1 December 2010

**INVESTOR CONFERENCE    GROWTH AND CASH**

Prudential plc ( Prudential ) is today holding an investor conference in London. Group Chief Executive, Tidjane Thiam, will open the conference and his presentation will be followed by presentations from Prudential's four business units: Prudential Corporation Asia ( PCA ); Jackson National Life Insurance Company ( Jackson ) in the US; Prudential UK and Europe ( UK ); and M&G.

In his presentation, Tidjane Thiam will outline new growth and profitability objectives for Asia and new cash remittance objectives.

**Asia growth and profitability objectives\***

To double the 2009 value of IFRS life and asset management pre-tax operating profit in 2013 (2009: £465 million)

To double the 2009 value of new business profits in 2013 (2009: £713 million)

**Net cash remittance objectives\***

Asia to deliver £300 million of net cash remittance to the Group in 2013 (2009: £40 million)

Jackson to deliver £200 million of net cash remittance to the Group in 2013 (2009: £39 million)

UK to deliver £350 million of net cash remittance to the Group in 2013 (2009: £284\*\* million)

All business units to deliver cumulative net cash remittances of at least £3.8 billion over the period 2010 to end-2013. These net remittances are to be underpinned by a targeted level of cumulative underlying free surplus generation of £6.5bn over the same period (£1.5bn in 2010; and £5.0bn over 2011-13).

There will be no new information on current trading further to the Group's third quarter interim management statement announced on 10 November 2010.

Commenting on the investor conference and new objectives, Tidjane Thiam said:

Prudential aspires to be one of the winners in the post-financial crisis world, with all of our businesses performing strongly. Our strategy is sound and we continue to pursue it with the operating discipline that has delivered excellent results on all measures over a sustained period. Our value over volume approach ensures ongoing disciplined allocation of capital to the opportunities with the highest returns and shortest payback periods.

We delivered on our previous objective to double Asia new business profits between 2005 and 2009. I believe that the new objectives presented today are achievable given the Group's proven strategy and the growth and profitability potential of our chosen markets.

The objectives for Asia reflect our belief that Asia will continue to offer the highest growth and highest return opportunities for a generation or more. Market conditions in Asia continue to be positive, with Asian economies performing strongly in spite of a challenging global environment. Our material and powerful presence in the most attractive markets across Asia underpins our confidence that we will continue to maximise the opportunities in the region.

These new objectives demonstrate that Prudential is uniquely positioned, delivering both rapid, profitable growth in emerging markets and generating strong cashflows.

## Edgar Filing: PRUDENTIAL PLC - Form 6-K

- \* The objectives assume current exchange rates and a normalised economic environment consistent with the economic assumptions made by Prudential in calculating the EEV basis supplementary information for the half year ended 30 June 2010. They have been prepared using current solvency rules and do not prejudice the outcome of Solvency II, which remains uncertain.
- \*\* Representing the underlying remittances excluding the £150m impact of pro-active financing techniques used to bring forward cash emergence of the in-force book during the financial crisis.

The presentations will be made available on Prudential's corporate website over the course of the day.

**About Prudential plc**

Prudential plc is a company incorporated and with its principal place of business in England, and its affiliated companies constitute one of the world's leading financial services groups. It provides insurance and financial services through its subsidiaries and affiliates throughout the world. It has been in existence for over 160 years and has £309 billion in assets under management (as at 30 June 2010). Prudential plc is not affiliated in any manner with Prudential Financial, Inc, a company whose principal place of business is in the United States of America.

**Forward-Looking Statements**

This statement may contain certain forward-looking statements with respect to certain of Prudential's plans and its current goals and expectations relating to its future financial condition, performance, results, strategy and objectives. Statements containing the words believes, intends, expects, plans, seeks and anticipates, and words of similar meaning, are forward-looking. By their nature, all forward-looking statements involve risk and uncertainty because they relate to future events and circumstances which are beyond Prudential's control including among other things, UK domestic and global economic and business conditions, market related risks such as fluctuations in interest rates and exchange rates, and the performance of financial markets generally; the policies and actions of regulatory authorities, the impact of competition, inflation, and deflation; experience in particular with regard to mortality and morbidity trends, lapse rates and policy renewal rates; the timing, impact and other uncertainties of future acquisitions or combinations within relevant industries; and the impact of changes in capital, solvency or accounting standards, and tax and other legislation and regulations in the jurisdictions in which Prudential and its affiliates operate. This may for example result in changes to assumptions used for determining results of operations or re-estimations of reserves for future policy benefits. As a result, Prudential's actual future financial condition, performance and results may differ materially from the plans, goals, and expectations set forth in Prudential's forward-looking statements. Prudential undertakes no obligation to update the forward-looking statements contained in this statement or any other forward-looking statements it may make.
