PROXY STATEMENT

The accompanying proxy card, to be mailed to stockholders together with the Notice of Annual Meeting of Stockholders and this Proxy Statement on or about March 24, 2014, is solicited by the Board of Directors of American Campus Communities, Inc. in connection with the Annual Meeting of Stockholders (the Annual Meeting) to be held on May 1, 2014.

QUESTIONS AND ANSWERS

Q: What am I voting on?

A: Election of nine directors to hold office for a one-year term, ratification of Ernst & Young LLP as our independent auditors for 2014 and approval of an advisory vote on executive compensation.

Q: Who is entitled to vote?

A: Stockholders as of the close of business on March 10, 2014 are entitled to vote at the Annual Meeting. Each share of common stock is entitled to one vote.

Q: How do I vote?

A: Sign and date each proxy card you receive and return it in the prepaid envelope. If you do not mark any selections, the proxy holders named on your proxy card will vote your shares in favor of all of the director nominees, in favor of the ratification of Ernst & Young LLP as our independent auditors for 2014 and in favor of approval, on an advisory basis, of the compensation of our named executive officers. You may change your vote or revoke your proxy at any time before the Annual Meeting by submitting written notice to our Secretary, submitting another proxy that is properly signed and later dated or voting in person at the Annual Meeting. In each case, the later submitted votes will be recorded and the earlier votes revoked. If you hold your shares in street name, please follow the procedures required by your bank, broker or other nominee to revoke a proxy. You should contact that firm directly for more information on these procedures.

Under New York Stock Exchange rules, the proposal to ratify the appointment of independent registered public accountants is considered a discretionary item. This means that brokerage firms may vote in their discretion on this matter on behalf of clients who have not furnished voting instructions at least 10 days before the date of the meeting.

In their discretion, the proxy holders are authorized to vote on any other matters that may properly come before the Annual Meeting and at any postponement or adjournment thereof. The Board knows of no other items of business that will be presented for consideration at the Annual Meeting other than the proposals described in this Proxy Statement. In addition, no stockholder proposals or nominations were received on a timely basis, so no such matters may be brought to a vote at the Annual Meeting.

Q: Is my vote confidential?

A: Yes. Proxy cards, ballots and voting tabulations that identify individual stockholders are confidential. Only the inspectors of election and certain employees associated with processing proxy cards and counting the vote have access to your card. Additionally, all comments directed to management (whether written on the proxy card or elsewhere) will remain confidential, unless you ask that your name be disclosed.

Table of Contents

Q: Who will count the vote and how are votes counted?

A: All votes will be tabulated by the inspector of election appointed for the Annual Meeting, who will separately tabulate affirmative and negative votes and abstentions. In order to be elected as a director, a nominee must receive a majority of the votes cast at the Annual Meeting at which a quorum is present. For election of directors, abstentions and broker non-votes will not affect the vote outcome. In order for Ernst & Young LLP to be ratified as our independent auditors for 2014 and for the advisory vote on executive compensation to be approved, the respective proposal must receive a majority of the votes cast at the Annual Meeting at which a quorum is present. For ratification of the independent auditors for 2014, an abstention will have the same effect as an **Against** vote and, as this is a routine matter, there will not be any broker non-votes. For approval of the advisory vote on executive compensation, an abstention will have the same effect as an **Against** vote, but a broker non-vote will not effect the vote outcome. Broker non-votes are proxies from brokers or other nominees indicating that such person has not received instructions from the beneficial owner or other person entitled to vote the shares that are the subject of the proxy on a particular matter with respect to which the broker or other nominee does not have discretionary voting power.

Q: What constitutes a quorum?

A: As of the record date for the Annual Meeting, 104,907,700 shares of common stock were issued and outstanding. A majority of the outstanding shares, present or represented by proxy, constitutes a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be counted in determining the presence of a quorum.

Q: Who can attend the Annual Meeting?

A: All stockholders of record as of March 10, 2014 can attend.

Q: Who pays for this proxy solicitation?

A: We will bear the entire cost of solicitation of proxies, including preparation, assembly and mailing of this Proxy Statement, the proxy card and any additional information we furnish to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding shares of our common stock in their names that are beneficially owned by others to forward to these beneficial owners. We may

reimburse persons representing beneficial owners for their costs of forwarding the solicitation material to such beneficial owners. Original solicitation of proxies by mail may be supplemented by telephone, facsimile, electronic mail or personal solicitation by our directors, officers or employees. We will not pay any additional compensation to directors, officers or employees for such services.

ELECTION OF DIRECTORS

There are currently seven directors on the Board, William C. Bayless, Jr., R.D. Burck, G. Steven Dawson, Cydney C. Donnell, Edward Lowenthal, Oliver Luck and Winston W. Walker, each of whom has been nominated as director. The Board has increased the size of the Board to nine members and has nominated Dennis G. Lopez and C. Patrick Oles, Jr. to fill the vacancies. The employment agreement with Mr. Bayless provides that he will be nominated as a director. See Executive Compensation Employment Contracts. Directors elected at the Annual Meeting will hold office for a one-year term.

All nominees have consented to serve as directors. The Board has no reason to believe that any of the nominees will be unable to act as director. However, if a director is unable to stand for re-election, the Board may either reduce the size of the Board or the Nominating and Corporate Governance Committee may designate a substitute. If a substitute nominee is named, the proxies will vote for the election of the substitute.

Directors are elected by a majority of the votes cast at the Annual Meeting. Each share of our common stock is entitled to one vote for each of the nine director nominees. Cumulative voting is not permitted.

BOARD OF DIRECTORS

Board Composition

The Nominating and Corporate Governance Committee seeks directors with established strong professional reputations and experience in areas relevant to the strategy and operations of our business. Each of the nominees for election as a director at the Annual Meeting holds or has held senior executive positions in large, complex organizations and has experience that meets this objective, as described below. In these positions, they have also gained experience in core management skills, such as strategic and financial planning, public company financial reporting, compliance, risk management and leadership development. Each of our directors also has experience serving on or advising boards of directors and board committees of other organizations and has an understanding of corporate governance practices and trends.

