SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

Form 6-K

REPORT OF FOREIGN PRIVATE ISSUER

PURSUANT TO RULE 13a-16 OR 15d-16

UNDER THE SECURITIES EXCHANGE ACT OF 1934

For the month of May 2017

LG Display Co., Ltd.

(Translation of Registrant's name into English)

LG Twin Towers, 128 Yeoui-daero, Yeongdeungpo-gu, Seoul 07336, Republic of Korea

(Address of principal executive offices)

Edgar Filing: LG Display Co., Ltd. - Form 6-K

Indicate by check mark whether the registrant files or will file annual reports under cover of Form 20-F or Form 40-F.

Form 20-F

Form 40-F

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(1):

Note: Regulation S-T Rule 101(b)(1) only permits the submission in paper of a Form 6-K if submitted solely to provide an attached annual report to security holders.

Indicate by check mark if the registrant is submitting the Form 6-K in paper as permitted by Regulation S-T Rule 101(b)(7):

Note: Regulation S-T Rule 101(b)(7) only permits the submission in paper of a Form 6-K if submission to furnish a report or other document that the registration foreign private issuer must furnish and make public under the laws of the jurisdiction in which the registrant is incorporated, domiciled or legally organized (the registrant's home country), or under the rules of the home country exchange on which the registrant's securities are traded, as long as the report or other document is not a press release, is not required to be and has not been distributed to the registrant's security holders, and if discussing a material event, has already been the subject of a Form 6-K submission or other Commission filing on EDGAR.

Indicate by check mark whether by furnishing the information contained in this Form, the registrant is also thereby furnishing the information to the Commission pursuant to Rule 12g3-2(b) under the Securities Exchange Act of 1934.

QUARTERLY REPORT

(From January 1, 2017 to March 31, 2017)

THIS IS A TRANSLATION OF THE QUARTERLY REPORT ORIGINALLY PREPARED IN KOREAN AND IS IN SUCH FORM AS REQUIRED BY THE KOREAN FINANCIAL SUPERVISORY COMMISSION.

IN THE TRANSLATION PROCESS, SOME PARTS OF THE REPORT WERE REFORMATTED, REARRANGED OR SUMMARIZED AND CERTAIN NUMBERS WERE ROUNDED FOR THE CONVENIENCE OF READERS. REFERENCES TO Q1 , Q2 , Q3 AND Q4 OF A FISCAL YEAR ARE REFERENCES TO THE THREE-MONTH PERIODS ENDED MARCH 31, JUNE 30, SEPTEMBER 30 AND DECEMBER 31, RESPECTIVELY, OF SUCH FISCAL YEAR.

UNLESS EXPRESSLY STATED OTHERWISE, ALL INFORMATION CONTAINED HEREIN IS PRESENTED ON A CONSOLIDATED BASIS IN ACCORDANCE WITH KOREAN INTERNATIONAL FINANCIAL REPORTING STANDARDS, OR K-IFRS, WHICH DIFFER IN CERTAIN RESPECTS FROM GENERALLY ACCEPTED ACCOUNTING PRINCIPLES IN CERTAIN OTHER COUNTRIES, INCLUDING THE UNITED STATES. K-IFRS ALSO DIFFERS IN CERTAIN RESPECTS FROM THE INTERNATIONAL FINANCIAL REPORTING STANDARDS AS ISSUED BY THE INTERNATIONAL ACCOUNTING STANDARDS BOARD. WE HAVE MADE NO ATTEMPT TO IDENTIFY OR QUANTIFY THE IMPACT OF THESE DIFFERENCES IN THIS DOCUMENT.

Table of Contents**1. Company****A. Name and contact information**

The name of our company is EL-GI DISPLAY CHUSIK HOESA, which shall be LG Display Co., Ltd. in English.

Our principal executive office is located at LG Twin Towers, 128 Yeoui-daero, Yeongdeungpo-gu, Seoul 07336, Republic of Korea, and our telephone number is +82-2-3777-1010. Our website address is <http://www.lgdisplay.com>.

B. Domestic credit rating**(1) Corporate bonds**

Subject instrument	Month of rating	Credit rating ⁽¹⁾	Rating agency (Rating range)
	April 2014		
	September 2014		
	April 2015	AA	NICE Information Service Co., Ltd. (AAA ~ D)
	June 2016		
	September 2016		
Corporate bonds	March 2014		
	April 2015	AA	Korea Investors Service, Inc. (AAA ~ D)
	April 2016		
	March 2014		
	September 2014		
	May 2015	AA	Korea Ratings Corporation (AAA ~ D)
	April 2016		
	September 2016		

(1) Domestic corporate bond credit ratings are generally defined to indicate the following:

Subject instrument	Credit rating	Definition
	AAA	Strongest capacity for timely repayment.
	AA+/AA/AA-	Very strong capacity for timely repayment. This capacity may, nevertheless, be slightly inferior than is the case for the highest rating category
	A+/A/A-	Strong capacity for timely repayment. This capacity may, nevertheless, be more vulnerable to adverse changes in circumstances or in economic conditions than is the case for higher rating categories.
	BBB+/BBB/BBB-	Capacity for timely repayment is adequate, but adverse changes in circumstances and in economic conditions are more likely to impair this capacity.
Corporate bonds	BB+/BB/BB-	Capacity for timely repayment is currently adequate, but that there are some speculative characteristics that make the repayment uncertain over time.

Edgar Filing: LG Display Co., Ltd. - Form 6-K

B+/B/B-	Lack of adequate capacity for repayment and speculative characteristics. Interest payment in time of unfavorable economic conditions is uncertain.
CCC	Lack of capacity for even current repayment and high risk of default.
CC	Greater uncertainties than higher ratings.
C	High credit risk and lack of capacity for timely repayment.
D	Insolvency.

Table of Contents

(2) Commercial paper

Subject instrument	Month of rating	Credit rating ⁽¹⁾	Rating agency (Rating range)
Commercial paper	October 2015	A1	Korea Investors Service, Inc. (A1 ~ D)
	October 2015	A1	NICE Information Service Co., Ltd. (A1 ~ D)
	June 2016	A1	Korea Ratings Corporation (A1 ~ D)
	June 2016	A1	NICE Information Service Co., Ltd. (A1 ~ D)
	September 2016	A1	NICE Information Service Co., Ltd. (A1 ~ D)
	September 2016	A1	Korea Ratings Corporation (A1 ~ D)

(1) Domestic commercial paper credit ratings are generally defined to indicate the following:

Subject instrument	Credit rating	Definition
Commercial paper	A1	Timely repayment capability is at the highest level with extremely low investment risk and is stable such that it will not be influenced by any reasonably foreseeable changes in external factors.
	A2	Strong capacity for timely repayment with very low investment risk. This capacity may, nevertheless, be slightly inferior than is the case for the highest rating category.
	A3	Capacity for timely repayment is adequate with low investment risk. This capacity may, nevertheless, be somewhat influenced by sudden changes in external factors.
	B	Capacity for timely repayment is acknowledged, but there are some speculative characteristics.
	C	Capacity for timely repayment is questionable.
	D	Insolvency.

+ or - modifier can be attached to ratings A2 through B to differentiate ratings within broader rating categories.

C. Capitalization

(1) Change in capital stock (as of March 31, 2017)

There were no changes to our issued capital stock during the quarterly reporting period ended March 31, 2017.

(2) Convertible bonds

Not applicable.

Table of Contents

D. Voting rights (as of March 31, 2017)

(Unit: share)

Description		Number of shares
A. Total number of shares issued ⁽¹⁾ :	Common shares ⁽¹⁾	357,815,700
	Preferred shares	
B. Shares without voting rights:	Common shares	
	Preferred shares

	Preferred shares	
D. Shares subject to restrictions on voting rights pursuant to regulations:	Common shares	
	Preferred shares	
E. Shares with restored voting rights:	Common shares	
	Preferred shares	
Total number of issued shares with voting rights (=A + B + C + D + E):	Common shares	357,815,700
	Preferred shares	

(1) Authorized: 500,000,000 shares

E. Dividends

Dividends for the three most recent fiscal years

Description (unit)	2017 Q1	2016	2015
Par value (Won)	5,000	5,000	5,000
Profit for the period (million Won) ⁽¹⁾	633,490	906,713	966,553
Earnings per share (Won) ⁽²⁾	1,770	2,534	2,701
Total cash dividend amount for the period (million Won)		178,908	178,908
Total stock dividend amount for the period (million Won)			
Cash dividend payout ratio (%) ⁽³⁾		19.73%	18.51%
Cash dividend yield (%) ⁽⁴⁾	Common shares	1.58%	1.97%
	Preferred shares		

Stock dividend yield (%)	Common shares		
	Preferred shares		
Cash dividend per share (Won)	Common shares	500	500
	Preferred shares		
Stock dividend per share (share)	Common shares		
	Preferred shares		

- (1) Based on profit for the period attributable to the owners of the controlling company.
- (2) Earnings per share is based on par value of ₩5,000 per share and is calculated by dividing net income by weighted average number of common shares.
- (3) Cash dividend payout ratio is the percentage that is derived by dividing total cash dividend by profit for the period attributable to the owners of the controlling company.
- (4) Cash dividend yield is the percentage that is derived by dividing cash dividend by the arithmetic average of the daily closing prices of our common shares during the one-week period ending two trading days prior to the closing of the register of shareholders for the purpose of determining the shareholders entitled to receive annual dividends.

2. Business

A. Business overview

We were incorporated in February 1985 under the laws of the Republic of Korea. LG Electronics and LG Semicon transferred their respective LCD business to us in 1998, and since then, our business has been focused on the research, development, manufacture and sale of display panels, applying technologies such as TFT-LCD and OLED.

Table of Contents

As of March 31, 2017, in order to support our business activities, we operated TFT-LCD and OLED production and research facilities in Paju and Gumi in Korea, and we have also established subsidiaries in the Americas, Europe and Asia.

As of March 31, 2017, our business consisted of the manufacture and sale of display and display related products utilizing TFT-LCD, OLED and other technologies under a single reporting business segment.

2017 Q1 consolidated operating results highlights

	(Unit: In billions of Won)
2017 Q1	Display business
Sales Revenue	7,062
Gross Profit	1,719
Operating Profit	1,027

B. Industry**(1) Industry characteristics and growth potential**

The entry barriers to manufacture display panels are relatively high due to the technology and capital intensive nature of the mass manufacturing process that is required to achieve economies of scale, among other factors.

While growth in the market for displays used in notebook computer, monitor and other traditional IT products has stagnated or declined, the market for small- and medium-sized displays (including those used in smartphones) in the rapidly evolving IT environment has shown steady growth. The display market for televisions has also shown steady growth mainly due to growing demand from developing countries as well as from consumers in general for larger sized display panels. As for displays used in industrial, automobile and other value added products, we expect to see growth in these markets.

(2) Cyclical

The display panel business is highly cyclical and sensitive to fluctuations in the general economy. The industry experiences recurring volatility caused by imbalances between supply and demand due to capacity expansion and changing production utilization rates within the industry.

Macroeconomic factors and other causes of business cycles can affect the rate of growth in demand for display panels. Accordingly, if supply exceeds demand, average selling prices of display panels may decrease. Conversely, if growth in demand outpaces growth in supply, average selling prices may increase.

(3) Market conditions

Overall, while there have been some variations in rates of production capacity growth among individual display panel manufacturers, display panel manufacturers have generally slowed their respective rates of production capacity growth since 2011 due to a slowdown in growth of the display panel industry.

Most display panel manufacturers are located in Asia.

Table of Contents

- a. Korea: LG Display, Samsung Display, etc.
- b. Taiwan: AU Optronics, Innolux, CPT, HannStar, etc.
- c. Japan: Japan Display, Sharp, Panasonic LCD, etc.
- d. China: BOE, CSOT, CEC Panda, etc.

(4) Market shares

Our worldwide market share of large-sized display panels (i.e., panels that are 9 inches or larger) based on revenue is as follows:

	2017 Q1	2016	2015
Panels for Televisions ⁽¹⁾	30.0%	28.2%	25.4%
Panels for Monitors	36.6%	36.6%	39.0%
Panels for Notebook Computers	25.3%	27.8%	27.3%
Panels for Tablet Computers	33.4%	24.1%	22.5%
Total	30.6%	29.4%	27.7%

Source: Large-Area Display Market Tracker (IHS Technology)

(1) Includes panels for public displays.

(5) Competitiveness

Our ability to compete successfully depends on factors both within and outside our control, including product pricing, our relationship with customers, timely investments, adaptable production capabilities, development of new and premium products through technological advances, competitive production costs, success in marketing to our end-brand customers, component and raw material supply costs, foreign exchange rates and general economic and industry conditions.

In order to compete effectively, it is critical to be cost competitive and maintain stable and long-term relationships with customers which will enable us to be profitable even in a buyer's market.

A substantial portion of our sales is attributable to a limited number of end-brand customers and their designated system integrators. The loss of these end-brand customers, as a result of customers entering into strategic supplier arrangements with our competitors or otherwise, would result in reduced sales.

Developing new products and technologies that can be differentiated from those of our competitors is critical to the success of our business. It is important that we take active measures to protect our intellectual property internationally by obtaining patents and undertaking monitoring activities in our major markets. It is also necessary to recruit and retain experienced key managerial personnel and skilled line operators.

As a leading technology innovator in the display industry, we continue to focus on delivering differentiated value to our customers by developing various technologies and products, including display panels with OLED, IPS, in-TOUCH and other technologies. With respect to OLED panels, following our supply of the world's first 55-inch OLED 3D panels for televisions in January 2013, we have supplied ultra-high definition (Ultra HD) OLED panels for televisions, flexible plastic OLED panels for smartphones, round OLED panels for wearable devices among others and have shown that we are technologically a step ahead of the competition. With respect to TFT-LCD panels, we are leading the market with our differentiated products with IPS technology, such as our ultra-large and high definition Ultra HD television panels and 21:9 screen aspect ratio ultra-wide IPS curved monitors, and have prepared our production facilities to produce products with in-TOUCH technology.

