**PROXY STATEMENT**

for

Annual Meeting of Shareholders

To Be Held October 27, 2011

**INTRODUCTION**

Your proxy (the Proxy) is solicited by the Board of Directors of Techne Corporation (the Company) for use at the Annual Meeting of Shareholders to be held on October 27, 2011 and at any adjournment thereof, for the purposes set forth in the attached Notice of Annual Meeting. A Notice of Internet Availability of Proxy Materials was mailed to shareholders on or about September 15, 2011. For shareholders who had previously requested hard copies, the Notice of Annual Meeting, Proxy Statement, 2011 Annual Report to Shareholders and proxy card are being mailed on or about September 20, 2011.

If you are a shareholder of record, you can vote in person at the annual meeting or by Proxy. There are two ways to vote by Proxy. You can vote over the Internet at [www.proxyvote.com](http://www.proxyvote.com) or, if you received your proxy materials by mail, you can vote by completing, signing and dating the enclosed proxy card and returning it promptly in the envelope provided.

The cost of soliciting Proxies, including preparing, assembling and mailing the Proxies and soliciting material, will be borne by the Company. Directors, officers and regular employees of the Company may, without compensation other than their regular compensation, solicit Proxies personally or by telephone.

Proxies not revoked will be voted in accordance with the choice specified by shareholders by means of the ballot provided on the Proxy for that purpose. Proxies which are signed but which lack any such specification will, subject to the following, be voted in accordance with the Board's recommendations for the proposals set forth in the Notice of Annual Meeting and in favor of the number and slate of directors proposed by the Nominations and Governance Committee of the Board of Directors and listed herein. If a shareholder abstains from voting as to any matter, then the shares held by such shareholder shall be deemed present at the Annual Meeting for purposes of determining a quorum and for purposes of calculating the vote with respect to such matter, but shall not be deemed to have been voted in favor of such matter. Abstentions, therefore, as to any proposal, other than election of directors and the frequency of future named executive officer compensation votes, will have the same effect as votes against such proposal. If a shareholder withholds authority to vote for a particular director nominee, such withheld authority will not count as an affirmative vote for such nominee. Assuming that a quorum is present and Proposal #1 is approved by shareholders, the nine candidates for election that receive a plurality of the vote of the shares present and entitled to vote in the affirmative will be elected. If a quorum is present and Proposal #1 is not approved by shareholders, the eight candidates for election that receive a plurality of the vote of the shares present and entitled to vote in the affirmative will be elected. If a broker returns a non-vote Proxy, indicating a lack of voting instruction by the beneficial holder of the shares and a lack of discretionary authority on the part of the broker to vote on a particular matter, then the shares covered by such non-vote shall be deemed present at the Annual Meeting for purposes of determining a quorum, but shall not be deemed to be represented at the Annual Meeting for purposes of calculating the vote required for approval of such matter. You may revoke your Proxy by sending a written statement to that effect to the Corporate Secretary of the Company, submitting a properly signed proxy card with a later date, or filing a notice of termination of your Proxy and voting in person at the Annual Meeting. If you need directions to the Annual Meeting, please contact the Company at 612-379-8854. The mailing address of the Company's principal executive office is 614 McKinley Place N.E., Minneapolis, MN 55413.

The Company is providing shareholders an advisory vote on named executive compensation. This is a new item for our Annual Meeting in 2011. This vote is now required under Section 14A of the Securities Exchange Act of 1934 (the Exchange Act ).

Our Executive Compensation Committee has described our compensation philosophy in the Executive Compensation Discussion and Analysis contained in this Proxy Statement. Shareholders are urged to read the Executive Compensation Discussion and Analysis, which also discusses how the Company's compensation policies and procedures implement the Company's compensation philosophy, as well as the 2011 Summary Compensation Table and other related tables and narrative disclosure, that describe the compensation of the Chief Executive Officer, the Chief Financial Officer and the other named executive officer of the Company in fiscal 2011. The Executive Compensation Committee and the Board believe the policies and procedures articulated in the Executive Compensation Discussion and Analysis are effective in implementing the Company's compensation philosophy and in achieving its goals and that the compensation of the named executive officers in fiscal 2011 reflects and supports these compensation policies and procedures.

Shareholders are being asked to vote on the following resolution:

**RESOLVED**, the shareholders of Techne Corporation approve, on an advisory basis, the compensation of the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Executive Compensation Discussion and Analysis, compensation tables, and related disclosures contained in the executive compensation section of the Proxy Statement for the 2011 Annual Meeting of Shareholders.

