ANNUAL MEETING OF SHAREHOLDERS, TO BE HELD ON NOVEMBER 7, 2012

PROXY STATEMENT

PROXIES AND VOTING INFORMATION

The Board of Directors of DeVry Inc. (DeVry) is sending you this Proxy Statement and the accompanying Proxy Card to solicit your proxy to vote your shares at DeVry s Annual Meeting of Shareholders to be held on November 7, 2012, and any adjournment thereof. The solicitation of proxies gives every shareholder an opportunity to vote because your shares can be voted only if you are present or represented by proxy at the Meeting. This Proxy Statement and accompanying Proxy Card are first being sent to shareholders on or about October , 2012.

When you have returned your proxy, the proxy committee appointed by DeVry s Board of Directors (and each of them, with full powers of substitution) will vote your shares as you direct. Please follow the instructions on the enclosed Proxy Card, which explain how to submit your proxy by mail, by telephone or through the Internet. If you submit a proxy by telephone or through the Internet, you should not also mail in a Proxy Card. If you return your proxy to us by any of these means without choices for each proposal, the proxy committee will vote your shares on the unmarked proposals as recommended by DeVry s Board of Directors. Abstentions, directions to withhold authority and broker non-votes (where a named entity holds shares for a beneficial owner who has not provided voting instructions) will be considered present at the meeting for purposes of a quorum but will not be counted in determining the total number of votes cast. A proxy may be revoked at any time before the proxy is voted at the meeting by: (1) notifying DeVry in writing that the proxy has been revoked, (2) submitting a later-dated proxy by mail, over the telephone or through the Internet, or (3) voting in person at the meeting. The election of Darren R. Huston, William T. Keevan, Lyle Logan and Alan G. Merten as Class III Directors (Proposal No. 1), the ratification of the selection of the independent registered public accounting firm (Proposal No. 2), the approval of the proposed amendment to DeVry s Restated Certificate of Incorporation to declassify our Board of Directors by 2015 (Proposal No. 3) and the approval of executive compensation in the advisory vote (Proposal No. 4) will each require the affirmative vote of a majority of the shares of Common Stock of DeVry outstanding on the record date, as required by DeVry s Restated Certificate of Incorporation. The effect of an abstention, direction to withhold authority or broker non-vote with respect to these proposals is the same as a no vote.

If you are a DeVry employee who is a participant in the DeVry Inc. Employee Stock Purchase Plan or the DeVry Inc. Success Sharing Retirement Plan s DeVry Stock Fund, your proxy will serve as direction to the custodian of the DeVry Inc. Employee Stock Purchase Plan or the trustee of the DeVry Inc. Success Sharing Retirement Plan to vote your shares for your account as you have directed. If you submit a proxy without indicating your voting preference, your shares will be voted in the same proportion as shares for which instructions have been received.

DeVry will bear the expense of soliciting proxies and will reimburse all shareholders for the expense of sending proxies and proxy material to beneficial owners, including expenditures for foreign mailings. The solicitation initially will be made by mail but also may be made by DeVry employees by telephone, electronic means or personal contact.

As of September 24, 2012, DeVry had shares of Common Stock (\$0.01 par value) outstanding. Shareholders are entitled to one vote per share owned on the record date.

ELECTION OF DIRECTORS

The current size of the Board of Directors is 12 Directors. The Restated Certificate of Incorporation provides for a Board of Directors that is divided into three classes serving staggered three-year terms. The current members of Class III, whose terms of office expire in November 2012, are Darren R. Huston, William T. Keevan, Lyle Logan and Julia A. McGee. Except for Julia A. McGee, who has chosen not to stand for re-election, the Board has nominated each of them and recommends their re-election as Class III Directors, each for a term to expire in 2015. The Board also recommends the election of Alan G. Merten as a Class III Director, for a term to expire in 2015. Merten as Class III Directors unless otherwise specified in such proxy. A proxy cannot be voted for more than four persons. In the event that a nominee becomes unable to serve as a Director, the proxy committee will vote for the substitute nominee that the Board designates. The Board has no reason to believe that the nominees will become unavailable for election.

Each nominee for election as a Director, and each Director continuing in office, is listed below, along with a brief statement of his or her current principal occupation, business experience and other information, including directorships in other public companies held as of the date of this Proxy Statement or within the previous five years. Under the Caption Relevant Experience, we describe briefly the particular experience, qualifications, attributes or skills that led to the conclusion that these nominees and the continuing Directors should serve on the Board. As explained below under the caption Board of Directors and Board Committee Information Director Nominating Process and Factors Considered, the Nominating & Governance Committee looks at the Board as a whole, attempting to ensure that it possesses the characteristics that the Board believes important to effective governance.

Approval by Shareholders

The election of the four nominees for Director listed below requires the affirmative vote of a majority of the shares of Common Stock of DeVry outstanding on the record date. Unless otherwise indicated on the proxy, the shares will be voted **FOR** each of the nominees listed below.

DeVry's Board of Directors held seven meetings during fiscal year 2012, consisting of four regular meetings and three special meetings. Board members are expected to attend Board meetings, the meetings of the committees on which they serve and the Annual Meeting of Shareholders, except in unusual circumstances. During fiscal year 2012, all incumbent Directors attended 75% or more of the aggregate total number of meetings of the Board of Directors and of the committees on which they served. All of the Directors attended DeVry's 2011 Annual Meeting of Shareholders. During fiscal year 2012, the Board met in executive session without employee Directors or other employees present at each regular Board of Directors meeting. Dr. Harold Shapiro presided over these sessions as the non-executive Board Chair.

Director Independence

The Board of Directors has considered whether each Director, and Dr. Merten as a Director nominee, has any material relationship with DeVry (either directly or as a partner, shareholder or officer of an organization that has a relationship with DeVry) and has otherwise complied with the requirements for independence under the applicable listing standards of the New York Stock Exchange (NYSE).

As a result of this review, the Board of Directors affirmatively determined that all of DeVry's current Directors and Dr. Merten are independent of DeVry and its management within the meaning of the applicable NYSE rules, with the exception of Mr. Taylor and Mr. Hamburger. Mr. Taylor is considered an inside Director because of his status as a Senior Advisor to DeVry. Mr. Hamburger is considered an inside Director because of his employment as President and CEO of DeVry.

The Board considered the relationship between DeVry and Northern Trust Corporation, at a subsidiary of which DeVry maintains depository accounts and through which a significant portion of DeVry's disbursement activity is conducted, because Mr. Logan is Executive Vice President and Managing Director, Global Financial Institutions Group, with Northern Trust Global Investments, a business unit of Northern Trust Corporation. In fiscal year 2012, DeVry incurred approximately \$1.2 million in fees to Northern Trust Corporation, which were partially offset against compensating balance credits earned on an average monthly outstanding balance of approximately \$27.3 million. The Board of Directors concluded, after considering that the relationship predates Mr. Logan's joining the Board, that Mr. Logan had no involvement in the transactions, the lack of materiality of the transactions to DeVry and to Northern Trust Corporation, and the fact that the terms of the transactions are not preferential either to DeVry or to Northern Trust Corporation, that the relationship is not a material one for purposes of the NYSE listing standards and would not influence Mr. Logan's actions or decisions as a Director of DeVry.

Board Leadership Structure

In accordance with DeVry's Corporate Governance Principles, the Board believes that it makes its selection of the Board Chair and the CEO in the way that it deems best for the organization and its shareholders and assesses this determination on an ongoing basis. The Board therefore has no specific policy with respect to the separation of the offices of Board Chair and CEO. The Board believes that this issue can be part of the succession planning process and that it is in the best interests of DeVry and its shareholders for the Board to make a determination regarding this issue when it annually elects the Board Chair. Since 2004, the offices of Board Chair and CEO have been held by different individuals, with the Board Chair currently being Dr. Shapiro, an independent Director. The Board believes that the existing leadership structure currently serves DeVry and its shareholders well.

Board Committees

The Board has these standing committees: the Academic, Audit, Compensation, External Relations, Finance and Nominating & Governance. A current copy of the charters of each of these committees and a current copy of DeVry's Corporate Governance Principles are available in print from the Secretary of DeVry, 3005 Highland Parkway, Downers Grove, IL 60515-5799, to any shareholder upon written request and can also be found on DeVry's website, www.devryinc.com. Only Directors who meet the NYSE listing standards definition of

independent for purposes of determining Board independence are appointed to the Nominating & Governance and Compensation Committees. Only Directors who meet these standards and the additional NYSE listing standards and the Securities and Exchange Commission definitions of independent for purposes of determining Audit Committee independence are appointed to the Audit Committee.

Academic Committee. Directors Connie R. Curran (Chair), Christopher B. Begley, Darren R. Huston and Ronald L. Taylor serve as members of DeVry's Academic Committee, which was established to assure that the academic perspective is heard and represented at the highest policy-setting level and incorporated in all of DeVry's activities and operations. The purpose of the Committee, which met three times in fiscal year 2012, is to support improvement in academic quality by providing oversight of DeVry's academic policy and input to the Board and management regarding academic activities. The Committee reviews the academic program, policies and practices of DeVry's institutions. Specifically, the Academic Committee evaluates the academic quality and assessment process and evaluates curriculum and programs, offering recommendations for improvement. The Committee also has oversight responsibility for risks and exposures related to academic quality, including accreditation, curriculum development and delivery, student persistence and outcomes.

Audit Committee. Directors William T. Keevan (Chair), Fernando Ruiz and Lisa W. Wardell serve as members of the Audit Committee, which was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act. The Committee met eight times in fiscal year 2012. The Board of Directors has determined that all of the members of the Audit Committee are independent as required by the applicable listing standards of the NYSE and by the applicable rules and regulations issued by the Securities and Exchange Commission. The Board determined that the Audit Committee has two audit committee financial experts serving on that Committee; namely, William T. Keevan, whose business background may be found on page 3 of this Proxy Statement, and Lisa W. Wardell, whose business background may be found on page 7 of this Proxy Statement.

