BHP BILLITON SUCCESSFULLY COMPLETES A\$6.0 BILLION (US\$6.3 BILLION) OFF-MARKET BUY-BACK OF BHP BILLITON LIMITED SHARES

BHP Billiton today announced the successful completion of its off-market tender buy-back (Off-Market Buy-Back) of BHP Billiton Limited shares. The final transaction size of A\$6.0 billion (US\$6.3 billion) has enabled BHP Billiton Limited to buy back 147 million shares, which represents 4.4 per cent of the issued share capital of BHP Billiton Limited.

The final price for the Off-Market Buy-Back has been set at A\$40.85 per share, which represents a discount of 14 per cent to the market price of A\$47.4985 per share.¹ The final price has allowed BHP Billiton to purchase a significant amount of BHP Billiton Limited shares at a material discount to the market price. The Off-Market Buy-Back is expected to have a positive impact on BHP Billiton's earnings per share, cash flow per share and return on equity. As a result, the Off-Market Buy-Back is expected to benefit all BHP Billiton shareholders regardless of location, tax status or participation in the Off-Market Buy-Back.

BHP Billiton Group Executive and Chief Financial Officer, Alex Vanselow, said "We are pleased to have successfully completed this transaction, which returns capital to participating investors in an expeditious manner while maximising economic value for all our shareholders. When combined with our ongoing commitment to invest in high quality growth opportunities and our progressive dividend policy, today's announcement further demonstrates the disciplined and predictable manner in which we approach capital deployment.

BHP Billiton has now repurchased US\$7.8 billion worth of BHP Billiton Limited and BHP Billiton Plc shares under the capital management program that was reactivated on 16 November 2010 and expanded to US\$10 billion on 16 February 2011. Subject to market conditions, BHP Billiton expects that the US\$2.2 billion remaining on this program will be completed through further share buy-backs by the end of the 2011 calendar year.

Due to the strong demand for the Off-Market Buy-Back, a scale back of tenders was required. Subject to exclusions due to a minimum price condition, shareholders who tendered their shares at a 14 per cent discount and/or as final price tenders will have a priority allocation of 125 shares bought back before the scale back is applied. As a result of the 78.27 per cent scale back, successful shareholders will have 21.73 per cent of their shares tendered in excess of the priority allocation bought back.

To ensure that registered shareholders with small holdings are not disadvantaged, the scale back was structured so that successful shareholders who tendered all of their shares at a 14 per cent tender discount and/or as a final price tender and who would be left with 50 shares or less as a result of the priority allocation and scale back, will have all of their shares bought back in full.

For shareholders who have successfully tendered their shares, A\$40.57 of the Off-Market Buy-Back price is treated for Australian tax purposes as a fully franked dividend. For Australian capital gains tax purposes, the deemed capital proceeds are A\$9.31, being the A\$0.28 capital component plus A\$9.03, which is the excess of the tax value over the buy-back price.²

Payments to bank accounts and dispatch of cheques for shares bought back are expected to be completed on Monday, 18 April 2011. Shares that have been tendered into the Off-Market Buy-Back but not bought back are expected to be released to shareholders during Monday, 11 April 2011.

Shareholders who have any enquiries in relation to their tenders may contact the BHP Billiton buy-back enquiry line on 1300 612 584 within Australia, 0800 451 521 within New Zealand or +61 3 9415 4868 if calling from outside of Australia or New Zealand, or visit our website www.bhpbilliton.com.