Table of Contents

Moreover, we entered into long-term sales contracts with major global firms to secure customers and expand partnerships for technology development.

C. New businesses

For our continued growth, we are actively exploring and preparing for new business opportunities that may arise in the changing market environment. As such, we are continually reviewing and looking at opportunities in the display and promising new industries.

3. Major Products and Raw Materials

A. Major products

We manufacture TFT-LCD and OLED panels, of which a significant majority is sold overseas.

(Unit: In billions of Won, except percentages)

Business area	Sales type	Items (Market)	Usage	Major trademark	Sales in 2017 Q1 (%)
Display	Product/Service/Other sales	Display panel (Overseas ⁽¹⁾)	Panels for notebook computers, monitors, televisions, smartphones, tablets, etc.	LG Display	6,519 (92.3%)
		Display panel (Korea ⁽¹⁾)	Panels for notebook computers, monitors, televisions, smartphones, tablets, etc.	LG Display	543 (7.7%)
Total					7,062 (100.0%)

Period: January 1, 2017 ~ March 31, 2017.

(1) Based on ship-to-party.

B. Average selling price trend of major products

The average selling price of LCD panels per square meter of net display area shipped in the first quarter of 2017 decreased by approximately 5% compared to the fourth quarter of 2016, largely as a result of a comparative decrease in the shipment of small- and medium-sized panels, which generally have higher selling prices per square meter of net display area compared to other panels, while average selling prices of LCD panels exhibited varying trends according to demand by product category. There is no assurance that the average selling prices of LCD panels will not fluctuate in the future due to changes in market conditions.

Description	(Unit: US\$ / m ²)			
	2017 Q1	2016 Q4	2016 Q3	2016 Q2
Display panel ⁽¹⁾⁽²⁾	608	642	555	504

- (1) Quarterly average selling price per square meter of net display area shipped.
(2) Excludes semi-finished products in the cell process.

C. Major raw materials

Prices of major raw materials depend on fluctuations in supply and demand in the market as well as on change in size and quantity of raw materials due to the increased production of large-sized panels.

Table of Contents

(Unit: In billions of Won, except percentages)

Business area	Purchase type	Items	Usage	Cost ⁽¹⁾	Ratio (%)	Suppliers
Display	Raw materials	Backlights	Display panel manufacturing	757	20.9%	HeeSung Electronics, etc.
		Polarizers		539	15.4%	LG Chem, etc.
		Glass		353	10.8%	NEG, Asahi Glass, etc.
		Printed circuit boards		396	10.4%	Korea SMT, etc.
		Others		1,670	42.5%	
Total				3,715	100.0%	

Period: January 1, 2017 ~ March 31, 2017.

(1) Based on total cost for purchase of raw materials which includes manufacturing and development costs, etc.

4. Production and Equipment**A. Production capacity and output****(1) Production capacity**

The table below sets forth the production capacity of our Gumi, Paju, Guangzhou and Ochang facilities in the periods indicated.

Business area	Items	Location of facilities	(Unit: 1,000 glass sheets)		
			2017 Q1 ⁽¹⁾	2016 ⁽²⁾	2015 ⁽²⁾
Display	Display panel	Gumi, Paju, Guangzhou, Ochang	2,334	9,906	9,781

(1) Calculated based on the maximum monthly input capacity (based on glass input substrate size for eighth generation glass sheets) during the period multiplied by the number of months in the period (i.e., 3 months).

(2) Calculated based on the maximum monthly input capacity (based on glass input substrate size for eighth generation glass sheets) during the year multiplied by the number of months in a year (i.e., 12 months).

(2) Production output

The table below sets forth the production output of our Gumi, Paju, Guangzhou and Ochang facilities in the periods indicated.

Business area	Items	Location of facilities	(Unit: 1,000 glass sheets)		
			2017	2016	2015

Display	Display panel	Gumi, Paju, Guangzhou, Ochang	2,212	8,996	8,609
---------	---------------	-------------------------------	-------	-------	-------

Based on glass input substrate size for eighth generation glass sheets.

B. Production performance and utilization ratio

(Unit: Hours, except percentages)

Production facilities	Available working hours in		Actual working hours in	Average utilization ratio
	2017 Q1			
Gumi	2,160 ⁽¹⁾ (90 days) ⁽²⁾		2,088 ⁽¹⁾ (87 days) ⁽²⁾	96.7%
Paju	2,160 ⁽¹⁾ (90 days) ⁽²⁾		2,160 ⁽¹⁾ (90 days) ⁽²⁾	100.0%
Guangzhou	2,160 ⁽¹⁾ (90 days) ⁽²⁾		2,160 ⁽¹⁾ (90 days) ⁽²⁾	100.0%
Ochang	2,160 ⁽¹⁾ (90 days) ⁽²⁾		1,824 ⁽¹⁾ (76 days) ⁽²⁾	84.4%

(1) Based on the assumption that all 24 hours in a day have been fully utilized.

(2) Number of days is calculated by averaging the number of working days for each facility.

Table of Contents

C. Investment plan

In 2016, our total capital expenditures on a cash out basis was ₩3.7 trillion. Our total capital expenditures on a cash out basis in 2016 was higher than in 2015, primarily to fund the expansion of our large-sized and small- and medium-sized OLED panel production capacities and construction of our P10 fabrication facility in Paju, Korea. In 2017, we plan to continue capital expenditures to lead the market for OLED panels, prepare for mass production of future display products and respond to increases in demand for large-sized panels.

5. Sales

A. Sales performance

Business area	Sales types	Items (Market)	(Unit: In billions of Won)		
			2017 Q1	2016	2015
Display	Products, etc.	Overseas ⁽¹⁾	6,519	24,679	26,166
		Korea ⁽¹⁾	543	1,825	2,218
		Total	7,062	26,504	28,384

(1) Based on ship-to-party.

B. Sales route and sales method

(1) Sales organization

As of March 31, 2017, each of our television, IT, mobile and OLED businesses had individual sales and customer support functions.

Sales subsidiaries in the United States, Germany, Japan, Taiwan, China and Singapore perform sales activities and provide local technical support to customers.

(2) Sales route

Sales of our products take place through one of the following two routes:

LG Display HQ and overseas manufacturing subsidiaries à Overseas sales subsidiaries (USA/Germany/Japan/Taiwan/China/Singapore), etc. à System integrators and end-brand customers à End

users

LG Display HQ and overseas manufacturing subsidiaries à System integrators and end-brand customers à End users

(3) Sales methods and sales terms

Direct sales and sales through overseas subsidiaries, etc. Sales terms are subject to change depending on the fluctuation in the supply and demand of LCD panels.

(4) Sales strategy

As part of our sales strategy, we have secured stable sales to major personal computer manufacturers and leading consumer electronics manufacturers globally, led the television market with our OLED and other market leading television panels, increased the proportion of sales of our differentiated television panels, such as our Ultra HD and large television panels, in our product mix and strengthened sales of high-resolution, IPS, narrow bezel and other high-end display panels in the monitor, notebook computer and tablet markets.

Table of Contents

In the smartphone, commercial (including interactive whiteboards and video wall displays), industrial products (including aviation and medical equipment) and automobile displays segment, we have continued to build a strong and diversified business portfolio by expanding our business with customers with a global reach on the strength of our differentiated products applying IPS, plastic OLED, high-resolution, high-reliability, Super Narrow bezel, in-TOUCH and other technologies.

(5) Purchase orders

Customers generally place purchase orders with us one month prior to delivery. Our customary practice for procuring orders from our customers and delivering our products to such customers is as follows:

Receive order from customer (overseas sales subsidiaries, etc.) → Headquarter is notified → Manufacture product → Ship product (overseas sales subsidiaries, etc.) → Sell product (overseas sales subsidiaries, etc.)

6. Market Risks and Risk Management

A. Market risks

The display industry continues to experience continued declines in the average selling prices of TFT-LCD and OLED panels irrespective of cyclical fluctuations in the industry, and our margins would be adversely impacted if prices decrease faster than we are able to reduce our costs.

The display industry is highly competitive. We have experienced pressure on the prices and margins of our major products due largely to additional industry capacity from panel manufacturers in Korea, Taiwan, China and Japan coupled with changes in the production mix of such manufacturers.

Our ability to compete successfully depends on factors both within and outside our control, including product pricing, performance and reliability, timely investments, adaptable production capabilities, utilization of differentiated technologies in product development, success or failure of our end-brand customers in marketing their brands and products, component and raw material supply costs, and general economic and industry conditions. We cannot provide assurance that we will be able to compete successfully with our competitors on these fronts and, as a result, we may be unable to sustain our current market position.

Our results of operations are subject to exchange rate fluctuations. To the extent that we incur costs in one currency and generate sales in a different currency, our profit margins may be affected by changes in the exchange rates between the two currencies. Our sales of display panels are denominated mainly in U.S. dollars, whereas our foreign currency denominated purchases of raw materials are denominated mainly in U.S. dollars and Japanese Yen. Seeking to achieve stable management, we take every precaution in our foreign currency risk management to minimize the risk of foreign currency fluctuations on our foreign currency denominated assets and liabilities.

B. Risk management

As the average selling prices of TFT-LCD and OLED panels can continue to decline over time irrespective of industry wide cyclical fluctuations, we may find it hard to manage risks associated with certain factors that are outside our control. However, we counteract such declines in average selling prices by increasing the proportion of high value added panels in our product mix while also implementing various cost reduction measures. In addition, in order to manage our risk against foreign currency fluctuations, we continually monitor our currency position and risk, and when needed, we may from time to time enter into cross-currency interest rate swap contracts and foreign currency forward contracts.

Table of Contents

7. Derivative Contracts

A. Currency risks

We are exposed to currency risks on sales, purchases and borrowings that are denominated in currencies other than in Won, our functional currency. These currencies are primarily the U.S. dollar, the Japanese Yen and the Chinese Yuan.

Interest on borrowings is denominated in the currency of the borrowing. Generally, borrowings are denominated in currencies that match the cash flows generated by our underlying operations, primarily in Won, the U.S. dollar and the Chinese Yuan.

In respect of other monetary assets and liabilities denominated in foreign currencies, we ensure that our net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates, when necessary, to address short-term imbalances.

As of March 31, 2017, we have entered into an aggregate of US\$100 million in Won/US\$ forward foreign exchange contracts with Shinhan Bank and HSBC, for which we have not applied hedge accounting. We recognized a gain on valuation of derivative instruments in the amount of ₩593 million with respect to foreign exchange derivative instruments held as of March 31, 2017.

B. Interest rate risks

Our exposure to interest rate risks relates primarily to our floating rate long term loan obligations. We have established and are managing interest rate risk policies to minimize uncertainty and costs associated with interest rate fluctuations by monitoring cyclical interest rate fluctuations and enacting countermeasures.

As of March 31, 2017, we have entered into an aggregate of ₩350 billion in interest rate swap agreements with Shinhan Bank and NongHyup Bank, for which we have not applied hedge accounting. We recognized a gain on valuation of derivative instruments in the amount of ₩205 million with respect to interest rate derivative instruments held as of March 31, 2017.

8. Major contracts

Our material contracts, other than contracts entered into in the ordinary course of business, are set forth below:

Edgar Filing: LG Display Co., Ltd. - Form 6-K

Type of agreement	Name of party	Term	Content
Technology licensing agreement	Semiconductor Energy Laboratory	October 2005 ~	Patent licensing of LCD and OLED related technology
	Hewlett-Packard	January 2011 ~	Patent licensing of semi-conductor device technology
Technology licensing/supply agreement	HannStar Display Corporation	December 2013 ~	Patent cross-licensing of LCD technology
	AU Optronics Corporation	August 2011~	Patent cross-licensing of LCD technology
	Innolux Corporation	July 2012 ~	Patent cross-licensing of LCD technology, etc.

Table of Contents**9. Research & Development**

A. Summary of R&D-related expenditures

		(Unit: In millions of Won, except percentages)		
Items		2017 Q1	2016	2015
Material Cost		148,821	677,423	679,603
Labor Cost		153,042	479,650	510,455
Depreciation Expense		65,373	136,826	196,799
Others		58,770	129,348	159,983
Total R&D-Related Expenditures		426,006	1,423,247	1,546,840
Accounting Treatment ⁽¹⁾	Selling & Administrative Expenses	210,550	880,794	995,336
	Manufacturing Cost	149,645	220,165	324,437
	Development Cost (Intangible Assets)	65,811	322,288	227,067
R&D-Related Expenditures / Revenue Ratio (Total R&D-Related Expenditures ÷ Revenue for the period × 100)		6.0%	5.4%	5.4%

- (1) For accounting treatment purposes, selling & administrative expenses are presented as research and development expenses in our statements of comprehensive income, net of amortization of capitalized intangible asset development costs, and the amounts for 2015 have been restated.

B. R&D achievements

Achievements in 2014

- (1) Developed the world's first green plus structure television panel products (42-inch, 49-inch and 55-inch Ultra HD)

Added white pixels to increase transmittance by 55% compared to conventional display panels

Developed energy conservation technology for Ultra HD products

- (2)

Developed the world's narrowest, at the time, bezel (BtB 3.5 mm) videowall product (55-inch Full HD (FHD))

The world's narrowest, at the time, bezel (BtB 3.5 mm) videowall product

Reduced panel PAD parts and minimized bezel size

- (3) Developed 79-inch Ultra HD product

New size in our product lineup

Achieved narrow bezel (On 9.9 mm) and slim depth (13.9 mm)

- (4) Developed the world's first four-sided borderless like product (49-inch, 55-inch and 60-inch FHD)

Removed front case top and narrowed gap between the panel and front deco cabinet (set side reduced from 2.0 mm to 0.5 mm)

- (5) Developed the world's first a-Si AF-IPS 5Mask panel product for smartphones (5.0 WVGA)

Reduced production cost and simplified manufacturing process by reducing the number of mask steps from 6 to 5

Same level of performance as 6Mask panels

- (6) Developed the world's first Low Temperature Polycrystalline Silicon (LTPS) Advanced High Performance IPS (AH-IPS) photo alignment and negative LC panel product for smartphones (5.0-inch FHD)

LTPS AH-IPS photo alignment and negative LC panel product for smartphones developed in March 2014

Improved luminance and contrast ratio through improvement in panel transmittance (450 nit to 515 nit; 1,000:1 to 1500:1).