The principal duties of the Audit Committee include:

Monitoring DeVry's financial reporting processes, including its internal control systems;

Selecting DeVry's independent registered public accounting firm, subject to ratification by the shareholders;

Evaluating the independent registered public accounting firm's independence;

Monitoring the scope, approach and results of the annual audits and quarterly reviews of financial statements and discussing the results of those audits and reviews with management and the independent registered public accounting firm;

Overseeing the effectiveness of DeVry's internal audit function and overall risk management processes; and

Discussing with management and the independent registered public accounting firm the nature and effectiveness of DeVry's internal control systems.

The Committee also has oversight responsibility for risks and exposures relating to the adequacy and effectiveness of the accounting, information technology, and financial controls, including DeVry's policies and procedures to assess, monitor and manage exposure to risk (business and financial) and the steps management has taken with respect thereto; DeVry's adherence to legal, regulatory and ethics compliance programs; and enterprise-wide risk management. Additional detail about the Committee's activities are spelled out in the Committee's Charter, which was most recently amended and restated by the Board of Directors on May 12, 2012. The report of the Audit Committee appears on page 46 of this Proxy Statement.

Compensation Committee. Directors Julia A. McGee (Chair), Christopher B. Begley, Connie R. Curran and William T. Keevan serve as members of the Compensation Committee, which held five meetings in fiscal year 2012, consisting of four regular meetings and one special meeting. The Board of Directors has determined that all of the members of the Compensation Committee are independent as defined in the applicable NYSE listing standards. The role of the Compensation Committee is discussed below in the section on Compensation

Table of Contents

Discussion and Analysis. The report of the Compensation Committee appears on page 20 of this Proxy Statement.

The principal duties of the Compensation Committee include:

Reviewing eligibility criteria and award guidelines for DeVry's compensation programs;

Assisting the other Directors, other than DeVry's CEO (Non-employee Directors), in establishing CEO annual goals, objectives and compensation;

Monitoring and evaluating matters relating to DeVry's compensation structure;

Retaining independent compensation consultants to advise the Compensation Committee, as it deems appropriate, including approval of the consultants' fees and other retention terms; and

Periodically reviewing the compensation paid to Non-employee Directors and making recommendations to the Board for any adjustments.

The Compensation Committee also has oversight responsibility for risks and exposures related to employee compensation programs and management succession planning and assesses whether the organization's compensation practices encourage risk taking that would have a material adverse effect on DeVry. In connection with fulfilling this responsibility, the Compensation Committee reviewed the structure and elements of DeVry's compensation program and its policies and practices that manage or mitigate such risk, including, the balance of short-term and long-term incentives, use of multiple performance measures, a multi-year vesting schedule for long-term incentives, the stock ownership guidelines, and the implementation of a claw-back policy. Based on this review, the Committee concluded that DeVry's compensation program does not encourage excessive risk taking.

Finance Committee. Directors Fernando Ruiz (Chair), David S. Brown, Lyle Logan and Lisa W. Wardell serve as members of DeVry's Finance Committee, which met three times during fiscal year 2012, consisting of two regular meetings and one special meeting. The Committee's principal duties include review and recommendation with respect to DeVry's financing policies and actions related to investment, capital structure and financing strategies. The Committee also has oversight responsibility for risks and exposures related to DeVry's capital structure, debt, investments and foreign exchange.

External Relations Committee. Directors Lisa W. Wardell (Chair), Darren R. Huston and Ronald L. Taylor serve as members of DeVry's External Relations Committee, which met three times during fiscal year 2012. The Committee's principal duties include assisting DeVry's management team and the Board in identifying, evaluating and monitoring political and legislative trends, issues and concerns and determining how DeVry can anticipate and adjust to government policy trends in order to more effectively achieve its goals and those of its students. The Committee also has oversight responsibility for risks and exposures related to present and future public policy on education, as well as related laws and regulations applicable to DeVry.

Nominating & Governance Committee. Directors Lyle Logan (Chair), David S. Brown and Julia A. McGee serve as members of DeVry's Nominating & Governance Committee, which met five times during fiscal year 2012. The Board of Directors has determined that all of the members of the Nominating & Governance Committee are independent, as defined in the applicable NYSE listing standards. In accordance with the Committee's Charter, its responsibilities include:

Regularly reviewing the skills and experience of the Board as a whole, and evaluating their suitability to serve the current and future interests of DeVry and its employees, students and shareholders;

Edgar Filing: DEVRY INC - Form PRE 14A

Regularly updating DeVry's director search criteria to ensure an appropriate Board composition that provides effective governance for the growing, complex, global educational operations of DeVry and the broad spectrum of students that DeVry serves;

Overseeing CEO and director succession and potential related risks;

Overseeing risks and exposures stemming from governance structures and processes as well as Board composition and function;

Table of Contents

Proposing a slate of Directors for election by the shareholders at each Annual Meeting and proposing candidates to fill any vacancies on the Board;

Reviewing the Board's committee structure; and

Leading the Board and committee evaluation process.

The Nominating & Governance Committee will consider shareholder recommendations of candidates for Director. Such recommendations should be sent to the Secretary of DeVry. Detailed procedures, including minimum qualifications and specific qualities or skills believed necessary, and the Committee's process (arising primarily out of DeVry's By-Laws) for identifying and evaluating nominees, have been codified in DeVry's policy on the Director Nominating Process, which is described below under the caption "Director Nominating Process and Factors Considered."

Dr. Merten's candidacy resulted from an extensive search process assisted by the firm of Russell Reynolds Associates, which was retained by the Nominating & Governance Committee for this purpose. The search focused on augmenting the Board's aggregate skills and experience with respect to higher education and education policy. The Nominating & Governance Committee evaluated Dr. Merten against other candidates and the criteria set forth in the Director Nominating Process, which is discussed below, and recommended him to the full Board of Directors for nomination.

Director Continuing Education

Members of the Board of Directors are encouraged to participate in continuing education and enrichment classes and seminars. During fiscal year 2012, Mr. Keevan completed a comprehensive program of study to become a National Association of Corporate Directors (NACD) Board Leadership Fellow. He also regularly attends seminars, conferences and webcasts dealing with accounting, financial reporting and corporate governance matters. Ms. Curran attended an executive education program in fiscal year 2012 at Harvard Business School entitled "Compensation Committees: New Challenges, New Solutions."

Director Nominating Process and Factors Considered

The Nominating & Governance Committee is responsible for making recommendations of nominees for Directors to the Board. The Committee's goal is to put before the shareholders candidates who, with the incumbent Directors, will constitute a board that has the characteristics necessary to provide effective oversight for the growing, complex, global educational operations of DeVry and reflects the broad spectrum of students that DeVry serves. The Committee seeks a diversity of thought, background, experience and other characteristics in its candidates. To this end, DeVry's Governance Principles provide that nominees are to be selected on the basis of, among other things, knowledge, experience, skills, expertise, diversity, personal and professional integrity, business judgment, time availability in light of other commitments, absence of conflicts of interest and such other relevant factors that the Committee considers appropriate in the context of the interests of DeVry and its Board. When considering nominees, the Committee seeks to ensure that the Board as a whole possesses, and individual members possess at least two of, the following characteristics or expertise:

Academic leadership;

Accounting and finance expertise;

Business judgment;

Management experience;

Edgar Filing: DEVRY INC - Form PRE 14A

Industry knowledge;

Accreditation and other specialized knowledge of higher education;

Public policy experience, particularly in higher education;

Leadership; and

Strategic vision.

Table of Contents

The Committee has implemented this policy by evaluating each prospective Director nominee as well as each incumbent Director on the criteria described above and in the context of the composition of the full Board, to determine whether she or he should be nominated to stand for election or re-election.

In screening Director nominees, the Committee also reviews potential conflicts of interest, including interlocking directorships and substantial business, civic, and social relationships with other members of the Board that could impair the prospective nominee's ability to act independently.

The Committee will not only consider nominees that it identifies, but will consider nominees submitted by shareholders in accordance with the process for shareholder nominations identified in the By-Laws. Under this process, all shareholder nominees must be submitted in writing to the Secretary of DeVry Inc., 3005 Highland Parkway, Downers Grove, IL 60515-5799, not less than 90 days prior to the anniversary of the immediately preceding Annual Meeting of Shareholders. Such shareholder's notice shall be signed by the shareholder of record who intends to make the nomination (or his duly authorized proxy) and shall also include, among other things, the following information:

the name and address, as they appear on DeVry's books, of such shareholder and the beneficial owner or owners, if any, on whose behalf the nomination is made;

the number of shares of DeVry's Common Stock which are beneficially owned by such shareholder or beneficial owner or owners;

a representation that such shareholder is a holder of record entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to make the nomination;

the name and residence address of the person or persons to be nominated;

a description of all arrangements or understandings between such shareholder or beneficial owner or owners and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination is to be made by such shareholder;

such other information regarding each nominee proposed by such shareholder as would be required to be disclosed in solicitations of proxies for elections of Directors, or would otherwise be required to be disclosed, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended, including any information that would be required to be included in a proxy statement filed pursuant to Regulation 14A had the nominee been nominated by the Board of Directors; and

the written consent of each nominee to be named in a proxy statement and to serve as a Director if so elected.

In addition to candidates submitted through this By-Law process for shareholder nominations, shareholders may also recommend candidates by following the procedures set forth below under the caption "Communications with Directors."

In identifying potential nominees and determining which nominees to recommend to the Board, the Nominating & Governance Committee has retained the advisory services of Russell Reynolds Associates. In connection with each vacancy, the Nominating & Governance Committee develops a specific set of ideal characteristics for the vacant Director position. The Nominating & Governance Committee looks at nominees it identifies and any identified by shareholders on an equal basis using these characteristics and the general criteria identified above.

Board of Directors Role in Risk Oversight

DeVry's full Board is responsible for assessing major risks facing DeVry and overseeing management's plans and actions directed toward their mitigation and/or elimination. The Board has assigned specific elements of the oversight of risk management of DeVry to committees of the Board, as summarized below. Each committee meets periodically with members of management and, in some cases, with outside advisors

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

DeVry's executive compensation program is designed so that executive pay is strongly aligned with organizational and individual performance. The program is heavily weighted with performance-based components. Thus, for example, as illustrated in the following chart, approximately 87% of our CEO's total target compensation in fiscal year 2012 was performance dependent.

