Dear IHS Shareholder:

We are pleased to invite you to attend our 2010 Annual Meeting of Shareholders. This marks our first year to hold the Annual Meeting at IHS Headquarters. It is always a delight to meet our share owners, so please attend if you can.

Whether or not you attend the Annual Meeting, it is important that you participate. Your votes count. Please review the enclosed Proxy Card carefully to understand how you may vote by proxy. If you chose to cast your vote in writing, please sign and return your proxy promptly. A return envelope, requiring no postage if mailed in the United States, is enclosed for your convenience in replying. For your convenience, we have also arranged to allow you to submit your proxy electronically.

If you want to attend the Annual Meeting in person, please let us know in advance. Each shareholder of record has the opportunity to mark the Proxy Card in the space provided, or during the electronic voting process. If your shares are *not* registered in your name (for instance, if you hold shares through a broker, bank, or other institution), please advise the shareholder of record that you wish to attend; that firm will then provide you with evidence of ownership that will be required for admission to the meeting. Let us know if we can explain any of these matters or otherwise help you with voting or attending our annual meeting.

Remember that your shares cannot be voted unless you submit your proxy, in writing or electronically, or attend the Annual Meeting in person. Your participation is important to all of us at IHS, so please review these materials carefully and cast your vote.

We look forward to seeing you at the Annual Meeting.

Sincerely,

PROXY STATEMENT

INFORMATION CONCERNING VOTING AND SOLICITATION

This Proxy Statement is being furnished to you in connection with the solicitation by the Board of Directors of IHS Inc., a Delaware corporation, of proxies to be used at the 2010 Annual Meeting of Shareholders and any adjournments or postponements thereof. The annual meeting will be held at to be held at 10:00 a.m. Mountain Daylight Time, on Thursday, May 6, 2010, at IHS headquarters in Colorado:

IHS Global Headquarters

321 Inverness Drive South

Englewood, Colorado USA

This Proxy Statement and the accompanying form of Proxy Card are being first sent to shareholders on or about March 27, 2010. References in this Proxy Statement to we, us, our, the Company, and IHS refer to IHS Inc. and our consolidated subsidiaries.

Appointment of Proxy Holders

The Board of Directors of IHS (the Board) asks you to appoint the following individuals as your proxy holders to vote your shares at the 2010 Annual Meeting of Shareholders:

Jerre L. Stead, Chairman and Chief Executive Officer;

Michael J. Sullivan, Executive Vice President and Chief Financial Officer; and

Stephen Green, Senior Vice President, General Counsel, and Corporate Secretary

You may make this appointment by voting the enclosed Proxy Card using one of the voting methods described below. If appointed by you, the proxy holders will vote your shares as you direct on the matters described in this Proxy Statement. In the absence of your direction, they will vote your shares as recommended by your Board.

Unless you otherwise indicate on the Proxy Card, you also authorize your proxy holders to vote your shares on any matters not known by your Board at the time this Proxy Statement was printed and that, under our Bylaws, may be properly presented for action at the Annual Meeting.

Who Can Vote

Only shareholders who owned shares of our common stock at the close of business on **March 12, 2010** the **Record Date** for the Annual Meeting can vote at the Annual Meeting.

Each holder of our Class A common stock is entitled to **one** vote for each share held as of the Record Date, March 12, 2010. As of the close of business on March 12, 2010, we had 63,900,078 shares of Class A common stock outstanding and entitled to vote.

There is no cumulative voting in the election of directors.

How You Can Vote

You may vote your shares at the Annual Meeting either in person, by mail, or electronically, as described below. Shareholders holding shares through a bank or broker should follow the voting instructions on the form of Proxy Card received.

Table of Contents

Voting by Mail or Internet. You may vote by proxy by dating, signing and returning your Proxy Card in the enclosed postage-prepaid return envelope. You may also use the Internet to transmit your voting instructions. If you vote by proxy, carefully review and follow the instructions on the enclosed Proxy Card. Giving a proxy will not affect your right to vote your shares if you attend the Annual Meeting and want to vote in person.

Voting at the Annual Meeting. Voting by proxy will not limit your right to vote at the Annual Meeting, if you decide to attend in person. Your Board recommends that you vote by proxy, as it is not practical for most shareholders to attend the Annual Meeting. If you hold shares through a bank or broker, you must obtain a proxy, executed in your favor, from the bank or broker to be able to attend and vote in person at the Annual Meeting.

Revocation of Proxies

Shareholders can revoke their proxies at any time before they are exercised in any of three ways:

by voting in person at the Annual Meeting;

by submitting written notice of revocation to the Corporate Secretary prior to the Annual Meeting; or

by submitting another proxy properly executed and delivered of a later date, but prior to the Annual Meeting.

Required Vote

A quorum, which is a majority of the outstanding shares as of the Record Date, must be present to hold the Annual Meeting. A quorum is calculated based on the number of shares represented by the shareholders attending in person and by their proxy holders. If you indicate an abstention as your voting preference, your shares will be counted toward a quorum but they will not be voted on any given proposal.

The proposed amendment to our Certificate of Incorporation (Proposal 1) must be approved by a majority of the shares entitled to vote on our Record Date. Our directors are elected by a plurality vote, which means that the three nominees receiving the most affirmative votes will be elected (Proposal 2). All other matters submitted for shareholder approval (including ratification of our independent auditors in Proposal 3) require the affirmative vote of the majority of shares present in person or represented by proxy and entitled to vote. Shares present but not voted because of abstention will have the effect of a no vote on Proposals 1 and 2.

Please note that this year the rules regarding how brokers may vote your shares have changed. Brokers may no longer vote your shares on the election of directors without your voting instructions. Accordingly, under current New York Stock Exchange rules, if you do not provide your broker or other nominee with instructions on how to vote your shares, your broker or nominee will not be permitted to vote them on the proposed amendment to our authorized shares (Proposal 1) and the election of directors (Proposal 2). Absent your instructions, your broker or nominee will only be entitled to vote on Proposal 3.

We encourage you to provide instructions to your broker regarding the voting of your shares.

Confidentiality

It is our policy to maintain the confidentiality of all materials that identify individual shareowners except as may be necessary to meet any applicable legal requirements and, in the case of any contested proxy solicitation, as may be necessary to permit proper parties to verify the propriety of proxies presented by any person and the results of the voting. The inspectors of election and any employees associated with processing proxy cards or ballots and tabulating the vote are required to acknowledge their responsibility to comply with this policy of confidentiality.

Table of Contents

Solicitation of Proxies

We pay the cost of printing and mailing the Notice of Annual Meeting, the Annual Report, and all proxy and voting materials. We have retained Laurel Hill Advisory Group to aid in the solicitation of proxies by mail, telephone, facsimile, e-mail and personal solicitation for a fee of \$10,000, plus reasonable expenses. Our directors, officers, and other employees may participate in the solicitation of proxies by personal interview, telephone, or e-mail. No additional compensation will be paid to these persons for solicitation. We will reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation materials to beneficial owners of our common stock.

Important Reminder

Please promptly vote and submit your proxy in writing or electronically.

To submit a written vote, you may sign, date, and return the enclosed Proxy Card in the postage-prepaid return envelope. To vote electronically, follow the instructions provided on the Proxy Card.

Voting by proxy will not limit your rights to attend or vote at the Annual Meeting.

Table of Contents**PROPOSAL 1****Increase in Authorized Shares****Proposed Amendment**

We are proposing, subject to shareholder approval, an amendment to the Company's Certificate of Incorporation to increase the Company's authorized number of shares of Class A Common Stock from the current 80,000,000 shares to 160,000,000 shares. The proposed amendment would also increase the class of Preferred Stock that exists to support our Rights Plan by an additional 800,000 shares, meaning that the proposed amendment would increase our total number of shares of authorized capital stock to 161,600,000.

Our Board of Directors has approved the proposed amendment and determined that it is in the best interests of IHS and its shareholders to ensure the continuing availability of shares for our corporate purposes. The Board directed that the proposed amendment be submitted to our shareholders for approval and, if approved, put into effect as soon as reasonably practicable thereafter.

Current Use of Shares

As of our Record Date, March 12, 2010, the 80,000,000 shares of Common Stock presently authorized included the following:

Shares issued and outstanding (excluding Treasury shares)	63,900,078
Shares awarded, but not yet issued under our Long Term Incentive Plan (including shares reserved for performance-based awards)	3,870,794
Shares reserved for issuance under our Long Term Incentive Plan	1,087,859
Treasury shares reserved for issuance under our Long Term Incentive Plan (acquired after being withheld from Long Term Incentive Plan vestings in exchange for the payment of taxes due)	1,266,636
Treasury shares (acquired during our stock buyback program)	588,634

Future Uses of Shares

IHS currently has no plans to issue any of the newly authorized shares. We are not aware of any plans, arrangements, commitments, or understandings for the issuance of the additional shares of Common Stock that would be authorized by this proposal.

If our shareholders approve this amendment, we will have the flexibility to issue additional shares as needed to finance acquisitions, raise capital, or pursue other corporate purposes. If our shareholders approve this amendment, we may have improved flexibility to pursue opportunities such as strategic acquisitions without the delay or expense of seeking stockholder approval at that time, except to the extent required by applicable state law or stock exchange listing requirements for the particular transaction. While we believe the proposed amendment will be adequate for potential issuance of additional shares, we cannot foresee all of the possible needs of our business; accordingly, it may prove necessary for us to seek further increases in our authorized shares from time to time, subject to the approval of our Board and our shareholders.