The Nominating and Corporate Governance Committee also believes that each of the nominees has other key attributes that are important to an effective board: integrity, candor, analytical skills, the willingness to engage management and each other in a constructive and collaborative fashion, and the ability and commitment to devote significant time and energy to serve on the Board and its committees. The Nominating and Corporate Governance Committee takes into account diversity considerations in determining the director nominees and planning for director succession and believes that, as a group, the nominees bring a diverse range of perspectives to the Board's deliberations. Board Independence and Meetings

Board Governance Documents. The Board maintains charters for all committees. In addition, the Board has adopted a written set of corporate governance guidelines and a code of business conduct and ethics. To view our committee charters, corporate governance guidelines and code of business conduct and ethics, please visit www.AmericanCampus.com. The Board has adopted and adheres to corporate governance practices that the Board and senior management believe promote the highest standards of integrity, are sound and represent best practices. The Board of Directors periodically reviews these governance practices, the rules and listing standards of the New York Stock Exchange and SEC regulations, as well as best practices suggested by recognized governance authorities.

Independence; Lead Independent Director. Currently, the Board has seven directors. The Board has increased the size of the Board to nine members and has nominated Dennis G. Lopez and C. Patrick Oles, Jr. to fill the vacancies. The Board of Directors has determined, after considering all of the relevant facts and circumstances, that six current directors (Messrs. Burck, Dawson, Lowenthal, Luck and Walker and Ms. Donnell) and the two other nominees (Messrs. Lopez and Oles) are independent, as independence is defined by the New York Stock Exchange. This means that none of the independent directors has any direct or indirect material relationship with us, either directly or as a partner, stockholder or officer of an organization that has a relationship with us. As a result, the Board has a majority of independent directors on the Board as required by the listing requirements of the New York Stock Exchange. Mr. R.D. Burck serves as our Lead Independent Director.

Executive Sessions. Non-employee directors have regularly scheduled executive sessions in which they meet without the presence of management or management directors. These executive sessions typically occur after each regularly scheduled meeting of the Board of Directors. Any independent director may request that an additional executive session be scheduled. The presiding director of these executive sessions is Mr. Burck.

Meetings. The Board of Directors met seven times in 2013. All directors attended at least 75% of the total number of meetings of the Board and committees, collectively, on which they served during 2013. All directors are encouraged to attend our Annual Meeting. All the persons then serving as members of the Board attended the 2013 Annual Meeting.

Board Leadership Structure

Since our IPO in 2004, we have separated the roles of Chief Executive Officer and Chairman of the Board. Currently, Mr. Burck serves as the Chairman of the Board and Mr. Bayless serves as a director and Chief Executive Officer. The Board of Directors believes this is the most appropriate structure for us at this time because it makes the best use of Mr. Burck's skills and experience gained over a distinguished career, including as chancellor of The University of Texas System and as an executive of Getty Oil Co.

Board's Role In Risk Oversight

The Board as a whole has responsibility for risk oversight, with reviews of certain areas being conducted by the relevant committees that report on their deliberations to the Board. The oversight responsibility of the Board and its committees is enabled by management reporting processes that are designed to provide visibility to the Board about the identification, assessment and management of critical risks and management's risk mitigation strategies. These areas of focus include competitive, economic, operational, financial (accounting, credit, liquidity and tax), legal, regulatory, compliance, health, safety and environment, and reputational risks. The Board and its committees oversee

risks associated with their respective principal areas of focus, as summarized below. Each committee meets in executive session with key management personnel and representatives of outside advisors (for example, the head of Internal Audit meets in executive session with the Audit Committee).

Table of Contents

Board/Committee	Primary Areas of Risk Oversight
Full Board	Strategic, financial and execution risks and exposures associated with annual operating and long term strategic plans, major litigation and regulatory exposures and other current matters that may present material risk to our operations, plans, prospects or reputation; and acquisitions and divestitures (including through post-closing reviews).
Audit Committee	Risks and exposures associated with financial matters, particularly financial reporting, tax, accounting, disclosure, internal control over financial reporting, financial policies, investment guidelines and credit and liquidity matters.
Nominating and Corporate Governance Committee	Risks and exposures relating to programs and policies relating to corporate governance and succession planning.
Compensation Committee	Risks and exposures associated with leadership assessment and executive compensation programs and arrangements, including incentive plans.

Director Qualifications; Limits on Board Service

The Nominating and Corporate Governance Committee reviews with the Board on an annual basis the appropriate skills and characteristics required of Board members in the context of the then-current composition of the Board. This assessment includes, in addition to qualities of intellect, integrity and judgment, business experience and knowledge, reputation and character, issues of diversity, relevant industry and trade association knowledge and participation, accounting and financial expertise, public company experience, willingness and ability to devote the time and effort required to effectively serve on the Board and relevant legal and regulatory qualifications. The committee makes this determination in the context of an assessment of the perceived needs of the Board at that point in time. The committee evaluates all nominees for director based on these criteria, including nominees that may be recommended by stockholders.

The Board recognizes that its members benefit from service on the boards of other companies. We encourage that service but also believe it is critical that directors have the opportunity to dedicate sufficient time to their service on the Board. To that end, individuals who serve on more than six other public company boards will not normally be asked to join the Board unless the Board determines that such simultaneous service would not impair the ability of such individual to effectively serve on the Board.

Term Limits; Retirement Age

The Guidelines on Governance provide that, as a general matter, non-employee directors will not stand for election to a new term of service at any Annual Meeting following their 75th birthday. However, the Board may approve exceptions to this practice when it believes it is in our interest to do so. The Board has approved such exception with respect to Mr. Burck. The Board does not believe it should establish term limits for director service, instead preferring to rely upon the mandatory retirement age and the evaluation procedures described below as the primary methods of ensuring that each director continues to act in a manner consistent with the best interests of us, our stockholders and the Board. The Board believes that term limits have the disadvantage of losing the contribution of directors who have been able to develop, over a period of time, increasing insight into our operations and, therefore, provide an increasing contribution to the Board as a whole.