This advisory vote on named executive officer compensation, commonly referred to as a say-on-pay advisory vote, is not binding on the Board. However, the Board and Executive Compensation Committee will take into account the result of the vote when determining future executive compensation arrangements.

**VOTE REQUIRED**

The Board recommends that you vote **FOR** the adoption of the resolution set forth in this Proposal #3. Under applicable Minnesota law and the Company's bylaws, this proposal requires the affirmative vote of the holders of the greater of (1) a majority of the voting power of the shares represented in person or by proxy at the Annual Meeting with authority to vote on such matter or (2) a majority of the voting power of the minimum number of shares that would constitute a quorum for the transaction of business at the Annual Meeting.

**ADVISORY VOTE ON FREQUENCY OF THE ADVISORY VOTE ON NAMED**

**EXECUTIVE OFFICER COMPENSATION**

**(PROPOSAL #4)**

The Company is providing shareholders an advisory vote on the frequency with which its shareholders will have the advisory say-on-pay vote on named executive officer compensation as provided for in Proposal #3 above. This is also a new item for the Annual Meeting in 2011. This vote is now required under Section 14A of the Exchange Act.

Shareholders may recommend that an advisory vote on name executive officer compensation be held annually, every second year, or every third year, or may abstain from making a recommendation. Although the vote on the frequency of future say-on-pay votes is not binding, the Board greatly values the input of the Company's shareholders and the Executive Compensation Committee will use the result of the vote as an important consideration when determining how frequently future say-on-pay votes will be held.

As discussed under the caption Executive Compensation Discussion and Analysis, the Company's compensation philosophy is to align the motivation and interests of the executives with the interests of the Company's shareholders. The Board has determined that an annual, or 1 Year, frequency for say-on-pay votes is the best approach for the Company. The Board believes that annual votes will provide the clearest and most useful feedback from shareholders to the Company and the Executive Compensation Committee in this important area, and will confirm the Company's commitment to frequent and transparent communications with investors.

**VOTE REQUIRED**

The Board recommends that shareholders select an annual frequency for conducting shareholder say-on-pay votes by voting for the **1 YEAR** option on this Proposal #4. Provided a quorum of at least a majority of the issued and outstanding stock is present (in person or by proxy), the alternative receiving the greatest number of votes relative to the votes cast for the other alternatives will be deemed the alternative recommended by the shareholders.

The shareholder vote on this proposal is advisory. Therefore, it will not be binding on the Company or the Board. Nevertheless, the Company highly values the opinion of its shareholders and will give significant weight to the advisory vote when determining how frequently future shareholder say-on-pay votes will be conducted.

## CORPORATE GOVERNANCE

### Code of Ethics and Business Conduct and Financial Fraud Hotline

The Company has adopted a Code of Ethics and Business Conduct, which is applicable to all directors, officers and employees of the Company. A copy is available for review at the Company's website, [www.techne-corp.com](http://www.techne-corp.com). The Company sponsors a financial fraud hotline that is available to all employees, operated on a confidential basis by a third party, and is supervised with full powers of investigation by the Audit Committee of the Board of Directors.

### Board Independence

The Board has determined that all of the Company's non-employee directors are independent as such term is defined in applicable law and regulations of the SEC and the Nasdaq Stock Market, LLC (Nasdaq). Mr. Oland is not independent based on his service as the Company's Chief Executive Officer and President. In making its independence determinations, the Board reviewed transactions and relationships between the director, or any member of his or her immediate family, and the Company and its subsidiaries based on information provided by the director, Company records and publicly available information.

### Board Leadership Structure

Currently, the Company's Chief Executive Officer, Mr. Oland, also serves as Chairman of the Board of Directors. The Board has determined that this structure is the most effective leadership structure for the Company. The Board believes that Mr. Oland is the director best situated to identify strategic opportunities for the Company and to focus the activities of the Board due to his full-time commitment to the business and his long tenure with the Company. The Board also believes that Mr. Oland's dual roles as Chairman of the Board and Chief Executive Officer promotes effective execution of the Company's business strategy and facilitates information flow between management and the Board. The Board has determined that maintaining the independence of a majority of directors helps maintain the Board's independent oversight of management and ensures that the appropriate level of independence is applied to all Board decisions. In addition, The Audit, Executive Compensation and Nominations and Governance Committees each consist entirely of independent directors.

In July 2010, the Board appointed Mr. O'Connell to be the Lead Director. Mr. O'Connell has been a member of the Board since 1985. His duties and responsibilities are determined by the Nominations and Governance Committee of the Board, and include, but are not limited to, presiding at executive sessions of the Board and working with the Chairman of the Board to set Board agendas.