Table of Contents

- (7) Developed the world's first 23.8-inch FHD ultra slim and light monitor product

Achieved ultra-light design (reduced LCM weight from 2,270g to 1,280g compared to conventional LCMs)

Achieved ultra slim design by using slim component parts (7.6t reduced to 5.5t)

- (8) Developed LTPS AH-IPS Quad HD (QHD) smartphone product (5.5-inch QHD, 538 ppi, LG Electronics G3 model smartphone)

LTPS AH-IPS QHD smartphone product developed in April 2014

Width of panel bezel: 0.95 mm (L/R); luminance: 500 nit; G1F Touch Direct Bonded LCM

- (9) Developed curved Ultra HD product (65-inch and 55-inch Ultra HD)

The curved LCM retains the same panel transmissivity as a conventional flat LCM through application of BM-less COT structure with a double pigment lamination

Realized curved LCM technology by applying Frame (Horizontal / Vertical / Center) Structure and Curved C/T & Guide Panel Technologies

- (10) Developed the world's first 6-inch plastic OLED product

Developed the world's first curved display with a curvature radius (R) of 700

Precursor to the development of future bendable, foldable and rollable display products

- (11) Developed the world's first 34-inch curved monitor product (3,800R)

Launched the world's first blade type 21:9 screen aspect ratio 34-inch wide QHD 3,800R curved monitor product and created a new market and standard for curved monitor products

Achieved curvature of 3,800R by using annealing process and setting up assembly equipment utilizing 0.4t glass for curved panels and pol edge type curved backlight

- (12) Developed the world's first AH-IPS FHD Gate in Panel (GIP)/Double Rate Driving (DRD) product (15.6-inch notebook product)

The world's first AH-IPS FHD (more than 142 ppi) GIP/DRD product developed in September 2014

Increased cost competitiveness by developing GIP/DRD technology

- (13) Developed the world's first in-TOUCH LTPS smartphone product (4.5-inch HD product)

Completed development of an AH-IPS LTPS product applying LG Display's own in-cell touch technology, which utilizes the AH-IPS Vcom electrodes in an all point sensing self-capacitive manner in July 2014 (450 nit luminance; L/R panel bezel of 1.00 mm; module thickness of 2.28 mm)

Simplified SCM and provided a cost competitive and differentiated valued product with touch functionality

- (14) Developed the world's first in-TOUCH a-Si smartphone product (4.5-inch WVGA product)

Completed development of an AH-IPS a-Si product applying LG Display's own in-cell touch technology, which utilizes the AH-IPS Vcom electrodes in an all point sensing self-capacitive manner in August 2014 (450 nit luminance; L/R panel bezel of 1.35 mm; module thickness of 2.6 mm)

Simplified SCM and provided a cost competitive and differentiated valued product with touch functionality

- (15) Developed the world's first Ultra HD+ curved (6,000R) product (105-inch Ultra HD)

The world's first large 105-inch 21:9 screen aspect ratio Ultra HD curved (6,000R) display product

- (16) Developed 98-inch Ultra HD product

Our new line of 98-inch Ultra HD products

Achieved ultra-high definition through utilizing the direct BLU local dimming and FCIC circuit compensation algorithm.

Table of Contents

- (17) Developed four-sided product with even bezels (5.9 mm) for commercial use (42-inch, 49-inch and 55-inch FHD product)

Developed our first four-sided even bezel product (off bezel: 5.9 mm)

Reduced panel PAD and lower bezel thickness

Improved PAC transmittance and after image reliability

- (18) Developed 60-inch Ultra HD product

Our new line of 60-inch Ultra HD products

Achieved narrow panel bezel of 7.8 mm

- (19) Developed the world's first circular plastic OLED product (1.3 F)

Developed the world's first circular plastic OLED product in September 2014

Developed ultrathin display module of 559 μm (without cover window)

Lowered power consumption by developing Power Save Mode algorithm

Display can be turned on without powering the P-IC

- (20) Developed the world's first four-sided borderless OLED television product (55-inch)

Product developed using the world's first four-sided borderless technology utilizing reverse tab bonding manufacturing process in September 2014

- (21) Developed the world's first ultra-slim OLED television products (49-inch, 55-inch and 65-inch Ultra HD)

Achieved LCM thickness of 7.5 mm

Reduced thickness by combining exterior set with LCM parts (B/cover, M/cabinet)

- (22) Developed the world's first 1:1 screen aspect ratio New Platform Monitor (26.5-inch; 1920 x 1920 resolution)

Creation of new market through the development of new 1:1 screen aspect ratio platform display

Development of high resolution display with four-sided even bezels (on bezel: 8 mm)

- (23) Development of 14-inch FHD notebook product with three sided even bezels (3.9 mm)

World's first notebook panel with three sided narrow bezels (top and side bezels: 3.9 mm)

Reduced GIP area by 50% compared to conventional GIP area

- (24) Development of 12.3-inch new display size UXGA tablet product

Developed new display panel size for tablet products: 12.3-inch UXGA (4:3 screen aspect ratio)

Increased yield of glass panel area per glass substrate by cutting glass substrates at 12.3 inches

Achievements in 2015

- (1) Developed the world's narrowest, at the time, module bezel (0.7mm) LTPS smartphone display (5.3-inch FHD in-TOUCH)

Developed the world's first FHD in-TOUCH display (LTPS 5.3-inch FHD) applying the Neo Edge module process (new manufacturing technology) in January 2015

Set-up glue & laser cutting process, 0.6mm panel bezel (L/R)

- (2) Developed the world's first QHD in-TOUCH LTPS smartphone display (5.5-inch QHD)

Developed LTPS 5.5-inch QHD display applying LG Display's new capacitive type in-cell touch technology with all points sensing in March 2015; luminance: 500nit, contrast ratio: 1500:1 (using photo alignment & negative LC), 0.95mm panel bezel (L/R)

Delivered differentiated value proposition based on touch performance, simplified SCM process and competitive cost innovation

Table of Contents

- (3) Developed the world's narrowest, at the time, bezel videowall product (49-inch FHD)

Developed the world's narrowest bezel videowall product (bezel to bezel 3.5mm)

Optimized sizing of panel PAD and mechanical bezel

- (4) Developed 43-inch Ultra HD slim and light LED television product

Achieved LCD module thickness of 8.4mm

Reduced thickness through publication of set LCM parts (back cover and middle cabinet)

- (5) Developed the world's first Ultra HD OLED television product (55-inch, 65-inch and 77-inch Ultra HD)

Developed the world's first Ultra HD television product lineup

- (6) Developed the world's first Ultra HD television product applying DRD technology (55-inch, 49-inch and 43-inch Ultra HD)

World's first application of Ultra HD DRD technology based on an RGBW(M+) pixel structure

Utilized RGBW(M+) technology to optimize picture quality (high definition, high luminance, low energy consumption and High Dynamic Range (HDR))

- (7) Developed Ultra HD asymmetric RGBW(M+) structure product (15.6-inch)

Improved panel transmittance, lowered energy consumption and enhanced outdoor visibility compared to previous models

- (8) Developed the world's first second display LTPS smartphone product (5.7-inch QHD+)

Delivered differentiated set design through the realization of a second display by applying a panel exterior manufacturing process

Developed panel and instrumental optics technology for the independent operation of main display and second display

Developed advanced power consumption technology for the realization of Always On Display functionality for the second display

- (9) Developed the world's first four-sided borderless monitor product (23.8-inch FHD and 27-inch QHD)

Developed the world's first four-sided borderless design LCD module

Improved design by reducing lower bezel size from 12.6mm to 6.15mm (23.8-inch FHD)

- (10) Developed the world's first in-TOUCH notebook product (15.6-inch and 14-inch FHD)

Improved touch functionality and cost competitiveness through world's first application of in-TOUCH technology on notebook products

Simplified customer supply chain management by providing touch total solution

- (11) Developed the world's first 15.6-inch FHD notebook narrow bezel (2.9mm) product

Ultra-light and narrow concept project for 15.6-inch line extension to LG Electronics 13.3-inch and 14-inch Gram products

Delivered differentiated design utilizing 2.9mm bezels (Top/L/R)

Ultra slim and light design (225g, 2.3t)

- (12) Developed 1900R curved monitor product (34-inch, 21:9 screen aspect ratio)

Strengthened product competitiveness by improving the curvature radius of 21:9 screen aspect ratio monitors (3800 reduced to 1900R)

Applied 0.25T etching to address looseness and backlight bleeding attributable to curved screen

Applied COT structure to enhance panel transmittance and address color mixing defects

(13) Developed the world's first four-sided borderless 55-inch Ultra HD LED television product

Developed panel reverse structure in order to deliver a four-sided borderless product

Table of Contents

(14) Developed the world's first a-Si 98-inch Quad Ultra HD 120Hz television product

Developed the world's first drive technology for a-Si based extra-large 8K 120Hz panels

(15) Developed the world's first 65-inch 8K M+ product

Achieved cost competitiveness and maximized 8K transmittance by applying GIP/Source single bank for the first time in the world

Developed super resolution (4K enhanced to 8K) and M+ algorithm technologies

(16) Developed 75-inch Ultra HD Signage product

Delivered 11.9mm thickness on large-size LCD module

Achievements in 2016

(1) Developed the world's narrowest, at the time, bezel videowall product (55-inch/49-inch FHD, bezel to bezel 1.8mm)

Delivered 0.9mm even bezel, four-sided borderless product (bezel to bezel 1.8mm)

(2) Developed the world's first ultra-stretch format display product (86-inch, 58:9 screen aspect ratio)

Developed new display panel size and screen aspect ratio (86-inch, 58:9 screen aspect ratio)

Applied next-generation stain (per pixel) offset technology

(3) Developed the world's first ultra-large display product utilizing data single bank and GIP technology (86-inch Ultra HD)

Achieved cost-competitiveness by developing world's first ultra-large display product utilizing data single bank and GIP technology

- (4) Developed the world's first in-TOUCH monitor product (23-inch)

Improved touch functionality and strengthened cost-competitiveness by applying the world's first in-TOUCH technology to monitor display products

Simplified customer software configuration management by providing touch total solution

- (5) Developed ultra-slim OLED television display product applying high dynamic range (65-inch, 800 nit luminance, 2.52 mm module thickness)

Applied high dynamic range (HDR) technology to achieve 800 nit peak luminance and improved display quality

Achieved module thickness of 2.52mm (without back cover) and 5.92mm (with back cover)

- (6) Developed combined 5.3-inch QHD in-TOUCH + 3D cover glass product for LG Electronics

Developed world class smartphone product (G5) through collaboration with other LG Group companies

Strengthened competitiveness of design by achieving processability and productivity for 0.4t 3D cover glass

Improved power consumption of AoD Mode from Self Font Generation technology and operation optimization

- (7) Developed the world's first large-scale outdoor high luminance 3000 nit product (75-inch Ultra HD)

Developed the world's first large-scale outdoor 75-inch Ultra HD, high luminance 3000 nit product

Achieved cost competitiveness and power consumption reduction through utilization of high transmittance M+ panel

- (8) Developed the world's first FHD/Ultra HD multi-input Interactive Whiteboard product (75-inch Ultra HD)

Strengthened product competitiveness through delivery of customer FHD/Ultra HD selective input functionality

- (9) Developed 4.9mm depth Art Slim2 Ultra HD television (55-inch/65-inch Ultra HD)

Strengthened design competitiveness through delivery of ultra-slim product with application of Glass Light Guide Plate

Table of Contents

- (10) Developed the world's largest 21:9 screen aspect ratio curved monitor (37.5-inch UltraWide Quad HD (WQHD)+)

Continued pioneering of the market with the world's largest 21:9 screen aspect ratio IPS curved monitor lineup (37.5-inch, 2300R curvature radius, 44mm curvature depth)

Established flagship line through application of new high definition technology (WQHD+, 3840 x 1600 resolution)

Improved panel transmittance and backlight bleeding through our first-time application of a Super-IPS COT panel structure to monitor models

- (11) Developed the world's first in-TOUCH GIP/DRD notebook product (15.6-inch FHD)

Strengthened competitiveness through application of GIP/DRD technology to FHD-quality notebook in-TOUCH products

- (12) Developed a transparent 32-inch FHD product

Achieved high transmittance of transparent panel through application of RGBW(M+) panel technology

- (13) Developed the world's first Light Absorption Polarizer (LAP) product (65-inch/60-inch Ultra HD)

Developed differentiated wide color gamut solution

- (14) Developed the world's first Ultra HD DRD product (50-inch Ultra HD)

Utilized Ultra HD RGBW(M+) pixel structure-based DRD technology to strengthen product competitiveness and optimize picture quality (high definition, high luminance, low energy consumption and HDR)

- (15) Developed a 5.7-inch QHD flexible display product

Developed a flexible display smartphone product through collaboration with other LG Group companies

Reduced the lower bezel size by 0.59mm and improved power consumption by applying VESA Display Stream Compression 1.1

- (16) Developed the world's first wallpaper OLED television product (65-inch Ultra HD)

Achieved an ultra-slim wallpaper-style design that completely sticks to walls (65-inch, 3.9 mm hindmost thickness, 7.4 kg)

Achieved long-distance signal and power transmission technology for the separation of the driver circuit

Achievements in 2017

- (1) Developed 5.7-inch QHD+ full vision display (LG Electronics)

Developed a full vision display smartphone product (G6) through strategic collaboration with other LG Group companies

Applied first 18:9 screen aspect ratio with 4-corner round display

- (2) Developed mobile LTPS 30Hz product (SH 5.1-inch FHD)

Secured 30Hz low-frequency drive technology based on LTPS TFT-LCD

Reduced logic power consumption through 30Hz low-frequency drive (reduced from 96mW to 69mW on 5.1-inch FHD)

- (3) Developed and released the world's first Crystal Sound OLED, or CSO, television product

Released product with a new platform concept through development of OLED panel product with integrated speakers

Delivered OLED television product that achieves differentiated value not only in picture quality and design, but also sound quality

- (4) Developed notebook oxide product (13.9-inch, Ultra HD)

Achieved high definition/narrow bezel product through application of oxide BCE GIP technology

Delivered low power consumption product through application of low refresh rate, or LRR, technology

Table of Contents

(5) Developed medical monitor product for surgical endoscope (27.0-inch, Ultra HD)

Newly entered the medical devices market through development and production of medical monitor product for surgical endoscope

Achieved high definition (3,840 x 2,160), high luminance (800 nit) and high contrast ratio (1,300:1)

Implemented coverglass direct bonding applying our own manufacturing processes (M6 line)

10. Intellectual Property

As of March 31, 2017, our cumulative patent portfolio (including patents that have already expired) included a total of 32,071 patents, consisting of 15,109 in Korea and 16,962 in other countries.