Note that any increase in the number of shares available for issuance under our Long Term Incentive Plan (which provides for the issuance of shares to our employees and Directors) will require a separate proposal for approval by our shareholders.

Table of Contents

Effects of the Amendment

If approved by IHS shareholders, the proposed amendment will become effective upon its filing with the Delaware Secretary of State. The par value of our common stock will remain at \$0.01 per share. The amendment will not alter the current number of issued shares.

The additional shares authorized by the amendment will have rights identical to the currently outstanding shares of the Company. Adoption of the proposed amendment will not affect the rights of the holders of currently outstanding shares of the Company.

If the amendment is effective, each shareholder will continue to own the same percentage of shares relative to all issued and outstanding shares. We currently do not have any plans for how or when we might issue any of the additional authorized shares. However, each shareholder should consider the fact that any issuance of these newly authorized shares would decrease each then-current shareholder's percentage of issued and outstanding shares for voting and other purposes.

The proposed amendment to increase our authorized shares is not being proposed to prevent a change in control of the company. We are not aware of any such threat or attempt. However, it is possible that we could use these additional shares in the future to discourage, prevent, or delay a takeover of our company by means of a proxy contest or other mechanism. One effect might be that we could prevent changes in control or management of the Company.

In the future, when we have a plan or a need to issue additional shares, applicable laws and regulations (including exchange listing requirements) will sometimes require us to seek prior approval of our shareholders before we issue the shares; but in other instances, applicable laws and regulations may allow us to issue new shares without seeking shareholder approval. For example, in certain instances NYSE rules require shareholder approval for issuances of more than 20% of our then-outstanding shares; but in other instances, applicable laws and regulations may allow us to issue new shares without seeking shareholder approval. When applicable laws permit the issuance of new shares without prior shareholder approval, our shareholders may learn of a new issuance of shares only after it has occurred. Each shareholder should note that, under our Amended and Restated Certificate of Incorporation, no shareholder is entitled to preemptive rights with respect to any future issuances of capital stock.

Vote Required and Recommendation

The affirmative vote of the holders of a majority of the shares of our Class A Common Stock outstanding on the Record Date will be required to approve this amendment. As a result, abstentions and broker non-votes will have the same effect as votes against.

Table of Contents**PROPOSAL 2****ELECTION OF DIRECTORS****Directors and Nominees**

Table of Contents**PROPOSAL 3****RATIFICATION OF THE APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS****Proposed Ratification**

The Audit Committee of the Board, which is composed entirely of non-employee independent directors, has selected Ernst & Young LLP as the independent registered public accountants to audit our books, records, and accounts and our subsidiaries for the fiscal year 2010. Your Board has endorsed this appointment. Ratification of the selection of Ernst & Young LLP by shareholders is not required by law. However, as a matter of good corporate practice, such selection is being submitted to the shareholders for ratification at the Annual Meeting. If the shareholders do not ratify the selection, the Board and the Audit Committee will reconsider whether or not to retain Ernst & Young LLP, but may retain Ernst & Young LLP. Even if the selection is ratified, the Audit Committee in its discretion may change the appointment at any time during the year if it determines that such change would be in the best interests of IHS and its shareholders.

Ernst & Young LLP previously audited our consolidated financial statements during the nine fiscal years ended November 30, 2009. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement, if they desire to do so, and will be available to respond to appropriate questions.

Audit and Non-Audit Fees

In connection with the audit of the 2009 financial statements, IHS entered into an engagement agreement with Ernst & Young LLP that set forth the terms by which Ernst & Young LLP has performed audit services for IHS. That agreement is subject to alternative dispute resolution procedures and an exclusion of punitive damages.

Aggregate fees for professional services rendered for us by Ernst & Young LLP for the years ended November 30, 2009 and 2008, respectively, were as follows:

	2009	2008
	(in thousands)	
Audit Fees	\$ 2,164	\$ 2,297
Audit-Related Fees	73	780
Tax Fees	110	448
All Other Fees		
Total	\$ 2,347	\$ 3,525

Audit Fees. Consists of fees billed for professional services rendered for the audits of our consolidated financial statements, statutory audits of our subsidiaries, reviews of our interim consolidated financial statements, and services provided in connection with statutory and regulatory filings.

Audit-Related Fees. Consists of fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Company's consolidated financial statements and are not reported under Audit Fees. These services may include employee benefit plan audits, auditing work on proposed transactions, attest services that are not required by regulation or statute, and consultations regarding financial accounting or reporting standards. For 2008, audit-related fees also included approximately \$679,000 for professional services rendered relating to acquisitions.

Tax Fees. Consists of tax compliance consultations, preparation of tax reports, and other tax services.

Table of Contents

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has implemented pre-approval policies and procedures related to the provision of audit and non-audit services. Under these procedures, the Audit Committee pre-approves both the type of services to be provided by Ernst & Young LLP and the estimated fees related to these services.

During the approval process, the Audit Committee considers the impact of the types of services and the related fees on the independence of the registered public accountant. The services and fees must be deemed compatible with the maintenance of such accountants' independence, including compliance with rules and regulations of the U.S. Securities and Exchange Commission (the "SEC"). Throughout the year, the Audit Committee will review any revisions to the estimates of audit and non-audit fees initially approved.

Vote Required and Recommendation

Ratification of the appointment of Ernst & Young LLP requires the affirmative vote of a majority of the shares present and voting at the Annual Meeting in person or by proxy. Unless marked to the contrary, proxies received will be voted "FOR" ratification of the appointment. In the event ratification is not obtained, your Audit Committee will review its future selection of our independent registered public accountants.

Organization of the Board of Directors

The Board held six meetings during the fiscal year ended November 30, 2009. Each director attended at least 75% of the total regularly scheduled and special meetings of the Board and the committees on which they served. We do not have a policy regarding directors' attendance at the Annual Meeting.

Our Board has established three standing committees: the Audit Committee, the Human Resources Committee, and the Nominating and Corporate Governance Committee. We believe that all members of the Audit, Human Resources, and Nominating and Corporate Governance Committees meet the independence standards of the New York Stock Exchange and SEC rules and regulations. The Board has approved a charter for each of these committees, each of which can be found on our website at www.ihs.com.

Independent and Non-Management Directors

We believe that all of our directors other than Messrs. Stead and Grolman are independent directors, based on the independence standards described above. All of our directors other than Mr. Stead are non-management directors.

In accordance with the IHS Corporate Governance Guidelines, the independent directors designated C. Michael Armstrong as lead independent director. The lead independent director chairs executive sessions of the independent directors. During our 2009 fiscal year, the independent directors of the Board met five times without the presence of management.

Code of Conduct

We have adopted a Code of Business Conduct and Ethics as our code of ethics as defined by regulations promulgated under the Securities Act of 1933, as amended, and the Securities Exchange Act of 1934, as amended. Our Code of Business Conduct and Ethics also meets the New York Stock Exchange requirements for a code of conduct. Our Code of Business Conduct and Ethics applies to our directors as well as all of our principal executive officers, our financial and accounting officers, and all other employees of IHS.

Our Code of Business Conduct and Ethics, as well as our Governance Guidelines, are available on our website at www.ihs.com. If we approve any substantive amendment to our Governance Guidelines or our Code of Conduct, or if we grant any waiver of the Code of Conduct to the Chief Executive Officer, the Chief Financial Officer, or the Chief Accounting Officer, we intend to post an update on the Investor Relations page of the Company's website (www.ihs.com) within five business days and keep the update on the site for at least one year.

Human Resources Committee

Members:

Steven A. Denning, *Chairman*

Ruann F. Ernst

Brian H. Hall

Michael Klein

The Human Resources Committee has been created by our Board to (i) oversee our compensation and benefits policies generally, (ii) evaluate executive officer performance and review our management succession plan, (iii) oversee and set compensation for our executive officers, and (iv) prepare the report on executive officer compensation that the SEC rules require to be included in the Company's annual proxy statement. The Human Resources Committee is governed by a charter, a copy of which is available at the Company's website www.ihs.com. See "Compensation Discussion and Analysis" below for a more detailed description of the functions of the Human Resources Committee. All members of the Human Resources Committee are independent as required by our Corporate Governance Guidelines and the Human Resources Committee Charter.

Nominating and Corporate Governance Committee

Members:

C. Michael Armstrong, *Chairman*

Steven A. Denning

Balakrishnan S. Iyer

The Nominating and Corporate Governance Committee has been created by our Board to (i) identify individuals qualified to become board members and recommend director nominees to the Board, (ii) recommend directors for appointment to committees established by the Board, (iii) make recommendations to the Board as to determinations of director independence, (iv) oversee the evaluation of the Board, (v) make recommendations to the Board as to compensation for our directors, and (vi) develop and recommend to the Board our corporate governance guidelines and code of business conduct and ethics. The Nominating and Corporate Governance Committee is governed by a charter. A more detailed description of the functions of the Nominating and Corporate Governance Committee can be found under "Director Nominations" in this Proxy Statement, and in the Nominating and Corporate Governance Committee Charter, a copy of which can be found at the Company's website www.ihs.com. All members of the Nominating and Corporate Governance Committee are independent as required by our Corporate Governance Guidelines and the Nominating and Corporate Governance Committee Charter.

