Item 2.01 Completion or Disposition of Assets.

On November 25, 2014, Cleveland BioLabs, Inc. (the Company) and Bioprocess Capital Partners LLC, a Russian limited liability company (BCP), effected the transfer of 3.05% of the Company's participation interest (the Equity) in Incuron LLC (Incuron) to BCP's affiliated fund, AMC close-end Russian Venture Investment Fund Bioprocess Capital Ventures (BCV). The transfer of the Equity was made pursuant to the Participation Agreement dated December 9, 2009, as amended by the First and Third Amendments to Participation Agreement dated April 13, 2010 and June 17, 2014, respectively, that governs the joint ownership of Incuron by the Company and BCV. As described in the Form 8-K filed by the Company on August 6, 2014, as a result of the transfer of the Equity to BCV the Company's participation interest in Incuron decreased to 46.96%, BCV's participation interest increased to 53.04% and the notice of the funding of the second milestone payment resulted in certain changes to the governance of Incuron.

Due to the ownership and governance changes, the Company is required, under United States Generally Accepted Accounting Principals (US GAAP) to deconsolidate Incuron and account for its ownership interest using the equity method of accounting. Additionally, under the instructions to Form 8-K and applicable guidance in the Financial Reporting Manual of the Division of Corporation Finance of the Securities and Exchange Commission, the deconsolidation is deemed a disposition of assets.

The Company is attaching to this Form 8-K the pro forma financial information required by Item 9.01 of Form 8-K, which is presented for informational purposes only to provide an understanding of the Company's historical financial results as adjusted for the deconsolidation of Incuron.

Item 9.01 Financial Statements and Exhibits.*(b) Pro Forma Financial Information*

The following unaudited pro forma consolidated financial statements of the Company are filed as Exhibit 99.1 to this Current Report on Form 8-K:
