QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Why did I receive these proxy materials?

We are providing these proxy materials in connection with the solicitation by the Board of Directors of Owens Corning (Owens Corning, the Company, we, us or our), a Delaware corporation, on behalf of the Company of proxies to be voted at our 2016 Annual Meeting of Stockholders (the Annual Meeting) and at any adjournment or postponement thereof. On or about March 17, 2016, we began distributing these proxy materials to stockholders.

How can I attend the Annual Meeting?

You are invited to attend the Annual Meeting on April 21, 2016, beginning at 10:00 a.m., Eastern Daylight Time. The Annual Meeting will be held at the offices of Jones Day, 222 East 41st Street, New York, New York 10017. Only stockholders who are eligible to vote at the Annual Meeting or their authorized representatives will be admitted. Stockholders must present one form of photo identification to be admitted to the Annual Meeting. If you are a beneficial owner of shares, you also must present a brokerage statement or other proof of ownership to be admitted. No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting. Seating will be limited.

Who is entitled to vote at the Annual Meeting?

Holders of Owens Corning common stock at the close of business on February 22, 2016, the record date for the Annual Meeting, are entitled to receive this Proxy Statement and to vote their shares at the Annual Meeting. As of that date, there were 115,901,597 shares of common stock outstanding and entitled to vote. Each share of common stock is entitled to one vote on each matter properly brought before the Annual Meeting. All stockholders of record may vote in person at the Annual Meeting. Stockholders of record may also be represented by another person by executing a proper proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or other holder of record and present it to the inspectors of election with your ballot in order to vote at the Annual Meeting.

The names of stockholders of record entitled to vote at the Annual Meeting will be available for any purpose germane to the meeting at the Annual Meeting and for ten days prior to the Annual Meeting between the hours of 8:45 a.m. and 4:30 p.m., at our principal executive offices at One Owens Corning Parkway, Toledo, Ohio, 43659 by contacting the Secretary of the Company.

How do I vote?

Table of Contents

Will my shares be voted if I do not provide instructions to my broker?

If you are the beneficial owner of shares held in street name by a broker, the broker (as the record holder of the shares) is required to vote those shares in accordance with your instructions. If you do not provide instructions, your broker will not be able to vote your shares on non-discretionary proposals. The only items at the Annual Meeting that are discretionary are (i) ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm (ii) approval of amendments to our Amended and Restated Certificate of Incorporation (Certificate of Incorporation) to eliminate Asbestos Trust and bankruptcy related language and (iii) approval of amendments to our Amended and Restated Bylaws (Bylaws) principally to eliminate Asbestos Trust and bankruptcy related language. Accordingly, if you are a beneficial owner, your broker or other holder of record is permitted to vote your shares on (i) ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm (ii) approval of amendments to our Certificate of Incorporation to eliminate Asbestos Trust and bankruptcy related language and (iii) approval of amendments to our Bylaws principally to eliminate Asbestos Trust and bankruptcy related language, even if the stockholder of record does not receive voting instructions from you.

What can I do if I change my mind after I vote my shares?

If you are a stockholder of record, you can revoke your proxy before it is exercised by:

written notice to the Secretary of the Company;

timely delivery of a valid, later-dated proxy or a later-dated vote by telephone or on the Internet; or

voting by ballot at the Annual Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your broker or other holder of record.

All shares that have been properly voted and not revoked will be voted at the Annual Meeting.

What are the voting requirements to elect the directors and to approve the proposals discussed in this Proxy Statement?

The presence of the holders of a majority of the shares of common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum.

Election of Directors

A plurality of the votes cast is required for the election of directors. This means that the director nominee with the most votes for a particular slot is elected for that slot. You may vote for or withhold with respect to the election of directors. Only votes for are counted in determining whether a plurality has been cast in favor of a director. Abstentions are not counted for purposes of the election of directors.

Ratification of the Selection of PricewaterhouseCoopers LLP

Although ratification is not required by our Bylaws or otherwise, we are asking our stockholders to ratify the Audit Committee's selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2016. The affirmative vote of a majority of the votes which could be cast by the holders of all stock entitled to vote which are present in person or by proxy at the Annual Meeting is required to approve the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2016. Abstentions will count as present and entitled to vote for purposes of this proposal and will have the effect of a vote against this proposal. This proposal is considered a discretionary proposal and, as a result, we do not expect broker non-votes on this proposal.

Proxies may be solicited on our behalf by directors, officers or employees in person or by telephone, electronic transmission or facsimile transmission, and such persons will not receive additional compensation for their solicitation efforts. We have hired Alliance Advisors, LLC to assist in the distribution and solicitation of proxies for a fee of \$20,000, plus reasonable expenses, for these services.

What is householding and how does it affect me?

We have adopted a procedure approved by the U.S. Securities and Exchange Commission (SEC) called householding. This procedure is designed to reduce the volume of duplicate information received at your household and helps us reduce our printing and mailing costs. Under this procedure, stockholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Notice of Annual Meeting and Proxy Statement and accompanying documents, unless one or more of these stockholders notifies us otherwise.

Stockholders who participate in householding will continue to receive separate proxy cards.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of the Notice of Annual Meeting and Proxy Statement and accompanying documents, or if you hold stock in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, contact Broadridge Financial Solutions, Inc. at 1-866-540-7095 or in writing at Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York 11717.

If you participate in householding and wish to receive a separate copy of this Notice of Annual Meeting and Proxy Statement and the accompanying documents, or if you do not wish to participate in householding and prefer to receive separate copies of these documents in the future, please contact Broadridge as indicated above.

Beneficial owners can request information about householding from their brokers or other holders of record.

At the 2017 Annual Meeting of Stockholders, the Board will be fully de-classified such that the directors will stand for re-election for one-year terms and director classes will no longer be applicable.

Pursuant to the Corporate Governance Guidelines adopted by our Board of Directors, nominees for director are selected on the basis of, among other things, experience, knowledge, skills, expertise, mature judgment, acumen, character, integrity, diversity, ability to make independent analytical inquiries, understanding of Owens Corning's business environment, and willingness to devote adequate time and efforts to Board responsibilities. The Board of Directors believes that each of the current directors and nominees for director exhibit each of these characteristics. Set forth below with each director's biographical information is a description of the principal experience, qualifications, attributes or skills that led the Board to the conclusion that such individuals should serve as an Owens Corning director.

Your proxy will vote for each of the seven nominees unless you specifically withhold authority to vote for any or all of the nominees. If any nominee is unable to serve, your proxy may vote for another nominee proposed by the Board of Directors. We do not know of any nominee of the Board of Directors who would be unable to serve as a director if elected.

Directors will be elected by a plurality of the votes cast at the Annual Meeting. Each person elected at the Annual Meeting will serve until the Annual Meeting of Stockholders in 2017 and until his/her successor is duly elected and qualified.

Corporate Governance Guidelines

Edgar Filing: Owens Corning - Form DEF 14A

Our Board of Directors has adopted Corporate Governance Guidelines which, in conjunction with our Certificate of Incorporation, Bylaws and Board committee charters, form the framework for our corporate governance. The Governance and Nominating Committee reviews the Corporate Governance Guidelines periodically and makes revisions, as necessary. The Corporate Governance Guidelines are published on our website at <http://www.owenscorning.com> and will be made available in print upon request by any stockholder to the Secretary of the Company.

Board Leadership Structure

Pursuant to the Corporate Governance Guidelines, the Board has the authority to select its Chairperson based on its collective best judgment as to the candidate best suited to meet the Company's needs at a given time. Currently, Michael H. Thaman serves as Owens Corning's Chairman of the Board, President and Chief Executive Officer (Chairman and CEO) and John D. Williams, a non-management director serves as lead independent director (Lead Independent Director) of the Board. The Board of Directors believes that this

Table of Contents

leadership structure is appropriate for Owens Corning in light of the Company's governance structure, current needs and business environment as well as the unique talents, experiences and attributes of the individuals in those roles.

Mr. Thaman served as Chairman of the Board for the Company since April 2002 to December 2007, prior to his election as the Company's Chief Executive Officer. Upon his election as Chief Executive Officer in December 2007, the Chairman and CEO positions were combined in order to ensure a single, strong senior management voice, with clear and consistent leadership on critical strategic objectives. The Board's prior experience working with Mr. Thaman in the Chairman position strongly supported its conclusion that the Company and its stockholders would be best served with Mr. Thaman leading Owens Corning as its Chairman and CEO.

The Board of Directors further determined that it was appropriate to have a structure that provided strong leadership among the independent directors of the Board. Until April 2015, Ralph Hake served as Lead Independent Director. In April 2015, John Williams began serving as Lead Independent Director. Mr. Williams has served as director of the Company since 2011 and has served as chairman of the Audit Committee. Additionally, the Board, which consists entirely of independent directors other than Mr. Thaman, exercises an independent oversight function. Each of the Board committees is comprised entirely of independent directors. Regular executive sessions of the non-management directors are held and each year, an evaluation of the Chairman and CEO in several key areas, is completed by each of the independent directors.

The Board of Directors has complete access to the Company's management and believes that its ongoing ability to review the leadership structure of the Board and to make changes as it deems necessary and appropriate gives it the flexibility to meet varying business, personnel and organizational needs over time.

Lead Independent Director

The independent directors on our Board of Directors have elected a Lead Independent Director to serve in a lead capacity to coordinate the activities of the other non-management directors and to perform such other duties and responsibilities as the Board of Directors may determine. John D. Williams was elected to serve as Lead Independent Director, effective April 2015, for a two-year term.

The responsibilities of the Lead Independent Director, as provided in the Charter of Lead Independent Director for Owens Corning, include:

presiding at meetings of the Board in the absence of, or upon the request of, the Chairman;

serving as a designated member of the Executive Committee of the Board;

presiding over all executive meetings of non-management directors and independent directors and reporting to the Board, as appropriate, concerning such meetings;

reviewing Board meeting agendas in collaboration with the Chairman and recommending matters for the Board to consider and information to be provided to the Board;

serving as a liaison and supplemental channel of communication between the non-management/independent directors and the Chairman without inhibiting direct communication between the Chairman and other directors;

serving as the principal liaison for consultation and communication between the non-management/independent directors and stockholders; and

advising the Chairman concerning the retention of advisors and consultants who report directly to the Board.

Table of Contents

The Charter of Lead Independent Director for Owens Corning is available on our website at <http://www.owenscorning.com>. The Board of Directors evaluates its structure and composition annually and believes that having a strong Lead Independent Director with significant leadership responsibilities, as described above, coupled with a strong and effective Chairman and CEO is currently the appropriate board leadership structure for Owens Corning.

Board, Committee and Chairman and CEO Evaluation Process

Each year, the Governance and Nominating Committee facilitates a process to evaluate the effectiveness of the Board, its committees and the Chairman and CEO.

The Board and its committees complete self-assessment questionnaires and have individual discussions with the Lead Independent Director to evaluate effectiveness in several areas including composition, structure and processes. The Governance and Nominating Committee utilizes the results of this process to recommend changes to Board processes, to determine critical skills required of prospective director candidates and to make recommendations for committee assignments.

The Governance and Nominating Committee also prepares and circulates evaluations to the independent directors regarding the performance of the Chairman and CEO in several key performance areas. Non-management directors discuss their feedback on the Chairman and CEO with the Lead Independent Director. The results of the process are discussed in an executive session of the non-management directors and are also factored into the Compensation Committee's performance evaluation of the Chairman and CEO.

Director Retirement Age

Pursuant to the Corporate Governance Guidelines, the retirement age for directors is 73. A director who has attained age 73 may continue to serve as a director until the next succeeding Annual Meeting of Stockholders.

Risk Oversight

The Audit Committee of the Board of Directors has primary responsibility for facilitating the Board's oversight of the Company's management of key risks and financial exposures. Pursuant to its charter, the Audit Committee's responsibilities include:

Reviewing annually and receiving periodic updates on the Company's identification of its key risks, major financial exposures and related mitigation plans;

Overseeing the Company's management of key risks and major financial exposures that fall within the specific purview of the Audit Committee;

Ensuring that the Board and its committees oversee the Company's management of key risks and major financial exposures within their respective purviews; and

Evaluating periodically the effectiveness of the above referenced process of oversight by the Board and its committees.

The Compensation, Finance and Governance and Nominating Committees of the Board of Directors each review and evaluate risks associated with their respective areas. Each of the Board Committees provides reports concerning its respective risk management activities to the Board of Directors and the Board considers and discusses such reports.

Owens Corning also has a management Risk Committee which is responsible for overseeing and monitoring the Company's risk assessment and mitigation related actions. The Risk Committee's membership has broad based functional representation, including members from the corporate audit, finance, legal, security, treasury and business functions. The Risk Committee provides periodic updates concerning risk to the Executive Officers and to the Audit Committee of the Board of Directors.

Communications with Directors

Stockholders and other interested parties may communicate with the Lead Independent Director or any other non-management director by sending an email to non-managementdirectors@owenscorning.com. All such communications are promptly reviewed by the Vice President, Internal Audit and/or the Senior Vice President and General Counsel for evaluation and appropriate follow-up. The Board of Directors has determined that communications considered to be advertisements, or other types of Spam or Junk messages, unrelated to the duties or responsibilities of the Board, should be discarded without further action. A summary of all other communications is reported to the non-management directors. Communications alleging fraud or serious misconduct by directors or executive officers are immediately reported to the Lead Independent Director. Complaints regarding business conduct policies, corporate governance matters, accounting controls or auditing are managed and reported in accordance with Owens Corning's existing Audit Committee complaint policy or business conduct complaint procedure, as appropriate.

Director Qualification Standards

Pursuant to New York Stock Exchange listing standards, our Board of Directors has adopted Director Qualification Standards with respect to the determination of director independence that incorporate the independence requirements of the New York Stock Exchange corporate governance listing standards. The standards specify the criteria by which the independence of our directors will be determined, including strict guidelines for directors and their immediate families with respect to past employment or affiliation with the Company or its independent registered public accounting firm. The full text of our Director Qualification Standards is available on our website at <http://www.owenscorning.com>. Using these standards, the Board determines whether a director has a material relationship with the Company other than as a director.

Director Independence

With the assistance of legal counsel, the Governance and Nominating Committee reviewed the applicable legal standards for director and Board Committee independence, our Director Qualification Standards, and the criteria applied to determine audit committee financial expert status. The Committee also reviewed reports of the answers to annual questionnaires completed by each of the independent directors and of transactions with director affiliated entities. On the basis of this review, the Governance and Nominating Committee delivered recommendations to the Board of Directors and the Board made its independence and audit committee financial expert determinations based upon the Committee's reports and recommendations.

The Board of Directors has determined that current directors Cesar Conde, J. Brian Ferguson, Ralph F. Hake, F. Philip Handy, Ann Iverson, Edward F. Lonergan, Maryann T. Mannen, James J. McMonagle, W. Howard Morris, Suzanne P. Nimocks and John D. Williams are independent under the standards set forth in our Director Qualification Standards and applicable New York Stock Exchange listing standards. Prior to his retirement from the Board on April 16, 2015, the Board had determined that Norman P. Blake was independent under such standards. The Board of Directors also has determined that all of the directors serving on the Audit, Compensation, and Governance and Nominating Committees are independent and satisfy relevant requirements of the SEC, the New York Stock Exchange, Owens Corning and the respective charters for the members of such committees.

Executive Sessions of Directors

Our Corporate Governance Guidelines specify that executive sessions or meetings of non-management directors without management present must be held regularly (at least three times a year) and at least one meeting must include only independent directors. Currently, all of our non-management directors are independent. In 2015, the independent directors met in executive session six times. Our Lead Independent Director presides over all executive sessions of the Board and of non-management directors.

Employees are expected to report any conduct that they believe to be an actual or apparent violation of Owens Corning's Policies on Business Ethics and Conduct.

The Sarbanes-Oxley Act of 2002 requires audit committees to have procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters. We have adopted and comply with such procedures.

This is to ensure that our directors devote adequate time for preparation and attendance at Board and Committee meetings, including the Annual Meeting of Stockholders.

The Company's Audit Committee Charter states that no director may serve as a member of the Audit Committee if such director serves on the audit committees of more than two other publicly traded companies, unless the Board determines that such simultaneous service would not impair the ability of such director effectively to serve on the Committee.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 and SEC regulations require Owens Corning's directors, executive officers and greater than ten percent stockholders to file reports of ownership on Form 3 and changes in ownership on Forms 4 or 5 with the SEC. Owens Corning undertakes to file such forms on behalf of our current reporting directors and executive officers pursuant to a power of attorney given to certain attorneys-in-fact. Reporting directors, executive officers and ten percent stockholders are also required by the SEC rules to furnish Owens Corning with copies of all Section 16(a) reports they file.

Based solely on our review of copies of such reports received and/or written representations from such directors, executive officers and ten percent stockholders, Owens Corning believes that all Section 16(a) filing requirements applicable to its directors, executive officers and ten percent stockholders were complied with during fiscal year 2015, with the exception of a Form 4 for one sale transaction by a director that was not timely reported due to an administrative oversight. Promptly upon recognition of the oversight, the transaction was reported on a Form 4 filed on July 28, 2015.

Compensation Discussion and Analysis

In this section, we discuss our compensation philosophy and describe and analyze the compensation program for Michael H. Thaman, our Chief Executive Officer (CEO); Michael C. McMurray, our Chief Financial Officer (CFO); and Arnaud P. Genis (our Group President, Composites), Daniel T. Smith (our Senior Vice President, Organization & Administration), and Brian Chambers (our President, Roofing & Asphalt), who collectively were our next three most highly paid executive officers (collectively named executive officers or NEOs) for 2015. More specifically, we explain how our Board's Compensation Committee (the Committee) determines compensation for our senior executives and its rationale for specific 2015 decisions for the named executive officers. We also discuss several changes the Committee has made to our program over the past year to advance its fundamental objective of aligning our named executive officers' compensation with the long-term interests of Owens Corning's stockholders.

2015 Company Performance

In 2015, Owens Corning delivered the largest improvement in adjusted earnings before interest and taxes (Adjusted EBIT)** in the Company's history with all three businesses Composites, Insulation, and Roofing making substantial contributions to earnings. Overall improvement was driven by positive macro-economic trends as well as strong commercial and operational execution, despite currency headwinds. Key accomplishments in 2015 include:

Owens Corning delivered a year-over-year improvement in safety performance, with a Recordable Incident Rate of 0.52. The severity of our injuries continues to decrease. Our goal is to achieve and maintain injury-free workplaces across our Company.

Insulation delivered its 18th consecutive quarter of EBIT*** improvement, earning \$160 million for the year. This represents a \$52 million increase over 2014, driven by improved pricing, higher volumes and operational leverage.

Composites delivered \$232 million in EBIT, an \$83 million improvement over 2014 performance, driven by volume and pricing strength. Strong manufacturing performance also contributed to earnings momentum.

Roofing delivered \$266 million in EBIT, a \$34 million improvement over 2015 performance, driven by consistency in the U.S. shingle market as well as asphalt deflation.

Response to Say-on-Pay Vote and Stockholder Outreach in 2015

In 2015, we provided our stockholders with the opportunity to, on an advisory basis, approve or vote against the 2014 compensation of our NEOs (say-on-pay). Approximately 88% of the votes cast approved the NEOs' compensation, following a stockholder outreach campaign and various changes to our executive compensation program, described below. We are committed to ensuring that our investors fully understand our executive compensation program, including how it aligns the interests of our executives with our stockholders and how it rewards the achievement of our strategic objectives. We also want to understand what our stockholders think about executive compensation, beyond the say-on-pay vote. To this end, we established a stockholder outreach program in order to maintain consistent, periodic opportunities for communication with our investors regarding their perspectives on our compensation and governance programs. During 2015, we communicated with 40 of our top investors, representing the holders of over 80% of our outstanding shares, to share information and solicit feedback regarding executive compensation and corporate governance.

2015 Changes to the Executive Compensation Program

Equity-based award grants: During 2014, the Committee spent a significant amount of time reviewing stockholder feedback and the advice of its independent compensation consultant and other advisors in order to carefully structure our compensation program for 2015 and maintain a strong, direct link between executive pay and performance. In 2015:

We discontinued annual grants of stock options for our NEOs

We introduced performance share units which may be earned based upon meeting three-year adjusted return on capital targets, based on discussions with our stockholders and Committee on alternative long-term incentive performance metrics.

** Please refer to the section titled Adjusted Earnings Before Interest and Taxes on p. 23 of the Form 10-K for further information and a reconciliation to GAAP.

Please refer to Footnote 2 Segment Information, in the Form 10-K for further information on EBIT as a measure of business performance and a reconciliation to GAAP.

Table of Contents

We changed the mix of long term incentive vehicles granted in 2015 to consist of:

35% performance share units based upon absolute adjusted return on capital performance over a three year period;

25% performance share units based upon relative total shareholder return versus the S&P Building & Construction Select Industry Index over a three year period; and

40% restricted stock which vests ratably over four years.

Change in Control Tax Gross-Up Provision: The CEO was the only executive with an excise tax gross up provision in his severance agreement, which was implemented in 2007. Based upon input from stockholders and our review of best practices, this feature was removed from his agreement.

Anti-Hedging/Anti-Pledging Policy: The Committee has adopted an anti-pledging policy applicable to Directors and officers of the Company and updated its existing anti-hedging policy.

Key 2015 Named Executive Officer Compensation Highlights

Base Salary: The Committee approved, based upon its review of market competitive practices and 2014 performance, the following base salary increases for 2015: 2.75% for Mr. Thaman; 5.9% for Mr. McMurray; 3.6% for Mr. Genis; and 6.2% for Mr. Smith. Mr. Chambers' base salary was not increased during 2015 due to his recent promotion to President, Roofing & Asphalt.

Annual Incentive Award: The Committee determined, based on 2015 Company and individual performance, the NEOs' annual incentive awards for 2015 at the following percentages of target: 155% for Mr. Thaman; 155% for Mr. McMurray; 161% for Mr. Genis; 155% for Mr. Smith; and 153% for Mr. Chambers.

Long-Term Incentive Awards: Owens Corning annually makes grants of long-term incentives (LTI) at its February Committee meeting. The 2013-2015 Performance Share Units granted in 2013 used total stockholder return performance versus the companies in the S&P 500 as its performance criteria. Over the three-year performance period, Owens Corning's stock performed at the 35th percentile versus the comparator group, which provided funding at 40% of target for those grants held by the NEOs. In addition, the Committee provided the NEOs with the following aggregate value of LTI grants in 2015, as further described below: \$4,440,000 for Mr. Thaman; \$1,100,000 for Mr. McMurray; \$1,200,000 for Mr. Genis; \$900,000 for Mr. Smith; and \$700,000 for Mr. Chambers.

Executive Compensation Practices

We continually monitor the evolution of compensation best practices. Some of the most important practices incorporated into our program include the following:

Review of Pay versus Performance. The Committee continually reviews the relationship between compensation and Company performance.

Median Compensation Targets. All compensation elements for our executives are initially targeted at the median of our competitive marketplace for talent.

Edgar Filing: Owens Corning - Form DEF 14A

Performance Metrics. The Committee annually reviews performance goals for our annual and long-term incentive plans to assure the use of challenging, but fair metrics and targets. Additionally, the Committee reviews the cost of our plans at various performance levels to ensure that stockholders are appropriately benefiting from performance outcomes.

Clawback of Compensation. If the Board of Directors determines that a NEO has engaged in fraud, willful misconduct, or a violation of Company policy that caused or otherwise contributed to the need for a material restatement of the Company's financial results, the Committee will review all performance-based compensation, including cash incentive awards and all forms of equity-based

Table of Contents

compensation, awarded to or earned by that NEO during the respective fiscal periods affected by the restatement. If the Committee determines that performance-based compensation would have been materially lower if it had been based on the restated results, the Committee will seek recoupment from the NEO as it deems appropriate based on a consideration of the facts and circumstances, and applicable laws and policies.

Meaningful Share Ownership Guidelines. Our share ownership requirements are rigorous: six times base salary for the CEO, and three times base salary for other NEOs.

No Hedging. Owens Corning does not allow directors and NEOs to enter into short sales of common stock or similar transactions where potential gains are linked to a decline in the price of our shares. Recipients of equity awards also may not enter into any agreement that has the effect of transferring or exchanging any economic interest in an award for any other consideration.

No Pledging. Effective January 1, 2016, directors and NEOs, as well as all officers of the Company, are prohibited from pledging Company securities as collateral for a loan or holding Company securities in a margin account.

No Repricing. Stock option exercise prices are set to equal the grant date market price and may not be reduced or replaced with stock options with a lower exercise price.

Market-Competitive Retirement Programs. We eliminated defined benefit pension benefits for salaried employees hired after January 1, 2010 and froze existing salaried pension benefits to future accruals at the same time. Our NEOs participate in the Company's 401(k) plan and are eligible for a Company match on amounts in excess of statutory limits.

No Perquisites. Our NEOs participate in the same benefit plans as our salaried employees, with no special executive perquisites.

Restrictive Covenants. Our NEOs must adhere to restrictive covenants upon separation from Owens Corning, including non-compete, non-solicitation and non-disclosure obligations.

No Excise Tax Gross-Ups. Parachute excise tax reimbursements and gross-ups will not be provided in the event of a change-in-control.

Review of Compensation Peer Group. Our compensation peer group is reviewed regularly by the Committee and adjusted, when necessary, to ensure that its composition remains a relevant and appropriate comparison for our executive compensation program.

Review of Committee Charter. The Committee reviews its charter annually to consider the incorporation of best-in-class governance practices.

Stockholder Outreach. We regularly solicit feedback from our stockholders on our executive compensation programs.

How We Make Compensation Decisions

Our Executive Compensation Philosophy

Edgar Filing: Owens Corning - Form DEF 14A

The Committee believes that executive compensation opportunities must align with and enhance long-term stockholder value. This core philosophy is embedded in all aspects of our executive compensation program and is reflected in an important set of guiding principles. We believe that the application of these principles enables us to create a meaningful link between compensation outcomes and long-term, sustainable growth for our stockholders.

Table of Contents

Guiding Principles

Pay for performance	Stockholder alignment	Long-term focus
A substantial majority of pay is variable, contingent and directly linked to Company and individual performance.	The financial interests of executives are aligned with the long-term interests of our stockholders through stock-based compensation and performance metrics that correlate with long-term stockholder value.	For our most senior executives, long-term stock-based compensation opportunities will significantly outweigh short-term cash-based opportunities. Annual objectives should complement sustainable long-term performance.
Competitiveness	Balance	Governance/Communication
Total compensation will be sufficiently competitive to attract, retain, motivate and reward a leadership team capable of maximizing Owens Corning's performance. Each element should be initially benchmarked relative to peers and the broader marketplace for executive talent.	Our compensation program is designed to be challenging, but fair. Executives should have the opportunity to earn market competitive pay for delivering expected results. As results exceed expectations (both internal and external), pay levels may increase above market median levels. If performance falls below expected levels, actual pay will fall below market median.	<p>Feedback from stockholders is periodically solicited and factored into the design of our compensation program.</p> <p>Ease of communication for all constituents is a key goal for all elements of our compensation program.</p>

Role of the Committee

The Committee, which consists of five independent directors, is responsible for overseeing the development and administration of our executive compensation program.

In this role, the Committee approves all compensation actions concerning our CEO and the other NEOs.

The Committee's other responsibilities include:

Designing executive compensation plans and programs;

Assessing input from Owens Corning's stockholders regarding executive compensation decisions and policies;

Reviewing and approving incentive plan metrics and targets;

Assessing each NEO's performance relative to these metrics and targets;

Evaluating the competitiveness of total compensation for the CEO and the other NEOs; and

Approving changes to a NEO's compensation, including base salary and annual and long-term incentive opportunities and awards.