Director Nominations

Our Board nominates directors to be elected at each Annual Meeting of Shareholders and elects new directors to fill vacancies when they arise. The Nominating and Corporate Governance Committee has the responsibility to identify, evaluate, recruit, and recommend qualified candidates to the Board for nomination or election.

In addition to considering an appropriate balance of knowledge, experience and capability, the Board has as an objective that its membership be composed of experienced and dedicated individuals with diversity of backgrounds, perspectives, and skills. The Nominating and Corporate Governance Committee will select candidates for director based on the candidate's character, judgment, diversity of experience, business acumen, and ability to act on behalf of all shareholders (without regard to whether the candidate has been nominated by a shareholder).

Table of Contents

The Nominating and Corporate Governance Committee believes that nominees for director should have experience, such as experience in management or accounting and finance, or industry and technology knowledge, that may be useful to IHS and the Board, high personal and professional ethics, and the willingness and ability to devote sufficient time to effectively carry out his or her duties as a director. The Nominating and Corporate Governance Committee believes it appropriate for at least one, and, preferably, multiple, members of the Board to meet the criteria established by the SEC for an audit committee financial expert, and for a majority of the members of the Board to meet the definition of independent director under the rules of the New York Stock Exchange. The Nominating and Corporate Governance Committee also believes it appropriate for certain key members of our management to participate as members of the Board.

Prior to each Annual Meeting of Shareholders, the Nominating and Corporate Governance Committee identifies nominees first by evaluating the current directors whose term will expire at the Annual Meeting and who are willing to continue in service. These candidates are evaluated based on the criteria described above, including as demonstrated by the candidate's prior service as a director, and the needs of the Board with respect to the particular talents and experience of its directors. In the event that a director does not wish to continue in service, the Nominating and Corporate Governance Committee determines not to re-nominate the director, or a vacancy is created on the Board as a result of a resignation, an increase in the size of the Board or other event, the Nominating and Corporate Governance Committee will consider various candidates for membership, including those suggested by the Nominating and Corporate Governance Committee members, by other Board members, by any executive search firm engaged by the Nominating and Corporate Governance Committee, or by any nomination properly submitted by a shareholder pursuant to the procedures for shareholder nominations for directors provided in Shareholder Proposals for the 2011 Annual Meeting in this Proxy Statement. As a matter of policy, candidates recommended by shareholders are evaluated on the same basis as candidates recommended by the Board members, executive search firms, or other sources.

Table of Contents**Director Stock Ownership Guidelines**

We believe that our nonemployee directors should have a significant equity interest in the Company. In order to promote equity ownership and further align the interests of our directors with management, a significant portion of our nonemployee directors' overall compensation is given in equity, specifically in the form of deferred restricted stock units. These units vest in one year, but must be held in their entirety until after the director's service to the Company ends. Additionally, nonemployee directors may elect to receive a portion of their cash compensation in the form of deferred stock units. These units must also be held until after the director's service to the Company ends. The requirement to hold equity awards until after termination of service is applicable to all equity awards granted to nonemployee directors since January 2005.

Mr. Grolman was exempt from the director stock ownership requirements during 2009 because he was prohibited by his personal employment policy from holding IHS stock. Mr. Grolman does not receive any stock awards from the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership on Forms 3, 4, and 5 with the SEC. Officers, directors, and greater than 10% stockholders are required to furnish us with copies of all Forms 3, 4, and 5 that they file.

Based solely on our review of the copies of such forms we have received and written representations from certain reporting persons that they filed all required reports, we believe that, during the last fiscal year, all filings required under Section 16(a) applicable to the Company's officers, directors, and 10% stockholders were timely, with the exception of a late Form 4 filed during fiscal year 2009 to reflect the fact that Mr. Roedel inadvertently failed to report a gift of shares to his wife.

Report of the Audit Committee

The following report of the Audit Committee does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other filing by IHS under the Securities Act of 1933 or the Securities Exchange Act of 1934.

The Audit Committee provides assistance to the Board in fulfilling its legal and fiduciary obligations in matters involving the Company's accounting, auditing, financial reporting, internal control, and legal compliance functions by approving the services performed by the Company's independent registered public accountants and reviewing their reports regarding the Company's accounting practices and systems of internal accounting controls as set forth in a written charter adopted by the Board. The Company's management is responsible for preparing the Company's financial statements. The independent registered public accountants are responsible for auditing those financial statements. The Audit Committee is responsible for overseeing the conduct of these activities by the Company's management and the independent registered public accountants.

To fulfill that responsibility, the Audit Committee has regularly met and held discussions with management and the independent registered public accountants. Management represented to the Audit Committee that the Company's consolidated financial statements for fiscal year 2009 were prepared in accordance with generally accepted accounting principles and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accountants.

The Audit Committee has discussed with the independent registered public accountants matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended. As part of that review, the Committee received the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and the Committee has discussed the independent registered public accounting firm's independence from the Company and its management, including any matters in those written disclosures. Additionally, the Audit Committee considered whether the provision of non-audit services was compatible with maintaining such accountants' independence.

The Audit Committee has discussed with internal and independent registered public accountants, with and without management present, its evaluations of the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions with management and the independent registered public accountants referred to above, the Audit Committee approved the inclusion of the audited financial statements for fiscal year 2009 in the IHS Annual Report on Form 10-K for filing with the SEC.

Compensation Discussion and Analysis

Introduction

The Compensation Discussion and Analysis will focus on the following:

the objectives of our executive compensation program, including the performance it is designed to motivate and reward;

the elements of our executive compensation program and their purposes; and

how we make compensation decisions and determine the amount of each element of compensation, in general and in fiscal year 2009.

Objectives of the Executive Compensation Program

The objectives of our executive compensation program are to:

align executive compensation with key stakeholder interests;

attract, retain and motivate highly qualified executive talent; and

provide appropriate rewards for the achievement of business objectives and growth in stockholder value.

Design of the Total Compensation Program

Our executive compensation program consists of several elements. The following table outlines details of each element.

Component	Purpose	Philosophy Statement
Base Salary	Pay for expertise and experience	Generally, targeted at the 50th percentile of peer companies
	Attract and retain qualified executives	Actual salaries also based on individual experience, expertise, performance and succession planning
	Pay for demonstration of our core competencies	
Short-Term Incentives	Motivate superior operational and financial performance	Generally, opportunity targeted at the 50th percentile for target or as expected performance
	Provide annual recognition of performance	Provide for upside opportunity when performance exceeds goals
	Align performance with competitive practices	Measures intended to foster customer delight, sustainable year-over year growth, and ongoing value creation

Employment Agreements	Protect executives in the case of job loss (except for any termination for cause)	Benefit levels set conservatively compared to peer group practices
	Align with competitive practices to attract and retain employees	
	For change-in-control protection, help ensure that executives consider all appropriate transactions to increase stockholder value	

Overview of Executive Compensation Decisions During Fiscal Year 2009

The Human Resources Committee of the Board (the Committee) considered a variety of factors in making compensation decisions in fiscal year 2009:

experience, responsibilities, and individual and overall Company performance;

internal equity among senior executives and the role an executive plays in our succession planning efforts;

competitive market data and trends; and

alignment with our three key groups of stakeholders stockholders, customers, and colleagues.

These factors are particularly important in designing compensation arrangements to attract and motivate executives in the markets which IHS competes.

The Committee periodically reviews benchmarking data provided by Hewitt Associates (Hewitt) in its determination of compensation levels. Hewitt provides competitive market references for base salary, short-term incentives, and long-term incentives. Hewitt does not perform other services for the company.

The benchmark data on base salary, short-term incentives, and long-term incentives is typically size-adjusted to reflect our relative size versus the companies in the peer group. Given the volatility in the market, the Committee reviewed overall trend data as it related to long-term incentives. The peer group in fiscal year 2009 was based on companies that have similar business operations to IHS and are generally considered comparable companies with respect to business results. Our peer group consists of the following companies:

Axiom Corporation	The Dun & Bradstreet Corporation	Gartner, Inc.
Advisory Board Company		John Wiley and Sons, Inc.

Arbitron, Inc.

Equifax Inc.

McGraw-Hill Companies

After reviewing the benchmark data, the Committee considered the recommendations of our Chief Executive Officer (CEO) for each of the Named Executive Officers (NEOs), excluding the CEO, for base salary adjustments, target short-term incentive levels, and long-term incentive grants. In general, the CEO s recommendations considered the following:

performance versus stated individual and Company business objectives;

the critical nature of each individual to the Company s future success; and

market data and the need to retain critical leadership talent.

For the CEO s compensation, the Committee also considered the benchmark data and discussed his compensation in executive session without the CEO present.

