credit Facility and other significant debt facilities, which are discussed below. Most types of defaults would impair our ability to receive subsequent funding until the default is cured or waived but would not accelerate the repayment of our outstanding borrowings. However, certain types of defaults would result in an acceleration of outstanding borrowings. As of March 31, 2008, we were in compliance with all covenants under the Loan Agreement and expect to be in compliance for at least the next twelve months.

The following are events of default under the Loan Agreement:

the occurrence of a Termination Event (defined below);

a voluntary or involuntary bankruptcy of Xerox (remaining undismissed or unstayed for 60 days or more); or

Xerox becomes an Investment Company within the meaning of the Investment Company Act of 1940.

Upon the occurrence of an event of default described in (b) or (c) above, GECC can terminate its obligation to make any further loans and can accelerate the maturity of any or all then-outstanding loans. Upon the occurrence of a Termination Event, GECC can terminate its obligation to make any further loans, but is not entitled to accelerate the maturity of outstanding loans. The loans under the Loan Agreement are generally non-recourse to Xerox. Therefore, even if GECC were to accelerate the maturity of outstanding loans, its only recourse would be to proceed against the financed receivables held by Funding SPE who is the borrower under the Loan Agreement.

Table of Contents

The term "Termination Event" includes, but is not limited to, the following events that would allow GECC to terminate the Loan Agreement:

any default under the 2007 Credit Facility or any facility in excess of \$75 million which replaces or refinances the 2007 Credit Facility, at any time that loans or advances are outstanding thereunder, where the default or event of default relates to or is determined by the net worth of Xerox, including without limitation, a default under Section 5.03(a) (Leverage Ratio) or Section 5.03(b) (Interest Coverage Ratio) of the 2007 Credit Facility;

any default or event of default under any indebtedness of Xerox (or any subsidiary of Xerox) for borrowed money (or any indebtedness for borrowed money guaranteed by Xerox or any subsidiary of Xerox) in excess of \$75 million in the aggregate if such default or event of default gives rise to an acceleration of the maturity of such indebtedness;

voluntary or involuntary bankruptcy of Xerox (remaining undismissed or unstayed for 60 days or more);

a change of control of Xerox, including a sale of all or substantially all of Xerox's assets or the acquisition by a person or related group of persons of 30% or more of the voting stock of Xerox, if the person acquiring control is a competitor of GECC or does not have debt that is rated investment grade;

a material breach of payment obligations or certain other specified provisions by Xerox (or Funding SPE or the other special purpose Xerox subsidiary utilized in structuring the transaction) under the Loan Agreement or any related agreement;

an equipment service default where Xerox fails to provide specified levels of service with respect to the equipment related to the receivables financed by GECC;

an equipment supply default where Xerox fails to ship specified levels of supplies with respect to the equipment related to the receivables financed by GECC;

a change in operations of Xerox where Xerox ceases to offer lease or loan financing to non-consumer customers and, after that change, the aggregate outstanding balance under the Loan Agreement is less than \$500 million;

a sales channel termination event where 50% or more of Xerox's aggregate sales to non-consumer customers are comprised of sales to dealers, distributors, wholesalers or other persons who are not non-consumer end-users of the equipment, Xerox and GECC fail to reach agreement within six months on how to amend the Loan Agreement to adjust for the consequences of the change in sales channels, and the aggregate outstanding balance under the Loan Agreement is less than \$500 million; or

the joint venture established by us and GECC that services the receivables financed by GECC is dissolved.

**CERTAIN UNITED STATES FEDERAL INCOME TAX CONSEQUENCES FOR
NON-UNITED STATES HOLDERS**

The following is a general discussion of the anticipated material United States federal income tax consequences to a Non-U.S. Holder (as defined below) of the acquisition, ownership and disposition of the notes. Unless otherwise stated, this discussion is limited to the tax consequences to those Non-U.S. Holders who acquired the notes in this offering at the initial offering price and hold such notes as capital assets. This discussion does not address specific tax consequences that may be relevant to particular persons (including, for example, pass-through entities (e.g., partnerships) or persons who hold the notes through pass-through entities, banks or financial institutions, broker-dealers, insurance companies, regulated investment companies, tax-exempt entities, common trust funds, controlled foreign corporations, dealers in securities or currencies, persons that have a functional currency other than the U.S. dollar and persons in special situations, such as those who hold notes as part of a straddle, hedge, conversion transaction, or other integrated investment). In addition, this discussion does not describe any tax consequences arising under United States federal gift and estate or other federal tax laws or under the tax laws of any state, local or non-U.S. jurisdiction. This discussion is based upon the Internal Revenue Code of 1986, as amended (the Code), the Treasury Department regulations (the Treasury Regulations) promulgated thereunder, and administrative and judicial interpretations thereof, all as of the date hereof and all of which are subject to change, possibly with retroactive effect.

Prospective purchasers of the notes are encouraged to consult their tax advisors concerning the United States federal income tax consequences to them of acquiring, owning and disposing of the notes, as well as the application of state, local and non-U.S. income and other tax laws.

For purposes of this discussion, a Non-U.S. Holder is a beneficial owner of the notes that is not a U.S. person or a partnership. A U.S. person means (i) a citizen or individual resident of the United States; (ii) a corporation (including an entity treated as a corporation for United States federal income tax purposes) created or organized in or under the laws of the United States or any political subdivision thereof; (iii) an estate, the income of which is subject to United States federal income tax regardless of the source; or (iv) a trust, if a court within the United States is able to exercise primary supervision over the trust's administration and one or more U.S. persons have the authority to control all its substantial decisions, or if the trust was in existence on August 20, 1996, and has properly elected to continue to be treated as a U.S. person.

If a partnership holds our notes, the United States federal income tax consequences of payments received by such partnership will in many cases be determined by reference to the status of a partner and the activities of the partnership.

Payments of Interest. Payments of interest on the notes by us or any of our agents to a Non-U.S. Holder will not be subject to United States federal withholding tax, *provided that*:

- (1) the Non-U.S. Holder does not actually or constructively own 10 percent or more of the total combined voting power of all classes of our stock entitled to vote;
- (2) the Non-U.S. Holder is not a controlled foreign corporation that is related to us through stock ownership;
- (3) either (A) the beneficial owner of the notes certifies to us or our agent on IRS Form W-8BEN (or successor form), under penalties of perjury, that it is not a U.S. person and provides its name and address and the certificate is renewed periodically as required by the Treasury Regulations, or (B) the notes are held through certain non-U.S. intermediaries and the beneficial owner of the notes satisfies certification requirements of applicable Treasury Regulations, and in either case, neither we nor our agent has actual knowledge or reason to know that the beneficial owner of the note is a U.S. person. Special certification rules apply to certain Non-U.S. Holders that are entities rather than individuals;

Table of Contents

- (4) The income from the notes held by the Non-U.S. Holder is not effectively connected with the conduct of a trade or business within the United States; and

- (5) the Non-U.S. Holder is not a bank (as referred to in Section 881(c)(3)(A) of the Code).

If a Non-U.S. Holder cannot satisfy the requirements of the portfolio interest exemption described above (the Portfolio Interest Exemption), payments of interest made to such Non-U.S. Holder will be subject to a 30% withholding tax unless the beneficial owner of the note provides us or our agent, as the case may be, with a properly executed:

- (1) IRS Form W-8BEN (or successor form) claiming an exemption from withholding or reduced rate of tax under the benefit of an applicable tax treaty (a Treaty Exemption) or

(2) IRS Form W-8ECI (or successor form) stating that interest paid on the note is not subject to withholding tax because it is effectively connected with the conduct of a U.S. trade or business of the beneficial owner, each form to be renewed periodically as required by the Treasury Regulations.

If interest on the note is effectively connected with the conduct of a U.S. trade or business of the beneficial owner, the Non-U.S. Holder, although exempt from the withholding tax described above, generally will be subject to United States federal income tax on such interest on a net income basis in the same manner as if it were a U.S. person unless an applicable income tax treaty provides otherwise. In addition, if such Non-U.S. Holder is a corporation, it may be subject to a branch profits tax equal to 30% (or lower applicable treaty rate) of its effectively connected earnings and profits for the taxable year, subject to adjustments. For this purpose, interest on a note will be included in such corporation's earnings and profits.

Disposition of Notes. Generally, no withholding of United States federal income tax will be required with respect to any gain realized by a Non-U.S. Holder upon the sale, exchange or other disposition (including a retirement or redemption) of a note.