11. Environmental and Safety Matters

We are subject to a variety of environmental laws and regulations, and we may be subject to fines or restrictions that could cause our operations to be interrupted. Our manufacturing processes generate worksite waste, including water and air pollutants, at various stages in the manufacturing process, and we are subject to relevant laws and regulations in each area of the environment, including with respect to the treatment of chemical by-products. We have installed various types of anti-pollution equipment, consistent with environmental standards, for the treatment of chemical waste and equipment for the recycling of treated waste water at our various facilities. However, we cannot provide assurance that environmental claims will not be brought against us or that the local or national governments will not take steps toward adopting more stringent environmental standards. Any failure on our part to comply with any present or future environmental regulations could result in the assessment of damages or imposition of fines against us, suspension of production or a cessation of operations. In addition, environmental regulations could require us to acquire costly equipment or to incur other significant compliance expenses that may materially and negatively affect our financial condition and results of operations.

In accordance with the Framework Act on Low Carbon, Green Growth, we implemented the greenhouse gas emission and energy consumption target system from 2012 to 2014. In 2015, we implemented the greenhouse gas trading system, under which we are responsible to meet our emission targets based on the emission credits allocated to us by the Ministry of Environment of the Korean government. As a result, we have been investing in additional equipment and there may be other costs associated with meeting reduction targets, which may have a negative effect on our profitability or production activities. As a designated company subject to greenhouse gas emission targets under the Framework Act on Low Carbon, Green Growth, if we fail to meet a reduction target and are unable to comply with the government's subsequent enforcement notice relating to such failure, we may be subject to fines. Furthermore, as a designated company subject to the Act on Allocation and Trading of Greenhouse Gas Emissions, if do not have enough emission credits, we may be required to purchase additional credits or be subject to fines.

In connection with the greenhouse gas emission and energy reduction target system, we submitted a statement of our domestic emissions and energy usage for 2016 to the Korean government in March 2017 after it was certified by BSI Korea, a government-designated certification agency. The table below sets forth yearly levels of our greenhouse gases emissions and energy usage in the statement submitted to the Korean government:

(Unit: thousand tonnes of CO₂ equivalent; Tetra Joules)

Category	2016	2015	2014
Greenhouse gases	5,851	7,348	7,537
Energy	60,430	60,146	60,002

Operations at our manufacturing plants are subject to regulation and periodic scheduled and unscheduled on-site inspections by the Ministry of Environment and local environmental protection authorities. We believe that we have adopted adequate anti-pollution measures and have minimized our impact on the environment by improving existing and developing new technologies for the effective maintenance of environmental protection standards consistent with local industry practice. In addition, we have continually monitored, and we believe that we are in compliance in all material respects with, the applicable environmental laws and regulations in Korea. Expenditures related to such compliance may be substantial. Such expenditures are generally included in capital expenditures. As required by Korean law, we employ licensed environmental specialists to manage our water and air pollution, toxic materials and waste. In December 2013, to ensure safe water quality and reduce costs, we entered into a contract with a specialist company to operate our waste water treatment facilities. In stages beginning in November 1997, we have obtained environmental management system ISO 14001 certifications for our domestic panel and module production facilities and our overseas module production plants in Nanjing, Yantai and Guangzhou, China, and with respect to our domestic panel and module production plants, we received ISO 50001 certification in December 2013 for our energy management system.

Table of Contents

In addition, in August 2014, GP1, our newest eighth-generation panel fabrication facility located in Guangzhou, China, was the first electronics plant in China to receive the Green Plant designation under China's Green China Policy, in addition to receiving ISO 14001, ISO 50001, OHSAS 18001, ISO 9001, PAS 2050 and ISO 14064-1 certifications. Furthermore, with respect to our production facilities in Gumi, we have been certified by the Ministry of Environment as a Green Company for P1 and our Gumi module production plant since 1997, P2 and P3 since 2006 and P4, P5 and P6 since 2008. Also, we received certification to self-inspect designated waste products with respect to our Paju plant by the Ministry of Environment in 2011, which was recertified in 2013. In recognition of our efforts to reduce greenhouse gas emissions, we were awarded a commendation from the Minister of Environment in the efforts against climate change category in the 2013 Green Management Awards, which was jointly hosted by the Ministry of Environment and the Ministry of Trade, Industry & Energy. In addition, in recognition of our efforts to improve recycling and reduce waste, we received a citation in 2014 for being a leading recycling company from the Prime Minister of Korea and, in recognition of our continued water conservation activities (reuse system investments, etc.) and greenhouse gas emission reduction activities (process gas and energy reduction, etc.), we attained the highest level, Leadership A, and received the grand prize award at the CDP Water Korea Best Awards in 2016 from the Carbon Disclosure Project, which was presided over by the Carbon Disclosure Project Korea Committee. We also attained a Leadership A in the climate change information technology sector and received a carbon management honors award.

In the case of the European Union's Restriction of Hazardous Substances (RoHS) Directive 2011/65/EU, with the adoption of Directive (EU) 2015/863 in 2016, four additional substances (four phthalate substances) will be added to the six already restricted substances and the additional restrictions are scheduled to come into effect on July 22, 2019. In order to address the latent risk elements of the four phthalate substances scheduled to be restricted in 2019 and to establish a more stable management system, we implemented in 2016 a preemptive response process with respect to such four phthalate substances. In implementing this process, we collaborated with external agencies to ascertain regulatory trends and establish our response strategy, and we formulated and applied effective management measures through the collaborative efforts of our development, procurement and quality teams. Beryllium (Be) was not designated internationally as a mandatorily restricted substance but has continued to be the subject of discussion for restriction, and certain of our customers have designated it as a restricted substance not to be used in products. Accordingly, we have completed verification of the parts used in products for customers who have banned the use of Beryllium. We have also conducted verification of the parts used in products for all customers who are expected to implement a ban and we have established a Beryllium verification process for parts in development. Through such efforts, we have established a voluntary hazardous substance response process that can be expanded to products for all customers, not only those who have requested a response.

In October 2005, we became the first display panel company to receive accreditation as an International Accredited Testing Laboratory by the Korea Laboratory Accreditation Scheme, which is operated by the Korean Ministry of Trade, Industry & Energy. In September 2006, we received international accreditation from TUV SUD, EU's German accreditation agency, as a RoHS testing laboratory. Our efforts to keep pace with the increasingly stringent accreditation standards and to receive and maintain such accreditations are part of our on-going efforts to systematically monitor environmentally controlled substances in our component parts inventory. Moreover, we participated in reforming IEC 62321, an international testing standard published by the International Electrotechnical Commission and used by RoHS, and the commission adopted our halogen-free combustion ion chromatography method in as IEC 62321-3-2, which was published in June 2013.

In February 2015, we were issued a corrective order and assessed a fine of ₩276 million, which we subsequently followed and paid, respectively, for violating the Occupational Health and Safety Act in connection with an accidental nitrogen gas exposure at one of our production facilities in Paju, Korea in January 2015. In 2016, we were assessed an additional fine of ₩10 million in connection with such accidental exposure for other violations of the Occupational

Health and Safety Act. To prevent such accidents happening again in the future, we have strengthened our safety standards and management and employee education.

Table of Contents**12. Financial Information**

A. Financial highlights (Based on consolidated K-IFRS)

(Unit: In millions of Won)

Description	As of March 31, 2017	As of December 31, 2016	As of December 31, 2015
Current assets	9,647,152	10,484,186	9,531,634

(1) Compensation amount is the contracted amount for the full fiscal year.

(2) Compensation amount in () is for Form 20-F filing and SOX 404 audit.

B. Non-audit service

None.

14. Board of Directors

A. Members of the board of directors

As of March 31, 2017 our board of directors consisted of two non-outside directors, one non-standing director and four outside directors.

Name	Position	(As of March 31, 2017) Primary responsibility
Sang Beom Han	Representative Director (non-outside), Chief Executive Officer and Vice Chairman	Chairman of the board of directors
Sang Don Kim ⁽¹⁾	Director (non-outside), Chief Financial Officer and Senior Vice President	Overall head of finances
Hyun Hwoi Ha ⁽²⁾	Director (non-standing)	Related to the overall management
Jin Jang ⁽³⁾	Outside Director	Related to the overall management
Joon Park ⁽⁴⁾	Outside Director	Related to the overall management
Sung Sik Hwang ⁽⁵⁾	Outside Director	Related to the overall management
Kun Tai Han ⁽⁶⁾	Outside Director	Related to the overall management

(1)

Sang Don Kim was reappointed for another term as a non-outside director at the annual general meeting of shareholders held on March 23, 2017.

- (2) Hyun Hwoi Ha was appointed as a non-standing director at the annual general meeting of shareholders held on March 23, 2017. Mr. Ha is also the chief executive officer of LG Corp., a non-standing director of LG Hausys, Ltd., a non-standing director of LG International Corp., a non-standing director of LG Uplus Corp., a non-standing director of LG Economic Research Institute and a non-standing director of LG CNS Co., Ltd.
- (3) Jin Jang was reappointed for another term as an outside director at the annual general meeting of shareholders held on March 23, 2017. Mr. Jang is also the chief executive officer of Silicon Display Co., Ltd.
- (4) Joon Park is also an outside director of Green Cross Holdings Corp.
- (5) Sung Sik Hwang is also an outside director of Kyobo Life Insurance Co., Ltd.
- (6) Kun Tai Han is also the chief executive officer of Hans Consulting.

B. Committees of the board of directors

We have the following committees that serve under our board of directors: Audit Committee, Outside Director Nomination Committee and Management Committee. The Management Committee consists of two non-outside directors, Sang Boem Han and Sang Don Kim.

Table of Contents

During the reporting period, two meetings of the Outside Director Nomination Committee were held and the composition of the Outside Director Nomination Committee was as follows.

		(As of March 8, 2017)
Committee	Composition	Member
Outside Director Nomination Committee	1 non-standing director and 2 outside directors	Yu Sig Kang, Joon Park ⁽¹⁾ , Sung Sik Hwang

(1) Joon Park was appointed as a member of the outside director nomination committee of the board of directors by the board of directors on January 23, 2017.

As of March 31, 2017, the composition of the Audit Committee was as follows.

		(As of March 31, 2017)
Committee	Composition	Member
Audit Committee	3 outside directors	Sung Sik Hwang ⁽¹⁾ , Joon Park, Kun Tai Han ⁽²⁾

(1) Sung Sik Hwang is the audit committee chairman.

(2) Kun Tai Han was appointed as a member of the audit committee of the board of directors at the annual general meeting of shareholders held on March 23, 2017.

C. Independence of directors

Directors are appointed in accordance with the procedures of the Commercial Act and other relevant laws and regulations. Our board of directors is independent as four out of the seven directors that comprise the board are outside directors. Outside directors candidates are nominated for appointment at a shareholders meeting after undergoing rigorous review by the Outside Director Nomination Committee.

All of our current outside directors were nominated by the Outside Director Nomination Committee, and all of our current non-outside directors were nominated by the board of directors.

15. Information Regarding Shares

A. Total number of shares

(1) Total number of shares authorized to be issued (as of March 31, 2017): 500,000,000 shares.

(2) Total shares issued and outstanding (as of March 31, 2017): 357,815,700 shares.

B. Shareholder list

(1) Largest shareholder and related parties as of March 31, 2017:

Name	Relationship	Number of shares of common stock	Equity interest
LG Electronics	Largest Shareholder	135,625,000	37.90%
Sang Beom Han	Related Party	23,014	0.01%
Sang Don Kim	Related Party	2,500	0.00%

(2) Shareholders who are known to us to own 5% or more of our shares as of March 31, 2017:

Beneficial owner	Number of shares of common stock	Equity interest
LG Electronics	135,625,000	37.90%
National Pension Service	35,762,452	9.99%

Table of Contents**16. Directors and Employees**

A. Directors

(1) Remuneration for directors in 2017 Q1

(Unit: person, in millions of Won)

Classification	No. of directors ⁽¹⁾	Amount paid ⁽²⁾	Per capita average remuneration paid ⁽⁴⁾
Non-outside directors	3	1,518 ⁽³⁾	506
Outside directors who are not audit committee members	1	20	20
Outside directors who are audit committee members	3	59	20
Total	7	1,597	228

(1) Number of directors as at March 31, 2017.

(2) Amount paid is calculated on the basis of amount of cash actually paid.

(3) Among the non-outside directors, Yu Sig Kang did not receive any remuneration.

(4) Per capita average remuneration paid is calculated by dividing total amount paid by the average number of directors for the three months ended March 31, 2017.

(2) Remuneration for individual directors and audit committee members
Not required for quarterly reports.

(3) Stock options
Not applicable.