We achieve a strong alignment between pay and performance in our compensation program by rewarding executives through annual incentive payouts when predetermined financial performance targets are met and providing lower or no payouts when the targets are not met. Such alignment is also achieved through the use of equity-based compensation, which, by its nature, yields realizable value for executives only to the extent that long-term shareholder value is generated.

We believe that academic quality leads to growth and we have designed, and regularly review, our compensation program with this operating philosophy in mind. Our emphasis on academic quality and student outcomes is reflected in, among other things, the goals set for the organization and each of our executives each year. The individual portion of our Management Incentive Plan (MIP) reinforces this emphasis by encouraging our executives to pursue excellence in academic quality and student outcomes and by rewarding their achievements in these areas of critical importance to DeVry.

Fiscal Year 2012 Highlights

After five consecutive years of meeting our goal of delivering double-digit revenue growth and over 20 percent earnings growth, our financial performance this year fell well short of our goals. Revenue and earnings declined for fiscal year 2012 and DeVry's share price decreased substantially (though in-line with our sector as a whole).

Table of Contents

Despite disappointing financial performance, management nevertheless took actions that enhanced academic quality and student outcomes and positioned DeVry for success in the future, including:

Building our reputation for quality academics by:

Graduating nearly 30,000 students into high-demand fields

Helping nearly 4,000 students realize their dream of becoming a nurse

Helping more than 1,300 medical students pursue their goal of becoming a physician

Helping 50,000 accounting graduates work toward their goal of becoming a CPA

Reducing costs at our institutions in transition to better align them with decreased enrollments

Upgrading our infrastructure by completing a three-year, \$100 million information system implementation (Project DELTA)

Acquiring Falcon Physician Reviews in the U.S., adding American University of the Caribbean School of Medicine to DeVry's Healthcare Group, and adding Faculdade Boa Viagem (FBV) to DeVry Brasil

Increasing investments in DeVry's growing institutions like DeVry Medical International, Becker Professional Education, Chamberlain College of Nursing and DeVry Brasil

Investing \$129 million in capital spending on new campuses, new programs, and academic quality enhancements, and other projects to benefit students.

DeVry's executive compensation program functioned as designed this year by maintaining a close correlation between pay and performance. As shown in the first table below, payouts to our Named Executive Officers listed on page 22 (NEOs) under our annual Management Incentive Plan (MIP) fell sharply this year as compared to last year, while still rewarding our NEOs for individual achievements relating to academic quality and student outcomes, and in furtherance of DeVry's core TEACH values.

Reflects only NEOs who received MIP payouts for service in fiscal years 2011 and 2012.

Table of Contents

The relationship between pay and performance this year is further highlighted by the direct relationship between DeVry's stock price and the value of our NEO's equity-based compensation. The following graph shows how the realizable value of our NEO's equity-based compensation, awarded over the past five years, has been substantially impacted by the drop in our stock price, as of June 30, 2012.

Reflects (i) the grant date fair value, as reported in our annual proxy statements, for all LTI grants made during from fiscal year 2008 through fiscal year 2012 and (ii) the total current value of \$30.97 based on the closing market price of DeVry's Common Stock on June 30, 2012, as reported in *The Wall Street Journal*.

Another of our goals is to align our executives' long-term interests with those of our shareholders. Looking ahead, these grants continue to serve that purpose by offering a significant reward opportunity for leaders if they are able to succeed in creating long-term value for our shareholders by achieving our academic and financial objectives.

Compensation Discussion & Analysis Detail

This section provides an overview and analysis for fiscal year 2012 of our compensation program and policies, the material compensation decisions of the Board of Directors and the Compensation Committee made under the program and policies, how the Board of Directors and the Compensation Committee made those decisions, and the material factors the Board of Directors and the Compensation Committee considered in making those decisions. Later in this Proxy Statement, under the heading "Executive Compensation" you will find a series of tables and related narratives containing specific information about the compensation earned or paid in fiscal year 2012 to the following individuals, whom we refer to as our Named Executive Officers or NEOs :

Executive Compensation Objectives

For fiscal year 2012, the overall goals of our compensation program were to serve the essential purpose of the organization, which is to empower our students to achieve their educational and career goals, and to maximize the long-term return to our stakeholders. We designed our program to:

Align NEO compensation with academic, student outcome, and financial objectives;

Attract, motivate and retain high-quality executives; and

Reward organizational and individual performance.

As part of our compensation philosophy, we believe we should pay our NEOs total compensation that is competitive with other alternatives available to them in the marketplace and that a significant portion of each NEO's total compensation should be variable with both upside potential and downside risk depending upon the performance of DeVry and of the individual. The CEO's compensation, in particular, has the most potential for variability as it is expected to align most closely with the performance of the organization. In addition, we believe we should maintain a clear, straightforward and transparent approach to our executive compensation program.

How the Compensation Committee Determined Executive Compensation

Principles of Executive Compensation

The Compensation Committee uses the following Principles of Executive Compensation as a means to assess our executive compensation program and to provide guidance to management on the Compensation Committee's expectations for our overall executive compensation structure:

Role of the Compensation Committee

The Compensation Committee has responsibility for establishing, implementing and monitoring adherence to our compensation program. The Compensation Committee's role is to oversee, on behalf of the Board and for the benefit of DeVry and its shareholders, our compensation and benefit plans and policies and their effective

Table of Contents

execution, including reviewing and approving equity awards to Directors and NEOs, and reviewing and approving annually all compensation decisions relating to our NEOs. The Compensation Committee meets periodically to review the design and effective functioning of our executive compensation program, including approving compensation levels and performance targets, reviewing management performance, and approving annual cash incentive compensation distributions and long-term incentive compensation awards. The Compensation Committee operates under a written Charter, a copy of which is available on DeVry's website, www.devryinc.com.

Role of Executive Officers and Management

The Compensation Committee invites select members of management to participate in its meetings. The CEO, General Counsel and Senior Vice President of Human Resources were regular attendees at Compensation Committee meetings in fiscal year 2012. The Compensation Committee also invited the CFO to provide perspective and participate in its meetings from time to time. Management's role was to contribute input and analysis to the Compensation Committee's discussions. At the Compensation Committee's direction and request, management made recommendations to the Compensation Committee with respect to the key elements of our executive compensation program for fiscal year 2012, which are discussed in more detail below. The CEO and Senior Vice President of Human Resources, with input from the CFO, recommended the aggregate dollars to be available to all of DeVry's employees (other than the CEO) for increases in base salaries (known as the merit pool), as well as the guidelines under which merit increases to base salaries of employees were to be made. The CEO and Senior Vice President of Human Resources, with input from the CFO, also recommended the aggregate dollars available to be distributed to eligible employees under our Management Incentive Plan (MIP) for fiscal year 2012, and made specific recommendations to the Compensation Committee with respect to MIP awards for members of the senior leadership team that report directly to the CEO. Similarly, the CEO and Senior Vice President of Human Resources, with input from the CFO, made recommendations to the Compensation Committee concerning the aggregate number of stock options, Full-Value Shares and Performance Shares to be awarded to deserving employees under DeVry's long-term incentive plans for fiscal year 2012, and made specific recommendations with respect to individual equity awards to members of the senior leadership team. As we discuss below, our CEO made specific recommendations to the Compensation Committee for his direct reports, including the other NEOs, regarding performance goals, increases to their annual base salaries, MIP awards and long-term incentive compensation grants for fiscal year 2012. The Compensation Committee discussed the recommendations with management, gave feedback on the recommendations, regularly met in executive session for further discussion and analysis, and consulted with outside advisors. The Committee approved the overall magnitude of MIP awards and equity grants, and made all final compensation decisions with respect to long term incentive grants to NEOs other than Mr. Hamburger. The independent members of the Board approved all compensation decisions for Mr. Hamburger.

Role of Independent Consultants

For fiscal year 2012, management used widely-published compensation surveys to help inform many of the decisions related to the total compensation of its executive team. The Compensation Committee also engaged The Delves Group as compensation consultants to review management's recommendations and provide data and insights to ensure that our executive compensation program is fair, reasonable, and consistent with our compensation objectives. The role of The Delves Group involved in our compensation processes was purely advisory in nature and the Compensation Committee retained ultimate responsibility for its compensation-related decisions.

The Compensation Committee and management analyzed and considered survey data provided by the consultants to help provide a broad perspective on the marketplace and market trends given DeVry's stated objective of paying compensation that is competitive with other marketplace alternatives. This survey data was one of many pieces of information included in a subjective process of determining executive compensation. The Compensation Committee used the survey data as general guidance, together with its own knowledge, experience and discretion, in establishing each of the individual elements of NEO compensation for its executives. The Compensation Committee did not target any specific percentile levels in establishing compensation levels and opportunities.

The Role of Performance

A significant portion of the total compensation of the NEOs is performance-based. Financial performance of the organization is one indication of the performance of our NEOs. DeVry's operating philosophy is that quality leads to growth. This reflects our strong view that quality academic programs and student outcomes are another indication of the performance of our NEOs. With these factors in mind, the Compensation Committee designed DeVry's compensation program to reward NEOs for attaining both financial targets and for achieving academic quality and student outcomes.

Given the importance of the CEO's role with respect to critical drivers of organizational performance, the Compensation Committee believes that organizational performance should factor most significantly in the judgments and decisions it makes concerning CEO compensation. This focus may result in the CEO's compensation being more affected by organizational performance year-to-year than the compensation of other NEOs.

Performance Goals and Measures

We have a confidential five-year strategic plan containing various milestones, which was developed by our executive management team and approved by our Board. The plan is rigorously reviewed and updated annually. At the outset of fiscal year 2012, our executive management team recommended, and our Board subsequently approved, a fiscal year operating plan. The specific, quantitative goals set for NEO and organizational performance in fiscal year 2012 were, in turn, derived from our 2012 operating plan.