A Non-U.S. Holder will not be subject to United States federal income tax on gain realized on the sale, exchange or other disposition of a note unless (a) the Non-U.S. Holder is an individual who is present in the United States for a period or periods aggregating 183 or more days in the taxable year of the disposition and certain other conditions are met, or (b) such gain is effectively connected with the Non-U.S. Holder's U.S. trade or business.

Information Reporting and Backup Withholding

Information reporting and backup withholding will not be required with respect to payments that we make to a Non-U.S. Holder if the Non-U.S. Holder has (i) furnished documentation establishing eligibility for the Portfolio Interest Exemption or a Treaty Exemption or (ii) otherwise establishes an exemption *provided* that neither we nor our agent has actual knowledge that the holder is a U.S. person or that the conditions of any exemption are not in fact satisfied. Certain additional rules may apply where the notes are held through a custodian, nominee, broker, non-U.S. partnership or non-U.S. intermediary.

In addition, information reporting and backup withholding will not apply to the proceeds of the sale (including a retirement or redemption) of a note made within the United States or conducted through certain United States related financial intermediaries, if the payor receives the statement described above and does not have actual knowledge that the Non-U.S. Holder is a U.S. person, or the Non-U.S. Holder otherwise establishes an exemption.

Any amounts withheld from a payment to a Non-U.S. Holder under the backup withholding rules will be allowed as a credit against such holder's United States federal income tax liability and may entitle it to a refund, provided it timely furnishes the required information to the IRS.

DTC holds securities that its direct participants deposit with DTC. DTC facilitates the settlement among direct participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in direct participants accounts, thereby eliminating the need for physical movement of securities certificates.

Direct participants of DTC include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations and certain other organizations. DTC is owned by a number of its direct participants. Indirect participants of DTC, such as securities brokers and dealers, banks and trust companies, can also access the DTC system if they maintain a custodial relationship with a direct participant.

Purchases of notes under DTC's system must be made by or through direct participants, which will receive a credit for the notes on DTC's records. The ownership interest of each beneficial owner is in turn to be recorded on the records of direct participants and indirect participants. Beneficial owners will not receive written confirmation from DTC of their purchase, but beneficial owners are expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the direct participants or indirect participants through which such beneficial owners entered into the transaction. Transfers of ownership interests in the notes are to be accomplished by entries made on the books of participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in notes, except as provided below in Certificated Debt Securities.

To facilitate subsequent transfers, all notes deposited with DTC are registered in the name of DTC's nominee, Cede & Co. The deposit of notes with DTC and their registration in the name of Cede & Co. effect no change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the notes. DTC's records reflect only the identity of the direct participants to whose accounts such notes are credited, which may or may not be the beneficial owners. The participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Book-Entry Format

Under the book-entry format, the paying agent will pay interest or principal payments to Cede & Co., as nominee of DTC. DTC will forward the payment to the direct participants, who will then forward the payment to the indirect participants (including Clearstream, Luxembourg or Euroclear) or to you as the beneficial owner. You may experience some delay in receiving your payments under this system. Neither we, the trustee under the indenture nor any paying agent has any direct responsibility or liability for the payment of principal or interest on the notes to owners of beneficial interests in the notes.

DTC is required to make book-entry transfers on behalf of its direct participants and is required to receive and transmit payments of principal, premium, if any, and interest on the notes. Any direct participant or indirect participant with which you have an account is similarly required to make book-entry transfers and to receive and transmit payments with respect to the notes on your behalf. We and the trustee under the indenture have no responsibility for any aspect of the actions of DTC, Clearstream, Luxembourg or Euroclear or any of their direct or indirect participants. In addition, we and the trustee under the indenture have no responsibility or liability for any aspect of the records kept by DTC, Clearstream, Luxembourg, Euroclear or any of their direct or indirect participants relating to or payments made on account of beneficial ownership interests in the notes or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests. We also do not supervise these systems in any way.

Table of Contents

The trustee will not recognize you as a holder under the indenture, and you can only exercise the rights of a holder indirectly through DTC and its direct participants. DTC has advised us that it will only take action regarding a note if one or more of the direct participants to whom the note is credited directs DTC to take such action and only in respect of the portion of the aggregate principal amount of the notes as to which that participant or participants has or have given that direction. DTC can only act on behalf of its direct participants. Your ability to pledge notes to non-direct participants, and to take other actions, may be limited because you will not possess a physical certificate that represents your notes.

Neither DTC nor Cede & Co. (nor such other DTC nominee) will consent or vote with respect to the notes unless authorized by a direct participant in accordance with DTC's procedures. Under its usual procedures, DTC will mail an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts the notes are credited on the record date (identified in a listing attached to the omnibus proxy).

Clearstream, Luxembourg or Euroclear will credit payments to the cash accounts of Clearstream, Luxembourg customers or Euroclear participants in accordance with the relevant system's rules and procedures, to the extent received by its depository. These payments will be subject to tax reporting in accordance with relevant United States tax laws and regulations. Clearstream, Luxembourg or the Euroclear Operator, as the case may be, will take any other action permitted to be taken by a holder under the indenture on behalf of a Clearstream, Luxembourg customer or Euroclear participant only in accordance with its relevant rules and procedures and subject to its depository's ability to effect those actions on its behalf through DTC.

DTC, Clearstream, Luxembourg and Euroclear have agreed to the foregoing procedures in order to facilitate transfers of the notes among participants of DTC, Clearstream, Luxembourg and Euroclear. However, they are under no obligation to perform or continue to perform those procedures, and they may discontinue those procedures at any time.

Transfers Within and Among Book-Entry Systems

Transfers between DTC's direct participants will occur in accordance with DTC rules. Transfers between Clearstream, Luxembourg customers and Euroclear participants will occur in accordance with its applicable rules and operating procedures.

DTC will effect cross-market transfers between persons holding directly or indirectly through DTC, on the one hand, and directly or indirectly through Clearstream, Luxembourg customers or Euroclear participants, on the other hand, in accordance with DTC rules on behalf of the relevant European international clearing system by its depository. However, cross-market transactions will require delivery of instructions to the relevant European international clearing system by the counterparty in that system in accordance with its rules and procedures and within its established deadlines (European time). The relevant European international clearing system will, if the transaction meets its settlement requirements, instruct its depository to effect final settlement on its behalf by delivering or receiving securities in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Clearstream, Luxembourg customers and Euroclear participants may not deliver instructions directly to the depositories.

Because of time-zone differences, credits of securities received in Clearstream, Luxembourg or Euroclear resulting from a transaction with a DTC direct participant will be made during the subsequent securities settlement processing, dated the business day following the DTC settlement date. Those credits or any transactions in those securities settled during that processing will be reported to the relevant Clearstream, Luxembourg customer or Euroclear participant on that business day. Cash received in Clearstream, Luxembourg or Euroclear as a result of sales of securities by or through a Clearstream, Luxembourg customer or a Euroclear participant to a DTC direct participant will be received with value on the DTC settlement date but will be available in the relevant Clearstream, Luxembourg or Euroclear cash amount only as of the business day following settlement in DTC.

Table of Contents

Although DTC, Clearstream, Luxembourg and Euroclear has agreed to the foregoing procedures in order to facilitate transfers of debt securities among their respective participants, they are under no obligation to perform or continue to perform such procedures and such procedures may be discontinued at any time.

Certificated Notes

Unless and until they are exchanged, in whole or in part, for notes in definitive form in accordance with the terms of the notes, the notes may not be transferred except (1) as a whole by DTC to a nominee of DTC or (2) by a nominee of DTC to DTC or another nominee of DTC or (3) by DTC or any such nominee to a successor of DTC or a nominee of such successor.

We will issue notes to you or your nominees, in fully certificated registered form, rather than to DTC or its nominees, only if:

we advise the trustee in writing that DTC is no longer willing or able to discharge its responsibilities properly or that DTC is no longer a registered clearing agency under the Securities Exchange Act of 1934, and the trustee or we are unable to locate a qualified successor within 90 days;

an event of default has occurred and is continuing under the indenture; or

we, at our option, elect to terminate the book-entry system through DTC.

If any of the three above events occurs, DTC is required to notify all direct participants that notes in fully certificated registered form are available through DTC. DTC will then surrender the global note representing the notes along with instructions for re-registration. The trustee will re-issue the debt securities in fully certificated registered form and will recognize the registered holders of the certificated debt securities as holders under the indenture.