B. Employees

As of March 31, 2017, we had 32,346 employees (excluding our executive officers). On average, our male employees have served 8.9 years and our female employees have served 7.1 years. The total amount of salary paid to our employees for the three months ended March 31, 2017 based on income tax statements submitted to the Korean tax authority in accordance with Article 20 of the Income Tax Act was ₩650,088 million for our male employees and ₩153,022 million for our female employees. The following table provides details of our employees as of March 31, 2017:

(Unit: person, in millions of Won, year)

	Number of employees ⁽¹⁾	Total salary in 2017 Q1 ⁽²⁾⁽³⁾⁽⁴⁾	Total salary per capita ⁽⁵⁾	Average years of service
Male	23,909	650,088	27.3	8.9
Female	8,437	153,022	18.0	7.1
Total	32,346	803,111	24.9	8.4

- (1) Includes part-time employees and contract-base professionals.
- (2) Welfare benefits and retirement expenses have been excluded. Total welfare benefit provided to our employees for the three months ended March 31, 2017 was ₩92,771 million and the per capita welfare benefit provided was ₩2.9 million.
- (3) Based on income tax statements, which are submitted to the Korean tax authority in accordance with Article 20 of the Income Tax Act.
- (4) Includes incentive payments to employees who have transferred from our affiliated companies.
- (5) Calculated using the average number of employees (male: 23,780, female: 8,502) for the three months ended March 31, 2017.

Independent Auditors' Review Report

Based on a report originally issued in Korean

To the Board of Directors and Shareholders

LG Display Co., Ltd.:

Reviewed Financial Statements

We have reviewed the accompanying condensed consolidated interim financial statements of LG Display Co., Ltd. and subsidiaries (the Group) which comprise the condensed consolidated interim statement of financial position as of March 31, 2017 and the condensed consolidated interim statements of comprehensive income (loss), changes in equity and cash flows for the three-month periods ended March 31, 2017 and 2016, and notes comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Condensed Consolidated Interim Financial Statements

Management is responsible for the preparation and fair presentation of these condensed consolidated interim financial statements in accordance with Korean International Financial Reporting Standards No. 1034, *Interim Financial Reporting*, and for such internal controls as management determines necessary to enable the preparation of condensed consolidated interim financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to issue a report on these condensed consolidated interim financial statements based on our reviews.

We conducted our reviews in accordance with the Review Standards for Quarterly and Semiannual Financial Statements established by the Security and Futures Commission of the Republic of Korea. A review of interim financial information consists principally of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the Republic of Korea and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our reviews, nothing has come to our attention that causes us to believe that the condensed consolidated interim financial statements referred to above are not presented fairly, in all material respects, in accordance with Korean International Financial Reporting Standards No. 1034, *Interim Financial Reporting*.

Other Matters

The procedures and practices utilized in the Republic of Korea to review such condensed consolidated interim financial statements may differ from those generally accepted and applied in other countries.

We audited the consolidated statement of financial position as of December 31, 2016 and the related consolidated statements of comprehensive income, changes in equity and cash flows for the year then ended, which are not accompanying this review report, in accordance with Korean Standards on Auditing, and our report thereon, dated February 21, 2017, expressed an unqualified opinion. The accompanying condensed consolidated statement of financial position of the Group as of December 31, 2016, presented for comparative purposes, is not different from that audited by us from which it was derived in all material respects.

Table of Contents

2. **Basis of Presenting Financial Statements**

(a) **Statement of Compliance**

The condensed consolidated interim financial statements have been prepared in accordance with Korean International Financial Reporting Standards (K-IFRSs) No.1034, *Interim Financial Reporting*. They do not include all of the information required for full annual consolidated financial statements and should be read in conjunction with the consolidated financial statements of the Group as of and for the year ended December 31, 2016.

(b) **Basis of Measurement**

The condensed consolidated interim financial statements have been prepared on the historical cost basis except for the following material items in the statements of financial position:

derivative instruments, financial assets at fair value through profit or loss and available-for-sale financial assets are measured at fair value, and

net defined benefit liabilities are recognized as the present value of defined benefit obligations less the fair value of plan assets

(c) **Functional and Presentation Currency**

The condensed consolidated interim financial statements are presented in Korean won, which is the Controlling Company's functional currency.

(d) **Use of Estimates and Judgments**

The preparation of the condensed consolidated interim financial statements in conformity with K-IFRSs requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

In preparing these condensed consolidated interim financial statements, the significant judgments made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those applied in its consolidated financial statements as of and for the year ended December 31, 2016.

Table of Contents

3. **Summary of Significant Accounting Policies**

The significant accounting policies followed by the Group in the preparation of its condensed consolidated interim financial statements are the same as those followed by the Group in its preparation of the consolidated financial statements as of and for the year ended December 31, 2016, except for the application of K-IFRS No. 1034, *Interim Financial Reporting*, and the amended accounting standards explained below:

(a) **Changes in Accounting Policies**

(i) **K-IFRS No. 1007, *Statement of Cash Flows***

The Group has adopted the amendment to K-IFRS No. 1007, *Statement of Cash Flows*, since January 1, 2017. The amendment to K-IFRS No. 1007 is part of the disclosure initiative to improve presentation and disclosure in financial statements and requires an entity to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities including both changes due to cash flows and non-cash changes such as changes from financing cash flows, changes arising from obtaining or losing control of subsidiaries or other businesses, the effect of changes in foreign exchange rates and changes in fair value and other changes. The Group has applied the amendment and disclosed changes in liabilities arose from financing activities including both changes due to cash flows and non-cash changes in note 26.

(ii) **K-IFRS No. 1012, *Income Taxes***

The Group has adopted the amendment to K-IFRS No. 1012, *Income Taxes*, since January 1, 2017. The amendments clarify that an entity needs to consider whether tax law restricts the sources of taxable profits against which it may make deductions on the reversal of that deductible temporary difference. Furthermore, the amendment provide guidance on how an entity should determine future taxable profits and explain the circumstances in which taxable profit may include the recovery of some assets for more than their carrying amount.

There is no impact of applying this amendment on the condensed consolidated interim financial statements.

Table of Contents

3. Summary of Significant Accounting Policies, Continued

(b) New Standards and Amendments Not Yet Adopted

A number of new standards are effective for annual periods beginning after January 1, 2017 and earlier application is permitted; however, the Group has not early adopted the following new standards in preparing these condensed consolidated interim financial statements.

(i) K-IFRS No. 1109, *Financial Instruments*

The Group plans to adopt K-IFRS No. 1109, *Financial Instruments*, in its consolidated financial statements for annual periods beginning on January 1, 2018, finalize assessing the financial impact of the adoption of K-IFRS No. 1109 by September 30, 2017 and disclose the results in its consolidated financial statements for the year ending December 31, 2017. As of March 31, 2017, other than the potential impacts described in the consolidated financial statements as of and for the year ended December 31, 2016, there are no significant changes in relation to preparation for the adoption of this new standard.

(ii) K-IFRS No. 1115, *Revenue from Contracts with Customers*

The Group plans to adopt K-IFRS No. 1115, *Revenue from Contracts with Customers*, in its consolidated financial statements for annual periods beginning on January 1, 2018, finalize assessing the financial impact of the adoption of K-IFRS No. 1115 by September 30, 2017 and disclose the results in its consolidated financial statements for the year ending December 31, 2017. As of March 31, 2017, other than the potential impacts described in the consolidated financial statements as of and for the year ended December 31, 2016, there are no significant changes in relation to preparation for the adoption of this new standard.

- (*1) Although the Controlling Company's share interests in INVENIA Co., Ltd., WooRee E&L Co., Ltd., Can Yang Investments Limited, YAS Co., Ltd., AVATEC Co., Ltd. and Arctic Sentinel, Inc. are below 20%, the Controlling Company is able to exercise significant influence through its right to appoint a director to the board of directors of each investee and the transactions between the Controlling Company and the investees are significant. Accordingly, the investments in these investees have been accounted for using the equity method.
- (*2) The Controlling Company is a member of a limited partnership in the LB Gemini New Growth Fund No.16 (the Fund). For the three-month period ended March 31, 2017, the Controlling Company received ₩1,296 million from the Fund as capital distribution and there were no changes in the Controlling Company's ownership percentage in the Fund. On the other hand, a resolution to dissolve the fund was approved at the general meeting and the fund is in process of liquidation as of March 31, 2017. Accordingly, there were no additional investments for the three-month period ended March 31, 2017.
- For the three-month period ended March 31, 2017, the Controlling Company disposed of the entire investments in New Optics Ltd.

Table of Contents

9. Property, Plant and Equipment

For the three-month periods ended March 31, 2017 and 2016, the Group purchased property, plant and equipment of ₩1,767,834 million and ₩991,818 million, respectively. The capitalized borrowing costs and the annualized capitalization rate were ₩6,260 million and 1.84%, and ₩2,449 million and 2.41% for the three-month periods ended March 31, 2017 and 2016, respectively. Also, for the three-month periods ended March 31, 2017 and 2016, the Group disposed of property, plant and equipment with carrying amounts of ₩22,596 million and ₩4,903 million, respectively, and recognized ₩11,560 million and ₩2,231 million as gain and loss, respectively, on disposal of property, plant and equipment for the three-month period ended March 31, 2017 (gain and loss for the three-month period ended March 31, 2016: ₩1,958 million and ₩342 million, respectively).

10. Intangible Assets

The Group capitalizes expenditures related to development activities, such as expenditures incurred on designing, manufacturing and testing of products that are ultimately selected for production. The balances of capitalized development costs as of March 31, 2017 and December 31, 2016 are ₩248,451 million and ₩256,340 million, respectively.

Table of Contents11. Financial Liabilities

Long-term accrued expenses	₩ 66,573	65,616
Long-term other accounts payable	2,349	3,530
	₩ 68,922	69,146

Table of Contents14. Contingencies and Commitments

(a) Legal Proceedings

Delaware Display Group LLC and Innovative Display Technologies LLC (DDG and IDT)

In December 2013, Delaware Display Group LLC and Innovative Display Technologies LLC filed a patent infringement case (First Case) against the Controlling Company and LG Display America, Inc. in the United States District Court for the District of Delaware and DDG and IDT filed a new patent infringement case against the Controlling Company and LG Display America, Inc. over the three patents that were dismissed without prejudice from the First Case in December 2015. Additionally, in August 2016, Innovative Display Technologies LLC filed a new patent infringement case against the Controlling Company and LG Display America, Inc. in the United States District Court for the Eastern District of Texas with respect to two new patents. For the three-month period ended March 31, 2017, the parties have reached settlements in principle regarding the above-mentioned patent litigations through mediation.

Surpass Tech Innovation LLC

In March 2014, Surpass Tech Innovation LLC filed a complaint in the United States District Court for the District of Delaware against the Controlling Company and LG Display America, Inc. for alleged patent infringement. As of March 31, 2017, the case which has been stayed by the United States District Court for the District of Delaware pending Inter Partes Review (IPR) is still stayed although IPR has been completed. The Group does not have a present obligation for this matter and has not recognized any provision at March 31, 2017. It is not possible to reasonably estimate an amount of potential loss, if any, because the plaintiffs have not provided any information regarding damages.

Others

The Group is defending against various claims in addition to pending proceedings described above. The Group does not have a present obligation for these matters and has not recognized any provision at March 31, 2017.

(b) Commitments

Factoring and securitization of accounts receivable

The Controlling Company has agreements with Korea Development Bank and several other banks for accounts receivable sales negotiating facilities of up to an aggregate of USD 1,913 million (₩2,135,099 million) in connection with the Controlling Company's export sales transactions with its subsidiaries. As of March 31, 2017, no short-term borrowings were outstanding in connection with these agreements. In connection with all of the contracts in this paragraph, the Controlling Company has sold its accounts receivable with recourse.

Table of Contents**14. Contingencies and Commitments, Continued**

The Controlling Company and oversea subsidiaries entered into agreements with financial institutions for accounts receivables sales negotiating facilities. The respective maximum amount of accounts receivables sales and the amount of sold accounts receivables before maturity by contract are as follows:

(In millions of USD and

Loss on impairment of investments in equity accounted investees		6,137
Loss on sale of trade accounts and notes receivable	30	964
Loss on transaction of derivatives	101	1,012
Loss on valuation of derivatives		1,236
Others	228	317
	₩ 88,037	72,430

- (b) Finance income and costs recognized in other comprehensive income or loss for the three-month periods ended March 31, 2017 and 2016 are as follows:

(In millions of won)

	2017	2016
Net change in fair value of available-for-sale financial assets	₩	(77)
Tax effect		19
Finance income (costs) recognized in other comprehensive income or loss after tax	₩	(58)

Table of Contents23. Income Taxes

(a) Details of income tax expense for the three-month periods ended March 31, 2017 and 2016 are as follows:

(In millions of won)

	2017	2016
Current tax expense	₩ 123,970	51,740
Deferred tax expense (benefit)	54,653	(60,453)
Income tax expense (benefit)	₩ 178,623	(8,713)

(b) Deferred Tax Assets and Liabilities

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the deferred tax assets at the reporting date will be realized with the Group's estimated future taxable income.

Deferred tax assets and liabilities as of March 31, 2017 and December 31, 2016 are attributable to the following:

(In millions of won)

	Assets		Liabilities		Total	
	March, 31, 2017	December, 31, 2016	March, 31, 2017	December, 31, 2016	March, 31, 2017	December, 31, 2016
Other accounts receivable, net	₩		(1,281)	(1,190)	(1,281)	(1,190)
Inventories, net	37,036	35,771			37,036	35,771
Defined benefit liabilities, net	24,129	10,817			24,129	10,817

Tax credit carryforwards	277,057	287,400			277,057	287,400
Deferred tax assets (liabilities)	₩ 811,099	867,864	(29,706)	(32,961)	781,393	834,903

Statutory tax rate applicable to the Controlling Company is 24.2% for the three-month period ended March 31, 2017.

Table of Contents24. Earnings Per Share

(a) Basic earnings per share for the three-month periods ended March 31, 2017 and 2016 are as follows:

<i>(In won and No. of shares)</i>	2017	2016
Profit attributable to owners of the Controlling Company	₩ 633,489,694,225	2,444,386,671
Weighted-average number of common stocks outstanding	357,815,700	357,815,700
Earnings per share	₩ 1,770	7

For the three-month periods ended March 31, 2017 and 2016, there were no events or transactions that resulted in changes in the number of common stocks used for calculating earnings per share.

