If you hold your shares of common stock in more than one account, you will receive a proxy card for each account. To ensure that all of your shares are voted, please sign, date and return the proxy card for each account. You should vote all of your shares of common stock.

How Will My Proxy Be Voted?

If you use the telephone or Internet voting procedures or duly complete, sign and return a proxy card to authorize the named proxies to vote your shares, your shares will be voted as specified. If your proxy card is signed but does not contain specific instructions, your shares will be voted as recommended by our board of directors: FOR the election of the nominees for directors set forth herein, FOR ratification of the appointment of the independent registered public accounting firm and FOR approval of the executive compensation. In addition, if other matters come before the Annual Meeting, the persons named as proxies in the proxy card will vote in accordance with their best judgment with respect to such matters.

Even if you plan on attending the Annual Meeting, we urge you to vote now by giving us your proxy. This will ensure that your vote is represented at the Annual Meeting. If you do attend the Annual Meeting, you can change your vote at that time, if you then desire to do so.

If My Shares Are Held in Street Name, How Will My Broker Vote?

If your brokerage firm, bank, broker-dealer or other similar organization is the holder of record of your shares (that is, your shares are held in street name), you will receive voting instructions from the holder of record. You must follow these instructions in order for your shares to be voted. Your broker is required to vote those shares in accordance with your instructions. If you do not give instructions to your broker, your broker will not be able to vote your shares with respect to the election of directors (Proposal 1) or the advisory vote to approve executive compensation (Proposal 3), but may vote your shares in its discretion with respect to the ratification of the appointment of the independent registered public accounting firm (Proposal 2). **We urge you to instruct your broker or other nominee how to vote your shares by following those instructions.**

May I Revoke My Proxy?

Table of Contents

Will My Vote be Confidential?

It is our policy to keep confidential all proxy cards, ballots and voting tabulations that identify individual shareholders, except as may be necessary to meet any applicable legal requirements and, in the case of any contested proxy solicitation, as may be necessary to permit proper parties to verify the propriety of proxies presented by any person and the results of the voting. The independent inspector of election and any employees involved in processing proxy instructions and cards or ballots and tabulating the vote are required to comply with this policy of confidentiality.

How Many Votes are Needed to Approve a Proposal?

Election of Directors (Proposal 1). Directors are elected by a plurality of votes cast. This means that the three nominees for election as directors who receive the greatest number of votes cast by the holders of our common stock entitled to vote at the meeting, a quorum being present, will become directors.

Selection of our Independent Registered Public Accounting Firm (Proposal 2); Advisory Vote to Approve Executive Compensation (Proposal 3). An affirmative vote of the holders of a majority of the voting power of our common stock present in person or represented by proxy and entitled to vote on the matter, a quorum being present, is necessary to (1) ratify the appointment of KPMG LLP as our independent registered public accounting firm and (2) approve our executive compensation.

What Constitutes a Quorum for the Meeting?

The presence in person or by proxy of a majority of the shares of our common stock outstanding on the record date is required for a quorum. As of March 15, 2012, there were 46,452,726 outstanding shares of our common stock.

How are Votes Counted?

Under Delaware law and our Restated Certificate of Incorporation and By-Laws, all votes entitled to be cast by shareholders present in person or represented by proxy at the meeting and entitled to vote on the subject matter, whether those shareholders vote for, against or abstain from voting, will be counted for purposes of determining the minimum number of affirmative votes required for approving Proposals 2 and 3. The shares of a shareholder who abstains from voting on a matter or whose shares are not voted by reason of a broker non-vote on a matter will be counted for purposes of determining whether a quorum is present at the meeting. An abstention from voting on a matter by a shareholder present in person or represented by proxy at the meeting has no effect in the election of directors, but has the same legal effect as a vote against Proposals 2 and 3. A broker non-vote on a matter is not deemed to be present or represented by proxy for purposes of determining whether shareholder approval of the matter is obtained and has no effect in the election of directors or on Proposal 2 or 3.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to be Held on April 26, 2012.

The proxy statement and annual report to stockholders are available at <http://bnymellon.mobular.net/bnymellon/orbc>.

ELECTION OF DIRECTORS (PROPOSAL 1)

Our Restated Certificate of Incorporation provides that the board of directors will consist of three classes of directors, as nearly equal in number as possible, serving staggered three-year terms. One class of directors is elected each year with terms extending to the third annual meeting after such election.

The terms of the three directors in Class III expire at the 2012 Annual Meeting, including John R. Wood, who will not stand for re-election at the 2012 Annual Meeting. The board has designated the other two directors, Jerome B. Eisenberg and Marco Fuchs, upon the recommendation of the Nominating and Corporate Governance Committee, as nominees for election as directors at the 2012 Annual Meeting with terms expiring at the 2015 Annual Meeting of Shareholders. In addition, the resignation of Hans E.W. Hoffmann as a Class I director

Table of Contents

pursuant to our director age policy (described under Board of Directors and Committees) will be effective immediately prior to the 2012 Annual Meeting. The board has approved a decrease in the number of directors from nine to seven, consisting of two Class I directors, three Class II directors and two Class III directors, effective immediately prior to the 2012 Annual Meeting.

Proxies properly submitted will be voted at the meeting, unless authority to do so is withheld, for the election of the two nominees specified in Class III Nominees for Election as Directors with Terms Expiring in 2015 below. If for any reason any of those nominees is not a candidate when the election occurs (which is not expected), proxies and shares properly authorized to be voted will be voted at the meeting for the election of a substitute nominee as selected by the board of directors, and the Company will provide shareholders with the required biographical information of such substitute nominee in advance of the meeting.

A plurality of the votes cast in person or by proxy at the Annual Meeting and entitled to vote is required to elect directors. Under the rules of the New York Stock Exchange, brokers who hold shares in street name do not have the authority to vote on the election of directors when they do not receive instructions from beneficial owners. Accordingly, a broker non-vote will not be counted as a vote to elect directors.

INFORMATION AS TO NOMINEES FOR DIRECTORS AND CONTINUING DIRECTORS

For each director nominee and each continuing director, we have stated the nominee's or continuing director's name, age and principal occupation; his position, if any, with the Company; his period of service as a director of the Company; his business experience for at least the past five years; other directorships held; and the experiences, qualifications, attributes or skills that led the Nominating and Corporate Governance Committee to conclude that the person should serve as a director of the Company. Table of Contents

BOARD OF DIRECTORS AND COMMITTEES

Our business is managed under the direction of the board of directors. Our board of directors has the authority to appoint committees to perform certain management and administration functions. We currently have an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee, composed of at least three members each.

The functions of each of our board committees are described below. The duties and responsibilities of each committee are set forth in committee charters that are available on our website at www.orbcomm.com under the heading *Investor Relations* and the subheading *Corporate Governance*. The committee charters are also available in print to any shareholder upon request. The board of directors held seven meetings during fiscal year 2011. All directors attended at least 75% of all meetings of the board and those committees on which they served, except for Mr. Fuchs who attended five of the seven board meetings. Directors are expected to attend the Annual Meeting of Shareholders. Except for Mr. Fuchs all of the directors attended the 2011 Annual Meeting.

The board has reviewed the independence of its members considering the independence criteria of The NASDAQ Stock Market, or NASDAQ, and any other commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships between the directors and the Company. Based on this review, the board has determined that none of the current directors, other than Jerome B. Eisenberg (a former executive officer and current employee of the Company), Marc J. Eisenberg (an executive officer of the Company) and Marco Fuchs (a senior executive of OHB Technology AG, the supplier of the Company's quick-launch satellite buses and integration and launch services), has a material relationship with the Company and each of Didier Delepine, Hans Hoffmann, Timothy Kelleher, John Major, Gary Ritondaro and John Wood meets the independence requirements of NASDAQ.

The independent directors meet in executive session without the presence of any executive officer or member of management at least twice a year in conjunction with regular meetings of the board. A director designated by the independent directors will chair the session. The independent directors generally designate the chairman of one of the board committees as chair, depending upon whether the principal items to be considered at the session are within the scope of the applicable committee.

Board Leadership Structure. The board does not have a policy regarding the separation of the roles of Chief Executive Officer and Chairman of the Board or whether the Chairman should be a member of management or a non-management director, as the board believes it is in the best interests of the Company to make that determination based on the position and direction of the Company and the membership of the board. In 2008, in connection with the transition of the Chief Executive Officer position from Jerome Eisenberg to Marc Eisenberg, the board determined that having Jerome Eisenberg continue in his role as Chairman of the Board in a non-executive capacity would provide continuity in the board's leadership and allow the Chief Executive Officer to focus on the management of the Company's day-to-day operations. In addition, as the former Chief Executive Officer, Jerome Eisenberg has extensive knowledge of the Company and its business and industry that are an invaluable resource for the board. Although Jerome Eisenberg is not an independent director due to his prior service as an executive officer and continued employment in a non-executive capacity, the board believes that this leadership structure is in the best interests of the Company's shareholders at this time.

Audit Committee. The Audit Committee, among other things:

reviews and oversees the integrity of our financial statements and internal controls;

reviews the qualifications of and recommends to the board of directors the selection of, our independent auditor, subject to ratification by our shareholders, and reviews and approves their fees;

reviews and oversees the adequacy of our accounting and financial reporting processes, including our system of internal controls and disclosure controls, and recommendations of the independent auditor with respect to our systems; and

reviews and oversees our compliance with legal and regulatory requirements.

