**Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant**

On December 21, 2011, with regulatory approval, New Peoples Bankshares, Inc. ( Company ) extended until June 30, 2012 the maturity of loans totaling \$5.45 million (director loans) previously made to the Company by two Company directors, Harold Lynn Keene and B. Scott White and which otherwise would have been due and payable on December 31, 2011. The director loans are unsecured and have a stated maturity of June 30, 2012 with interest payable at maturity or conversion at the variable rate equal to the Wall Street Journal prime rate which was 3.25% on December 21, 2011. The Company is obligated to convert the director loans into the Company s common stock if, before the stated maturity, the Company conducts an offering of its common stock. If converted as part of an offering the director loans must be converted into common stock on the same terms, including the price per share and with the same rights as offered in the offering. If the Company does not conduct an offering prior to the stated maturity, the Company has the option, but not the obligation, to convert the director loans into shares of its common stock within 30 days of the stated maturity at a price per share to be established by the Company s Board of Directors. The Company believes this indebtedness is on more favorable terms to the Company than could be obtained from unrelated parties. The Company s total indebtedness to Director White is \$2.8 million plus accrued interest and to Director Keene, \$2.65 million plus accrued interest as disclosed in our December 31, 2010 Form 10-K and our 8-K on March 17, 2011.