### Risk Oversight

Risk is an integral part of Board and Committee deliberations throughout the year. The Company's Board administers its risk oversight function directly and through its Committees. The Audit Committee has oversight responsibility with respect to the Company's financial risk assessment and financial risk management. The Audit Committee meets regularly with management and the Company's independent auditors to review the Company's risk exposures, the potential financial impact those risks may have on the Company, the steps management takes to address those risks, and how management monitors emerging risks. With respect to the Company's compensation plans and programs, the Executive Compensation Committee structures such plans and programs to balance risk and reward, while mitigating the incentive for excessive risk taking by the Company's executive officers and employees. The Executive Compensation Committee has concluded that the Company's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company. The Nominations and Governance Committee oversees the management of risks associated with the composition and independence of the Company's Board. The full Board has oversight responsibility for all other risks, such as strategic, technology and operational risks.

## Directors Meetings and Committees

The Company's Board of Directors has three standing Committees: the Audit Committee, the Executive Compensation Committee and the Nominations and Governance Committee. All members of all Committees are independent as such term is defined in applicable law and regulations of the SEC and Nasdaq. In addition, all members of the Audit Committee meet the additional independence standards applicable to its members. The Company also has a Scientific Subcommittee, which was formed to advise the Board regarding research strategies, the scientific merit of technology or products involved in licensing and acquisition opportunities and emerging science and technology issues, as well as meet with and mentor key scientific employees. Members of the Scientific Subcommittee are Dr. Dinarello (Chair) and Drs. Lucas, Steer, Holbrook and Nusse.

The Board and Audit Committee have scheduled meetings each quarter prior to the Company's quarterly earnings release and may, from time-to-time, hold additional meetings. The Executive Compensation Committee and the Nominations and Governance Committee meet during the year as needed. During fiscal 2011, the Board held seven meetings, the Audit Committee held six meetings, the Executive Compensation Committee held two meetings, and the Nominations and Governance Committee met once. Each director attended 75% or more of the total number of meetings of the Board and Committees of which he or she was a member, with the exception of Dr. Dinarello, who attended five of eight meetings. Each of the directors attended 75% or more of the regularly scheduled quarterly meetings. Executive sessions of independent directors (meetings of outside directors without any member of management present) are held in conjunction with regularly scheduled meetings of the Board. It is the policy of the Company that all directors should attend the Company's annual meeting of shareholders. All incumbent members, with the exception of Dr. Nusse, attended the annual meeting in 2010.

The Audit Committee, whose members are Mr. Baumgartner (Chair), Mr. O'Connell, Dr. Steer and Mr. Higgins, operates under a written charter established by the Company's Board of Directors. A copy of the charter is available for review at the Company's website, [www.techne-corp.com](http://www.techne-corp.com). The Audit Committee is responsible for the appointment and supervision of the Company's independent registered public accounting firm and for reviewing the Company's internal audit procedures, the quarterly and annual financial statements of the Company and the results of the annual audit. The Audit Committee also pre-approves all related party transactions, establishes and oversees the implementation of the Company's cash investment policy and monitors the Company's financial fraud hotline. The Board of Directors has determined that for fiscal 2011 all Audit Committee members are audit committee financial experts as such term is defined in Section 407 of the Sarbanes-Oxley Act and Item 407(d)(5) of Regulation S-K, and all such members are independent under applicable law and regulations of the SEC and Nasdaq. The Audit Committee's report is included in this Proxy Statement.

The Executive Compensation Committee, whose members are Dr. Steer (Chair), Mr. O'Connell, Mr. Baumgartner and Mr. Higgins, determines compensation for executive officers of the Company. The Executive Compensation Committee operates under a written charter. A copy of the charter is available for review at the Company's website, [www.techne-corp.com](http://www.techne-corp.com). The Executive Compensation Committee establishes both overall policies for executive compensation and reviews the performance of the executive officers. The Executive Compensation Committee works with Mr. Oland, the Chief Executive Officer of the Company, to establish performance goals for the other executive officers and, acting independently, establishes the performance goals for Mr. Oland. The Executive Compensation Committee determines the annual base compensation of all executive officers and awards bonuses, both cash and equity, to all executive officers based on performance. The Executive Compensation Committee's report is included in this Proxy Statement.