(b) Diluted earnings per share for the three-month periods ended March 31, 2017 and 2016 are not calculated since there was no potential common stock.

Table of Contents

25. Financial Risk Management

The Group is exposed to credit risk, liquidity risk and market risks. The Group identifies and analyzes such risks, and controls are implemented under a risk management system to monitor and manage these risks at below a threshold level.

(a) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices, will affect the Group's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

(i) Currency risk

The Group is exposed to currency risk on sales, purchases and borrowings that are denominated in a currency other than the functional currency of the Group, Korean won (KRW). The currencies in which these transactions primarily are denominated are USD, EUR, JPY, etc.

Interest on borrowings is denominated in the currency of the borrowing. Generally, borrowings are denominated in currencies that match the cash flows generated by the underlying operations of the Group, primarily KRW and USD.

In respect of other monetary assets and liabilities denominated in foreign currencies, the Group adopts policies to ensure that its net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates when necessary to address short-term imbalances.

Table of Contents25. Financial Risk Management, Continuedi) Exposure to currency risk

The Group's exposure to foreign currency risk based on notional amounts as of March 31, 2017 and December 31, 2016 is as follows:

(In millions)

	March 31, 2017						
	USD	JPY	CNY	TWD	EUR	PLN	VND

TWD	37.11	36.33	36.82	37.41
EUR	1,230.16	1,326.89	1,192.61	1,267.60
PLN	284.48	304.16	283.16	287.62
VND	0.0508	0.0538	0.0490	0.0531

Table of Contents25. Financial Risk Management, Continuedii) Sensitivity analysis

A weaker won, as indicated below, against the following currencies which comprise the Group's assets or liabilities denominated in foreign currency as of March 31, 2017 and December 31, 2016, would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis is based on foreign currency exchange rate variances that the Group considers to be reasonably possible as of the end of reporting period. The analysis assumes that all other variables, in particular interest rates, would remain constant. The changes in equity and profit or loss would have been as follows:

<i>(In millions of won)</i>	March 31, 2017		December 31, 2016	
	Equity	Profit or loss	Equity	Profit or loss
USD (5 percent weakening)	₩ 33,733	52,752	57,111	63,337
JPY (5 percent weakening)	(8,785)	(8,717)	(8,972)	(7,237)
CNY (5 percent weakening)	2,062	(1,907)	(3,410)	7,077
TWD (5 percent weakening)	211		88	
EUR (5 percent weakening)	(156)	(89)	(40)	(79)
PLN (5 percent weakening)	1,180	(132)	1,129	(167)
VND (5 percent weakening)	(1,767)	(1,767)	(867)	

A stronger won against the above currencies as of March 31, 2017 and December 31, 2016 would have had the equal but opposite effect on the above currencies to the amounts shown above, on the basis that all other variables remain constant.

(ii) Interest rate risk

Interest rate risk arises principally from the Group's debentures and borrowings. The Group establishes and applies its policy to reduce uncertainty arising from fluctuations in the interest rate and to minimize finance cost and manages interest rate risk by monitoring of trends of fluctuations in interest rate and establishing plan for countermeasures.

i) Profile

The interest rate profile of the Group's interest-bearing financial instruments as of March 31, 2017 and December 31, 2016 is as follows:

<i>(In millions of won)</i>	March 31, 2017	December 31, 2016
Fixed rate instruments		
Financial assets	₩ 2,303,133	2,722,600
Financial liabilities	(2,203,704)	(2,203,378)
	₩ 99,429	519,222

Variable rate instruments

Financial liabilities	₩ (2,480,335)	(2,575,392)
-----------------------	---------------	-------------

Table of Contents25. Financial Risk Management, Continuedii) Equity and profit or loss sensitivity analysis for variable rate instruments

As of March 31, 2017 and December 31, 2016, a change of 100 basis points in interest rates at the reporting date would have increased (decreased) equity and profit or loss by the amounts shown below for each 12-month period following the reporting dates. This analysis assumes that all other variables, in particular foreign currency rates, remain constant.

(In millions of won)

	Equity		Profit or loss	
	1%p increase	1%p decrease	1%p increase	1%p decrease
March 31, 2017				
Variable rate instruments(*)	₩(16,148)	16,148	(16,148)	16,148
December 31, 2016				
Variable rate instruments(*)	₩(16,868)	16,868	(16,868)	16,868

(*) Financial instruments subject to interest rate swap not qualified for hedging are excluded.

Table of Contents25. Financial Risk Management, Continued

(b) Credit risk

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Group's receivables from customers.

The Group's exposure to credit risk of trade and other receivables is influenced mainly by the individual characteristics of each customer. However, management believes that the demographics of the Group's customer base, including the default risk of the country in which customers operate, do not have a significant influence on credit risk since the majority of the customers are global electronic appliance manufacturers operating in global markets.

The Group establishes credit limits for each customer and each new customer is analyzed quantitatively and qualitatively before determining whether to utilize third party guarantees, insurance or factoring as appropriate.

The Group does not establish allowances for receivables under insurance or receivables from customers with a high credit rating. For the rest of the receivables, the Group establishes an allowance for impairment of trade and other receivables that have been individually or collectively evaluated for impairment and estimated on the basis of historical loss experience for assets.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk as of March 31, 2017 and December 31, 2016 are as follows:

(In millions of won)

	March 31, 2017	December 31, 2016
Cash and cash equivalents	₩ 1,344,723	1,558,696
Deposits in banks	958,267	1,163,763
Trade accounts and notes receivable, net	4,430,519	4,957,993
Non-trade receivable, net	95,013	134,161
Accrued income	9,528	9,431
Available-for-sale financial assets	155	154
Financial assets at fair value through profit or loss	1,382	1,382
Deposits	55,934	47,954
Short-term loans	15,853	7,696
Long-term loans	25,215	34,760
Long-term non-trade receivable	11,971	2,619
Derivatives	925	244
	₩ 6,949,485	7,918,853

Credit risk is the risk of financial loss to the Group if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises primarily from the sales and investing activities. Trade accounts and notes receivables are insured in order to manage credit risk and uninsured trade accounts and notes receivables are managed in accordance with the Group's management policy.

Table of Contents25. Financial Risk Management, Continued

(c) Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Group's reputation.

The Group has historically been able to satisfy its cash requirements from cash flows from operations and debt and equity financing. To the extent that the Group does not generate sufficient cash flows from operations to meet its capital requirements, the Group may rely on other financing activities, such as external long-term borrowings and offerings of debt securities, equity-linked and other debt securities. In addition, the Group maintains a line of credit with various banks.

The following are the contractual maturities of financial liabilities, including estimated interest payments, as of March 31, 2017.

(In millions of won)

	Carrying amount	Total	Contractual cash flows				
			6 months or less	6-12 months	1-2 years	2-5 years	More than 5 years
Non-derivative financial liabilities :							
Secured bank loan	₩ 654,531	690,550	12,113	12,047	666,390		
Unsecured bank loans	2,148,200	2,255,122	241,789	22,551	1,238,329	698,598	53,855
Unsecured bond issues	1,881,308	1,987,498	202,913	390,143	352,852	961,042	80,548
Trade accounts and notes payable	2,437,455	2,437,455	2,437,455				
Other accounts payable	2,644,343	2,644,850	2,642,190	2,660			
Long-term other accounts payable	2,349	2,667			2,667		
Derivative financial liabilities	355	357	181	126	50		
	₩ 9,768,541	10,018,499	5,536,641	427,527	2,260,288	1,659,640	134,403

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

Table of Contents25. Financial Risk Management, Continued

(d) Capital management

Management's policy is to maintain a capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Liabilities to equity ratio, net borrowings to equity ratio and other financial ratios are used by management to achieve an optimal capital structure. Management also monitors the return on capital as well as the level of dividends to ordinary shareholders.

(In millions of won)

	March 31, 2017	December 31, 2016
Total liabilities	₩ 11,096,278	11,421,948
Total equity	13,708,923	13,462,388
Cash and deposits in banks (*1)	2,302,978	2,722,446
Borrowings (including bonds)	4,684,039	4,778,770
Total liabilities to equity ratio	81%	85%
Net borrowings to equity ratio (*2)	17%	15%

(*1) Cash and deposits in banks consist of cash and cash equivalents and current deposit in banks.

(*2) Net borrowings to equity ratio is calculated by dividing total borrowings (including bonds) less cash and current deposits in banks by total equity.

Table of Contents

25. Financial Risk Management, Continued

(e) Determination of fair value

(i) Measurement of fair value

A number of the Group's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

i) Current Assets and Liabilities

The carrying amounts approximate fair value because of the short maturity of these instruments.

ii) Trade Receivables and Other Receivables

The fair value of trade and other receivables is estimated as the present value of future cash flows, discounted at the market rate of interest at the reporting date. This fair value is determined for disclosure purposes. The carrying amounts of short-term receivables approximate fair value.

iii) Investments in Equity and Debt Securities

The fair value of marketable available-for-sale financial assets is determined by reference to their quoted closing bid price at the reporting date. The fair value of non-marketable securities is determined using valuation methods.

iv) Non-derivative Financial Liabilities

Fair value, which is determined for disclosure purposes, except for the liabilities at FVTPL, is calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the reporting date.

Table of Contents25. Financial Risk Management, Continued

(ii) Fair values versus carrying amounts

The fair values of financial assets and liabilities, together with the carrying amounts shown in the condensed consolidated interim statements of financial position, are as follows:

(In millions of won)

	March 31, 2017		December 31, 2016	
	Carrying amounts	Fair values	Carrying amounts	Fair values
Assets carried at fair value				
Available-for-sale financial assets	₩ 155	155	154	154
Financial assets at fair value through profit or loss	1,382	1,382	1,382	1,382

Deposits in banks	958,267	(*)	1,163,763	(*)
Trade accounts and notes receivable	4,430,519	(*)	4,957,993	(*)
Non-trade receivable	95,013	(*)	134,161	(*)
Accrued income	9,528	(*)	9,431	(*)
Deposits	55,934	(*)	47,954	(*)
Short-term loans	15,853	(*)	7,696	(*)
Long-term loans	25,215	(*)	34,760	(*)
Long-term non-trade receivable	11,971	(*)	2,619	(*)
Liabilities carried at fair value				
Derivatives	₩ 355	355	472	472
Liabilities carried at amortized cost				
Secured bank loans	₩ 654,531	654,531	700,820	700,820
Unsecured bank loans	2,148,200	2,152,036	2,197,132	2,200,522
Unsecured bond issues	1,881,308	1,904,253	1,880,818	1,903,863
Trade accounts and notes payable	2,437,455	(*)	2,877,326	(*)
Other accounts payable	2,644,343	2,644,810	2,449,517	2,449,938
Long-term other accounts payable	2,349	2,611	3,530	3,891

(*) Excluded from disclosures as the carrying amount approximates fair value.

The basis for determining fair values above by the Group are consistent with those disclosed in the financial statements as of and for the year ended December 31, 2016.

Table of Contents25. Financial Risk Management, Continued

(iii) Financial Instruments measured at cost

Available-for-sale financial assets measured at cost as of March 31, 2017 and December 31, 2016 are as follows:

(In millions of won)

	March 31, 2017	December 31, 2016
Intellectual Discovery Co., Ltd.	₩ 729	729
Kyulux, Inc.	3,266	3,266
Henghao Technology Co., Ltd.	1,559	1,559
ARCH Venture Fund VIII, L.P.	2,110	2,285
	₩ 7,664	7,839

Available-for-sale-financial assets consist of investments in equity securities and the fair value of some investments in equity securities are measured at cost because the range of reasonable fair value measurements is significant and the probabilities of the various estimates cannot be reasonably assessed since there is not a quoted price in an active market for an identical instruments.

Table of Contents25. Financial Risk Management, Continued

(iv) Fair values of financial assets and liabilities

i) Fair value hierarchy

The table below analyzes financial instruments carried at fair value based on the input variables used in the valuation method to measure fair value of assets and liabilities. The different levels have been defined as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: inputs for the asset or liability that are not based on observable market data

ii) Financial instruments measured at fair value

Fair value hierarchy classifications of the financial instruments that are measured at fair value as of March 31, 2017 and December 31, 2016 are as follows:

(In millions of won)

	Level 1	Level 2	Level 3	Total
March 31, 2017				
Assets				
Available-for-sale financial assets	₩ 155			155

Independent Auditors' Review Report

Based on a report originally issued in Korean

To the Board of Directors and Shareholders

LG Display Co., Ltd.:

Reviewed Financial Statements

We have reviewed the accompanying condensed separate interim financial statements of LG Display Co., Ltd. (the Company) which comprise the condensed separate interim statement of financial position as of March 31, 2017, the condensed separate interim statements of comprehensive income (loss), changes in equity and cash flows for the three-month periods ended March 31, 2017 and 2016, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Condensed Separate Interim Financial Statements

Management is responsible for the preparation and fair presentation of these condensed separate interim financial statements in accordance with Korean International Financial Reporting Standards No. 1034, *Interim Financial Reporting*, and for such internal controls as management determines necessary to enable the preparation of condensed separate interim financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to issue a report on these condensed separate interim financial statements based on our reviews.

We conducted our reviews in accordance with the Review Standards for Quarterly and Semiannual Financial Statements established by the Security and Futures Commission of the Republic of Korea. A review of interim financial information consists principally of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with auditing standards generally accepted in the Republic of Korea and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our reviews, nothing has come to our attention that causes us to believe that the condensed separate interim financial statements referred to above are not presented fairly, in all material respects, in accordance with Korean International Financial Reporting Standards No. 1034, *Interim Financial Reporting*.

Other Matters

The procedures and practices utilized in the Republic of Korea to review such condensed separate interim financial statements may differ from those generally accepted and applied in other countries.

We audited the separate statement of financial position as of December 31, 2016, and the related separate statements of comprehensive income, changes in equity and cash flows for the year then ended, which are not accompanying this

review report, in accordance with Korean Standards on Auditing, and our report thereon, dated February 21, 2017, expressed an unqualified opinion. The accompanying condensed separate statement of financial position of the Company as of December 31, 2016, presented for comparative purposes, is not different from that audited by us from which it was derived in all material respects.