Specific factors considered by the Committee and, where applicable, by the CEO for each of the NEOs in 2009 included:

Named Executive Officer	Factors Considered
Stead	<p>Strong company performance, particularly in light of the economic conditions</p> <p>Mr. Stead s experience level, leadership, and individual performance for the year</p> <p>Mr. Stead s results in building teamwork and collaboration across our global organization as we continue to focus on delighting our customers</p> <p>The Committee and Mr. Stead have agreed to put more emphasis on pay-at-risk in his compensation than is given in our stated philosophy</p>
Yergin	<p>An important lead for our intellectual capital and business development activities</p> <p>World-renowned knowledge and reputation</p> <p>Significant demand in the market for his services</p> <p>Individual performance for the year</p>
Tarr	<p>Role as President & COO of IHS</p> <p>Significant contribution to our success</p> <p>Individual performance for the year</p>
Sullivan	<p>Continued outstanding performance</p> <p>Significant contribution to our success</p> <p>Credibility with our investors</p>
Key	<p>Role as Senior Vice President, Insight</p> <p>Significant contribution to our success</p> <p>Individual performance for the year</p>

During fiscal year 2009, the Committee also reviewed tally sheets to ensure that it had a complete understanding of the value of all compensation being delivered currently, as well as

Table of Contents

potential value in the future. In addition, the Committee reviews at each meeting a summary of the equity position for each executive for those awards that have vested and those that will vest in the future. These analyses were used to help the Committee ensure that:

the executive team has a significant forfeitable equity stake; and

the amount earned by executives is appropriate at various performance levels.

The Committee believes that the compensation program design is appropriate based on internal and external benchmarks. Most importantly, the Committee believes that the compensation program appropriately rewards stockholder value creation.

Role of Executive Officers in the Compensation Process

The following table summarizes the role of executive officers in compensation decisions:

Executive Officer	Role
Chief Executive Officer	<ul style="list-style-type: none"> Assesses individual performance for each of the other NEOs and provides results to the Committee Provides recommendations for all compensation elements to the Committee for the other NEOs Helps establish and set the appropriate metrics for the incentive plans to ensure they appropriately align with business objectives Works with the Committee to identify a peer group for benchmarking purposes With the assistance of the HR staff, discusses the methodology used by the consultant in benchmarking compensation

Elements of Compensation

Base Salary

The purpose of base salary is to pay for expertise and experience, to attract and retain qualified executives, and to reward for demonstration of the IHS core values and competencies. Given the economic conditions when decisions were made in December 2008, the Company decided to determine the appropriate level of merit for each NEO and defer 50% of the increase for 6 months beyond our normal timing (reflected in table below).

For the individual reasons referenced above, the following increases were made to NEO salaries during fiscal year 2009 reflecting the Committee and CEO's assessment of their individual performance and contribution in 2008, except for Mr. Stead.

Table of Contents

Named Executive Officer	Salary as of 12/1/2008	Annual Merit Increase		Salary as of 11/30/2009
		1st half effective 2/1/2009	2nd half effective 8/1/2009	
Stead	\$ 750,000	None(1)	None(1)	\$ 750,000
Yergin	\$ 500,000	\$ 10,000(2)	\$ 10,000(2)	\$ 520,000
Tarr	\$ 480,000	\$ 15,000(2)	\$ 15,000(2)	\$ 510,000
Sullivan	\$ 420,000	\$ 15,000(2)	\$ 15,000(2)	\$ 450,000
Key	\$ 400,000	None(3)	\$ 25,000(3)	\$ 425,000

- (1) Mr. Stead has not received a salary adjustment since 2006 given the continued focus on pay-at-risk.
- (2) Merit increases were split in half with 50% of the agreed upon increase effective February 1, 2009 and the remaining 50% effective August 1, 2009
- (3) Mr. Key did not receive a salary increase in February due to his promotional increase in September 2008. He did receive a merit increase effective August 1, 2009 due to his outstanding performance.

Short-Term Incentives

Our short-term incentive program is intended to motivate superior operational and financial performance, provide annual recognition of performance, and align performance with competitive practices.

Each level within IHS has a target annual opportunity as a percentage of base salary. The target opportunities for each level are generally based on 50th percentile market data from our benchmarking analysis and internal equity. Targets for the NEOs are as follows:

Named Executive Officer	2009 Short Term Incentive Target as Percentage of		Comments
	Salary		
Stead	100%		No change from prior year
Yergin	N/A(1)		N/A
Tarr	75%		Increased from 65% to bring closer to the 50 th percentile
Sullivan	75%		Increased from 65% to align with scope and impact of position
Key	75%		Increased from 60% to align with Tarr and reflect anticipated future role progressions

- (1) Dr. Yergin's short-term incentive is determined pursuant to his employment agreement. See discussion below. In order to achieve the objectives of the compensation program, performance against the metrics in the following table is measured to determine actual amounts earned from the bonus. The Committee believes that these metrics represent key operational and financial metrics for IHS that will drive long-term stockholder value. The weightings between financial performance and strategic/individual goals are consistent across the organization.

Metric	Weighting	Payout Level	2009 Goal	Percentage of Target Earned(1)
Corporate Adjusted Earnings per Share (EPS)(2)	35%		\$2.35	30%
		Threshold	\$2.61	100%
		Target	\$2.74	150%
		Maximum		
	35%		26.3%	30%

Edgar Filing: IHS Inc. - Form PRE 14A

Corporate Adjusted Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) Margin(2)		Threshold Target	27.7%	100%
		Maximum	29.1%	150%
Strategic/Individual Goals	30%	Threshold Target		50%
		Maximum	Based on CEO and/or Committee Assessment	100%
				150%

- (1) Percentage of target earned is interpolated between these points. No amount is paid below the level identified as Threshold .
- (2) Adjusted measures exclude extraordinary items, pension income and expense related to restricted share grants.

Table of Contents

The Strategic/Individual Goals portion was primarily tied to an assessment of each NEO's performance in terms of our four goals as follows:

improving on customer satisfaction (Customer Delight);

fostering a culture that enables colleague success;

delivering profitable top and bottom-line growth; and

shareowner success relative to peer group.

We have two special achievement awards. The first one is tied to Customer Delight and applies to all Annual Incentive Plan eligible employees, including the NEOs (other than Dr. Yergin). If the Corporate Customer Delight score of 53% (target) is achieved, participants would receive an incentive of 5% of their core calculated award. If a score of 55% (stretch) is achieved, participants would receive an incentive of 10% of their core calculated award. The Customer Delight metric is derived from a third party survey utilizing an established customer survey model.

We also provide an additional special achievement award tied to organic revenue growth for all Annual Incentive Plan eligible employees, including the NEOs (other than Dr. Yergin). For every 1% of corporate organic revenue growth above 9.5%, all plan participants would receive an award equal to 5% of the core plan bonus amount. Awards are calculated on a pro-rata basis.

Dr. Yergin's Short-Term Incentive

Dr. Yergin's short-term incentive is determined according to the terms of his employment agreement. IHS and Dr. Yergin entered into this employment agreement in September 2004 when IHS acquired Cambridge Energy Research Associates, Inc. (CERA), the company founded by Dr. Yergin.

Dr. Yergin's short-term incentive includes the following fiscal year 2009 metrics and weightings:

Metric	Details	Weighting
CERA Performance	\$54 million in CERA revenue earns 50% of bonus target	40%
	\$56 million in CERA revenue earns 100% of bonus target	
Key Account Performance	\$5 million in new revenue for IHS due to Dr. Yergin's efforts earns 50% of bonus target	20%
	\$9 million in new revenue for IHS due to Dr. Yergin's efforts earns 100% of bonus target	

Table of Contents

The remaining 40% of Dr. Yergin's short-term incentive is for the achievement of strategic/individual goals. The payout is determined by the CEO and/or Committee based on his or its assessment of Dr. Yergin's critical thought leadership within the industry, the success of CERAWeek (the annual conference for business and government leaders on energy issues), and his role as IHS Strategic Advisor. The maximum payout is 100% of target.

For fiscal year 2009, the results for the NEO short-term incentives were:

Named Executive Officer	Financial Metric 1(1)	Weighting	Financial Metric 2(2)	Weighting	Strategic/Individual Metric(3)	Weighting	Core Plan Payout as % of Target Bonus
Stead (4)	100%	35%	120%	35%	100%	30%	107%
Yergin	100%	40%	100%	20%	100%	40%	100%
Tarr	100%	35%	120%	35%	116%	30%	112%
Sullivan	100%	35%	120%	35%	120%	30%	113%
Key	100%	35%	120%	35%	143%	30%	120%

- (1) Financial Metric 1 represents Corporate Adjusted EPS, except that for Dr. Yergin it represents CERA Performance.
- (2) Financial Metric 2 represents Corporate Adjusted EBITDA Margin, except that for Dr. Yergin it represents Key Account Performance.
- (3) Strategic/Individual Metric represents Strategic/Individual Goals.
- (4) Mr. Stead was assigned by the Committee a strategic/individual component assessment of 150% or maximum based on his and the Company's performance in 2009. At the request of Mr. Stead, the Committee agreed to cap the actual payout at 100%.

