Zipcar Reports Fourth Quarter and Full Year 2012 Results

Cambridge, Mass., February 15, 2013 Zipcar, Inc. (Nasdaq: ZIP) (Zipcar or the Company), the world's leading car sharing network, today reported results for the fourth quarter and year ended December 31, 2012. On December 31, 2012, Zipcar and Avis Budget Group, Inc., a Delaware corporation (Avis Budget), and Millennium Acquisition Sub, Inc., a Delaware corporation and a wholly-owned subsidiary of Avis Budget (Merger Sub), entered into an Agreement and Plan of Merger (the Merger Agreement), pursuant to which, on the terms and subject to the conditions set forth in the Merger Agreement, Avis Budget has agreed to acquire all of the outstanding shares of Zipcar for \$12.25 per share in cash, without interest, and pursuant to which Merger Sub will be merged with and into Zipcar with Zipcar continuing as the surviving corporation and a wholly-owned subsidiary of Avis Budget (the Merger). The Merger Agreement was approved by the board of directors of both companies. As previously announced, the waiting period related to the Merger under the U.S. Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended, expired on February 11, 2013. The closing of the transaction remains subject to other customary conditions, including approval by Zipcar shareholders and review by UK competition authorities, and is expected to close in March or April, 2013. Prior to the closing of the Merger, Avis Budget and Zipcar will continue to operate as separate companies.

Financial Highlights

Fourth quarter revenue increased 12% to \$70.7 million compared to \$62.9 million in the prior year period, despite the loss of potential revenue due to Hurricane Sandy of just over \$1 million; full year revenue increased 15% to \$278.9 million from \$241.6 million in 2011

Total members grew 16% from the prior year period to over 777,000 at year end

Fourth quarter Adjusted EBITDA of \$7.3 million compared to \$5.9 million last year; full year Adjusted EBITDA of \$17.2 million compared to \$10.9 million in 2011

Fourth quarter US GAAP net income of \$13.8 million, or \$0.34 per diluted share, compared to \$3.9 million, or \$0.09 per diluted share in the prior year period; full year 2012 US GAAP net income of \$14.7 million, or \$0.35 per diluted share, versus a loss of \$7.2 million, or (\$0.24) per share, in 2011. Fourth quarter and full year 2012 net income include a non-cash net tax benefit of \$10.9 million, or \$0.27 per diluted share for the fourth quarter and \$0.26 per diluted share for the full year 2012, primarily related to the release of valuation allowance against U.S. net deferred tax assets. Also included in the 2012 periods are costs related to the Merger Agreement of \$0.8 million and costs associated with Hurricane Sandy of \$1.0 million, partially offset by the positive impact from the sale of Zero Emission Vehicle (ZEV) Credits of \$1.3 million for the fourth quarter, which had not been previously anticipated, and \$3.0 million for the full year 2012

Summary Results

For the 2012 fourth quarter, revenue increased 12% to \$70.7 million compared to \$62.9 million in the prior year period despite the previously anticipated negative impact from Hurricane Sandy, which reduced revenue by just over \$1 million. Usage revenue represented \$58.6 million in the fourth quarter of 2012 compared to \$53.3 million in the prior year period with fee revenue representing substantially all of the remaining revenue in both periods. Fee revenue represented 17% of total revenue in the 2012 fourth quarter compared to 15% in the prior year period. For the full year 2012, revenue grew 15% to \$278.9 million compared to 2011 revenue of \$241.6 million with usage revenue representing \$235.1 million in 2012 compared to \$207.2 million in 2011. Fee revenue represented substantially all of the remaining revenue in both years at 16% of total revenue in 2012 and 14% of total revenue in 2011.

Fourth quarter US GAAP net income increased to \$13.8 million, or \$0.34 per diluted share, versus net income of \$3.9 million, or \$0.09 per diluted share, in the prior year period. Net income in the 2012 fourth quarter includes a non-cash net tax benefit of \$10.9 million or \$0.27 per diluted share primarily related to the release of valuation allowance against U.S. net deferred tax assets as well as \$1.3 million from the unanticipated sale of ZEV Credits, which were partially offset by approximately \$1.0 million in previously anticipated costs associated with Hurricane Sandy, including vehicle damages and increased operating costs, and \$0.8 million in costs associated with the Merger Agreement. The release of the valuation allowance is based on the projected ability of Zipcar to utilize the deferred tax assets to offset future taxable income in the U.S. Net income in the fourth quarter of 2011 included a gain on the sale of ZEV Credits of \$2.5 million. US GAAP net income for the full year 2012 was \$14.7 million, or \$0.35 per diluted share, compared to a loss of \$7.2 million, or (\$0.24) per share, in 2011.