Gary Ritondaro, Didier Delepine and Hans Hoffmann currently serve as members of our Audit Committee. Effective immediately following the 2012 Annual Meeting, John Major has been appointed to the Audit

Table of Contents

Committee to fill the vacancy created by Mr. Hoffmann's resignation. Each current and expected member of our Audit Committee meets the independence and financial literacy requirements of NASDAQ, the SEC and applicable law. All members of our Audit Committee are able to read and understand fundamental financial statements. The board of directors has determined that Gary Ritondaro is an audit committee financial expert as defined by the SEC rules. Mr. Ritondaro serves as chair of our Audit Committee. The Audit Committee met six times during the 2011 fiscal year.

Compensation Committee. The Compensation Committee, among other things:

reviews and approves corporate goals and objectives relevant to the compensation of the Chief Executive Officer, evaluates the performance of the Chief Executive Officer in light of these goals and objectives and determines and approves the level of the Chief Executive Officer's compensation based on this evaluation;

determines the base and incentive compensation of other senior executives, and determines the terms of the employment of senior executives, including the Chief Executive Officer;

a vacancy on the board. In that case, the committee will initiate a search for qualified director candidates, seeking input from other directors, and senior executives and, to the extent it deems appropriate, third party search firms to identify potential candidates. The committee will evaluate qualified candidates and then make its recommendation to the board, for its consideration and approval. In making its recommendations to the board, the committee will consider the selection criteria for director candidates set forth in our Board Membership Criteria, including the following:

each director should have high level managerial experience in a relatively complex organization or be accustomed to dealing with complex problems.

each director should be an individual of the highest character and integrity, have experience at or demonstrated understanding of strategy/policy-setting and reputation for working constructively with others.

each director should have sufficient time available to devote to the affairs of the Company in order to carry out the responsibilities of a director.

each director should be free of any conflict of interest which would interfere with the proper performance of the responsibilities of a director.

While the board does not have a formal policy with respect to diversity, it believes that it is essential that the directors represent the balanced, best interests of the shareholders as a whole, rather than special interest groups or constituencies, and takes into consideration in assessing the overall composition and needs of the board such factors as diversity of professional experience, skills and background, age, international background and specialized expertise. The committee from time to time reviews with the board our Board Membership Criteria in the context of current board composition and the Company's circumstances.

Our Guidelines on Corporate Governance includes a director age policy, pursuant to which any director who has achieved age 75 would be subject to an annual review by the committee with respect to such director's continued service on the board, considering any factors or other information that is considered appropriate and relevant, including the director's tenure, the director's qualifications, the director's past and expected contributions to the board, the overall composition of the board and whether the director's resignation from the board would be in the best interests of the Company and its shareholders. The board, upon the recommendation of the committee, will then decide whether or not to accept the director's tendered resignation. Each nominee for director who has achieved age 75 or would achieve age 75 during his or her term if elected is required, upon his or her election, to submit a resignation conditional upon the board's acceptance in connection with the annual review. Hans Hoffmann, a Class I director, is subject to this policy and his resignation has been accepted by the board effective immediately prior to the 2012 Annual Meeting.

The Nominating and Corporate Governance Committee will consider director candidates recommended by our shareholders for election to the board of directors. Shareholders wishing to recommend director candidates can do so by writing to the Secretary of ORBCOMM Inc. at 2115 Linwood Avenue, Suite 100, Fort Lee, New Jersey 07024. Shareholders recommending candidates for consideration by the committee must provide each candidate's name, biographical data and qualifications. Any such recommendation should be accompanied by a written statement from the individual of his or her consent to be named as a candidate and, if nominated and elected, to serve as a director. The recommending shareholder must also provide evidence of being a shareholder of record of our common stock at the time. The committee will evaluate properly submitted shareholder recommendations under substantially the same criteria and substantially the same manner as other potential candidates.

In addition, our By-Laws establish a procedure with regard to shareholder proposals for the 2013 Annual Meeting, including nominations of persons for election to the board of directors, as described below under "Shareholder Proposals for Annual Meeting in 2013".

Compensation Committee Interlocks and Insider Participation. None of our executive officers currently serves or served during 2011 as a director or member of the compensation committee of another entity with an executive officer who serves on our board of directors or our Compensation Committee. For a description of the members of our Compensation Committee, see "Board of Directors and Committees Compensation Committee".

AUDIT COMMITTEE REPORT

The Audit Committee assists the board of directors in overseeing the accounting and financial reporting processes of the Company, the audits of the financial statements, compliance with legal and regulatory requirements and the qualifications, independence and performance of its independent registered public accounting firm.

Our roles and responsibilities are set forth in a written charter adopted by the board, which is available on the Company's website at www.orbcomm.com under the heading "Investor Relations" and the subheading "Corporate Governance". We review and reassess the charter annually, and more frequently as necessary, to address any changes in NASDAQ corporate governance and SEC rules regarding audit committees, and recommend any changes to the board of directors for approval.

Management is responsible for the preparation, presentation and integrity of the Company's financial statements. Management is also responsible for establishing and maintaining adequate internal control over financial reporting and evaluating the effectiveness of the Company's internal control over financial reporting. The Company's independent registered public accounting firm, KPMG LLP (KPMG), is responsible for performing an independent audit of the Company's financial statements and expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States. KPMG is also responsible for expressing an opinion on the effectiveness of the Company's internal control over financial reporting.

We are responsible for overseeing the Company's accounting and financial reporting processes. In fulfilling our responsibilities for the accounting and financial processes for fiscal year 2011, we:

reviewed and discussed the audited consolidated financial statements for the fiscal year ended December 31, 2011 with management and KPMG;

reviewed and discussed management's assessment of the effectiveness of the Company's internal control over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002 for the fiscal year ended December 31, 2011 and KPMG's audit report on the effectiveness of internal control over financial reporting;

discussed with KPMG the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T; and

received the written disclosures and correspondence from KPMG required by applicable requirements of the Public Company Accounting Oversight Board regarding KPMG's communications with the Audit Committee concerning independence. We also discussed with KPMG its independence.

For information on fees paid to KPMG, for each of fiscal 2011 and 2010, see "Proposal to Ratify the Appointment of Independent Registered Public Accounting Firm (Proposal 2)".

We reviewed and approved all audit and audit-related fees and services. The Company is not using KPMG for non-audit related services. In fulfilling our responsibilities, we met with KPMG, with and without management present, to discuss the results of their audit and the overall quality of the Company's financial reporting and internal control environment. We considered the status of pending litigation, taxation matters and other areas of oversight relating to the financial reporting and audit process that we determined appropriate.

Based on our review of the audited financial statements and discussions with, and the reports of, management and KPMG, we recommended to the board of directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2011 for filing with the SEC.

The Audit Committee has appointed KPMG as the independent registered public accounting firm of the Company for the fiscal year ending December 31, 2012, subject to the ratification of shareholders.

COMPENSATION DISCUSSION AND ANALYSIS

The following Compensation Discussion and Analysis describes the material elements of compensation for our executive officers identified in the Summary Compensation Table (our Named Executive Officers).

Compensation Committee

Our Compensation Committee assists our board of directors in fulfilling its responsibilities with respect to oversight and determination of executive compensation and human resources matters, including the compensation of the Named Executive Officers. A description of the Compensation Committee's composition, functions, duties and responsibilities is set forth in this proxy statement under Board of Directors and Committees Compensation Committee.

The Compensation Committee's roles and responsibilities are set forth in a written charter which is available on our website at www.orbcomm.com under the heading Investor Relations and the subheading Corporate Governance and is available in print to any shareholder upon request.

Executive Summary

We use base salaries and time-based equity awards to provide current income and retention incentives and a combination of cash and stock-based compensation that reward performance measured against various corporate and individual performance goals based on key business drivers. Our performance targets are based on our annual business plan and we believe that they are established at levels that are achievable if we execute our business plan. By providing for significant incentives for exceeding certain targets, we motivate our Named Executive Officers to achieve strategic business objectives that result in the creation of value to us and our stockholders over the long-term. For example, a large percentage of the Named Executive Officers' annual cash bonus opportunity and performance-based equity awards are based on metrics for profitability, growth, operations and systems expansion which we believe are important measures of the performance of our business. We believe the design of our compensation programs, which we have used over the past several years and continue to use for 2012, provides the appropriate balance for motivating and retaining our Named Executive Officers while providing appropriate rewards for demonstrated performance.

Philosophy and Objectives of Compensation Programs

Our executive compensation philosophy is to create a system that rewards executives for performance and focuses our management team on the critical short-term and long-term objectives. The primary objectives of our executive compensation programs are to attract, motivate and retain talented and dedicated executives, to link annual and long-term cash and stock incentives to achievement of specified performance objectives, and to align executives' incentives with stockholder value creation. To achieve these objectives, the Compensation Committee has implemented compensation programs that make a substantial portion of the executives' overall compensation contingent upon achieving key short-term business and long-term strategic goals established by our board of directors or the Compensation Committee based on key drivers in areas such as subscriber growth, technology improvements and system expansion. The short-term business and long-term strategic goals consist of the expansion of our communications system, including network improvements and upgrades, the establishment and maintenance of key strategic relationships, as well as our financial and operational performance, as measured by metrics such as adjusted EBITDA, revenues, AIS revenues, net number of subscriber communicators added to our communications system. The Compensation Committee's goal is to set executive compensation at levels the committee believes are competitive against compensation offered by other rapidly growing companies of similar size and stage of development against whom we compete for executive talent in the communications industry, while taking into account our performance and our own strategic goals.

