Notes Offering and Indenture

On September 25, 2014, Trinity Industries, Inc., a Delaware corporation (the *Company*), completed a public offering (the *Offering*) of \$400 million aggregate principal amount of 4.550% Senior Notes due 2024 (the *Notes*). The Offering was made pursuant to an effective registration statement on Form S-3ASR (Registration No. 333-198744) filed with the Securities and Exchange Commission on September 15, 2014, as supplemented by the Preliminary Prospectus Supplement dated September 22, 2014 and the Final Prospectus Supplement dated September 22, 2014, each relating to the Notes. The Notes are fully and unconditionally guaranteed by each of the Company's domestic subsidiaries that is a guarantor under the Company's revolving credit facility (collectively, the *Guarantors*). If additional subsidiaries guarantee the Company's revolving credit facility in the future, each such subsidiary also will be required to guarantee the Notes. The guarantee of any Guarantor may be released in certain circumstances, including if such Guarantor ceases to guarantee the Company's revolving credit facility.

The Notes were issued under a Senior Notes Indenture (the *Base Indenture*) dated September 25, 2014, by and among the Company, the Guarantors, and Wells Fargo Bank, National Association, as Trustee (the *Trustee*), as supplemented by the First Supplemental Indenture dated September 25, 2014, by and among the Company, the Guarantors, and the Trustee, establishing the terms and providing for the issuance of the Notes (the *First Supplemental Indenture* and, together with the Base Indenture, the *Indenture*).

The First Supplemental Indenture and form of the Notes, which is included therein, provide, among other things, that the Notes bear interest at a rate of 4.550% per year, payable semi-annually in arrears on April 1 and October 1 of each year, commencing on April 1, 2015, and the Notes will mature on October 1, 2024.

The Company estimates that the net proceeds from the Offering will be approximately \$396 million after deducting underwriting discounts and estimated offering expenses payable by the Company. The Company intends to use the net proceeds of the Offering for general corporate purposes, which may include capital expenditures, acquisitions, working capital, and repayment or refinancing of debt.

The description of the Indenture set forth above is qualified by reference to the Base Indenture and the First Supplemental Indenture, filed as Exhibits 4.1 and 4.2, respectively, to this Current Report on Form 8-K and incorporated herein by reference.

Morgan Securities LLC and Merrill Lynch, Pierce, Fenner & Smith Incorporated, as representative of the several underwriters named therein (collectively, the *Underwriters*), relating to the issuance and sale of the Notes.

The Underwriting Agreement contains customary representations, warranties, and agreements of the Company and the Guarantors, conditions to closing, indemnification rights and obligations of the parties, and termination provisions.