Board and Committee Evaluations

Our Corporate Governance Guidelines require the Board and each committee of the Board to conduct an annual self-evaluation to determine whether the Board or respective committee is functioning effectively. The reviews focus on the performance of the entire Board or the respective committee. In connection with each annual performance evaluation, the Board or committee surveys and receives comments from each director or committee member regarding an assessment of the Board's or the committee's performance. The Board also reviews the Nominating and Corporate Governance Committee's recommendations concerning the performance and effectiveness of the

Table of Contents

Board and each of its committees. The Nominating and Corporate Governance Committee will also review the individual performance of a director as circumstances warrant.

Number of Directors; Director Vacancies

Our bylaws provide that at any regular meeting or at any special meeting called for that purpose, a majority of the entire Board of Directors may increase or decrease the number of directors, provided that there cannot be less than three directors. The tenure of office of a director will not be affected by any decrease in the number of directors. Our bylaws also provide that if any or all the directors cease to be directors, any vacancy, other than vacancies that result from an increase in the number of directors or from the removal of a director, may in general be filled solely by a majority of the remaining directors, even if the remaining directors do not constitute a quorum. Any vacancy that results from an increase in the number of directors constituting the entire Board of Directors may be filled by a majority of the entire Board of Directors. Any vacancy that results from the removal of a director may be filled either by a majority of the remaining directors or our stockholders. Any director elected to fill a vacancy will hold office until the next annual election of directors and until a successor is elected and qualified.

Stockholder Approval of Amendment of Our Charter and Bylaws and Transactions Outside the Ordinary Course of Business

Our charter, including its provisions on removal of directors, may be amended by the affirmative vote of the holders of at least a majority of all of the votes entitled to be cast on the matter. Our bylaws may be amended only by a majority of our directors.

Our charter provides that we may not merge with or into another entity, sell all or substantially all of our assets, engage in a share exchange or engage in similar transactions outside the ordinary course of our business unless the transaction or transactions are approved by the affirmative vote of the majority of all of the votes entitled to be cast on the matter, except if:

the merger will merge one of our 90% or more owned subsidiaries into us without amending our charter other than in limited respects and without altering the contract rights of the stock of the subsidiary (in which case only the approval of our Board of Directors and the board of directors of the subsidiary is necessary);

we are the successor corporation in a share exchange (in which case only the approval of our Board of Directors is necessary); or

we are the survivor in the merger and the merger does not change the terms of any class or series of our outstanding stock, or otherwise amend our charter, and the number of shares of stock of each class or series outstanding immediately before the merger does not increase by more than 20% of the number of shares of each such class or series of stock that was outstanding immediately prior to effectiveness of the merger (in which case only the approval of our Board of Directors is necessary).

Guidelines on Governance and Codes of Ethics

The Board has adopted Guidelines on Governance to address significant corporate governance issues. These guidelines provide a framework for our corporate governance initiatives and cover a variety of topics, including the

role of our Board, Board selection and composition, Board committees, Board operation and structure, Board orientation and evaluation, Board planning and oversight functions and stock ownership guidelines. The Nominating and Corporate Governance Committee is responsible for overseeing and reviewing the guidelines and reporting and recommending to the Board any changes to the guidelines.

The Board of Directors has also adopted a Code of Business Conduct and Ethics, which is designed to help officers, managers and employees resolve ethical issues in an increasingly complex business environment. It covers topics such as reporting unethical or illegal behavior, compliance with law, share trading, conflicts of interest, fair dealing, protection of our assets, disclosure of proprietary information, internal controls, personal community activities,

business records, communication with external audiences and obtaining assistance to help resolve ethical issues. The Board also adopted a Code of Ethical Conduct for Senior Financial Officers, which is applicable to our principal executive officer, principal financial officer, principal accounting officer or controller and persons performing similar functions.

You may obtain a copy of the committee charters, Guidelines on Governance, Code of Business Conduct and Ethics and Code of Ethical Conduct for Senior Financial Officers on our website at www.AmericanCampus.com.

Communication with the Board of Directors

Stockholders and interested parties who wish to communicate with any member of the Board of Directors may do so in writing to the following address:

Mr. R. D. Burck

Chairman of the Board

c/o American Campus Communities, Inc.

12700 Hill Country Blvd., Suite T-200

Austin, Texas 78738

Mr. Burck will review all correspondence addressed to the Board, or any individual Board member, for any inappropriate correspondence and correspondence more suitably directed to management. Mr. Burck will summarize all correspondence not forwarded to the Board and make the correspondence available to the Board for its review at the Board's request. Mr. Burck will forward stockholder communications to the Board prior to the next regularly scheduled meeting of the Board following the receipt of the communication as appropriate.

Stock Ownership Guidelines

To further support our goal of achieving a strong link between stockholders and directors, directors are encouraged to purchase and hold shares of our common stock with a market value equal to or greater than \$175,000 within four years of their election to the Board. Once a director meets the stock ownership guidelines, periodic market declines in the value of the Company's common stock will not adversely affect any previous determination by the Board that the stock ownership guidelines had been met by the director.

Management Succession

Pursuant to our Guidelines on Governance, the Board has undertaken appropriate succession planning for our chief executive officer and other executive officers, including policies and principles for selection and performance review for the chief executive officer, as well as policies regarding succession in case of emergency or the retirement of the chief executive officer. The Nominating and Corporate Governance Committee has reviewed our succession plans and reported on them to the Board.

EXECUTIVE COMPENSATION

Compensation Policies and Practices Relating to Risk Management

The compensation committee conducts an analytical review focusing on several key areas of our program, including external market references, pay mix, selection of performance metrics, goal setting process, and checks and balances on the payment of compensation. This provides a process to consider if any of our current programs, practices or procedures should be altered to ensure we maintain an appropriate balance between prudent business risk and resulting compensation.

As a result of this process, the compensation committee concluded that while a significant portion of our compensation program is performance-based, the compensation committee does not believe our program encourages excessive or unnecessary risk-taking and our policies and procedures largely achieved the appropriate balance between annual goals and our long-term financial success and growth. While risk-taking is a necessary part of growing a business, the compensation committee focuses on aligning our compensation policies with our long-term interests and avoiding short-term rewards for management decisions which could pose long-term risks to us, as follows:

Use of Long-Term Compensation. A significant percentage of compensation is equity-based long-term compensation which typically vests over a period of five years. This vesting period encourages officers to focus on sustaining our long-term performance. These grants are made annually, so officers always have unvested awards which could decrease significantly in value if our business is not managed for the long-term.