We seek to provide executive compensation that is competitive in order to attract, motivate and retain key talent. We aim to reward executives for achieving goals designed to generate returns for our stockholders, but not for poor performance, by linking compensation to overall business performance and the achievement of performance goals. As a result, we believe that compensation packages provided to our executives, including our Named Executive Officers, should include both cash and stock-based compensation that reward performance as measured against performance goals.

Table of Contents

At our 2011 Annual Meeting of Stockholders, 98% of the shares voted on the matter at the meeting voted to approve the advisory vote on our executive compensation. Based on this strong endorsement, the Compensation Committee did not implement any changes in our executive compensation programs as a result of such vote. The Compensation Committee will continue to consider the outcome of the say-on-pay votes when making future compensation decisions for our Named Executive Officers.

We have not retained a compensation consultant to review our policies and procedures with respect to executive compensation, and do not seek to set our executive compensation to any specific external benchmarks or peer group. Instead, we use general competitive market data available to us relating to compensation levels, mix of elements and compensation strategies being used by companies of comparable size and stage of development operating in the communications industry, and review such data against the aggregate level of our executive compensation, as well as the mix of elements used to compensate our executive officers.

Elements of Compensation

Base Salary. Base salaries are determined on an individual basis, are based on job responsibilities and individual contribution and are intended to provide our executives with current income. Base salaries for our Named Executive Officers are reviewed annually and may be adjusted to reflect any changes in job responsibilities and individual contribution, as well as competitive conditions in the market for executive talent. Our senior management proposes new base salary amounts to the Compensation Committee for approval based on: an evaluation of individual performance and expected future contributions; a goal to ensure competitive compensation against the external market; and comparison of the base salaries of the executive officers who report directly to our Chief Executive Officer to ensure internal equity.

The 2011 base salaries of Messrs. Eisenberg, Costantini, Stolte, Le Brun and Bell were established pursuant to employment agreements entered into by the individual Named Executive Officer and us effective as of December 31, 2010.

Annual Cash Bonus. Annual cash bonuses are designed to align employees' goals with the Company's financial and operational objectives for the current year and to reward individual performance. These objectives include financial and operational performance targets such as adjusted EBITDA, consolidated revenues, net subscriber additions, subscriber disconnects and AIS revenue. These objectives also relate to strategic factors such as communications system expansion, including launch of the next-generation satellites, network operational improvements and upgrades, regulatory approvals, international licenses and government business. These performance measures are primarily objective criteria that can be readily measured and do not require subjective determinations. In addition, the annual cash bonus also includes discretionary amounts which may be paid based on completion of key projects and discretionary amounts paid based on Company performance. Pursuant to their employment agreements, each Named Executive Officer is generally eligible to receive annual bonuses, payable in cash based on a percentage of base salary (which may, in some cases, exceed 100%) and dependent upon achieving or exceeding certain performance targets for that fiscal year.

Table of Contents

For 2011, bonuses were not generally earned unless at least 100% (or 80% for certain performance metrics) of the applicable performance target was met for fiscal 2011. Certain 2011 annual bonuses were based on achieving certain operational milestones by specific dates. For 2011, the potential annual bonus payable for each Named Executive Officer was allocated with respect to specified performance targets as set forth in the following table:

	Marc Eisenberg	Robert Costantini	John Stolte	Christian Le Brun	Brian Bell

Our performance targets are based on our annual business plan and we believe that they are established at levels that are achievable if we execute our business plan. By providing for significant incentives for exceeding certain targets, we motivate our Named Executive Officers to achieve strategic business objectives that result in the creation of value to us and our stockholders over the long-term.

On March 7, 2012, our Compensation Committee determined that performance-based annual incentive awards (applying the percentages for each component set forth in the table above) relating to:

the adjusted EBITDA, excluding AIS business, target had been earned during 2011 at the maximum payout amount (at 140% of base salary) based on achieving performance above 133% of the upper target for Messrs. Eisenberg and Costantini and the maximum payout amount (at 75% of base salary) based on achieving performance at or above 100% of the upper target for Messrs. Stolte, Le Brun and Bell;

the net satellite subscriber additions target had been earned during 2011:

at a payout amount (equal to 124.6% of base salary) based on achieving performance above 100% of the target for Messrs. Eisenberg and Costantini. The payout amount included the target payout amount (at 80% of the base salary) plus a prorated amount for the actual performance achieved (124.6% of the target) between the target payout amount and the maximum payout amount for achieving 133% of the target for Messrs. Eisenberg and Costantini.

Long-Term Equity-Based Incentives. In addition to the short-term cash compensation payable to our Named Executive Officers, our Compensation Committee believes that the interests of our stockholders are best served when a substantial portion of our Named Executive Officers' compensation is comprised of equity-based and other long-term incentives that appreciate in value contingent upon increases in the share price of our common stock and other indicators that reflect improvements in business fundamentals. Therefore, it is our Compensation Committee's intention to make grants of equity-based awards to our Named Executive Officers and other key employees at such times and in such amounts as may be required to accomplish the objectives of our compensation programs. Please see the Grants of Plan Based awards table and the accompanying narrative disclosures set forth in this proxy statement for more information regarding the grants of equity plan-based awards to our Named Executive Officers in fiscal year 2011.

We have not timed grants of equity-based awards in coordination with the release of non-public information nor have we timed the release of non-public information for the purpose of affecting the value of executive compensation.

Table of Contents

Under the 2006 LTIP, the Compensation Committee has the ability to provide a number of equity-based awards, including restricted stock units (RSUs), stock appreciation rights (SARs), stock options, stock, restricted stock, performance units and performance shares to promote our long-term growth and profitability. Following adoption of the 2006 LTIP, we ceased to grant additional stock options under the 2004 Stock Option Plan. The 2004 Stock Option Plan will continue to govern all stock option awards granted under the 2004 Stock Option Plan prior to the adoption of the 2006 LTIP. Since adopting the 2006 LTIP, we have changed the mix of our equity-based incentives from stock options to a mix of RSUs and SARs. In 2010, we further shifted our equity-based incentives to primarily SARs to better align the Named Executive Officers incentive compensation to the appreciation of the Company's common stock. This combination of equity-based incentives is intended to benefit stockholders by enabling us to better attract and retain top talent in a marketplace where such incentives are prevalent. We believe that SARs provide an effective vehicle for promoting a long-term share ownership perspective for our senior management and employees and closely align the interests of senior management and employees with our achievement of longer-term financial objectives that enhance stockholder value, while at the same time limiting the dilutive effects of such equity-based awards relative to our prior practice of granting stock options and RSUs. We have not adopted stock ownership guidelines, and our stock compensation plans have provided the principal method for our executive officers to acquire equity or equity-based interests in us.

SARs. A stock appreciation right, or SAR, is the right to receive a payment measured by the increase in the fair market value of a specified number of shares of our common stock from the date of grant of the SAR to the date on which the participant exercises the SAR. Under the 2006 LTIP, SARs may be (1) freestanding SARs or (2) tandem SARs granted in conjunction with an option, either at the time of grant of the option or at a later date, and exercisable at the participant's election instead of all or any part of the related option. Upon the exercise of a SAR, we will deliver cash, shares of our common stock valued at fair market value on the date of exercise or a combination of cash and shares of our common stock, as the Compensation Committee may determine. Vested and unvested SARs granted to certain of our employees, including our Named Executive Officers, are subject to forfeiture in the event such employees breach the non-competition and/or non-solicitation covenants set forth in their award agreements and unvested SARs are subject to cancellation if, prior to vesting, such employees ceased to be employed by us for any reason.

On March 3, 2010, the Compensation Committee granted 450,000 time-based SARs to the Named Executive Officers under the 2006 LTIP. These time-based SARs vest in three equal installments based on continued employment over a three-year period. Mr. Eisenberg was granted 150,000 time-based SARs, of which 50,000 SARs vested on each of December 31, 2011 and December 31, 2010 and the remaining SARs will vest on December 31, 2012. Messrs. Costantini, Stolte, Le Brun and Bell were each granted 75,000 time-based SARs, of which 25,000 vested on each of December 31, 2011 and December 31, 2010 and the remaining SARs will vest on December 31, 2012. For each of the Named Executive Officers, the time-based SARs have a base price of \$2.46 per share, the fair market value of our common stock on the date of grant.

On October 26, 2011, the Compensation Committee granted 300,000 time-based SARs to the Named Executive Officers under the 2006 LTIP for their efforts and contributions in connection with the acquisition of StarTrak Systems, LLC and progress towards entering into a definitive asset purchase agreement for the acquisition of PAR Logistics Management Systems Corporation in 2011, and in lieu of base salary increases for 2012. These time-based SARs vested on December 31, 2011. Mr. Eisenberg was granted 100,000 time-based SARs and Messrs. Costantini, Stolte, Le Brun and Bell were each granted 50,000 time-based SARs. For each of the Named Executive Officers, the time-based SARs have a base price of \$2.74 per share, the fair market value of our common stock on the date of grant.