Table of Contents

1. **Organization and Description of Business**

LG Display Co., Ltd. (the Company) was incorporated in February 1985 and the Company is a public corporation listed in Korea Exchange since 2004. The main business of the Company is to manufacture and sell displays and its related products. As of March 31, 2017, the Company is operating Thin Film Transistor Liquid Crystal Display (TFT-LCD) and Organic Light Emitting Diode (OLED) panel manufacturing plants in Gumi, Paju and China and TFT-LCD and OLED module manufacturing plants in Gumi, Paju, China and Poland. The Company is domiciled in the Republic of Korea with its address at 128 Yeouidae-ro, Yeongdeungpo-gu, Seoul, the Republic of Korea. As of March 31, 2017, LG Electronics Inc., a major shareholder of the Company, owns 37.9% (135,625,000 shares) of the Company's common stock.

The Company's common stock is listed on the Korea Exchange under the identifying code 034220. As of March 31, 2017, there are 357,815,700 shares of common stock outstanding. The Company's common stock is also listed on the New York Stock Exchange in the form of American Depository Shares (ADSs) under the symbol LPL. One ADS represents one-half of one share of common stock. As of March 31, 2017, there are 28,224,536 ADSs outstanding.

2. **Basis of Presenting Financial Statements**

(a) **Statement of Compliance**

The condensed separate interim financial statements have been prepared in accordance with Korean International Financial Reporting Standards (K-IFRSs) No.1034, *Interim Financial Reporting*. They do not include all of the information required for full annual financial statements and should be read in conjunction with the separate financial statements of the Company as of and for the year ended December 31, 2016.

These condensed interim financial statements are separate interim financial statements prepared in accordance with K-IFRS No.1027, *Separate Financial Statements*, presented by a parent, an investor in an associate or a venture in a joint ventures, in which the investments are accounted for on the basis of the direct equity interest rather than on the basis of the reported results and net assets of the investees.

Table of Contents

2. **Basis of Presenting Financial Statements, Continued**

(b) **Basis of Measurement**

The condensed separate interim financial statements have been prepared on the historical cost basis except for the following material items in the statements of financial position:

derivative instruments, financial assets at fair value through profit or loss and available-for-sale financial assets are measured at fair value, and

net defined benefit liabilities are recognized as the present value of defined benefit obligations less the fair value of plan assets

(c) **Functional and Presentation Currency**

The condensed separate interim financial statements are presented in Korean won, which is the Company's functional currency.

(d) **Use of Estimates and Judgments**

The preparation of the condensed separate interim financial statements in conformity with K-IFRSs requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

In preparing these condensed separate interim financial statements, the significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those applied in its separate financial statements as of and for the year ended December 31, 2016.

Table of Contents

3. Summary of Significant Accounting Policies

The significant accounting policies followed by the Company in the preparation of its condensed separate interim financial statements are the same as those followed by the Company in its preparation of the separate financial statements as of and for the year ended December 31, 2016, except for the application of K-IFRS No. 1034, *Interim Financial Reporting*, and the amended accounting standards explained below:

(a) Changes in Accounting Policies

(i) K-IFRS No. 1007, *Statement of Cash Flows*

The Company has adopted the amendment to K-IFRS No. 1007, *Statement of Cash Flows*, since January 1, 2017. The amendment to K-IFRS No. 1007 is part of the disclosure initiative to improve presentation and disclosure in financial statements and requires an entity to provide disclosures that enable users of financial statements to evaluate changes in liabilities arising from financing activities including both changes due to cash flows and non-cash changes such as changes from financing cash flows, changes arising from obtaining or losing control of subsidiaries or other businesses, the effect of changes in foreign exchange rates and changes in fair value and other changes. The Company has applied the amendment and disclosed changes in liabilities arose from financing activities including both changes due to cash flows and non-cash changes in note 25.

(ii) K-IFRS No. 1012, *Income Taxes*

The Company has adopted the amendment to K-IFRS No. 1012, *Income Taxes*, since January 1, 2017. The amendments clarify that an entity needs to consider whether tax law restricts the sources of taxable profits against which it may make deductions on the reversal of that deductible temporary difference. Furthermore, the amendments provide guidance on how an entity should determine future taxable profits and explain the circumstances in which taxable profit may include the recovery of some assets for more than their carrying amount.

There is no impact of applying this amendment on the condensed separate interim financial statements.

Table of Contents

3. Summary of Significant Accounting Policies, Continued

(b) New Standards and Amendments Not Yet Adopted

A number of new standards are effective for annual periods beginning after January 1, 2017 and earlier application is permitted; however, the Company has not early adopted the following new standards in preparing these condensed separate interim financial statements.

(i) K-IFRS No. 1109, *Financial Instruments*

The Company plans to adopt K-IFRS No. 1109, *Financial Instruments*, in its separate financial statements for annual periods beginning on or after January 1, 2018, finalize assessing the financial impact of the adoption of K-IFRS No. 1109 by September 30, 2017 and disclose the results in its separate financial statements for the year ending December 31, 2017. As of March 31, 2017, other than the potential impacts described in the separate financial statements as of and for the year ended December 31, 2016, there are no significant changes in relation to preparation for the adoption of this new standard.

(ii) K-IFRS No. 1115, *Revenue from Contracts with Customers*

The Company plans to adopt K-IFRS No. 1115, *Revenue from Contracts with Customers*, in its separate financial statements for annual periods beginning on or after January 1, 2018, finalize assessing the financial impact of the adoption of K-IFRS No. 1115 by September 30, 2017 and disclose the results in its separate financial statements for the year ending December 31, 2017. As of March 31, 2017, other than the potential impacts described in the separate financial statements as of and for the year ended December 31, 2016, there are no significant changes in relation to preparation for the adoption of this new standard.

Table of Contents**4. Cash and Cash Equivalents and Deposits in Banks**

Cash and cash equivalents and deposits in banks as of March 31, 2017 and December 31, 2016 are as follows:

<i>(In millions of won)</i>	March 31, 2017	December 31, 2016

	₩	65,078	65,143

Table of Contents

14. Contingencies and Commitments

(a) Legal Proceedings

Delaware Display Group LLC and Innovative Display Technologies LLC (DDG and IDT)

In December 2013, Delaware Display Group LLC and Innovative Display Technologies LLC filed a patent infringement case (First Case) against the Company and LG Display America, Inc. in the United States District Court for the District of Delaware and DDG and IDT filed a new patent infringement case against the Company and LG Display America, Inc. over the three patents that were dismissed without prejudice from the First Case in December 2015. Additionally, in August 2016, Innovative Display Technologies LLC filed a new patent infringement case against the Company and LG Display America, Inc. in the United States District Court for the Eastern District of Texas with respect to two new patents. For the three-month period ended March 31, 2017, the parties have reached settlements in principle regarding the above-mentioned patent litigations through mediation.

Surpass Tech Innovation LLC

In March 2014, Surpass Tech Innovation LLC filed a complaint in the United States District Court for the District of Delaware against the Company and LG Display America, Inc. for alleged patent infringement. As of March 31, 2017, the case which has been stayed by the United States District Court for the District of Delaware pending Inter Partes Review (IPR) is still stayed although IPR has been completed. The Company does not have a present obligation for this matter and has not recognized any provision at March 31, 2017. It is not possible to reasonably estimate an amount of potential loss, if any, because the plaintiffs have not provided any information regarding damages.

Others

The Company is defending against various claims in addition to pending proceedings described above. The Company does not have a present obligation for these matters and has not recognized any provision at March 31, 2017.

Table of Contents14. Contingencies and Commitments, Continued

(b) Commitments

Factoring and securitization of accounts receivable

The Company has agreements with Korea Development Bank and several other banks for accounts receivable sales negotiating facilities of up to an aggregate of USD 1,913 million (~~₩~~2,135,099 million) in connection with the Company's export sales transactions with its subsidiaries. As of March 31, 2017, no short-term borrowings were outstanding in connection with these agreements. In connection with all of the contracts in this paragraph, the Company has sold its accounts receivable with recourse.

The Company has a credit facility agreement with Shinhan Bank and several other banks pursuant to which the Company could sell its accounts receivables up to an aggregate of ~~₩~~413,669 million in connection with its domestic and export sales transactions and, as of March 31, 2017, no accounts and notes receivable sold to Shinhan Bank were outstanding in connection with the agreement. In connection with the contract above, the Company has sold its accounts receivable without recourse.

Letters of credit

As of March 31, 2017, the Company has agreements in relation to the opening of letters of credit up to USD 30 million (~~₩~~33,483 million) with KEB Hana Bank, USD 80 million (~~₩~~89,288 million) with Bank of China and USD 50 million (~~₩~~55,805 million) with Sumitomo Mitsui Banking Corporation.

Payment guarantees

The Company provides a payment guarantee in connection with the term loan credit facilities of LG Display Vietnam Haiphong, Co., Ltd. amounting to USD 100 million (~~₩~~111,610 million) for principals and related interests.

In addition, the Company obtained payment guarantees amounting to USD 500 million (~~₩~~558,050 million) from KEB Hana Bank and others for advances received related to the long-term supply agreements and USD 8.5 million (~~₩~~9,487 million) from Shinhan bank for value added tax payments in Poland.

License agreements

As of March 31, 2017, in relation to its LCD business, the Company has technical license agreements with Hitachi Display, Ltd. and others and has a trademark license agreement with LG Corp.

Table of Contents**15. Share capital**

The Company is authorized to issue 500,000,000 shares of capital stock (par value ₩ 5,000), and as of March 31, 2017 and December 31, 2016, the number of issued common shares is 357,815,700. There have been no changes in the capital stock from January 1, 2016 to March 31, 2017.

16. Revenue

Details of revenue for the three-month periods ended March 31, 2017 and 2016 are as follows:

<i>(In millions of won)</i>	2017	2016
Sales of goods	₩ 6,528,896	5,557,741
Royalties	4,600	2,599
Others	9,451	7,130
	₩ 6,542,947	5,567,470

17. The Nature of Expenses and Others

The classification of expenses by nature for the three-month periods ended March 31, 2017 and 2016 are as follows:

<i>(In millions of won)</i>	2017	2016
Changes in inventories	₩ 100,076	(112,094)

- (b) Finance income and costs recognized in other comprehensive income or loss for the three-month periods ended March 31, 2017 and 2016 are as follows:

<i>(In millions of won)</i>	2017	2016
Net change in fair value of available-for-sale financial assets	₩	(77)
Tax effect		19
Finance income (costs) recognized in other comprehensive income or loss after tax	₩	(58)

Table of Contents22. Income Taxes

(a) Details of income tax expense for the three-month periods ended March 31, 2017 and 2016 are as follows:

<i>(In millions of won)</i>	2017	2016
Current tax expense	₩ 96,105	8,762
Deferred tax expense (benefit)	38,329	(51,141)
Income tax expense (benefit)	₩ 134,434	(42,379)

(b) Deferred Tax Assets and Liabilities

Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the deferred tax assets at the reporting date will be realized with the Company's estimated future taxable income.

Deferred tax assets and liabilities as of March 31, 2017 and December 31, 2016 are attributable to the following:

<i>(In millions of won)</i>	Assets		Liabilities		Total	
	March 31, 2017	December 31, 2016	March 31, 2017	December 31, 2016	March 31, 2017	December 31, 2016
Other accounts receivable, net	₩		(1,281)	(1,190)	(1,281)	(1,190)
Inventories, net	34,256	32,150			34,256	32,150
Defined benefit liabilities, net	24,129	10,817			24,129	10,817
Accrued expenses	76,848	119,952			76,848	119,952
Property, plant and equipment	170,453	177,833			170,453	177,833
Intangible assets	920	744			920	744
Provisions	20,613	15,051			20,613	15,051
Gain or loss on foreign currency translation, net	11	11			11	11
Others	13,421	10,845			13,421	10,845
Tax credit carryforwards	277,057	287,400			277,057	287,400
Deferred tax assets (liabilities)	₩ 617,708	654,803	(1,281)	(1,190)	616,427	653,613

Statutory tax rate applicable to the Company is 24.2% for the three-month period ended March 31, 2017.

Table of Contents23. Earnings (Loss) Per Share

(a) Basic earnings (loss) per share for the three-month periods ended March 31, 2017 and 2016 are as follows:

<i>(In won and No. of shares)</i>	2017	2016
Profit (Loss) for the period	₩ 514,111,732,552	(54,103,900,027)
Weighted-average number of common stocks outstanding	357,815,700	357,815,700
Earnings (Loss) per share	₩ 1,437	(151)

For the three-month periods ended March 31, 2017 and 2016, there were no events or transactions that resulted in changes in the number of common stocks used for calculating earnings(loss) per share.

(b) Diluted earnings (loss) per share for the three-month periods ended March 31, 2017 and 2016 are not calculated since there was no potential common stock.

Table of Contents**24. Financial Risk Management**

The Company is exposed to credit risk, liquidity risk and market risks. The Company identifies and analyzes such risks, and controls are implemented under a risk management system to monitor and manage these risks at below a threshold level.

(a) Market risk

Market risk is the risk that changes in market prices, such as foreign exchange rates, interest rates and equity prices will affect the Company's income or the value of its holdings of financial instruments. The objective of market risk management is to manage and control market risk exposures within acceptable parameters, while optimizing the return.

(i) Currency risk

The Company is exposed to currency risk on sales, purchases and borrowings that are denominated in a currency other than the functional currency of the Company, Korean won (KRW). The currencies in which these transactions primarily are denominated are USD, EUR JPY, etc.

Interest on borrowings is denominated in the currency of the borrowing. Generally, borrowings are denominated in currencies that match the cash flows generated by the underlying operations of the Company, primarily KRW and USD.