The final payout is calculated as follows:

Named Executive Officer	Salary for Short-Term Incentive Calculation	Core Plan Payout as % of Target Short-Term Incentive	Core Plan Payout	Customer Delight Special Achievement Award(2)	Final Payout(3)
Stead	\$ 750,000	107%	\$ 802,500	\$ 80,250	\$ 882,750
Yergin	n/a(1)	100%	\$ 750,000	n/a	\$ 750,000
Tarr	\$ 510,000	112%	\$ 427,273	\$ 42,727	\$ 470,000
Sullivan	\$ 450,000	113%	\$ 381,818	\$ 38,182	\$ 420,000
Key	\$ 425,000	120%	\$ 381,818	\$ 38,182	\$ 420,000

- (1) Salary not applicable as Dr. Yergin's short-term incentive target is not determined as a percentage of base salary. For fiscal year 2009, his target was \$750,000 in accordance with his employment agreement.
- (2) The Customer Delight Special Achievement Award for fiscal year 2009 was calculated as ten percent of the Core Plan Payout based on over-achievement of our stretch goal in 2009.
- (3) There was no payout in 2009 for the special achievement award related to organic revenue growth.

Table of Contents

The Committee may exercise discretion outside of the plan, both positively and negatively, based on factors it deems appropriate. For fiscal year 2009 payouts, discretion was applied in a downward manner, in part to recognize the economic climate, as follows:

The actual result on Financial Metric 1 (Corporate Adjusted EPS), was 104% of target. The Company, with the Committee's approval, capped this payout at 100% of target for the NEOs and others in the Company.

The actual result on Financial Metric 2 (Corporate Adjusted EBITDA), was 143% of target. The Company, with the Committee's approval, capped this payout at 120% of target for the NEOs and other corporate participants so that additional bonus dollars could be allocated to employees in certain business units.

Long-Term Incentives

Our long-term incentive awards are intended to align executives with stockholders, drive long-term value in the organization, provide for significant long-term retention, and match competitive compensation practices. Awards were granted in February 2009 after approval in the December 2008 Committee meeting. Long-term incentives in fiscal year 2009 for the NEOs consisted of the following:

Vehicle	Percentage of Target Value	Rationale for Vehicle
Performance-Based	100%	Reward strong financial performance
Restricted Stock Units		Create strong alignment with shareholders
		Be consistent with competitive compensation practices
		Create long-term retention

Performance-Based Restricted Stock Units

Performance-based restricted stock units (PRSUs) strongly align executives both to our financial performance and our stock price. PRSUs granted in fiscal year 2009 to each of our NEOs will be earned at the end of fiscal year 2011 if specified performance goals are met, with the exception of Mr. Stead who was awarded a multi-year grant. The Committee feels that these goals are key drivers of long-term stockholder value. The awards are denominated and paid in shares of IHS stock so that executives are directly aligned with stockholders during the performance period. The table below applies to all of our NEOs, except for Mr. Stead.

Metric	Weighting	Payout Level	Percentage of Target Shares Earned
2011 Corporate Revenue	50%	Threshold	50%
		Target	100%
		Maximum	175%
2011 Corporate Adjusted EBITDA(1)	50%	Threshold	50%
		Target	100%
		Maximum	175%

(1) Adjusted measures exclude extraordinary items, pension income, and expense related to restricted share grants. The Committee sets what it believes to be stretch performance goals for revenue and adjusted EBITDA. To achieve 100% of target payout, the Company must grow at a rate in excess of historical industry trends. For both metrics above, our target level growth rates are approximately 20%. Given that we have only been public since November 2005, we do not have a long-term historical reference for our actual results under these types of plans versus the targets we have set.

Table of Contents

If threshold levels are not met, 0% of target is earned for that measure. Additionally, to motivate consistent revenue growth, a 15% discount will be applied to the otherwise earned award if a minimum of 6% revenue growth is not achieved each year during the three-year performance period.

Mr. Stead's 2009 long-term incentive grant represented a multi-year, performance-based grant and is intended to cover two years. The Committee chose to provide Mr. Stead with a multi-year grant to retain Mr. Stead in the CEO role based on his experience, industry stature, succession planning considerations and his leadership in our continued success. Mr. Stead did not receive a grant in the prior year. The structure of his plan is only different from that of other senior executives due to the multi-year grant as is noted in the table below. The performance metrics and growth rate expectations in setting the targets are the same as those applied to the other NEOs.

Metric	Number of Performance-Based Restricted Stock Units at Target	Date Earned
2010 Adjusted EBITDA and Revenue (50% Weighting Each)	50,000	January 2011 based on Committee certification
2011 Adjusted EBITDA and Revenue (50% Weighting Each)	50,000	January 2012 based on Committee certification

Due to the uncertain economic environment at the time of the fiscal year 2009 grants and a review of trend information provided by Hewitt, the market range of shares utilized for those below the CEO was not increased from the prior year, resulting in a significant reduction in the grant date value of these awards due to our reduced stock price from the prior year. Within this market range, each individual was granted a differentiated award based on the Committee's evaluation of performance, potential and an analysis of outstanding unvested equity.

Named Executive Officer	Performance-Based Restricted Stock Units at Target Performance
Yergin	15,000
Tarr	23,000
Sullivan	20,000
Key	18,000 (1)

- (1) 15,000 performance-based restricted stock units were granted on February 1, 2009 and an additional 3,000 were granted on August 6, 2009 after approval by the Committee. This was in recognition of strong performance, assuming additional responsibilities, and Mr. Key's important role in our company's succession plans. The performance-based restricted stock units are tied to Company performance and will be earned at the end of fiscal year 2011.

These awards were approved at the December 2008 Committee meeting and were granted in February 2009 based on our annual compensation cycle, with the exception of Mr. Stead's. Mr. Stead's award was approved at the January 2009 Committee meeting and was granted in February 2009. The timing of grants for the NEOs is consistent with all other IHS employees.

Our long-term incentive awards are designed to comply with the requirements of section 162(m) of the IRS Code to avoid losing the deduction for compensation in excess of \$1 million paid to our NEOs.

Table of Contents

Stock Ownership Guidelines

The Committee believes that senior management should have a significant equity interest in the Company. In order to promote equity ownership and further align the interests of management with our stockholders, the Committee has adopted share retention and ownership guidelines for senior management. Our executive officers must retain 50% of the net after-tax shares of all non-option awards that were granted after the individual was named an executive officer of the Company. These shares must be held until the executive officer's service to IHS terminates.

The Committee reviews share ownership levels of those persons subject to these guidelines in their annual review of tally sheets. All NEOs are in compliance with these guidelines.

Retirement Benefits and Perquisites

We maintain qualified defined benefit and defined contribution plans with an employer match available to all employees, including the NEOs.

The Company has an unfunded nonqualified defined benefit plan that restores benefits that are not able to be provided under the qualified defined benefit plan due to limits imposed by the IRS Code. The NEOs are eligible to participate in this plan. We do not provide any other type of nonqualified retirement plan for our NEOs.

We also provide our NEOs with life and medical insurance, pension, and other benefits generally available to all employees. Under the terms of his employment agreement, Dr. Yergin also receives supplemental life and disability insurance and tax planning services.

Overall, the Committee believes that the Company provides *de minimis* perquisites to our senior executives. We do not believe that significant perquisites are generally an appropriate form of compensation for senior executives. Dr. Yergin and Mr. Key are the only NEOs who received perquisites valued at more than \$10,000 during fiscal year 2009. Dr. Yergin's perquisites are provided pursuant to his employment agreement and represent historical services he received prior to our purchase of CERA in 2004. Mr. Key's perquisites were related to an international assignment and a subsequent relocation back to the United States. The benefits provided upon relocation were for a limited period and were discontinued in December 2009.

Employment Contracts, Termination of Employment Arrangements, and Change-in-Control Arrangements

We have entered into employment agreements with each of our NEOs except for the CEO who does not have an employment agreement. These employment agreements set forth the terms of employment for these NEOs. They establish what is expected of the NEO, compensation elements for which they are eligible, and benefits due to them, if any, upon employment termination. The particular events chosen to trigger benefits upon employment termination are based on common practices within our peer group for executive severance protections.

The termination benefits are intended to be less generous than competitive compensation practices, but are meaningful and designed to protect stockholder value. The purpose of these benefits is to:

protect executives in the case of job loss (except for terminations for cause);

align with competitive compensation practices to attract and retain employees, but established at lower levels of benefits; and

for change-in-control protection, help ensure that executives consider all appropriate transactions to increase stockholder value.

Table of Contents**Impact of Accounting and Tax Treatment**

The Committee considers the anticipated accounting and tax treatment to IHS and to the executive officers in its decision-making process. From an accounting perspective, the Committee wishes to ensure that there are no significant negative accounting implications due to the design of the compensation program.

The short-term and long-term incentive plans are currently designed to meet the requirements of section 162(m) of the IRS Code. However, the Committee may in the future take actions that it determines are necessary or appropriate to further the best interests of stockholders or to achieve our compensation objectives, but that could cause us to lose all or part of the deduction under Section 162(m) of the IRS Code.

Our compensation program is also designed with Section 409A of the IRS Code in mind so as to avoid additional taxes for the executive officers.

2009 Summary Compensation Table

The following summary compensation table sets forth information concerning aggregate compensation earned by or paid to (i) our Chief Executive Officer, (ii) our Chief Financial Officer, and (iii) our three other most highly compensated executive officers who served in such capacities as of November 30, 2009. As noted above, we refer to these individuals as our named executive officers (NEOs).