The Compensation Committee continued its practice of using earnings per share and annual revenue as the key measures of organizational financial performance. For fiscal year 2012, DeVry's financial performance goals were revenue of \$2,345.5 million and earnings per share of \$4.89.

The Compensation Committee used institution revenue and operating income as key measures in assessing the performance of NEOs in operating roles in fiscal year 2012. We do not disclose the particular institution performance goals utilized in our annual cash incentive program (MIP) or otherwise. We consider such information confidential, as its disclosure would cause competitive harm.

The Compensation Committee considered the organization's performance goals to represent the best estimate of what the organization could deliver, if management, individually and collectively, were to materially satisfy its goals and objectives for the year. The Compensation Committee intended all the goals to be aggressive yet achievable. At the time the Compensation Committee set these goals, it expected that it would take extraordinary performance on the part of management to exceed them to the extent necessary to yield maximum incentive payouts under our MIP. We believe that DeVry's incentive plans have successfully implemented its philosophy of pay for performance in fiscal year 2012. As reflected in our Executive Summary, payments to our NEOs under our MIP declined substantially, driven primarily by the non-attainment of the organization's revenue and earnings per share goals for fiscal year 2012.

Individual Performance Goals

At the beginning of fiscal year 2012, the Compensation Committee approved individual performance goals and objectives for the CEO. The CEO also worked collaboratively with the other NEOs in developing their individual performance goals and to assign weightings to them to place additional emphasis on tactical priorities. These individual performance goals reflected functional results or institution performance appropriate for each NEO's respective role. Each stressed the building of academic outcomes, organizational strength and advancement of DeVry's core values. The individual performance goals are factors in determining base salary adjustment, annual cash incentive compensation (MIP) and long-term incentive compensation. The individual performance goals intentionally include elements that can be rated objectively as well as elements that are of a subjective nature. This allows the evaluator—the independent members of the Board in the case of the CEO and the CEO with input and approval from the Compensation Committee in the case of the other NEOs—to assess the individual's performance objectively, while utilizing its discretion to make adjustments based on the individual's perceived contributions and other subjective criteria.

Table of Contents

The primary individual performance goals and objectives set for our CEO, Mr. Hamburger, were to:

Deliver high quality academic programs that yield strong student outcomes;

Implement DeVry's growth and diversification strategy; and

Strengthen infrastructure.

The primary individual performance goals and objectives set for Mr. Gunst, who served DeVry as Senior Vice President, CFO and Treasurer until January 3, 2012, and thereafter for Mr. Wiggins, who became DeVry's Senior Vice President, CFO and Treasurer on January 3, 2012, were to:

Provide insightful business analysis/planning;

Lead and coordinate mergers and acquisitions evaluation and due diligence efforts;

Provide strategic and executional leadership to business units on all key real estate activity;

Pursue cost savings opportunities in purchasing/supply management;

Lead risk management and insurance efforts across the organization;

Pursue tax planning opportunities while ensuring full compliance;

Evaluate alternative capital structure opportunities;

Effectively represent DeVry externally to media, investors, government agencies, and the general public;

Monitor and enhance internal control and enterprise risk management processes; and

Build the finance team, and develop succession and talent management plans.

The primary individual performance goals and objectives set for Mr. Pauldine, Mr. Riehs and Mr. Hughson as operating division heads were to:

Deliver high quality academic programs that yield strong student outcomes;

Edgar Filing: DEVRY INC - Form PRE 14A

Optimize operational and financial performance; and

Effectively execute strategic plans, particularly concerning facilities, student services and relationships with accreditation, government and other education professionals.

These goals were selected by the Compensation Committee in the case of the CEO, and by the CEO in the case of the NEOs, because they are reflective of management's role in DeVry achieving the overall goals set forth in fiscal year 2012 operating plan and, in turn, our long-term strategic objectives. At the same time, these goals were selected because they are reflective of a number of qualities we expect of all of our executives, such as behaviors that:

Promote dedication to the empowerment of our students to achieve their educational and career goals;

Reinforce DeVry's core TEACH values;

Attract, motivate, reward and retain employees who consistently deliver strong performance to ensure DeVry's long term success; and

Promote teamwork that is focused on meeting the expectations of customers (students and employers of graduates), various outside agencies (regulators and accreditors) and shareholders.

Elements of Executive Compensation

The key elements of our executive compensation program for fiscal year 2012 were unchanged from fiscal year 2011:

Annual base salary;

Annual cash incentive (MIP); and

Table of Contents

Long-term incentive (LTI) composed of:

- o stock options; and

- o performance-based restricted stock units (Performance Shares).

The Compensation Committee aimed to provide total compensation to each NEO that was market-competitive, combining a stable base salary element with two at-risk elements (MIP and LTI) available to be earned based upon individual and organizational performance. We believe this approach helps reinforce a culture of performance by recognizing individual potential and rewarding results.

The following is a description for fiscal year 2012 of the three main components of our compensation program, the purpose of each, and the role each played in fiscal year 2012 in meeting the overarching objectives of our compensation program for our NEOs.

Annual Base Salary

We pay base salaries as a secure, predictable component of cash compensation, which is essential for attracting and retaining talented executives. An initial base salary is negotiated at the outset of employment, thereby establishing it as satisfactory to the executive and thus, by inference, consistent with current market conditions. The Compensation Committee then adjusts base salaries, effective as of the early part of each succeeding fiscal year, to reflect the executive's prior performance and to respond to changes in market conditions.

The Compensation Committee evaluated the CEO's annual base salary at the beginning of fiscal year 2012. Its evaluation took into account the organization's approach generally to merit increases for other employees, actual results versus the performance targets and goals previously set for DeVry and for him for fiscal year 2011, which are described above under Individual Performance Goals. The Compensation Committee also considered its interaction with Mr. Hamburger, its observation of his performance throughout fiscal year 2011 and the perceived market for CEOs, thus adding a further discretionary element to its evaluation. The Compensation Committee believes that our executive compensation program is better because of this element, as it allows for the consideration of unforeseen circumstances and factors that cannot be measured with precision. Although DeVry's financial performance was below expectations for fiscal year 2012, the Compensation Committee's evaluation was made at the beginning of fiscal year 2012, based on fiscal year 2011 performance, when DeVry did exceptionally well under challenging economic conditions. The Compensation Committee found that CEO contributed materially to these favorable results and achieved or exceeded nearly all of his individual performance objectives for fiscal year 2011. The Committee felt these considerations, taken alone, were sufficient to justify a significant increase in Mr. Hamburger's base salary. At the same time, the Committee took into account additional considerations, including the uncertain economic outlook at the time and the conservative approach taken with respect to merit increases throughout the organization. As a result, for fiscal year 2012, the Compensation Committee set Mr. Hamburger's annual base salary at \$823,000, which represented approximately a 2.9% increase over his fiscal year 2011 salary and was roughly equivalent to the percentage merit increase awarded across the organization for the fiscal year. The Compensation Committee increased the CEO's salary because the Compensation Committee wanted to reward the CEO for DeVry's and the CEO's excellent performance during the previous fiscal year, as well as for his consistently strong executive performance, his success in building a high quality executive team, his potential to continue building a positive future for DeVry and to ensure that his salary stayed at a level that compared appropriately to the salaries of chief executive officers at other organizations in the marketplace.

Mr. Hamburger recommended to the Compensation Committee the annual base salary of each of the other NEOs at the outset of fiscal year 2012. His recommendations were made in consultation with the Senior Vice President of Human Resources. They were based upon their experience with and analysis of the market at that time, their monitoring of the compensation levels at other organizations in DeVry's market and Mr. Hamburger's assessment of each NEO's performance for the prior year. Generally, the CEO made his assessments for

Table of Contents

adjustment of the other NEOs' fiscal year 2012 salaries at the outset of the year, based on the following seven criteria:

- (1) DeVry's overall financial performance in fiscal year 2011 compared to the operating plan;
- (2) Each NEO's performance against his previously established individual goals and objectives;
- (3) Each NEO's effectiveness in instilling a culture of teamwork, student service and integrity;
- (4) Each NEO's expected future contributions;
- (5) The compensation practices of other similar or competitor organizations, including average salary increases in the U.S.;
- (6) The general merit increase parameters set for all employees in the organization; and
- (7) Discretion based on interaction and observation throughout the year.

We believe that the annual base salaries paid in fiscal year 2012 to each NEO served our executive compensation objectives to:

Retain our high-quality executives by paying them a market competitive annual base salary; and

Reward individual performance by increasing annual base salaries from prior year levels as a result of DeVry's overall, and each NEO's individual, positive performances.

Mr. Gunst did not receive an increase in his base salary due to his planned mid-fiscal year retirement. Mr. Wiggin's base salary was negotiated in connection with his recruitment using Mr. Gunst's base salary as a reference point.

Annual Cash Incentive Compensation

The MIP is a portion of executive cash compensation. It is an annual cash incentive program designed to motivate and reward our NEOs and other management employees by putting a substantial portion of cash compensation at risk and paying annual incentives depending upon the extent to which both DeVry's financial objectives and each NEO's respective individual performance goals for academic quality and student service are met or exceeded. We determine and pay the MIP payments for a particular fiscal year only after that fiscal year has ended and financial results have been audited (i.e., in the beginning of the next fiscal year). Thus, MIP awards for fiscal year 2012 were determined and paid in the early part of fiscal year 2013, after the results for the fiscal year ended June 30, 2012, were confirmed.

The Compensation Committee considered three primary items in determining the amounts of MIP awards for fiscal year 2012:

- (1) MIP Targets;
- (2) Organizational and/or institution performance (70% of MIP targets); and
- (3) Individual performance (30% of MIP targets).