In March 2010, the Compensation Committee approved the proposal to grant performance-based SARs in 2011 and 2012 of 50,000 each year to Mr. Eisenberg and 25,000 each year to each of Messrs. Costantini, Stolte, Le Brun and Bell, which grants would be subject to the Compensation Committee approving such grants in connection with establishing the operational and financial performance targets for vesting for each of fiscal years 2011 and 2012. The base price of the performance-based SARs to be granted in 2011 and 2012 would be equal the fair market value of our common stock on the grant date upon the Compensation Committee establishing the respective performance targets for those fiscal years.

Table of Contents

On March 2, 2011, the Compensation Committee granted performance-based SARs under the 2006 LTIP relating to 2011 operational and financial performance targets that we believe are important to our long-term success. Each of the fiscal 2011 performance targets and the percentages for each component with respect to Messrs. Eisenberg, Costantini, Stolte, Le Brun and Bell are the same as those for their 2011 annual cash bonuses described above under "Annual Cash Bonus", except the discretionary component did not apply to the SAR awards. The Compensation Committee, on the recommendation of management, linked target performance levels to these measures, as we believe that each of them is an important factor in our revenue growth and for sustaining our business model. The Compensation Committee granted Mr. Eisenberg 50,000 performance-based SARs and each of Messrs. Costantini, Stolte, Le Brun and Bell 25,000 performance-based SARs. For each of the Named Executive Officers the performance-based awards have a base price of \$3.65 per share, the fair market value of our common stock on the date of grant.

On March 7, 2012, our Compensation committee determined that performance-based SAR awards granted in March 2011, relating to operational and financial performance targets for:

the adjusted EBITDA, excluding AIS business target vested based on achieving the upper target during 2011;

the net satellite subscriber additions target vested based on achieving the target during 2011;

the net terrestrial subscriber additions target lapsed unvested based on not achieving the target during 2011;

the AIS revenue target lapsed unvested based on not achieving the target during 2011;

the launch of first next-generation satellites target lapsed unvested based not achieving the target during 2011;

reseller agreements or payload or spacecraft ready for launch target vested based on achieving the target during 2011;

the government business target vested based on achieving the target during 2011;

the regulatory approvals target lapsed unvested based on not achieving the target during 2011;

the network operational improvements target vested based on achieving the target during 2011;

the network upgrades target vested based on achieving the target during 2011;

the next-generation messaging services plan target vested based on achieving the target during 2011;

the satellite and terrestrial subscriber disconnects target lapsed unvested based on not achieving the target during 2011;

the international licenses target vested based on achieving the target during 2011;

the commercial agreement with an international partner target lapsed unvested based on not achieving the target during 2011;

the operational target #1 vested based on progress in achieving the target during 2011;

the operational target #2 vested based on achieving the target during 2011; and

the discretionary new projects target vested based on progress in completion of certain new projects during 2011.

Also on March 7, 2012, the Compensation Committee granted performance-based SARs under the 2006 LTIP relating to 2012 operational and financial performance targets that we believe are important to our long-term success. Each of the fiscal 2012 performance target components and the percentages for each component with respect to Messrs. Eisenberg, Costantini, Stolte, Le Brun and Bell are the same as those for their 2012 annual cash bonuses described above under "Annual Cash Bonus". The Compensation Committee, on the recommendation of management, linked target performance levels to these measures, as we believe that each of them is an important factor in our revenue growth and for sustaining our business model. The Compensation

Table of Contents

Committee granted Mr. Eisenberg 50,000 performance-based SARs and each of Messrs. Costantini, Stolte, Le Brun and Bell 25,000 performance-based SARs. For each of the Named Executive Officers the performance-based awards have a base price of \$3.42 per share, the fair market value of our common stock on the date of grant. The 2012 performance-based SARs will vest in March 2013 dependent upon achieving financial and performance targets and certain operational milestones by specified dates.

For each of the 2012 operational and financial performance targets, excluding the discretionary components, Messrs. Eisenberg, Costantini, Stolte, Le Brun and Bell are entitled to 100% of the allocated portion of the SAR award for achieving at least 100% of the target (upper target for adjusted EBITDA and consolidated revenues). For discretionary components, our Compensation Committee, at its sole discretion, may vest all or any part of the allocated portion of the SAR award based on completion of certain key projects to Messrs. Eisenberg, Costantini, Stolte, Le Brun and Bell.

We believe that the vesting periods in connection with these time-based and performance-based SAR awards are appropriate for the following reasons:

they are intended to help retain employees, including executives, by rewarding them for extended, continuous service with us;

they are time periods that incentivize and focus executives on the long-term performance of our business over reasonable timeframes, while minimizing the potential that longer vesting periods might dilute the motivation of the executives; and

they allow the Compensation Committee to formulate performance targets annually that are aligned with our dynamic business plans and external factors.

RSUs. A restricted stock unit, or RSU, is a contractual right to receive at a specified future vesting date an amount in respect of each RSU based on the fair market value on such date of one share of our common stock, subject to such terms and conditions as the Compensation Committee may establish. RSUs that become payable in accordance with their terms and conditions will be settled in cash, shares of our common stock, or a combination of cash and our common stock, as determined by the Compensation Committee. The Compensation Committee has determined that all currently outstanding RSUs will be settled in shares of common stock. The Compensation Committee may provide for the accumulation of dividend equivalents in cash, with or without interest, or the reinvestment of dividend equivalents in our common stock held subject to the same conditions as the RSU and such terms and conditions as the Compensation Committee may determine. No participant who holds RSUs will have any ownership interest in the shares of common stock to which such RSUs relate until and unless payment with respect to such RSUs is actually made in shares of common stock. Vested and unvested RSUs awarded to certain of our employees, including our Named Executive Officers, will be subject to forfeiture in the event such employees breach their non-competition and/or non-solicitation covenants set forth in their award agreements and unvested RSUs are subject to cancellation if, prior to vesting, such employees ceased to be employed by us for any reason.

Time-based RSUs typically vest in three equal installments. In connection with Mr. Bell's commencing employment in July 2009, he was awarded 70,000 time-based RSUs, which vest in three equal installments on July 1, 2010, 2011 and 2012.

Stock Options. We may grant stock options exercisable at such time or times, and subject to such terms and conditions, as the Compensation Committee may determine consistent with the terms of the 2006 LTIP. The exercise price of such stock options will be equal to or higher than the fair market value of our common stock on the date of grant.

As discussed above, our equity-based incentives have shifted away from stock options and we have not granted any stock option awards since 2006.

We may also grant SARs or RSUs to executives under special circumstances outside of the annual process. Grants under the 2006 LTIP are made from time to time to selected executives in connection with talent management objectives, giving particular attention to employees leadership potential and potential future contributions in achieving critical business goals and objectives.

Table of Contents

We may also grant SARs or RSUs, as deemed appropriate by the Compensation Committee, including under the terms of employment agreements with our Named Executive Officers.

Personal Benefits

Our Named Executive Officers participate in a variety of retirement, health and welfare, and vacation benefits designed to enable us to attract and retain our workforce in a competitive marketplace. Health and welfare and vacation benefits help ensure that we have a productive and focused workforce through reliable and competitive health and other benefits. Generally these programs are the same offered to all employees.

Perquisites

Our Named Executive Officers are provided a limited number of perquisites whose primary purpose is to minimize distractions from the executives' attention to the Company's business. An item is not a perquisite if it is integrally and directly related to the performance of the executive's duties. An item is a perquisite if it confers a direct or indirect benefit that has a personal aspect, without regard to whether it may be provided for some business reason or for our convenience, unless it is generally available on a non-discriminatory basis to all employees.

The principal perquisites offered to our Named Executive Officers are car allowances and life insurance premiums. Please see the Summary Compensation Table and accompanying narrative disclosures set forth in this proxy statement for more information on perquisites and other personal benefits we provide to our Named Executive Officers.

401(k) Plan

We maintain a 401(k) retirement plan intended to qualify under Sections 401(a) and 401(k) of the Internal Revenue Code of 1986, as amended (the Code). The plan is a defined contribution plan that covers all our employees who have been employed for three months or longer, beginning on the date of employment. Employees may contribute up to 15% of their eligible compensation (subject to certain limits) as pretax, salary deferral contributions. In addition, the plan contains a discretionary contribution component pursuant to which we may make an additional annual contribution. Contributions made by us vest over a five-year period from the employee's date of employment. We have not made any contributions since the inception of the plan. Commencing in the second quarter of 2012, we intend to match the amount contributed by each employee up to 3% of the employee's salary.

Severance and Change in Control Benefits

Severance and change in control benefits are designed to facilitate our ability to attract and retain executives as we compete for talented employees in a marketplace where such protections are commonly offered. The severance and change in control benefits found in the Named Executive Officers' employment agreements are designed to encourage employees to remain focused on our business in the event of rumored or actual fundamental corporate changes.

Severance Benefits. Our employment agreements with the Named Executive Officers provide severance payments and other benefits in an amount we believe is appropriate, taking into account the time it is expected to take a separated employee to find another job. These benefits include continued base salary payments, and in certain instances health insurance coverage (typically for a one-year or shorter period). The payments and other benefits are provided because we consider a separation to be a Company-initiated termination of employment that under different circumstances would not have occurred and which is beyond the control of a separated employee. Separation benefits are intended to ease the consequences to an employee of an unexpected termination of employment. We benefit by requiring a general release from separated employees. In addition, we have included post-termination non-compete and non-solicitation covenants in certain individual employment agreements.