Edgar Filing: Owens Corning - Form DEF 14A

The Senior Vice President, Organization & Administration, along with Owens Corning's Human Resources staff and an independent compensation consultant, assist the Committee with these tasks. The Committee's charter, which sets out the Committee's responsibilities, can be found on our website at: <http://investor.owenscorning.com/Corporate-Governance/Board-of-Directors/>.

Role of the Compensation Consultant

In the first half of 2015, the Committee retained Pearl Meyer & Partners (Pearl Meyer) to serve as its executive compensation consultant. The Committee subsequently hired Meridian Compensation Partners (Meridian) to serve in this role for the remainder of 2015 and going forward. We also refer to either Pearl Meyer (for the first half of 2015) or Meridian (for the second half of 2015) as the Consultant .

During 2015, the Consultant advised the Committee on a variety of subjects consisting of compensation plan design and trends, pay for performance analytics and benchmarking norms. While the Consultant may make recommendations on the form and amount of compensation, the Committee continues to make all decisions regarding the compensation of our NEOs.

The Consultant reports directly to the Committee, participates in meetings as requested and communicates with the Committee Chair between meetings as necessary. In 2015, the Consultant attended all of our Committee meetings.

Prior to engaging the Consultant, the Committee reviewed the respective firms qualifications and assessed its independence. The Committee also considered and assessed all relevant factors, including those required by the SEC, which could give rise to a potential conflict of interest. Based on these reviews, the Committee did not identify any conflicts of interest raised by the work performed by the Consultant. Meridian does not (and Pearl Meyer did not) perform other services for or receive other fees from Owens Corning. The Committee has the sole authority to modify or approve the Consultant s compensation, determine the nature and scope of its services, evaluate its performance, terminate the engagement and hire a replacement or additional consultant at any time.

Competitive Positioning

Peer Group Benchmarking

The Committee utilizes a peer group of 13 companies as one of the inputs in assessing the competitiveness of executive compensation and the appropriateness of compensation program design. These companies are either in the building materials industry, serve related markets, or use manufacturing processes similar to Owens Corning, and have size (measured in annual sales, market capitalization or number of employees) or complexity comparable to Owens Corning. This peer group is reviewed regularly by the Committee to ensure the relevance of the companies to which we compare ourselves.

The peer group for 2015 compensation decisions was comprised of the following companies, and did not change from the peer group used for 2014 compensation decisions:

Armstrong World Industries, Inc.
Ball Corporation
Lennox International Inc.
Louisiana-Pacific Corporation
Masco Corporation
Mohawk Industries, Inc.
Owens-Illinois, Inc.

PPG Industries, Inc.
RPM International, Inc.
The Sherwin-Williams Company
Stanley Black & Decker, Inc.
USG Corporation
The Valspar Corporation

While compensation data from the peer group serves as comparison data, the Committee supplements this information with data from compensation surveys covering general industry companies of similar size based on annual sales. This additional data, compiled by the Consultant, enhances the Committee s knowledge of trends and market practices.

Table of Contents

Compensation Benchmarks

To help ensure that our compensation program is appropriately competitive, the Committee believes the Target Value of each key compensation element (base salary and annual and long term incentive opportunities) should generally align with market median practices.

Individual pay opportunities may fall above or below these targets based on the executive’s performance and the Committee’s discretion. In exercising its discretion, the Committee considers Company and individual performance, time in job and experience, job scope, retention risk and any other factors that it determines to be relevant and consistent with program objectives and stockholder interests.

The Committee believes the best way to help ensure that executive pay corresponds to Company performance is to make certain that the actual realizable value of equity granted to an executive corresponds to the actual performance of the Company for the performance period in question. This is achieved by designing the compensation opportunities, when granted, to correspond to the market median practices of peer companies (Target Value) and then having performance goals associated with a significant portion of the median level grant so that the award has significant value only when Company performance is at levels deemed appropriate by the Committee (Realizable Value).

The graph below compares Mr. Thaman’s Target Compensation (base salary, target annual incentive opportunity and grant date value of equity awards) with the market median and 75th percentile values provided by Meridian.

How We Structure Our Compensation

Principal Elements of Compensation

The following principal elements make up our named executive officers’ compensation program:

Cash Compensation		Long-Term Incentives		Retirement
Base Salary	Annual Incentive	Performance Share Units	Restricted Shares	401(k) Savings Plan Non-Qualified Deferred Compensation Plan

Table of Contents

Base Salary

To help Owens Corning attract and retain the most qualified executive talent, we provide base salaries to our executives targeted at the median of competitive market practices. Each year, the Committee reviews recommendations from the CEO regarding base salary adjustments for his direct reports, including the other NEOs. The Committee has complete discretion to modify or approve the CEO's base salary recommendations and the CEO does not participate in the Committee's determination of his own base salary. Actual salaries will vary from the market median based on job scope and responsibilities, experience, tenure, individual performance, retention risk, external market data and internal pay equity.

Annual Incentive Compensation

Annual incentives are delivered through the annual Corporate Incentive Plan (CIP). Funding under the 2015 CIP for all NEO awards for the year was determined based on performance as measured against corporate and individual performance goals for the year. Incentive awards for the NEOs are based 75% on corporate performance measures and 25% on individual performance measures. Award amounts for each component may be earned from 0% to 200% of targeted levels, based upon performance. The corporate component is earned based upon the achievement of pre-determined financial goals as described below. Awards are paid in the form of a lump-sum cash payment.

The individual component is funded at maximum if the Company is profitable, with actual award amounts being reduced from maximum based upon a discretionary assessment of individual performance by the Committee. The Committee assesses the individual performance of the CEO, and reviews and approves the CEO's assessment of individual performance of the other NEOs in determining the individual performance component of CIP amounts.

At the beginning of each year, the Committee selects the corporate performance objectives, or funding criteria, that are used to determine the funding of the corporate performance component for the annual CIP. For 2015, the Committee selected specific levels of Adjusted EBIT. Performance against consolidated Adjusted EBIT goals determine 40% of overall corporate funding, and performance of the Composites, Insulation, and Roofing businesses against their respective Adjusted EBIT goals each contribute 20% to overall corporate funding.

Funding for each of the corporate components of the CIP can independently range, based on consolidated or business performance, from Threshold performance (zero CIP funding), to Target performance (100% CIP funding), to Maximum performance (two times Target CIP Funding). For consolidated or business performance falling between the performance levels, CIP funding would fall proportionately between the corresponding funding levels. For example, for performance falling two-thirds of the way between Threshold performance and Target performance, the resulting CIP funding would fall two-thirds of the way between Threshold funding and Target funding. This straight-line mathematical interpolation is performed separately for consolidated, Composites, Insulation, and Roofing Adjusted EBIT performance and the results are aggregated by applying a 40% weight to consolidated funding and 20% weight to each business funding.

When establishing Threshold, Target and Maximum CIP performance levels for the corporate components for 2015, the Committee used a variety of guiding principles, including:

Target performance levels generally correspond with the results and the business objectives called for in the Board-reviewed operations plan (a comprehensive strategic business plan for the Company) for the year. Whether the target performance level can be attained is a function of the degree of difficulty associated with the operations plan.

Threshold performance levels will be set at just below the minimum level of acceptable performance, with minimum acceptable performance yielding below market compensation, but also rewarding

Table of Contents

employees incrementally for delivering value during adverse business conditions. CIP performance levels between Threshold and Target are intended to compensate employees below the targeted median, which the Committee believes is appropriate for a performance-based incentive plan.

The Maximum performance level is also determined based on the Committee's view of the degree of difficulty of the operations plan—the more difficult the operating plan and, therefore, the Target performance level, is to achieve, the less incremental performance (above target performance) is required to reach the Maximum.

The Maximum performance level will be set so that it is difficult to achieve and would deliver clear outperformance compared to the operating plan, with the mindset that maximum performance significantly benefits the Company's stockholders and warrants CIP funding at or near maximum.

CIP awards between Target and Maximum should reflect a level of performance that distinguishes the Company and its leaders, and translates into increased stockholder value.

The Committee retains discretion to reduce awards or not pay CIP compensation even if the relevant performance targets are met. Individual performance goals are established each year for the CEO by the Committee. For the remaining NEOs, the CEO and each officer establish and agree upon performance objectives which serve as the individual performance goals for that officer for the year. At the close of each year the Committee subjectively evaluates the performance of the CEO against the established performance goals, in addition to other factors described below, and determines the level of funding of the individual component of the award. Similarly, the CEO reviews performance of the other NEOs against their individual goals and based on this assessment and other factors described below, the CEO makes a recommendation to the Committee. The Committee then determines the actual payout under the individual component of the CIP based on the recommendations of the CEO and its negative discretion, all subject to overall funding levels for the CIP award.

Long-Term Incentive Compensation

We believe long-term incentive opportunities should align NEO behaviors and results with key enterprise drivers and the interests of stockholders over an extended period of time. Our long-term incentive program (LTI) is an equity-based program that historically has used a combination of Restricted Stock, Stock Options and Performance Share Units. Performance Share Units use overlapping three-year performance cycles, with a new cycle beginning each year. In 2015, the mix of long term incentives was changed. Stock options were eliminated and we introduced Performance Share Units which vest based upon pre-established adjusted return on capital metrics. For 2015 NEO awards, the mix of LTI vehicles was as follows:

Restricted Stock generally vests at a rate of 25% per year over a four-year period (employees in certain foreign jurisdictions receive Restricted Stock Units); our new Performance Share Units (ROC PSUs) generally vest after the completion of the three-year performance period and deliver shares based on achievement of pre-determined adjusted return on capital objectives; and our historical Performance Share Units (TSR PSUs) generally vest after the completion of the three-year performance period and deliver shares based on the Company's total shareholder return relative to companies in the S&P Building and Construction Select Industry Index (the Index). The aggregate LTI award's total value is allocated 40% to Restricted Stock, 35% to ROC PSUs, and 25% to TSR PSUs, and then each allocation is divided by the grant date stock price in order to determine the number of shares of Restricted Stock and target Performance Share Units that are granted.

Return on Capital Performance Share Units

The ROC PSUs will fund from 0% to 200% based upon average annual adjusted return on capital during the performance period. An additional target award is earned if all three businesses (Composites, Insulation, and Roofing) separately achieve a challenging adjusted return on capital outcome in 2017, for a maximum award opportunity of 300% of target. The additional target payout will be determined independent of the average annual adjusted return on capital performance for the Company overall, and will not be prorated for incremental performance. There will be no additional payout if only one or two businesses achieve their adjusted return on capital goal.

For the purpose of funding the 2015 ROC PSUs, we will utilize average annual adjusted return on capital from 2015 through 2017. Adjusted return on capital for each fiscal year is calculated as Adjusted EBIT plus fresh start amortization and depreciation less taxes, divided by the sum of average net fixed assets, working capital, goodwill and intangible assets, less fresh start asset adjustments. This formula removes the impact of fresh start accounting, and thus may differ from return on capital that may be discussed in the context of our financial statements and other public disclosures.

Table of Contents

For the 2015-2017 performance cycle, threshold performance, which would provide for 0% funding, was set at 2014 adjusted return on capital of 7.8%*. Incremental improvement over 2014 adjusted return on capital will generate payouts above 0%. Target performance, which would provide for 100% funding, was set at 9% average adjusted return on capital, as a proxy for the Company's cost of capital. Maximum performance, which would provide for 200% funding, was set at 10.2% average adjusted return on capital, which requires a 30% improvement in adjusted return on capital from 2014 of 7.8%. The adjusted return on capital objective for each business to achieve in 2017 was set above maximum the Committee and the Company believe this outcome to be sufficiently challenging to warrant an additional 100% payout.

Relative TSR Performance Share Units

The TSR PSUs will fund from 0% to 200% based upon the Company's total shareholder return as a percentile of the S&P Building and Construction Select Industry Index (ticker SPBCII). Prior to 2015, TSR PSU awards compared the Company's total shareholder return to companies in the S&P 500. The comparator group was changed in 2015 to deliver payouts proportionate to performance against a peer group that is more specific to our industry. Threshold funding (0% payout) for the TSR PSUs applies up to the 25th percentile of the Index. Target funding (100% payout) is achieved at the 50th percentile. Maximum funding (200% payout) is earned at and above the 75th percentile. Payout is interpolated on a straight-line mathematical basis for performance between Threshold and Target, and between Target and Maximum, and is capped at 100% if our TSR is negative. The following chart depicts the payout opportunity for the 2015 TSR PSU award:

Emphasis on Variable Pay

84% of our CEO's and 73% of our other NEOs' target compensation (in other words, base salary, target annual bonus and long-term incentives) is variable compensation directly contingent on performance. Actual annual incentives and long-term incentive awards are subject to the achievement of pre-established performance targets and designed to link directly to stockholder value. Base salary and other fixed elements of compensation are essential to any compensation program and relevant to the recruitment and retention of top talent. However, we believe that variable compensation for our most senior executives should significantly outweigh base salaries.

Our 2015 NEO compensation reflects this philosophy. The following charts illustrate the basic pay mix for our CEO and other NEOs for 2015. Note the significant portion of compensation that is variable and performance-based:

How We Assess Performance

Goal Setting

Annually, the Committee establishes financial, strategic and operational goals for the CEO related to three broad constituencies: stockholders, customers and employees. The CEO's goals are generally based upon the Company's operations plan, which is reviewed by the Board. For 2015, the CEO's individual goals were qualitative in nature as described below.

Stockholder goals may include specific measurements of profitability, cash flow, capital efficiency and expense management. Strategic customer and transformational goals include new sources of revenue, geographic expansion, customer channel expansion and new product development. Employee goals include succession planning for key roles, improved workplace safety, improved leadership engagement and diversity, and validation of program efficacy through external recognition.

We also believe it is important to embed compliance and risk management in all our business processes, including objective setting. The framework adopted by the Committee provides that it will consider compliance and risk management objectives in evaluating overall performance.

Table of Contents**CEO Performance Assessment**

In December of each year, the CEO prepares a self-review, discussing the progress made toward each of his individual goals, as well as the Company's overall financial and operating performance. Each non-management director also completes an evaluation of CEO performance. The Lead Independent Director, in conjunction with the Compensation Committee Chairman, leads the Board's assessment of Mr. Thaman's performance. The following table summarizes Mr. Thaman's goals and achievement for 2015:

Objective	Result

How We View Compensation

The 2015 Summary Compensation Table sets forth annual compensation data in accordance with SEC requirements. This uniform format is helpful for cross-company comparisons; however, the Committee believes the SEC-mandated format does not fully reflect all of its annual compensation decisions and, in particular, does not provide adequate basis for a holistic pay for performance assessment. Therefore, when reviewing compensation, the Committee uses several alternative calculation methodologies, as described in this section and summarized in the chart below (however, the following information should not be viewed as a replacement for the 2015 Summary Compensation Table or other compensation tables set forth below):

	Summary Compensation Table	Total Direct Compensation	Average Realizable Compensation
Purpose	SEC-mandated compensation disclosure	Reflects the Committee's compensation decisions based upon 2015 performance	Used to evaluate pay for performance alignment by comparing actual to target value over a three year period
Pay Elements	Mix of:	Base salary paid in 2015	Average of:
	- actual pay received during 2015:	Annual incentive received for 2015 performance	Base salary received in 2013, 2014 and 2015
	Base salary paid in 2015	Grant date value of equity awards (restricted shares, stock options and performance share units) granted in February 2016, reflective of 2015 performance	Annual incentive received for 2013, 2014 and 2015 performance
	Annual incentive received for 2015 performance; and		In-the-money value of equity awards granted in 2013, 2014, and 2015, calculated based upon the stock price as of 12/31/2015, including performance share units paid. Unvested performance share units are valued at target

Total Direct Compensation

Unlike the amounts reported in the 2015 Summary Compensation Table, total direct compensation includes only pay elements that directly reflect the Committee's assessment of Company and individual performance for the current year. For example, the 2015 Summary Compensation Table values include the grant date fair value of long-term incentive award opportunities granted in February 2015, reflecting the Committee's assessment of 2014 performance. Total direct compensation, however, reflects 2015 performance by including the grant date fair value of awards granted in February 2016. Other elements included in the 2015 Summary Compensation Table (for example, changes in pension values) are outside the scope of the Committee's annual pay decisions.

Average Realizable Compensation

The Committee does not believe that the 2015 Summary Compensation Table or total direct compensation values adequately measure CEO compensation for the purpose of assessing the alignment of pay with performance. Both methods utilize estimated values for long-term incentive award opportunities at the time of grant. As might be expected, however, estimated values can differ significantly from the actual value earned.

Therefore, the Committee also takes into consideration average realizable compensation, which measures actual salary and annual incentives earned over a three-year period, combined with the in-the-money value of equity awards granted over the same period. The Committee compares this to average target total direct compensation, which is comprised of salary, annual incentive target and the grant date value of long-term incentives. The examination of realizable compensation takes into account short term corporate and individual performance (as generally measured by the Company's annual incentive plan) and longer-term performance (as generally measured by changes in the Company's stock price). Realizable compensation captures the impact of Owens Corning's current share price performance on previously granted long-term incentive awards by using the in-the-money value of these awards, rather than a grant date fair value. The in-the-money value is determined by using the Company's stock price at the end of each three-year period. This directly compares the executive's potential benefit with the return our stockholders receive by investing in our stock over the same period. The Committee, therefore, views realizable compensation as very relevant to its assessment of our compensation program's alignment with stockholders' long-term interests.

Table of Contents

The chart below compares average realizable compensation for our CEO during each of the last three years with the target value of total direct compensation over the same period. Average realizable pay is strongly correlated to Owens Corning's cumulative total return performance. As the chart indicates, average realizable pay for the CEO increased approximately 35% from 2014 to 2015, driven primarily by the value of Owens Corning stock as well as an above target annual incentive payout in 2015.

2015 Pay Decisions for Named Executive Officers

In this section, we review and explain the specific 2015 compensation decisions for each of our NEOs.

Corporate Incentive Plan

For 2015, CIP funding for corporate performance was based upon Adjusted EBIT. Target performance for the consolidated metric was set at \$460 million for 2015, which represents a 12% improvement over actual 2014 adjusted EBIT of \$412 million. The 2015 target was largely driven by the financial performance of the Roofing business in 2014, and the expectation that overall market demand in this business would be in line with actual 2014 demand. The funding targets and outcomes were as follows (dollars displayed in millions):

CIP Metric	Threshold (0% Funding)	Target (100% Funding)	Maximum (200% Funding)	2015 Actual	Funding %	Weight
Consolidated Adjusted EBIT	\$ 410	\$ 460	\$ 535	\$ 550	200%	40%
Composites Adjusted EBIT	\$ 170	\$ 185	\$ 210	\$ 232	200%	20%
Insulation Adjusted EBIT	\$ 150	\$ 180	\$ 210	\$ 160	33%	20%
Roofing Adjusted EBIT	\$ 180	\$ 220	\$ 270	\$ 266	192%	20%
Total Funding					165%

The NEOs' maximum awards for the individual performance component (weighted at 25%) of the CIP are described below and are subject to downward discretion by the Committee based upon its assessment of the individual performance of each NEO for 2015. As described below, the factors considered in assessing individual performance were: the performance of business or functional areas for which the individual is accountable, achievement of pre-determined qualitative goals, impact on the organization and talent development. Individual performance is based on a discretionary holistic assessment of the NEO's overall performance. The Committee determined the CEO's individual award based upon its assessment of the CEO's performance for the year. For the other NEOs, the assessment was made by the CEO for each NEO on an individual basis and reviewed and approved by the Committee. When assessing individual performance, the considerations by the CEO and the Committee included those referenced above when determining base salary, as well as a comparison among the NEOs to determine their relative contributions to the Company's business results with the goal being to differentiate awards based on performance. The Committee received recommendations from the CEO, assessed his performance evaluation for each of the other NEOs and applied its judgment consistent with the factors described above to review and approve the CIP payouts for each NEO for 2015. The table below summarizes each NEO's target and actual corporate component and maximum and actual individual component payout under the CIP for 2015:

	Corporate Performance (75% Weighting)		Individual Performance (25% Weighting)		Total 2015 CIP Award
	Target Award	Actual Funding @ 165%	@ Max Opportunity	Actual Individual Award	
Thaman	\$ 1,026,450	\$ 1,693,643	\$ 684,300	\$ 427,687	\$ 2,121,330
McMurray	\$ 300,938	\$ 496,547	\$ 200,625	\$ 125,391	\$ 621,938
Genis	\$ 326,250	\$ 538,313	\$ 217,500	\$ 163,125	\$ 701,438
Smith	\$ 270,375	\$ 446,119	\$ 180,250	\$ 112,656	\$ 558,775
Chambers	\$ 225,000	\$ 371,250	\$ 150,000	\$ 86,250	\$ 457,500

Long-Term Incentive Plan

The value of actual 2015 LTI grants for the NEOs versus targeted levels (for example, generally market median practices) are described below. The factors used in determining actual awards versus targeted levels were substantially similar to those individual criteria discussed above, in the Annual Incentive Compensation section. The stock price on the grant date was used to value all LTI grants. The actual accounting charge for these awards is determined under ASC Topic 718 and may be more or less than the standardized value Owens Corning uses internally for grant size determination.

	Target 2015 LTI	Actual 2015 LTI Award
Thaman	\$ 4,440,000	\$ 4,440,000
McMurray	\$ 1,060,500	\$ 1,100,000
Genis	\$ 1,176,000	\$ 1,200,000
Smith	\$ 776,000	\$ 900,000
Chambers	\$ 840,000	\$ 700,000

For the LTI performance cycle beginning in 2013 and ending in 2015, funding criteria for the performance share units were based solely on the Company's stock price performance versus the companies in the S&P 500. Over the performance period, Owens Corning's stock performed at the 35th percentile versus companies in the S&P 500, resulting in 40% funding.

2015 NEO Total Direct Compensation			

The following table summarizes the Committee's decisions for the 2015 performance year. Unlike the 2015 Summary Compensation Table, which includes the long-term incentive awards granted in calendar year 2015, total direct compensation shown in the following table instead includes long-term incentive awards granted in February 2016, reflecting a more appropriate assessment of 2015 performance. However, this table should not be viewed as a replacement for the 2015 Summary Compensation Table or other compensation tables set forth below.

Stock Ownership Guidelines and Holding Requirements

Stock ownership guidelines for our officers and directors are designed to closely link their interests with those of our stockholders. These stock ownership guidelines provide that the CEO must own stock with a value of six times his base salary and each other NEO must own stock with a value of three times his or her base salary. All officers must retain 100% of after-tax shares received through LTI grants until their ownership guideline is met. Outside Directors are required to own shares with a value of five times the maximum annual cash retainer. As of the date of this Proxy Statement, all NEOs hold stock in excess of the ownership guidelines applicable to our officers. All Outside Directors with more than three years of tenure on the Board hold stock in excess of the ownership guidelines applicable to our directors. For further details on actual ownership, please refer to the Security Ownership of Certain Beneficial Owners and Management table on page 23.

Compensation-Based Risk Assessment

The Committee believes that although the majority of compensation provided to the NEOs is performance-based, our compensation programs for all employees do not encourage behaviors that pose a material risk to the Company. The design of our employee compensation programs encourages balanced focus on both the short-term and the long-term operational and financial goals of the Company. The Company periodically reviews the risks associated with its global compensation program and reviews the results with the Committee. As a result, the Company continues to believe that there are no risks arising from its employee compensation programs that are reasonably likely to have a material adverse effect on the Company.

Timing of Equity Awards

The Company does not have any program, plan or practice to time equity grants in coordination with the release of material, non-public information. Annual awards of restricted stock and Performance Share Units are granted on the date of the Committee's annual February meeting. The Company may also grant equity awards to newly-hired or promoted executives, effective on the start or promotion date.

Perquisites

The NEOs participate in the same health care and other employee benefit programs that are generally available for all salaried employees. The Committee has eliminated executive perquisites. The Company contributes to Mr. Genis' government-sponsored French pension, as it does for other French employees who have relocated to the United States. Mr. Genis does not participate in the Company's 401(k) plan.

Deferred Compensation Plan

The Company maintains a nonqualified deferred compensation plan under which certain employees, including the NEOs, are permitted to defer receipt of some or all of their base salary and cash incentive awards under the CIP. Deferred amounts are credited with earnings or losses based on the rate of return of specified mutual funds and/or Owens Corning stock. The deferred compensation plan is not funded, and participants have an unsecured commitment from the Company to pay the amounts due under the plan. When such payments become distributable, the cash will be distributed from general assets.

In 2015, the Company provided a 401(k) Restoration Match to restore benefits that are limited in the qualified 401(k) Savings Plan due to IRS rules. The benefit is calculated as the Company contribution the employee would have received absent IRS pay limits and nonqualified deferrals, less the actual Company contribution to the 401(k) Savings Plan. Eligible participants must be employed at the end of the calendar year to receive this benefit, which is added to unfunded deferred compensation accounts annually and administered to comply with Section 409A of the Internal Revenue Code.

In addition, certain employees, including NEOs, may defer receipt of some or all of their stock-based awards granted under the LTI program.

Table of Contents

We provide the opportunity to defer compensation in an effort to maximize the tax efficiency of our compensation program. We believe that this benefit, along with the 401(k) Restoration Match, is an important retention and recruitment tool as many of the companies with which we compete for executive talent provide similar plans to their executive employees.

Post-Termination Compensation

Severance Agreements

We have entered into severance agreements with our officers, including the NEOs. These agreements were approved by the Committee. The severance agreements were adopted for the purpose of providing for payments and other benefits if the officer's employment terminates for a qualifying event or circumstance, such as being terminated without cause as this term is defined in the severance agreements. We believe that these agreements are important to recruiting and retaining our officers, as many of the companies with which we compete for executive talent have similar agreements in place for their executive employees. Based on practices among peer companies and consistent with the interests and needs of the Company, the Committee determined an appropriate level of severance payments and the circumstances that should trigger such payments. Therefore, the severance agreements with the NEOs provide, under certain termination scenarios, up to two years of pay and benefits. The severance agreements provide for payments upon a change in control only if the individual is also terminated for reasons other than cause in connection with the change in control. Payments under the severance agreements are made in cash and are paid, depending on the terms of the individual executive's agreement, either in the form of a one-time lump-sum payment or in the same manner as the regular payroll over a 24-month period. Health care coverage provided under the severance agreements is provided in kind. Additional specific information regarding potential payments under these severance agreements is found under the heading, Potential Payments upon Termination or Change-in-Control.

Clawback Policy

If the Board of Directors determines that a NEO has engaged in fraud, willful misconduct, or a violation of Company policy that caused or otherwise contributed to the need for a material restatement of the Company's financial results, the Committee will review all performance-based compensation awarded to or earned by that NEO during the respective fiscal periods affected by the restatement. This review would include cash incentive awards and all forms of equity-based compensation. If the Committee determines that performance-based compensation would have been materially lower if it had been based on the restated results, the Committee will seek recoupment from the NEO as it deems appropriate based on a consideration of the facts and circumstances, and applicable laws and policies.

Tax Deductibility of Pay

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Tax Code), generally places a limit of \$1 million on the amount of compensation we may deduct in any one year with respect to any covered employee under Section 162(m).

There is an exception to the \$1 million limitation for performance-based compensation meeting certain requirements. Awards pursuant to our CIP, as well as grants of Performance Share Units and stock options pursuant to our LTI plan are intended to potentially qualify as performance-based compensation meeting those requirements so that they may be able to be fully tax deductible. Restricted stock that is subject only to time-based vesting is not generally considered performance-based under Section 162(m) of the Tax Code, and, as a result, if the portion of these awards that becomes taxable to any covered employee, when combined with base salary and other non-performance-based compensation, exceeds \$1 million, these awards would not be tax deductible by the Company. Because Section 162(m) restricts the Committee to the exercise of only negative discretion with regard to the individual component of our CIP, this component of the pool funds at maximum upon threshold levels of company profitability, and the Committee then exercises negative discretion as described above.