- (1) The valuation of the stock awards and option awards reported in this table is the amount of equity compensation expense recognized for financial statement purposes for fiscal year 2009 in accordance with GAAP. Compensation expense for equity awards is amortized over the vesting term of an award. As such, amounts reported in this table represent the expense attributable to portions of awards granted in fiscal years 2006 to 2009. Any estimated forfeitures are excluded from values reported in this table. For a discussion of the assumptions made in valuing these awards and a description of how we factor forfeitures into our overall equity compensation expense, refer to Note 14, Stock-Based Compensation, to our financial statements contained in our annual reports on Form 10-K for the fiscal years ended November 30, 2007, 2008 and 2009.

Table of Contents

- (2) Represents performance-based cash payments paid on February 5, 2010 that were earned in fiscal year 2009 under our 2009 Annual Incentive Plan. (See Compensation Discussion and Analysis Elements of Compensation Short-Term Incentives.)
- (3) Amounts represent the aggregate increase in actuarial value to the NEO of pension benefits accrued during 2009 based on the November 30th measurement date used for financial statement reporting purposes. Assumptions used to calculate the change in pension value are discussed in Note 13, Employee Retirement Plans, to our financial statements contained in our annual report on Form 10-K for the fiscal year ended November 30, 2009.
- (4) The table below provides a breakdown of other annual compensation in 2009 for each of our NEOs:

Name	Perquisites (\$) (a)	Company Paid Taxes (b)	401(k) Company Matching Contributions (\$)	Dollar Value of Life Insurance Premiums (\$)	Supplemental Life and Disability Insurance Coverage (\$)	Total (\$)
Stead				1,200		1,200
Yergin	31,085		9,328	924	34,894	76,231
Tarr			11,025	900		11,925
Sullivan			11,025	792		11,817
Key	111,078	65,565	11,002	739		188,384

(a) Represents payments made for financial and tax planning services for Mr. Yergin. For Mr. Key, approximately \$88,000 represents payments made for housing and furniture rental in Boston during fiscal year 2009. This benefit was for a limited amount of time and ended in December 2009. It was provided as part of his new role which required him to relocate again in 2009. The remaining amount represents expatriate expenses for the end of his international assignment in the United Kingdom.

(b) Represents taxes paid by the Company in relation to Mr. Key's international assignment to ensure he did not pay more tax than he would had he continued to reside in the United States.

Table of Contents**2009 Grants of Plan-Based Awards During Fiscal Year**

The following table provides information regarding grants of plan-based awards to each of our named executive officers during fiscal year 2009. During fiscal year 2009, none of the NEOs received any stock options or stock awards other than the PRSUs reported in the table below.

- (1) The amounts in these columns reflect ranges of possible payouts under our 2009 Annual Incentive Plan. Under this plan, threshold performance must be met in order for there to be any payout. We made various assumptions to determine the estimated payouts as shown in the table above, including:
- Threshold amounts assume financial performance payout at 30% and individual performance payout at 50% for Messrs. Stead, Tarr, Sullivan, and Key. For Dr. Yergin, threshold amount assumes financial and individual performance payout at 50%.
- Target amounts assume financial and individual performance payout at 100% for Messrs. Stead, Tarr, Sullivan, Key, and Dr. Yergin. Stretch, or maximum, amounts assume financial and individual performance payout at 150% for Messrs. Stead, Tarr, Sullivan, and Key. Additionally, we assumed payout at 10% of the core calculated for the organic revenue special award achievement. We also assumed payout at maximum for the Customer Delight award at 10% of the core calculated award (see Compensation Discussion and Analysis Elements of Compensation Short-Term Incentives). For Dr. Yergin, stretch amount assumes financial and individual performance payout at 100%, which is his contractual maximum.
- (2) Represents shares of our common stock underlying PRSUs granted to our NEOs under our Amended and Restated 2004 Long-Term Incentive Plan (2004 LTIP). The actual payout of shares under the PRSU grants will be determined in the first quarter of fiscal year 2012 based primarily on performance achieved in fiscal year 2011, with additional possible reductions in the actual payout if certain revenue growth is not met in fiscal years 2009 through 2011 (see Compensation Disclosure and Analysis Elements of Compensation Long-Term Incentives).
- (3) The grant date fair value of PRSUs is calculated by multiplying the fair market value of a share of our common stock, as determined under the 2004 LTIP, on the date of grant by the target number of shares granted. Under the 2004 LTIP, the fair market value for a share of our common stock is the average of the high and low trading prices on the date of grant.

Table of Contents**Narrative Disclosure to 2009 Summary Compensation Table and 2009 Grants of Plan-Based Awards Table**

In fiscal year 2009, all of our non-equity incentive compensation awards to our NEOs were made under and subject to the terms of our 2009 Annual Incentive Plan and all of our equity incentive compensation awards were made under and subject to the terms of our 2004 LTIP.

In 2009, we granted PRSUs to each of the NEOs. The PRSUs will be earned after the end of fiscal year 2011 if specified performance goals are met. The awards are paid in shares of common stock, and have dividend equivalent rights (see *Compensation Disclosure and Analysis Elements of Compensation Long-Term Incentives*).

Outstanding Equity Awards at 2009 Fiscal Year End

The following table sets forth information concerning the current holdings of stock options, restricted stock awards, restricted stock units (RSUs), and PRSUs by our named executive officers as of November 30, 2009, the last day of our fiscal year 2009. The market value of the shares set forth under the *Stock Awards* column was determined by multiplying the number of unvested or unearned shares by \$50.28, the closing price of our common stock on November 30, 2009, the last day of our fiscal year.

The PSRUs have three key payout levels: threshold, target, and maximum. If threshold performance is not met, the award will not pay out any shares. The number of shares reported in the table above are at the target payout level. The following table describes the payouts at the threshold and maximum performance levels.

Stock Vested During Fiscal Year 2009

The following table sets forth information concerning the number of shares acquired and dollar amounts realized by each of our NEOs during the fiscal year ended November 30, 2009 on the vesting of restricted stock and restricted stock units. No stock options were exercised by our NEOs during the fiscal year ended November 30, 2009.

Tarr	3,000	147,990
Sullivan	3,334	164,466

- (1) Value realized upon vesting is calculated by multiplying the number of shares vesting by the average of the high and low trading prices on the vesting date (the fair market value as authorized in our 2004 LTIP). The value realized upon vesting does not necessarily reflect the actual proceeds that may have been or will in the future be received by the named executive officer upon the sale of the shares that vested.

Table of Contents**Pension Benefits**

IHS sponsors a tax-qualified defined benefit pension plan (Retirement Income Plan) for all U.S. employees. The Company also sponsors a nonqualified supplemental retirement plan (Supplemental Plan) to provide benefits to participants who are limited by IRS Code limits that apply to tax-qualified defined benefit plans. Under the IRS Code, the maximum permissible benefit from the qualified plans, for retirements in 2009, is \$195,000, and the annual compensation exceeding \$245,000 in 2009 cannot be considered in computing the maximum permissible benefit under the plans. Benefits under the Supplemental Plan replace the benefits that would have been provided if the IRS Code limits were not in place.

The table below sets forth the present value of accumulated benefits payable at age 65 (or later if applicable) as of November 30, 2009.

Name	Plan Name	Number of Years of Credited Service	Present Value of Accumulated Benefit (\$)	Payments During Last Fiscal Year (\$)
Jerre Stead	Qualified	9.0	584,240	
	Supplemental	34.0*	2,657,642	
Daniel Yergin	Qualified	3.6	112,071	
	Supplemental	3.6	111,869	
Jeffrey Tarr	Qualified	5.0	61,429	
	Supplemental	5.0	59,085	
Michael Sullivan	Qualified	10.1	107,617	
	Supplemental	10.1	57,707	
Scott Key	Qualified	3.6	57,710	
	Supplemental	3.6	27,509	

* Mr. Stead was granted an additional 25 years of benefit service in January 2003 under the Supplemental Plan, which is \$2,289,428 of the present value listed above.

Accumulated Benefit

The accumulated benefit is calculated according to the formula outlined below:

A. Benefit Accrued as of April 30, 2006: (i)+(ii)+(iii)*

i. 1.25% of highest five years average compensation in last 10 years as of April 30, 2006 up to covered compensation times years of benefit service (maximum 30 years),

ii. 1.70% of highest five years average compensation in last 10 years as of April 30, 2006 in excess of covered compensation times years of benefit service (maximum 30 years), plus

iii. 0.5% of highest five years average compensation in last 10 years as of April 30, 2006 times years of benefit service in excess of 30 years

Plus

B. From May 1, 2006, 15% of pensionable earnings, payable at age 65 as a lump sum pension.

* Note for grandfathered participants, all service is covered under portion A. In the table above, Mr. Stead is the only grandfathered NEO.
Vesting

Edgar Filing: IHS Inc. - Form PRE 14A

Participants are 100% vested in their benefit at the time they are credited with three years of vesting service or the date they reach age 65.

Table of Contents

Retirement Eligibility

Normal retirement age under the plan is 65, but a participant who terminates employment with at least ten years of vesting service may retire as early as age 55. Under Part A of the formula above, participants who terminate employment after age 55 with ten years of vesting service will receive a benefit reduction equal to 0.5% for each month that benefit commencement precedes age 62. Participants who terminate employment before age 55 with ten years of vesting service will receive a benefit reduction equal to 0.5% for each month that benefit commencement precedes age 65. Part A of the formula above will be actuarially reduced for benefit commencements prior to age 55.