The Nominations and Governance Committee, chaired by Dr. Holbrook, is composed of all independent directors, which are currently all directors except Mr. Oland. The Nominations and Governance Committee operates under a written charter. A copy of the charter is available for review at the Company's website, [www.techne-corp.com](http://www.techne-corp.com). The functions of the Nominations and Governance Committee are to recruit well-qualified candidates for the Board, select persons to be proposed in the Company's proxy statement for election as directors at annual meetings of shareholders, and establish governance standards and procedures to support and enhance the performance and accountability of management and the Board. The Nominations and Governance Committee assesses the appropriate size of the Board of Directors, and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Nominations and Governance Committee considers various potential candidates for director. Candidates may come to the attention of the Nominations and Governance Committee through current members of the Board of Directors, professional search firms, shareholders or other persons and may be considered at any point during the year.

The Nominations and Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. Candidates for the Board are considered and selected on the basis of outstanding achievement in their professional careers, experience, wisdom, personal and professional integrity, their ability to make independent, analytical inquiries, and their understanding of the business environment. Candidates must have the experience and skills necessary to understand the principal operational and functional objectives and plans of the Company, the results of operations and financial condition of the Company, and the position of the Company in its industry. Candidates must have a perspective that will enhance the Board's strategic discussions and be capable of and committed to devoting adequate time to Board duties. While the Company does not have a formal diversity policy for board membership, the Company seeks directors who represent a mix of backgrounds and experiences that will enhance the quality of the Board of Directors' deliberations and decisions. The Nominations and Governance Committee considers, among other factors, diversity with respect to perspectives, backgrounds, skills and experience in its evaluation of candidates for board membership. Such diversity considerations are discussed by the Nominations and Governance Committee in connection with the general qualifications of each potential nominee. The Nominations and Governance Committee will consider all nominees for director recommended by shareholders of the Company, applying the same criteria as is used for nominees recommended by other sources. Recommendations may be sent to the Nominations and Governance Committee at the Company's address: 614 McKinley Place N.E., Minneapolis, MN 55413.

The Nominations and Governance Committee has recommended to shareholders the re-election of the incumbent directors of the Company.

#### **Executive Compensation Committee Interlocks and Insider Participation**

The Executive Compensation Committee consists of Dr. Steer (Chair), Mr. O'Connell, Mr. Baumgartner and Mr. Higgins. None of the members of the Executive Compensation Committee was an officer or employee of the Company during fiscal 2011, or was formerly an officer of the Company. None of the members of the Executive Compensation Committee had any relationship requiring disclosure as a related party transaction. No executive officer of the Company during fiscal 2011 served on the Executive Compensation Committee or the board of any company that employed any member of the Company's Executive Compensation Committee or Board of Directors.

#### **Related Party Transactions**

In accordance with the Audit Committee Charter, the Audit Committee reviews and approves all related party transactions involving the Company's directors and executive officers or their immediate family members to determine whether such transactions meet applicable legal requirements and are appropriately disclosed in the Proxy. The Company has not implemented a written policy concerning the review of related party transactions, but reviews transactions between the Company and its directors and executive officers, their immediate family members and their affiliated entities that are not in the ordinary course of business. In addition, all directors and executive officers of the Company are subject to the Company's Code of Ethics and Business Conduct Policy, which requires the directors and executive officers to inform the Company's legal counsel of any existing or proposed relationship or business transaction that could be, or might appear to be, a conflict of interest. Any reported transactions would be brought to the attention of the Audit Committee for review and disposition.

In the course of its review and approval of a related party transaction, the Audit Committee considers the material terms of the transaction, the importance of the transaction to the related person, the importance of the transaction to the Company, whether the transaction would impair the judgment of a director or executive officer to act in the best interest of the Company and any other matters the Audit Committee deems appropriate.

During fiscal 2011, Mr. Oland's daughter, Paige Jensen, Ph.D., J.D., served as the Company's Associate General Counsel. Dr. Jensen was originally hired by the Company after approval by the Executive Compensation Committee. Dr. Jensen's base salary for fiscal 2011 was \$117,000. The Company also provided Dr. Jensen with medical and other benefits generally available to all Company employees. Dr. Jensen is not an executive officer of the Company.

### Shareholder Communications with Directors

Unless other distribution is specified, the communication will be forwarded to the entire Board. The communication will not be opened before being forwarded to the intended recipient, but it will go through normal security procedures.