2012 NEO MIP Targets

MIP Targets were established for each NEO (other than Mr. Wiggins and Mr. Gunst) as a percentage of base salary at the beginning of fiscal year 2012. The CEO's MIP Target was 100% of base salary rate, pursuant to his employment agreement, which is discussed in more detail below. Previously established MIP Targets for the other NEOs were reviewed at the beginning of fiscal year 2012 and not changed. MIP targets for Mr. Wiggins were set at the time of his recruitment, based on the target established for Mr. Gunst in prior years. Due to his planned retirement during fiscal year 2012, Mr. Gunst was not eligible for a MIP payment during fiscal year 2012. The possible payouts derived from the MIP Targets for all of the NEOs are set forth on the 2012 Grants of Plan Based Awards table on page 37 below.

Table of Contents*Organizational, Institutional and Individual Performance Measures*

As discussed above, the Compensation Committee selected DeVry earnings per share, DeVry revenue, institution operating income and institution revenue as the measures most reflective of management's role in DeVry achieving its operating plan. The Compensation Committee also used individual performance measures because it believed this served to advance our short-term goal of each NEO meeting their respective individual performance goals for the year, which the Compensation Committee believed would, on a combined basis, help DeVry meet its aggregate goals. These various measures were allocated to best align the measurements with each NEO's respective role and the goals of the organization and our compensation programs. The relative percentages assigned to each of the organizational, institution and individual performance goals for each NEO for fiscal year 2012 were as follows:

Name	NEO Organizational, Institution, and Individual Performance Measure Allocations				
	DeVry Earnings Per Share	DeVry Revenue	Institution Operating Income	Institution Revenue	Individual Performance
Daniel M. Hamburger	40%	30%			30%
Richard M. Gunst					
Timothy J. Wiggins	40%	30%			30%
William B. Hughson	20%	10%	25%	15%	30%
David J. Pauldine	20%	10%	25%	15%	30%
Steven Riehs	20%	10%	25%	15%	30%

MIP Payouts for Fiscal Year 2012

MIP payouts for each NEO can be as low as zero but also provide an opportunity to earn up to 200% of MIP Target, which rewards exceptional performance compared to expectations, over-delivery of strategic initiatives, and/or achievement of initiatives not contemplated at the time goals were set.

The independent members of the Board, based on the recommendation of the Compensation Committee and an evaluation of organizational performance relative to present metrics and Mr. Hamburger's achievement of individual performance goals, awarded Mr. Hamburger a MIP payout of \$123,450. This amount was comprised of \$0 for the 40% portion of his MIP based on DeVry's earnings per share, \$0 for the 30% portion of his MIP based on DeVry's revenue, and \$123,450 based on the 30% portion of his MIP based on individual performance.

The process was essentially the same for the other continuing NEOs, except that the CEO reviewed each NEO's performance, and the CEO's recommendations were reviewed and approved by the Committee. NEO MIP awards were based on an evaluation of organizational performance, individual performance, and in the case of Messrs. Hughson, Pauldine and Riehs, the performance of the institutions they oversee. Mr. Hughson and Mr. Riehs were the only NEOs who received MIP payouts based on the performance of the institutions they oversee. Please see Executive Compensation 2012 Summary Compensation Table below for specific information about annual cash incentive (MIP) awards for the NEOs. Mr. Gunst did not receive a MIP payment due to his planned mid-fiscal year retirement.

We believe the MIP payouts made to our NEOs for fiscal year 2012 served our executive compensation objective of pay for performance. They rewarded NEOs to the extent they met or exceeded pre-established individual performance goals and financial performance goals related to the institutions they oversee but provided no reward on the basis of organizational performance, the organization having fallen short of its pre-established financial goals.

Long-Term Incentive Compensation

In fiscal year 2012 the Compensation Committee continued its reliance on long-term incentive vehicles to align the long-term interests of management and shareholders. In doing so, the Compensation Committee encouraged its executives to focus on the behaviors and initiatives that would lead to increased long-term value to our students and other stakeholders. The Compensation Committee believes that long-term equity

Table of Contents

compensation also is an important retention tool and, thus, the Compensation Committee chose to use a four-year vesting schedule for option grants and a three-year cliff vesting schedule for Performance Shares, to encourage longer-term focus and retention.

The Compensation Committee made equity grants to each of the NEOs (other than Mr. Gunst and Mr. Wiggins) in August 2011 based on both retrospective and prospective considerations and organizational and individual considerations. The Committee took into account the same seven criteria described in the Annual Base Salary section above in determining the size of these grants. The Compensation Committee targeted the value of the long-term equity compensation for each NEO to represent a substantial percentage of total compensation to serve two complementary objectives of our compensation program: the long-term retention of quality executives and the creation of long-term value. The Compensation Committee granted stock options and Performance Shares under the Incentive Plan of 2005. The Compensation Committee again determined in fiscal year 2012 that 70% of long-term incentive compensation be in the form of stock options, with the remaining 30% in the form of Performance Shares. Mr. Gunst did not receive equity grants in fiscal year 2012 due to his planned mid-fiscal year retirement. The Compensation Committee granted Mr. Wiggins equity when he was hired as part of his negotiated terms of employment.

The Compensation Committee granted Incentive Stock Options (ISOs) with a value of up to the \$100,000 IRS limitation applicable to each one-year vesting period. To the extent this limitation was met for any NEO, the remaining portion of the award was issued in the form of non-qualified stock options. The Compensation Committee recognizes that DeVry may not receive a tax deduction for ISOs. The Compensation Committee weighed this consideration against the benefit ISOs provide to employees and the consequent enhancement to DeVry's ability to attract and retain executives and determined it was in DeVry's best interest to continue utilizing ISOs in the manner described.

The Compensation Committee granted Performance Shares to NEOs, in addition to stock options. Some key design elements of the Performance Share program are:

There is a three-year performance period associated with each grant of Performance Shares.

The Performance Shares vest based on the level of attainment of performance targets during the performance period but shares of Common Stock are only distributed after the end of the three-year performance period.

The performance metric for the Performance Shares is Return on Invested Capital (ROIC). The target ROIC for Performance Shares granted in fiscal year 2012 was 14.3 % as compared to the target ROIC of 12.1% for Performance Shares granted in fiscal year 2011. Participants also have the opportunity to accrue one-third of the target number of Performance Shares in each year of the three-year performance period if ROIC is attained at the annual target or higher.

At the end of the three-year performance period, the Committee certifies the performance, and participants earn from zero up to 120% of the target number of Performance Shares based on the three-year average of ROIC. In connection with Mr. Wiggins hiring, the Compensation Committee also awarded him 21,630 Full-Value Shares (which are time-based restricted stock units) that vest over four years.

Details concerning fiscal year 2012 stock option, Full-Value Share and Performance Share grants for the NEOs appear in the 2012 Grants of Plan-Based Awards table on page 37.

We believe that the long-term incentive compensation granted at the beginning of fiscal year 2012 to each NEO served our executive compensation objectives to:

Align NEO compensation with our pre-established objectives;

Edgar Filing: DEVRY INC - Form PRE 14A

Reward individual and DeVry performance by tying a portion of the number of stock options and Performance Shares that we granted to each NEO to both our organization's and each NEO's individual performance against pre-established goals; and

Table of Contents

Provide incentives consistent with the overall goal of enhancing long-term value by requiring the stock options and Full-Value Shares to vest in equal installments over a four-year period and Performance Shares to be distributed at the end of a three-year performance period, which provides incentives to our NEOs to remain with DeVry for an extended period of time in order to realize the greatest possible value of their equity compensation grants.

Incentive Compensation Recoupment Policy

DeVry has adopted an incentive compensation recoupment policy, which is applicable to all executive officers. The policy provides that, in addition to any other remedies available to DeVry (but subject to applicable law), if the Board of Directors or any committee of the Board of Directors determines that it is appropriate, DeVry may recover (in whole or in part) any incentive payment, commission, equity award or other incentive compensation received by an executive officer of DeVry to the extent that such incentive payment, commission, equity award or other incentive compensation is or was paid on the basis of any financial results that are subsequently restated due to executive officer conduct that is determined by the independent Directors to have been knowing or intentional, fraudulent or illegal.

All Other Compensation

In general, we do not provide perquisites to our NEOs that are not available to other employees, with the exception of these:

Matching contributions credited in fiscal year 2012 under the DeVry Inc. Nonqualified Deferred Compensation Plan;

A leased automobile or cash automobile allowance; and

Personal financial planning services (for the NEOs other than the CEO).

Perquisites make up the smallest portion of each NEO's total compensation package. The nature and quantity of perquisites provided by DeVry did not change materially in fiscal year 2012 versus 2011, consistent with our philosophy that perquisites should not represent a primary component of our compensation program. The Compensation Committee periodically reviews the perquisite program and allowances provided to each NEO to determine if adjustments are appropriate.

The All Other Compensation column of the 2012 Summary Compensation Table shows the amounts of perquisite compensation we provided for fiscal year 2012 to each of the NEOs.

Deferred Compensation

DeVry maintains the DeVry Inc. Nonqualified Deferred Compensation Plan (the Deferred Plan). The Deferred Plan is a voluntary, non-tax qualified, deferred compensation plan for executives and Directors to save for retirement by deferring a portion of their current compensation until termination of service with DeVry or other specified dates. We credit matching contributions to participants' accounts under the Deferred Plan to the extent their matching contributions to our tax-qualified Success Sharing 401(k) Retirement Plan are limited by the Internal Revenue Code. The Deferred Plan enables the NEOs and other employees with a certain level of annual compensation (\$110,000 for calendar year 2012) to save a portion of their income for retirement on a scale consistent with other employees not subject to IRS limits. We did not contribute to the Deferred Plan except to match contributions made by the NEOs during the 2012 fiscal year. We do not have a defined benefit pension plan, and, therefore, our Success Sharing 401(k) Retirement Plan and the Deferred Plan are the only retirement savings vehicles for executives.