Unless and until we issue the notes in fully certificated, registered form, (1) you will not be entitled to receive a certificate representing your interest in the notes; (2) all references in this prospectus or an accompanying prospectus supplement to actions by holders will refer to actions taken by the depository upon instructions from their direct participants; and (3) all references in this prospectus or an accompanying prospectus supplement to payments and notices to holders will refer to payments and notices to the depository, as the registered holder of the notes, for distribution to you in accordance with its policies and procedures.

The underwriting agreement provides that the obligations of the underwriters to purchase the notes included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all the notes if any of them are purchased.

The underwriters propose to offer the notes to the public at the applicable public offering prices set forth on the cover page of this prospectus supplement. The underwriters may offer the notes to selected dealers at the public offering price minus a concession of up to 0.40% of the principal amount in the case of the 2018 notes and 0.35% of the principal amount in the case of 2013 notes. The underwriters may allow, and dealers may re-allow, a concession not to exceed 0.25% of the principal amount to other dealers in the case of the 2018 notes and 0.15% of the principal amount to the other dealers in the case of the 2013 notes. After the initial offerings, the underwriters may change the public offering prices and any other selling terms. The underwriters may offer and sell notes through certain of their affiliates.

The following table shows the underwriting discounts and commissions to be paid to the underwriters in connection with this offering (expressed as a percentage of the principal amount of the notes).

	Paid by Us
Per 2018 note	0.65%

We do not intend to apply for the notes to be listed on any securities exchange or to arrange for the notes to be quoted on any quotation system. The underwriters have advised us that they intend to make a market in the notes, but they are not obligated to do so. The underwriters may discontinue any market making in the notes at any time in their sole discretion. Accordingly, we cannot assure you that a liquid trading market will develop for the notes, that you will be able to sell your notes at a particular time or that the prices that you receive when you sell will be favorable.

banking services from time to time for us and our affiliates. Certain of the underwriters or their affiliates are lenders and/or agents under our 2007 Credit Facility. The net proceeds of this offering will be used to repay a portion of the outstanding borrowings under the 2007 Credit Facility. The underwriters have received (or will receive) customary fees and commissions for these transactions. Anne M. Mulcahy, Chairman and Chief Executive Officer of Xerox Corporation, is a Director of Citigroup Inc., the parent company of Citigroup Global Markets Inc. Ann N. Reese, a Director of Xerox Corporation is a Director of Merrill Lynch & Co., the parent company of Merrill Lynch, Pierce, Fenner & Smith Incorporated. Because more than 10% of the net proceeds from this offering is being paid to affiliates of the underwriters, this offering will comply with FINRA Rules 2710 and 2720(c)(3).

In connection with this offering, the underwriters may purchase and sell the notes in the open market. These transactions may include short sales, syndicate covering transactions and stabilizing transactions. Short sales involve syndicate sales of the notes in excess of the amount of notes to be purchased by the underwriters in the offering, which creates a syndicate short position. The underwriters must close out any short position by purchasing the notes in the open market. A short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the notes in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of bids for or purchases of shares in the open market while the offering is in progress.

European Economic Area

In relation to each Member State of the European Economic Area which has implemented the Prospectus Directive, each underwriter has represented and agreed that with effect from and including the date on which the Prospectus Directive is implemented in that Member State it has not made and will not make an offer of notes to the public in that Member State, except that it may, with effect from and including such date, make an offer of notes to the public in that Member State:

at any time in any other circumstances which do not require the publication by us of a prospectus pursuant to Article 3 of the Prospectus Directive.

For the purposes of the above, the expression an offer of notes to the public in relation to any notes in any Member State means the communication in any form and by any means of sufficient information on the terms of the offer and the notes to be offered so as to enable an investor to decide to purchase or subscribe the notes, as the same may be varied in that Member State by any measure implementing the Prospectus Directive in that Member State and the expression Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in that Member State.

DESCRIPTION OF THE DEBT SECURITIES

AND CONVERTIBLE DEBT SECURITIES

We may offer unsecured general obligations, which may be senior (the senior debt securities) or subordinated (the subordinated debt securities). The senior debt securities and the subordinated debt securities are together referred to in this prospectus as the debt securities. We also may offer convertible debt securities. The senior debt securities will have the same rank as all our other unsecured, unsubordinated debt. The subordinated debt securities may be senior or junior to, or rank pari passu with, our other subordinated obligations and will be entitled to payment only after payment on our Senior Indebtedness (as described below). The subordinated debt securities will be effectively subordinated to creditors (including trade creditors) and our preferred stockholders and those of our subsidiaries.

The senior debt securities may be issued under the Indenture dated June 25, 2003 between us and Wells Fargo Bank, National Association (as successor by merger to Wells Fargo Bank Minnesota, National Association), as from time to time supplemented, or may be issued under a senior indenture to be entered into between us and the trustee named in the prospectus supplement. The subordinated debt securities will be issued under a subordinated indenture to be entered into between us and the trustee named in the prospectus supplement. We have summarized certain general features of the debt securities from the indenture. A Form of each of a senior indenture and a subordinated indenture is attached as an exhibit to the registration statement of which this prospectus forms a part. The following summary is of certain provisions of the Form of senior indenture and this summary does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all the provisions of the senior indenture and the provisions of the Trust Indenture Act of 1939 (the TIA), as amended. If we issue any subordinated debt securities, the description of those securities and the subordinated indenture will be set forth in the related prospectus supplement.

The following description of the terms of the debt securities sets forth certain general terms and provisions. The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which such general provisions may apply to the debt securities will be described in the related prospectus supplement. Accordingly, for a description of the terms of a particular issue of debt securities, reference must be made to both the related prospectus supplement and to the following description.

additional terms not inconsistent with the provisions of the indenture.

One or more series of debt securities may be sold at a substantial discount below their stated principal amount, bearing no interest or interest at a rate which at the time of issuance is below market rates. One or more series of debt securities may be variable rate debt securities that may be exchanged for fixed rate debt securities.

United States federal income tax consequences and special considerations applicable to any such series will be described in the applicable prospectus supplement.

Edgar Filing: MANTECH INTERNATIONAL CORP - Form 8-K

Debt securities may be issued where the amount of principal and/or interest payable is determined by reference to one or more currency exchange rates, commodity prices, equity indices or other factors. Holders of such securities may receive a principal amount or a payment of interest that is greater than or less than the amount of principal or interest otherwise payable on such dates, depending upon the value of the applicable currencies, commodities, equity indices or other factors. Information as to the methods for determining the amount of principal or interest, if any, payable on any date, the currencies, commodities, equity indices or other factors to which the amount payable on such date is linked and certain additional United States federal income tax considerations will be set forth in the applicable prospectus supplement.

The term "debt securities" includes debt securities denominated in U.S. dollars or, if specified in the applicable prospectus supplement, in any other freely transferable currency or units based on or relating to foreign currencies.

We expect most debt securities to be issued in fully registered form without coupons and in denominations of \$2,000 and any integral multiple of \$1,000. Subject to the limitations provided in the indenture and in the prospectus supplement, debt securities which are issued in registered form may be transferred or exchanged at the office of the trustee maintained in the Borough of Manhattan, The City of New York or the principal corporate trust office of the trustee, without the payment of any service charge, other than any tax or other governmental charge payable in connection therewith.

Table of Contents

Global Securities

We expect the following provisions to apply to all debt securities.

The debt securities of a series may be issued in whole or in part in the form of one or more global securities that will be deposited with, or on behalf of, a depository (the depository) identified in the prospectus supplement. Global securities will be issued in registered form and in either temporary or definitive form. Unless and until it is exchanged in whole or in part for the individual debt securities, a global security may not be transferred except as a whole by the depository for such global security to a nominee of such depository or by a nominee of such depository to such depository or another nominee of such depository or by such depository or any such nominee to a successor of such depository or a nominee of such successor.

The specific terms of the depository arrangement with respect to any debt securities of a series and the rights of and limitations upon owners of beneficial interests in a global security will be described in the prospectus supplement. We expect that the following provisions will generally apply to depository arrangements.

Upon the issuance of a global security, the depository for such global security or its nominee will credit, on its book-entry registration and transfer system, the respective principal amounts of the individual debt securities represented by such global security to the accounts of persons that have accounts with such depository. Such accounts shall be designated by the dealers, underwriters or agents with respect to the debt securities or by us if such debt securities are offered and sold directly by us. Ownership of beneficial interests in a global security will be limited to persons that have accounts with the applicable depository (participants) or persons that may hold interests through participants. Ownership of beneficial interests in such global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the applicable depository or its nominee with respect to interests of participants and the records of participants with respect to interests of persons other than participants. The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to transfer beneficial interests in a global security.