Change in Control Benefits. Our employment agreements with the Named Executive Officers provide for change of control benefits of continued base salary payments, and in certain instances health insurance coverage,

Table of Contents

health care coverage (typically for an 18 month or shorter period). Under the 2004 Stock Option Plan and the 2006 LTIP and the award agreements under those plans, our stock options, RSUs and SARs generally vest upon a change of control with a minimum price threshold, whether or not time vesting requirements or performance targets have been achieved. Under the employment agreements with our Named Executive Officers, other change of control benefits generally require a change of control, followed by a termination of or change in an executive's employment, a so-called double trigger mechanism. In adopting the so-called single trigger treatment for equity-based awards, we were guided by a number of principles: being consistent with current market practice among communications company peers; and keeping employees relatively whole for a reasonable period but avoid creating a windfall. Single trigger vesting ensures that ongoing employees are treated the same as terminated employees with respect to outstanding equity-based grants. Single trigger vesting provides employees with the same opportunities as stockholders, who are free to sell their equity at the time of the change in control event and thereby realize the value created at the time of the change of control transaction. The company that made the original equity grant will no longer exist after a change of control and employees should not be required to have the fate of their outstanding equity tied to the new company's future success. Single trigger vesting on performance-based equity awards, in particular, is appropriate given the difficulty of replicating the underlying performance goals.

Tax and Accounting Implications

Deductibility of Executive Compensation

Section 162(m) of the Code limits our tax deductions relating to the compensation paid to Named Executive Officers, unless the compensation is performance-based and the material terms of the applicable performance goals are disclosed to and approved by our stockholders. All of our equity-based compensation plans have received stockholder approval and, to the extent applicable, were prepared with the intention that our incentive compensation would qualify as performance-based compensation under Section 162(m). While we intend to continue to rely on performance-based compensation programs, we recognize the need for flexibility in making executive compensation decisions, based on the relevant facts and circumstances, so that we achieve our best interests and the best interests of our stockholders. To the extent consistent with this goal and to help us manage our compensation costs, we attempt to satisfy the requirements of Section 162(m) with respect to those elements of our compensation programs that are performance-based.

Certain Awards Deferring or Accelerating the Receipt of Compensation

Section 409A of the Code, enacted as part of the American Jobs Creation Act of 2004, imposes requirements applicable to nonqualified deferred compensation plans. If a nonqualified deferred compensation plan subject to Section 409A fails to meet, or is not operated in accordance with, these new requirements, then all compensation deferred under the plan may become immediately taxable. We intend that awards granted under the 2006 LTIP will comply with the requirements of Section 409A and intend to administer and interpret the 2006 LTIP in such a manner.

Role of Executives and Others in Establishing Compensation

During 2011 our Chief Executive Officer, Mr. Eisenberg, reviewed the performance of the Named Executive Officers (other than his own, which was reviewed by the Compensation Committee), and met on a case-by-case basis with each of the other Named Executive Officers to reach agreements with respect to salary adjustments and annual award amounts, which were then presented to the Compensation Committee for approval. The Compensation Committee can exercise discretion in modifying any recommended adjustments or awards to executives. Mr. Eisenberg in his capacity as Chief Executive Officer, attended meetings of the Compensation Committee in 2011.

The day-to-day design and administration of benefits, including health and vacation plans and policies applicable to salaried employees in general are handled by our Finance and Legal Departments. Our Compensation Committee (or board of directors) remains responsible for certain fundamental changes outside the day-to-day requirements necessary to maintain these plans and policies.

(2) The amounts shown represent annual incentive payments payable to Messrs. Eisenberg, Costantini, Stolte, Le Brun and Bell pursuant to employment agreements with the Company. See Certain Relationships and Transactions with Related Persons Employment Agreements for a summary of the employment agreements. The actual annual incentive payment amount paid to each of these Named Executive Officers for fiscal year 2011 is shown in the Summary Compensation Table under the Non-Equity Incentive Plan Compensation column. For 2011, the incentive payment is a percentage of the executive's 2011 base salary, determined based on the achievement of specified financial and operational performance targets of the Company for fiscal year 2011. Please see Compensation Discussion and Analysis Elements of Compensation Annual Cash Bonus for a further discussion regarding the allocation of annual incentive payments with respect to the specified performance targets.

- (3) On March 2, 2011, our Compensation Committee established 2011 operational and financial performance targets and granted performance-based SAR awards to each of the Named Executive Officers. These performance-based SAR awards have a base price of \$3.65 per share, the price of our common stock on the grant date. The performance-based SARs vest upon achievement of various 2011 operational and financial performance targets and continued employment through the date that our Compensation Committee has determined the performance targets have been achieved. Mr. Eisenberg was granted 50,000 performance-based SAR awards and each of Messrs. Costantini, Stolte, Le Brun and Bell were granted 25,000 performance-based SAR awards. See Compensation Discussion and Analysis Elements of Compensation Long-Term Equity-Based Incentives for a further discussion regarding performance-based SAR awards. See the Outstanding Equity Awards at Fiscal Year-End Table and the related footnotes for additional information regarding these SAR awards.
- (4) The amounts shown in the Upper Target column represents the number of performance-based SARs which will vest under these awards if the performance targets are achieved at or above the 100% level. The amounts shown in the Lower Target column represent the lower number of performance-based SARs (25% and 50% of the allocated portions of the adjusted EBITDA, excluding AIS business and launch of first next-generation satellites, respectively) that will vest under each award if the performance is achieved at a lower specified level. See Compensation Discussion and Analysis Elements of Compensation Long-Term Equity-Based Incentives for a further discussion regarding performance-based SAR awards. See the Outstanding Equity Awards at Fiscal Year-End Table and related footnotes for additional information regarding these SAR awards.
- (5) On October 26, 2011, 100,000 time-based SAR awards were granted to Mr. Eisenberg and 50,000 time-based SAR awards were granted to each of Messrs. Costantini, Stolte, Le Brun and Bell. These time-based SAR awards have a base price of \$2.74 per share, the price of our common stock on the grant date. These time-based SAR awards vested on December 31, 2011. See Compensation Discussion and Analysis Elements of Compensation Long-Term Equity-Based Incentives for a further discussion regarding time-based SAR awards. See the Outstanding Equity Awards at Fiscal Year-End Table and the related footnotes for additional information regarding these SAR awards.
- (6) The amounts shown in the Grant Date Fair Value of Option Awards column represent the full grant date fair value of the awards computed in accordance with FASB ASC Topic 718 Compensation Stock Compensation. The grant date fair value of the time- and performance based SARs in the table was \$1.60 and \$2.32 per SAR, respectively. For a discussion of the assumptions used to calculate the grant date fair value of the SAR awards shown in the table, see Note 7 to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2011.

CERTAIN RELATIONSHIPS AND TRANSACTIONS WITH RELATED PERSONS

ORBCOMM Europe

We have entered into a service license agreement covering 43 jurisdictions in Europe and a gateway services agreement with ORBCOMM Europe LLC, a company in which we indirectly own a 26% interest. The service license agreement and the gateway services agreement with ORBCOMM Europe contain terms and conditions substantially similar to the service license agreements and the gateway services agreements we have and expect to enter into with other licensees, except for certain more favorable pricing terms. ORBCOMM Europe is owned 50% by Satcom International Group plc and 50% by OHB Technology A.G. (OHB Technology). We own a 52% interest in Satcom. Subsequent to the acquisition of our 52% interest in Satcom, Satcom and ORBCOMM Europe are consolidated affiliates in our consolidated financial statements.

OHB Technology is a substantial stockholder and a direct investor of ours and its Chief Executive Officer, Marco Fuchs, is on our board of directors. In addition, Satcom has been appointed by ORBCOMM Europe as a country representative for the United Kingdom, Ireland and Switzerland. ORBCOMM Deutschland, an affiliate of OHB Technology, has been appointed by ORBCOMM Europe as country representative for Germany and holds the relevant regulatory authority and authorization in Germany. OHB-France, a subsidiary of OHB Technology, holds the regulatory authority and authorization in France. In addition, ORBCOMM Europe and Satcom have entered into an agreement obligating ORBCOMM Europe to enter into a country representative agreement for Turkey with Satcom, if the current country representative agreement for Turkey expires or is terminated for any reason.

In connection with the organization of ORBCOMM Europe and the reorganization of our business in Europe, we agreed to grant ORBCOMM Europe approximately \$3.7 million in air time credits. The amount of the grant was equal to the amount owed by ORBCOMM Global L.P. to the European Company for Mobile Communications Services N.V. (MCS), the former licensee for Europe of ORBCOMM Global L.P. ORBCOMM Europe, in turn, agreed to issue credits in the aggregate amount of the credits received from us to MCS and its country representatives who were stockholders of MCS. Satcom, as a country representative for the United Kingdom, Ireland and Switzerland, received airtime credits in the amount of \$580,200. ORBCOMM Deutschland, as country representative for Germany, received airtime credits of \$449,800. Because approximately \$2.8 million of the airtime credits were granted to stockholders of MCS who are not related to us and who continue to be country representatives in Europe, we believe that granting of the airtime credits was essential to permit ORBCOMM Europe to reorganize the ORBCOMM business in Europe. The airtime credits have no expiration date. As of December 31, 2011, approximately \$2.2 million of the airtime credits granted by us to ORBCOMM Europe remained unused.