- (1) Amounts consist of the annual retainer and meeting fees for services as members of the Company's Board of Directors. For further information concerning such fees, see information following this table.
- (2) Amounts represent the total fair value of equity-based compensation for stock option awards granted in fiscal 2011 calculated in accordance with the Financial Accounting Standards Board's Accounting Standards Codification (ASC) Topic 718. Assumptions used in the calculation of these amounts are described in Note J to the Company's audited financial statements for the fiscal year ended June 30, 2011, included in the Company's Annual Report on Form 10-K that was filed with the SEC on August 29, 2011. Pursuant to the Company's 2010 Equity Incentive Plan, each of the above directors received an automatic option grant for 5,000 shares of Company Common Stock on the date of the 2010 Annual Shareholder Meeting. Fees for non-employee directors include \$25,000 per year for service on the Board and Committees of the Board. Directors are paid an additional \$1,000 for each meeting of the Board other than its regularly scheduled quarterly meetings and for each meeting of a Committee on which the director serves other than Committee meetings held in conjunction with a meeting of the full Board. If appointed to the Board or retired during the fiscal year, the non-employee director receives a prorated annual fee.

Under the Company's 2010 Equity Incentive Plan, non-employee directors automatically receive options to purchase 5,000 shares of Company Common Stock upon each re-election to the Board. The options have a term of 10 years and vest immediately. ## **EXECUTIVE COMPENSATION DISCUSSION AND ANALYSIS**

### **Executive Compensation Committee Report**

The Executive Compensation Committee of the Board of Directors (the "Committee") is responsible for reviewing and approving total compensation programs and levels for the Company's Chief Executive Officer and its executive officer group, which includes the named executive officers shown in the 2011 Summary Compensation Table below. The Committee's responsibilities are specified in the Executive Compensation Committee Charter.

The Committee reviewed and discussed the Executive Compensation Discussion and Analysis below with management. Based on the Committee's review and its discussions with management, the Committee recommended to the Board of Directors that the Executive Compensation Discussion and Analysis be included in the Company's Proxy Statement for the 2011 Annual Meeting.

Members of the Executive Compensation Committee

### **Overview**

The Executive Compensation Committee of the Board of Directors is responsible for establishing the compensation programs of the Company's Chief Executive Officer and other executive officers, including but not limited to the executive officers named in the summary compensation table of this Proxy Statement. The Committee participates in the consideration and employment of prospective executive officers of the Company. The Committee also administers the Company's stock option plans and has the authority to grant options to purchase shares of the Company's Common Stock, and to determine all terms and conditions of such options.

## Compensation Objectives

The Executive Compensation Committee has designed the compensation packages of the Company's executive officers to achieve the following objectives:

to recruit and retain highly qualified executive officers by offering overall compensation that is competitive with that offered for comparable positions in the local market;

to motivate executives to achieve important business and individual performance objectives and to reward them when such goals are met (pay for performance); and

to align the interest of executive officers with the long-term interest of shareholders through participation in the Company's stock option plans.

The Executive Compensation Committee is responsible for assuring that compensation for the executive officers is consistent with the Company's compensation philosophy. The Executive Compensation Committee reviews the compensation philosophy and trends in the local market to ensure that the executive compensation program is competitive and attracts and retains talented management, motivates the executives to achieve short-term and long-term corporate objectives, and aligns the motivation and interests of the executives with the interests of the Company's shareholders. The Executive Compensation Committee also administers the Company's equity-based compensation and performance-based bonus plan for the executive officers. The Executive Compensation Committee reviews and approves each executive's base pay, bonus, and equity incentives annually.

The Committee views the various components of its compensation program as related, but distinct. Although the Executive Compensation Committee does review and consider total compensation for each executive officer as a whole, it does not believe that significant compensation derived from one component should necessarily negate or reduce compensation from other components. The Committee determines the appropriate level for each compensation component based on overall compensation objectives. The Executive Compensation Committee has not adopted any policies or guidelines for allocating compensation among the different elements of the compensation program.

The Company's Executive Compensation Committee has not historically retained a compensation consultant in connection with its decisions and did not utilize consultants in establishing fiscal 2011 executive compensation. The Executive Compensation Committee also does not compare the compensation of the Company's executives to any industry peer group because the Company's competitors are either privately-held or subsidiaries or divisions of large publicly-held companies that have complex and substantially more generous executive compensation programs for their executive officers. Although the Executive Compensation Committee uses local comparative data from a variety of industries to evaluate base salaries and total compensation, it is not a material component of its decision-making process. This comparative data is derived from locally-published business journals and newspaper reports that annually measure and rank compensation levels of chief executive and financial officers for public companies of various industries in the Company's geographical region.