Non-GAAP Results

Adjusted EBITDA for the 2012 fourth quarter increased to \$7.3 million, which excludes the effect of the aforementioned release of the valuation allowance, gains on the sale of ZEV Credits and costs associated with Hurricane Sandy, compared to \$5.9 million in the prior year period. For the full year 2012, adjusted EBITDA was \$17.2 million compared to \$10.9 million in 2011. Adjusted EBITDA for all comparable periods exclude other costs and income as stated in the reconciliation of adjusted EBITDA below.

Change to Quarterly Conference Call Policy

Due to the previously announced Merger Agreement, Zipcar will not host a conference call in conjunction with today's release of its fourth quarter and full-year results and will not be updating prior financial guidance or providing financial guidance for future periods.

About Zipcar

Zipcar is the world's leading car-sharing network with more than 777,000 members and 9,700 vehicles in urban areas and college campuses throughout the United States, Canada, the United Kingdom, Spain and Austria. Zipcar offers more than 30 makes and models of self-service vehicles by the hour or day to residents and businesses looking for an alternative to the high costs and hassles of owning a car. More information is available at www.zipcar.com.

Non-GAAP Financial Measures

This press release contains the non-GAAP financial measure of Adjusted EBITDA. Zipcar defines Adjusted EBITDA as earnings before non-vehicle depreciation, non-vehicle interest expense, interest income, amortization, preferred stock warrant liability adjustment, stock compensation expenses, acquisition and integration costs, taxes, including the benefit from the release of the valuation allowance, loss of equity-method investee, other income related to Zero Emission Vehicle (ZEV) credits and other gains or losses associated with events of a non-recurring nature, such as costs related to Hurricane Sandy and transaction costs related to the Merger Agreement. The Company believes that this non-GAAP measure is an important measure of its operating performance because it allows management, investors and analysts to evaluate and assess the Company's core operating results from period to period after removing the impact of changes in the Company's capital structure, income tax status and method of vehicle financing, and other items of a non-operational nature that affect comparability. The Company includes vehicle-related depreciation and interest in its definition of Adjusted EBITDA because vehicles represent core operating assets used in the delivery of the Company's service that require periodic replacement. In addition, the exclusion of these costs would result in a lack of comparability in the treatment of vehicles that are owned or leased under capital leases and those leased under operating leases. The Company believes that various forms of the Adjusted EBITDA metric are often used by analysts, investors and other interested parties to evaluate companies such as Zipcar for the reasons discussed above. Adjusted EBITDA is also used for planning purposes and in presentations to the Company's board of directors as well as in the Company's annual incentive compensation program for senior management.

The Company does not consider the non-GAAP measure of Adjusted EBITDA in isolation or as an alternative to financial measures determined in accordance with GAAP. The principal limitation of Adjusted EBITDA is that it excludes significant elements that are required by GAAP to be recorded in the Company's financial statements. In addition, it is subject to inherent limitations as it reflects the exercise of judgments by management in determining how it is formulated. In order to compensate for these limitations, management of the Company presents this non-GAAP financial measure in connection with its GAAP results. The Company urges investors to review the reconciliation of this non-GAAP financial measure to the comparable GAAP financial measures included in this press release, and not to rely on any single financial measure to evaluate the Company's business. Reconciliation tables of the most comparable GAAP financial measure to the non-GAAP measure used in this press release are included in this release.

Cautionary Language Concerning Forward-Looking Statements

Any statements in this press release about future expectations, plans and prospects for Zipcar, including statements about the expected timetable for consummation of the merger, constitute forward-looking statements within the meaning of The Private Securities Litigation Reform Act of 1995. These statements contain the words believes, anticipates, plans, expects, will and similar expressions. Actual results may differ materially from those currently anticipated due to a number of risks and uncertainties that are subject to change based on factors that are, in many instances, beyond Zipcar's control. Risks and uncertainties that could cause results to differ from expectations include: uncertainties as to the timing of the merger; uncertainties as to how Zipcar stockholders will vote their shares with respect to the merger; the risk that competing offers will be made; the possibility that various closing conditions for the transaction may not be satisfied or waived, including that a governmental entity may prohibit, delay or refuse to grant approval for the consummation of the transaction; the effects of disruption from the transaction making it more difficult to maintain relationships with employees, members, business partners or

governmental entities, other business effects, including the effects of industry, economic or political conditions outside of Zipcar's control; transaction costs; actual or contingent liabilities; or other risks and uncertainties discussed in documents filed with the U.S. Securities and Exchange Commission (the "SEC") by Zipcar, including factors discussed in the "Risk Factors" section of Zipcar's Annual Report on Form 10-K for the year ended December 31, 2011, and other documents Zipcar periodically files with the SEC. In addition, the forward-looking statements included in this press release represent Zipcar's views as of the date of this press release. Zipcar anticipates that subsequent events and developments will cause its views to change. However, while Zipcar may elect to update these forward-looking statements at some point in the future, it specifically disclaims any obligation to do so. These forward-looking statements should not be relied upon as representing Zipcar's views as of any date subsequent to the date of this press release.

Additional Information about the Proposed Transaction with Avis Budget and Where You Can Find It