Under Part B of the formula above, participants who terminate prior to age 65 will receive a benefit reduction equal to 4.5% compounded annually for each year commencement precedes age 65.

Table of Contents

Potential Payments upon Termination or Change in Control

The Company has entered into certain agreements that provide for compensation to the NEOs in the event of certain forms of termination of employment, including a Change in Control (CIC). Each of the NEOs except for Mr. Stead has an employment agreement with the Company; all of the NEOs including Mr. Stead benefit from accelerated vesting of all or a portion of their equity awards following certain termination events, pursuant to the terms of their equity award agreements.

In addition to the amounts discussed in the tables below, all of the NEOs may receive payouts from our qualified plans in the same manner that any salaried employee would (e.g., life or disability insurance payouts, pension plan payouts).

The tables below provide details of the nature and amounts of compensation to each NEO, assuming a hypothetical termination on November 30, 2009, the last day of our fiscal year. The tables are based on the following four scenarios:

1. Voluntary Termination Other Than For Good Reason, or Involuntary Termination for Cause

This category refers to voluntary terminations by the executive *other* than for Good Reason (i.e., resignations, retirements, or other terminations by mutual agreement), as well as terminations by the company for Cause (e.g., willful failure to perform material duties).

2. Involuntary Termination Without Cause, or Termination for Good Reason (not Related to CIC)

This category refers to voluntary terminations by the executive for Good Reason or involuntary terminations by the Company without Cause. This form of termination covers events *outside* of a CIC context.

For Messrs. Tarr, Sullivan, and Key, Good Reason is defined as any breach by the Company of its material obligations under each executive's employment agreement, excluding immaterial actions (or failures of action) not taken (or omitted to be taken) in bad faith and which, if capable of being remedied, are remedied by the Company within 30 days of receipt of notice.

For Dr. Yergin, Good Reason is defined as any of the following occurrences without Dr. Yergin's consent: i) Company relocating Dr. Yergin outside of the Washington, D.C metropolitan area; ii) assignment of duties to Dr. Yergin that are not senior management duties; iii) any reduction in base salary; iv) failure to pay base salary to Dr. Yergin when due (which failure is not cured within 3 business days after written notice to the Company); v) requirement by the Company of business travel by Dr. Yergin more than 110 days per year after receipt of notice that requested travel would exceed such limit; vi) Change in Control; vii) any material breach of agreement, which breach is not cured within 14 days after written notice is delivered.

3. Involuntary Termination Without Cause, or Termination for Good Reason (CIC)

In the employment agreements of Messrs. Tarr, Sullivan, and Key, and under the Company's Long-Term Incentive (LTI) plan document, Change in Control is defined as follows:

the acquisition, directly or indirectly, by any person or group (within the meaning of Section 13(d)(3) of the Exchange Act) of the beneficial ownership of securities of the Company possessing more than fifty percent of the total combined voting power of all outstanding securities of the Company;

a merger or consolidation in which the Company is not the surviving entity, except for a transaction in which the holders of the outstanding voting securities of the Company immediately prior to such merger or consolidation hold, in the aggregate, securities possessing more than fifty percent of the total combined voting power of all outstanding voting securities of the surviving entity immediately after such merger or consolidation;

Table of Contents

a reverse merger in which the Company is the surviving entity but in which securities possessing more than fifty percent of the total combined voting power of all outstanding voting securities of the Company are transferred to or acquired by a person or persons different from the persons holding directly or indirectly those securities immediately prior to such merger;

the sale, transfer or other disposition (in one transaction or a series of related transactions) of all or substantially all of the assets of the Company;

the approval by the stockholders of a plan or proposal for the liquidation or dissolution of the Company; or

as a result of, or in connection with, any cash tender or exchange offer, merger or other business combination, sale of assets or contested election, or any combination of the foregoing transactions (a Transaction), the persons who are members of the Board before the Transaction will cease to constitute a majority of the board of directors of the Company or any successor thereto.

For Messrs. Tarr, Sullivan, and Key, Good Reason following a CIC is defined as follows:

the material diminution of position (including titles and reporting relationships), duties or responsibilities, excluding immaterial actions not taken in bad faith;

the breach by the Company of any of its material obligations under the employment agreement, excluding immaterial actions (or failures of action) not taken (or omitted to be taken) in bad faith and which, if capable of being remedied, are remedied by the Company within 30 days after receipt of such notice thereof; or

the Company's relocation of the executive's principal location of work by more than 50 miles (other than any relocation recommended or consented to by the executive); it being understood that the executive may be required to travel on business to other locations as may be required or desirable in connection with the performance of job duties.

In Dr. Yergin's employment agreement, Change in Control is defined as the sale of a Controlling Interest in the Company to an enterprise or group of related enterprises (other than a person or entity related to the Company prior to such sale) not reasonably satisfactory to Dr. Yergin.

Controlling Interest means ownership of a sufficient number of shares to elect a majority of the board of directors of the Company. The definition of Good Reason in Dr. Yergin's employment agreement is the same with or without a CIC.

For all executives, unvested equity awards (i.e. stock options, PRSUs, and time-based RSUs) vest automatically in the event of a CIC. For Dr. Yergin, other severance is earned if he is terminated involuntarily without Cause or voluntarily with Good Reason following a CIC and during the term of his employment agreement. For Messrs. Tarr, Sullivan, and Key, other severance is earned if they are terminated involuntarily without Cause or voluntarily with Good Reason within 15 months following a CIC.

4. Death or Disability

For all equity compensation awards, Disability is defined as a mental or physical illness that entitles one to receive benefits under the company's long-term disability plan.

Executive Employment Agreements

We have entered into an employment agreement with each of our executive officers except for the CEO who does not have an employment agreement. Each of our NEOs has an employment agreement that sets forth the terms of employment, establishes the duties and expectations of the NEO, and details the compensation elements and benefits due to them, if any, upon termination of employment.

Below are descriptions of the employment agreements for our NEOs. These descriptions are intended to be summaries and do not describe all provisions of the agreements. You will find the full text of each agreement filed as exhibits to our public filings with the SEC.

Each of the employment agreements described below provides for certain benefits upon termination of employment (for a summary of these benefits, see [Potential Payments upon Termination or Change in Control](#) above).

Jeffrey R. Tarr, Michael J. Sullivan, and Scott Key. The employment agreements with each of Jeffrey R. Tarr, Michael J. Sullivan, and Scott Key include the following provisions.

Term. Each agreement has an initial term of one year, and it renews automatically on each anniversary of that date for an additional one-year period, unless the executive's employment is terminated earlier in accordance with his agreement or either party notifies the other party in writing at least 30 days prior to the applicable anniversary of the commencement date. For Mr. Tarr, the effective date is December 1, 2004; for Mr. Sullivan it is November 1, 2004; and for Mr. Key it is October 31, 2007.

Base salary, bonus and benefits. The agreements of Messrs. Tarr, Sullivan, and Key provide for a base salary, to be reviewed and increased by the Human Resources Committee of our Board in its sole discretion (as described under Compensation Discussion and Analysis in this Proxy Statement). Under their agreements, Messrs. Tarr, Sullivan, and Key are eligible for an annual bonus pursuant to our then current annual incentive plan. Messrs. Tarr, Sullivan, and Key are also entitled to participate in the employee benefits plans, programs, and arrangements as are customarily accorded to our executives. Each of these agreements was amended as of November 7, 2007, to modify the severance and change-in-control benefits provided by each agreement (as described in [Potential Payments upon Termination or Change in Control](#) above). Each of these agreements was further amended in 2009 (October 22 for Messrs Tarr and Key; October 21 for Mr. Sullivan) to state that the calculation of performance-related bonus amounts will be based on actual financial results upon Involuntary Termination without Cause.

Tax indemnity. Under their agreements, if any amounts or benefits received under the agreements or otherwise are subject to the excise tax imposed under Section 4999 of the IRS Code, an additional payment will be made to restore Messrs. Tarr, Sullivan, or Key to the after-tax position that he would have been in if the excise tax had not been imposed.

Covenants. Under their agreements, Messrs. Tarr, Sullivan, and Key have agreed to maintain the confidentiality of our proprietary or confidential information at all times during their respective employments and thereafter unless first obtaining the prior written consent of our Board. Each of them has also agreed not to compete with us during their respective terms of employment and for a restricted period, as described below, after any termination of employment. Each of them has also agreed not to solicit, hire, or cause to be hired any of our employees or employees of any of our subsidiaries for or on behalf of any competitor during that restricted period. Under each of their agreements, the restricted period means the longer of (i) the one-year period following termination of employment of that executive or (ii) in the event the executive in question receives payments as a result of his resignation for good reason, termination without cause, or following a change in control, in an amount greater than one year of his then base salary, the period following his termination of employment equal to the total number of months upon which those payments are calculated, up to a maximum period of two years.

Daniel Yergin. We have entered into an employment agreement with Daniel Yergin. The following is a description of the material terms of the agreement with Daniel Yergin.

Term. The term of employment for Dr. Yergin commenced on September 1, 2004 in connection with our acquisition of Cambridge Energy Research Associates. The agreement had an initial term of five years and renewed automatically for one-year terms after the initial term, unless the agreement was terminated earlier in accordance with the agreement or one party notifies the other party in writing at least 90 days prior to the applicable term or renewal date. On July 20, 2009, we agreed with Dr. Yergin that his agreement would renew for another one-year term, starting September 1, 2009, with certain modifications to his maximum possible bonus award, as described below.