At the beginning of each fiscal year, the Executive Compensation Committee assesses the base compensation and the potential compensation that the named executive officers could earn by achieving the Company's financial targets and their individual personal goals. As part of this assessment, the Chief Executive Officer makes recommendations to the Executive Compensation Committee regarding the base compensation to be paid to the executive officers that report to him. Such recommendations take into account internal pay equity, position within an internal compensation range, changes in responsibilities, local compensation levels for similar positions in all industries and duties and other factors the Chief Executive Officer considers important in establishing competitive compensation for the executives that report to him. Among these other factors is a philosophy that there should be a reasonable relationship between executive salaries and the average employee or mid-level manager salaries within an organization; the percentage increase in base salary for executives should not be greater than the percentage increase paid to a company's other employees; executive bonuses should be based on performance; and incentives should be long-term equity-based arrangements that are tied to the long-term improvements in financial results and appreciation in the Company's stock price.

In making the final decisions regarding the type and amount of compensation to be paid to the named executive officers, the Executive Compensation Committee not only considers the Chief Executive Officer's recommendations but also conducts an independent review of local comparative data for all industries, considers internal pay equity and responsibilities and makes its own assessment as to the type and amount of compensation to be paid.

The Executive Compensation Committee does not target a particular percentile range for the base salaries or total compensation for the Company's named executive officers, but typically approves compensation that is conservative compared to local data among a variety of industries. The Company's compensation for its executives has been historically among the lowest among local public companies, including many that are smaller and less profitable than the Company. The Executive Compensation Committee feels that the compensation is, nevertheless, competitive due to the benefits and equity incentive plans available to all of the Company's employees. Although the Executive Compensation Committee considers the compensation levels implied by comparative data derived from locally published executive compensation reports, such comparative data is only one factor considered in the overall compensation decision-making process and is not a material factor. The Company's Chief Executive Officer waived an increase in his base compensation for fiscal years 2007 through 2009 and 2011 through 2012. No increase in base compensation was given to any named executive officer for fiscal 2010 as a result of a company-wide freeze on salary increases for all employees with annual salaries over \$100,000.

#### **Role of the Chief Executive Officer in Compensation Decisions**

During meetings with the Executive Compensation Committee held each year, the Company's President and Chief Executive Officer presents to the Committee recommendations regarding compensation for the executive officers (other than himself). The Committee discusses the recommendations and accepts or adjusts them, in whole or in part. The executive officers are not present during the Committee's final discussion and determination of their compensation.

#### **Elements of the Compensation Program**

The Company's executive compensation program is comprised of base salaries, annual performance bonuses comprised of both cash and stock option components, and various benefits, including the Company's Profit Sharing and Savings Plan and Stock Bonus Plan in which all qualified employees of the Company participate. In addition, the Executive Compensation Committee from time to time may award special cash bonuses or stock options related to non-recurring, extraordinary performance. The Executive Compensation Committee typically also awards stock options upon hiring of a new executive officer.

*Base salary.* Base salaries are paid to compensate the named executive officers for their normal day-to-day responsibilities. A competitive base salary is provided to each executive officer recognizing the skills and experience each individual brings to the Company, the length of time with the Company and the performance contributions each makes. Salaries are reviewed on an annual basis and are made in connection with annual performance reviews. In July 2011, the Executive Compensation Committee approved base salaries of \$315,000 for Mr. Melsen and \$200,000 for Mr. Veronneau for fiscal 2012. Mr. Oland waived an increase in his base compensation for fiscal 2012 and will again receive annual base compensation of \$254,100.

*Performance-based bonus plan.* Under the Company's Executive Officer's Incentive Bonus Plan put into effect for fiscal 2011, each executive officer may earn a potential cash bonus of up to 40% of his or her annual salary. The eligible cash bonus each executive officer could earn for fiscal 2011 was: Mr. Oland - \$101,640, Mr. Melsen - \$116,000 and Mr. Veronneau - \$74,000. In addition to the cash bonuses, each executive officer earns stock options with a fair value equal to the amount of his cash bonus.

The plan provides that 70% of each named executive officer's cash bonus is based upon the percentage of increase in consolidated revenues and net earnings from the prior fiscal year and 30% of the bonus is based upon achievement of qualitative personal goals set for each named executive officer. The Executive Compensation Committee believes this bonus plan focuses the executives on sustaining high quality revenue growth, bringing new products to market, increasing market share and expanding market presence, as well as balancing increased research and development with expense control.