Use of Clawbacks. If we are required to restate our financial results due to material noncompliance with financial reporting requirements under the securities laws as a result of misconduct by our chief executive officer or chief financial officer, applicable law permits us to recover incentive compensation from that officer (including profits realized from the sale of our securities). In such a situation, the Board of Directors would exercise its business judgment to determine what action it believes is appropriate. Action may include recovery or cancellation of any bonus or incentive payments made to that officer on the basis of having met or exceeded performance targets during a period of fraudulent activity or a material misstatement of financial results if the Board determines that such recovery or cancellation is appropriate due to intentional misconduct by the officer that resulted in performance targets being achieved that would not have been achieved absent such misconduct.

Performance Metrics. We use a variety of performance metrics, including achievement of results related to NOI, FFO, FFOM, revenue growth and development awards, which we believe correlate to long-term creation of stockholder value and are most appropriate for ensuring our growth and prosperity.

In summary, by structuring our program so a considerable amount of wealth of our executives is tied to our long-term health, we believe we avoid the type of disproportionately large short-term incentives which could encourage executives to take risks not in our long-term interests, and we provide incentives to manage for long-term performance. We believe this combination of factors encourages our executives and other employees to manage the Company in a prudent manner.

The Compensation Committee of American Campus Communities, Inc. has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board the Compensation Discussion and Analysis be included in this Proxy Statement.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis describes the key principles and factors underlying our executive compensation policies for our named executive officers, who are:

our President and Chief Executive Officer, William C. Bayless, Jr.;

our Senior Executive Vice President and Chief Operating Officer, Greg A. Dowell;

our Executive Vice President, Chief Financial Officer, Treasurer and Secretary, Jonathan A. Graf;

our Executive Vice President and Chief Investment Officer, William W. Talbot; and

our Executive Vice President-Asset Management, James C. Hopke, Jr.

Compensation Program Objectives and Policies

We design our compensation programs to achieve the following objectives in the context of our results-oriented business culture:

support our business objectives by clearly communicating what is expected of executives with respect to goals and results and by rewarding achievement;

attract, reward, motivate and retain talented executives; and

tie executive compensation with performance measures that are directly related to our financial performance goals and creation of stockholder value.

The following principles guide us in developing executive compensation programs and setting total compensation levels for executives;

compensation levels should be closely tied to our success and each executive's contribution to that success;

compensation programs should offer an opportunity for greater compensation for superior performance, balanced by the risk of lower compensation when performance is less successful; and

the mix and level of compensation for an executive should consider the importance of the executive to us, competition for that executive's talent and relative levels of compensation for other executives.

Our stockholders approved our executive compensation at the 2013 annual meeting of stockholders.

Table of Contents

Elements of Compensation

We seek to achieve our compensation objectives through four compensation elements:

a base salary;

a variable, annual, performance-based cash bonus;

periodic grants of long-term, equity-based compensation such as RSAs; and

perquisites and other personal benefits.

These elements combine to promote the objectives described above. Base salary, termination payments, where applicable, and perquisites and other personal benefits provide a minimum level of compensation that helps attract and retain highly qualified executives. Performance-based bonuses reward achievement of annual goals important to our business and stockholder value-creation strategies. Equity-based compensation aligns each executive's compensation directly with the creation of longer-term stockholder value and promotes retention.

For senior executives, including the named executive officers, we believe that equity and performance-based compensation should be a higher percentage of total compensation than for less senior executives. Equity and performance-based compensation relate most directly to achievement of strategic and financial goals and to building stockholder value, and the performance of senior executives has a strong and direct impact in achieving these goals.

In making decisions with respect to any element of a named executive officer's compensation, the Compensation Committee considers the total current compensation that may be awarded to the officer, including salary, annual bonus and long-term incentive compensation. The Compensation Committee's goal is to award compensation that is reasonable in relation to our compensation philosophy when all elements of potential compensation are considered.

Competitive Considerations

We operate and recruit talent across diverse markets and necessarily must make each compensation decision in the context of the particular situation, including the individual's specific roles, responsibilities, qualifications and experience. We take into account information about the competitive market for executive talent, but because individual roles and experience levels vary among companies and executives, we believe that strict benchmarking against selected groups of companies does not provide a meaningful basis for establishing compensation. Therefore, the Compensation Committee does not attempt to maintain a specific target percentile with respect to a specific list of benchmark companies in determining compensation for named executive officers. Rather, the Compensation Committee reviews information regarding competitive conditions from a variety of sources in making compensation decisions.

Policy Regarding Recoupment of Compensation

If we are required to restate our financial results due to material noncompliance with financial reporting requirements under the securities laws as a result of misconduct by our chief executive officer or chief financial officer, applicable

law permits us to recover incentive compensation from that officer (including profits realized from the sale of our securities). In such a situation, the Board of Directors would exercise its business judgment to determine what action it believes is appropriate. Action may include recovery or cancellation of any bonus or incentive payments made to that officer on the basis of having met or exceeded performance targets during a period of fraudulent activity or a material misstatement of financial results if the Board determines that such recovery or cancellation is appropriate due to intentional misconduct by the officer that resulted in performance targets being achieved that would not have been achieved absent such misconduct.

Policy with Respect to the \$1 Million Deduction Limit

Section 162(m) of the Internal Revenue Code limits the deductibility on our tax return of compensation over \$1 million to any of our named executive officers. Although three named executive officers' compensation in 2013

Table of Contents

exceeded \$1 million, we believe, because we qualify as a REIT under the Internal Revenue Code and therefore are not subject to federal income taxes on our income to the extent distributed, the payment of compensation that does not satisfy the requirements of section 162(m) will not generally affect our net income. However, to the extent compensation does not qualify for deduction under section 162(m), a larger portion of stockholder distributions may be subject to federal income taxation as dividend income rather than return of capital. We do not believe section 162(m) will materially affect the taxability of stockholder distributions, although no assurance can be given in this regard due to the variety of factors that affect the tax position of each stockholder. For these reasons, the Compensation Committee's compensation policy and practices are not directly governed by section 162(m).