So long as the depository for a global security, or its nominee, is the registered owner of a global security, such depository or such nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by that global security for all purposes under the indenture governing those debt securities. Except as provided below, owners of beneficial interests in a global security will not be entitled to have any of the individual debt securities of the series represented by that global security registered in their names, will not receive or be entitled to receive physical delivery of any debt securities of such series in definitive Form and will not be considered the owners or holders thereof under the indenture governing such debt securities.

Payments of principal, premium, if any, and interest, if any, on individual debt securities represented by a global security registered in the name of a depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner of the global security representing the debt securities. None of Xerox, the trustee for the debt securities, any paying agent, or the registrar for the debt securities will have any responsibility or liability for any aspect of the records relating to or payments made by the depository or any participants on account of beneficial ownership interests of the global security for the debt securities or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

We expect that the depository for a series of debt securities or its nominee, upon receipt of any payment of principal, premium or interest in respect of a permanent global security representing the debt securities, immediately will credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global security for the debt securities as shown on the records of the depository or its nominee. We also expect that payments by participants to owners of beneficial interests in a global security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in street name. Such payments will be the responsibility of such participants.

Table of Contents

If the depositary for a series of debt securities is at any time unwilling, unable or ineligible to continue as depositary and a successor depositary is not appointed by us within 90 days, we will issue definitive debt securities of that series in exchange for the global security or securities representing that series of debt securities. In addition, we may at any time and in our sole discretion, subject to any limitations described in the prospectus supplement relating to the debt securities, determine not to have any debt securities of a series represented by one or more global securities, and, in such event, will issue definitive debt securities of that series in exchange for the global security or securities representing that series of debt securities. If definitive debt securities are issued, an owner of a beneficial interest in a global security will be entitled to physical delivery of definitive debt securities of the series represented by that global security equal in principal amount to that beneficial interest and to have the debt securities registered in its name. Definitive debt securities of any series so issued will be issued in denominations, unless otherwise specified by us, of \$1,000 and integral multiples thereof.

Events of Default, Notice and Waiver

The following events are defined in the indenture as Events of Default with respect to a series of debt securities:

- (1) the failure to pay interest on debt securities of such series when the same becomes due and payable and the default continues for a continuous period of 30 days;
- (2) the failure to pay the principal on debt securities of such series, when such principal becomes due and payable, at maturity, upon redemption or otherwise (including, when applicable to a series of debt securities, the failure to make a payment to purchase debt securities of such series tendered pursuant to a Change of Control Offer);
- (3) a default in the observance or performance of any other covenant or agreement contained in the indenture which default continues for a period of 90 days after we receive written notice specifying the default (and demanding that such default be remedied) from the trustee or the holders of at least 25% of the outstanding principal amount of the debt securities of such series (except in the case of a default with respect to the Merger, Consolidation and Sale of Assets covenant, which will constitute an Event of Default with such notice requirement but without such passage of time requirement); or
- (4) certain events of bankruptcy affecting Xerox or any of its Significant Subsidiaries.

If an Event of Default (other than an Event of Default specified in clause (4) above with respect to Xerox) shall occur and be continuing, the trustee or the holders of at least 25% in principal amount of outstanding debt securities of the affected series under the indenture may declare the principal of and accrued interest on all the debt securities of such series under the indenture to be due and payable by notice in writing to Xerox and the trustee specifying the respective Event of Default and that it is a notice of acceleration, and the same shall become immediately due and payable. If an Event of Default specified in clause (4) above with respect to Xerox occurs and is continuing, then all unpaid principal of, and premium, if any, and accrued and unpaid interest on all of the outstanding debt securities shall ipso facto become and be immediately due and payable without any declaration or other act on the part of the trustee or any holder.

The indenture will provide that, at any time after a declaration of acceleration with respect to a series of debt securities as described in the preceding paragraph, the holders of a majority in principal amount of debt securities of such series under the indenture may rescind and cancel such declaration and its consequences:

- (1) if the rescission would not conflict with any judgment or decree;
- (2) if all existing Events of Default have been cured or waived except nonpayment of principal or interest that has become due solely because of the acceleration;
- (3) to the extent the payment of such interest is lawful, interest on overdue installments of interest and overdue principal, which has become due otherwise than by such declaration of acceleration, has been paid; and
- (4) if Xerox has paid the trustee its reasonable compensation and reimbursed the trustee for its expenses, disbursements and advances.

Table of Contents

No such rescission shall affect any subsequent Default or impair any right consequent thereto.

The holders of a majority in principal amount of the debt securities of the affected series under the indenture may waive any existing Default or Event of Default under such series, and its consequences, except a default in the payment of the principal of or interest on any debt securities of such series.

Holders of the debt securities may not enforce the indenture or the debt securities except as provided in the indenture and under the TIA. Subject to the provisions of the indenture relating to the duties of the trustee, the trustee is under no obligation to exercise any of its rights or powers under the indenture at the request, order or direction of any of the holders, unless such holders have offered to the trustee reasonable indemnity. Subject to all provisions of the indenture and applicable law, the holders of a majority in aggregate principal amount of the then outstanding debt securities of any affected series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee.

Under the indenture, Xerox is required to provide an officers' certificate to the trustee promptly upon any such officer obtaining knowledge of any Default or Event of Default (provided that such officers shall provide such certification at least annually whether or not they know of any Default or Event of Default) that has occurred and, if applicable, describe such Default or Event of Default and the status thereof.

Legal Defeasance and Covenant Defeasance

Xerox may, at its option and at any time, elect to have its obligations discharged with respect to any series of the outstanding debt securities (Legal Defeasance). Such Legal Defeasance means that Xerox shall be deemed to have paid and discharged the entire indebtedness represented by such series of outstanding debt securities, except for:

- (1) the rights of holders of such series to receive payments in respect of the principal of, premium, if any, and interest on such series of debt securities when such payments are due from the trust fund referred to below;
- (2) Xerox's obligations with respect to such series of debt securities concerning issuing temporary debt securities, issuing debt securities to replace mutilated, destroyed, lost or stolen debt securities and the maintenance of an office or agency for payments;
- (3) the rights, powers, trust, duties and immunities of the trustee and Xerox's obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the indenture.

In addition, Xerox may, at its option and at any time, elect to have its obligations released with respect to certain covenants (other than, among others, the covenant to make payments in respect of the principal, premium, if any, and interest on the debt securities) that are described in the indenture (Covenant Defeasance) and thereafter any omission to comply with such obligations shall not constitute a Default or Event of Default with respect to the applicable series of the debt securities. In the event Covenant Defeasance occurs, certain events (not including nonpayment, bankruptcy, receivership, reorganization and insolvency events) described under Events of Default will no longer constitute Events of Default with respect to the debt securities. We may exercise our Legal Defeasance option notwithstanding its prior exercise of its Covenant Defeasance option.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) We must irrevocably deposit with the trustee, in trust for the benefit of the holders of the applicable series of debt securities, cash in U.S. dollars, non-callable U.S. government obligations, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest on the applicable debt securities on the stated date for payment thereof or on the applicable redemption date, as the case may be;

Table of Contents

(2) in the case of Legal Defeasance, we shall have delivered to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee confirming that:

- (a) Xerox has received from, or there has been published by, the Internal Revenue Service a ruling; or
- (b) since the date of the indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such opinion of counsel shall confirm that, the applicable holders will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;

(3) in the case of Covenant Defeasance, Xerox shall have delivered to the trustee an opinion of counsel in the United States reasonably acceptable to the trustee confirming that the applicable holders will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;

(4) no Default or Event of Default shall have occurred and be continuing on the date of such deposit or insofar as Events of Default from bankruptcy or insolvency events are concerned, at any time in the period ending on the 91st day after the date of deposit;

(5) such Legal Defeasance or Covenant Defeasance shall not result in a breach or violation of, or constitute a default under the indenture or any other material agreement or instrument to which Xerox or any of its Subsidiaries is a party or by which Xerox or any of its Subsidiaries is bound;

(6) Xerox shall have delivered to the trustee an officers' certificate stating that the deposit was not made by Xerox with the intent of preferring the holders over any other creditors of Xerox or with the intent of defeating, hindering, delaying or defrauding any other creditors of Xerox or others;

(7) Xerox shall have delivered to the trustee an officers' certificate and an opinion of counsel, each stating that all conditions precedent provided for or relating to the Legal Defeasance or the Covenant Defeasance have been complied with; and

(8) certain other customary conditions precedent are satisfied.