Table of Contents

Base salary, bonus, and benefits. The agreement provides for a base salary, to be reviewed and increased using the same criteria and timing applicable to other senior executives of the Company (as described under Compensation Discussion and Analysis). Under his agreement, Dr. Yergin is eligible for a cash bonus in an amount determined by performance metrics in three categories: leadership, performance of the CERA business, and performance of certain key accounts. Pursuant to our July 20, 2009, agreement with Dr. Yergin, the maximum amount of that bonus for fiscal year 2010 is \$750,000. Dr. Yergin is also entitled to participate in the employee benefits plans, programs, and arrangements as are customarily accorded to our executives. Additionally, Dr. Yergin receives supplemental life insurance and supplemental disability coverage.

Covenants. Under his employment agreement, Dr. Yergin has agreed to maintain the confidentiality of our proprietary or confidential information at all times during his employment and thereafter unless he obtained the prior written consent of our Board. Dr. Yergin has also agreed not to compete with us during his employment and for a restricted period, as described below, after any termination of his employment. Additionally, Dr. Yergin agreed not to solicit, hire, or cause to be hired any of our employees or employees of any of our subsidiaries for or on behalf of any competitor during that restricted period. For these purposes, the restricted period meant the one-year period following termination of Dr. Yergin's employment.

Non-Competition Agreement. We entered into a separate Non-Competition Agreement with Dr. Yergin as of September 1, 2004. Under the terms of that non-competition agreement, Dr. Yergin committed to maintain the confidentiality of our confidential or proprietary information at all times during his employment and thereafter. In addition, Dr. Yergin agreed to a five-year term during which he also agreed not to compete with us, nor to solicit, hire, or cause to be hired any of our employees or employees of any of our subsidiaries for or on behalf of any competitor. In exchange, we agreed to award Dr. Yergin 120,000 shares of our Class A common stock (awarded on February 23, 2005). That agreement expired in 2009. In addition, we agreed to pay Dr. Yergin forty-two monthly payments of \$34,286 each commencing on March 1, 2005 and continuing through August 1, 2008, each of which was subject to Dr. Yergin's continued compliance with the non-competition agreement. Both the company and Dr. Yergin satisfied their obligations under that arrangement.

Certain Relationships and Related Transactions

Review and Approval of Related Party Transactions

Our Nominating and Corporate Governance Committee must evaluate and, if appropriate, pre-approve any related party transaction. This responsibility is described in the Nominating and Corporate Governance Committee Charter as well as the IHS Code of Business Conduct and Ethics.

Relationships with Security Holders

Historically prior to September 2008 a majority of our voting interest was held by TBG Holdings N.V. (TBG), a Netherlands Antilles company, through shares held directly and through its indirect sole ownership of Urvanos Investments Limited, a Cyprus limited liability company (Urvanos). As of the Record Date, TBG s aggregate voting power was approximately 23%.

We do not face, and have not in the past faced, liabilities (including relating to environmental or health and safety matters) with respect to any properties, businesses or entities that are not part of our core business but are now or were historically owned by TBG or its affiliates, and we do not anticipate incurring such liabilities in the future. However, we cannot provide assurances that this will continue to be the case. We have entered into an agreement with TBG in which each party has agreed to provide certain indemnities to the other. This agreement generally provides that we will indemnify TBG for liabilities relating to our properties and core business, and that TBG will indemnify us for liabilities relating to any properties, businesses or entities that are now or were historically owned by TBG or its affiliates (other than our properties and core business).

Registration Rights Agreements

Tak Tent (F) Limited and Augustus Limited

The registration rights agreements that we entered into with Tak Tent (F) Limited and Augustus Limited, each of which received IHS Class A Common Stock in the reorganization of family trusts affiliated with TBG, expired during fiscal year 2009.

Urvanos

In connection with the reorganization of family trusts affiliated with TBG, we amended and restated an agreement that provides registration rights to Urvanos and its permitted transferees. At any time upon the written request of a holder, we will be required to use our best efforts to effect, as expeditiously as possible, the registration of all or a portion of a holder s Class A common stock, provided that the aggregate proceeds of the offering is expected to equal or exceed \$50 million. The holders under this agreement are entitled to four demand registrations. However, we will not be required to effect more than one demand registration within any twelve-month period, and we will have the right to preempt any demand registration with a primary registration, in which case the holders will have incidental registration rights. Under this agreement, a holder also has incidental rights to request that its shares be included in any registration of our Class A common stock, other than registrations on Form S-8 or Form S-4, registrations for our own account pursuant to Rule 415, or in compensation or acquisition related registrations.

The foregoing summaries do not include the full text or all of the terms and conditions contained in the registration rights agreement. A copy of the agreement is available for review as an exhibit to Company filings that you may access on the SEC website, www.sec.gov, or under the Investor Relations section of the IHS website, www.ihs.com.

Shareholder Proposals for the 2011 Annual Meeting

If a shareholder wishes to present a proposal to be included in our Proxy Statement for the 2011 Annual Meeting of Shareholders, the proponent and the proposal must comply with these instructions and the proxy proposal submission rules of the SEC. One very important requirement is that the proposal be received by the Corporate Secretary of IHS no later than **October 25, 2010**. Proposals we receive after that date will not be included in the Proxy Statement for the 2011 Annual Meeting. We urge shareholders to submit proposals by Certified Mail Return Receipt Requested.

A shareholder proposal not included in our proxy statement for the 2011 Annual Meeting will be ineligible for presentation at the 2011 Annual Meeting unless the shareholder gives timely notice of the proposal in writing to the Corporate Secretary of IHS at the principal executive offices of IHS:

IHS Inc.
Attn: Corporate Secretary
15 Inverness Way East
Englewood, CO 80112

In order to be timely under our Bylaws, notice of shareholder proposals related to shareholder nominations for the election of Directors must be received by the Corporate Secretary of IHS in the case of an annual meeting of the shareholders no later than the close of business on the 90th day nor earlier than the close of business on the 120th day prior to the anniversary date of the immediately preceding annual meeting of shareholders. If the next annual meeting is called for a date that is more than 30 days before or more than 70 days after that anniversary date, notice by the shareholder in order to be timely must be received not earlier than the close of business on the 120th day prior to such annual meeting or not later than the close of business on the later of the 90th day prior to such annual meeting or the tenth day following the day on which public announcement is first made by IHS of the date of such meeting.

If the number of Directors to be elected to the Board at an annual meeting is increased and IHS has not made a public announcement naming the nominees for the additional directorships at least 100 days prior to the first anniversary of the preceding year's annual meeting of shareholders, a shareholder's notice will be considered timely but only with respect to nominees for the additional directorships if it is delivered to the Corporate Secretary of IHS not later than the close of business on the tenth day following the day on which such public announcement is first made by IHS.

Shareholder nominations for the election of Directors at a special meeting of the shareholders must be received by the Corporate Secretary of IHS no earlier than the close of business on the 120th day prior to such special meeting and not later than the close of business on the later of the 90th day prior to such special meeting or the tenth day following the day on which public announcement is first made of the date of such special meeting and of the nominees proposed by the Board to be elected at such meeting.

A shareholder's notice to the Corporate Secretary must be in proper written form and must set forth information related to the shareholder giving the notice and the beneficial owner (if any) on whose behalf the nomination is made, including:

the name and record address of the shareholder and the beneficial owner;

the class and number of shares of the Company's capital stock which are owned beneficially and of record by the shareholder and the beneficial owner;

a representation that the shareholder is a holder of record of the Company's stock entitled to vote at that meeting and that the shareholder intends to appear in person or by proxy at the meeting to bring the nomination before the meeting; and

a representation as to whether the shareholder or the beneficial owner intends or is part of a group which intends to deliver a proxy statement or form of proxy to holders of at least the percentage of the Company's outstanding capital stock required to elect the

nominee, or otherwise to solicit proxies from shareholders in support of such nomination.

Table of Contents

As to each person whom the shareholder proposes to nominate for election as a Director, the notice must include:

all information relating to the person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of Directors pursuant to the Securities Exchange Act of 1934; and

the nominee's written consent to being named in the proxy statement as a nominee and to serving as a Director if elected. Notice procedures for shareholder proposals not related to Director nominations, in the case of an annual meeting of shareholders, are the same as the notice requirements for shareholder proposals related to Director nominations discussed above insofar as they relate to the timing of receipt of notice by the Secretary.

A shareholder's notice to the Corporate Secretary of IHS must be in proper written form and must set forth, as to each matter the shareholder and the beneficial owner (if any) proposes to bring before the meeting:

a description of the business desired to be brought before the meeting, the text of the proposal or business (including the text of any resolutions proposed for consideration and, if such business includes a proposal to amend the Company's Bylaws, the language of the proposed amendment), the reasons for conducting the business at the meeting and any material interest in such business of such shareholder and beneficial owner on whose behalf the proposal is made;

the name and record address of the shareholder and beneficial owner;

the class and number of shares of the Company's capital stock which are owned beneficially and of record by the shareholder and the beneficial owner;