Employment Agreements

We have entered into employment agreements with certain of our key employees, including all of the named executive officers, when the Compensation Committee determines an employment agreement is desirable for the Company to obtain a measure of assurance as to the executive's continued employment in light of prevailing market competition for the particular position held by the executive officer, or where the Compensation Committee determines an employment agreement is necessary and appropriate to attract an executive in light of market conditions, the prior experience of the executive or practices at the Company with respect to other similarly situated employees. These employment agreements are more fully described below under *Employment Contracts* and *Potential Payments Upon Termination or Change in Control*.

Determination of Compensation

Roles and Responsibilities

Compensation Committee. The Compensation Committee determines the compensation, including related terms of employment agreements, for each of the named executive officers. The Compensation Committee's responsibilities include:

- developing compensation policies that will attract and retain the highest qualified executives, that will clearly articulate the relationship of corporate performance to executive compensation and that will reward executives for our progress;

- reviewing and approving corporate goals and objectives relevant to the compensation of our executive officers and determine and approving the amount and types of compensation to be paid to executive officers based on these evaluations; and

- adopting and overseeing the administration of incentive-compensation plans and equity-based plans and approving the form and amount of awards made under these plans.

The Compensation Committee meets regularly outside of the presence of management to discuss compensation decisions and matters relating to the design of compensation programs.

Compensation Consultant. In 2011, the Compensation Committee retained the compensation consulting firm of FPL Associates L.P. to assist in the continual development and evaluation of compensation policies and the Compensation Committee's determinations of compensation awards. The consultant met with the Compensation Committee during

2011 to review an analysis of executive compensation competitiveness in the public REIT marketplace and other compensation matters prepared by the consultant. Neither FPL Associates L.P. nor any of its affiliates provided any services to us or any of our affiliates except advising the Compensation Committee with respect to the amount and form of executive compensation, as described below. The Compensation Committee has reviewed its work with FPL and believes that such work raises no conflicts of interest.

In 2011, FPL Associates L.P. provided a comparison of the compensation of our executive officers with that of the executive officer of two groups of public companies: a peer group comprised of 13 public real estate companies that are focused on multifamily and/or student housing; and a supplemental group comprised of 15 public companies selected from the S& P 400 mid-cap index, which we are a part of, that we anticipated growing to a comparable size

in the near term and to which we are competitive with in terms of total stockholder return. The supplemental group was used as a secondary source of market practices to provide an additional compensation comparison for where our compensation may be headed based on our expected growth.

The groups reviewed were as follows:

Executive Officers. William C. Bayless, Jr., our president and chief executive officer, makes recommendations to the Compensation Committee based on the compensation philosophy and objectives set by the Compensation Committee as well as current business conditions. More specifically, for each named executive officer other than himself, Mr. Bayless recommends to the Compensation Committee the performance measures and target goals, in each case for the review, discussion and approval by the Compensation Committee. For each executive officer other than himself, Mr. Bayless also reviews the rationale and guidelines for compensation and annual RSA awards for the review, discussion and approval by the Compensation Committee. Mr. Bayless and other executive officers may attend meetings of the Compensation Committee at the request of the committee chair, but do not attend executive sessions and do not participate in any discussions relating to the final determination of their own compensation.

Base Salary

The objective of base salary is to provide fixed compensation to an individual that reflects his or her job responsibilities, experience, value to us, and demonstrated performance.

Salaries are determined by the Compensation Committee based on its subjective evaluation of a variety of factors, including:

the nature and responsibility of the position;

the impact, contribution, expertise and experience of the individual executive;

competitive market information regarding salaries to the extent available and relevant;

the importance of retaining the individual along with the competitiveness of the market for the individual executive's talent and services; and

the recommendations of the president and chief executive officer other than with respect to himself.

Merit-based salary increases to named executive officers' salaries are based on these factors as well as, with respect to Mr. Bayless, the achievement of company-wide goals and, with respect to the other named executive officers, the achievement of goals tied to their respective business unit. These goals are described below under Annual Bonus.

Table of Contents

Annual Bonus

The compensation program provides for a cash bonus that is linked to annual performance. The objective of the program is to compensate individuals annually based on the achievement of specific annual goals that the Compensation Committee believes correlate closely with growth of long-term stockholder value.

The Compensation Committee determined the bonus awards for named executive officers other than Mr. Hopke using the following basic steps:

1. **Setting Target and Maximum Awards.** At the outset of 2013, the Compensation Committee set the target and maximum cash awards based on percentages of base salary that may be granted to each executive officer if threshold goals are achieved. The target awards are for achievement of the performance objectives and the maximum awards are for significantly exceeding the performance objective or rewarding significant achievement.
2. **Setting Performance Objectives.** Also at the outset of 2013, the Compensation Committee received recommended performance objectives for each named executive officer and, for each officer other than the president and chief executive officer, his individual business unit. These objectives were based on the recommendations of the president and chief executive officer. These objectives allow the Compensation Committee to play a more proactive role in identifying performance objectives beyond purely financial measures and allows bonus decisions to take into account each named executive officer's personal performance and contribution during the year and other factors related to company performance that may not have been fully captured by considering only financial performance measures.
3. **Setting Weightings of Performance Objectives.** At the same time it sets performance objectives, the Compensation Committee approved the weightings of the performance objectives to help to ensure that only a high level of performance by the individual and the company will allow an individual to realize increased compensation. These weightings were based on the recommendations of the president and chief executive officer.
4. **Measuring Performance.** In January 2014, the Compensation Committee reviewed actual performance against each of the performance objectives established for 2013. In determining the extent to which the financial goals were met for a given period, the Compensation Committee exercised its judgment whether to reflect or exclude the impact of unanticipated items such as changes in accounting principles and extraordinary, unusual or infrequently occurring events, including equity offerings and investment transactions.