Stock Ownership Guidelines

In February 2010, the Board of Directors adopted stock ownership guidelines that apply to all Directors and executive officers of DeVry, including the NEOs. Under the guidelines, all executive officers are expected to maintain ownership of DeVry's Common Stock equal to a multiple of his or her current base salary (as adjusted from time to time), as follows: the CEO—three times current base salary; all other NEOs two times current

Table of Contents

base salary; and all other executive officers one times current base salary. All Directors are expected to maintain ownership of DeVry stock equal to a multiple of three times his or her current annual retainer (as adjusted from time to time). Shares that count toward satisfaction of the guidelines include DeVry stock directly and/or beneficially owned, DeVry stock held in DeVry's Profit Sharing 401(k) Retirement Plan or other private accounts, DeVry stock held in DeVry's Nonqualified Deferred Compensation Plan, vested Full-Value Shares, and the after-tax value of unvested Full-Value Shares and/or vested in-the-money options, provided that these can make up no more than 50% of the ownership expectation. All participants who were Directors or executive officers when the guidelines were adopted will have until August 2014 to achieve his or her respective expected stock ownership level, and participants who became Directors or executive officers after February 2010 will have until five years following the date of hire to achieve his or her respective expected stock ownership level. In light of the significant drop in the market value of DeVry Common Stock, and the resulting drop in the value of executive officer and Director option holdings, the Compensation Committee approved revisions to DeVry's stock ownership guidelines in fiscal year 2012 to: (1) deem that ownership guidelines are met for an executive who has met the ownership threshold and not sold his or her equity but fallen below the Board's stock ownership guidelines solely due to declines in DeVry Common Stock prices and (2) require, absent exigent circumstances, executives who have not yet met the guidelines at the end of five years to retain, until the guidelines are satisfied, 100% of the after-tax shares received from option exercises or the vesting of Full-Value Shares or Performance Shares.

Employment Agreements

DeVry and Mr. Hamburger entered into an employment agreement effective November 15, 2006, that provides for an initial base salary, annual salary increases and annual cash incentive during the term and sets forth the severance benefits that will be provided upon termination of his employment under certain conditions.

DeVry entered into substantially similar employment agreements with each of Mr. Gunst and Mr. Pauldine, effective October 12, 2009, with Mr. Hughson, effective September 9, 2009 and with Mr. Wiggins, effective January 3, 2012. The employment agreements set forth, among other things, the severance benefits that will be provided upon certain employment termination scenarios.

The Compensation Committee believes that the employment agreements with Messrs. Gunst, Hughson, Pauldine and Wiggins provide:

security and incentives that help enable DeVry to retain and attract top executives,

greater ability for DeVry to retain its key executives following the occurrence of an extraordinary corporate transaction, and

benefits to DeVry, including non-competition and non-solicitation covenants by the NEOs.

Each of these employment agreements is discussed in detail in the narrative accompanying the Summary Compensation Table under the caption Employment Agreements, and DeVry's obligation to provide severance benefits in accordance with the agreements is discussed beginning on page 41 under the caption 2012 Potential Payments Upon Termination or Change-in-Control.

In June 2011, Mr. Gunst informed DeVry of his decision to retire. Mr. Gunst remained in his position until his successor, Mr. Wiggins, was appointed. Accordingly, since Mr. Gunst would remain employed only for a portion of fiscal year 2012, and consequently would not remain to become eligible for a payout of his MIP, the Compensation Committee approved a retention payment of \$500,000, which was pro-rated based on the duration of his continued employment in fiscal year 2012 and paid following his last day of employment at DeVry.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million per year paid to covered employees, defined as the chief executive officer and the three other most highly compensated officers (other than the chief financial officer) employed as executive officers at year-end. Certain compensation, including performance-based

Table of Contents

compensation, may qualify for an exemption from the deduction limit if it satisfies certain requirements under Section 162(m). The Compensation Committee views the tax deductibility of executive compensation as one factor to be considered in the context of its overall compensation philosophy. The Compensation Committee reviews each material element of compensation on a continuing basis and takes steps to assure deductibility if that can be accomplished while still remaining faithful to our executive compensation philosophy and objectives.

Base salaries do not qualify as performance-based compensation under Section 162(m). However the base salaries of DeVry's NEOs are below the \$1 million level. Amounts paid to an executive that are excludable from gross income, such as Success Sharing Retirement Plan and Deferred Plan contributions reflected in the All Other Compensation column in the Summary Compensation Table, are not subject to Section 162(m). Incentive compensation paid by DeVry in fiscal year 2012 under the MIP that is based on organizational performance (whether DeVry or another institution) is expected to qualify as performance-based compensation. Gains on the exercise of stock options and income recognized upon the vesting of Performance Shares also qualify as performance-based compensation under Section 162(m).

Changes for Fiscal Year 2013

The Compensation Committee approved a new long term incentive compensation allocation for executive officer grants in fiscal year 2013. As described above, in fiscal year 2012, the Compensation Committee allocated 70% of long term incentive compensation to stock options and 30% of long term incentive compensation to Performance Shares. This allocation to stock options, with the majority currently underwater, has challenged the ability of executive officers to meet the Board of Director's stock ownership guidelines since underwater options are not counted. The Compensation Committee determined that long term incentive payments should continue to be heavily weighted towards options, but also consist of some Full-Value Shares to help enable executive officers to meeting required stock ownership guidelines. As such, long term incentive compensation for fiscal year 2013 will be composed of 50% stock options, 25% Performance Shares, and 25% Full-Value Shares (which are time-based restricted stock units) for all members of DeVry's senior leadership team other than Mr. Hamburger. For Mr. Hamburger, the Compensation Committee determined that the allocation should be 60% stock options, 25% Performance Shares, and 15% Full-Value Shares in order to serve the aforementioned objective while maintaining the desired, close correlation between CEO pay and organizational performance.

Additionally, the Compensation Committee approved new performance criteria for Performance Shares granted for fiscal year 2013 that are designed to emphasize the importance of student outcomes for DeVry. Performance Shares granted for fiscal year 2013 will vest based on a weighted-average of measurements of student learning outcomes or completion rates (as a proxy for learning outcomes) across DeVry's institutions.

- (1) Payouts under the MIP were based on performance in fiscal year 2012. Therefore, the information in the Threshold, Target and Maximum columns reflect the range of potential payouts when the performance goals were set in September 2011. The amounts actually paid under the MIP for fiscal year 2012 appear in the Non-Equity Incentive Plan Compensation column of the 2012 Summary Compensation Table.
- (2) Restricted stock units, commonly referred to within DeVry as Performance Shares, were issued as part of the fiscal year 2012 annual incentive grant under the Incentive Plan of 2005. Performance Shares are paid out at the end of the three-year performance period if certain performance goals are achieved.
- (3) Pursuant to the MIP, performance below a performance goal threshold will result in no payment with respect to that performance goal. If a performance goal threshold is met or exceeded, then the performance would result in a payment ranging from the threshold amount (50% of the Target) to the maximum amount (200% of target) for such performance goal, depending upon the level at which the performance goal had been attained.

Edgar Filing: DEVRY INC - Form PRE 14A

- (4) The amount shown in this column represents the Target incentive payment under the MIP, which is calculated as a set percentage of base salary.
- (5) Pursuant to the MIP, the amount shown in this column represents the maximum incentive payment, 200% of the Target.
- (6) At the end of the three-year performance period, participants can earn a threshold of 80% of the target number of Performance Shares if the three-year average of return on invested capital performance goal is attained at the threshold level (9.9%). Straight line interpolation will be used to determine achievement between threshold and target.

- (7) In each year of the three-year performance period, participants can accrue one-third of the target number of Performance Shares if the performance goal of return on invested capital is attained at target level (14.3%) or higher for fiscal year 2012. If the target is not attained at the end of each fiscal year, then no Performance Shares are earned in that fiscal year.
- (8) At the end of the three-year period, participants can earn up to 120% of the target number of Performance Shares if the three-year average of return on invested capital performance goal is attained at the maximum level (19.8%). Deferred Compensation Plan

The Deferred Plan covers Directors and selected key employees approved for participation by the Compensation Committee. All of the named executive officers are eligible to participate in the Plan. Under the Deferred Plan as it applies to employees, participants may make an advance election to defer up to 50% of salary and up to 100% of annual cash incentive (MIP) compensation until termination of service with DeVry or certain other specified dates. DeVry credits matching contributions to participants' accounts under the Deferred Plan to the extent they have elected to defer the maximum amount under DeVry's Success Sharing Retirement Plan and their matching contributions to the Success Sharing Retirement Plan are limited by applicable Internal Revenue Code provisions. DeVry may also credit participants' accounts with discretionary success sharing contributions. Participants are fully vested in their own deferral and matching contributions, plus earnings, and will vest in discretionary contributions, if any, as determined by the Compensation Committee. Participants may elect to have their Deferred Plan accounts credited with earnings based on various investment choices made available by the Compensation Committee for this purpose. Participants can elect to have account balances paid in a lump sum or in installments. Distributions are generally made or commence in January of the year following termination of employment (but not earlier than six months after termination) or January of the year in which the specified payment date occurs. In the event of death before benefits commence, participants' accounts will be paid to their beneficiaries in a lump sum.

2012 Potential Payments Upon Termination or Change-in-Control

DeVry provides benefits to certain of the NEOs upon termination of employment from DeVry in specific circumstances. These benefits are in addition to the benefits to which these NEOs would be entitled upon a termination of employment generally (i.e., vested retirement benefits accrued as of the date of termination, stock-based awards that are vested as of the date of termination and the right to elect continued health coverage pursuant to COBRA). In addition, DeVry's equity compensation plans and the stock award agreements used to implement them provide for accelerated vesting of outstanding stock awards in the event of a change in control of DeVry, regardless of whether a termination of employment occurs.

Employment Agreements

Mr. Hamburger

The employment agreement of Mr. Hamburger was effective as of November 15, 2006, in connection with his assumption of the duties of President and Chief Executive Officer of DeVry. The employment agreement provides that either party may terminate Mr. Hamburger's employment upon 180 days' advance notice, except that DeVry may terminate his employment immediately for any reason, Mr. Hamburger may terminate his employment immediately for good reason, and his employment will automatically terminate immediately in the event of death or disability. The agreement provides the following severance benefits:

Table of Contents

If a change in control of DeVry has not occurred and Mr. Hamburger's employment is terminated for reasons other than by DeVry for cause or due to retirement at age 65, he is entitled to an immediate payment equal to 12 times his monthly base salary.