Notwithstanding the foregoing, the opinion of counsel required by clause (2) above with respect to a Legal Defeasance need not be delivered if all debt securities not theretofore delivered to the trustee for cancellation (1) have become due and payable or (2) will become due and payable on the maturity date within one year under arrangements satisfactory to the trustee for the giving of notice of redemption by the trustee in the name, and at the expense, of Xerox.

Satisfaction and Discharge

The indenture will be discharged and will cease to be of further effect (except as to surviving rights of transfer or exchange of the applicable debt securities, as expressly provided for in the indenture) as to all outstanding debt securities of any series under the indenture when:

(1) either:

- (a) all the debt securities of such series theretofore authenticated and delivered (except lost, stolen or destroyed debt securities which have been replaced or paid and debt securities for whose payment money has theretofore been deposited in trust or segregated and held in trust by Xerox and thereafter repaid to Xerox or discharged from such trust) have been delivered to the trustee for cancellation; or

(b)

Xerox has irrevocably deposited or caused to be deposited with the trustee cash or non-callable U.S. government obligations or a combination thereof in an amount sufficient to pay and discharge the entire Indebtedness on such debt securities not theretofore delivered to the trustee for cancellation, for principal of, premium, if any, and interest on such debt securities to the date of deposit together with irrevocable instructions from Xerox directing the trustee to apply such funds to the payment thereof at maturity or redemption, as the case may be;

(2) Xerox has paid all other sums payable under the indenture in respect of such debt securities by Xerox; and

(3) Xerox has delivered to the trustee an officers' certificate and an opinion of counsel stating that all conditions precedent under the indenture relating to the satisfaction and discharge of the indenture in respect of such debt securities have been complied with.

Modification of the Indenture

From time to time, Xerox and the trustee, without the consent of the holders of debt securities of any series, may amend the indenture for certain specified purposes, including curing ambiguities, defects or inconsistencies, complying with the covenant described under Provisions Applicable Only to Senior Debt Securities Covenants Merger, Consolidation and Sale of Assets, complying with any requirement of the SEC in connection with qualifying, or maintaining the qualification of, the indenture under the TIA and making any change that does not adversely affect the rights of any holder of such debt securities in any material respect. Other modifications and amendments of the indenture as it applies to a series of debt securities may be made with the consent of the holders of a majority in principal amount of the then outstanding debt securities of such series, except that, without the consent of each holder affected thereby, no amendment may:

(1) reduce the amount of debt securities whose holders must consent to an amendment;

(2) reduce the rate of or change or have the effect of changing the time for payment of interest, including defaulted interest, on any debt securities;

(3) reduce the principal of or change or have the effect of changing the fixed maturity of any debt securities, or change the date on which any debt securities may be subject to redemption or reduce the redemption price therefor;

(4) make any debt securities payable in money other than that stated in the debt securities;

(5) make any change in provisions of the indenture protecting the right of each holder to receive payment of principal of and interest on such debt securities on or after the due date thereof or to bring suit to enforce such payment, or permitting holders of a majority in principal amount of debt securities to waive Defaults or Events of Default;

(6) modify or change any provision of the indenture or the related definitions affecting the ranking of the debt securities in a manner which adversely affects the holders.

Governing Law

The indenture and the debt securities shall be construed in accordance with and governed by the laws of the State of New York, without giving effect to the principles thereof relating to conflicts of law (other than Section 5-1401 of the General Obligations Law of the State of New York, and any successor statute or statutes).

Convertibility

Debt securities may be convertible into or exchangeable for our common stock or preferred stock. The prospectus supplement will describe the terms of any conversion rights.

Covenants

Set forth below are summaries of certain covenants contained in the indenture.

Limitation on Liens. Xerox will not create or suffer to exist, or permit any of its Specified Subsidiaries to create or suffer to exist, any Lien, or any other type of preferential arrangement, upon or with respect to any of its properties (other than margin stock as that term is defined in Regulation U issued by the Board of Governors of the Federal Reserve System), whether now owned or hereafter acquired, or assign, or permit any of its Specified Subsidiaries to assign, any right to receive income, in each case to secure any Indebtedness (other than Indebtedness described in clauses (5) and (8) of the definition of Indebtedness herein) without making effective provision whereby all of the debt securities (together with, Xerox shall so determine, any other Indebtedness of Xerox or such Specified Subsidiary then existing or thereafter created which is not subordinate to the debt securities) shall be equally and ratably secured with the Indebtedness secured by such security (provided that any Lien created for the benefit of the holders of the debt securities pursuant to this sentence shall provide by its terms that such Lien shall be automatically and unconditionally released and discharged upon the release and discharge of the Lien that resulted in such provision becoming applicable, unless a Default or Event of Default shall then be continuing); provided, however, that Xerox or its Specified Subsidiaries may create or suffer to exist any Lien or preferential arrangement of any kind in, of or upon any of the properties or assets of Xerox or its Specified Subsidiaries to secure Indebtedness if upon creation of such Lien or arrangement and after giving effect thereto, the aggregate principal amount of Indebtedness secured by Liens would not exceed the greater of (i) \$2.0 billion and (ii) 20% of the Consolidated Net Worth of Xerox; and provided, further, that the foregoing restrictions or limitations shall not apply to any of the following:

(1) deposits, liens or pledges arising in the ordinary course of business to enable Xerox or any of its Specified Subsidiaries to exercise any privilege or license or to secure payments of workers' compensation or unemployment insurance, or to secure the performance of bids, tenders, leases, contracts (other than for the payment of borrowed money) or statutory landlords' liens or to secure public or statutory obligations or surety, stay or appeal bonds, or other similar deposits or pledges made in the ordinary course of business;

(2) Liens imposed by law or other similar Liens, if arising in the ordinary course of business, such as mechanic's, materialman's, workman's, repairman's or carrier's liens, or deposits or pledges in the ordinary course of business to obtain the release of such Liens;

(3) Liens arising out of judgments or awards against Xerox or any of its Specified Subsidiaries in an aggregate amount not to exceed at any time outstanding under this clause (3) the greater of (a) 15% of the Consolidated Net Worth of Xerox or (b) the minimum amount which, if subtracted from such Consolidated Net Worth, would reduce such Consolidated Net Worth below \$3.2 billion and, in each case, with respect to which Xerox or such Specified Subsidiary shall in good faith be prosecuting an appeal or proceedings for review, or Liens for the purpose of obtaining a stay or discharge in the course of any legal proceedings;

(4) Liens for taxes if such taxes are not delinquent or thereafter can be paid without penalty, or are being contested in good faith by appropriate proceedings, or minor survey exceptions or minor encumbrances, easements or restrictions which do not in the aggregate materially detract from the value of the property so encumbered or restricted or materially impair their use in the operation of the business of Xerox or any Specified Subsidiary owning such property;

(5) Liens in favor of any government or department or agency thereof or in favor of a prime contractor under a government contract and resulting from the acceptance of progress or partial payments under government contracts or subcontracts thereunder;

Table of Contents

- (6) Liens existing on December 1, 1991;
- (7) purchase money liens or security interests in property acquired or held by Xerox or any Specified Subsidiary in the ordinary course of business to secure the purchase price thereof or Indebtedness incurred to finance the acquisition thereof;
- (8) Liens existing on property at the time of its acquisition;
- (9) the rights of Xerox Credit Corporation relating to a certain reserve account established pursuant to an operating agreement dated as of November 1, 1980, between Xerox and Xerox Credit Corporation;
- (10) the replacement, extension or renewal of any of the foregoing; and
- (11) Liens on any assets of any Specified Subsidiary of up to \$500.0 million incurred since December 1, 1991 in connection with the sale or assignment of assets of such Specified Subsidiary for cash where the proceeds are applied to repayment of Indebtedness of such Specified Subsidiary and/or invested by such Specified Subsidiary in assets which would be reflected as receivables on the balance sheet of such Specified Subsidiary.

In addition, if after January 17, 2002 any Capital Markets Debt of Xerox or any Restricted Subsidiary becomes secured by a Lien pursuant to any provision similar to the covenant in the immediately preceding paragraph, then, for so long as such Capital Markets Debt of Xerox is secured by such Lien (and provided that any Lien created for the benefit of the holders of the debt securities pursuant to this sentence shall be automatically and unconditionally released and discharged upon the release and discharge of the Lien that resulted in the imposition of the Lien hereunder):

- (1) in the case of a Lien securing Subordinated Indebtedness, the debt securities shall be secured by a Lien on the same property as such Lien that is senior in priority to such Lien; and
- (2) in all other cases, the debt securities shall be equally and ratably secured by a Lien on the same property as such Lien.