The Company's fiscal 2011 consolidated net sales and net earnings were \$290 million and \$112 million, respectively, increases of 7.77% and 2.30%, respectively, from fiscal 2010. A weighting factor of 0.5 is applied to the consolidated revenue increase and a weighting factor of 1.0 is applied to the consolidated net earnings increase in calculating the cash portion of the executive officers' bonuses. The Executive Compensation Committee therefore determined that based on the Company's consolidated results, each executive officer earned a cash bonus of 6.19% of his base salary for fiscal 2011. As the 6.19% bonus equates to 70% of the total cash bonus for fiscal 2011, the maximum cash bonus percentage for fiscal 2010 was 8.84% (6.19% cash bonus from financial results / 70% = 8.84%). Therefore, the maximum cash bonus each executive officer could earn based on achievement of 100% of his personal goals is 2.65% of his base salary (8.84% total cash bonus less 6.19% cash bonus from financial results).

The personal goals for the named executive officers are generally qualitative in nature and position-specific. These personal goals are established annually by the Executive Compensation Committee taking into account each executive's responsibilities at the Company and the recommendations of the Chief Executive Officer as to the executives who report to him. Following each fiscal year end, the Executive Compensation Committee assesses the achievement of the personal goals by each named executive officer, which assessment includes the recommendations of the Chief Executive Officer as to the achievement of the personal goals of the executives who report to him.

The personal goals set for fiscal 2011 for Mr. Oland related to:

accomplishment of the Company's strategic objectives;

succession planning;

leadership development; and

personnel matters.

Mr. Oland waived any cash bonus for fiscal 2011.

The personal goals set for fiscal 2011 for Mr. Melsen related to:

objectives within the information systems function, including transition of departmental leadership, improvement of service levels and reduction in consulting costs;

the management of BiosPacific, Inc., the Company's sales subsidiary that services diagnostic customers, including succession planning and achievement of financials goals;

objectives within the research and development function, including administrative support, analysis of economic opportunities and communication and enhancement of knowledge regarding Company products and processes; and

objectives within the accounting and finance and facilities functions, including leadership development and operational efficiencies. The Executive Compensation Committee, with input from the Chief Executive Officer, determined that Mr. Melsen met 87% of his personal goals and, therefore, earned an additional cash bonus of 2.30% of his base salary (87% of personal goals achieved times 2.65%). Mr. Melsen's total cash bonus for fiscal 2011 was \$24,624 (8.49% of his base salary of \$290,000).

The personal goals set for fiscal 2011 for Mr. Veronneau related to the management of the Company's hematology segment, including:

the achievement of division sales and pre-tax earnings goals of \$19.02 million and \$6.73 million, respectively;

the introduction of new hematology products;

the improvement of quality control programs;

regulatory compliance; and

facility and personnel matters.

The Executive Compensation Committee, with input from the Chief Executive Officer of the Company, determined that Mr. Veronneau met 81% of his personal goals and, therefore, earned an additional cash bonus of 2.14% of his base salary (81% of personal goals achieved times 2.65%). Mr. Veronneau's total cash bonus for fiscal 2011 was \$15,414 (8.33% of his base salary of \$185,000).

In addition to the above cash bonuses, each executive officer earns stock options with a fair value equal to the amount of his cash bonus. The number of options each executive officer receives is calculated based on his cash bonus divided by the fair value of the options on the date of grant, calculated in accordance with FASB ASC Topic 718. The stock option grant date is the date the Executive Compensation Committee determines the officer's cash bonus amount based on financial results and the achievement of individual qualitative personal goals. The stock options vest immediately with an exercise price equal to the closing price of the Company's stock on the date of grant. The stock options earned for fiscal 2011 were granted to the executive officers on July 28, 2011 under the Company's 2010 Equity Incentive Plan. The fair value of the stock options on the grant date was determined to be \$13.65 per share. Therefore, Mr. Melsen was granted stock options for 1,803 shares of stock (\$24,624 cash bonus divided by \$13.65) and Mr. Veronneau was granted stock options for 1,129 shares of stock (\$15,414 cash bonus divided by \$13.65). The exercise price of the stock options is \$76.15 per share.

*Other compensation.* The Company provided medical and insurance benefits to its executive officers, which are the same as those generally available to all Company employees. The Company has a Profit Sharing and Savings Plan and a Stock Bonus Plan in which all qualified employees, including executive officers, participate subject to statutory limitations on contributions for highly compensated individuals. The amount of the Company's contribution to the plans is based on the increase in revenues and after-tax earnings from the prior fiscal year. For fiscal 2011, the profit sharing percentage was approximately 5.00%. The Company contributed to each of the Profit Sharing and Savings Plan and the Stock Bonus Plan an amount equal to 2.50% of total gross wages, respectively. The contribution to the Stock Bonus Plan is in the form of Company common stock. The Company does not provide any other significant perquisites or executive benefits to its named executive officers.