Table of Contents

The Committee may decide from time to time to grant compensation that will not qualify as performance-based compensation for purposes of Section 162(m). Moreover, even if the Committee intends to grant compensation that qualifies as performance-based compensation for purposes of Section 162(m), the Company cannot guarantee that such compensation ultimately will be deductible.

Disclosure of Specific Incentive Targets

With respect to both the CIP and LTI, detail on the specific financial performance targets under these criteria for performance periods completed during the reporting period has been disclosed above. However, specific performance targets for ongoing and future performance periods are not disclosed because they are substantially based on the prospective strategic operations plans and corporate objectives of the Company, and disclosure of these prospective specific performance targets is not material to an understanding of our NEO compensation for 2015. Such performance goals do not have a material impact on the compensation actually received in, or attributable to, the 2015 reported period. As described above, and as evidenced by the targets and outcomes described for the completed performance periods for the incentive compensation plans, the performance targets selected have a degree of difficulty which the Committee considers to be challenging but achievable. The Committee establishes the goals at the beginning of the performance period at levels that reflect our internal, confidential operations plan. These goals are within the ranges of what we have publicly disclosed for completed performance periods, and accordingly require a high level of financial performance in the context of the current business climate and over the performance periods to be achieved.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis appearing in this Proxy Statement with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and incorporated by reference into the Company's Annual Report on Form 10-K for the year ended December 31, 2015.

- (1) The awards reflected in these columns consist of restricted stock, non-qualified stock options and equity-based performance share units granted under the Owens Corning 2013 Stock Plan. The amounts shown reflect the aggregate grant date fair value with respect to all stock and option awards made during the year. Performance share units granted during 2015 are reflected in the column at the full fair value based on the probable outcome of the performance criteria for the award on the grant date. The grant date values of the performance share units at the maximum possible payout are as follows: Mr. Thaman: \$7,349,808; Mr. McMurray: \$1,823,864; Mr. Genis: \$1,981,316; Mr. Smith: \$1,487,388; Mr. Chambers: \$1,156,094. See Note 15 to the Consolidated Financial Statements included in our 2015 Annual Report on Form 10-K for a discussion of the relevant assumptions made in such valuations. For further information on the 2015 awards, including the maximum potential payout based on the attainment of maximum funding, see the 2015 Grants of Plan-Based Awards Table below.
- (2) The amounts reflected in this column generally consist of amounts of annual cash incentive compensation received under the CIP and the LTIP for the reporting period. Starting in 2013, for the performance period ending December 31, 2015, LTIP grants provided for equity only. Therefore, the amounts reflected in column (g) above reflect awards under the 2015 CIP to each NEO.
- (3) During 2015, the actuarial pension benefit for Mr. Thaman decreased by \$12,000 and did not change for Messrs. McMurray and Smith. The total accrued pension value is reflected in the 2015 Pension Benefits Table below. No above-market or preferential earnings on non-qualified deferred compensation are reported in this column.
- (4) For 2015, the amounts shown for Mr. Thaman, Mr. McMurray and Mr. Smith represent contributions made by the Company to the qualified savings plan and nonqualified deferred compensation plan, as well as cash dividends accrued on unvested restricted stock. For 2015, the amount shown for Mr. Genis represents the Voluntary Contribution made by the Company to the French government pension on his behalf and cash dividends accrued on unvested restricted stock. Narrative to 2015 Summary Compensation Table and 2015 Grants of Plan-Based Awards Table

Severance and Certain Other Arrangements

During 2015, each of the NEOs participated in the Company's compensation and benefits programs for salaried employees as described here and reflected in the tables and accompanying footnotes. Each NEO receives an annual base salary as reflected in the 2015 Summary Compensation Table above. The amount of such base salary as a component of the total compensation is established and reviewed each year by the Compensation Committee, and is described above in the Compensation Discussion and Analysis. Severance arrangements with each of the NEOs are as described below in the *Potential Payments Upon Termination or Change-In-Control* section.

Annual Corporate Incentive Plan (CIP)

Owens Corning maintains the CIP, in which all salaried employees participate, with specific Company performance criteria adopted annually. Each of the NEOs is eligible to receive annual cash incentive awards based on his or her individual performance and corporate performance against annual performance goals set by the Compensation Committee. Under the CIP for the 2015 annual performance period, the funding measures set by the Compensation Committee were based on consolidated Adjusted EBIT and Adjusted EBIT for the Composites, Insulation, and Roofing & Asphalt businesses respectively. Cash awards paid to the NEOs under the CIP for the 2015 performance period are reflected in column (g) of the 2015 Summary Compensation Table and the footnote above and the range of award opportunities under the 2015 CIP is reflected in the 2015 Grants of Plan-Based Awards Table above.

Long-Term Incentive Program (LTIP)

Owens Corning maintains a LTIP applicable to certain salaried employees as selected by the Compensation Committee, including each of the NEOs. The plan is designed to align participant compensation with the attainment of certain longer-term business goals established by the Compensation Committee.

The plan utilizes Performance Share Units with three-year performance cycles, adopted annually, with payouts under the program dependent upon corporate performance against performance goals set by the Compensation Committee for each cycle. The outstanding three-year cycles as of December 31, 2015 include: January 1, 2013 through December 31, 2015; January 1, 2014 through December 31, 2016; and January 1, 2015 through December 31, 2017. Estimated future payouts of awards under the 2015-2017 cycle are reflected in the 2015 Grants of Plan-Based Awards Table above.

The award shown in the 2015 Grants of Plan-Based Awards Table represents the NEO's opportunity to earn the amount shown in the maximum column of the table if the maximum performance goal established by the Compensation Committee at the beginning of the performance period are attained or exceeded during the performance period. In the event the maximum performance goal is not attained, then the NEOs may earn the amounts shown in the target column if the target level of performance is attained, or the amounts shown in the threshold column if the threshold level of performance is attained. Participants will earn intermediate amounts for performance between the maximum and target levels, or between the target and threshold levels, and will earn no amounts for performance at or below the threshold level.

For the performance period commencing in 2015, the LTIP award provides an award under the Owens Corning 2013 Stock Plan in three separate components: (1) Restricted Stock Awards granted under the 2013

Table of Contents

Stock Plan as described below: awards vest and restrictions lapse on these restricted stock awards generally 25% per year over four years, based upon continued tenure during the vesting period and without regard to the performance criteria; (2) Return on Capital (ROC) Performance Share Units awarded under the Stock Plan as described below: awards generally vest in these Performance Share Units at the completion of the three-year performance period and receive a settlement of the award based on the performance of the Company against pre-established performance criteria. The ROC Performance Share Units are settled in Company common stock; and (3) Relative Total Shareholder Return (TSR) Performance Share Units awarded under the Stock Plan as described below: awards generally vest in these Performance Share Units at the completion of the three-year performance period and receive a settlement of the award based on the performance of the Company against pre-established relative TSR performance criteria. The TSR Performance Share Units are settled in Company common stock.

2013 Stock Plan

In 2013 the Company's stockholders approved the Owens Corning 2013 Stock Plan, which replaced the Owens Corning 2010 Stock Plan. In this Notice and Proxy Statement, we refer to the stock plan in place at the relevant time as the Stock Plan. The Stock Plan provides for participation by employees, management and directors and authorizes grants of stock options, stock appreciation rights, stock awards, restricted stock awards, restricted stock units, bonus stock awards, performance stock awards and performance share units. The 2013 Stock Plan document was filed with the SEC in connection with the 2013 Proxy Statement.

All grants of Restricted Stock, Restricted Stock Units or Performance Share Units, including those made as a part of the LTIP as described above are made under the 2013 Stock Plan.

(1) These values are calculated in accordance with requirements of the Statement of Financial Accounting Standards No. 158.

(2) In 2015, the Company terminated a secular trust that was tied to certain benefits in the Top-Hat Plan. Mr. Thaman was the sole remaining participant with a balance in the trust, which was distributed to him upon termination of the trust.

(3) Refers to benefits under the Company's Cash Balance Plan or, if greater, under the Owens Corning Salaried Employees' Retirement Plan maintained prior to 1996, as discussed below.

(4) Refers to benefits under the Company's non-qualified Supplemental Plan.

Owens Corning maintains a tax-qualified noncontributory defined benefit cash balance pension plan (the "Cash Balance Plan") covering certain salaried and hourly employees in the United States, including certain NEOs. The Cash Balance Plan was adopted by Owens Corning in replacement of the qualified Salaried Employees' Retirement Plan maintained prior to 1996, which we refer to as the "Prior Plan." The Prior Plan provided retirement benefits primarily on the basis of age at retirement, years of service and average earnings from the highest three consecutive years of service. Under the Cash Balance Plan, each year prior to January 1, 2010, eligible employees generally earned a benefit of 4% of such employee's covered pay. This was referred to under the Cash Balance Plan as a "Pay Credit." Covered pay was defined generally as base pay and certain annual incentive compensation amounts payable during the year. Effective January 1, 2010, the Cash Balance Plan was amended to eliminate Pay Credit accruals and was closed to new participation. Accrued benefits continue to earn monthly interest based on the average interest rate for five-year United States treasury securities. Employees with an accrued benefit under the Cash Balance Plan vest in that benefit once they have completed three years of service. Vested employees may receive their benefit under the Cash Balance Plan as a lump sum or as a monthly payment when they leave the Company.

As the Company transitioned from the Prior Plan to the current Cash Balance Plan, participating employees who were at least age 40 with 10 years of service as of December 31, 1995 became entitled to receive the greater of their benefit under the Prior Plan frozen as of December 31, 2000, or under the Cash Balance Plan.

Each NEO would have been entitled to payment of their vested accrued benefit under the tax-qualified plan in the event of a termination occurring on December 31, 2015, valued as a lump-sum payable as of that date as follows: Mr. Thaman, \$156,495; Mr. McMurray, \$11,918; and Mr. Smith, \$5,267. Mr. Genis and Mr. Chambers do not participate in the plan.

Table of Contents

In addition to the tax-qualified pension plan, Owens Corning maintains supplemental pension benefits, including the Supplemental Plan that pays eligible employees leaving the Company the difference between the benefits payable under Owens Corning's tax-qualified pension plan and those benefits that would have been payable except for limitations imposed by the Internal Revenue Code. The Supplemental Plan was amended to eliminate future accruals and was closed to new participation effective January 1, 2010. Some NEOs participate in both the tax-qualified pension plan and the Supplemental Plan.

Each eligible NEO would have been entitled to payment of their vested accrued benefit under the Supplemental Plan in the event of a termination occurring on December 31, 2015, valued as a lump-sum payable as of that date as follows: Mr. Thaman, \$672,823; and Mr. McMurray, \$1,525. Mr. Genis, Mr. Smith and Mr. Chambers do not participate in the Supplemental Plan.

NONQUALIFIED DEFERRED COMPENSATION

The Company has established an unfunded Deferred Compensation Plan under which eligible officers, including several of the NEOs, are permitted to defer some or all of their cash incentive compensation and up to 80% of their base salary. Officers may defer compensation until their separation from the Company, or may designate a set deferral period between two and ten years. They may elect to take their distribution as a lump sum, five annual installments, ten annual installments, or a set dollar amount.

In 2015, Owens Corning provided Company contributions to the accounts of eligible officers, including several of the NEOs, to restore Company contributions and matching contributions that were limited in the 401(k) Plan by the IRS. These contributions are deferred until separation, and officers may elect to defer payments for an additional two to ten years after separation. They may elect to take their distribution as a lump sum, five annual installments, ten annual installments, or a set dollar amount.

Officers may choose among mutual funds offered in the 401(k) Plan, as well as Owens Corning stock, for hypothetical investment of their account. Deferred amounts are credited with earnings or losses based on the rate of return of specified mutual funds and/or the value of Owens Corning stock. This plan is unfunded and unsecured, and all investments are hypothetical. NEOs who do not participate have been omitted from the table.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

The Company has entered into certain agreements and maintains certain plans under which the Company would provide compensation to NEOs in the event of a termination of employment or a change in control of the Company. The payment and benefit levels disclosed in the table below are determined under the various triggering events pursuant to these agreements that both define what constitutes the triggering event and provides those payments that would be due upon the occurrence of such events.

Severance agreements have been executed with Messrs. Thaman, McMurray, Genis, Smith and Chambers. The severance agreements in place provide, under certain termination scenarios as reflected in the table below, for the payment of an amount equal to two times base salary and annual incentive compensation amounts plus continuation of health insurance coverage for a maximum period of one year. Mr. Thaman's previous eligibility for reimbursement with respect to certain taxes if applicable to the severance payments has been discontinued. The severance agreements provide for payments upon a change in control only if the individual is also terminated for reasons other than cause in connection with the change in control. Payments under the severance agreements are made in cash and are paid, depending upon the terms of the individual NEO's agreement, either in the form of a one-time lump-sum payment or in the same manner as the regular payroll payments over a 24-month period. Health care coverage provided under the severance agreements is provided in-kind.

The CIP and the LTIP each contain provisions that require continued employment during the performance period in order to be eligible to receive a payout under the plans, absent a change-in-control. However, for death, disability or retirement which occurs during the performance period, the participant may receive a pro-rated CIP award for that performance period. CIP payments are made in one-time, lump-sum payments of cash.

The 2013 Stock Plan provides, under certain circumstances as described above, for acceleration of vesting of restricted stock, performance share units and option awards. Accelerated vesting of outstanding restricted stock, performance share units and option awards may only occur upon death, disability or a change-in-control.

The NEOs are entitled, upon or following their termination, to their accrued benefits under the Supplemental Plan arrangements as described above. NEOs would also be entitled to the normal vested pension benefits and other vested benefits which are generally available to all salaried employees who terminate employment with the Company under various circumstances.

Upon the occurrence of any triggering event, the payment and benefit levels would be determined under the terms of the agreement. The specific definitions of the triggering events are set forth in detail in the agreements which have been filed as exhibits to prior disclosures. In addition, severance payments are paid contingent upon confidentiality, a mutual release and an agreement not to compete. Each of the retirement payments of vested accrued benefits that would have occurred upon a termination event described herein are set forth in the narrative to the 2015 Pension Benefits Table above.

- (1) Where eligible for such benefits, the amount includes both health care continuation coverage and/or outplacement services. The value of health care continuation is based on the Company's net plan cost and the coverage category in which the executive is enrolled; this value assumes that the executive continues to pay the employee portion of the premium. The value of outplacement services assumes the maximum services available under the severance agreement. As a practical matter the actual value of such services is typically substantially less than the maximum.
- (2) For stock awards and option awards, vesting is incremental over a four-year period and any non-vested portion is forfeited upon termination. Vesting on these stock awards and option awards is only accelerated in the case of death, disability, or change-in-control, and no options may vest earlier than one year from grant except in the case of a change in control. The value of awards at vesting is uncertain and would reflect the then current value of the Company common stock and options then vesting. The amounts reflected in the table are calculated based on the closing stock price as of December 31, 2015.

Table of Contents

- (3) Performance Share Unit awards are not forfeited upon death or disability, but would vest in full as of the date of death or disability and payout would be determined consistent with performance only at the end of the performance period. The value of awards at the end of the performance period is uncertain and would reflect the performance against the established performance targets. For involuntary termination, voluntary termination, retirement or for termination for cause occurring before vesting, these awards would be forfeited. Payout of Performance Share Unit awards is only accelerated in the case of a change-in-control. For this table it is assumed that Performance Share Units would pay out at maximum for a change-in-control, and disclosure is calculated based on the closing stock price as of December 31, 2015.

- (3) Mr. Blake retired in April 2015.

During 2015, the Company compensated each non-management director pursuant to a new standard annual retainer arrangement that no longer involves the payment of meeting fees. This arrangement provides for an annual retainer and annual chair retainer as approved by the Compensation Committee. Each non-management director received an annual Board retainer of \$200,000. The Chair of each Board committee received an additional annual retainer of \$15,000. The Lead Independent Director received an additional annual retainer in the amount of \$25,000. All retainers are paid in a combination of stock and cash based on the director's election with a minimum 60% stock requirement. Stock compensation for annual retainers may be deferred for issuance to the director upon the distribution date elected in writing prior to the start of the year. The annual retainers are otherwise paid on a quarterly basis. Non-management directors receive no perquisites.

Our stock ownership guidelines currently provide that each non-management director must own stock with a value of five times maximum cash retainer. As of the date of this Proxy Statement, all non-management directors with more than three years of tenure on the Board hold stock in excess of the ownership guidelines.

Owens Corning established a Deferred Compensation Plan, effective January 1, 2007, under which non-management directors have been permitted to defer some or all of their cash compensation for annual retainer, annual chair retainer and meeting fees. Such deferred cash compensation will be credited to an individual account and will accrue gains or losses under notional investment funds available under the plan and as selected by the director (the available fund options include a fund indexed to Company common stock). The Company does not contribute, nor does it match, any amounts deferred by directors.

PROPOSAL 2

RATIFICATION OF THE SELECTION OF INDEPENDENT REGISTERED PUBLIC

ACCOUNTING FIRM

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers LLP to serve as our independent registered public accounting firm for 2016, subject to ratification by our stockholders.

Representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting to answer questions. They also have the opportunity to make a statement if they desire to do so.

We are asking our stockholders to ratify the Audit Committee's selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2016. Although ratification is not required by our Bylaws or otherwise, the Board has submitted the selection of PricewaterhouseCoopers LLP to our stockholders for ratification because we value our stockholders' views on the Company's independent registered public accounting firm and as a matter of good corporate practice. In the event that our stockholders fail to ratify the selection, it will be considered a direction to the Board of Directors and the Audit Committee to consider the selection of a different firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and our stockholders.

The Board of Directors and the Audit Committee recommend a vote FOR the ratification of the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2016.

PROPOSAL 3

APPROVAL, ON AN ADVISORY BASIS, OF 2015 NAMED EXECUTIVE OFFICER COMPENSATION

The Company is presenting the following proposal, which gives stockholders the opportunity to cast a non-binding vote to approve the 2015 compensation of our named executive officers by voting for or against the resolution below. This resolution is required pursuant to Section 14A of the Securities Exchange Act of 1934, as amended. Consistent with the preference expressed by our stockholders, the Company will hold this advisory vote on an annual basis (including next at the 2017 Annual Meeting of Stockholders) until the next non-binding vote on the frequency with which advisory votes to approve named executive officer compensation should be held.

In considering your vote, we encourage you to review the Compensation Discussion and Analysis section and the compensation tables and narratives in this Proxy Statement. The Company believes its compensation philosophy and programs are strongly linked to performance and results and appropriately aligned with the interests of stockholders.

Compensation opportunities are generally competitive with market median practices. Actual compensation levels may exceed target levels to the extent Company and individual performance exceeds expectations. In the event performance is below targeted levels, actual pay levels may be below target levels.

A significant majority of total compensation is performance-based.

Executives are appropriately focused on achieving annual financial and operational goals through the Company's annual Corporate Incentive Plan and on maximizing stockholder value over the long term, through grants of restricted shares and performance share units.

Accordingly, the Company is asking stockholders to vote FOR the following resolution at the Annual Meeting:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the 2015 compensation paid to the Company's named executive officers, as disclosed in the Proxy Statement pursuant to the compensation disclosure rules of the U.S. Securities and Exchange Commission, including the Compensation Discussion and Analysis, compensation tables and narratives and any related disclosure in the Proxy Statement.

While our Board of Directors and Compensation Committee intend to carefully consider the stockholder vote resulting from the proposal, the final vote will not be binding and is advisory in nature.

The affirmative vote of a majority of the votes that could be cast by the holders of all stock entitled to vote that are present in person or by proxy at the Annual Meeting is required to approve, on an advisory basis, the 2015 compensation of our named executive officers.

The Board of Directors recommends that you vote FOR approval, on an advisory basis, of the 2015 compensation of our named executive officers.

PROPOSAL 4

APPROVAL OF THE OWENS CORNING 2016 STOCK PLAN

At the Annual Meeting, stockholders will be asked to approve the Owens Corning 2016 Stock Plan as set forth in Annex A of this proxy statement (the Proposed Plan).

The Compensation Committee has adopted, and the Board of Directors has ratified, subject to the approval of the Company's stockholders, the Proposed Plan. If the Proposed Plan is approved by stockholders, it will replace the Owens Corning 2013 Stock Plan, as amended and restated, which was approved by stockholders in April 2013 (the 2013 Plan). Upon approval of the Proposed Plan by stockholders, shares of Company common stock remaining available under the 2013 Plan will be rolled into and become available for grant under the Proposed Plan, and no future grants will be made under the 2013 Plan. As of December 31, 2015, approximately 2.0 million shares of Company common stock remained available under the 2013 Plan. If the Proposed Plan is approved by stockholders, the number of shares of common stock which may be granted under the Proposed Plan is 2,500,000 plus the number of available shares rolled into the Proposed Plan from the 2013 Plan. If the Proposed Plan is not approved by stockholders, the 2013 Plan will remain in effect, no awards will be granted under the Proposed Plan, and our ability to make certain performance awards to certain recipients may be limited.

The Proposed Plan provides for participation by employees, management and non-employee directors and authorizes grants of stock options, stock appreciation rights (SARs), stock awards, restricted stock awards, restricted stock units, bonus stock awards, performance share awards and performance share units. The Board of Directors believes that share-based incentives are important factors in attracting and retaining highly qualified executives and directors, and that they help to align the interests of those executives and directors with the interests of our stockholders. The Board believes that our stockholder-approved 2013 Plan has been an instrumental component of the Company's total compensation programs.

The Proposed Plan is also intended to enable us to structure certain awards so that they may be able to qualify as qualified performance-based compensation under Section 162(m) of the Internal Revenue Code (Section 162(m)). If our equity awards qualify as qualified performance-based compensation for purposes of Section 162(m), then we would generally be able to receive a federal income tax deduction for certain compensation paid to our Chief Executive Officer and the other three most highly compensated executive officers (other than our Chief Financial Officer) in excess of \$1 million for any taxable year. While we believe it is in the best interests of the Company and our stockholders to have the ability to potentially grant qualified performance-based compensation under Section 162(m), we may decide to grant compensation that will not qualify as qualified performance-based compensation for purposes of Section 162(m). Moreover, even if we intend to grant compensation that qualifies as qualified performance-based compensation for purposes of Section 162(m), we cannot guarantee that such compensation will so qualify or ultimately will be deductible by us.

We are seeking stockholder approval of the Proposed Plan, including the performance measures and individual grant limits under the Proposed Plan, as well as the individuals eligible to receive awards under the Proposed Plan, to have the flexibility to potentially grant performance-based awards under the Proposed Plan that may be fully deductible for federal income tax purposes. If our stockholders approve the Proposed Plan and the material terms for qualified performance-based compensation under the Proposed Plan, assuming that all other Section 162(m) requirements are met, we may be able to obtain tax deductions with respect to awards issued under the Proposed Plan to our Section 162(m) executive officers without regard to the limitations of Section 162(m) through the 2021 annual meeting of stockholders (in other words, for five years).

The Board of Directors believes that approval of the Proposed Plan is necessary and desirable and will enable the Company to continue to provide market competitive total compensation opportunities to its key employees.

Why We Believe You Should Vote for the Proposed Plan

The purpose of the Proposed Plan is to align the interests of executives and non-employee directors with the interests of our stockholders, to provide long-term incentives to executives for outstanding service to us and our stockholders and to assist in recruiting and retaining highly qualified individuals as executives or non-employee directors. Some of the key features of the Proposed Plan that reflect our commitment to effective management of equity and incentive compensation are set forth below.

We believe our future success depends in part on our ability to attract, motivate and retain highly qualified employees. The ability to provide equity-based awards under the Proposed Plan is a critical component to achieving this success. We would be at a distinct competitive disadvantage if we could not use equity-based awards to recruit, motivate and retain our officers and other employees.

The use of our common shares as part of our compensation program fosters a pay-for-performance culture that is an important element of our overall compensation philosophy. We believe that equity compensation motivates employees to appropriately focus on actions that enhance stockholder value because they will share in that value enhancement through improved stock price performance. Our equity compensation also helps effectively retain our officers and other employees and promotes a focus on sustained enhancement of stockholder value because our equity compensation awards can be subject to vesting and/or performance criteria.

As of December 31, 2015, only 2,011,012 shares remained available for issuance under the 2013 Plan. If the Proposed Plan is not approved, we may be compelled to significantly increase the cash component of our employee compensation, which may not necessarily align employee compensation interests with the investment interests of our stockholders as well as the alignment provided by equity-based awards. Replacing equity awards with cash would also increase cash compensation expense and divert cash away from more impactful uses, such as investment in our business operations.

In determining the number of shares to request for approval under the Proposed Plan, our management team worked with Meridian Compensation Partners and the Compensation Committee to evaluate a number of factors including our recent share usage and criteria expected to be utilized by institutional proxy advisory firms in evaluating our proposal for the Proposed Plan. The tables below summarize potential dilution of our 2013 Plan and Proposed Plan, as well as our recent burn rates, which continue to be within industry standards.

*** Based on the closing price of Owens Corning stock on December 31, 2015 of \$47.03 per share, the value of the shares requested for issuance under the Proposed Plan was \$212,152,894.

2015	877,852	117,200,000	0.7%
Average Burn Rate 2013-2015:			0.9%

If the Proposed Plan is approved, we intend to utilize the shares authorized under the Proposed Plan to continue our practice of providing incentives to key individuals through annual equity grants. We currently anticipate that the shares requested in connection with the approval of the Proposed Plan will last about 5 years, based on our historic grant rates and the approximate current stock price, but could last for a shorter period of time if actual practice does not match historic rates or our stock price changes materially. As noted below, our Compensation Committee would retain full discretion under the Proposed Plan to determine the number and amount of awards to be granted under the Proposed Plan, subject to the terms of the Proposed Plan, and future benefits that may be received by participants under the Proposed Plan are not determinable at this time.

We believe that we have demonstrated a commitment to thoughtful and responsible equity compensation practices. We recognize that equity compensation awards dilute stockholder equity, so we have carefully managed our equity incentive compensation. Our equity compensation practices are intended to be competitive and consistent with market practices, and we believe our historical share usage has been disciplined and mindful of stockholder interests.

Summary of the Proposed Plan

The following is a summary of the essential terms of the Proposed Plan, and is qualified in its entirety by reference to the full text of the Proposed Plan attached to this Proxy Statement as [Annex A](#). Please refer to [Annex A](#) for a more complete description of the terms of the Proposed Plan.

Types of Awards

The Proposed Plan permits the granting of the same types of awards as under the 2013 Plan:

Bonus stock	Restricted stock
Dividend equivalents	Restricted stock units
Performance shares	SARs
Performance share units	Stock options

Eligible Participants

The Proposed Plan will be administered by the Compensation Committee, which consists entirely of independent directors. The Compensation Committee has the authority to identify those employees and non-employee directors to whom awards will be granted and the type, amount and other terms of each award. Although the Proposed Plan allows the Compensation Committee to make awards to any employee of the Company and its subsidiaries, it is anticipated that there will generally be awards to approximately 400 management employees and 12 non-employee directors annually.

The identity of the key employees and non-employee directors to receive awards, and the amounts of awards, under the Proposed Plan are not yet determinable. For information about certain awards under the 2013 Plan during 2015 to our non-employee directors, our Chief Executive Officer and certain other officers, see [Executive Officer Compensation](#) and [2015 Non-Employee Director Compensation](#) above.