Merger, Consolidation and Sale of Assets. Xerox will not, in a single transaction or series of related transactions, consolidate or merge with or into any Person, or sell, assign, transfer, lease, convey or otherwise dispose of (or cause or permit any Restricted Subsidiary of Xerox to sell, assign, transfer, lease, convey or otherwise dispose of) all or substantially all Xerox's assets (determined on a consolidated basis for Xerox and Xerox's Restricted Subsidiaries) whether as an entirety or substantially as an entirety to any Person unless:

- (1) either:
 - (a) Xerox shall be the surviving or continuing corporation; or
 - (b) the Person (if other than Xerox) formed by such consolidation or into which Xerox is merged or the Person which acquires by sale, assignment, transfer, lease, conveyance or other disposition the properties and assets of Xerox and of Xerox's Restricted Subsidiaries substantially as an entirety (the "Surviving Entity"):
- (x) shall be a corporation organized and validly existing under the laws of the United States or any State thereof or the District of Columbia; and
- (y) shall expressly assume, by supplemental indenture (in Form and substance satisfactory to the trustee), executed and delivered to the trustee, the due and punctual payment of the principal of, and premium, if any, and interest on all of the debt securities and the performance of every covenant of the debt securities and the indenture on the part of Xerox to be performed or observed;
- (2) immediately after giving effect to such transaction and the assumption contemplated by clause (1)(b)(y) above, no Default or Event of Default shall have occurred or be continuing; and

Table of Contents

(3) Xerox or the Surviving Entity shall have delivered to the trustee an officers' certificate and an opinion of counsel, each stating that such consolidation, merger, sale, assignment, transfer, lease, conveyance or other disposition and, if a supplemental indenture is required in connection with such transaction, such supplemental indenture, comply with the applicable provisions of the indenture and that all conditions precedent in the indenture relating to such transaction have been satisfied.

For purposes of the foregoing, the transfer (by lease, assignment, sale or otherwise, in a single transaction or series of transactions) of all or substantially all the properties or assets of one or more Restricted Subsidiaries of Xerox, the Capital Stock of which constitutes all or substantially all the properties and assets of Xerox, shall be deemed to be the transfer of all or substantially all the properties and assets of Xerox.

The indenture will provide that upon any consolidation, combination or merger or any transfer of all or substantially all the assets of Xerox in accordance with the foregoing, in which Xerox is not the continuing corporation, the successor Person formed by such consolidation or into which Xerox is merged or to which such conveyance, lease or transfer is made shall succeed to, and be substituted for, and may exercise every right and power of, Xerox under the indenture and the debt securities with the same effect as if such surviving entity had been named as such.

Notwithstanding the foregoing, Xerox need not comply with clause (2) of the first paragraph of this covenant in connection with (x) a sale assignment, transfer, conveyance or other disposition of assets between or among Xerox and any of its Wholly Owned Restricted Subsidiaries or (y) any merger of Xerox with or into any Wholly Owned Restricted Subsidiary or (z) a merger by Xerox with an Affiliate incorporated or organized solely for the purpose of reincorporating or reorganizing Xerox in another jurisdiction.

For purposes hereof, the maximum fixed repurchase price of any Disqualified Capital Stock or Preferred Stock which does not have a fixed repurchase price shall be calculated in accordance with the terms of such Disqualified Capital Stock or Preferred Stock as if such Disqualified Capital Stock or Preferred Stock were purchased on any date on which Indebtedness shall be required to be determined pursuant to the indenture, and if such price is based upon, or measured by, the fair market value of such Disqualified Capital Stock or Preferred Stock, such fair market value shall be determined reasonably and in good faith by the Board of Directors of the issuer of such Disqualified Capital Stock or Preferred Stock.

Accrual of interest, accrual of dividends, the accretion of accreted value, the payment of interest in the Form of additional Indebtedness and the payment of dividends in the Form of additional shares of Preferred Stock will not be deemed to be an incurrence of Indebtedness. The amount of any Indebtedness outstanding as of any date shall be (i) the accreted value of the Indebtedness in the case of any Indebtedness issued with original issue discount and (ii) the principal amount or liquidation preference thereof.

Issue Date means the date of original issuance of debt securities.

Lien means any lien, mortgage, deed of trust, pledge, security interest, charge or encumbrance of any kind (including any conditional sale or other title retention agreement, any lease in the nature thereof and any agreement to give any security interest).

**DESCRIPTION OF THE PREFERRED STOCK AND
CONVERTIBLE PREFERRED STOCK**

Xerox Preferred Stock

The following is a description of certain general terms and provisions of our preferred stock. The particular terms of any series of preferred stock will be described in a prospectus supplement. The following summary of terms of our preferred stock is not complete. You should refer to the provisions of our Restated Certificate of Incorporation and the certificate of amendment relating to each series of the preferred stock (the Certificate of Amendment), which will be filed with the SEC at or prior to the time of issuance of such series of the preferred stock. We may also offer convertible preferred stock. As of the date of this prospectus, we are authorized to issue up to 22,043,067 shares of cumulative preferred stock, par value \$1.00 per share.

Subject to limitations prescribed by law, the Board of Directors is authorized at any time to:

issue one or more series of preferred stock;

determine the distinctive serial designation for any such series; and

determine the number of shares in any such series.

The Board of Directors is authorized to determine, for each series of preferred stock, and the applicable prospectus supplement will set forth with respect to such series, the following information:

the dividend rate (or method for determining the rate);

any liquidation preference per share of that series of preferred stock;

any conversion or exchange provisions applicable to that series of preferred stock;

any redemption or sinking fund provisions applicable to that series of preferred stock;

any voting rights of that series of preferred stock in addition to those specified in our Restated Certificate of Incorporation; and

the terms of any other preferences or rights applicable to that series of preferred stock.

Dividends

Holders of preferred stock will be entitled to receive, when, as and if declared by the Board of Directors, cash dividends at the rates and on the dates as set forth in the applicable prospectus supplement. Except as set forth below, no dividends will be declared or paid on any series of preferred stock unless full dividends for all series of preferred stock (including cumulative dividends still owing, if any) have been or contemporaneously are declared and a sum sufficient to pay such dividends has been set apart or has been paid. When those dividends are not paid in full, the shares of all series of preferred stock will share ratably in the payment of dividends, in accordance with the sums that would be payable on those shares if all dividends were declared and paid in full. In addition, generally, unless all dividends on the preferred stock have

Edgar Filing: MANTECH INTERNATIONAL CORP - Form 8-K

been declared and a sum sufficient to pay such dividends has been set apart or has been paid, no dividends will be declared or paid on the common stock and generally we may not redeem or purchase any common stock.

The Indentures, dated as of January 17, 2002 (pursuant to which our 9^{3/4}% Senior Notes due 2009 were issued), June 25, 2003 (pursuant to which our 7^{1/8}% Senior Notes due 2010 and 7^{5/8}% Senior Notes due 2013 were issued) and August 10, 2004 (pursuant to which our 6^{7/8}% Senior Notes due 2011 were issued) (the Senior Note Indentures), contain covenants that restrict our ability to pay dividends on preferred stock under certain circumstances that include the occurrence and continuation of any default or event of default (as defined therein) under the Senior Note Indentures, respectively.

Table of Contents

Convertibility

Shares of preferred stock may be convertible or exchangeable into another series of our preferred stock, our common stock, or other securities. The Certificate of Amendment and the prospectus supplement relating to each series of convertible preferred stock, if any, will describe those conversion rights.

Redemption And Sinking Fund

No series of preferred stock will be redeemable or receive the benefit of a sinking fund except as set forth in the applicable prospectus supplement.

Liquidation

In the event we voluntarily or involuntarily liquidate, dissolve or wind up our affairs, the holders of each series of preferred stock will be entitled to receive the liquidation preference per share specified in the prospectus supplement plus an amount equal to accrued and unpaid dividends, if any, before any distribution to the holders of common stock. If the amounts payable with respect to preferred stock are not paid in full, the holders of preferred stock will share ratably in any distribution of assets based upon the aggregate liquidation preference for all outstanding shares for each series. After the holders of shares of preferred stock are paid in full, they will have no right or claim to any of our remaining assets.