### **Accounting and Tax Treatment**

The Company accounts for equity-based compensation paid to employees under FASB ASC Topic 718, which requires the Company to estimate and record an expense over the service period of an option award. Thus, the Company may record an expense in one year for awards granted in earlier years. Accounting rules also require the recording of cash compensation as an expense at the time the obligation is accrued.

Section 162(m) of the Internal Revenue Code of 1986 generally disallows a tax deduction to public companies for compensation in excess of \$1 million paid to a company's chief executive officer and three other most highly-paid executive officers (other than its chief financial officer). Qualifying performance-based compensation is not subject to the deduction limitation if certain requirements are met. Because the potential amount of base salary and non-equity-based incentive compensation that the executive officers can earn is less than \$1 million, Section 162(m) has not been material to Executive Compensation Committee decisions.

#### **COMPLIANCE WITH SECTION 16(A) OF THE EXCHANGE ACT**

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's executive officers and directors, and persons who own more than 10 percent of the Company's Common Stock, to file with the SEC initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Officers, directors, and greater than 10 percent shareholders (Insiders) are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based on a review of the copies of such reports furnished to the Company, during the fiscal year ended June 30, 2011, all Section 16(a) filing requirements applicable to Insiders were met.

#### **SHAREHOLDER PROPOSALS**

Any appropriate proposal submitted by a shareholder of the Company and intended to be presented at the 2012 Annual Meeting must be received by the Company at its offices by May 18, 2012 to be eligible for inclusion in the Company's Proxy Statement and related Proxy for the 2012 Annual Meeting. For a discussion of policies and procedures related to shareholder recommendations of candidates for director, please see the section on the Nominations and Governance Committee discussed previously under Directors' Meetings and Committees.

Also, if a shareholder proposal intended to be presented at the 2012 Annual Meeting but not included in the Company's Proxy Statement and Proxy is received by the Company after August 1, 2012, then management named in the Company's Proxy for the 2012 Annual Meeting will have discretionary authority to vote the shares represented by such Proxies on the shareholder proposal, if presented at the meeting, without including information about the proposal in the Company's proxy materials.

#### **OTHER BUSINESS**

The Board of Directors knows of no other matters to be presented at the Annual Meeting. If any other matter does properly come before the Annual Meeting, the appointees named in the Proxies will vote the Proxies in accordance with their best judgment.

#### **HOUSEHOLDING**

The SEC has adopted rules that permit brokers, banks and other nominees to satisfy the delivery requirements for proxy statements and annual reports, with respect to two or more shareholders sharing the same address and who do not participate in electronic delivery of proxy materials, by delivering a single copy of such documents addressed to those shareholders. This process, which is commonly referred to as householding, potentially means extra convenience for shareholders and cost savings for companies.

Brokers, banks and other nominees may be householding Techne Corporation proxy materials. This means that only one copy of proxy materials may have been sent to multiple shareholders in a household. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement and annual report from the other shareholder(s) sharing your address, please (i) notify your broker, bank or other nominee, (ii) direct your written request to Investor Relations, Techne Corporation, 614 McKinley Place N.E., Minneapolis, MN 55413 or (iii) contact Techne Investor Relations at (612) 379-8854. The Company will undertake to deliver promptly, upon any such oral or written request, a separate copy of the proxy materials to a shareholder at a shared address to which a single copy of these documents was delivered. Shareholders who currently receive multiple copies of proxy materials at their address and would like to request householding of their communications should notify their broker, bank or other nominee, or contact Investor Relations at the above address or phone number.

#### **ANNUAL REPORT**

A copy of the Company's Annual Report to Shareholders for the fiscal year ended June 30, 2011, including consolidated financial statements, accompanies this Notice of Annual Meeting and Proxy Statement. No portion of the Annual Report is incorporated herein or is to be considered proxy-soliciting material.

THE COMPANY WILL FURNISH WITHOUT CHARGE A COPY OF ITS ANNUAL REPORT ON FORM 10-K FOR THE FISCAL YEAR ENDED JUNE 30, 2011, TO ANY SHAREHOLDER OF THE COMPANY UPON WRITTEN REQUEST. REQUESTS SHOULD BE SENT TO PRESIDENT, TECHNE CORPORATION, 614 MCKINLEY PLACE N.E., MINNEAPOLIS, MINNESOTA 55413.

Dated: September 15, 2011