Table of Contents

Maximum Number of Shares Authorized Under the Proposed Plan

Subject to certain adjustments permitted under the Proposed Plan, the number of shares of common stock which may be granted under the Proposed Plan is 2,500,000 plus the number of shares that were available but not granted, or which were granted but were not issued or delivered by reason of the expiration, termination, cancellation or forfeiture of such award, under the 2013 Plan, all of which shall be available for any type of awards under the Proposed Plan including full-value awards. With respect to awards intended to qualify as qualified performance-based compensation for purposes of Section 162(m), no more than 1,000,000 shares of common stock may be subject to awards granted to any employee in any given calendar year, and no more than the lesser of 100,000 shares or \$1 million in aggregate grant date value may be granted to any non-employee director in any given year under the Proposed Plan. These amounts are subject to adjustment for stock splits, stock dividends and other changes in the Company's capital structure, as further described in the Proposed Plan. The Company may use authorized and unissued shares or treasury shares in connection with grants under the Proposed Plan. Shares underlying the unexercised or undistributed portion of any terminated, expired or forfeited award are generally available for further awards under the Proposed Plan. Shares withheld or otherwise used for tax withholding or as the exercise price of a stock option are not available for future awards. Shares repurchased on the open market with stock option exercise proceeds, and shares subject to stock-settled SARs that are not issued upon exercise of the SARs will not be available for use under the Proposed Plan. In addition, certain awards may be payable in cash.

Not more than 5% of the shares authorized under the Proposed Plan shall be subject to bonus stock awards or other awards that vest over a period (or have a performance period) shorter than one year. This limit will not apply to non-employee director awards granted in lieu of cash compensation.

No awards may be made under the Proposed Plan on or after the tenth anniversary of the effective date of the Proposed Plan in 2026.

Stock Options and Stock Appreciation Rights

Stock options and SARs granted under the Proposed Plan may vest on the basis of the satisfaction of performance conditions established by the Compensation Committee or on the basis of the passage of time and continued employment. Options and SARs will generally have a ten-year term and a one-year minimum vesting period. All options and SARs (except with respect to converted, assumed or substituted awards as described in the Proposed Plan) are granted with an exercise price equal to the fair market value of our common stock on the date of grant, and option or SAR re-pricing is expressly prohibited.

The Proposed Plan permits the grant of either incentive stock options or options not qualifying as incentive stock options under the Internal Revenue Code. For purposes of grants of incentive stock options under the Proposed Plan, the maximum number of shares available for such grants shall be no more than 1,500,000 shares, subject to certain adjustments as described in the Proposed Plan. Certain exceptions to the requirements in the prior paragraph apply in the case of incentive stock options, as described in the Proposed Plan. Dividends or dividend equivalents on stock options or SARs are not permitted. Award agreements for options and SARs will set forth the applicable terms relating to treatment of the award upon participants' termination of employment or service with the Company.

The Proposed Plan authorizes grants of SARs either alone or in conjunction with a stock option. SARs entitle recipients to receive payments in cash, shares or a combination, of an amount representing the appreciation in the market value of a specified number of shares from the date of grant until the date of exercise. To the extent an option is exercised, any SAR granted in respect of such option is canceled. To the extent a stock appreciation right is exercised, its related option is canceled.

Performance Share Awards

The Compensation Committee may grant performance share awards under the Proposed Plan. Performance share awards under the Proposed Plan may be made in the form of performance share units (PSUs), which can be settled either in cash or shares of our common stock at the end of a performance period, or performance shares. The amount of performance shares or PSUs received by a participant at, above or below their target grant is determined by whether the performance goals set by the Committee are met, exceeded or missed, respectively.

Performance criteria may be selected by the Compensation Committee from among a number of performance measures as set forth in the Proposed Plan. Such performance measures may be applicable to the Company or any subsidiary or business unit. For performance-based awards intended to qualify as qualified performance-based compensation for purposes of Section 162(m), the available performance measures are: total stockholder return (based on the change in the price of a share of the Company's common stock and dividends paid); brand recognition or acceptance; cost savings or waste elimination; earnings before interest, taxes and amortization (EBITA); earnings before interest and taxes (EBIT); earnings before interest, taxes, depreciation and amortization (EBITDA); operating income before interest and taxes (OBIT); operating income before interest, taxes, depreciation and amortization (OBITDA); earnings per share; income; operating income; market share or market segment share; net income; new product innovation; operating profit or net operating profit; operating margins or profit margins; profits or gross profits; product cost reductions; product release schedules; return on stockholder's equity; return on assets; return on capital employed; return on invested capital; return on operating revenue; revenue or revenue growth; sales or segment sales; share price performance; strategic corporate objectives relating to: increase in revenue with certain customers, customer groups, or customer types; revenues, synergies or savings related to corporate transactions; safety performance; sustainability or environmental performance); economic value added; and cash flows (including, but not limited to: operating cash flow, free cash flow, cash flow return on equity and cash flow return on investment); working capital or changes in working capital over any time period or any combination of the foregoing performance measures.

The Compensation Committee may adjust the performance goals to take into account changes in law and accounting and tax rules and to make adjustments that it decides are necessary or appropriate to reflect the impact of extraordinary or unusual items, events or circumstances. The Compensation Committee also designates the period over which the performance criteria are measured.

Performance share awards may be subject to being partially or fully forfeited if the participant terminates employment prior to the end of the performance period as determined by the Compensation Committee. While performance share holders generally have the rights of stockholders with respect to such awards, holders may not receive dividends on any unearned shares or units, and recipients of PSUs may not vote the units in stockholder votes.

Restricted Stock or Restricted Stock Units

The Compensation Committee may award shares of common stock that are subject to restrictions and conditions as determined by the Compensation Committee. Restricted stock awards may vest on the basis of the satisfaction of performance goals established by the Committee or on the basis of the passage of time and continued employment. Recipients of restricted stock receive dividends on, and may vote, the shares subject to a grant. Shares of restricted stock may not, however, be sold or otherwise transferred prior to the lapse of the restrictions.

The Compensation Committee may also award restricted stock units with conditions and restrictions determined by the Compensation Committee. Restricted stock units convert into shares of our common stock if the recipient is still employed on the date that specified restrictions lapse. Restricted stock units may vest on the basis of the satisfaction of performance conditions established by the Committee or on the basis of the passage of

Table of Contents

time and continued employment. Recipients of restricted stock units may not vote the units in stockholder votes, but they may receive payments equal to the amount of dividends that would be paid on an equivalent number of shares of common stock, subject to the same restrictions as the underlying shares. Award agreements for restricted stock or restricted stock units will set forth the applicable terms relating to treatment of the award upon participants' termination of employment or service with the Company.

Other Stock-Based Awards

The Compensation Committee may grant other awards under the Proposed Plan, including bonus stock awards and, for non-employee directors, equity awards in lieu of their director fees.

Change in Control

In the event of a change in control of the Company, stock options and stock appreciation rights that are not exercisable will become immediately exercisable and the restriction period applicable to any outstanding restricted stock or restricted stock unit award will lapse and the performance period applicable to any outstanding performance share shall lapse (unless otherwise provided for in the applicable award agreement subject to the discretion of the Compensation Committee).

Performance awards, restricted stock awards, and other stock-based awards will be fully vested, with performance goals deemed to have been achieved at the maximum level, at the date of change in control.

In the event of a change in control, the Board may require that stock of the corporation surviving the change in control (or its parent) be substituted for the stock subject to outstanding awards, as equitably adjusted to reflect the change in control, and/or require the cash-out of outstanding awards or the payment for outstanding awards in shares of the corporation surviving the change in control (or its parent).

A change in control is generally defined in the Proposed Plan as:

the acquisition by a person or group of beneficial ownership of 50% or more of the outstanding stock or combined voting power of securities entitled to vote in the election of directors, subject to certain exceptions as described in the Proposed Plan;

a change in the composition of the Board over a two-year period that results in a majority of incumbent directors (or successor directors approved by our incumbent directors) not being continuing directors, subject to certain exceptions described in the Proposed Plan;

a merger, consolidation or sale of all or substantially all the assets of the Company in a transaction in which our stockholders immediately prior to the transaction do not own at least 50% of the voting power of the surviving, resulting or transferee entity, subject to certain exceptions described in the Proposed Plan; or

the consummation of a plan of complete liquidation or dissolution of the Company.

The definition excludes purchases or sales of stock by or from the Company or one of our employee benefit plans or trusts.

Amendment and Termination

The Compensation Committee has the power to amend the Proposed Plan, subject to certain Internal Revenue Code limitations as described in the Proposed Plan. However, the Compensation Committee may not, without stockholder approval, amend the Proposed Plan to:

increase the maximum number of shares authorized for issuance pursuant to the Proposed Plan;

extend the term of the Proposed Plan;

Table of Contents

reduce the minimum purchase price of a share of common stock subject to an option; or

effect any change inconsistent with Section 422 of the Internal Revenue Code.

The Board may otherwise suspend or terminate the Proposed Plan at any time. No such suspension or termination, however, shall affect the terms or conditions of any award granted prior to termination.

Adjustment

The Compensation Committee will provide for anti-dilution adjustments to the terms of outstanding awards and the share limits provided for in the Proposed Plan in the event of the occurrence of certain corporate transactions or events as described in the Proposed Plan. In addition, for each stock option or SAR with an option price or base price greater than the consideration offered in connection with any such transaction or event, the Compensation Committee may in its discretion elect to cancel such stock option or SAR without any payment to the person holding such stock option or SAR.

Other Terms

The Proposed Plan provides generally that no award shall be transferable by a participant other than by will or the laws of descent and distribution, and that no award will be transferred for value. The Committee may permit acceleration of vesting of any award (subject to limited exceptions as described in the Proposed Plan) including in the event of the Participant's death, disability, retirement or a change-in-control.

In addition, awards may be granted under the Proposed Plan in substitution for or in conversion of, or in connection with an assumption of, stock options, SARs, restricted stock, restricted stock units or other stock or stock-based awards held by awardees of an entity engaging in a corporate acquisition or merger transaction with us or any of our subsidiaries. Any conversion, substitution or assumption will be effective as of the close of the merger or acquisition, and, to the extent applicable, will be conducted in a manner that complies with Section 409A of the Internal Revenue Code. The awards so granted may reflect the original terms of the awards being assumed or substituted or converted for and need not comply with other specific terms of the Proposed Plan, and may account for common shares substituted for the securities covered by the original awards and the number of shares subject to the original awards, as well as any exercise or purchase prices applicable to the original awards, adjusted to account for differences in stock prices in connection with the transaction.

In the event that a company acquired by us or any of our subsidiaries or with which we or any subsidiary merges has shares available under a pre-existing plan previously approved by stockholders and not adopted in contemplation of such acquisition or merger, the shares available for grant pursuant to the terms of such plan (as adjusted, to the extent appropriate, to reflect such acquisition or merger) may be used for awards made after such acquisition or merger under the Proposed Plan. However, awards using such available shares may not be made after the date awards or grants could have been made under the terms of the pre-existing plan absent the acquisition or merger, and may only be made to individuals who were not our employees or directors or employees or directors of any of our subsidiaries prior to the acquisition or merger.

Federal Income Tax Consequences

The following is a brief summary of the principal federal income tax consequences of awards under the Proposed Plan. This summary, which is presented for the information of stockholders considering how to vote on this proposal and not for Proposed Plan participants, is not intended to be complete and does not describe federal taxes other than income taxes (such as Medicare and Social Security taxes), state local or foreign tax consequences.

Incentive Stock Options

An incentive stock option grant will not result in any immediate tax consequences to the Company or to the participant. A participant will not realize taxable income upon the exercise of an incentive stock option (except

Table of Contents

that the alternative minimum tax may apply), provided the participant was an employee of the Company or one of our subsidiaries at all times from the date the option was granted to the date three months (in the case of a disabled employee, one year) before the date the option is exercised, and we will not be entitled to any deduction. If the participant does not dispose of the stock acquired within one year of receiving it (and two years after such option was granted), gain or loss realized on the subsequent disposition of the stock will be treated as long term capital gain or loss.

If the participant disposes of the stock prior to those times, the participant will realize ordinary income in an amount equal to the lesser of (i) the excess of the fair market value of the stock on the date of exercise over the option price; or (ii) if the disposition is a taxable sale or exchange, the amount of gain realized. Any gain recognized by the participant on the disposition in excess of the amount taxable as ordinary income will be treated as capital gain, long or short term depending on whether the stock has been held for more than one year. Upon such a disposition, the Company will generally be entitled to a deduction in the same amount and at the same time as the participant realizes such ordinary income.

Nonqualified Stock Options

The grant of a nonqualified stock option will not result in any immediate tax consequence to the Company or the participant. Upon exercise of a nonqualified stock option, the participant will realize ordinary income in an amount equal to the market value of the stock at the time of exercise over the option price, and the Company will generally be entitled to a deduction in the same amount.

Stock Appreciation Rights

The grant of a stock appreciation right will not result in any immediate tax consequence to the Company or to the participant. Upon the exercise of a stock appreciation right, any cash received and the market value of any stock received will constitute ordinary income to the participant. The Company will generally be entitled to a deduction in the same amount and at the same time as the participant realizes such income.

Restricted Stock

A participant who receives restricted stock will in most cases be subject to tax at ordinary income rates on the market value of the restricted stock at the time the restrictions lapse. However, participants instead may elect within 30 days after the grant date to recognize the market value of the restricted stock as taxable income as of the grant date.

A participant receiving dividends with respect to restricted stock for which the above-described election has not been made and prior to the time restrictions lapse will recognize compensation taxable as ordinary income, rather than dividend income, in an amount equal to the dividends paid.

In the case of a sale of shares after the expiration of the restriction period, the holding period to determine whether the participant has long-term or short-term capital gain or loss begins upon such expiration or, in the case of a participant who makes an election as described above, the grant date, and the tax basis for such shares will be equal to the market value thereof on such date. In most instances, the Company will be entitled to a deduction equal to the amount treated as compensation to the participant.

Restricted Stock Units

No income generally will be recognized upon the award of restricted stock units. A participant who receives a restricted stock unit award generally will be subject to tax at ordinary income rates on the fair market value of unrestricted common stock on the date that such shares are transferred to the participant under the award (reduced by any amount paid by the participant for such restricted stock units), and the capital gains/loss holding period for such shares will also commence on such date.

Table of Contents

Performance Share Awards and Other Stock-Based Awards

A participant who receives any performance award or other stock-based award will recognize income, and the Company will generally be allowed a deduction, when the award is paid. The amount of cash and the market value of the shares of common stock received will be ordinary income to the participant and the Company will generally be entitled to a tax deduction for the same amount.

Tax Deductibility Limitation

Section 162(m) limits the allowable tax deduction that may be taken by us for compensation paid to certain officers. The limit is \$1,000,000 per executive per year, but compensation payable solely on account of the attainment of performance goals is excluded from the limitation. Under the Proposed Plan, stock options, stock appreciation rights and performance share awards are intended to be able to qualify as performance based compensation not subject to the \$1,000,000 limitation. Restricted stock and other stock-based awards that are not performance-based would generally be subject to the limitation.

New Plan Benefits

Equity grants under the Proposed Plan are subject to the discretion of the Compensation Committee and the fair market value of the Company's common stock at various future dates. It is not possible to determine the benefits and awards that will be granted if the Proposed Plan is approved by stockholders. We cannot at this time definitively identify the persons to whom grants may be made, nor can we state the form or value of any such awards. The Committee's exercise of discretion in future years will be disclosed in the appropriate manner at the time of such grants. No grants have been made under the Proposed Plan that are contingent on approval of the Proposed Plan.

Registration with the SEC

We intend to file a Registration Statement on Form S-8 relating to the issuance of shares under the Proposed Plan with the SEC pursuant to the Securities Act of 1933, as amended, as soon as practicable after the approval of the Proposed Plan by our stockholders.

The Board of Directors unanimously recommends a vote FOR approval of the Owens Corning 2016 Stock Plan.

PROPOSAL 5

APPROVAL OF THE COMPANY'S CORPORATE INCENTIVE PLAN

At the Annual Meeting, stockholders will be asked to approve the Owens Corning Corporate Incentive Plan Terms Applicable to Certain Executive Officers (As Amended and Restated as of January 1, 2016) (the "Plan"). If approved by stockholders, the Plan will replace the substantially identical Corporate Incentive Plan that was approved by the representatives of the stockholders in 2011.

The Board of Directors, upon the recommendation of the Compensation Committee, approved and adopted the Plan to govern the grant and payment of annual cash incentive awards to certain of Owens Corning's executive officers and directed that the Plan be submitted to Owens Corning's stockholders for approval so that payments under the Plan may potentially qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code ("Section 162(m)).

The Board of Directors recommends a vote **FOR the approval of the Plan.**

The purpose of the Plan is to enhance Owens Corning's ability to attract and retain highly qualified executives and to provide financial incentives to those executives to promote Owens Corning's success. The Plan is also designed to help Owens Corning potentially preserve the tax deductibility of annual cash incentive awards paid to certain executive officers under Section 162(m). The principal reason for submitting the Plan to stockholders for approval is to enable Owens Corning to potentially structure certain awards under the Plan so that they may qualify as performance-based compensation under Section 162(m).

Generally, Section 162(m) prevents a company like Owens Corning from receiving a federal income tax deduction for compensation paid to certain executive officers (other than the Chief Financial Officer) in excess of \$1 million for any year, unless that compensation is performance-based. One of the requirements of performance-based compensation for purposes of Section 162(m) is that the compensation be paid pursuant to a plan the material terms of which have been approved by the company's stockholders. The Board also believes that the Plan serves Owens Corning's interests by focusing management's attention on the achievement of those goals that the Board determines to be strategically and operationally important for Owens Corning.

Stockholders are asked to approve the performance measures and individual grant limit under the Plan, as well as the individuals eligible to receive awards under the Plan, to give Owens Corning the flexibility to grant performance-based awards under the Plan that may be fully deductible for federal income tax purposes. If the Plan is approved, assuming that all other Section 162(m) requirements are met, tax deductions may be obtainable with respect to awards issued under the Plan to Section 162(m) executive officers without regard to the limitations of Section 162(m) through the 2021 Annual Meeting (in other words, for five years). If the Plan is not approved by the stockholders, the Plan will be terminated and we will not grant any incentive awards under the Plan. Further, the Compensation Committee will need to reevaluate the compensation of employees who would have been eligible to participate under the Plan, and this result would adversely affect Owens Corning's ability to deduct certain compensation paid to its Chief Executive Officer and the next three most highly compensated executive officers other than the Chief Financial Officer.

Approval of the Plan requires the affirmative vote of a majority of the shares represented at the meeting and entitled to vote. The summary of the Plan set forth in this Proposal 5 is qualified in its entirety by reference to the complete text of the Plan set forth in Annex B to this proxy statement.

MATERIAL TERMS OF THE PLAN

Administration. The Plan shall be administered by the Compensation Committee, or by another committee appointed by the Board consisting of not less than two directors who are not Employees (the "Committee"). The Committee shall be comprised exclusively of directors who are not Employees and who are outside directors.

Table of Contents

within the meaning of Section 162(m). The Committee shall, subject to the provisions of the Plan, select employees to participate in the Plan; establish and administer the performance goals and the award opportunities applicable to each participant and certify whether the goals have been attained; construe and interpret the Plan and any agreement or instrument entered into under the Plan; establish, amend, or waive rules and regulations for the Plan's administration; and make all other determinations which may be necessary or advisable for the administration of the Plan.

Eligibility. All executive officers of Owens Corning whose annual incentive compensation for any taxable year may not be (as anticipated by the Committee) deductible unless qualified as performance-based compensation for purposes of Section 162(m) ("162(m) Covered Employees ") shall be eligible to be selected to participate in the Plan. There were approximately five 162(m) Covered Employees in 2015 under the current Corporate Incentive Plan. The Committee shall select the 162(m) Covered Employees who shall participate in this Plan in any year generally no later than 90 days after the commencement of the year. Selection to participate in this Plan in any year does not require the Committee to, or imply that the Committee will, select the same person to participate in the Plan in any subsequent year.

Establishment of Performance Goals and Award Opportunities. The Committee must establish in writing, generally within 90 days of the commencement of the annual service period, the performance goals for the annual service period and the method for computing the amount of compensation which will be payable under the Plan to each Participant for the annual service period, plus any applicable service requirement. Such method shall be stated in terms of an objective formula or standard that precludes discretion to increase the amount of the award that would otherwise be due upon attainment of the goals.

Table of Contents

The Committee must base the performance goals on any of the following measures listed in the Plan, either alone or in any combination, (in each case, measured either semi-annually, annually or cumulatively over a period of years, on an absolute basis and/or relative to internal/external benchmarks, for Owens Corning in its entirety or its discrete segments, and subject to reasonable definitions or adjustments as specified by the Committee and permitted under the Plan):

Maximum Award. The maximum dollar amount that may be paid to any participant under the Plan for any year is equal to \$5.0 million.

Payment of Awards and Termination Provisions. Awards shall be paid under the Plan for any year solely on account of the attainment of the performance goals established by the Committee with respect to such year. The Committee may exercise discretion to decrease the amount otherwise payable to any Participant for any year.

Awards shall also be contingent on continued employment by the Company, its subsidiaries and affiliates during such year. The Plan provides for payment in the event of death, disability (as defined in the Owens Corning 2016 Stock Plan or its successors), and Change in Control (as defined in the Owens Corning 2016 Stock Plan or its successors) during the year (and also allows for payout upon Retirement (as defined in the Owens Corning 2016 Stock Plan or its successors) at the Committee's discretion, all as explained in the Plan. These exceptions still require attainment of the performance goals established by the Committee in the case of Retirement, death or Disability, and only provide exceptions to the requirement of continued employment during the Plan year for these three scenarios.

Table of Contents

Amendment or Termination of Plan. The Committee may amend, modify or terminate the Plan at any time, but any such termination or modification will be effective only 30 days after written notice of the termination or modification is provided to participants. Each participant shall be eligible to receive the incentive compensation to which the participant would have been otherwise entitled but for such termination or modification, pro-rata for the period of the Plan year prior to the termination or modification.

New Plan Benefits

Awards and payments under the Plan will be subject to the discretion of the Committee. It is not possible at this time to determine either the awards that will be granted or the persons to whom such awards will be made if the Plan is approved by stockholders. No awards have been granted under the Plan that are contingent on approval of the Plan.

PROPOSAL 6

APPROVAL OF AMENDMENT TO THE COMPANY'S AMENDED AND RESTATED CERTIFICATE OF INCORPORATION TO ELIMINATE ASBESTOS TRUST AND BANKRUPTCY RELATED LANGUAGE

The Amended and Restated Certificate of Incorporation contains numerous provisions relating to the Company's bankruptcy that occurred more than a decade ago and to the Asbestos Personal Injury Trust (the "Asbestos Trust") that owned a substantial portion of the Company's stock at the time of the bankruptcy that have become inapplicable and irrelevant. As it has been nearly ten years since the Company's emergence from bankruptcy and because the Company complied with the plan of reorganization and the Asbestos Trust has sold all of the Company's outstanding common stock that it once held, the Board of Directors believes that it is in the best interests of the Company and its stockholders to amend and restate the Certificate of Incorporation in order to eliminate the no longer applicable Asbestos Trust and bankruptcy related provisions. The removal of these provisions will have no impact on the operations or governance of the Company, and will not impact the rights of the Company's stockholders. Accordingly, on February 4, 2016, the Board of Directors unanimously adopted, subject to the required stockholder approval, an amendment to the Certificate of Incorporation to eliminate the Asbestos Trust and bankruptcy related language.

The discussion above is qualified in its entirety by reference to the full text of the proposed Amended and Restated Certificate of Incorporation of the Company, which is attached hereto as Annex C.

Vote Required and Recommendation of the Board of Directors

Approval by stockholders of the amendment to the Certificate of Incorporation requires the affirmative vote of at least seventy five percent (75%) of the outstanding voting stock of the Company. **The Board of Directors recommends that you vote FOR the proposal to amend the Certificate of Incorporation to eliminate the Asbestos Trust and bankruptcy related language.**

PROPOSAL 7

APPROVAL OF AMENDMENT TO THE COMPANY'S AMENDED AND RESTATED BYLAWS PRINCIPALLY TO ELIMINATE ASBESTOS TRUST AND BANKRUPTCY RELATED LANGUAGE

The Amended and Restated Bylaws contain numerous provisions relating to the Company's bankruptcy that occurred more than a decade ago and to the Asbestos Trust that owned a substantial portion of the Company's stock at the time of the bankruptcy that have become inapplicable and irrelevant. As it has been nearly ten years since the Company's emergence from bankruptcy and because the Company complied with the plan of reorganization and the Asbestos Trust has sold all of the Company's outstanding common stock that it once held, the Board of Directors believes that it is in the best interests of the Company and its stockholders to amend the Amended and Restated Bylaws in order to eliminate the no longer applicable bankruptcy and Asbestos Trust related provisions. The Amended and Restated Bylaws currently provide supermajority voting rights on certain topics, including stockholder director nominee requirements, the manner in which the Board fills vacancies and the vote required for the election of directors. An effect of removing the Asbestos Trust and bankruptcy related provisions would be to eliminate such supermajority voting requirements in the Amended and Restated Bylaws. The removal of these provisions will have no impact on the operations or governance of the Company, and will not impact the rights of the Company's stockholders under the Amended and Restated Bylaws (other than to eliminate the supermajority voting requirements). The removal of the above-referenced language is intended to simplify language in certain sections of the Amended and Restated Bylaws, including but not limited to the amendment provisions, such that the provisions will be easier for investors to understand.

In addition to changes to eliminate no longer applicable Asbestos Trust and bankruptcy related language, the following proposed amendments to the Company's Bylaws are intended to modernize and clarify the existing Amended and Restated Bylaws for purposes of ease of administration by the Company:

to allow for electronic notice to directors of special meetings of the Board, thereby increasing efficiency and reflecting advances in technology since the Amended and Restated Bylaws were originally adopted;

to remove a no longer relevant provision providing the identity of the initial Chairman of the Board; and

to update provisions regarding uncertificated shares of capital stock, thereby increasing efficiency and reflecting advances in technology since the Amended and Restated Bylaws were originally adopted.

These modernizing and clarifying changes to the Amended and Restated Bylaws will not impact the rights of the Company's stockholders.

Accordingly, on February 4, 2016, the Board of Directors unanimously adopted, subject to the required stockholder approval, an amendment to the Amended and Restated Bylaws principally to eliminate the Asbestos Trust and bankruptcy related language.

The discussion above is qualified in its entirety by reference to the full text of the proposed Amended and Restated Bylaws of the Company, as amended to give effect to the elimination of the Asbestos Trust and bankruptcy related language as well as certain additional matters, which are attached hereto as Annex D.

Vote Required and Recommendation of the Board of Directors

Approval by stockholders of the amendment to the Bylaws requires the affirmative vote of at least seventy five percent (75%) of the outstanding voting stock of the Company. **The Board of Directors recommends that you vote FOR the proposal to amend the Bylaws principally to eliminate the Asbestos Trust and bankruptcy related language.**

PROPOSAL 8

APPROVAL OF AMENDMENT TO THE COMPANY'S AMENDED AND RESTATED BYLAWS TO IMPLEMENT MAJORITY VOTING IN UNCONTESTED DIRECTOR ELECTIONS

The Amended and Restated Bylaws currently provide for a plurality voting standard, under which a director nominee who receives a greater number of FOR votes than any opponent is elected, whether or not such FOR votes constitute a majority of all votes. After careful consideration and in light of current corporate governance trends, the Board of Directors has determined to recommend to the Company's stockholders that, for uncontested elections, the Company move from the plurality voting standard to what is known as a majority voting standard. The Board of Directors recognizes that many stockholders believe that a majority voting standard increases a board of directors' accountability to stockholders and that many public companies recently have adopted a majority voting standard in uncontested elections.

