

CGG  
Form 6-K  
October 28, 2015

**SECURITIES AND EXCHANGE COMMISSION**

**Washington, D.C. 20549**

**FORM 6-K**

**Report of Foreign Private Issuer**

**Pursuant to Rule 13a-16 or 15d-16 of**

**the Securities Exchange Act of 1934**

**For the month of October 2015**

**CGG**

**Tour Maine Montparnasse - 33 Avenue du Maine BP 191 - 75755 PARIS CEDEX 15**

**(address of principal executive offices)**

Indicate by check mark whether the registrant files or will file annual reports under cover Form 20-F or Form 40-F.

Form 20-F

Form 40-F

Edgar Filing: CGG - Form 6-K

Indicate by check mark whether the registrant by furnishing the information contained in this Form is also thereby furnishing the information to the Commission pursuant to Rule 12g3-2(b) under the Securities Exchange Act of 1934.

Yes  No

If  Yes is marked, indicate below the file number assigned to the registrant in connection with Rule 12g3-2(b): 82

**CGG Appointed by Gabonese Republic's Ministry of  
Petroleum and Hydrocarbons to Promote 11<sup>th</sup> Licensing  
Round**

*Paris, France October 28, 2015*

CGG announced today that it has been appointed as technical consultant by the Gabonese Republic's Ministry of Petroleum and Hydrocarbons to help with the promotion of its 11<sup>th</sup> Licensing Round focusing on five highly prospective deepwater blocks.

The round was formally opened on 27<sup>th</sup> October 2015 by His Excellency, Minister for Petroleum and Hydrocarbons, Mr. Etienne Dieudonné Ngoubou, at this week's 2<sup>nd</sup> Africa Oil Week conference in Cape Town South Africa. The round will then be promoted by a series of road shows starting in Libreville on 24<sup>th</sup> November, followed by Paris on 26<sup>th</sup> November, Singapore on 30<sup>th</sup> November and Houston on 3<sup>rd</sup> December 2015. A delegation from the Direction Generale des Hydrocarbures (DGH) as well as a technical team from CGG will be attending to answer any questions.

The round will be open for five months starting on 27 October 2015 and bids can be submitted from 15 February 2016 onwards and by no later than 31<sup>st</sup> March 2016. Prequalification for the bid round will require the purchase of a minimum amount of seismic data.

The deep water of Gabon has significant unexplored potential within a structurally complex setting, particularly in the pre-salt section. In response to the exploration challenges, CGG has been appointed to advise the Gabonese Republic on the promotion of the 11<sup>th</sup> Licensing Round and has worked directly with the Ministry to acquire over 25,000 km<sup>2</sup> of new 3D BroadSeis™ multi-client seismic data as part of an integrated geoscience program to support it. The new survey will enable better imaging of this exciting and underexplored area, and covers areas downdip and adjacent to recent pre-Aptian salt discoveries, such as Leopard, Diaman, Ruche and Tortue. It will benefit from integrated gravity and magnetic interpretation to enhance the pre-salt imaging and additional, complementary datasets including offshore hydrocarbon seeps and a full geological prospectivity report will be available.

Jean-Georges Malcor, CEO, CGG, said: "Ever since we acquired our first geophysical survey there in 1932, CGG has actively supported Gabon's development of its natural resources. We are delighted to continue our fruitful cooperation with the Gabonese Republic by offering our full portfolio of Geoscience expertise to help promote the 11<sup>th</sup> Licensing Round. Given the high quality of the intermediate results we have seen so far from our recent BroadSeis survey, we expect the final results to be a significant resource for clients to de-risk this promising exploration arena. We are pleased to announce that several companies have already pre-committed to the dataset."

**About CGG**

*CGG (www.cgg.com) is a fully integrated Geoscience company providing leading geological, geophysical and reservoir capabilities to its broad base of customers primarily from the global oil and gas industry. Through its three complementary business divisions of Equipment, Acquisition and Geology, Geophysics & Reservoir (GGR), CGG brings value across all aspects of natural resource exploration and exploitation. CGG employs over 7,500 people around the world, all with a Passion for Geoscience and working together to deliver the best solutions to its customers.*

*CGG is listed on the Euronext Paris SA (ISIN: 0000120164) and the New York Stock Exchange (in the form of American Depositary Shares. NYSE: CGG).*