Satcom International Group plc

Satcom is our 52%-owned consolidated subsidiary that (i) owns 50% of ORBCOMM Europe, (ii) has entered into country representative agreements with ORBCOMM Europe, covering the United Kingdom, Ireland and Switzerland, and (iii) has entered into a service license agreement with us, covering substantially all of the countries of the Middle East and a significant number of countries of Central Asia, and a gateway services agreement with us. In addition, ORBCOMM Europe and Satcom have entered into an agreement obligating ORBCOMM Europe to enter into a country representative agreement for Turkey with Satcom, if the current country representative agreement for Turkey expires or is terminated for any reason. We believe that the service license agreement and the gateway services agreement between us and Satcom contain terms and conditions substantially similar to those which we have and expect to enter into with other unaffiliated licensees. As of December 31, 2011, Satcom owed us unpaid fees of approximately \$139,000.

We acquired our 52% interest in Satcom from Jerome Eisenberg, our Chairman of the Board and former Chief Executive Officer, and Don Franco, a former officer of ours, who, immediately prior to the October 2005 reorganization of Satcom, together owned directly or indirectly a majority of the outstanding voting shares of Satcom and held a substantial portion of the outstanding debt of Satcom. On October 7, 2005, pursuant to a contribution agreement entered into between us and Messrs. Eisenberg and Franco in February 2004, we acquired

all of their interests in Satcom in exchange for (1) an aggregate of 620,000 shares of our Series A preferred stock and (2) a contingent cash payment in the event of our sale or initial public offering. The contribution agreement was entered into in connection with our February 2004 reorganization in order to eliminate any potential conflict of interest between us and Messrs. Eisenberg and Franco, in their capacities as officers of ours. The contingent payment would equal \$2 million, \$3 million or \$6 million in the event the proceeds from our sale or the valuation in our IPO exceeded \$250 million, \$300 million or \$500 million, respectively, subject to proration for amounts that fell in between these thresholds. On November 8, 2006, upon completion of our IPO, we made a contingent payment of approximately \$3.6 million. Immediately prior to, and as a condition to the closing of, the Satcom acquisition, Satcom and certain of its stockholders and noteholders consummated a reorganization transaction whereby 95% of the outstanding principal of demand notes, convertible notes and certain contract debt was converted into equity, and accrued and unpaid interest on such demand and convertible notes was acknowledged to have been previously released. This reorganization included the conversion into equity of the demand notes and convertible notes of Satcom held by Messrs. Eisenberg and Franco in the principal amounts of approximately \$50,000 and \$6,250,800, respectively, and the release of any other debts of Satcom owed to them.

As of December 31, 2011, ORBCOMM Europe had a note payable to Satcom in the amount of 1,466,920 (\$1,906,996). This note has the same payment terms as the note payable from ORBCOMM Europe to OHB Technology described below under OHB Technology AG and carries a zero interest rate. For accounting purposes, this note has been eliminated in the consolidation of ORBCOMM Europe and Satcom with ORBCOMM Inc. We own 52% of Satcom, which in turn owns 50% of ORBCOMM Europe.

We have provided Satcom with a \$1.0 million line of credit for working capital purposes pursuant to a revolving note dated as of December 30, 2005. The revolving loan bears interest at 8% per annum and is secured by all of Satcom's assets, including its membership interest in ORBCOMM Europe. As of December 31, 2011, Satcom had \$939,196 outstanding under this line of credit.

OHB Technology AG

We have entered into several agreements with OHB Technology AG (formerly named OHB Teledata A.G.) and its affiliates for satellite-related products and services. Marco Fuchs, a director of ours, is Chief Executive Officer and Chairman of the Managing Board of OHB Technology.

On May 21, 2002, we entered into an IVAR agreement with OHB Technology under which OHB Technology has been granted non-exclusive rights to resell our services for applications developed by OHB Technology for the monitoring and tracking of mobile tanks and containers. As of December 31, 2011, OHB Technology owed us unpaid fees of approximately \$600.

In connection with the acquisition of an interest in Satcom (see Satcom International Group plc above), we recorded an indebtedness to OHB Technology arising from a note payable from ORBCOMM Europe to OHB Technology. At December 31, 2011 the principal balance of the note payable is 1,138,410 and it has a carrying value of \$1,479,920. This note does not bear interest and has no fixed repayment term. Repayment will be made from the distribution profits (as defined in the note agreement) of ORBCOMM Europe. The note has been classified as long-term and we do not expect any repayments to be required prior to January 1, 2013.

On September 28, 2010, we and OHB-System AG (an affiliate of OHB Technology) entered into an AIS Satellite Deployment and License Agreement (the AIS Agreement) pursuant to which OHB-System AG, through its affiliate Luxspace Sarl (LXS), will (1) design, construct, launch and in-orbit test two Automatic Identification System (AIS) microsattellites and (2) design and construct the required ground support equipment. Under the AIS Agreement, we obtained exclusive licenses for all data (with certain exceptions) collected or transmitted by the AIS microsattellites (including all AIS data) during the term of the AIS Agreement and nonexclusive licenses for all AIS data collected or transmitted by the Pathfinder 3 satellite expected to be launched by LXS. The AIS Agreement provided for milestone payments by us to OHB-System AG totaling \$2,000,000 (inclusive of in-orbit testing) beginning with the execution of the AIS Agreement through the microsattellite launches. In addition, to the extent that both microsattellites continue to successfully operate after launch, we will pay OHB-System AG lease payments of up to \$546,000 in the aggregate over thirty six (36) months. In addition OHB-System AG was also entitled to credits of up to \$500,000 to be used solely for

microsatellite AIS data license fees payable to us under a separate AIS data resale agreement. On January 1, 2012, we and OHB-System AG amended the AIS Agreement to (i) increase the milestone payments to \$2,100,000 in the aggregate, (ii) eliminate the \$500,000 credit described above and (iii) increase the lease payments described above to up to \$946,000 in the aggregate over thirty six (36) months. During 2011, we made milestone payments of \$1,125,000 under the AIS Agreement.

Registration Rights Agreement

On December 30, 2005, and in connection with private placements of Series B convertible preferred stock in November and December 2005 and January 2006, we entered into a Second Amended and Restated Registration Rights Agreement with the Series B preferred stock investors and holders of our Series A preferred stock and common stock who were parties to the Amended and Restated Registration Rights Agreement dated February 17, 2004.

Under the agreement, certain holders of common stock (including common stock issued upon the conversion of our prior Series A convertible preferred stock and Series B convertible preferred stock) have the right to demand, at any time or from time to time, that we file up to two registration statements registering the common stock. Only holders of (i) at least two-thirds of the registrable securities (generally our common stock and common stock issued upon conversion of our preferred stock and warrants) outstanding as of the date of our initial public offering, (ii) at least 35% of the registrable securities outstanding as of the date of the demand or (iii) a specified number of holders of common stock issued upon conversion of our Series B convertible preferred stock may request a demand registration.

In addition, certain holders will be entitled to an additional demand registration statement on Form S-3 covering the resale of all registrable securities, provided that we will not be required to effect more than one such demand registration statement on Form S-3 in any twelve month period or to effect any such demand registration statement on Form S-3 if any such demand registration statement on Form S-3 will result in an offering price to the public of less than \$20 million. Notwithstanding the foregoing, after we qualify to register our common stock on Form S-3, Sagamore Hill Hub Fund Ltd. and its affiliates (collectively, Sagamore) and KMCP Satellite Investments LLC, CALPERS Corporate Partners, LLC and their affiliates (the KMCP Entities) will have separate rights to additional demand registrations that would be eligible for registration on Form S-3; provided, that we will not be required to effect more than one such demand registration requested by Sagamore or the KMCP Entities, as the case may be, on Form S-3 in any twelve month period and that Sagamore or the KMCP Entities, as the case may be, will pay the expenses of such registration if such registration shall result in an aggregate offering price to the public of less than \$1 million. Certain investors also have preemptive rights and piggyback registration rights as specified in our Second Amended and Restated Registration Rights Agreement. KMCP Satellite Investment LLC owns 8.9% of our common stock and Timothy Kelleher, a director of ours, is a Managing Partner of KMCP Advisors II LLC, an affiliate of KMCP Satellite Investments LLC.

Employment Agreements

Marc Eisenberg. On November 8, 2010, we entered into an employment agreement (the Eisenberg Agreement) with Marc Eisenberg, our Chief Executive Officer, effective as of December 31, 2010. Upon its effectiveness, the Eisenberg Agreement supersedes and replaces any prior employment agreements with Mr. Eisenberg (except for any existing equity award agreements and any of his obligations applicable to the period prior to December 31, 2010) and continued through December 31, 2011. Upon the expiration of the initial term or any extension thereof, the term of the Eisenberg Agreement will be automatically extended by twelve additional calendar months through the next December 31st, unless either party notifies the other party in writing at least 90 days in advance of such expiration that he or it does not want such extension to occur, in which case the term of the Eisenberg Agreement will not be further extended and Mr. Eisenberg's employment will terminate upon such expiration. Notwithstanding the foregoing, Mr. Eisenberg's employment with us may be terminated prior to the expiration of the term of the Eisenberg Agreement pursuant to the provisions described below.