Under the proposal, for a director nominee to be elected to the Board of Directors in an uncontested election, the number of votes cast FOR the director nominee's election must exceed 50% of the number of votes cast with respect to that director nominee's election. Votes cast will include direction to withhold authority (sometimes known as withhold votes) but exclude abstentions. An uncontested election is any meeting of stockholders at which the number of director nominees does not exceed the number of directors to be elected. In a contested election, director nominees would continue to be elected by a plurality vote standard. A contested election is an election where the number of director nominees exceeds the number of directors to be elected at the meeting, as determined by the secretary of the Company.

Further, if an incumbent director nominee fails to receive the required number of votes for reelection in an uncontested election, such director will be required to promptly tender a letter of resignation to the Board of Directors. The Governance and Nominating Committee will review such director's letter of resignation and make a recommendation to the Board of Directors as to whether the Board of Directors should accept or reject the tendered resignation, or whether other action should be taken. The Governance and Nominating Committee in making its recommendation, and the Board of Directors in making its decision, may each consider any factors or other information that it considers appropriate and relevant. After the Board of Directors has made its decision, the Company will publicly disclose (by a press release, a filing with the U.S. Securities and Exchange Commission or other broadly disseminated means of communication) its decision regarding the tendered resignation and the rationale behind the decision within 90 days from the date of the certification of the election results. In the event an incumbent director's resignation is not accepted by the Board of Directors, such director will continue to serve in accordance with the terms of the Amended and Restated Bylaws. If a director's resignation is accepted by the Board of Directors, or if a nominee for director is not elected and the nominee is not an incumbent director, then the Board of Directors, in its sole discretion, may fill any resulting vacancy or may decrease the size of the Board of Directors in accordance with the terms of the Amended and Restated Bylaws.

The discussion above is qualified in its entirety by reference to the text of the proposed amendment to the Amended and Restated Bylaws of the Company to give effect to the implementation of majority voting in uncontested director elections, which is attached hereto as Annex E.

Vote Required and Recommendation of the Board of Directors

Approval by stockholders of the amendment to the Bylaws requires the affirmative vote of at least seventy five percent (75%) of the outstanding voting stock of the Company unless Proposal 7 is approved by the requisite vote, in which case, the approval of this Proposal 8 requires the affirmative vote of a majority of the outstanding voting stock of the Company. **The Board of Directors recommends that you vote FOR the proposal to implement majority voting in uncontested director elections.**

Exchange Act shall mean the Securities Exchange Act of 1934, as amended.

Fair Market Value shall mean the closing transaction price of a share of Common Stock as reported on the New York Stock Exchange on the date as of which such value is being determined or, if the Common Stock is not listed on the New York Stock Exchange, the closing transaction price of a share of Common Stock on the principal national stock exchange on which the Common Stock is traded on the date as of which such value is being determined or, if there shall be no reported transactions for such date, on the next preceding date for which transactions were reported; provided further, that Fair Market Value may be determined by the Committee by whatever other means or method as the Committee, in the good faith exercise of its discretion, shall at such time deem appropriate. Notwithstanding the foregoing, for any purposes under this Plan including for Plan administrative purposes, the Committee may, in its discretion, apply any other definition of Fair Market Value which is reasonable and consistent with applicable tax, accounting and other rules.

The Committee may amend or adjust the Performance Measures or other terms and conditions of an outstanding award in recognition of unusual or nonrecurring events affecting the Company or its financial statements or changes in law or accounting, but only to the extent such adjustment would not cause any portion of the award, upon payment, or the option, upon exercise, to be nondeductible pursuant to Section 162(m) of the Code. Such criteria and objectives may include one or more of the following, on an absolute basis or relative to other companies or benchmarks: total stockholder return (based on the change in the price of a share of the Company's Common Stock and dividends paid); brand recognition or acceptance; cost savings or waste elimination; earnings before interest, taxes and amortization (EBITA); earnings before interest and taxes (EBIT); earnings before interest, taxes, depreciation and amortization (EBITDA); operating income before interest and taxes (OBIT);

If the Committee desires that compensation payable pursuant to any award subject to Performance Measures be qualified performance-based compensation within the meaning of Section 162(m) of the Code, the Performance Measures (i) shall be established by the Committee no later than the end of the first to occur of the first 90 days or the first 25% of the Performance Period or Restriction Period, as applicable (or such other time designated by the Internal Revenue Service), (ii) shall be limited to those listed herein and (iii) shall satisfy all other applicable requirements imposed under Treasury Regulations promulgated under Section 162(m) of the Code, including the requirement that such Performance Measures be stated in terms of an objective formula or standard.

Table of Contents

SAR shall mean a stock appreciation right which may be a Free Standing SAR or a Tandem SAR.

Service shall mean any period of service or employment with the Company. This shall include either or both employment as an employee of the Company or service on the Board as a Non-Employee Director. Service shall include any such Service with the Company or any predecessor of the Company. Nothing in the Plan, in the grant of any award or in any award Agreement shall confer upon any Participant any right to continue in the Service of the Company or any of its Subsidiaries, or interfere in any way with the right of the Company or any of its Subsidiaries to terminate the Participant's employment or other service relationship for any reason at any time.

Stock Award shall mean a Restricted Stock Award, a Restricted Stock Unit Award or a Bonus Stock Award.

Subsidiary and **Subsidiaries** shall have the meanings set forth in Section 1.4.

1.3 Administration. This Plan shall be administered by the Committee. The Committee shall have the authority to determine eligibility for awards hereunder and to determine the form, amount and timing of each award to such persons and, if applicable, the number of shares of Common Stock, and the number of Performance Shares or Performance Share Units subject to such an award, the exercise price or base price associated with the award, the time and conditions of exercise or settlement of the award and all other terms and conditions of the award, including, without limitation, the form of the Agreement evidencing the award. The Committee may, in its sole discretion and for any reason at any time, subject to the requirements imposed under Section 162(m) of the Code and regulations promulgated thereunder in the case of an award intended to be qualified performance-based compensation, take action such that (a) any or all outstanding options, Stock Awards, and/or SARs shall become exercisable in part or in full, (b) all or a portion of the Restriction Period applicable to any outstanding award shall lapse, (c) all or a portion of the Performance Period applicable to any outstanding Performance Share Award shall lapse, or (d) the Performance Measures applicable to any outstanding award (if any) shall be deemed to be satisfied at the maximum or any other level.

The Committee shall, subject to the terms of this Plan, have the discretionary authority to interpret this Plan and the application thereof, establish rules and regulations it deems necessary or desirable for the administration of this Plan and may impose, incidental to the grant of an award, conditions with respect to the award, such as limiting competitive employment or other activities. Notwithstanding anything in the Plan to the contrary, the Committee may permit acceleration of vesting of any award, including in the event of the Participant's death, Disability, Retirement or a Change-in-Control. All such interpretations, rules, regulations and conditions shall be final, binding and conclusive. The Committee delegates the authority for ministerial administration of the Plan and awards made under the Plan to the Company.

Notwithstanding anything in the Plan to the contrary, in accordance with Section 157 (or any other applicable section) of the Delaware General Corporation Law, the Committee may, by resolution, authorize one or more executive officers of the Company to do one or both of the following: (x) designate non-director and non-executive officer employees of the Company or any of its Subsidiaries to be recipients of awards hereunder; and (y) determine the number of shares of Common Stock subject to awards to be received by such non-director and non-executive officer employees; provided, however, that the resolution so authorizing such executive officer or officers shall specify the total number of shares of Common Stock that such executive officer or officers may so award. The Committee may not delegate its power and authority to an executive officer of the

Company with regard to the grant of an award to any person who is a covered employee within the meaning of Section 162(m) of the Code or who, in the Committee's judgment, is likely to be a covered employee at any time during the period an award hereunder to such employee would be outstanding or with regard to the selection for participation in this Plan of an officer, director or other person subject to Section 16 of the Exchange Act or decisions concerning the timing, pricing or amount of an award to such an officer, director or other person.

Notwithstanding anything in the Plan to the contrary, to the extent an award granted hereunder would be subject to the requirements of Section 409A of the Code and the regulations thereunder, then the Agreement for such award and the Plan shall be construed and administered so as the award complies with Section 409A of the Code and the regulations thereunder. Consistent with the foregoing, if the holder of an award granted under this Plan is a specified employee, as defined in Section 409A of the Code, as of the date of the holder's separation from service, as defined in Section 409A of the Code, then to the extent any amount payable under such award (i) constitutes the payment of nonqualified deferred compensation, within the meaning of Section 409A of the Code, (ii) is payable upon the holder's separation from service and (iii) under the terms of the Agreement for such award and this Plan would be payable prior to the six-month anniversary of the holder's separation from service, such payment shall be delayed until the earlier to occur of (A) the six-month anniversary of the holder's separation from service or (B) the date of the holder's death. Neither a Participant nor any of a Participant's creditors or beneficiaries will have the right to subject any deferred compensation (within the meaning of Section 409A of the Code) payable under this Plan and grants hereunder to any anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, attachment or garnishment. Except as permitted under Section 409A of the Code, any deferred compensation (within the meaning of Section 409A of the Code) payable to a Participant or for a Participant's benefit under this Plan and grants hereunder may not be reduced by, or offset against, any amount owing by a Participant to the Company or any of its Subsidiaries.

Awards may be granted to Participants in jurisdictions outside the United States (including, as appropriate, under sub-plans). To the extent necessary or advisable to comply with applicable local laws while concurrently aiming to achieve the purposes of the Plan it may be determined by the Committee that the terms and conditions applicable to those awards granted to Participants outside the United States are different from those under the Plan.

1.4 Eligibility. Participants in this Plan shall consist of such Non-Employee Directors, officers, and employees of the Company, its subsidiaries and any other entity designated by the Board or the Committee (individually a Subsidiary and collectively the Subsidiaries) as the Committee, in its sole discretion, may select from time to time; provided, however, that a Non-Employee Director, officer or employee of a Subsidiary shall be designated a recipient of an option or SAR only if Common Stock qualifies, with respect to such recipient, as service recipient stock within the meaning set forth in Section 409A of the Code. For purposes of this Plan, reference to employment by the Company shall also mean employment by a Subsidiary, and references to employment shall also mean services as a Non-Employee Director.

1.5 Shares Available. Subject to adjustment as provided in Section 6.7, the number of shares of Common Stock available under the Plan shall be 2,500,000, plus the number of shares of Common Stock available under the Prior Plan as of the effective date of the Plan. As of the effective date of the Plan, no further grants may be made under the Prior Plan. To the extent that shares of Common Stock subject to an award (except to the extent shares of Common Stock are issued or delivered by the Company in connection with the exercise of a Tandem SAR) under the Plan or the Prior Plan are not issued or delivered by reason of the expiration, termination, cancellation or forfeiture of such award or the settlement of such award in cash, then such shares of Common Stock shall again be available under the Plan. Notwithstanding any other provision of the Plan to the contrary, any and all of the shares of Common Stock available under this paragraph shall be available for any or all types of awards, including full value stock awards, which are available under the terms of the Plan.

Notwithstanding anything in this Section 1.5 to the contrary, shares of Common Stock subject to an award under this Plan may not be made available for further issuance under this Plan if such shares are: (a) shares that

Table of Contents

were subject to a stock-settled SAR and were not issued upon the net settlement or net exercise of such SAR, (b) shares used to pay the exercise price of an Incentive Stock Option or Non-Qualified Stock Option, (c) shares delivered to or withheld (or otherwise used) by the Company to pay withholding taxes related to an award under this Plan, or (d) shares repurchased on the open market with the proceeds of an option exercise.

Shares of Common Stock shall be made available from authorized and unissued shares of Common Stock, or authorized and issued shares of Common Stock reacquired and held as treasury shares or otherwise or a combination thereof, including shares acquired on the open market in Canada.

To the extent required by Section 162(m) of the Code and the rules and regulations thereunder, the maximum number of shares of Common Stock with respect to which options, SARs, Stock Awards or Performance Share Awards, or a combination thereof, may be granted during any calendar year to any person shall be 1,000,000, subject to adjustment as provided in Section 6.7.

For purposes of grants of Incentive Stock Options under this Plan, the maximum number of shares available for such grant(s) shall be no more than 1,500,000 shares, subject to adjustment as provided in Section 6.7.

Not more than 5% of the shares of Common Stock authorized under the Plan shall be subject to Bonus Stock awards or other awards that vest over a period (or, as applicable, have a Performance Period) shorter than twelve (12) months; provided that such limitation shall not apply to awards granted to Non-Employee Directors pursuant to Section 5.2.

Common Stock that may be granted during any fiscal year of the Company to any Non-Employee Director shall not exceed the lesser of \$1,000,000 in aggregate grant date fair value or 100,000 shares.

II. STOCK OPTIONS AND STOCK APPRECIATION RIGHTS

2.1 Stock Options. The Committee may, in its discretion, grant Incentive Stock Options or Non-Qualified Stock Options to such eligible persons under Section 1.4 as may be selected by the Committee.

Options shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of this Plan, as the Committee shall deem advisable:

(a) **Number of Shares and Purchase Price.** The number of shares and the purchase price per share of Common Stock subject to an option shall be determined by the Committee, provided, however, that (except with respect to awards under Section 6.15 of this Plan) the purchase price per share of Common Stock shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date of grant of such option, and provided further, that if an Incentive Stock Option shall be granted to any person who, at the time such option is granted, owns capital stock possessing more than ten percent of the total combined voting power of all classes of capital stock of the Company (or of any parent or subsidiary as defined in Section 424 of the Code) (a **Ten Percent Holder**), the purchase price per share of Common Stock shall be the price (currently 110% of Fair Market Value) required by the Code in order to constitute an Incentive Stock Option.

(b) **Option Period and Exercisability.** The period during which an option may be exercised shall be determined by the Committee; provided, however, that no Incentive Stock Option nor Non-Qualified Stock Option shall be exercised later than ten years after its date of grant; provided further, that if an Incentive Stock Option shall be granted to a Ten Percent Holder, such option shall not be exercised later than five years after its date of grant. Once determined and stated in an Agreement with respect to an option, the period during which an option can be exercised shall not be further extended. The Committee may, in its discretion, establish Performance Measures which shall be satisfied or met as a condition to the grant of an

Table of Contents

option or to the exercisability of all or a portion of an option. Subject to the vesting restriction in Section 1.5, the Committee shall determine whether an option shall become exercisable in cumulative or non-cumulative installments and in part or in full at any time. An exercisable option, or portion thereof, may be exercised only for whole shares of Common Stock.

(c) **Method of Exercise.** An option may be exercised (i) by giving written notice to the Company specifying the number of whole shares of Common Stock to be purchased and accompanied by payment therefor in full (or arrangement made for such payment to the Company's satisfaction) either (A) by the delivery of cash in the amount of the aggregate purchase price payable by reason of such exercise, (B) for employees other than Canadian employees, by delivery (either actual delivery or by attestation procedures established by the Company) of previously acquired shares of Common Stock that have an aggregate Fair Market Value, determined as of the date of exercise, equal to the aggregate purchase price payable by reason of such exercise, (C) authorizing the Company to withhold whole shares of Common Stock which would otherwise be delivered having an aggregate Fair Market Value, determined as of the date of exercise, equal to the aggregate purchase price payable by reason of such exercise, (D) subject to applicable law, by the delivery of cash in the amount of the aggregate purchase price payable by reason of such exercise by a broker-dealer acceptable to the Company to whom the optionee has submitted an irrevocable notice of exercise, or (E) a combination of (A), (B) and (C), in each case to the extent set forth in the Agreement relating to the option, (ii) if applicable, by surrendering to the Company any Tandem SARs which are cancelled by reason of the exercise of the option and (iii) by executing such documents as the Company may reasonably request. Any fraction of a share of Common Stock which would be required to pay such purchase price shall be disregarded and the remaining amount due shall be paid in cash by the optionee. No shares of Common Stock shall be issued and no certificate representing Common Stock shall be delivered until the full purchase price therefore has been paid (or arrangement made for such payment to the Company's satisfaction). Options may not provide for any dividends or dividend equivalents thereon.

Notwithstanding the foregoing, permitted exercise methods may be limited by the terms of the individual Agreement.

2.2 Stock Appreciation Rights. The Committee may, in its discretion, grant SARs to such eligible persons under Section 1.4 as may be selected by the Committee. The Agreement relating to an SAR shall specify whether the SAR is a Tandem SAR or a Free-Standing SAR.

SARs shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of this Plan, as the Committee shall deem advisable:

(a) **Number of SARs and Base Price.** The number of SARs subject to an award shall be determined by the Committee. Any Tandem SAR related to an Incentive Stock Option shall be granted at the same time that such Incentive Stock Option is granted. The base price of a Tandem SAR shall be the purchase price per share of Common Stock of the related option. The base price of a Free-Standing SAR shall be determined by the Committee; provided, however, that (except with respect to awards under Section 6.15 of this Plan) such base price shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date of grant of such SAR.

(b) **Exercise Period and Exercisability.** The Agreement relating to an award of SARs shall specify whether such award may be settled in shares of Common Stock (including shares of Restricted Stock) or cash or a combination thereof. The period for the exercise of an SAR shall be determined by the Committee; provided, however, that no SAR may be exercised later than 10 years after its date of grant; provided further, that no Tandem SAR shall be exercised later than the expiration, cancellation, forfeiture or other termination of the related option. Once determined and stated in an Agreement with respect to an SAR, the period during which an SAR can be exercised shall not be further extended. The Committee may, in its discretion, establish Performance Measures which shall be satisfied or met as a condition to the grant of an SAR or to the exercisability of all or a portion of an SAR. Subject to the vesting restriction in Section 1.5, the Committee shall determine whether an SAR may be exercised in cumulative or non-cumulative

Table of Contents

installments and in part or in full at any time. An exercisable SAR, or portion thereof, may be exercised, in the case of a Tandem SAR, only with respect to whole shares of Common Stock and, in the case of a Free Standing SAR, only with respect to a whole number of SARs. If an SAR is exercised for shares of Restricted Stock, a certificate or certificates representing such Restricted Stock shall be issued in accordance with Section 3.2(c), or such shares shall be transferred to the holder in book entry form with restrictions on the Shares duly noted, and the holder of such Restricted Stock shall have such rights of a stockholder of the Company as determined pursuant to Section 3.2(d). Prior to the exercise of an SAR for shares of Common Stock, including Restricted Stock, the holder of such SAR shall have no rights as a stockholder of the Company with respect to the shares of Common Stock subject to such SAR, and SARs may not provide for any dividend equivalents thereon.

(c) **Method of Exercise.** A Tandem SAR may be exercised (i) by giving written notice to the Company specifying the number of whole SARs which are being exercised, (ii) by surrendering to the Company any options which are cancelled by reason of the exercise of the Tandem SAR and (iii) by executing such documents as the Company may reasonably request. A Free-Standing SAR may be exercised (i) by giving written notice to the Company specifying the whole number of SARs which are being exercised and (ii) by executing such documents as the Company may reasonably request.

2.3 Termination of Employment or Service.

(a) **Non-Qualified Stock Options and SARs.** All of the terms relating to the exercise period or to the vesting, in whole or in part, or forfeiture and cancellation of such option or SAR award upon a termination of employment or service with the Company of the holder, whether by reason of Disability, Retirement, death or any other reason, shall be determined by the Committee and as set forth in the Agreement. Notwithstanding the foregoing, age and service requirements set forth in any individual Agreement will be inapplicable in jurisdictions where they are in conflict with implementation of the European Union Age Discrimination Directive.

(b) **Incentive Stock Options.** All of the terms relating to the exercise period or to the vesting, in whole or in part, or forfeiture and cancellation of such Incentive Stock Option award upon a termination of employment or service with the Company of the holder, whether by reason of Disability, Retirement, death or any other reason, shall be determined by the Committee and as set forth in the Agreement. Notwithstanding the foregoing, age and service requirements set forth in any individual award Agreement will be inapplicable in jurisdictions where they are in conflict with implementation of the European Union Age Discrimination Directive.

(c) **Continuation of Service as a Non-Employee Director.** Unless otherwise set forth in the Agreement, a holder's employment with the Company will not be deemed to have terminated for purposes of this Section 2.3 if the holder continues to provide services to the Company as a Non-Employee Director. Similarly, a holder's directorship will not be deemed to have terminated for purposes of awards under this Plan or for purposes of this Section 2.3 if the holder continues to provide services to the Company as an employee of the Company.

2.4 No Repricing. Notwithstanding anything in this Plan to the contrary and subject to Section 6.7, without the approval of the stockholders of the Company the Committee will not amend or replace any previously granted option or SAR in a transaction that constitutes a repricing, as such term is used in Section 303A.08 of the Listed Company Manual of the New York Stock Exchange. Further, except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding awards may not be amended to reduce the exercise price of outstanding Incentive Stock Options, Non-Qualified Stock Options or SARs or cancel outstanding Incentive Stock Options, Non-Qualified Stock Options or SARs in exchange for cash, other awards or Incentive Stock Options, Non-Qualified Stock Options or SARs with an exercise price that is less than the exercise price of the original Incentive Stock Options, Non-Qualified Stock Options or SARs without stockholder approval.

III. STOCK AWARDS

3.1 Stock Awards. The Committee may, in its discretion, grant Stock Awards to such eligible persons under Section 1.4 as may be selected by the Committee. The Agreement relating to the Stock Award shall specify whether the Stock Award is a Restricted Stock Award, a Restricted Stock Unit Award or Bonus Stock Award.

3.2 Terms of Stock Awards. Stock Awards shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of this Plan, as the Committee shall deem advisable.

(a) **Number of Shares and Other Terms.** The number of shares of Common Stock subject to a Restricted Stock Award, Restricted Stock Unit Award or Bonus Stock Award and the Performance Measures (if any) and Restriction Period applicable to a Restricted Stock Award or Restricted Stock Unit Award shall be determined by the Committee and set forth in the individual award Agreement.

(b) **Vesting and Forfeiture.** Subject to the vesting restriction in Section 1.5, the Agreement relating to a Restricted Stock Award or Restricted Stock Unit Award shall provide, in the manner determined by the Committee in its discretion, and subject to the provisions of this Plan, for the vesting, in whole or in part, of the shares of Common Stock subject to such award, in the case of a Restricted Stock Award, or the vesting of the Restricted Stock Unit Award itself, in the case of Restricted Stock Unit Award, (i) if specified Performance Measures are satisfied or met during the specified Restriction Period or (ii) if the holder of such award remains continuously in the employment of or service to the Company during the specified Restriction Period, and for the forfeiture of the shares of Common Stock subject to such award in the case of a Restricted Stock Award, or the forfeiture of the Restricted Stock Unit Award itself, in the case of a Restricted Stock Unit Award, (x) if specified Performance Measures are not satisfied or met during the specified Performance Period or (y) if the holder of such award does not remain continuously in the employment of or service to the Company during the specified Restriction Period. Bonus Stock Awards shall not be subject to any Performance Measures or Restriction Periods.

(c) **Stock Issuance.** During the Restriction Period, the shares of Restricted Stock shall be held by a custodian in book entry form with restrictions on such shares duly noted or, alternatively, a certificate or certificates representing a Restricted Stock award shall be registered in the holder's name and may bear a legend, in addition to any legend which may be required pursuant to Section 6.6, indicating that the ownership of the shares of Common Stock represented by such certificate is subject to the restrictions, terms and conditions of this Plan and the Agreement relating to the Restricted Stock award. All such certificates shall be deposited with the Company, together with stock powers or other instruments of assignment (including a power of attorney), each endorsed in blank with a guarantee of signature if deemed necessary or appropriate, which would permit transfer to the Company of all or a portion of the shares of Common Stock subject to the Restricted Stock award in the event such award is forfeited in whole or in part. Upon termination of any applicable Restriction Period (and the satisfaction or attainment of applicable Performance Measures), subject to the Company's right to require payment of any taxes in accordance with Section 6.5, the restrictions shall be removed from the requisite number of any shares of Common Stock that are held in book entry form, and all certificates evidencing ownership of the requisite number of shares of Common Stock shall be delivered to the holder of such award.

(d) **Rights with Respect to Restricted Stock Awards.** Unless otherwise set forth in the Agreement relating to a Restricted Stock award, and subject to the terms and conditions of a Restricted Stock award, the holder of such award shall have all rights as a stockholder of the Company, including, but not limited to, voting rights, the right to receive dividends and the right to participate in any capital adjustment applicable to all holders of Common Stock; provided, however, that a distribution with respect to shares of Common Stock shall be deposited with the Company and shall be subject to the same restrictions as the shares of Common Stock with respect to which such distribution was made.

(e) **Rights and Provisions Applicable to Restricted Stock Unit Awards.** The Agreement relating to a Restricted Stock Unit award shall specify whether the holder thereof shall be entitled to receive, on a current

Table of Contents

or deferred basis, dividend equivalents, or the deemed reinvestment of, any deferred dividend equivalents, with respect to the number of shares of Common Stock subject to such award. Prior to the settlement of a Restricted Stock Unit award, the holder thereof shall not have any rights as a stockholder of the Company with respect to the shares of Common Stock subject to such award, except to the extent that the Committee, in its sole discretion, may grant dividend equivalents on Restricted Stock Unit awards as provided above (provided, that dividend equivalents on Common Stock underlying Restricted Stock Units with restrictions that lapse as a result of the achievement of Performance Measures will be deferred until and paid contingent upon the achievement of the applicable Performance Measures). No shares of Common Stock and no certificates representing shares of Common Stock that are subject to a Restricted Stock Unit award shall be issued upon the grant of a Restricted Stock Unit award. Instead, shares of Common Stock subject to Restricted Stock Unit awards and the certificates representing such shares of Common Stock shall only be distributed at the time of settlement of such Restricted Stock Unit awards in accordance with the terms and conditions of this Plan and the Agreement relating to such Restricted Stock Unit award.

3.3 Termination of Employment or Service. All of the terms relating to the satisfaction of Performance Measures and the termination of the Restriction Period or Performance Period relating to a Stock Award, or any vesting, in whole or in part, or forfeiture and cancellation of such award upon a termination of employment or service with the Company of the holder of such award, whether by reason of Disability, Retirement, death or any other reason, shall be determined by the Committee and as set forth in the Agreement. Notwithstanding the foregoing, age and service requirements set forth in any individual award Agreement will be inapplicable in jurisdictions where they are in conflict with implementation of the European Union Age Discrimination Directive. In addition, notwithstanding anything in this Plan or any Agreement under the Plan to the contrary the Committee may not accelerate or waive any vesting requirements, performance requirements or restriction periods on any Restricted Stock awards or Restricted Stock Unit awards other than in the case of death, Disability, Retirement or a Change in Control.

IV. PERFORMANCE SHARE AWARDS

4.1 Performance Share Awards. The Committee may, in its discretion, grant Performance Share Awards to such eligible persons under Section 1.4 as may be selected by the Committee.

4.2 Terms of Performance Share Awards. Performance Share Awards shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of this Plan, as the Committee shall deem advisable.

(a) **Number of Performance Shares, Performance Share Units and Performance Measures.** The number of Performance Shares or Performance Share Units subject to any award and the Performance Measures and Performance Period applicable to such award shall be determined by the Committee.

(b) **Vesting and Forfeiture.** The Agreement relating to a Performance Share Award shall provide, in the manner determined by the Committee, in its discretion, and subject to the provisions of this Plan, for the vesting of such award, if specified Performance Measures are satisfied or met during the specified Performance Period, and for the forfeiture of such award, if specified Performance Measures are not satisfied or met during the specified Performance Period.