Long-Term Incentive Compensation

RSAs. The long-term incentive program provides an annual award in the form of RSAs that vest over time for the achievement of specified goals based on the individual's position. The objective of the program is to align compensation for named executive officers over a multi-year period directly with the interests of stockholders by motivating and rewarding creation and preservation of long-term stockholder value.

RSA awards to named executive officers (and to other employees) are made by the Compensation Committee only on dates the committee meets. Compensation Committee meetings are normally scheduled well in advance and are not scheduled with an eye to announcements of material information regarding us. RSA grants are impacted by all stock price changes, so the value to named executive officers is affected by both increases and decreases in stock price from the market price at the date of grant.

If we terminate a named executive officer's employment without cause or the executive terminates his employment for good reason, retirement, death or disability, all of the executive's RSAs will vest. These provisions are more fully described below under Potential Payments Upon Termination or Change in Control.

Table of Contents

We account for share-based payments to employees in accordance with the requirements of ASC 718, *Compensation-Stock Compensation*.

Common Units / Profits Interest Units (PIUs). PIUs are a special class of partnership interests in our operating partnership. Each PIU is deemed equivalent to an award of one share of our common stock under our incentive award plans, reducing availability for other equity awards on a one-for-one basis. PIUs will receive the same quarterly per unit distributions as Common Units, which equals the per share distributions on our common stock.

Initially, PIUs do not have full parity with Common Units with respect to liquidating distributions. Under the terms of the PIUs, our operating partnership will revalue its assets upon the occurrence of certain book-up events, and any increase in valuation from the time of the award of the PIUs until such book-up event will be allocated first to the holders of PIUs to equalize the capital accounts of such holders with the capital accounts of common unit holders. These book-up events will occur upon a contribution of cash or property to our operating partnership, including contributions by us of the proceeds from future issuances of our securities, or upon certain distributions of cash or property by our operating partnership to one or more partners of our operating partnership. Upon equalization of the capital accounts of the holders of PIUs with the other holders of Common Units, the PIUs will achieve full parity with Common Units for all purposes, including with respect to liquidating distributions. If such parity is reached, vested PIUs will thereafter be automatically converted into an equal number of Common Units, which units are exchangeable for cash or, at our option, for shares of our common stock on a one-for-one basis. No equalization will occur unless a revaluation of our assets following a book-up event results in an increase in the value of its assets from the date of the PIU award.

Holders of the PIUs are entitled to customary registration rights with respect to the shares of common stock that may be received by the PIU holders upon an exchange of the PIUs. In general, we will bear all fees, costs and expenses of such registrations, other than underwriting discounts and commissions.

Termination Payments

We provide named executive officers with severance payments plus, except with respect to Mr. Talbot, a gross-up payment if we terminate an executive's employment without cause or the executive terminates his employment for good reason (each as defined in the applicable employment agreement). The objective of these benefits is to recruit and retain talent in a competitive market.

The employment agreements provide that if we terminate an executive's employment without cause or the executive terminates his employment for good reason, the executive will be entitled to a cash payment equal to 299% for Mr. Bayless, 200% for Messrs. Dowell and Graf and 100% for Messrs. Talbot and Hopke, in each case times the sum of his then-current annual base salary plus the average annual bonus paid or payable in respect of the last prior three years payable over the remaining term of his non-competition agreement plus his prorated annual bonus for the year in which the termination occurs. In addition, all outstanding RSAs become fully vested. These payments are more fully described below under *Potential Payments Upon Termination or Change in Control* starting on page 32.

Mr. Dowell will retire on September 30, 2014. We have entered into a separation agreement with Mr. Dowell, which provides, among other things, that (i) we will continue to pay Mr. Dowell his base salary to which he is entitled under his current employment agreement through September 30, 2014 and will pay to Mr. Dowell \$300,000 on September 30, 2014, (ii) Mr. Dowell will retain all of the RSAs, common units and other stock-based awards previously granted to him that have vested as of September 30, 2014 and will forfeit all portions of any RSAs or other stock-based awards unvested as of September 30, 2014, and (iii) the noncompetition agreement with Mr. Dowell will survive Mr. Dowell's retirement.

Perquisites and Other Personal Benefits

We provide the named executive officers with perquisites and other personal benefits that we and the Compensation Committee believe are reasonable and consistent with our overall compensation program to better enable us to

Table of Contents

attract and retain superior employees for key positions. The Compensation Committee periodically reviews the levels of perquisites and other personal benefits provided to the named executive officers.

We maintain executive benefits that we consider necessary in order to offer fully competitive opportunities to our executive officers. These include 401(k) retirement savings plans and business expense reimbursements. Executive officers are also eligible to participate in all of our employee benefit plans, such as medical, dental, group life, disability and accidental death and dismemberment insurance, in each case on the same basis as other employees. In addition, all outstanding RSAs for our named executive officers become fully vested upon death, disability or retirement.

2013 Decisions

The following is a discussion of the specific factors considered in determining salary, bonus and long-term incentive compensation for the named executive officers in 2013.

Base Salary

The following table identifies actions taken during 2013 with respect to salaries of the named executive officers:

Named Executive Officer	Action Effective January 1, 2013
William C. Bayless, Jr.	Increase from \$500,000 to \$515,000
Greg A. Dowell	Increase from \$370,000 to \$380,000
Jonathan A. Graf	Increase from \$340,000 to \$350,000
William W. Talbot	No change from \$280,000 ^(a)
James C. Hopke, Jr.	Increase from \$235,000 to \$242,000

(a) In November 2012, Mr. Talbot's salary was increased to \$280,000 in connection with his promotion to Executive Vice President and Chief Investment Officer.

In making each of the changes in salary described above, the Compensation Committee reviewed changes in job responsibility, historical salary levels, performance and contribution made to us, the impact on total compensation, competitive conditions and the relationship of compensation to that of other of our officers and determined that the compensation awarded was appropriate to reward performance, ensure retention and maintain appropriate compensation differentials among our officers.

Annual Bonus

For 2013, the Compensation Committee determined that target cash bonuses would be 50% to 100% of base salary for achievement of performance objectives and up to 200% of base salary for significantly exceeding the performance objectives or to reward significant accomplishments, in each case subject to the discretion of the Compensation Committee to determine the appropriate level of incentive compensation based on individual performance, company performance and other items the Committee may deem important.