If at any time Mr. Hamburger terminates his employment for good reason, he is entitled to an immediate payment equal to 12 times his monthly base salary.

If DeVry terminates Mr. Hamburger's employment following a change in control of DeVry, he is entitled to the following:

- i. an immediate payment equal to 24 times his monthly base salary;
- ii. an immediate payment equal to a pro rata portion of the average MIP award paid to him for the two years prior to his termination; and
- iii. immediate vesting of all outstanding stock options.

For purposes of the agreement:

Mr. Gunst, Mr. Hughson, Mr. Pauldine and Mr. Wiggins

Mr. Gunst's employment agreement terminated upon his separation from the organization part way through fiscal year 2012. These employment agreements provide, among other things, that if the NEO's employment with DeVry is terminated by DeVry without cause or by the NEO with good reason and the NEO executes a release of claims, then the NEO will be entitled to the following benefits:

one and one-half times the sum of the NEO's base salary plus MIP target, payable in 18 equal monthly payments;

a pro-rated MIP award (if employed for at least six months in the fiscal year during which termination occurs) based on actual performance paid in a lump sum at the time MIP awards are paid to other employees;

18 months of continued health benefit plan coverage at active employee rates following the termination date; and

access to a nine month senior executive level outplacement program at DeVry's sole expense.

In the case of each of Mr. Pauldine and Mr. Wiggins, their employment arrangements also provides that if their termination occurs after the day that is 18 months prior to their 55th birthday, Mr. Pauldine or Mr. Wiggins, as the case may be, will be treated as having been terminated due to retirement for purposes of all outstanding stock options and other equity awards that include a definition of the term retirement, including both those outstanding on the date of the employment agreement and those thereafter granted.

In addition, the employment arrangements with Mr. Wiggins, Mr. Pauldine and Mr. Hughson provide that if the NEO's employment with DeVry is terminated by DeVry without cause or by the NEO with good reason during a change in control period and the NEO executes a release of claims, then the NEO will be entitled to the following benefits:

Edgar Filing: DEVRY INC - Form PRE 14A

two times the sum of the NEO's base salary plus MIP target, payable in 24 equal monthly payments;

Equity Award Plans

The equity award agreements under which options, Performance Shares and Full-Value Shares are held by employees, including the NEOs, provide for the immediate vesting of unvested options and Full-Value Shares and of Performance Shares at the target levels in the event of a change in control of DeVry. The provisions of the equity award agreements under which options, Performance Shares and Full-Value Shares were granted to employees, including the NEOs, in fiscal year 2012 provide the following:

If the participant's employment is terminated due to death or disability (as defined in the agreement), options will become fully vested and exercisable for the remaining term of the option, Full-Value Shares will fully vest, and Performance Shares will continue to vest in accordance with their terms.

If the participant's employment terminates due to mutual agreement, the participant will be credited with one additional year of service for the purpose of determining vesting of options and Full-Value Shares, and the options will be exercisable until the earlier of one year from termination or the expiration of the term of the option.

If the participant's employment terminates due to retirement, options will continue to vest and be exercisable, and Full-Value Shares and Performance Shares will continue to vest in accordance with their respective terms. Retirement means the participant's termination without cause after age 55 when the sum of his age and full years of service equals or exceeds 65.

The tables set forth below quantify the additional benefits as described above that would be paid to each NEO (other than Mr. Gunst, who was not employed by DeVry on June 30, 2012) under the following termination of employment or change in control events, had such an event occurred on June 30, 2012.

The Audit Committee of DeVry Inc., which met eight times during the last fiscal year, consists of three independent Directors. The members of the Audit Committee meet the independence and financial literacy requirements of the NYSE and additional, heightened independence criteria applicable to members of the Audit Committee under SEC and NYSE rules. Additionally, the Audit Committee had separate private sessions, on a quarterly basis, with DeVry's General Counsel, DeVry's independent registered public accounting firm and the Vice President of Audit, Ethics and Compliance Services, and separately with DeVry's Chief Financial Officer, at which candid discussions regarding financial management, legal, accounting, auditing and internal control issues took place. The Audit Committee's agenda is established by the Audit Committee's Chairman and DeVry's Chief Accounting Officer.

The Audit Committee is updated periodically on management's process to assess the adequacy of DeVry's system of internal control over financial reporting, the framework used to make the assessment and management's conclusions on the effectiveness of DeVry's internal control over financial reporting. The Audit Committee reviewed with senior members of management, including the Vice President of Audit, Ethics and Compliance Services and the General Counsel, and DeVry's independent registered public accounting firm, DeVry's policies and procedures with respect to risk assessment and risk management.

The Audit Committee evaluates the performance of DeVry's independent registered public accounting firm, including the senior audit engagement team, each year and determines whether to reengage the current independent registered public accounting firm or consider other audit firms. As a threshold matter, the Committee satisfies itself that the most recent PCAOB inspection report pertaining to the current firm does not contain any information that would render inappropriate its continued service as DeVry's independent public accountants, including consideration of the public portion of the report and discussion in general terms of the types of matters covered in the non-public portion of the report. The Audit Committee also considers the quality and efficiency of the previous services rendered by the current auditors and the auditors' technical expertise and

knowledge of DeVry's global operations and industry. Based on this evaluation, the Audit Committee decided to reengage PricewaterhouseCoopers LLP as DeVry's independent registered public accounting firm for fiscal year 2012. It reviewed with senior members of DeVry's financial management team, PricewaterhouseCoopers LLP and the Vice President of Audit, Ethics and Compliance Services, the overall audit scope and plans, the results of internal and external audit examinations, evaluations by management and PricewaterhouseCoopers LLP of DeVry's internal controls over financial reporting and the quality of DeVry's financial reporting. Although the Audit Committee has the sole authority to appoint DeVry's independent registered public accounting firm, the Audit Committee will continue its long-standing practice of recommending that the Board ask the shareholders, at their Annual Meeting, to ratify the appointment of DeVry's independent registered public accounting firm.

With respect to DeVry's audited financial statements for fiscal year 2012:

The Audit Committee has reviewed and discussed the audited financial statements with management;

The Audit Committee has met with PricewaterhouseCoopers LLP, DeVry's independent registered public accounting firm, and discussed the matters required by Statement on Auditing Standards No. 61, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T; and

The Audit Committee has received the written disclosures and the letter from PricewaterhouseCoopers LLP required by the applicable requirements of the Public Accounting Oversight Board regarding the independent accountant's communicating with the audit committee concerning independence, and has discussed with PricewaterhouseCoopers LLP their independence.

In reliance upon the Audit Committee's reviews and discussions with both management and PricewaterhouseCoopers LLP referred to above, management's representations and the report of PricewaterhouseCoopers LLP on DeVry's audited financial statements, the Audit Committee has recommended to the Board of Directors that the audited financial statements for the fiscal year ended June 30, 2012, be included in DeVry's Annual Report on Form 10-K to be filed with the Securities and Exchange Commission.

In addition, the Audit Committee has re-appointed, subject to shareholder ratification, PricewaterhouseCoopers LLP as DeVry's independent registered public accounting firm for fiscal year 2013.

This Audit Committee Report is not to be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or under the Securities Exchange Act of 1934, except to the extent that DeVry specifically incorporates this Report by reference, and is not otherwise to be deemed filed under such Acts.

The Audit Committee appointed PricewaterhouseCoopers LLP (PwC) as DeVry 's independent registered public accounting firm for the fiscal year ended June 30, 2012. DeVry 's shareholders ratified the engagement at the Annual Meeting of Shareholders on November 3, 2011. In addition to engaging PwC to audit the consolidated financial statements for DeVry and its subsidiaries for the year and review the interim financial statements included in DeVry 's Quarterly Reports on Form 10-Q filed with the Securities and Exchange Commission, the Audit Committee also engaged PwC to provide various other audit and audit related services e.g., auditing of DeVry 's compliance with student financial aid program regulations.

The Sarbanes-Oxley Act of 2002 prohibits an independent public accountant from providing certain non-audit services for an audit client. DeVry engages various other professional service providers for these non-audit services as required. Other professional advisory and consulting service providers are engaged where the required technical expertise is specialized and cannot be economically provided by employee staffing. Such services include, from time to time, business and asset valuation studies, and services in the fields of law, human resources, information technology, employee benefits and tax structure and compliance.

The aggregate amounts included in DeVry 's financial statements for fiscal year 2012 and 2011 for fees billed or to be billed by PwC for audit and other professional services, respectively, were as follows:

	Fiscal 2012	Fiscal 2011
Audit Fees	\$ 2,660,770	\$ 1,909,690
Audit Related Fees	0	305,500
Tax Fees	423,793	283,008
All Other Fees	3,000	3,000
Total	\$ 3,087,563	\$ 2,501,198

Audit Fees Includes all services performed to comply with generally accepted auditing standards in conjunction with the annual audit of DeVry 's financial statements and the audit of internal control over financial reporting. In addition, this category includes fees for services in connection with DeVry 's statutory and regulatory filings, consents and review of filings with the Securities and Exchange Commission such as the annual report on Form 10-K, quarterly reports on Form 10-Q and Current Reports on Form 8-K. Also included are services rendered in connection with the required annual audits of DeVry 's compliance with the rules and procedures promulgated for the administration of federal and state student financial aid programs.

Audit Related Fees Includes all assurance and related services such as various state regulatory filings and due diligence related to acquisitions.

Tax Fees Includes all services related to tax compliance, tax planning, tax advice, assistance with tax audits and responding to requests from DeVry 's tax department regarding technical interpretations, applicable laws and regulations, and tax accounting. DeVry 's Audit Committee has considered the nature of these services and concluded that these services may be provided by the independent registered public accounting firm without impairing its independence.

All Other Fees Includes subscriptions for on-line accounting research services and fees for continuing professional education sessions.

The Audit Committee, at each of its regularly scheduled meetings, and on an interim basis as required, reviews all engagements of PwC for audit and all other services. Prior to the Audit Committee 's consideration for approval, management provides the Audit Committee with a description of the reason for and nature of the services to be provided along with an estimate of the time required and approximate cost. Following such review, each proposed service is approved, modified or denied as appropriate. A record of all such approvals is maintained in the files of the Audit Committee for future reference. All services provided by PwC during the past year were approved by the Audit Committee prior to their undertaking.