(c) **Stock Issuance.** During the Performance Period, Performance Shares shall be held by a custodian in book entry form with restrictions on such shares duly noted or, alternatively, a certificate or certificates representing Performance Shares shall be registered in the holder's name and may bear a legend, in addition to any legend which may be required pursuant to Section 6.6, indicating that the ownership of the shares of Common Stock represented by such certificate is subject to the restrictions, terms and conditions of this Plan and the Agreement relating to the Performance Shares. All such certificates shall be deposited with the Company, together with stock powers or other instruments of assignment (including a power of attorney), each endorsed in blank with a guarantee of signature if deemed necessary or appropriate, which would

permit transfer to the Company of all or a portion of the shares of Common Stock subject to the Performance Share Award in the event such award is forfeited in whole or in part. Upon termination of any applicable Performance Period (and the satisfaction or attainment of applicable Performance Measures), subject to the Company's right to require payment of any taxes in accordance with Section 6.5, the restrictions shall be removed from the requisite number of any shares of Common Stock that are held in book entry form, and all certificates evidencing ownership of the requisite number of shares of Common Stock shall be delivered to the holder of such award.

(d) **Rights with Respect to Performance Shares.** Unless otherwise set forth in the Agreement relating to an award of Performance Shares, and subject to the terms and conditions of the applicable Performance Share Award, the holder of such award shall have all rights as a stockholder of the Company, including, but not limited to, voting rights, the right to receive dividends and the right to participate in any capital adjustment applicable to all holders of Common Stock; provided, however, that a distribution with respect to shares of Common Stock shall be deposited with the Company and shall be subject to the same restrictions as the shares of Common Stock with respect to which such distribution was made.

(e) **Settlement of Vested Performance Share Unit Awards.** The Agreement relating to a Performance Share Unit award (i) shall specify whether such award may be settled in shares of Common Stock (including shares of Restricted Stock) or cash or a combination thereof and (ii) may specify whether the holder thereof shall be entitled to receive, on a deferred basis, dividend equivalents, and, if determined by the Committee, interest on or the deemed reinvestment of any deferred dividend equivalents, with respect to the number of shares of Common Stock subject to such award. If a Performance Share Unit award is settled in shares of Restricted Stock, such shares of Restricted Stock shall be issued to the holder in book entry form or a certificate or certificates representing such Restricted Stock shall be issued in accordance with Section 3.2(c) and the holder of such Restricted Stock shall have such rights of a stockholder of the Company as determined pursuant to Section 3.2(d). Prior to the settlement of a Performance Share Unit award in shares of Common Stock, including Restricted Stock, the holder of such award shall have no rights as a stockholder of the Company with respect to the shares of Common Stock subject to such award.

4.3 Termination of Employment or Service. All of the terms relating to the satisfaction of Performance Measures and the termination of the Performance Period relating to a Performance Share Award, or any forfeiture and cancellation of such award upon a termination of employment or service with the Company of the holder of such award, whether by reason of Disability, Retirement, death or any other reason, shall be determined by the Committee. Notwithstanding anything in this Plan or any Agreement under the Plan to the contrary the Committee may not accelerate or waive any vesting requirements, performance requirements or restriction periods on any Performance Share Awards other than in the case of death, Disability, Retirement or a Change in Control.

V. PROVISIONS RELATING TO NON-EMPLOYEE DIRECTORS

5.1 Equity Awards Granted to Non-Employee Directors. Each Non-Employee Director is eligible to receive awards consisting of Restricted Stock, Restricted Stock Units, options to purchase shares of Common Stock, SARs, Bonus Stock, Performance Shares and/or Performance Share Units in accordance with this Article V and subject to such terms and conditions as shall be established by the Committee consistent with Articles II, III and IV and as set forth in an individual agreement regarding each such award. All options granted under this Article V shall constitute Non-Qualified Stock Options.

5.2 Non-Employee Director Equity Awards in Lieu of Director Fees. In addition to any award received under Section 5.1 of this Plan, each Non-Employee Director may also from time to time elect, in accordance with procedures to be specified by the Committee and subject to approval of the Committee, to receive in lieu of all or part of a specified percentage of the cash retainer and any meeting fees that would otherwise be payable to such Non-Employee Director (a) shares or deferred units of Common Stock having a Fair Market Value equal to the

amount of the forgone retainer and meeting fees, determined as of the date such retainer and meeting fees are payable, (b) Restricted Stock or Restricted Stock Units granted pursuant to Article III having a Fair Market Value equal to the amount of the forgone retainer and meeting fees, determined as of the date on which such retainer or meeting fees otherwise would have been paid to such Non-Employee Director; or (c) options granted pursuant to Article II having a value equal to the amount of the forgone retainer and meeting fees, based on such valuation methodology specified by the Committee. Any election under this paragraph 5.2 shall be made under an appropriate election form and appropriate individual award agreement or agreements and shall have terms and conditions set forth in such agreement and as approved by the Committee. To the extent provided by the Committee from time to time, Non-Employee Directors may elect to defer the receipt of any award granted pursuant to this Section 5.2, other than options, through an appropriate deferral election by the Non-Employee Director. Any election made under this Section 5.2 must be made prior to the year in which such cash retainer and meeting fees are earned, and shall otherwise be in accordance with the requirements of Section 409A of the Code.

VI. GENERAL

6.1 Effective Date and Term of Plan. This Plan shall be submitted to the stockholders of the Company for approval and, if approved at the 2016 annual meeting of stockholders, shall become effective on the date of such approval. This Plan shall terminate on the date which is 10 years from the effective date, unless terminated earlier by the Board. Termination of this Plan shall not affect the terms or conditions of any award granted prior to termination.

6.2 Amendments. The Committee may amend this Plan as it shall deem advisable, subject to any requirement of stockholder approval required by applicable law, rule or regulation, including Section 162(m) and Section 422 of the Code; provided, however, that no amendment shall be made without stockholder approval if such amendment would (a) increase the maximum number of shares of Common Stock available under this Plan (subject to Section 6.7), (b) effect any change inconsistent with Section 422 of the Code, (c) extend the term of this Plan or (d) reduce the minimum purchase price of a share of Common Stock subject to an option. No amendment may impair the rights of a holder of an outstanding award without the consent of such holder.

Awards may be granted to Participants in jurisdictions outside the United States. To the extent necessary or advisable to comply with applicable local laws while concurrently aiming to achieve the purposes of the Plan, it may be determined by the Committee that the terms and conditions applicable to those awards granted to Participants outside the United States are different from those under the Plan.

6.3 Agreement. Each award under this Plan shall be evidenced by an Agreement setting forth the terms and conditions applicable to such award. No award shall be valid until an Agreement is executed by the Company and the recipient of such award and, upon execution by each party and delivery of the Agreement to the Company, such award shall be effective as of the effective date set forth in the Agreement. All agreements are subject to the terms of this Plan and shall be interpreted in accordance with the discretionary authority of the Committee under this Plan.

6.4 Non-Transferability of Awards. Unless otherwise specified in the Agreement relating to an award, no award shall be transferable other than by will, the laws of descent and distribution or pursuant to beneficiary designation procedures approved by the Company, and in no event will any award granted under the Plan be transferred for value. Except to the extent permitted by the foregoing sentence or the Agreement relating to an award, each award may be exercised or settled during the holder's lifetime only by the holder or the holder's legal representative or similar person. Except to the extent permitted by the second preceding sentence or the Agreement relating to an award, no award may be sold, transferred, assigned, pledged, hypothecated, encumbered or otherwise disposed of (whether by operation of law or otherwise) or be subject to execution, attachment or similar process. Upon any attempt to so sell, transfer, assign, pledge, hypothecate, encumber or otherwise dispose of any such award, such award and all rights thereunder shall immediately become null and void.

6.5 Tax Withholding. The Company shall have the right to require, prior to the issuance or delivery of any shares of Common Stock or the payment of any cash pursuant to an award made hereunder, payment by the holder of such award of any Federal, state, local or other taxes which may be required to be withheld or paid in connection with such award. An Agreement may provide that (a) the Company shall withhold whole shares of Common Stock which would otherwise be delivered to a holder, having an aggregate Fair Market Value determined as of the date the obligation to withhold or pay taxes arises in connection with an award (the Tax Date), or withhold an amount of cash which would otherwise be payable to a holder, in the amount necessary to satisfy any such obligation or (b) the holder may satisfy any such obligation by any of the following means: (i) a cash payment to the Company in the amount necessary to satisfy any such obligation, (ii) except for Canadian employees, delivery (either actual delivery or by attestation procedures established by the Company) to the Company of shares of Common Stock having an aggregate Fair Market Value, determined as of the Tax Date, equal to the amount necessary to satisfy any such obligation, (iii) authorizing the Company to withhold whole shares of Common Stock which would otherwise be delivered having an aggregate Fair Market Value, determined as of the Tax Date, or withhold an amount of cash which would otherwise be payable to a holder, equal to the amount necessary to satisfy any such obligation, (iv) in the case of the exercise of an Incentive Stock Option or Non-Qualified Stock Option, a cash payment in the amount necessary to satisfy any such obligation by a broker-dealer acceptable to the Company to whom the optionee has submitted an irrevocable notice of exercise or (v) any combination of (i), (ii) and (iii), in each case to the extent set forth in the Agreement relating to the award. Shares of Common Stock to be delivered or withheld may not have an aggregate Fair Market Value in excess of the amount determined by applying the minimum statutory withholding rate. Notwithstanding any provision of this Plan or any agreement to the contrary, any fraction of a share of Common Stock which would be required to satisfy the tax withholding obligation may be rounded up to the next whole share.

6.6 Restrictions on Shares. Each award made hereunder shall be subject to the requirement that if at any time the Company determines that the listing, registration or qualification of the shares of Common Stock subject to such award upon any securities exchange or under any law, or the consent or approval of any governmental body, or the taking of any other action is necessary or desirable as a condition of, or in connection with, the exercise or settlement of such award or the delivery of shares thereunder, such award shall not be exercised or settled and such shares shall not be delivered unless such listing, registration, qualification, consent, approval or other action shall have been effected or obtained, free of any conditions not acceptable to the Company. The Company may require that certificates evidencing shares of Common Stock delivered pursuant to any award made hereunder bear a legend indicating that the sale, transfer or other disposition thereof by the holder is prohibited except in compliance with the Securities Act of 1933, as amended, and the rules and regulations thereunder.

6.7 Adjustment. In the event of any stock split, stock dividend, recapitalization, reorganization, merger, consolidation, combination, exchange of shares, liquidation, spin-off or other similar change in capitalization or event, or any distribution to holders of Common Stock other than a regular cash dividend, or any other corporate transaction or event having an effect similar to any of the foregoing, the number and class of securities available under this Plan, the maximum number of shares of Common Stock with respect to which options, SARs, Stock Awards or Performance Share Awards or a combination thereof may be awarded during any calendar year to any one person, the maximum number of shares of Common Stock that may be issued pursuant to awards in the form of Incentive Stock Options, the number and class of securities subject to each outstanding option and the purchase price per security, the terms of each outstanding SAR, the number and class of securities subject to each outstanding Stock Award, and the terms of each outstanding Performance Share or Performance Share Unit, plus the other terms of outstanding awards, shall be appropriately adjusted by the Committee, such adjustments to be made in the case of outstanding options and SARs without an increase in the aggregate purchase price or base price and in accordance with Section 409A of the Code. Moreover, in the event of any such transaction or event, the Committee shall provide in substitution for any or all outstanding awards under this Plan such alternative consideration (including cash), if any, as it, in good faith, shall determine to be equitable in the circumstances and shall require in connection therewith the surrender of all awards so replaced in a manner that complies with Section 409A of the Code. In addition, for each option or SAR with a purchase price or base price, as applicable,

greater than the consideration offered in connection with any such transaction or event, the Committee may in its discretion elect to cancel such option or SAR without any payment to the person holding such option or SAR. The decision of the Committee regarding any such adjustment shall be final, binding and conclusive.

6.8 Change in Control.

(a) Notwithstanding any provision in this Plan or any Agreement, in the event of a Change in Control, (i) all outstanding options and SARs shall immediately become exercisable in full, (ii) the Restriction Period applicable to any outstanding Stock Award shall lapse, (iii) the Performance Period applicable to any outstanding Performance Share Award shall lapse, unless otherwise provided in the award Agreement and subject to the discretion of the Committee and (iv) the Performance Measures applicable to any outstanding award shall be deemed to be satisfied at the maximum level.

(b) In the event of a Change in Control, the Board (as constituted prior to such Change in Control) may, in its discretion:

(i) require that shares of stock of the corporation resulting from such Change in Control, or a parent corporation thereof, be substituted for some or all of the shares of Common Stock subject to an outstanding award, with an appropriate and equitable adjustment to such award as shall be determined by the Board in accordance with Section 6.7; and/or

(ii) require outstanding awards, in whole or in part, to be surrendered to the Company by the Participant, and to be immediately cancelled by the Company, and to provide for the Participant to receive (A) a cash payment in an amount equal to (1) in the case of an option or an SAR, the aggregate number of shares of Common Stock then subject to the portion of such option or SAR surrendered multiplied by the excess, if any, of the Fair Market Value of a share of Common Stock as of the date of the Change in Control, over the purchase price or base price per share of Common Stock subject to such option or SAR, and (2) in the case of a Stock Award or a Performance Share Award, the aggregate number of shares of Common Stock then subject to the portion of such award surrendered to the extent the Performance Measures applicable to such award have been satisfied or are deemed satisfied pursuant to Section 6.8(a), multiplied by the Fair Market Value of a share of Common Stock as of the date of the Change in Control; (B) shares of capital stock of the corporation resulting from or succeeding to the business of the Company pursuant to such Change in Control, or a parent corporation thereof, having a fair market value not less than the amount determined under clause (A) above; or (C) a combination of the payment of cash pursuant to clause (A) above and the issuance of shares pursuant to clause (B) above.

(c) Change in Control shall mean:

(i) the acquisition by any individual, entity or group (a Person), including any person within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act, of beneficial ownership within the meaning of Rule 13d-3 promulgated under the Exchange Act, of more than 50% of either (A) the then outstanding shares of common stock of the Company (the Outstanding Common Stock) or (B) the combined voting power of the then outstanding securities of the Company entitled to vote generally in the election of directors (the Outstanding Voting Securities); excluding, however, the following: (1) any acquisition directly from the Company (excluding any acquisition resulting from the exercise of an exercise, conversion or exchange privilege unless the security being so exercised, converted or exchanged was acquired directly from the Company), (2) any acquisition by the Company, (3) any acquisition by an employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company or (4) any acquisition by any corporation pursuant to a transaction which complies with clauses (A), (B) and (C) of subsection (iii) of this Section 6.8(c); provided further, that for purposes of clause (2), if any Person (other than the Company or any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company) shall become the beneficial owner of more than 50% of the Outstanding Common Stock or more than 50% of the Outstanding Voting Securities by reason of an acquisition by

the Company, and such Person shall, after such acquisition by the Company, become the beneficial owner of any additional shares of the Outstanding Common Stock or any additional Outstanding Voting Securities and such beneficial ownership is publicly announced, such additional beneficial ownership shall constitute a Change in Control;

(ii) individuals who, as of the beginning of any consecutive 2-year period constitute the Board of Directors (the Incumbent Board) cease for any reason to constitute at least a majority of such Board; provided that any individual who subsequently becomes a director of the Company and whose election, or nomination for election by the Company's stockholders, was approved by the vote of at least a majority of the directors then comprising the Incumbent Board shall be deemed a member of the Incumbent Board; and provided further, that any individual who was initially elected as a director of the Company as a result of an actual or threatened solicitation by a Person other than the Board for the purpose of opposing a solicitation by any other Person with respect to the election or removal of directors, or any other actual or threatened solicitation of proxies or consents by or on behalf of any Person other than the Board shall not be deemed a member of the Incumbent Board;

(iii) the consummation of a reorganization, merger or consolidation of the Company or sale or other disposition of all or substantially all of the assets of the Company (a Corporate Transaction); excluding, however, a Corporate Transaction pursuant to which (A) all or substantially all of the individuals or entities who are the beneficial owners, respectively, of the Outstanding Common Stock and the Outstanding Voting Securities immediately prior to such Corporate Transaction will beneficially own, directly or indirectly, more than 50% of, respectively, the outstanding shares of common stock, and the combined voting power of the outstanding securities of such corporation entitled to vote generally in the election of directors, as the case may be, of the corporation resulting from such Corporate Transaction (including, without limitation, a corporation which as a result of such transaction owns the Company or all or substantially all of the Company's assets either directly or indirectly) in substantially the same proportions relative to each other as their ownership, immediately prior to such Corporate Transaction, of the Outstanding Common Stock and the Outstanding Voting Securities, as the case may be, (B) no Person (other than: the Company; any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company; the corporation resulting from such Corporate Transaction; and any Person which beneficially owned, immediately prior to such Corporate Transaction, directly or indirectly, more than 50% of the Outstanding Common Stock or the Outstanding Voting Securities, as the case may be) will beneficially own, directly or indirectly, more than 50% of, respectively, the outstanding shares of common stock of the corporation resulting from such Corporate Transaction or the combined voting power of the outstanding securities of such corporation entitled to vote generally in the election of directors and (C) individuals who were members of the Incumbent Board will constitute at least a majority of the members of the board of directors of the corporation resulting from such Corporate Transaction; or

(iv) the consummation of a plan of complete liquidation or dissolution of the Company.

(v) To the extent an award is considered deferred compensation that is subject to the requirements of Section 409A of the Code, a Change in Control under the Plan shall not be deemed to have occurred unless such Change in Control is also a change in control event, within the meaning of Section 409A of the Code.

6.9 No Right of Participation or Employment. No person shall have any right to participate in this Plan. The Committee's selection of a person to participate in this Plan at any time shall not require the Committee to select such person to participate in this Plan at any other time. Neither this Plan nor any award made hereunder shall confer upon any person any right to continued employment by the Company, any Subsidiary or any affiliate of the Company or affect in any manner the right of the Company, any Subsidiary or any affiliate of the Company to terminate the employment of any person at any time without liability hereunder.

6.10 Rights as Stockholder. No person shall have any right as a stockholder of the Company with respect to any shares of Common Stock or other equity security of the Company which is subject to an award hereunder unless and until such person becomes a stockholder of record with respect to such shares of Common Stock or equity security.

6.11 Stock Certificates. To the extent that this Plan provides for issuance of certificates to reflect the issuance of shares of Common Stock, the issuance may be effected on a non-certificated basis, to the extent not prohibited by applicable law or the rules of the New York Stock Exchange.

6.12 Governing Law. This Plan, each award hereunder and the related Agreement, and all determinations made and actions taken pursuant thereto, to the extent not otherwise governed by the Code or the laws of the United States, shall be governed by the laws of the State of Delaware and construed in accordance therewith without giving effect to principles of conflicts of laws.

6.13 Authority to Administer Sale of Shares. Notwithstanding any provision of the Plan or Agreement issued under the Plan, the Company may, as administrator on behalf of the Committee, and with reasonable notice and an opportunity to elect to opt out of such treatment, administer the sale of shares, on behalf of a Participant, subject to an award to cover the tax or other withholding obligations associated with the vesting or exercise of an award, other than for a Participant subject to Section 16(b) of the Securities Exchange Act of 1934 and rules thereunder.

Shares of Common Stock sold under this Section 6.13 shall be sold as soon as practicable at the then current market price. To the extent the Company administers the sale of shares of Common Stock, on behalf of Participants, under this Section 6.13, shares of Common Stock may be sold as blocks and the sales price for purposes of the Plan shall be the average market selling price of the block. Also, where the Company administers the sale of shares of Common Stock, on behalf of Participants, under this Section 6.13, the Company shall be responsible for payment of the reasonable transaction and brokerage fees associated with the sale. If all of a holder's shares are sold under this provision, the holder shall receive a cash payment of the proceeds less any applicable taxes.

6.13 Deferral of Awards Under the Plan. Subject to the requirements of Section 409A of the Code, the Committee or, to the extent delegated by the Committee, the Company may permit all or any portion of any award under this Plan to be deferred consistent with the requirements and restrictions in the applicable jurisdiction. Notwithstanding any other provision of the Plan or any Agreement to the contrary, any such award which is deferred and which would otherwise consist of shares of Restricted Stock may be converted, as required to permit the deferral of taxation, to Restricted Stock Units immediately prior to their becoming granted and such Restricted Stock Units shall be settled in shares as of the specified distribution date. Also, notwithstanding any other provision of the Plan or any Agreement to the contrary, to the extent that a Participant is eligible for Retirement and therefore would be eligible for accelerated, continued or pro-rated vesting upon termination under his or her individual Agreement, any such award which consists of shares of Restricted Stock may be converted, as required to permit the deferral of taxation, to Restricted Stock Units immediately prior to the Participant becoming eligible for Retirement and such Restricted Stock Units shall be settled in shares as of the specified distribution date.

6.14 Awards Subject to Clawback. 6.15 **Stock-Based Awards in Substitution for Awards Granted by Other Company**. Notwithstanding anything in this Plan to the contrary:

(a) Awards may be granted under this Plan in substitution for or in conversion of, or in connection with an assumption of, stock options, stock appreciation rights, restricted stock, restricted stock units or other stock or stock-based awards held by awardees of an entity engaging in a corporate acquisition or merger transaction with the Company or any Subsidiary. Any conversion, substitution or assumption will be effective as of the close of the merger or acquisition, and, to the extent applicable, will be conducted in a manner that complies with Section 409A of the Code. The awards so granted may reflect the original terms of the awards being assumed or substituted or converted for and need not comply with other specific terms of this Plan, and may account for Common Stock substituted for the securities covered by the original awards and the number of shares subject to the original awards, as well as any exercise or purchase prices applicable to the original awards, adjusted to account for differences in stock prices in connection with the transaction.

(b) In the event that a company acquired by the Company or any Subsidiary or with which the Company or any Subsidiary merges has shares available under a pre-existing plan previously approved by stockholders and not adopted in contemplation of such acquisition or merger, the shares available for grant pursuant to the terms of such plan (as adjusted, to the extent appropriate, to reflect such acquisition or merger) may be used for awards made after such acquisition or merger under the Plan; provided, however, that awards using such available shares may not be made after the date awards or grants could have been made under the terms of the pre-existing plan absent the acquisition or merger, and may only be made to individuals who were not employees or directors of the Company or any Subsidiary prior to such acquisition or merger.

(c) Any Common Stock that is issued or transferred by, or that is subject to any awards that are granted by, or become obligations of, the Company under this Section 6.15 will not reduce the Common Stock available for issuance or transfer under the Plan or otherwise count against the limits contained in Section 1.5 of the Plan. In addition, no Common Stock that is issued or transferred by, or that are subject to any awards that are granted by, or become obligations of, the Company under this Section 6.15 will be added to the aggregate plan limit contained in Section 1.5 of this Plan.

**RULES OF THE OWENS CORNING
2016 STOCK PLAN
FOR THE GRANT OF RESTRICTED STOCK UNITS TO
EMPLOYEES IN FRANCE**

Dated April 21, 2016

1. Introduction.

The Board of Directors (the **Board**) of Owens Corning (the **Company**) has established the Owens Corning 2016 Stock Plan as (the **U.S. Plan**), for the benefit of certain employees of the Company, its parent and subsidiary companies, including its French subsidiaries for which it holds directly or indirectly at least 10% of the share capital (the **French Entities**).

Sections 1.3 of the U.S. Plan specifically authorizes the committee of Directors who administers the U.S. Plan (the **Administrator**) to adopt, amend, suspend, and revoke rules applicable to stock awards granted under the U.S. Plan (including those in France) as it deems necessary or advisable to administer the U.S. Plan for the purposes of satisfying applicable non-U.S. laws. The Administrator has determined that it is necessary and advisable to establish a sub-plan for the purpose of permitting restricted stock units to qualify for favorable tax and social security treatment in France. The Administrator, therefore, intends to establish a sub-plan of the U.S. Plan for the purpose of granting restricted stock units which qualify for the favorable tax and social security treatment in France applicable to shares granted for no consideration under Sections L. 225-197-1 to L. 225-197-6 of the French Commercial Code, as amended, to qualifying employees who are resident in France for French tax purposes and/or subject to the French social security regime (the **French Participants**). The terms of the U.S. Plan, as set out in Appendix 1 hereto, shall, subject to the limitations in the following rules, constitute the Rules of the Owens Corning 2016 Stock Plan for the Grant of Restricted Stock Units to employees in France (the **French Stock Unit Plan**).

Under the French Restricted Stock Unit Plan, the qualifying employees will be granted only restricted stock units as defined in Section 3 hereunder. The provisions of Section 2 of the U.S. Plan permitting the grant of options, incentive stock options, and stock appreciation rights are not applicable to grants made under this French Restricted Stock Unit Plan. The grant of restricted stock units is authorized under the Section 3 of the U.S. Plan.

2. Definitions.

Capitalized terms not otherwise defined herein used in the French Restricted Stock Unit Plan shall have the same meanings as set forth in the U.S. Plan. The terms set out below will have the following meanings:

(a) Restricted Stock Units.

The term **Restricted Stock Units** shall mean a promise by the Company to a future issuance at the Vesting Date provided the individual remains employed as of the Vesting Date, of one Share of the Company for each unit granted to the French Participant, and subject to specific terms and conditions. Notwithstanding any provisions of the U.S. Plan, Restricted Stock Units granted under the French Restricted Stock Unit Plan will not give rise to dividend equivalent payments prior to the Vesting Date nor shall a French Participant be entitled to receive on vesting an amount in cash in lieu of Shares.

(b) Grant Date.

The term **Grant Date** shall be the date on which the Administrator both (1) designates the French Participants and (2) specifies the terms and conditions of the Restricted Stock Units, including the number of Shares to be issued at a future date, the conditions for the vesting of the Restricted Stock Units, and the conditions of the transferability of the Shares once issued.

Table of Contents

(c) **Vesting Date.**

The term **Vesting Date** shall mean the date on which the Restricted Stock Units become vested, as specified by the Administrator. In principle, the Shares underlying the Restricted Stock Units are issued upon vesting. To qualify for the French favorable tax and social security regime, such Vesting Date shall not occur prior to the first anniversary of the Grant Date, as required under Section L. 225-197-1 of the French Commercial Code, as amended, or in the French Tax Code or in the French Social Security Code, as amended.

(d) **Closed Period.**

The term **Closed Period** means:

(i) Ten stock exchange trading days preceding and following the disclosure to the public of the consolidated financial statements or the annual statements of the Company; or

(ii) Any period during which the corporate management of the Company possess confidential information which could, if disclosed to the public, significantly impact the quotation price of the Shares, until the end of ten trading days following the date upon which the price information is made public.

If the French Commercial Code is amended after adoption of this French Restricted Stock Units Plan to modify the definition and/or applicability of the Closed Periods to French-qualified Restricted Stock Units, such amendments shall become applicable to any French-qualified Restricted Stock Units granted under this French Restricted Stock Units Plan, to the extent required by French law.

(e) **Disability.**

The term **Disability** means disability as determined in categories 2 and 3 under Section L. 341-4 of the French Social Security Code as amended.

(f) **Filing requirements**

The French Participants and their employer shall comply with the filing requirements provided for by French tax law.

3. Entitlement to Participate.

(a) Subject to Sections 3 (b), (c) and (d) below, any French Participant who, on the Grant Date of the Restricted Stock Units and to the extent required under French law, is either employed under the terms and conditions of an employment contract with the Company or a French Entity (*contrat de travail*) or who is a corporate officer of the Company (or of the French entity if the Company is listed on a regulated market), shall be eligible to receive Restricted Stock Units under the French Restricted Stock Unit Plan, provided that he or she also satisfies the eligibility conditions of Section 5.1 of the U.S. Plan.