For 2013, the company-wide performance objectives and weightings used in determining an award for Mr. Bayless were:

Achievement within our earnings guidance range of operating results related to wholly-owned property net operating income (NOI) and FFO modified (FFOM), taking into account our fixed charge, interest coverage and dividend coverage ratios (weighting of 30-35%). A reconciliation of net income to FFOM for the year ended December 31, 2013 is contained in our 2013 Annual Report on Form 10-K and in our earnings release furnished on a Current Report on Form 8-K filed on February 13, 2014. Our initial earnings guidance for 2013 was NOI in the range of \$352.0 million to \$358.1 million and FFOM in the range of \$2.32 to \$2.42 per fully diluted share. For 2013, we achieved wholly-owned property NOI of \$333.3 million and FFOM of \$2.22 per fully diluted share, both of which were below our guidance ranges.

Table of Contents

Achievement within our earnings guidance range of same store revenue growth by re-leasing of our wholly-owned assets for the 2013-2014 academic year (20-25%). For 2013, our guidance range for total revenue growth from the 2012-2013 academic year to the 2013-2014 academic year was in the range of 2.3% to 4.0%, and we achieved growth under this target of 1.0%, which was below our guidance range.

Achievement of targeted external quality growth, measured as acquisitions closed during 2013 and owned developments commenced both on and off campus (15-20%). In 2013, we targeted a range of \$300 million to \$600 million of asset growth and achieved \$601 million, outperforming the target.

Achievement of targeted quarterly and annual same store NOI growth (10-15%). For 2013, targeted same store growth in all quarters was 2% to 4% over the same quarters in 2012 and full year targeted same store NOI growth was 3% to 5% over 2012. Actual quarterly same store NOI growth for one quarter was within the target range and same store NOI growth for the other three quarters and full year was below the applicable target range.

Effectiveness of overall performance (10-20%). Under Mr. Bayless's leadership, in 2013, we closed \$184.2 million of dispositions, which was within our target range, and delivered seven owned development projects into service for the 2013-2014 academic year, which were over 98% occupied.

For the other four named executive officers, performance objectives were tied to their respective business units. For Mr. Dowell, the 2013 performance objectives were as follows:

Achievement within our earnings guidance range of operating results related to wholly-owned property NOI and FFOM, taking into account our fixed charge, interest coverage and dividend coverage ratios (20-25%). As discussed above, both of these measures were below our guidance ranges.

Achievement of targeted quarterly and annual same store NOI growth (20-25%). As discussed above, actual quarterly same store NOI growth for one quarter was within the target range and same store NOI growth for the other three quarters and full year was below the applicable target range.

Achievement within our earnings guidance range of same store revenue growth by re-leasing of our wholly-owned assets for the 2013-2014 academic year (20-25%). As discussed above, we did not achieve growth within our guidance range.

Achievement of 2013 targeted NOI on the collective acquisitions closed, and development projects placed in service, during 2011 and 2012 (15-25%). For 2013, we did not achieve our targeted NOI for these properties.

Effectiveness of overall performance (10-15%). In 2013, under Mr. Dowell's leadership, we achieved third party management revenue of \$7.5 million, which exceeded the midpoint of our 2013 guidance range. In addition, Mr. Dowell oversaw the successful development and implementation of programs that have been

successful in increasing the effectiveness and accuracy of our underwriting processes and the subsequent initial budgets of such.

For Mr. Graf, the 2013 performance objectives were as follows:

Achievement within our earnings guidance range of operating results related to wholly-owned property NOI and FFOM, taking into account our fixed charge, interest coverage and dividend coverage ratios (25-35%). As discussed above, both of these measures were below our guidance ranges.

Optimization of our capital structure and liquidity (15-20%). In 2013, we issued \$400 million of investment grade notes, established a \$500 million at-the-market equity program, managed variable rate interest rate risk by entering into \$70 million of interest rate swap agreements, restructured our credit facilities to expand availability by \$300 million, extend the maturities and lower the interest rates, and maintained our credit ratios and a strong balance sheet while successfully financing all our construction projects and acquisitions.

Successful implementation of programs to improve efficiencies and procedures in our budgeting processes (20-25%). Mr. Graf implemented a number of initiatives that have resulted in cost savings and efficiencies.

Table of Contents

Successful implementation of programs to improve the effectiveness, implementation and communication of our underwriting process (15-20%). In 2013, we implemented a number of initiatives that have improved these matters.

Effectiveness of overall performance (10-15%). In 2013, Mr. Graf led the successful efforts to increase efficiencies of various operational activities while ensuring timely reporting in a sound internal control environment, monitored implementation of the Affordable Care Act and the impact to our company, and improvements to our risk management process.

For Mr. Talbot, the 2013 performance objectives were as follows:

Achievement within our earnings guidance range of operating results related to wholly-owned property NOI and FFOM, taking into account our fixed charge, interest coverage and dividend coverage ratios (30-35%). As discussed above, both of these measures were below our guidance ranges.

Achievement of targeted external quality growth, measured as acquisitions closed during 2013 and owned developments commenced both on and off campus (20-25%). As discussed above, we achieved \$601 million, outperforming the target.

Successful closing of dispositions (15%-20%). In 2013, we targeted a range of \$100 million to \$200 million of dispositions and closed \$184.2 million.

Achievement of 2013 targeted NOI on the collective acquisitions closed, and development projects placed in service, during 2011 and 2012 (10-20%). For 2013, we did not achieve our targeted NOI for these properties.

Successful implementation of programs to improve the effectiveness, implementation and communication of our underwriting process (10-15%). In 2013, we implemented a number of initiatives that have improved these matters.

The Compensation Committee determined Mr. Hopke's annual bonus based on the Compensation Committee's judgment of his overall performance and the performance of the group over which he has direct responsibility.

