*Senior Notes*

On December 13, 2011, IDEX Corporation. (the Company ) completed a public offering of \$350 million in aggregate principal amount of its 4.200% Notes due 2021 (the Notes ). The offering of the Notes was registered under an effective Registration Statement on Form S-3 (Registration No. 333-170890), dated December 1, 2010; and supplemented by a Prospectus Supplement dated December 8, 2011. The Notes were issued pursuant to an indenture, dated as of December 6, 2010 (the Base Indenture ), between the Company and Wells Fargo Bank, National Association, as trustee (the Trustee ), as supplemented by the second supplemental indenture, dated as of December 13, 2011 (the Supplemental Indenture ) and, together with the Base Indenture, the Indenture ), between the Company and the Trustee.

The net proceeds from the offering of approximately \$346.0 million, after deducting the underwriting discount and estimated offering expenses of approximately \$800,000 payable by the Company, will be used to repay \$306 million of outstanding indebtedness under the Company s \$700 million domestic, multi-currency bank revolving credit facility (the Credit Facility ). The balance of the net proceeds will be used for general corporate purposes, which may include strategic acquisitions that complement the Company s business model.

The Notes will bear interest at a rate of 4.200% per annum, which shall be payable semi-annually in arrears on each June 15 and December 15, beginning June 15, 2012. The Notes will mature on December 15, 2021. The Company may redeem all or part of the Notes at any time prior to maturity at the redemption prices set forth in the Supplemental Indenture.

The Company may issue additional debt from time to time pursuant to the Indenture. The Indenture and Notes contain covenants that limit the Company s ability to, among other things, incur certain liens securing indebtedness, engage in certain sale-leaseback transactions, and enter into certain consolidations, mergers, conveyances, transfers or leases of all or substantially all the Company s assets. The terms of the Notes also require the Company to make an offer to repurchase Notes upon a change of control triggering event (as defined in the Supplemental Indenture) at a price equal to 101% of their principal amount plus accrued and unpaid interest, if any.

The Notes rank (i) equal in right of payment to all of the Company s existing and future senior unsecured indebtedness, (ii) senior in right of payment to all of the Company s existing and future subordinated indebtedness, (iii) effectively subordinated in right of payment to the Company s future secured indebtedness to the extent of the value of the Company s assets and the assets of its subsidiaries securing such obligations. The notes are not guaranteed by any of the Company s subsidiaries and are therefore structurally subordinated in right of payment to all of the existing and future indebtedness and other liabilities of the Company s subsidiaries.

The foregoing description of the material terms of the Notes is qualified in its entirety by the Indenture, incorporated herein by reference. A copy of the Supplemental Indenture is attached hereto as Exhibit 4.1. The Base Indenture was filed as Exhibit 4.1 to the Company s Current Report on Form 8-K, dated December 1, 2010.

*Underwriting Agreement*

Morgan Securities LLC, Merrill Lynch, Pierce, Fenner & Smith Incorporated and Wells Fargo Securities, LLC, as representatives of the several underwriters named therein (the Underwriters ), in connection with the issuance and sale by the Company of the Notes. Pursuant to the Underwriting Agreement and subject to the terms and conditions expressed therein, the Company agreed to sell the Notes to the Underwriters, and the Underwriters agreed to purchase the Notes for resale to the public.

The Underwriting Agreement includes customary representations, warranties and covenants by the Company. It also provides for customary indemnification by each of the Company and the Underwriters party to the Underwriting Agreement against certain liabilities arising out of or in connection with sale of the Notes, and for customary contribution provisions in respect of those liabilities. Affiliates of certain underwriters are lenders under the Company s Credit Facility and, as such, may receive a portion of the proceeds from the sale of the Notes. From time to time in the ordinary course of their respective businesses, certain of the Underwriters and their affiliates have engaged in and may in the future engage in commercial banking, derivatives and/or financial advisory, investment banking and other commercial transactions and services with the Company and its affiliates for which they have received or will receive customary fees and commissions.

The foregoing description of the material terms of the Underwriting Agreement is qualified in its entirety by reference to the Underwriting Agreement, which is attached hereto as Exhibit 1.1 and incorporated herein by reference.