Stock Units may not be issued to corporate officers of the French Entities, other than the managing directors (*e.g.*, *Président du Conseil d Administration*, *Directeur Général*, *Directeur Général Délégué*, *Membre du Directoire*, *Gérant de Sociétés par actions*), unless the corporate officer is an employee of a French Entity as defined by French law and is otherwise eligible to receive awards under Section 5.1 of the U.S. Plan.

(b) Notwithstanding any provisions in the U.S. Plan to the contrary, Restricted Stock Units may not be issued under the French Restricted Stock Unit Plan to employees or corporate officers owning more than ten percent (10%) of the Company's share capital.

Table of Contents

(c) Notwithstanding any provisions in the U.S. Plan to the contrary, a grant of Restricted Stock Units may not result in a Company's employee or officer holding more than ten percent (10%) of the Company's Shares.

(d) Notwithstanding any provisions in the U.S. Plan to the contrary, the number of shares granted pursuant to Restricted Stock Units may not exceed 10% of the Company's share capital at any time.

(e) Notwithstanding any provisions in the U.S. Plan to the contrary, Restricted Stock Units may not be granted to corporate officers under the French Restricted Stock Unit Plan, unless employee share plans or profit sharing plans are implemented to the benefit of all employees of the French branch of the Company, if any, and at least 90% of the employees of the French Entities, in the conditions described under Section L. 225-197-6 of the French Commercial Code.

4. Conditions of the Restricted Stock Units.

(a) Grant of Restricted Stock Units.

To the extent the French requirement is applicable to the Company, the Restricted Stock Units may be granted for 38 months following the approval of the U.S. Plan by the shareholders of the Company (or any other period stated in the U.S. Plan pursuant to the U.S. law). To the extent the provision does not apply to the Company, the U.S. Plan provision shall apply.

(b) Vesting of Stock Units.

Stock Units will not vest prior to the relevant anniversary of the Grant Date specified by the Administrator and in any case will not vest prior to the first anniversary of the Grant Date as defined under Section 2 above. However, notwithstanding the above, in the event of the death or Disability of a French Participant, all of his or her outstanding Restricted Stock Units shall vest and Shares shall be issued as set forth in Sections 7 and/or 8 of this French Restricted Stock Unit Plan.

(c) Holding of Shares.

The French Participants must hold the Shares issued pursuant to the Restricted Stock Units until the relevant anniversary of the Vesting Date specified by the Administrator, if any, and in any case until the second anniversary of the Grant Date, or such other period as is required to comply with the minimum mandatory holding period applicable to shares underlying French-qualified restricted stock units under Section L. 225-197-1 of the French Commercial Code, as amended or under the French Tax Code or French Social Security Code as amended. This holding period will continue to apply even after the French Participant is no longer an employee or corporate officer of a French Entity.

In addition, notwithstanding any provisions in the U.S. Plan to the contrary, Shares delivered upon the vesting date shall not be sold during certain Closed Periods as provided for by Section L. 225-197-1 of the French Commercial Code, so long as those Closed Periods are applicable to shares underlying French-qualified restricted stock units.

(d) French Participant's Account.

The Shares issued to a French Participant shall be recorded in an account in the name of the French Participant with the Company or a broker or in such other manner as the Company may otherwise determine to ensure compliance with applicable restrictions provided by law.

(e) Cash Dividends.

French Participants shall not be granted any cash dividends with respect to a Restricted Stock Unit, applicable to the period commencing on the Grant Date and terminating on the Vesting Date.

5. Non-transferability of Stock Units.

Notwithstanding any provision in the U.S. Plan to the contrary, the Restricted Stock Unit is not transferable, except by will or by the laws of descent and distribution, and the granting of the Company's Shares may be claimed during the life of the French Participant by the French Participant.

6. Adjustments and Change of Control.

In the event of adjustment or a Change of Control, adjustment to the terms and conditions of the Restricted Stock Units or underlying Shares may be made in accordance with the U.S. Plan. To the extent that such adjustments would violate applicable French rules, it may result in the disqualification of the Restricted Stock Units for purposes of the French favorable tax and social security regime. In this case, the Administrator may decide at its discretion to lift the restriction on sale of the underlying Shares.

7. Death.

Notwithstanding the provisions set forth in Section 5 above, in the event of the death of a French Participant, the Restricted Stock Units held by the French Participants at the time of death are transferable to the French Participant's heirs. The Company shall issue the underlying Shares to the French Participant's heirs, at their request, if such request occurs within six months following the death of the French Participant, as provided for in the Restricted Stock Unit Agreement. If the French Participant's heirs do not request the issuance of the Shares underlying the Restricted Stock Units within six months following the French Participant's death, the Restricted Stock Units will be forfeited.

The French Participant's heirs may freely sell the Shares notwithstanding the restriction on the sale of Shares set forth in Section 4(c) above to the extent and as long as applicable under French law.

8. Disability.

In the event of the Disability of a French Participant, the Company shall issue the underlying Shares to the French Participant at his/her request as provided for in the Restricted Stock Unit Agreement.

The French Participant may freely sell the shares notwithstanding the restriction on the sale of Shares set forth in Section 4(c) above.

9. Disqualification of French-qualified Restricted Stock Units.

If the Restricted Stock Units are otherwise modified or adjusted in a manner in keeping with the terms of the U.S. Plan or as mandated as a matter of law and the modification or adjustment is contrary to the terms and conditions of this French Restricted Stock Unit Plan, the Restricted Stock Units may no longer qualify as French-qualified Restricted Stock Units. If the Restricted Stock Units no longer qualify as French-qualified Restricted Stock Units, the Administrator may, provided it is authorized to do so under the U.S. Plan, determine to lift, shorten or terminate certain restrictions applicable to the vesting of the Restricted Stock Units or the sale of the Shares which may have been imposed under this French Restricted Stock Unit Plan or in the Restricted Stock Unit Agreement delivered to the French Participant.

10. Interpretation.

It is intended that Restricted Stock Units granted under the French Restricted Stock Unit Plan shall qualify for the favorable tax and social security treatment applicable to Restricted Stock Units granted under Sections L. 225-197-1 to L. 225-197-6 of the French Commercial Code as amended, or under the French Tax Code and the French Social Security Code as amended.

Table of Contents

The terms of the French Restricted Stock Unit Plan shall be interpreted accordingly and in accordance with the relevant provisions set forth by French tax and social security laws, as well as the French tax and social security administrations and the relevant guidelines released by the French tax and social insurance authorities and subject to the fulfillment of legal, tax and reporting obligations.

In the event of any conflict between the provisions of the French Restricted Stock Unit Plan and the U.S. Plan, the provisions of the French Restricted Stock Unit Plan shall control for any grants made to the French Participants under this French Restricted Stock Unit Plan.

Should the Restricted Stock Units not benefit from the French tax and social security favorable regime due to the French Participants' failure to comply with the provisions of this French Restricted Stock Unit Plan, the French Participant shall be liable for the payment of resulting taxes and social security charges.

11. Employment Rights.

The adoption of this French Restricted Stock Unit Plan shall not confer upon the French Participants or any employees of a French Entity, any employment rights and shall not be construed as part of any employment contracts that a French Entity has with its employees.

12. Amendments.

Subject to the terms of the U.S. Plan, the board reserves the right to amend or terminate this French Stock Unit Plan at any time. Such amendments would only apply to future grants and would not be retroactive.

13. Effective Date.

The French Restricted Stock Unit Plan is adopted and effective as of April 21, 2016.

OWENS CORNING

Corporate Incentive Plan Terms Applicable to Certain Executive Officers

(as amended and restated as of January 1, 2016)

1. Application

Set forth below are the annual Corporate Incentive Plan terms applicable to those employees of Owens Corning (the "Company"), its subsidiaries and affiliates who are executive officers of the Company and whose annual incentive compensation for any taxable year of the Company that the Committee (as hereafter defined) anticipates would not be deductible by the Company in whole or in part but for compliance with section 162(m)(4)(C) of the Internal Revenue Code of 1986 as amended ("162(m) Covered Employee"), including members of the Board of Directors who are such employees. Such terms are hereafter referred to as the "Plan" or "Corporate Incentive Plan".

2. Eligibility

All 162(m) Covered Employees shall be eligible to be selected to participate in this Corporate Incentive Plan. The Committee shall select the 162(m) Covered Employees who shall participate in this Plan in any year no later than 90 days after the commencement of the year (or no later than such earlier or later date as may be the applicable deadline for the compensation payable to such 162(m) Covered Employee for such year hereunder to qualify as "performance-based" under section 162(m)(4)(C) of the Internal Revenue Code of 1986 as amended (the "Code")). Selection to participate in this Plan in any year does not require the Committee to, or imply that the Committee will, select the same person to participate in the Plan in any subsequent year.

3. Administration

The Plan shall be administered by the Compensation Committee of the Board of Directors (the "Board"), or by another committee appointed by the Board consisting of not less than two (2) Directors who are not Employees (the "Committee"). The Committee shall be comprised exclusively of Directors who are not Employees and who are "outside directors" within the meaning of Section 162(m)(4)(C) of the Code. To the extent permitted by law, the Committee may delegate its administrative authority with respect to the Corporate Incentive Plan and, in the event of any such delegation of authority, the term "Committee" as used in this Plan shall be deemed to refer to the Committee's delegate as well as to the Committee. The Committee shall, subject to the provisions herein, select employees to participate herein; establish and administer the performance goals and the award opportunities applicable to each participant and certify whether the goals have been attained; construe and interpret the Plan and any agreement or instrument entered into under the Plan; establish, amend, or waive rules and regulations for the Plan's administration; and make all other determinations which may be necessary or advisable for the administration of the Plan. Any determination by the Committee pursuant to the Plan shall be final, binding and conclusive on all employees and participants and anyone claiming under or through any of them.

4. Establishment of Performance Goals and Award Opportunities

No later than 90 days after the commencement of each annual service period (or than such earlier or later date as may be the applicable deadline for compensation payable hereunder for such year to qualify as "performance-based" under section 162(m)(4)(C) of the Code), the Committee shall establish in writing the method for computing the amount of compensation which will be payable under the Plan to each participant in the Plan for such year if the performance goals established by the Committee for such year are attained in whole or in part and if the participant's employment by the Company, its subsidiaries and affiliates continues without interruption during that year. Such method shall be stated in terms of an objective formula or standard that precludes discretion to increase the amount of the award that would otherwise be due upon attainment of the

Table of Contents

goals. No provision hereof is intended to preclude the Committee from exercising negative discretion with respect to any award hereunder, within the meaning of the Treasury regulations under Code section 162(m).

No later than 90 days after the commencement of annual service period (or than such earlier or later date as may be the applicable deadline for compensation payable hereunder for such year to qualify as performance-based under section 162(m)(4)(C) of the Code), the Committee shall establish in writing the performance goals for such year, which shall be based on any of the following performance criteria, either alone or in any combination, and on either a consolidated or business unit level, as the Committee may determine: return on assets; return on net assets; return on equity; return on common equity; return on shareholder equity; return on invested capital; return on capital; total shareholder return; shareholder value added; share price; improvement in and/or attainment of expense levels; improvement in and/or attainment of cost levels; selling, general and administrative expense (SG&A); SG&A as a percent of revenue; costs as a percent of revenue; productivity objectives; quality metrics; capacity utilization; unit manufacturing costs; sales; net sales; gross profit margin; operating margin; cash margin; net income margin; earnings per share; earnings from operations; segment earnings from operations; earnings; earnings before taxes; earnings before interest and taxes (EBIT); earnings before interest, taxes, depreciation and amortization (EBITDA); revenue measures; number of units sold; number of units installed; revenue per employee; market share; market position; working capital measures; inventory; accounts receivable; accounts payable; cash conversion cycle; cash flow; cash generation; net cash generation; proceeds from asset sales; free cash flow; investable cash flow; capital expenditures; capital structure measures; cash balance; debt levels; equity levels; economic value added models; technology milestones; commercialization milestones; customer metrics; customer satisfaction; consumable burn rate; installed base; repeat customer orders; acquisitions; divestitures; employee metrics; employee engagement; employee retention; employee attrition; workforce diversity or safety; in each case, measured either semi-annually, annually or cumulatively over a period of years, on an absolute basis and/or relative to internal/external benchmarks, for the Company in its entirety or discrete segments thereof. The foregoing criteria shall have any reasonable definitions that the Committee may specify, which may include or exclude any or all of the following items as the Committee may specify: extraordinary, unusual or non-recurring items; effects of accounting changes; effects of currency fluctuations; effects of financing activities (e.g., effect on earnings per share of issuance of convertible debt securities); expenses for restructuring or productivity initiatives; other non-operating items; spending for acquisitions; effects of divestitures; and other extraordinary items. Any such performance criterion or combination of such criteria may apply to the participant's award opportunity in its entirety or to any designated portion or portions of the award opportunity, as the Committee may specify. Unless the Committee determines otherwise at any time prior to payment of a participant's award hereunder for any year, extraordinary items, such as capital gains and losses, which affect any performance criterion applicable to the award (including but not limited to the criterion of net income) shall be excluded or included in determining the extent to which the corresponding performance goal has been achieved, whichever will produce the higher award.

5. Maximum Award

The maximum dollar amount that may be paid to any participant under the Plan for any year is equal to \$5 million.

6. Attainment of Performance Goals Required

Awards shall be paid under this Plan for any year solely on account of the attainment of the performance goals established by the Committee with respect to such year, within the meaning of applicable Treasury regulations. Awards shall also be contingent on continued employment by the Company, its subsidiaries and affiliates during such year. The only exceptions to these rules apply in the event of termination of employment by reason of death or Disability, or in the event of a Change in Control of the Company (as such terms are defined in the Owens Corning 2016 Stock Plan (or its successor(s)) ("Stock Plan")), during such year, in which case the following provisions shall apply. In the event of termination of employment by reason of death or Disability during a Plan year, an award shall be payable under this Plan to the participant or the participant's estate for such year, which shall be adjusted, pro-rata, for the period of time during the Plan year the participant actually

Table of Contents

worked. In the event of a Change in Control during a Plan year and prior to any termination of employment, incentive awards shall be paid under the Plan at the higher of (a) one half of participating salary for such year (as determined by the Committee), or (b) projected performance for the year, determined at the time the Change in Control occurs. An additional exception shall apply to the requirement of continued employment during the year, but not to the requirement that awards shall be paid under this Plan for any year solely on account of the attainment of the performance goals established by the Committee with respect to such year, in the event of termination of employment by reason of Retirement (as defined in the Stock Plan) during a Plan year. Subject to the attainment of the performance goals established by the Committee with respect to such year, in the event of termination of employment by reason of Retirement during a Plan year an award may but need not (as the Committee may determine) be payable under this Plan to the participant, which shall be adjusted, pro-rata, for the period of time during the Plan year the participant actually worked. A participant whose employment terminates prior to the end of a Plan year for any reason not excepted above shall not be entitled to any award under the Plan for that year.

7. Shareholder Approval and Committee Certification Contingencies; Payment of Awards

Payment of any awards under this Plan shall be contingent upon shareholder approval, prior to payment, of the material terms of the performance goals under which the awards are to be paid, in accordance with applicable Treasury regulations under Code section 162(m). Unless and until such shareholder approval is obtained, no award shall be paid pursuant to this Plan. Subject to the provisions of paragraph 6 above relating to death, Disability and Change in Control, payment of any award under this Plan shall also be contingent upon the Compensation Committee's certifying in writing that the performance goals and any other material terms applicable to such award were in fact satisfied, in accordance with applicable Treasury regulations under Code section 162(m). Unless and until the Committee so certifies, such award shall not be paid. Unless the Committee provides otherwise, (a) earned awards shall be paid promptly following such certification, and (b) such payment shall be made in cash (subject to any payroll tax withholding the Company may determine applies). Any amount payable to a participant hereunder shall be separate from and independent of any annual incentive compensation to which the participant may be contractually entitled for such year pursuant to an employment agreement with the Company.

8. Amendment or Termination

The Committee may amend, modify or terminate this Plan at any time, provided that a termination or modification shall only become effective 30 days after written notice thereof is given to each participant. Each participant shall be eligible to receive the incentive compensation to which the participant would have been otherwise entitled but for such termination or modification, pro-rata for the period of the Plan year prior to the termination or modification.

9. Interpretation and Construction

Any provision of this Plan to the contrary notwithstanding, (a) awards under this Plan are intended to qualify as performance-based compensation under Code Section 162(m)(4)(C), and (b) any provision of the Plan that would prevent an award under the Plan from so qualifying shall be administered, interpreted and construed to carry out such intention and any provision that cannot be so administered, interpreted and construed shall to that extent be disregarded. No provision of the Plan, nor the selection of any eligible employee to participate in the Plan, shall constitute an employment agreement or affect the duration of any participant's employment, which shall remain employment at will unless an employment agreement between the Company and the participant provides otherwise. Both the participant and the Company shall remain free to terminate employment at any time to the same extent as if the Plan had not been adopted.

10. Governing Law

The terms of this Plan shall be governed by the laws of the State of Delaware, without reference to the conflicts of laws principles of that state.

The Board of Directors in any such resolution or resolutions is expressly authorized to state and express for each such series:

(i) The designation of the series, which may be by distinguishing number, letter or title;

FIFTH. The private property of the stockholders shall not be subject to the payment of corporate debts to any extent whatsoever.

SIXTH. The fact that the stockholders or directors or officers of the Corporation are, in whole or in part, the same as those of any other corporation or business entity shall not in any way affect the validity and enforceability of any agreement or transaction between the two corporations.

SEVENTH. The stockholders and directors shall have the power to hold their meetings, to have an office or offices and to keep the books of the Corporation (subject to the provisions of applicable law) outside of the State of Delaware at such places as may from time to time be designated by the Bylaws or by resolution of the Board of Directors or its designees.

EIGHTH.

- (a) The business and affairs of the Corporation shall be managed by or under the direction of the Board of Directors. Subject to any rights of the holders of any series of Preferred Stock to elect additional directors under specified circumstances, the number of directors that constitute the whole Board of Directors shall be such number as shall be fixed by, or in the manner provided in, the Bylaws of the Corporation. At each annual meeting of stockholders beginning in 2015, directors shall be elected annually for one-year terms expiring at the next succeeding annual meeting of stockholders.

Table of Contents

Notwithstanding the foregoing, the Class III directors elected at the 2012 annual meeting of stockholders shall continue to serve until the 2015 annual meeting of stockholders, the Class I directors elected at the 2013 annual meeting of stockholders shall continue to serve until the 2016 annual meeting of stockholders and the Class II directors elected at the 2014 annual meeting of stockholders shall continue to serve until the 2017 annual meeting of stockholders, subject, however, to prior death, resignation, retirement, disqualification or removal from office. Beginning with the 2017 annual meeting of stockholders, the entire Board of Directors shall be subject to election at each annual meeting of stockholders and the Board of Directors will no longer be divided into classes. ~~Notwithstanding anything contained in this Article Eighth to the contrary, the third annual meeting of stockholders following the date on which all conditions to the consummation of the Sixth Amended Joint Plan of Reorganization of Owens Corning and its Affiliated Debtors and Debtors In Possession (as Modified) (the "Plan") filed pursuant to Section 1121(a) of the Bankruptcy Code and confirmed by an order of the United States Bankruptcy Court for the District of Delaware dated as of September 26, 2006 have been satisfied or waived as provided in Article XII of the Plan, and all acts, events, terms and conditions contemplated under the Plan to occur on the Effective Date have occurred (the "Effective Date"), shall not be held prior to the earlier of (i) the third anniversary of the Effective Date and (ii) the earlier of (x) if the Reserved New OCD Shares (as defined in the Plan, the "Reserved New OCD Shares") are issued to the Asbestos Personal Injury Trust (as defined in the Plan, the "Asbestos PI Trust"), the date following such issuance on which the Asbestos PI Trust no longer owns, beneficially or of record, at least 1% of the then outstanding shares of common stock of the Corporation and (y) if all of the FAIR Act Conditions (as defined in the Plan, the "FAIR Act Conditions") are satisfied in full, the date on which the last of the FAIR Act Conditions is satisfied in full. For purposes of this Amended and Restated Certificate of Incorporation, the Asbestos PI Trust shall be considered to own, beneficially and of record, Reserved New OCD Shares for so long as the Asbestos PI Trust is able to provide, upon request by the Corporation, evidence reasonably satisfactory to the Corporation of the Asbestos PI Trust's ownership of such Reserved New OCD Shares.~~

- (b) Notwithstanding any other provisions of this Article Eighth, each director shall serve until his or her successor is duly elected and qualified, unless he or she shall die, resign, retire, become disqualified or be removed. No decrease in the number of directors constituting the Board of Directors shall shorten the term of any incumbent director.
- (c) Any director may tender his or her resignation at any time. Subject to the rights of the holders of any series of Preferred Stock then outstanding with respect to directors appointed by the holders of such series of Preferred Stock, prior to and until the time at which the Board of Directors ceases to be classified pursuant to this Article Eighth, any director may be removed from office at any time, but only for cause and then only by the affirmative vote of the holders of at least a majority of the voting power of the then outstanding Voting Stock (as hereinafter defined), voting together as a single class. For purposes of this Amended and Restated Certificate of Incorporation, "Voting Stock" shall mean the outstanding shares of capital stock of the Corporation entitled to vote generally in the election of directors. For purposes of this Article Eighth, "cause" shall mean (i) a director's theft or embezzlement or attempted theft or embezzlement of money, or tangible or intangible assets or property, which results in a felony indictment or similar judicial proceeding; (ii) a director's violation of any law (whether foreign or domestic), which results in a felony indictment or similar judicial proceeding; or (iii) a director's gross negligence, willful misconduct or knowing violation of law, in the performance of the director's duties; provided, however, the director shall have been given a reasonable period to cure any alleged cause under clause (iii) above (other than willful misconduct) prior to the taking of a vote on the director's removal. Subject to the rights of the holders of any series of Preferred Stock then outstanding with respect to directors appointed by the holders of such series of Preferred Stock, from and after the time at which the Board of Directors ceases to be classified pursuant to this Article Eighth, any director may be removed from office at any time, with or without cause, by the affirmative vote of the holders of at least a majority of the voting power of the then outstanding Voting Stock, voting together as a single class.

Table of Contents

- (d) Director vacancies shall be filled in the manner set forth in the Bylaws of the Corporation.
- (e) Whenever the holders of any one or more series of Preferred Stock issued by the Corporation shall have the right, voting separately by series, to elect directors at an annual or special meeting of stockholders, the election, term of office, filling of vacancies and other features of such directorships shall be governed by this Article Eighth unless expressly otherwise provided by the resolution or resolutions providing for the creation of such series.
- (f) Elections for directors shall not be by ballot unless demand is made for election by ballot by a stockholder entitled to vote for the election of directors. With respect to the election of directors, each stockholder shall be entitled to cast for any candidate for election as a director only one vote per share and stockholders shall not be entitled to cumulate their votes and cast them in favor of one candidate or distribute them among any two or more candidates.
- (g) Notwithstanding any other provision of this Amended and Restated Certificate of Incorporation and subject to the other provisions of this Article Eighth, the Board of Directors shall determine the rights, powers, duties, rules and procedures that shall affect the directors' power to manage and direct the business and affairs of the Corporation. Without limiting the foregoing, the Board of Directors shall designate and empower committees of the Board of Directors, shall elect and empower the officers of the Corporation, may appoint and empower other officers and agents of the Corporation, and shall determine the time and place of, and the notice requirements for, Board meetings, as well as quorum and voting requirements for, and the manner of taking, Board action.

NINTH. Advance notice of new business and stockholder nominations for the election of directors shall be given in the manner and to the extent provided in the Bylaws of the Corporation. Any action required or permitted to be taken by the stockholders of the Corporation must be ~~affected~~effected at a duly called annual or special meeting of such holders and may not be effected by any consent in writing by such holders. Except as otherwise required by law, special meetings of the stockholders of the Corporation may be called only by the Board of Directors pursuant to a resolution approved by a majority of the entire Board of Directors; ~~provided, however, that during the period beginning on the Effective Date and ending on the earlier of (i) if the Reserved New OCD Shares are issued to the Asbestos PI Trust, the date of such issuance and (ii) if all of the FAIR Act Conditions are satisfied in full, the date on which the last of the FAIR Act Conditions is satisfied in full, no record date may be set for a special meeting of stockholders, nor may a special meeting of stockholders be called by the Board of Directors, if a purpose of such meeting is to amend, alter, modify, change or repeal, or to adopt a provision to the Amended and Restated Certificate of Incorporation or to the Bylaws inconsistent with, Article Eighth, Article Ninth, Article Tenth, Article Eleventh, Article Twelfth or Article Thirteenth hereof or Sections 2.2, 2.3, 2.4, 2.13, 2.14, 2.15 or 2.16 or Article X of the Bylaws.~~

TENTH.

- (a) The Corporation shall, to the fullest extent authorized or permitted by applicable law, indemnify any person made, or threatened to be made, a party to any action or proceeding (whether civil or criminal or otherwise) by reason of the fact that he or she, his or her testator or intestate, is or was a director or officer of the Corporation or by reason of the fact that such person, at the request of the Corporation, is or was serving as a director, manager, officer, employee or agent of any other corporation, limited liability company, partnership, joint venture, trust, employee benefit plan or other enterprise. Section 1.1 Annual Meeting. An annual meeting of the stockholders of Owens Corning (the Corporation), for the election of directors to succeed those whose terms expire and for the transaction of such other business as may properly come before the meeting, shall be held at such place, either within or without the State of Delaware, on such date, and at such time as the Board of Directors shall fix by resolution each year. ~~The first annual meeting of stockholders following the date on which all conditions to the consummation of the Sixth Amended Joint Plan of Reorganization of Owens Corning (Former Owens Corning) and its Affiliated Debtors and Debtors In Possession (as Modified) (the Plan) filed pursuant to Section 1121(a) of chapter 11 of title 11 of the United States Code (the Bankruptcy Code) and confirmed by an order of the United States Bankruptcy Court for the District of Delaware dated as of September 26, 2006 have been satisfied or waived as provided in Article XII of the Plan, and all acts, events, terms and conditions contemplated under the Plan to occur on the Effective Date have occurred (the Effective Date), shall be held no earlier than the first anniversary of the Effective Date.~~ The Board of Directors may, in its sole discretion, determine that the meeting shall not be held at any place, but shall be held solely by means of remote communication, subject to such guidelines and procedures as the Board of Directors may adopt, as permitted by applicable law. Subject to Section 1.7, any other proper business may be transacted at an annual meeting.

Section 1.2 Special Meetings. Except as otherwise required by the General Corporation Law of the State of Delaware (as it may be amended from time to time, the General Corporation Law) or by the Amended and Restated Certificate of Incorporation of the Corporation (as it may be amended, the Amended and Restated Certificate of Incorporation) and subject to the rights of the holders of any class or series of stock having a preference over the Common Stock of the Corporation as to dividends or upon liquidation, dissolution or winding up, special meetings of the stockholders may be called only by the Board of Directors pursuant to a resolution approved by a majority of the whole Board of Directors. Special meetings of the stockholders shall be held at such place, either within or without the State of Delaware, on such date, and at such time as the Board of Directors shall fix. The Board of Directors may, in its sole discretion, determine that the special meeting shall not be held at any place, but shall be held solely by means of remote communications, subject to such guidelines and procedures as the Board of Directors may adopt, as permitted by applicable law. Business transacted at special meetings shall be confined to the purpose or purposes stated in the notice.

Section 1.3 Notice of Meetings. Written notice of the place, if any, date, and time of all meetings of the stockholders, the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such meeting and, in the case of a special meeting, the purpose or purposes for which the meeting is called shall be given, not less than ten (10) nor more than sixty (60) days before the date on which the meeting is to be held, to each stockholder of record entitled to vote at such meeting, except as otherwise provided herein or required by the General Corporation Law or by the Amended and Restated Certificate of Incorporation.