The Eisenberg Agreement provides for an annual base salary of \$379,600. In addition to his salary, Mr. Eisenberg will be entitled to certain employee benefits, including medical and disability insurance, term life

insurance (with a death benefit no less than three times his annual base salary), paid holiday and vacation time and other employee benefits paid by us. Under the Eisenberg Agreement, Mr. Eisenberg is eligible to receive a bonus, payable in cash or cash equivalents, based on a percentage of his base salary (up to 140%) dependent upon achieving certain performance targets (both financial and qualitative) established each year by the board of directors. Mr. Eisenberg will be entitled to participate in any profit sharing and/or pension plan generally provided for our executives, and in any equity incentive plan established by us in which our senior executives are generally permitted to participate. In the event we elect to relocate Mr. Eisenberg's position to Dulles, Virginia, Mr. Eisenberg will receive reimbursement from us for any reasonable moving expenses incurred, as reasonably approved by us, up to 50% of his annual base salary.

If Mr. Eisenberg's employment is terminated (1) by us without cause (as defined in the Eisenberg Agreement), (2) as a result of a notice of non-extension of the Eisenberg Agreement provided by us or (3) by him due to a material change in his status, title, position or scope of authority or responsibility during the term of the Eisenberg Agreement, he will be entitled to continue to receive his base salary for a period of one year, payable beginning on the 60th day following his termination of employment (subject to any delay that may be required by Section 409A of the Internal Revenue Code (Section 409A)), and continued health insurance coverage for one year following such termination. Mr. Eisenberg's post-termination payments and insurance coverage are conditioned on his executing a release in favor of us. In addition, the Eisenberg Agreement contains standard covenants relating to confidentiality and assignment of intellectual property rights, a two-year post-employment non-solicitation covenant and a one-year post-employment non-competition covenant. Upon a termination of employment following a change of control (as defined in the Eisenberg Agreement and described below under Potential Service Payments Upon Termination or Change of Control Change of Control Triggers), Mr. Eisenberg will be entitled to the same post-employment payments and health insurance coverage as if his employment were terminated by us without cause (as described above), unless the successor or transferee company continues his employment on substantially equivalent terms as under the Eisenberg Agreement; provided that if the change of control transaction occurs, then the length of the severance period during which Mr. Eisenberg receives continued base salary and coverage under our health insurance plan will be eighteen months. If we elect to relocate Mr. Eisenberg's position to Dulles, Virginia and he elects not to relocate with the position, upon his voluntary resignation for such reason, Mr. Eisenberg will be entitled to the same post-employment payments and health insurance coverage as if his employment were terminated by us without cause (as described above), except that the length of the severance period during which he receives continued base salary and coverage under our health insurance plan will be three months.

Robert G. Costantini. On November 8, 2010, we entered into an employment agreement (the Costantini Agreement) with Robert G. Costantini, our Executive Vice President and Chief Financial Officer, effective as of December 31, 2010. Upon its effectiveness, the Costantini Agreement supersedes and replaces any prior employment agreements with Mr. Costantini (except for any existing equity award agreements and any of his obligations applicable to the period prior to December 31, 2010) and continued through December 31, 2011. Upon the expiration of the initial term or any extension thereof, the term of the Costantini Agreement will be automatically extended by twelve additional calendar months through the next December 31st, unless either party notifies the other party in writing at least 90 days in advance of such expiration that he or it does not want such extension to occur, in which case the term of the Costantini Agreement will not be further extended and Mr. Costantini's employment will terminate upon such expiration. Notwithstanding the foregoing, Mr. Costantini's employment with us may be terminated prior to the expiration of the term of the Costantini Agreement pursuant to the provisions described below.

The Costantini Agreement provides for an annual base salary of \$294,840. In addition to his salary, Mr. Costantini will be entitled to certain employee benefits, including medical and disability insurance, term life insurance, paid holiday and vacation time and other employee benefits paid by us. Under the Costantini Agreement, Mr. Costantini is eligible to receive a bonus, payable in cash or cash equivalents, based on a percentage of his base salary (up to 140%) dependent upon achieving certain performance targets (both financial and qualitative) established each year by the board of directors. Mr. Costantini will be entitled to participate in any profit sharing and/or pension plan generally provided for our executives, and in any equity incentive plan established by us in which our senior executives are generally permitted to participate. In the event we elect to

relocate Mr. Costantini's position to Dulles, Virginia, Mr. Costantini will receive reimbursement from us for any reasonable moving expenses incurred, as reasonably approved by us, up to 50% of his annual base salary.

If Mr. Costantini's employment is terminated (1) by us without cause (as defined in the Costantini Agreement), (2) as a result of a notice of non-extension of the Costantini Agreement provided by us or (3) by him due to a material change in his status, title, position or scope of authority or responsibility during the term of the Costantini Agreement, he will be entitled to continue to receive his base salary for a period of one year, payable beginning on the 60th day following his termination of employment (subject to any delay that may be required by Section 409A), and continued health insurance coverage for one year following such termination. Mr. Costantini's post-termination payments and insurance coverage are conditioned on his executing a release in favor of us. In addition, the Costantini Agreement contains standard covenants relating to confidentiality and assignment of intellectual property rights, a two-year post-employment non-solicitation covenant and a one-year post-employment non-competition covenant. Upon a termination of employment following a change of control (as defined in the Costantini Agreement and described below under Potential Service Payments Upon Termination or Change of Control Change of Control Triggers), Mr. Costantini will be entitled to the same post-employment payments and health insurance coverage as if his employment were terminated by us without cause (as described above), unless the successor or transferee company continues his employment on substantially equivalent terms as under the Costantini Agreement; provided that if the change of control transaction occurs, then the length of the severance period during which Mr. Costantini receives continued base salary and coverage under our health insurance plan will be eighteen months. If we elect to relocate Mr. Costantini's position to Dulles, Virginia and he elects not to relocate with the position, upon his voluntary resignation for such reason, Mr. Costantini will be entitled to the same post-employment payments and health insurance coverage as if his employment were terminated by us without cause (as described above), except that the length of the severance period during which he receives continued base salary and coverage under our health insurance plan will be three months.

John J. Stolte, Jr. On November 8, 2010, we entered into an employment agreement (the Stolte Agreement) with John Stolte, our Executive Vice President Technology and Operations, effective as of December 31, 2010. Upon its effectiveness, the Stolte Agreement supersedes and replaces any previous employment agreements with Mr. Stolte (except for any existing equity award agreements and any of his obligations applicable to the period prior to December 31, 2010) and continued through December 31, 2011. Upon the expiration of the initial term or any extension thereof, the term of the Stolte Agreement will be automatically extended by twelve additional calendar months through the next December 31st, unless either party notifies the other party in writing at least 90 days in advance of such expiration that he or it does not want such extension to occur, in which case the term of the Stolte Agreement will not be further extended and Mr. Stolte's employment will terminate upon such expiration. Notwithstanding the foregoing, Mr. Stolte's employment with us may be terminated prior to the expiration of the term of the Stolte Agreement pursuant to the provisions described below.

The Stolte Agreement provides for an annual base salary of \$245,700. In addition to his salary, Mr. Stolte will be entitled to certain employee benefits, including medical and disability insurance, term life insurance, paid holiday and vacation time and other employee benefits paid by the Company. Under the Stolte Agreement, Mr. Stolte is eligible to receive a bonus based on a percentage of his base salary (up to 75%) dependent upon achieving certain performance targets (both financial and qualitative) established each year by the board of directors. Mr. Stolte will be entitled to participate in any profit sharing and/or pension plan generally provided for our executives, and in any equity incentive plan established by us in which our senior executives are generally permitted to participate.

If Mr. Stolte's employment is terminated (1) by reason of his death or disability, (2) by us without cause (as defined in the Stolte Agreement) or (3) as a result of a notice of non-extension of the Stolte Agreement provided by us he or his estate will be entitled to continue to receive his base salary for a period of one year, payable beginning on the 60th day following his termination of employment (subject to any delay that may be required by Section 409A). Upon a termination of his employment following a change of control (as defined in the Stolte Agreement and described below under Potential Service Payments Upon Termination or Change of Control Change of Control Triggers), Mr. Stolte will be entitled to the same post-employment payments as if his employment were terminated by us without cause (as described above), unless the successor or transferee company continues his employment on substantially equivalent terms as under the Stolte Agreement; provided that if the change of control transaction occurs, then the length of the severance period during which Mr. Stolte receives continued base salary will be eighteen months.

Christian G. Le Brun. On November 8, 2010, we entered into an employment agreement (the Le Brun Agreement) with Christian Le Brun, our Executive Vice President and General Counsel, effective as of December 31, 2010. Upon its effectiveness, the Le Brun Agreement supersedes and replaces any previous employment agreements with Mr. Le Brun (except for any existing equity award agreements and any of his obligations applicable to the period prior to December 31, 2010) and continued through December 31, 2011. Upon the expiration of the initial term or any extension thereof, the term of the Le Brun Agreement will be automatically extended by twelve additional calendar months through the next December 31st, unless either party notifies the other party in writing at least 90 days in advance of such expiration that he or it does not want such extension to occur, in which case the term of the Le Brun Agreement will not be further extended and Mr. Le Brun's employment will terminate upon such expiration. If Mr. Le Brun's employment is terminated (1) by us without cause (as defined in the Le Brun Agreement) or (2) as a result of a notice of non-extension of the Le Brun Agreement provided by us, he will be entitled to continue to receive his base salary for a period of one year, payable beginning on the 60th day following his termination of employment (subject to any delay that may be required by Section 409A). Mr. Le Brun's post-termination payments are conditioned on his executing a release in favor of us. In addition, the Le Brun Agreement contains standard covenants relating to confidentiality and assignment of intellectual property rights, a two-year post-employment non-solicitation covenant and a one-year post-employment non-competition covenant. prior to December 31, 2010) and shall continue through December 31, 2011. Upon the expiration of the initial term or any extension thereof, the term of the Bell Agreement will be automatically extended by twelve additional calendar months through the next December 31st, unless either party notifies the other party in writing at least 90 days in advance of such expiration that he or it does not want such extension to occur, in which case the term of the Bell Agreement will not be further extended and Mr. Bell's employment will terminate upon such expiration. Notwithstanding the foregoing, Mr. Bell's employment with us may be terminated prior to the expiration of the term of the Bell Agreement pursuant to the provisions described below.