Table of Contents

The Audit Committee has adopted a policy for approving all permitted audit, audit-related, tax and non-audit services to be provided by PwC in advance of the commencement of such services, except for those considered to be *de minimis* by law for non-audit services. Information regarding services performed by the independent registered public accounting firm under this *de minimis* exception is presented to the Audit Committee for information purposes at each of its meetings. There is no blanket pre-approval provision within this policy. For fiscal year 2012, none of the services provided by PwC were provided pursuant to the *de minimis* exception to the pre-approval requirements contained in the applicable rules of the Securities and Exchange Commission. Audit Committee consideration and approval generally occurs at a regularly scheduled Audit Committee meeting. For projects that require an expedited decision because they should begin prior to the next regularly scheduled meeting, requests for approval may be circulated to the Audit Committee by mail, telephonically or by other means for its consideration and approval. When deemed necessary, the Audit Committee has delegated pre-approval authority to its Chair. Any engagement of the independent registered public accounting firm under this delegation will be presented for informational purposes to the full Audit Committee at their next meeting.

PROPOSAL NO. 3

AMENDMENT TO RESTATED CERTIFICATE OF INCORPORATION TO DECLASSIFY OUR BOARD OF DIRECTORS BY 2015

Currently, our Restated Certificate of Incorporation provides that our Board is divided into three classes. Each class is elected each year for a three-year term. There are currently four Class I Directors, four Class II Directors, and four Class III Directors. Many companies with boards classified in this fashion have moved to an approach where, instead of being classified with multi-year terms, Directors are elected annually. In light of recent developments in corporate governance, the board has carefully reviewed the advantages and disadvantages of declassification and has determined that a declassified Board is the more appropriate choice from the perspective of the best interests of DeVry and its shareholders. In making this determination, the Board concluded that declassification should be accomplished gradually so that no Director's term of office is shortened and the terms for which Directors are elected are reduced by one year at each of the two annual meetings following the 2012 Annual Meeting. The Board also considered the practices of other organizations in this regard.

Table of Contents

The Board unanimously approved an amendment to DeVry's Restated Certificate of Incorporation for the purpose of eliminating the current three-tiered classification effective as of the 2015 Annual Meeting. If the shareholders approve this amendment, the declassification system will be implemented over three years:

- (i) the Class III Directors who will be elected at the 2012 Annual Meeting will serve a three-year term and then stand for re-election at the 2015 Annual Meeting for a one-year term;
- (ii) the Class II Directors who were elected at the 2010 Annual Meeting will serve out their current three-year term and will stand for re-election at the 2013 Annual Meeting for a transitional, two-year term, and then stand for re-election at the 2015 Annual Meeting for a one-year term; and
- (iii) the Class I Directors who were elected at the 2011 Annual Meeting will serve a three-year term and will stand for re-election at the 2014 Annual Meeting for a one-year term, and then stand for re-election at the 2015 Annual Meeting for a one-year term.

At and after the 2015 Annual Meeting, all Directors will be elected to a one-year term and the Board will no longer be classified.

In addition, pursuant to this action, our Restated Certificate of Incorporation would be amended to make certain ancillary changes to reflect the declassification of our Board as of the 2015 Annual Meeting. At present, because our Board is classified, the Restated Certificate of Incorporation provides, consistent with Delaware law, that Directors are removable only for cause. The amendment provides that subsequent to the 2015 Annual Meeting, any or all Directors may be removed by shareholders with or without cause upon the requisite vote of the Common Stock.

The proposed changes to the relevant paragraphs of Article Seventh of our Restated Certificate of Incorporation are set forth below with additions indicated by underlining and deletions by strike out:

SEVENTH: The number of directors of the Corporation shall be fixed from time to time by the vote of a majority of the entire Board of Directors, but such number shall in no case be less than 3 nor more than thirteen. Any such determination made by the Board of Directors shall continue in effect unless and until changed by the Board of Directors, but no such changes shall affect the term of any directors then in office.

The directors shall be divided into three classes, designated Class I, Class II and Class III. Each class shall consist, as nearly as may be possible, of one-third of the total number of directors constituting the entire Board of Directors. At the 1991 annual meeting of stockholders, Class I directors shall be elected for a one-year term, Class II directors for a two-year term and Class III directors for a three-year term. At each succeeding annual meeting of stockholders beginning in 1992, successors to the class of directors whose term expires at the annual meeting shall be elected for a three-year term. If the authorized number of directors is changed, any increase or decrease shall be apportioned among the classes so as to maintain the number of directors in each class as nearly equal as possible, and any additional director or any class elected to fill a vacancy resulting from any increase in such class shall hold office for a term that shall coincide with the remaining term of that class, but in no case will a decrease in the number of directors shorten the term of any incumbent director. A director shall hold office until the annual meeting for the year in which his or her term expires and until his or her successor shall be elected and shall qualify, subject, however, to prior death, resignation, retirement, disqualification or removal from office. Notwithstanding the foregoing, (1) at the 2013 annual meeting of stockholders, the successors to the class of directors whose terms expire at that meeting shall be elected to hold office for a two-year term expiring at the 2015 annual meeting of stockholders; (2) at the 2014 annual meeting of stockholders, the successors to the class of directors whose terms expire at that meeting shall be elected to hold office for a one-year term expiring at the 2015 annual meeting of stockholders; and (3) at the 2015 annual meeting of stockholders and each annual meeting of stockholders thereafter, all directors shall be elected for a one-year term expiring at the next annual meeting of stockholders. Pursuant to such procedures, effective as of the 2015 annual meeting of stockholders, the Board of Directors will no longer be divided into classes under Section 141(d) of the General Corporation Law of Delaware. Subject to the By-laws, a majority of the entire Board of Directors shall constitute a quorum for the transaction of business. From and after June 30, 1993, any vacancy on the Board of Directors that results from an increase in the number of directors shall be filled only by a majority of the

Table of Contents

Board of Directors then in office, provided that a quorum is present, and any other vacancy occurring in the Board of Directors shall be filled by a majority of the directors then in office, even if less than a quorum, or by a sole remaining director. Any director elected to fill a vacancy not resulting from an increase in the number of directors shall have the same remaining term as that of his or her predecessor.

From and after June 30, 1993, (x) until the 2015 annual meeting of stockholders and in accordance with Section 141(k)(1) of the General Corporation Law of Delaware, any director elected by the stockholders, or by the Board of Directors to fill a vacancy, may be removed only for cause and (y) from and after the 2015 annual meeting of stockholders, any director, or the entire Board of Directors, may be removed from office at any time, with or without cause by the affirmative vote of the holders of a majority of the votes which could be cast by the holders of all the outstanding shares of capital stock entitled to vote for the election of directors, voting together as a class, given at a duly called annual or special meeting of stockholders.

Advance notice of nominations for the election of directors, other than nominations by the Board of Directors or a committee thereof, shall be given to the Corporation in the manner provided in the By-laws.

Approval by Shareholders

The adoption of the amendment to our Restated Certificate of Incorporation to declassify our Board of Directors by 2015 will require the affirmative vote of a majority of the shares of Common Stock of DeVry outstanding on the record date. Unless otherwise indicated on the proxy, the shares will be voted **FOR** the approval of the amendment to our Restated Certificate of Incorporation to declassify our Board of Directors by 2015.

The Board of Directors recommends a vote FOR Proposal No. 3, amendment to our Restated Certificate of Incorporation to declassify our Board of Directors by 2015.

PROPOSAL NO. 4

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended, we are required to submit to shareholders a resolution subject to an advisory vote to approve the compensation of our named executive officers. The current frequency of the advisory vote on executive compensation is annually, with the vote for the current year being taken pursuant to this Proposal 4. The next such vote will occur at DeVry's 2013 Annual Meeting of Shareholders.

The Board of Directors encourages shareholders to carefully review the Executive Compensation section of this Proxy Statement beginning on page 20, including the Compensation Discussion and Analysis, for a thorough discussion of our compensation program for named executive officers. The overall goals of our compensation program are to serve the essential purpose of the organization, which are to empower students to achieve their educational and career goals, and to maximize the long-term return to our stakeholders. We designed our program to:

Align named executive officer compensation with academic, student outcome and financial objectives;

Attract, motivate and retain high-quality executives; and

Reward organizational and individual performance.

The key elements of our executive compensation program are:

Annual base salary;

Annual cash incentive; and

Long-term incentive.

DeVry aims to provide total cash compensation to each NEO that is market-competitive, combining a stable base salary element with two at-risk elements (annual cash incentive awards and long-term incentive awards)

available to be earned based upon individual and organizational performance. We believe this approach helps reinforce a culture of performance by recognizing individual potential and rewarding results. As part of our compensation philosophy, we believe we should pay our NEOs total compensation that is competitive with other alternatives available to them in the marketplace and that a significant portion of each NEO's total compensation should be variable with both upside potential and downside risk depending upon the performance of DeVry and of the individual. In addition, we believe we should maintain a clear, straightforward and transparent approach to our executive compensation program.

Accordingly, the following resolution is submitted for an advisory shareholder vote at the Annual Meeting of Shareholders:

RESOLVED, that the compensation paid to DeVry's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Disclosure and Analysis, compensation tables and narrative discussion, is hereby approved.

Approval by Shareholders

The approval of the compensation of DeVry's named executive officers will require the affirmative vote of a majority of the shares of Common Stock of DeVry outstanding on the record date. As this is an advisory vote, the result will not be binding on DeVry, the Board of Directors or the Compensation Committee, although the Board of Directors and the Compensation Committee will carefully consider the outcome of the vote when evaluating our compensation program. Unless otherwise indicated on the proxy, the shares will be voted **FOR** the approval of the compensation of DeVry's named executive officers.

The Board of Directors recommends a vote FOR Proposal No. 4, approval of the compensation of DeVry's named executive officers.