In respect of other monetary assets and liabilities denominated in foreign currencies, the Company adopts policies to ensure that its net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates when necessary to address short-term imbalances.

i) Exposure to currency risk

The Company's exposure to foreign currency risk based on notional amounts as of March 31, 2017 and December 31, 2016 is as follows:

(In millions)

	March 31, 2017				
	USD	JPY	CNY	PLN	EUR
Cash and cash equivalents	63	504	1	2	
Trade accounts and notes receivable	3,804	1,128			
Non-trade receivable	40	1,544			2
Long-term non-trade receivable	2				
Other assets denominated in foreign currencies		51			
Trade accounts and notes payable	(1,055)	(13,591)			
Other accounts payable	(126)	(5,783)	(55)	(10)	(1)
Debt	(899)				
Gross statement of financial position exposure	1,829	(16,147)	(54)	(8)	1

Forward exchange contracts	(100)				
Net exposure	1,729	(16,147)	(54)	(8)	1

Table of Contents24. Financial Risk Management, Continued*(In millions)*

	December 31, 2016				
	USD	JPY	CNY	PLN	EUR
Cash and cash equivalents	20	268		2	
Trade accounts and notes receivable	3,929	1,315			
Non-trade receivable	90	4,222	1,312		3
Long-term non-trade receivable	2				
Other assets denominated in foreign currencies		51			
Trade accounts and notes payable	(1,442)	(14,940)			
Other accounts payable	(120)	(7,161)	(1)	(12)	(1)
Debt	(951)				
Net exposure	1,528	(16,245)	1,311	(10)	2

Average exchange rates applied for the three-month periods ended March 31, 2017 and 2016 and the exchange rates at March 31, 2017 and December 31, 2016 are as follows:

(In won)

	Average rate		Reporting date spot rate	
	2017	2016	March 31, 2017	December 31, 2016
USD	₩ 1,154.65	1,201.85	₩ 1,116.10	1,208.50
JPY	10.15	10.42	9.99	10.37
CNY	168.15	183.12	162.27	173.26
PLN	284.48	304.16	283.16	287.62
EUR	1,230.16	1,326.89	1,192.61	1,267.60

Table of Contents24. Financial Risk Management, Continued

ii) Sensitivity analysis

A weaker won, as indicated below, against the following currencies which comprise the Company's assets or liabilities denominated in foreign currency as of March 31, 2017 and December 31, 2016, would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis is based on foreign currency exchange rate variances that the Company considers to be reasonably possible as of the end of reporting period. The analysis assumes that all other variables, in particular interest rates, would remain constant. The changes in equity and profit or loss would have been as follows:

(In millions of won)

	March 31, 2017		December 31, 2016	
	Equity	Profit or loss	Equity	Profit or loss
USD (5 percent weakening)	₩ 73,137	73,137	69,986	69,986
JPY (5 percent weakening)	(6,111)	(6,111)	(6,383)	(6,383)
CNY (5 percent weakening)	(332)	(332)	8,609	8,609
PLN (5 percent weakening)	(86)	(86)	(109)	(109)
EUR (5 percent weakening)	45	45	96	96

A stronger won against the above currencies as of March 31, 2017 and December 31, 2016 would have had the equal but opposite effect on the above currencies to the amounts shown above, on the basis that all other variables remain constant.

Table of Contents**24. Financial Risk Management, Continued****(ii) Interest rate risk**

Interest rate risk arises principally from the Company's debentures and borrowings. The Company establishes and applies its policy to reduce uncertainty arising from fluctuations in the interest rate and to minimize finance cost and manages interest rate risk by monitoring of trends of fluctuations in interest rate and establishing plan for countermeasures.

i) Profile

The interest rate profile of the Company's interest-bearing financial instruments as of March 31, 2017 and December 31, 2016 is as follows:

<i>(In millions of won)</i>	March 31, 2017	December 31, 2016
Fixed rate instruments		
Financial assets	₩ 1,055,422	1,336,141
Financial liabilities	(2,203,704)	(2,203,378)
	₩ (1,148,282)	(867,237)
Variable rate instruments		
Financial liabilities	₩ (1,503,244)	(1,649,334)

ii) Equity and profit or loss sensitivity analysis for variable rate instruments

As of March 31, 2017 and December 31, 2016, a change of 100 basis points in interest rates at the reporting date would have increased (decreased) equity and profit or loss by the amounts shown below for each 12-month period following the reporting dates. This analysis assumes that all other variables, in particular foreign currency rates, remain constant.

<i>(In millions of won)</i>	Equity		Profit or loss	
	1%p increase	1%p decrease	1%p increase	1%p decrease
March 31, 2017				
Variable rate instruments(*)	₩ (8,742)	8,742	(8,742)	8,742
December 31, 2016				
Variable rate instruments(*)	₩ (9,849)	9,849	(9,849)	9,849

(*) Financial instruments subject to interest rate swap not qualified for hedging are excluded.

Table of Contents24. Financial Risk Management, Continued

(b) Credit risk

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the Company's receivables from customers.

The Company's exposure to credit risk of trade and other receivables is influenced mainly by the individual characteristics of each customer. However, management believes that the demographics of the Company's customer base, including the default risk of the country in which customers operate, do not have a significant influence on credit risk since the majority of the customers are global electronic appliance manufacturers operating in global markets.

The Company establishes credit limits for each customer and each new customer is analyzed quantitatively and qualitatively before determining whether to utilize third party guarantees, insurance or factoring as appropriate.

The Company does not establish allowances for receivables under insurance or receivables from customers with a high credit rating. For the rest of the receivables, the Company establishes an allowance for impairment of trade and other receivables that have been individually or collectively evaluated for impairment and estimated on the basis of historical loss experience for assets.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk as of March 31, 2017 and December 31, 2016 are as follows:

<i>(In millions of won)</i>	March 31, 2017	December 31, 2016
Cash and cash equivalents	₩ 178,747	259,467
Deposits in banks	876,532	1,076,533
Trade accounts and notes receivable, net	4,742,391	5,128,925
Non-trade receivable, net	87,279	395,534
Accrued income	7,147	8,210
Available-for-sale financial assets	155	154
Financial assets at fair value through profit or loss	1,382	1,382
Deposits	13,769	13,422
Short-term loans	14,230	7,696
Long-term loans	21,970	29,562
Long-term non-trade receivable	11,850	2,331
Derivatives	925	244
	₩ 5,956,377	6,923,460

In addition to the financial assets above, as of March 31, 2017, the Company provides payment guarantees of ₩111,610 million, for its subsidiaries.

Credit risk is the risk of financial loss to the Company if a customer or counterparty to a financial instrument fails to meet its contractual obligations, and arises primarily from the sales and investing activities. Trade accounts and notes receivables are insured in order to manage credit risk and uninsured trade accounts and notes receivables are managed

in accordance with the Company's management policy.

Table of Contents24. Financial Risk Management, Continued

(c) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company has historically been able to satisfy its cash requirements from cash flows from operations and debt and equity financing. To the extent that the Company does not generate sufficient cash flows from operations to meet its capital requirements, the Company may rely on other financing activities, such as external long-term borrowings and offerings of debt securities, equity-linked and other debt securities. In addition, the Company maintains a line of credit with various banks.

The following are the contractual maturities of financial liabilities, including estimated interest payments, as of March 31, 2017.

(In millions of won)

	Carrying amount	Total	Contractual cash flows				
			6 months or less	6-12 months	1-2 years	2-5 years	More than 5 years
Non-derivative financial liabilities							
Unsecured bank loans	₩ 1,825,640	1,901,948	235,814	16,774	1,209,476	386,029	53,855
Unsecured bond issues	1,881,308	1,987,498	202,913	390,143	352,852	961,042	80,548
Trade accounts and notes payable	2,097,726	2,097,726	2,097,726				
Other accounts payable	2,070,724	2,071,232	2,068,572	2,660			
Long-term other							
accounts payable	2,342	2,660			2,660		
Payment guarantee		119,585	1,228	1,222	19,558	97,577	
Derivative financial liabilities	355	357	181	126	50		
	₩ 7,878,095	8,181,006	4,606,434	410,925	1,584,596	1,444,648	134,403

It is not expected that the cash flows included in the maturity analysis could occur significantly earlier, or at significantly different amounts.

Table of Contents24. Financial Risk Management, Continued

(d) Capital management

Management's policy is to maintain a capital base so as to maintain investor, creditor and market confidence and to sustain future development of the business. Liabilities to equity ratio, net borrowings to equity ratio and other financial ratios are used by management to achieve an optimal capital structure. Management also monitors the return on capital as well as the level of dividends to ordinary shareholders.

<i>(In millions of won)</i>	March 31, 2017	December 31, 2016
Total liabilities	₩ 9,011,070	9,577,303
Total equity	12,567,069	12,235,447
Cash and deposits in banks (*1)	1,055,267	1,335,987
Borrowings (including bonds)	3,706,948	3,852,712
Total liabilities to equity ratio	72%	78%
Net borrowings to equity ratio (*2)	21%	21%

(*1) Cash and deposits in banks consist of cash and cash equivalents and current deposit in banks.

(*2) Net borrowings to equity ratio is calculated by dividing total borrowings (including bonds) less cash and current deposits in banks by total equity.

(e) Determination of fair value

(i) Measurement of fair value

A number of the Company's accounting policies and disclosures require the determination of fair value, for both financial and non-financial assets and liabilities. Fair values have been determined for measurement and/or disclosure purposes based on the following methods. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

i) Current Assets and Liabilities

The carrying amounts approximate fair value because of the short maturity of these instruments.

ii) Trade Receivables and Other Receivables

The fair value of trade and other receivables is estimated as the present value of future cash flows, discounted at the market rate of interest at the reporting date. This fair value is determined for disclosure purposes. The carrying amounts of short-term receivables approximate fair value.

iii) Investments in Equity and Debt Securities

The fair value of marketable available-for-sale financial assets is determined by reference to their quoted closing bid price at the reporting date. The fair value of non-marketable securities is determined using valuation methods.

iv) Non-derivative Financial Liabilities

Fair value, which is determined for disclosure purposes, except for the liabilities at FVTPL, is calculated based on the present value of future principal and interest cash flows, discounted at the market rate of interest at the reporting date.

Table of Contents24. Financial Risk Management, Continued(ii) Fair values versus carrying amounts

The fair values of financial assets and liabilities, together with the carrying amounts shown in the condensed separate interim statements of financial position, are as follows:

<i>(In millions of won)</i>	March 31, 2017		December 31, 2016	
	Carrying amounts	Fair values	Carrying amounts	Fair values
Assets carried at fair value				
Available-for-sale financial assets	₩ 155	155	154	154
Financial assets at fair value through profit or loss	1,382	1,382	1,382	1,382
Derivatives	925	925	244	244
Assets carried at amortized cost				
Cash and cash equivalents	₩ 178,747	(*)	259,467	(*)
Deposits in banks	876,532	(*)	1,076,533	(*)
Trade accounts and notes receivable	4,742,391	(*)	5,128,925	(*)
Non-trade receivable	87,279	(*)	395,534	(*)
Accrued income	7,147	(*)	8,210	(*)
Deposits	13,769	(*)	13,422	(*)
Short-term loans	14,230	(*)	7,696	(*)
Long-term loans	21,970	(*)	29,562	(*)
Long-term non-trade receivable	11,850	(*)	2,331	(*)
Liabilities carried at fair value				
Derivatives	₩ 355	355	472	472
Liabilities carried at amortized cost				
Unsecured bank loans	₩ 1,825,640	1,829,475	1,971,894	1,975,284
Unsecured bond issues	1,881,308	1,904,253	1,880,818	1,903,863
Trade accounts and notes payable	2,097,726	(*)	2,738,383	(*)
Other accounts payable	2,070,724	2,071,191	1,921,141	1,921,562
Long-term other accounts payable	2,342	2,604	3,528	3,891

(*) Excluded from disclosures as the carrying amount approximates fair value.

The basis for determining fair values above by the Company is consistent with those disclosed in the financial statements as of and for the year ended December 31, 2016.

Table of Contents24. Financial Risk Management, Continued

(iii) Financial Instruments measured at cost

Available-for-sale financial assets measured at cost as of March 31, 2017 and December 31, 2016 is as follows:

<i>(In millions of won)</i>	March 31, 2017	December 31, 2016
Intellectual Discovery Co., Ltd.	₩ 729	729
Henghao Technology Co., Ltd.	1,559	1,559
Kyulux Inc.	3,266	3,266
	₩ 5,554	5,554

Available-for-sale-financial assets consist of investments in equity securities and the fair value of some investments in equity securities are measured at cost because the range of reasonable fair value measurements is significant and the probabilities of the various estimates cannot be reasonably assessed since there is not a quoted price in an active market for an identical instruments.

(iv) Fair values of financial assets and liabilities

i) Fair value hierarchy

The table below analyzes financial instruments carried at fair value based on the input variables used in the valuation method to measure fair value of assets and liabilities. The different levels have been defined as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly

Level 3: inputs for the asset or liability that are not based on observable market data

Table of Contents24. Financial Risk Management, Continued

ii) Financial instruments measured at fair value

Fair value hierarchy classifications of the financial instruments that are measured at fair value as of March 31, 2017 and December 31, 2016 are as follows:

<i>(In millions of won)</i>	Level 1	Level 2	Level 3	Total
March 31, 2017				
Assets				
Available-for-sale financial assets	₩ 155			155
Financial assets at fair value through profit or loss			1,382	1,382

(f) Key management personnel compensation

Compensation costs of key management for the three-month periods ended March 31, 2017 and 2016 are as follows:

(In millions of won)

	2017	2016
Short-term benefits	₩ 1,317	714
Expenses related to the defined benefit plan	93	508
	₩ 1,410	1,222

Key management refers to the registered directors who have significant control and responsibilities over the Company's operations and business.

27. Subsequent Event

In April 2017, the Company received advances from a customer amounting to USD 500 million (₩565,950 million) in aggregate in connection with long-term supply agreements. The advances received will be offset against outstanding accounts receivable balances after a given period of time, as well as those arising from the sale of products thereafter. The Company received a payment guarantee from KEB Hana Bank relating to advances received. (Details of payment guarantees are described in note 14)