The Bell Agreement provides for an annual base salary of \$205,000. In addition to his salary, Mr. Bell will be entitled to certain employee benefits, including medical and disability insurance, term life insurance, paid holiday and vacation time and other employee benefits paid by us. Indemnity Agreements

We have entered into indemnification agreements with each of our directors. In addition, we have entered into indemnification agreements with certain of our executive officers in their capacity as our executive officers and as directors of certain of our subsidiaries. Each indemnification agreement provides that we will, subject to certain exceptions, indemnify the indemnified person in respect of any and all expenses incurred as a result of any threatened, pending or completed action, suit or proceedings involving the indemnified person and relating to the indemnified person's service as an executive officer or director of ours. We will also indemnify the indemnified person to the fullest extent as may be provided under the provisions of our By-Laws and Delaware law. The indemnification period lasts for as long as the indemnified person is an executive officer or director of ours and continues if the indemnified person is subject to any possible claim or threatened, pending or completed action, suit or proceeding, whether civil, criminal, arbitration, administrative or investigative, by reason of fact that the indemnified person was serving in such capacity. Upon request, we must advance all expenses incurred by the indemnified person in connection with any proceeding, provided the indemnified person undertakes to repay the advanced amounts if it is determined ultimately that the indemnified person is not entitled to be indemnified under any provision of the indemnification agreement, our By-Laws, Delaware law or otherwise.

POTENTIAL SERVICE PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

The following tables below reflect the amount of compensation payable to each Named Executive Officer in the event of termination of such executive's employment or upon a change of control based on the applicable provisions of the Named Executive Officer's employment agreement, RSU award agreements and SAR award agreements. The amount of compensation payable to each Named Executive Officer upon voluntary termination, termination without cause, non-extension of employment agreement, termination related to relocation, change of control, disability or death is shown below for Messrs. Eisenberg, Costantini, Stolte, Le Brun and Bell. All severance payments to the Named Executive Officers are conditioned on the execution of a release discharging the Company of any claims or liabilities in relation to the Named Executive Officer's employment with the Company. The tables assume an effective date of a change of control and termination of employment on December 31, 2011 and the amount of compensation payable to each Named Executive Officer is based upon the employment agreement for such Named Executive Officer as in effect as of that date. See "Certain Relationships and Transactions with Related Persons - Employment Agreements" for descriptions of the employment agreements currently in effect for our Named Executive Officers.

Change of Control Triggers

For the purposes of the severance payments under the Named Executive Officer employment agreements, "change of control" means:

the Company's merger or consolidation with another corporation or entity;

the Company's transfer of all or substantially all of its assets to another person, corporation, or other entity; or

a sale of the Company's stock in a single transaction or series of related transactions that results in the holders of the outstanding voting power of the Company immediately prior to such transaction or series of transactions owning less than a majority of the outstanding voting securities for the election of directors of the surviving company or entity immediately following such transaction or series of transactions (other than any registered, underwritten public offering by the Company of the Company's stock or pursuant to any stock-based compensation plan of the Company).

For purposes of the stock option awards under the 2004 Stock Option Plan, a "change of control" means the purchase or other acquisition by any person, entity or group of persons, within the meaning of Section 13(d) or 14(d) of the Exchange Act, or any comparable successor provisions, of:

ownership of more than 50% or more of the combined voting power of the Company's then outstanding voting securities entitled to vote generally; or

all or substantially all of the direct and indirect assets of the Company and its subsidiaries, other than by a person, firm, entity or group, which together with its affiliates, prior to such purchase or other acquisition, owned at least 50% of the outstanding common equity of the Company.

For purposes of the RSU awards and SAR awards, awards will vest upon the effective date of a "change in control" having a value in excess of \$6.05 per share where "change in control" means an event that would be considered a change in control under Section 409A of the Code and the regulations issued thereunder, which includes:

Edgar Filing: ORBCOMM Inc. - Form DEF 14A

the acquisition by a person or group of beneficial ownership of more than 50% of the total fair market value or total voting power of the outstanding stock of the Company;

the acquisition by a person or group, within a 12-month period, of beneficial ownership of 30% or more of the total voting power of the outstanding stock of the Company;

Table of Contents

a majority of our board of directors is replaced during any 12-month period by directors whose appointment or election is not endorsed by a majority of the members of the board prior to the date of the appointment or election; or

the acquisition by a person or group of a substantial portion of the Company's assets (40% or more of the total gross fair market value) within a 12-month period, unless the recipient of the assets is (i) a subsidiary of the Company, (ii) shareholder(s) owning 50% or more of the total value or voting power of the outstanding stock of the Company, (iii) an entity at least 50% owned by shareholder(s) described in clause (ii), or (iv) shareholder(s) receiving the assets in exchange for or with respect to the Company's stock.

Post-Termination Covenants

The RSU awards and SAR awards are subject to a non-competition provision restricting the Named Executive Officer's employment with a competitor for six months following termination. The RSU awards and SAR awards are also subject to a non-solicitation provision restricting the Named Executive Officer from soliciting certain business or recruiting certain of the Company's employees for one year following termination. If the Company determines that the Named Executive Officer violated these provisions of the RSU award or SAR award, the Named Executive Officer will forfeit all rights to any RSUs or SARs under the awards and will have to return to the Company the value of any RSUs or SARs awarded to the Named Executive Officer by the Company. The Named Executive Officers are also subject to post-termination non-competition, non-solicitation and confidentiality provisions in their employment agreements. ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION (PROPOSAL 3)

We are providing our shareholders with the opportunity to cast an advisory vote to approve executive compensation as described below.

Our executive compensation philosophy is to create a system that rewards executives for performance and focuses our management team on the critical short-term and long-term objectives. The primary objectives of our executive compensation programs are to attract, motivate and retain talented and dedicated executives, to link annual and long-term cash and stock incentives to achievement of specified performance objectives, and to align executives' incentives with shareholder value creation. To achieve these objectives, the Compensation Committee has implemented compensation programs that make a substantial portion of the executives' overall compensation contingent upon achieving key short-term business and long-term strategic goals established by our board of directors or the Compensation Committee based on key drivers in areas such as subscriber growth, technology improvements and system expansion. We use base salaries and time-based equity awards to provide current income and retention incentives and a combination of cash and stock-based compensation that reward performance measured against various corporate and individual performance goals based on key business drivers. Our performance targets are based on our annual business plan and we believe that they are established at levels that are achievable if we execute our business plan. By providing for significant incentives for exceeding certain targets, we motivate our Named Executive Officers to achieve strategic business objectives that result in the creation of value to us and our shareholders over the long-term. For example, a large percentage of the Named Executive Officers' annual cash bonus opportunity and performance-based equity awards are based on metrics for profitability, growth, operations and systems expansion which we believe are important measures of the performance of our business. We believe the design of our compensation programs, which we have used over the past several years and continue to use for 2012, provides the appropriate balance for motivating and retaining our Named Executive Officers while providing appropriate rewards for demonstrated performance. The Compensation Committee's goal is to set executive compensation at levels the committee believes are competitive against compensation offered by other rapidly growing companies of similar size and stage of development against whom we compete for executive talent in the communications industry, while taking into account our performance and our own strategic goals. The Compensation Discussion and Analysis contained in this proxy statement describes our executive compensation program and the decisions made by the Compensation Committee in fiscal 2011 in more detail.

Accordingly, we ask our shareholders to vote on the following resolution at the Annual Meeting:

RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2012 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2011 Summary Compensation Table and the other related tables and disclosure.

As an advisory vote, this proposal is not binding upon us. However, the Compensation Committee, which is responsible for designing and administering our executive compensation program, values the opinions expressed by shareholders in their vote on this proposal and will consider the outcome of the vote when making future compensation decisions for named executive officers.

The board of directors recommends that you vote FOR the proposal regarding an advisory vote to approve executive compensation presented, which is presented as Proposal 3.

OTHER MATTERS

The board of directors is not aware of any other matters to be presented for action by the shareholders at the Annual Meeting. In the event of a vote on any matters other than those referred to in the accompanying Notice of 2012 Annual Meeting of Shareholders properly come before the meeting, proxies in the accompanying form will be voted in accordance with the best judgment of the persons voting such proxies.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based on our review of the copies of such forms that we have received and written representations from certain reporting persons confirming that they were not required to file Forms 5 for specified fiscal years, we believe that all our executive officers, directors and greater than ten percent beneficial owners complied with applicable SEC filing requirements under Section 16(a) during fiscal year 2011.