No notice of any meeting of stockholders need be given to any stockholder who submits a signed waiver of notice to the Secretary of the Corporation, whether before or after the meeting. Attendance of a person at a meeting shall constitute a waiver of notice of such meeting, except when the stockholder attends a meeting, in person or by proxy, for the express purpose of objecting, at the beginning of the meeting, to the transaction of any business on the grounds that the meeting is not lawfully called or convened. When a meeting is adjourned to another place, date or time, written notice need not be given of the adjourned meeting if the place, date and time thereof and the means of remote communications, if any, by which stockholders and proxyholders may be

deemed present in person and vote at such adjourned meeting are announced at the meeting at which the adjournment is taken; provided, however, that if the date of any adjourned meeting is more than thirty (30) days after the date for which the meeting was originally noticed, or if a new record date is fixed for the adjourned meeting, written notice of the place, date, and time of the adjourned meeting shall be given in conformity herewith. At any adjourned meeting, any business may be transacted which might have been transacted at the original meeting.

Section 1.4 Quorum. At any meeting of the stockholders, the holders of a majority of all of the shares of the stock entitled to vote at the meeting, present in person or by proxy, shall constitute a quorum for all purposes, unless or except to the extent that the presence of a larger number may be required by the General Corporation Law or by the Amended and Restated Certificate of Incorporation. Where a separate vote by a class or classes is required, a majority of the shares of such class or classes, present in person or represented by proxy, shall constitute a quorum entitled to take action with respect to the vote on that matter. If a quorum is present when a meeting is convened, the subsequent withdrawal of stockholders, even though less than a quorum remains, shall not affect the ability of the remaining stockholders lawfully to transact business.

If a quorum shall fail to attend any meeting, the chairman of the meeting or the holders of a majority of the shares of stock entitled to vote who are present, in person or by proxy, may adjourn the meeting to another place, date, or time until a quorum is present.

If a notice of any adjourned special meeting of stockholders is sent to all stockholders entitled to vote thereat, stating that it will be held with those present constituting a quorum, then except as otherwise required by the General Corporation Law or by the Amended and Restated Certificate of Incorporation, those present at such adjourned meeting, in person or by proxy, shall constitute a quorum, and all matters shall be determined by a majority vote of the votes cast at such meeting.

Section 1.5 Organization. The Chairman of the Board or such other person as the Board of Directors may have designated or, in the absence of such a person, the Chief Executive Officer of the Corporation or, in his absence, the President of the Corporation or, in the absence of such officer, such person as may be chosen by the holders of a majority of the shares entitled to vote who are present, in person or by proxy, shall call to order any meeting of the stockholders and act as chairman of the meeting. The secretary of the meeting shall be such person as the chairman appoints.

Section 1.6 Conduct of Business; Remote Communication. To be timely, a stockholder's notice shall be delivered to the Secretary at the principal offices of the Corporation not earlier than the close of business on the 120th day and not later than the close of business on the 90th day prior to the first anniversary of the preceding year's annual meeting; provided, however, that in the event that the date of the annual meeting is more than 30 days before or more than 60 days after such anniversary date, written notice by a stockholder to be timely must be so delivered not earlier than the close of business on the 120th day prior to such annual meeting and not later than the close of business on the later of the 90th day prior to such annual meeting and the 10th day following the day on which a public announcement of the date of such meeting is first made by the Corporation. To be in proper form, a stockholder's notice to the Secretary must: (a) set forth, as to the stockholder giving the notice and the beneficial owner, if any, on whose behalf the nomination or proposal is made (i) the name and address of such stockholder, as they appear on the Corporation's books, and of any other beneficial owner, if any, (ii) the class or series and number of shares of the Corporation which are owned beneficially and of record by such stockholder and such beneficial owner, if any, as of the date of such notice (which information shall be supplemented by such stockholder and such beneficial owner, if any, not later than 10 days after the record date for the meeting to disclose such ownership as of the record date), and (iii) any other information relating to such stockholder and beneficial owner, if any, that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for, as applicable, the proposal and/or for the election of directors in a contested election pursuant to Section 14 of the Securities Exchange Act of 1934, as amended, and the rules and regulations promulgated thereunder (the "Exchange Act"); (b) if the notice relates to any business other than the nomination of a director that the stockholder proposes to bring before the meeting, set forth (i) a brief description of the business desired to be brought before the meeting, the reasons for conducting such business at the meeting and any material interest of such stockholder and beneficial owner, if any, in such business and (ii) a description of all agreements, arrangements and understandings between such stockholder and beneficial owner, if any, and any other person or persons (including their names) in connection with the proposal of such business by such stockholder; (c) set forth, as to each person, if any, whom the stockholder proposes to nominate for election or reelection as a director (i) all information relating to such person that would be required to be disclosed in a proxy statement or other filings required to be made in connection with solicitations of proxies for election of directors in a contested election pursuant to Section 14 of the Exchange Act (including such person's written consent to be named in the proxy statement as a nominee and to serving as a director if elected) and (ii) a description of all direct and indirect compensation and other material monetary agreements, arrangements and understandings during the past three years, and other material relationships, between or among such stockholder and beneficial owner, if any, and their respective affiliates and associates, or others acting in concert therewith, on the one hand, and each proposed nominee, and his or her respective affiliates and associates, or others acting in concert therewith, on the other hand, including, without limitation, all information that would be required to be disclosed pursuant to Rule 404 promulgated under Regulation S-K if the stockholder making the nomination and any beneficial owner on whose behalf the nomination is made, if any, or any affiliate or associate thereof or person acting in concert therewith, were the registrant for purposes of such rule and the nominee were a director or executive officer of such registrant; and (d) with

(3) Notwithstanding anything in the second sentence of Section 1.7(a)(2) to the contrary, in the event that the number of directors to be elected to the Board of Directors of the Corporation is increased and there is no public announcement by the Corporation naming all of the nominees for director or specifying the size of the increased Board of Directors at least 100 days prior to the first anniversary of the preceding year's annual meeting, a stockholder's notice required by this Section 1.7 shall also be considered timely, but only with respect to nominees for any new positions created by such increase, if it shall be delivered to the Secretary at the principal executive offices of the Corporation not later than the close of business on the 10th day following the day on which such public announcement is first made by the Corporation.

(b) Special Meetings of Stockholders. NOTICES

Section 6.1 Notices. Except as otherwise specifically provided herein or required by the General Corporation Law or by the Amended and Restated Certificate of Incorporation, all notices required to be given to any stockholder, director, officer, employee or agent shall be in writing and may in every instance be effectively given by hand delivery to the recipient thereof, by depositing such notice in the mails, postage paid, or by sending such notice by prepaid telegram, mailgram or commercial courier service or any other reliable means permitted by applicable law (including, subject to the next paragraph, electronic transmission). Any such notice shall be addressed to such stockholder, director, officer, employee or agent at his, her or its last known address as the same appears on the books of the Corporation. The time when such notice is received by such stockholder, director, officer, employee or agent, or by any person accepting such notice on behalf of such person, if hand delivered, or dispatched, if delivered through the mails or by telegram, courier or mailgram, shall be the time of the giving of the notice. Such requirement for notice shall also be deemed satisfied, except in the case of stockholder meetings, if actual notice is received orally or by other writing by the person entitled thereto as far in advance of the event with respect to which notice is being given as the minimum notice period required by the General Corporation Law, the Amended and Restated Certificate of Incorporation or the Bylaws of the Corporation.

Without limiting the foregoing, any notice to stockholders given by the Corporation pursuant to these Bylaws shall be effective if given by a form of electronic transmission consented to by the stockholder to whom the notice is given. Any such consent shall be revocable by the stockholder by written notice to the Corporation and shall also be deemed revoked if (1) the Corporation is unable to deliver by electronic transmission two consecutive notices given by the Corporation in accordance with such consent and (2) such inability becomes known to the Secretary of the Corporation, the transfer agent or other person responsible for the giving of notice; provided, however, that the inadvertent failure to treat such inability as a revocation shall not invalidate any meeting or other action. Notice given by a form of electronic transmission in accordance with these Bylaws shall be deemed given: (i) if by facsimile telecommunication, when directed to a number at which the stockholder has consented to receive notice; (ii) if by electronic mail, when directed to an electronic mail address at which the stockholder has consented to receive notice; (iii) if by a posting on an electronic network, together with separate notice to the stockholder of such specific posting, upon the later of such posting and the giving of such separate notice; and (iv) if by another form of electronic transmission, when directed to the stockholder.

Section 6.2 Waivers. A written waiver of any notice, signed by a stockholder, director, officer, employee or agent, whether before or after the time of the event for which notice is to be given, shall be deemed equivalent to the notice required to be given to such stockholder, director, officer, employee or agent. Neither the business nor

the purpose of any meeting need be specified in such a waiver. Attendance of a person at a meeting shall constitute a waiver of notice for such meeting, except when the person attends a meeting for the express purpose of objecting, and does in fact object, at the beginning of the meeting, to the transaction of any business because the meeting is not lawfully called or convened.

ARTICLE VII

The Board of Directors may authorize the use of facsimile or mechanically applied signatures or may delegate to an officer or officers the power to authorize the use thereof. The Board of Directors may authorize the use of Depository Transfer Instruments without signature from one corporate account maintained with a duly designated depository to any other corporate account maintained with either the same or some other duly designated depository. The Board of Directors may authorize the use of any generally accepted means of transferring funds without signature from a corporate account maintained with a duly designated depository to any other corporate account or to the account of another party at the same or some other depository.

ARTICLE VIII

MISCELLANEOUS

Section 8.1 Facsimile Signatures. In addition to the provisions for use of facsimile signatures elsewhere specifically authorized in these Bylaws, facsimile signatures of any officer or officers of the Corporation may be used whenever and as authorized by the Board of Directors or a committee thereof.

duties, be fully protected in relying in good faith upon the books of account or other records of the Corporation, and upon such information, opinions, reports or statements presented to the Corporation by any of its officers or employees, or committees of the Board of Directors so designated, or by any other person as to matters which such director, committee member or officer reasonably believes are within such other person's professional or expert competence and who has been selected with reasonable care by or on behalf of the Corporation.

Section 8.4 Time Periods. In applying any provision of these Bylaws which requires that an act be done or not done a specified number of days prior to an event or that an act be done during a period of a specified number of days prior to an event, calendar days shall be used, the day of the doing of the act shall be excluded, and the day of the event shall be included.

Section 8.5 Form of Records. Any records maintained by the Corporation in the regular course of its business, including its stock ledger, books of account, and minute books, may be kept on, or be in the form of, punch cards, magnetic tape, photographs, microphotographs, electronic format or any other information storage device, provided that the records so kept can be converted into clearly legible form within a reasonable time. The Corporation shall so convert any records so kept upon the request of any person entitled to inspect the same.

Section 8.6 Transactions With Interested Parties. No contract or transaction between the Corporation and one or more of the directors or officers, or between the Corporation and any other corporation, partnership, association, or other organization in which one or more of the directors or officers are directors or officers, or have a financial interest, shall be void or voidable solely for this reason, or solely because the director or officer is present at or participates in the meeting of the Board of Directors or a committee of the Board of Directors at which the contract or transaction is authorized or solely because any such director's or officer's votes are counted for such purpose if (a) the material facts as to the director's or officer's relationship or interest and as to the contract or transaction are disclosed or are known to the Board of Directors or the committee, and (b) the Board of Directors or the committee in good faith authorizes the contract or transaction by the affirmative votes of a majority of the disinterested directors, even though the disinterested directors be less than a quorum. Interested directors may be counted in determining the presence of a quorum at a meeting of the Board of Directors or of a committee which authorizes the contract or transaction.

Section 8.7 Definitions. For purposes of these Bylaws, "electronic transmission" means any form of communication, not directly involving the physical transmission of paper, that creates a record that may be retained, retrieved and reviewed by a recipient thereof, and that may be directly reproduced in paper form by such a recipient through an automated process.

Section 8.8 Exclusive Forum. Unless the Corporation consents in writing to the selection of an alternative forum, the sole and exclusive forum for (a) any derivative action or proceeding brought on behalf of the Corporation, (b) any action asserting a claim of breach of a fiduciary duty owed by any director or officer or other employee of the Corporation to the Corporation or the Corporation's stockholders, (c) any action asserting a claim against the Corporation or any director or officer or other employee of the Corporation arising pursuant to any provision of the Delaware General Corporate Law or the Corporation's certificate of incorporation or Bylaws (as either may be amended from time to time) or (d) any action asserting a claim against the Corporation or any director or officer or other employee of the Corporation governed by the internal affairs doctrine shall be a state court located within the State of Delaware (or, if no state court located within the State of Delaware has jurisdiction, the federal district court for the District of Delaware).

ARTICLE IX

INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 9.1 Right to Indemnification. The Corporation shall, to the fullest extent authorized or permitted by applicable law from time to time in effect (but, in the case of any amendment of such law, only to the extent that such amendment permits the Corporation to provide broader indemnification rights than such law permitted the

Table of Contents

Corporation to provide prior to such amendment) indemnify any and all persons who may serve or who have served at any time as directors or officers of the Corporation, or who at the request of the Corporation may serve or at any time have served as directors, managers, officers, employees or agents of another corporation (including subsidiaries of the Corporation) or of any partnership, joint venture, trust or other enterprise, and any directors or officers of the Corporation who at the request of the Corporation may serve or at any time have served as agents or fiduciaries of an employee benefit plan of the Corporation or any of its subsidiaries, from and against any and all of the expenses, liabilities or other matters referred to in or covered by law whether the basis of such proceeding is alleged action in an official capacity as a director, officer, employee or agent or in any other capacity while serving as a director, manager, officer, employee or agent. The Corporation may also indemnify any and all other persons whom it shall have power to indemnify under any applicable law from time to time in effect to the extent authorized or permitted by such law. The indemnification provided by this Article IX shall not be deemed exclusive of any other rights to which any person may be entitled under any provision of the Amended and Restated Certificate of Incorporation, other Bylaw, agreement, vote of stockholders or disinterested directors, or otherwise, both as to action in an official capacity and as to action in another capacity while holding such office, and shall be contract rights and continue as to a person who has ceased to be a director, manager, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

For purposes of this Article IX: (i) any reference to other enterprise shall include all plans, programs, policies, agreements, contracts and payroll practices and related trusts for the benefit of or relating to employees of the Corporation and its related entities (employee benefit plans); (ii) any reference to fines , penalties , liability and expenses shall include any excise taxes, penalties, claims, liabilities and reasonable expenses (including reasonable legal fees and related expenses) assessed against or incurred by a person with respect to any employee benefit plan; (iii) any reference to serving at the request of the Corporation shall include any service as a director, manager, officer, employee or agent of the Corporation or trustee or administrator of any employee benefit plan which imposes duties on, or involves services by, such director, manager, officer, employee or agent with respect to an employee benefit plan, its participants, beneficiaries, fiduciaries, administrators and service providers; and (iv) any reference to serving at the request of the Corporation as a director, officer, employee or agent of a partnership or trust shall include service as a partner or trustee.

Section 9.2 Right of Claimant to Bring Suit. If a claim under this Article IX is not paid in full by the Corporation within sixty days after a written claim has been received by the Corporation, except in the case of a claim for an advancement of expenses, in which case the applicable period shall be twenty days, the director or officer may at any time thereafter bring suit against the Corporation to recover the unpaid amount of the claim. If successful in whole or in part in any such suit, or in a suit brought by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the director or officer shall be entitled to be paid also the expense of prosecuting or defending such suit. In (i) any suit brought by the director or officer to enforce a right to indemnification hereunder (but not in a suit brought by the director or officer to enforce a right to an advancement of expenses) it shall be a defense that, and (ii) any suit by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the Corporation shall be entitled to recover such expenses upon a final adjudication that, the director or officer has not met any applicable standard for indemnification set forth in the General Corporation Law. Neither the failure of the Corporation (including its Board of Directors, independent legal counsel, or its stockholders) to have made a determination prior to the commencement of such suit that indemnification of the director or officer is proper in the circumstances because the director or officer has met the applicable standard of conduct set forth in the General Corporation Law, nor an actual determination by the Corporation (including its Board of Directors, independent legal counsel, or its stockholders) that the director or officer has not met such applicable standard of conduct, shall create a presumption that the director or officer has not met the applicable standard of conduct or, in the case of such a suit brought by the director or officer, be a defense to such suit. In any suit brought by the director or officer to enforce a right to indemnification or to an advancement of expenses hereunder, or by the Corporation to recover an advancement of expenses pursuant to the terms of an undertaking, the burden of proving that the director or officer is not entitled to be indemnified, or to such advancement of expenses, under this Article IX or otherwise shall be on the Corporation.

Table of Contents

Section 9.3 No Limitation. The indemnification provided in this Article IX shall inure to each person referred to herein, whether or not the person is serving in any of the enumerated capacities at the time such expenses (including attorneys' fees), judgments, fines or amounts paid in settlement are imposed or incurred, and whether or not the claim asserted against him or her is based on matters which antedate the adoption of this Article IX. None of the provisions of this Article IX shall be construed as a limitation upon the right of the Corporation to exercise its general power to enter into a contract or understanding of indemnity with a director, officer, employee, agent or any other person in any proper case not provided for herein. Each person who shall act or have acted as a director or officer of the Corporation shall be deemed to be doing so in reliance upon such right of indemnification.

Section 9.4 Indemnification Contracts. The Board of Directors is authorized to enter into a contract with any director, manager, officer, employee or agent of the Corporation, or any person serving at the request of the Corporation as a director, manager officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, including employee benefit plans, providing for indemnification rights equivalent to those provided for in this Article IX.

Section 9.5 Insurance. The Corporation may maintain insurance, at its expense, to protect itself and any such director, manager, officer, employee or agent of the Corporation or another corporation, partnership, joint venture, trust or other enterprise against any such expense, liability or loss, whether or not the Corporation would have the power to indemnify such person against such expenses, liability or loss under the General Corporation Law.

Section 9.6 Effect of Amendment. Any amendment, repeal or modification of any provision of this Article IX by the stockholders or the directors of the Corporation shall not adversely affect any right or protection of a director or officer of the Corporation existing at the time of such amendment, repeal or modification.

Section 9.7 Savings Clause. If this Article IX or any portion hereof shall be invalidated on any ground by any court of competent jurisdiction, then the Corporation shall nevertheless indemnify each director, manager, officer, employee and agent of the Corporation as to costs, charges and expenses (including attorneys' fees), judgments, fines and amounts paid in settlement with respect to any action, suit or proceeding, whether civil, criminal, administrative or investigative, including an action by or in the right of the Corporation, to the fullest extent permitted by any applicable portion of this Article IX that shall not have been invalidated and to the fullest extent authorized or permitted by applicable law.

ARTICLE X

AMENDMENTS

Except as set forth below, the Board of Directors, by a majority vote of the whole Board of Directors at any meeting, may amend these Bylaws, including Bylaws adopted by the stockholders, provided that the stockholders may from time to time specify particular provisions of the Bylaws which shall not be amended by the Board of Directors. Notwithstanding anything to the contrary set forth in these Bylaws except the last sentence of this Article X, prior to the second anniversary of the Effective Date, the Bylaws set forth in Section 2.10 may not be amended or repealed in any respect, and no provision inconsistent therewith may be adopted by the stockholders or the Board of Directors, without the affirmative vote of the holders of at least a majority of the voting power of the then outstanding shares of stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class. of the voting power of the then outstanding shares of stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class. Notwithstanding anything to the contrary set forth in these Bylaws, during the period beginning on the Effective Date and ending on the earlier of (A) if the Reserved New OCD Shares are issued to the Asbestos PI Trust, the date following such issuance on which the Asbestos PI Trust no longer owns, beneficially or of record, at least 1% of the then outstanding shares of common stock of the Corporation and (B) if all of the Fair Act Conditions are satisfied, the date on which the last of the Fair Act Conditions is satisfied in full, the Bylaws set forth in Sections 2.2, 2.3, 2.4, 2.13, 2.14, 2.15 and 2.16 and this Article X may not be amended or repealed in any respect, and no provision inconsistent therewith may be adopted by the stockholders or the Board of Directors, if such amendment, repeal or provision could (i) in any way adversely affect the rights provided under Section 5.18(a) of the Plan to the Asbestos PI Trust, the Future Claimants Representative, the Asbestos Claimants Committee and/or the TAC, (ii) shorten the term of any director of the Corporation named, appointed, designated or nominated, pursuant to the rights granted under Article II hereof, by the Future Claimants Representative, the Asbestos Claimants Committee, the Asbestos PI Trust and/or the TAC or (iii) alter, modify, repeal or amend this sentence of Article X, without, in each case, (x) the affirmative vote of the holders of at least 75% of the voting power of the then outstanding shares of stock of the Corporation entitled to vote generally in the election of directors, voting together as a single class, and (y) the prior written consent of the Asbestos PI Trust.

Section 10.1 By Stockholders. ANNEX E

PROPOSED AMENDMENT TO THE AMENDED AND RESTATED BYLAWS TO IMPLEMENT MAJORITY VOTING IN UNCONTESTED DIRECTOR ELECTIONS

(Deletions marked with strikethrough and additions marked with double underlining; to the extent that Proposal 7 is approved, references to sections in Article II shall be adjusted as appropriate.)

Section 1.10 Proxies and Voting.

(a) A stockholder may, by an instrument in writing or by a transmission permitted by law filed in accordance with the procedures established for the meeting, authorize any other person or persons to act for such stockholder as proxy to vote for such stockholder at any and all meetings of stockholders and to waive all notices which such stockholder may be entitled to receive.

(b) Each stockholder shall have one vote for every share of stock entitled to vote which is registered in such stockholder's name on the record date for the meeting, except as otherwise provided herein or required by the General Corporation Law or by the Amended and Restated Certificate of Incorporation.

(c) All voting, including on the election of directors, and except where otherwise required by the General Corporation Law or by the Amended and Restated Certificate of Incorporation, may be by a voice vote; provided, however, that upon demand therefor by a stockholder entitled to vote or by such stockholder's proxy, a stock vote shall be taken. Every stock vote shall be taken by ballots, each of which shall state the name of the stockholder or proxy voting and such other information as may be required under the procedure established for the meeting. Every vote taken by ballots shall be counted by an inspector or inspectors appointed by the chairman of the meeting.

(d) Except as set forth below, election of directors at all meetings of the stockholders at which directors are to be elected shall be by ballot, and, subject to the rights of the holders of any series of Preferred Stock to elect directors under specified circumstances, a majority of the votes cast at any meeting for the election of directors at which a quorum is present shall elect directors. For purposes of this Bylaw, a majority of votes cast shall mean that the number of shares voted for a director's election exceeds 50% of the number of votes cast with respect to that director's election. Votes cast shall include direction to withhold authority in each case and exclude abstentions with respect to that director's election. Notwithstanding the foregoing, in the event of a contested election of directors, directors shall be elected by the vote of a plurality of the votes cast at any meeting for the election of directors at which a quorum is present. For purposes of this Bylaw, a contested election shall mean any election of directors in which the number of candidates for election as directors exceeds the number of directors to be elected, with the determination thereof being made by the Secretary as of the close the applicable notice of nomination period set forth in Section 1.7 of these Bylaws or under applicable law, based on whether one or more notice(s) of nomination were timely filed in accordance with Section 1.7; provided, however, that the determination that an election is a contested election shall be determinative only as to the timeliness of a notice of nomination and not otherwise as to its validity. If, prior to the time the Corporation mails its initial proxy statement in connection with such election of directors, one or more notices of nomination are withdrawn such that the number of candidates for election as director no longer exceeds the number of directors to be elected, the election shall not be considered a contested election, but in all other cases, once an election is determined to be a contested election, directors shall be elected by the vote of a plurality of the votes cast.

(e) If a nominee for director who is an incumbent director is not elected and no successor has been elected at such meeting, the director shall promptly tender his or her resignation to the Board of Directors. The Governance and Nominating Committee shall make a recommendation to the Board of Directors as to whether to accept or reject the tendered resignation, or whether other action should be taken. The Board of Directors shall act on the tendered resignation, taking into account the Governance and Nominating Committee's recommendation, and publicly disclose (by a press release, a filing with the Securities and Exchange Commission or other broadly

Table of Contents

disseminated means of communication) its decision regarding the tendered resignation and the rationale behind the decision within 90 days from the date of the certification of the election results. The Governance and Nominating Committee in making its recommendation, and the Board of Directors in making its decision, may each consider any factors or other information that it considers appropriate and relevant. The director who tenders his or her resignation shall not participate in the recommendation of the Governance and Nominating Committee or the decision of the Board of Directors with respect to his or her resignation. If such incumbent director's resignation is not accepted by the Board of Directors, such director shall continue to serve until the next annual meeting and until his or her successor is duly elected, or his or her earlier resignation or removal. If a director's resignation is accepted by the Board of Directors pursuant to this Bylaw, or if a nominee for director is not elected and the nominee is not an incumbent director, then the Board of Directors, in its sole discretion, may fill any resulting vacancy pursuant Section [2.2] of these Bylaws or may decrease the size of the Board of Directors pursuant to Section [2.2] of these Bylaws.

All elections of directors shall be determined by a plurality of the votes cast, and (f) e~~Except as otherwise required by the General Corporation provided by applicable L~~aw, the Amended and Restated Certificate of Incorporation or these Bylaws of this Corporation, all other matters other than the election of directors shall be decided by the vote of the holders of stock having a majority of the votes which could be cast by the holders of all stock entitled to vote on such question~~matter which are present in person or proxy at the meeting.~~

Section [2.2] Number, Term of Office and Vacancies. Except as otherwise expressly provided in Section [2.3], the number of directors and their term of office shall be fixed from time to time exclusively by the Board of Directors pursuant to a resolution adopted by a majority of the total number of authorized directors (whether or not there exist any vacancies in previously authorized directorships at the time any such resolution is presented to the Board of Directors for adoption). The third annual meeting of stockholders following the Effective Date shall not be held prior to the earlier of (i) the third anniversary of the Effective Date and (ii) the earlier of (x) if the Reserved New OCD Shares (as defined in the Plan, the Reserved New OCD Shares) are issued to the Asbestos PI Trust, the date following such issuance on which the Asbestos PI Trust no longer owns, beneficially or of record, at least 1% of the then outstanding shares of common stock of the Corporation and (y) if all of the FAIR Act Conditions (as defined in the Plan, the FAIR Act Conditions) are satisfied in full, the date on which the last of the FAIR Act Conditions is satisfied in full. Each director shall hold office until his or her successor is elected and qualified or until his or her earlier death, resignation, retirement, disqualification or removal. ~~At each annual meeting of the stockholders of the Corporation, directors will be elected by plurality vote of all votes cast at such meeting to hold office for a one year term expiring at the next succeeding annual meeting of stockholders.~~

Notwithstanding anything to the contrary set forth herein, the Board of Directors shall not take any action to reduce the number of directors if such reduction would (i) shorten the term of any incumbent director or (ii) prevent the Board of Directors from effectuating the terms of (x) the last paragraph of Section [2.4] or (y) Section [2.14] or [2.16] of these Bylaws. Except as set forth in the last paragraph of Section [2.4], Section [2.14] or Section [2.16] of these Bylaws, if a vacancy occurs on the Board of Directors, the Board of Directors may fill the vacancy by the affirmative vote of a majority of all the remaining directors, even though the directors then remaining in office constitute fewer than a quorum of the Board of Directors. For purposes of these Bylaws, the Asbestos PI Trust shall be considered to own, beneficially and of record, Reserved New OCD Shares for so long as the Asbestos PI Trust is able to provide, upon request by the Corporation, evidence reasonably satisfactory to the Corporation of the Asbestos PI Trust's ownership of such Reserved New OCD Shares.