The following table identifies actions taken based on 2013 performance with respect to cash bonus awards to the named executive officers:

Named Executive Officer	Annual Cash Bonus
William C. Bayless, Jr.	\$ 200,000
Greg A. Dowell	100,000
Jonathan A. Graf	245,000
William W. Talbot	147,000
James C. Hopke, Jr.	150,000

Long-Term Incentive Compensation

The Compensation Committee granted the following RSAs in January 2014 for 2013 performance based achievement of the performance objectives described above.

The RSAs vest in five equal installments beginning on February 28 of the year following the date of grant.

Table of Contents***Total Compensation***

Based on company performance as described above, as well as each named executive officer's achievement of his individual 2013 performance objectives, the Compensation Committee determined that the named executive officers were entitled to receive the compensation detailed below for 2013.

Name	Salary	Cash Bonus	Long-Term Incentive Compensation	Total
William C. Bayless, Jr.	\$ 515,000	\$ 200,000	\$ 1,750,000	\$ 2,465,000

Jonathan A. Graf	350,000	245,000	575,000	1,170,000
William W. Talbot	280,000	147,000	450,000	877,000
James C. Hopke, Jr.	242,000	150,000	275,000	667,000

The cash bonuses awarded under our annual bonus program shown above appear in the Summary Compensation Table under the column headed Non-Equity Incentive Plan Compensation.

The long-term incentive compensation was awarded in the form of RSAs on January 28, 2014. Because these awards for 2013 compensation were made in 2014, pursuant to applicable disclosure rules, such awards will be reflected in the Summary Compensation and Grants of Plan-Based Awards tables in our proxy statement for the 2015 annual meeting of stockholders. For the purpose of calculating the number of shares to be granted, the dollars allocated to share awards were divided by \$34.52 per share, which was the closing price of our common stock on the date of grant.

Potential Payments Upon Termination or Change in Control

The following summarizes the compensation payable to each named executive officer under his employment agreement in the event of a termination of such executive's employment.

Each employment agreement provides that the respective executive may terminate the agreement at any time by delivering written notice of termination to us at least 30 days prior to the effective date of such termination, in which case he will be entitled to payment of his base salary through the effective date of termination, plus all other benefits to which he has a vested right at that time. Additionally, each employment agreement provides that he may terminate the agreement for good reason, which is defined in the employment agreement, in general, as any substantial change by us in the nature of his employment without his express written consent; the requirement that he be based at a location at least 50 miles further than from his current principal location of employment; our failure to obtain a satisfactory agreement from any successor to assume the terms of the employment agreement; and our breach of any material provision of the employment agreement.

The employment agreements provide that, if we terminate an executive's employment without cause or the executive terminates his employment for good reason (each as defined in the applicable employment agreement), the executive will be entitled to the following payments and benefits, subject to his execution and non-revocation of a general release of claims:

a cash payment equal to 299% for Mr. Bayless, 200% for Messrs. Dowell and Graf and 100% for Messrs. Talbot and Hopke, in each case times the sum of his then-current annual base salary plus the average annual bonus paid or payable in respect of the last prior three years payable over the remaining term of his non-competition agreement;

his prorated annual bonus for the year in which the termination occurs;

health benefits for two years following the executive's termination of employment at the same cost to the executive as in effect immediately preceding such termination, subject to reduction to the extent that the executive receives comparable benefits from a subsequent employer;

all of the executive's RSAs vest; and

excise tax equalization payments, except in the case of Mr. Talbot.

The amounts set forth in the table below represent the compensation payable to each named executive officer under his respective employment agreement in the event of a termination of such executive's employment. The amounts shown assume such termination was effective as of December 31, 2013 and therefore include amounts earned through such time and are estimates of the amounts that would be paid to the executives upon their termination. The actual amounts to be paid can only be determined at the time of such executive's termination.

Pursuant to the employment agreements with Messrs. Bayless, Dowell, Graf, Talbot and Hopke, if we terminate an executive's employment without cause or the executive terminates his employment for good reason, retirement, death or disability, all of the executive's RSAs will vest. Disability is defined as any physical or mental disability or infirmity

that prevents the performance of the Executive's duties for a period of (i) six consecutive months or (ii) an aggregate of 12 months in any 24 consecutive month period. Any question as to the existence, extent or potentiality of an executive's disability upon which we and the executive cannot agree will be determined by a qualified, independent physician selected by us and approved by the executive (which approval will not be unreasonably withheld), with the determination of any such physician being final and conclusive. Retirement is defined as a termination of employment other than for cause, disability or death, following the date on which the sum of the following equals or exceeds 70 years: (i) the number of full years of the executive's employment and other business relationships with us or our predecessors and (ii) the executive's age on the date of termination; provided that (x) the executive's employment by (or other business relationships with) us and any of our predecessors have continued for a period of at least 120 contiguous full months at the time of termination and, on the date of termination, the executive is at least 50 years old; (y) the executive gives at least six months' prior written notice to us of his intention to retire; and (z) the noncompetition agreement remains in full force and effect and the executive enters into a general release of all claims in a form that is reasonably satisfactory to us. Under this

Table of Contents

formula, Messrs. Bayless, Dowell, Graf, Talbot and Hopke will become eligible for retirement in 2014, 2018, 2020, 2024 and 2017, respectively.

The values of the RSAs for which vesting would accelerate for such a termination as of December 31, 2013, based on a closing price of \$32.21 on December 30, 2013, are as follows: Mr. Bayless-\$4,579,292, Mr. Dowell-\$1,869,527, Mr. Graf-\$1,432,463, Mr. Talbot-\$598,391 and Mr. Hopke-\$521,981.

Mr. Dowell will retire on September 30, 2014. We have entered into a separation agreement with Mr. Dowell, which provides, among other things, that (i) we will continue to pay Mr. Dowell his base salary to which he is entitled under his current employment agreement through September 30, 2014 and will pay to Mr. Dowell \$300,000 on September 30, 2014, (ii) Mr. Dowell will retain all of the RSAs, common units and other stock-based awards previously granted to him that have vested as of September 30, 2014 and will forfeit all portions of any RSAs or other stock-based awards unvested as of September 30, 2014, and (iii) the noncompetition agreement with Mr. Dowell will survive Mr. Dowell's retirement.