Voting

Except as indicated below or in the prospectus supplement, the holders of preferred stock will not be entitled to vote. If the equivalent of six quarterly dividends payable on any series of preferred stock is in default, whether or not consecutive, the number of directors constituting our Board of Directors will be increased by two and the holders of such series of preferred stock, voting together as a class with all other series of preferred stock entitled to vote on such election of directors, will be entitled to elect those additional directors. In the event of such a default, any holder of preferred stock may request that we call a special meeting of the holders of preferred stock for the purpose of electing the additional directors and we must call such meeting within 20 days of request. If we fail to call such a meeting upon request, then any holder of preferred stock can call a meeting. If all accumulated dividends on any series of preferred stock have been paid in full, the holders of shares of such series will no longer have the right to vote on directors and the term of office of each director so elected will terminate and the number of our directors will, without further action, be reduced by two.

The vote of the holders of two-thirds of the outstanding shares of each series of preferred stock voting together as a class, is required to authorize any amendment, alteration or repeal of our Restated Certificate of Incorporation or any Certificate of Amendment or our By-Laws which would adversely affect the rights, preferences, privileges or voting power of the preferred stock or any holder thereof.

Miscellaneous

The holders of preferred stock will have no preemptive rights. All our issued and outstanding preferred stock is fully paid and non-assessable. The shares of preferred stock offered, when issued, will also be fully paid and nonassessable. Shares of preferred stock that we redeem or otherwise reacquire will resume the status of authorized and unissued shares of preferred stock undesignated as to series, and will be available for subsequent issuance. We may not repurchase or redeem less than all the preferred stock, pursuant to a sinking fund or otherwise, while there are any dividends in arrears on the preferred stock. Neither the par value nor the liquidation preference is indicative of the price at which the preferred stock will actually trade on or after the date of issuance. Payment of dividends on any series of preferred stock may be restricted by loan agreements, indenture and other transactions we may enter into.

Table of Contents

No Other Rights

The shares of a series of preferred stock will not have any preferences, voting powers or relative, participating, optional or other special rights except as set forth above or in the applicable prospectus supplement, our Restated Certificate of Incorporation or Certificate of Amendment or as otherwise required by law.

Transfer Agent and Registrar

The transfer agent and registrar for each series of preferred stock will be described in the applicable prospectus supplement.

This prospectus and any accompanying prospectus supplement will contain the material terms and conditions for each securities purchase contract and securities purchase unit. The accompanying prospectus supplement may add, update or change the terms and conditions of the securities purchase contracts and securities purchase units as described in this prospectus.

Stock Purchase Contract and Stock Purchase Units

We may issue stock purchase contracts, representing contracts obligating holders to purchase from us, and obligating us to sell to the holders, a specified number of shares of common stock or preferred stock at a future date or dates, or a variable number of shares of common stock or preferred stock for a stated amount of consideration. The price per share and the number of shares of common stock or preferred stock may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specified formula set forth in the stock purchase contracts. Any such formula may include anti-dilution provisions to adjust the number of shares of common stock or preferred stock issuable pursuant to the stock purchase contracts upon certain events.

The stock purchase contracts may be issued separately or as a part of units consisting of a stock purchase contract and, as security for the holder's obligations to purchase the shares under the stock purchase contracts, either (a) our senior debt securities or subordinated debt securities or, (b) our debt obligations of third parties, including U.S. Treasury securities. The stock purchase contracts may require us to make periodic payments to the holders of the stock purchase units or vice versa, and such payments may be unsecured or prefunded on some basis. The stock purchase contracts may require holders to secure their obligations in a specified manner and in certain circumstances we may deliver newly issued prepaid stock purchase contracts upon release to a holder of any collateral securing such holder's obligations under the original stock purchase contract.

Debt Purchase Contracts and Debt Purchase Units

We may issue debt purchase contracts, representing contracts obligating holders to purchase from us, and obligating us to sell to the holders, a specified principal amount of debt securities at a future date or dates. DESCRIPTION OF DEPOSITARY SHARES

This section describes the general terms of the depositary shares Xerox may offer and sell by this prospectus. This prospectus and any accompanying prospectus supplement will contain the material terms and conditions for the depositary shares. The accompanying prospectus supplement may add, update, or change the terms and conditions of the depositary shares as described in this prospectus.

General

We may, at our option, elect to offer depositary shares, each representing a fraction (to be set forth in the prospectus supplement relating to a particular series of preferred stock) of a share of a particular class or series of preferred stock as described below. In the event we elect to do so, depositary receipts evidencing depositary shares will be issued to the public.

The shares of any class or series of preferred stock represented by depositary shares will be deposited under a deposit agreement among us, a depositary selected by us and the holders of the depositary receipts. The depositary will be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000. Subject to the terms of the deposit agreement, each owner of a depositary share will be entitled, in proportion to the applicable fraction of a share of preferred stock represented by such depositary share, to all the rights and preferences of the shares of preferred stock represented by the depositary share, including dividend, voting, redemption and liquidation rights. The depositary shares will be evidenced by depositary receipts issued pursuant to the deposit agreement. Depositary receipts will be distributed to those persons purchasing the fractional shares of the related class or series of preferred shares in accordance with the terms of the offering described in the applicable prospectus supplement.

Pending the preparation of definitive depositary receipts the depositary may, upon our written order, issue temporary depositary receipts substantially identical to, and entitling the holders thereof to all the rights pertaining to, the definitive depositary receipts but not in definitive form. Definitive depositary receipts will be prepared without unreasonable delay, and temporary depositary receipts will be exchangeable for definitive depositary receipts without charge to the holder.

Dividends and Other Distributions

The depositary will distribute all cash dividends or other cash distributions received for the preferred stock to the entitled record holders of depositary shares in proportion to the number of depositary shares that the holder owns on the relevant record date, provided, however, that if we or the depositary is required by law to withhold an amount on account of taxes, then the amount distributed to the holders of depositary shares shall be reduced accordingly. The depositary will distribute only an amount that can be distributed without attributing to any holder of depositary shares a fraction of one cent. The depositary will add the undistributed balance to and treat it as part of the next sum received by the depositary for distribution to holders of the depositary shares.

If there is a non-cash distribution, the depositary will distribute property received by it to the entitled record holders of depositary shares, in proportion, insofar as possible, to the number of depositary shares owned by the holders, unless the depositary determines, after consultation with us, that it is not feasible to make such distribution. If this occurs, the depositary may, with our approval, sell such property and distribute the net proceeds from such sale to the holders. The deposit agreement also will contain provisions relating to how any subscription or similar rights that we may offer to holders of the preferred stock will be available to the holders of the depositary shares.

The Senior Note Indentures contain covenants that restrict our ability to pay dividends on preferred stock under certain circumstances that include the occurrence and continuation of any default or event of default (as defined therein) under the Senior Note Indentures.

Table of Contents

Withdrawal of Shares

Upon surrender of the depositary receipts at the corporate trust office of the depositary unless the related depositary shares have previously been called for redemption, converted or exchanged into our other securities, the holder of the depositary shares evidenced thereby is entitled to delivery of the number of whole shares of the related class or series of preferred stock and any money or other property represented by such depositary shares. Holders of depositary receipts will be entitled to receive whole shares of the related class or series of preferred stock on the basis set forth in the prospectus supplement for such class or series of preferred stock, but holders of such whole shares of preferred stock will not thereafter be entitled to exchange them for depositary shares. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the number of depositary shares representing the number of whole shares of preferred stock to be withdrawn, the depositary will deliver to such holder at the same time a new depositary receipt evidencing such excess number of depositary shares. In no event will fractional shares of preferred stock be delivered upon surrender of depositary receipts to the depositary.

Conversion, Exchange and Redemption

If any class or series of preferred stock underlying the depositary shares may be converted or exchanged, each record holder of depositary receipts representing the shares of preferred stock being converted or exchanged will have the right or obligation to convert or exchange the depositary shares represented by the depositary receipts. Whenever we redeem or convert shares of preferred stock held by the depositary, the depositary will redeem or convert, at the same time, the number of depositary shares representing the preferred stock to be redeemed or converted. The depositary will redeem the depositary shares from the proceeds it receives from the corresponding redemption of the applicable series of preferred stock. The depositary will mail notice of redemption or conversion to the record holders of the depositary shares that are to be redeemed between 30 and 60 days before the date fixed for redemption or conversion. The redemption price per depositary share will be equal to the applicable fraction of the redemption price per share on the applicable class or series of preferred stock. If less than all the depositary shares are to be redeemed, the depositary will select which shares are to be redeemed by lot on a pro rata basis or by any other equitable method as the depositary may decide. After the redemption or conversion date, the depositary shares called for redemption or conversion will no longer be outstanding. When the depositary shares are no longer outstanding, all rights of the holders will end, except the right to receive money, securities or other property payable upon redemption or conversion.

Voting the Preferred Stock

When the depositary receives notice of a meeting at which the holders of the particular class or series of preferred stock are entitled to vote, the depositary will mail the particulars of the meeting to the record holders of the depositary shares. Each record holder of depositary shares on the record date may instruct the depositary on how to vote the shares of preferred stock underlying the holder's depositary shares. The depositary will try, if practical, to vote the number of shares of preferred stock underlying the depositary shares according to the instructions. We will agree to take all reasonable action requested by the depositary to enable it to vote as instructed.

Amendment and Termination of the Deposit Agreement

We and the depositary may agree at any time to amend the deposit agreement and the depositary receipt evidencing the depositary shares. Any amendment that (a) imposes or increases certain fees, taxes or other charges payable by the holders of the depositary shares as described in the deposit agreement that (b) otherwise materially adversely affects any substantial existing rights of holders of depositary shares, will not take effect until such amendment is approved by the holders of at least a majority of the depositary shares then outstanding. Any holder of depositary shares that continue to hold its shares after such amendment has become effective will be deemed to have agreed to the amendment.

Table of Contents

We may direct the depositary to terminate the deposit agreement by mailing a notice of termination of holders of depositary shares at least 30 days prior to termination. The depositary may terminate the deposit agreement if 90 days have elapsed after the depositary delivered written notice of its election to resign and a successor depositary is not appointed. In addition, the deposit agreement will automatically terminate if:

the depositary has redeemed all related outstanding depositary shares;

all outstanding shares of preferred stock have been converted into or exchanged for common stock; or

we have liquidated, terminated or wound up our business and the depositary has distributed the preferred stock of the relevant series to the holders of the related depositary shares.

Reports and Obligations

The depositary will forward to the holders of depositary shares all reports and communications from us that are delivered to the depositary and that we are required by law, the rules of an applicable securities exchange or our amended and restated certificate of incorporation, to furnish to the holders of the preferred stock. Neither we nor the depositary will be liable if the depositary is prevented or delayed by law or any circumstances beyond its control in performing its obligations under the deposit agreement. The deposit agreement limits our obligations to performance in good faith of the duties stated in the deposit agreement. The depositary assumes no obligation and will not be subject to liability under the deposit agreement except to perform such obligations as are set forth in the deposit agreement without negligence or bad faith. Neither we nor the depositary will be obligated to prosecute or defend any legal proceeding connected with any depositary shares or class or series of preferred stock unless the holders of depositary shares requesting us to do so furnish us with a satisfactory indemnity. In performing our obligations, we and the depositary may rely and act upon the advice of our counsel on any information provided to us by a person presenting shares for deposit, any holder of a receipt, or any other document believed by us or the depositary to be genuine and to have been signed or presented by the proper party or parties.

Payment of Fees and Expenses

We will pay all fees, charges and expenses of the depositary, including the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depositary shares will pay taxes and governmental charges and any other charges as are stated in the deposit agreement for their accounts.

Resignation and Removal of Depositary

At any time, the depositary may resign by delivering notice to us, and we may remove the depositary at any time. Resignations or removals will take effect upon the appointment of a successor depositary and its acceptance of the appointment. The successor depositary must be appointed within 90 days after the delivery of the notice of resignation or removal and must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$50,000,000.

We may sell the securities offered by this prospectus to one or more underwriters or dealers for public offering, through agents, directly to purchasers or through a combination of any such methods of sale.

The prospectus supplement with respect to the securities being offered will set forth the terms of the offering, including the names of the underwriters, dealers or agents, if any, the purchase price, the net proceeds to Xerox, any underwriting discounts and other items constituting underwriters' compensation, and public offering price and any discounts or concessions allowed or reallocated or paid to dealers and any securities exchanges on which such securities may be listed.

We have reserved the right to sell the securities directly to investors on our own behalf in those jurisdictions where we are authorized to do so. The sale of the securities may be effected in transactions (a) on any national or international securities exchange or quotation service on which the securities may be listed or quoted at the time of sale, (b) in the over-the-counter market, (c) in transactions otherwise than on such exchanges or in the over-the-counter market or (d) through the writing of options.

We and our respective agents and underwriters, may offer and sell the securities at a fixed price or prices that may be changed, at market prices prevailing at the time of sale, at prices related to such prevailing market prices or at negotiated prices. The securities may be offered on an exchange, which will be disclosed in the applicable prospectus supplement. We may, from time to time, authorize dealers, acting as our agents, to offer and sell the securities upon such terms and conditions as set forth in the applicable prospectus supplement.

If we use underwriters to sell securities, we will enter into an underwriting agreement with them at the time of the sale to them. In connection with the sale of the securities, underwriters may receive compensation from us in the Form of underwriting discounts or commissions and may also receive commissions from purchasers of the securities for whom they may act as agent. Any underwriting compensation paid by us to underwriters or agents in connection with the offering of the securities, and any discounts, concessions or commissions allowed by underwriters to participating dealers, will be set forth in the applicable prospectus supplement to the extent required by applicable law. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the Form of discounts, concessions or commissions from the underwriters or commissions (which may be changed from time to time) from the purchasers for whom they may act as agents.

Dealers and agents participating in the distribution of the securities may be deemed to be underwriters, and any discounts and commissions received by them and any profit realized by them on resale of the securities may be deemed to be underwriting discounts and commissions under the Securities Act. Unless otherwise indicated in the applicable prospectus supplement, an agent will be acting on a best efforts basis and a dealer will purchase debt securities as a principal, and may then resell the debt securities at varying prices to be determined by the dealer.

If so indicated in the prospectus supplement, we will authorize underwriters, dealers or agents to solicit offers by certain specified institutions to purchase offered securities from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on a specified date in the future. Such contracts will be subject to any conditions set forth in the applicable prospectus supplement and the prospectus supplement will set forth the commission payable for solicitation of such contracts. The underwriters and other persons soliciting such contracts will have no responsibility for the validity or performance of any such contracts.

Underwriters, dealers and agents may be entitled under agreements entered into with us to indemnification against and contribution towards certain civil liabilities, including any liabilities under the Securities Act.

We may enter into derivative or other hedging transactions with financial institutions. These institutions may in turn engage in sales of our common stock to hedge their position, deliver this prospectus in connection with some or all of those sales and use the shares covered by this prospectus to close out any short position created in connection with those sales.

Table of Contents

To facilitate the offering of securities, certain persons participating in the offering may engage in transactions that stabilize, maintain, or otherwise affect the price of the securities. These may include over-allotment, stabilization, syndicate short covering transactions and penalty bids. Over-allotment involves sales in excess of the offering size, which creates a short position. Stabilizing transactions involve bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. Syndicate short covering transactions involve purchases of securities in the open market after the distribution has been completed in order to cover syndicate short positions. Penalty bids permit the underwriters to reclaim selling concessions from dealers when the securities originally sold by the dealers are purchased in covering transactions to cover syndicate short positions. These transactions may cause the price of the securities sold in an offering to be higher than it would otherwise be. These transactions, if commenced, may be discontinued by the underwriters at any time.

Any securities, other than our common stock issued hereunder, may be new issues of securities with no established trading market. Any underwriters, or agents to or through whom such securities are sold for public offering and sale, may make a market in such securities, but such underwriters or agents will not be obligated to do so and may discontinue any market making at any time without notice. No assurance can be given as to the liquidity of the trading market for any such securities. The amount of expenses expected to be incurred by us in connection with any issuance of securities will be set forth in the applicable prospectus supplement. Certain of the underwriters, dealers or agents and their associates may engage in transactions with, and perform services for, us and certain of our affiliates and in the ordinary course of our business.

The broker dealers, if any, acting in connection with these sales might be deemed to be underwriters within the meaning of section 2(11) of the Securities Act. Any commission they receive and any profit upon the resale of the securities might be deemed to be underwriting discounts and commissions under the Securities Act.

During such time as we may be engaged in a distribution of the securities covered by this prospectus we are required to comply with Regulation M promulgated under the Exchange Act. With certain exceptions, Regulation M precludes us, any affiliated purchasers, and any broker-dealer or other person who participates in such distributing from bidding for or purchasing, or attempting to induce any person to bid for or purchase, any security which is the subject of the distribution until the entire distribution is complete. Regulation M also restricts bids or purchases made in order to stabilize the price of a security in connection with the distribution of that security. All of the foregoing may affect the marketability of our common stock.
