To Our Fellow Whitestone REIT Shareholders:

This proxy statement (Proxy Statement) and the accompanying **BLUE** proxy card are being furnished to shareholders of Whitestone REIT, a Maryland real estate investment trust (Whitestone) with its principal executive office located at 2600 S. Gessner Road, Suite 500, Houston TX 77063, in connection with the solicitation of proxies by KBS (as hereinafter defined and referred to herein as we , us or our) and our nominees for election as trustees of Whitestone Kenneth H. Fearn, Jr. and David E. Snyder (each a Nominee and collectively, the Nominees), to be used at the 2018 annual meeting of shareholders of Whitestone (including any adjournments, postponements or continuations thereof) (the Annual Meeting), which is scheduled to be held at [] , on [] [] , 2018, at [] a.m. (Central Daylight Time). This Proxy Statement and the **BLUE** proxy card are first being furnished to shareholders on or about [] [] , 2018.

We are one of Whitestone's largest shareholders. We beneficially own 3,768,189 of Whitestone's common shares of beneficial interest, \$0.001 par value per share (Common Shares) or approximately 9.61% of Whitestone's outstanding Common Shares. We first considered an investment in Whitestone almost four years ago in the spring of 2014. We visited its properties, studied its financials and thought it could be an attractive investment at the right price.

However, we also believed that executive compensation was not properly aligned with shareholder interests and that the investment potential could be enhanced if alignment could be achieved. Management compensation, in particular the compensation of Whitestone's Chairman of the Board of Trustees (the Board) and Chief Executive Officer, James Mastandrea, is significantly disproportionate to the size and scale of Whitestone and its operations and compensation paid to executives of peer companies.

Early last year, we believed that market conditions made it favorable for us to make a major investment in Whitestone. Beginning in May 2017 and continuing through March 2018, we purchased Whitestone Common Shares until, as noted, we acquired the 3,768,189 Common Shares we currently own. We were not shy about expressing our concerns regarding executive compensation. In our initial Schedule 13D filing, we stated that we intended to seek a dialogue with management to discuss whether certain changes to employee compensation arrangements (including but not limited to long-term equity incentive compensation) could further align the interests between management and shareholders and improve shareholder returns. As more fully described in this Proxy Statement, we had several phone conversations with management in which we expressed our concern about the misalignment of executive compensation with shareholder interests. Ultimately, we had an in person meeting with Mr. Mastandrea and Paul Lambert, the new Chairman of the Compensation Committee.

We do not believe that Whitestone ever took our concerns seriously. Their responses were a mixture of claiming to not understand our concerns, that we do not understand their business model, or that we do not understand the beneficial changes they have made with respect to executive compensation. To the extent they did communicate changes to their executive compensation program to us, we were not convinced that the changes were sufficient. After reviewing their executive compensation disclosure in the proxy statement of Whitestone (Whitestone's Proxy Statement) filed with the Securities and Exchange Commission (the SEC), we can now confirm that the changes are simply not enough to address the misalignment between executive compensation and shareholder interests, and do not give us confidence that the current Board is willing or able to reign in executive compensation to appropriate levels.

There are other aspects of Whitestone's management compensation and corporate governance that we believe do not serve shareholders' best interests. These include unreasonable and excessive severance terms for management if Mr. Mastandrea is not re-nominated or re-elected to the Board, a classified Board, and bars which prevent shareholders from amending the Amended and Restated Bylaws of Whitestone (the Bylaws) or effecting other governance changes. Based on the lack of responsiveness by the Chairman of the Board to our compensation concerns expressed to him, the current Board's history of approving excessive executive compensation, other corporate governance concerns and our evaluation of how shareholder values might best be enhanced, we decided to seek a more effective shareholder voice on the Board by electing trustees who were both independent and not selected by the current Board. We believe the Nominees we chose and who have agreed to run and serve, if elected, are highly qualified and will bring a new and badly needed shareholder voice to the Board and will provide oversight and accountability on compensation and governance matters. We also decided to seek greater shareholder accountability from the Board by requesting that it declassify itself so that all trustees come up for election annually.

We are not seeking control or change in management. We want effective oversight of management compensation and good corporate governance. We are seeking only two of the seven seats on the Board, for the purpose of giving shareholders like ourselves a voice on the issues summarized above. We also would prefer not to run against Nandita Berry. She was appointed to the Board only recently in September 2017. The current Board, however, chose to assign her the shortest of terms from among the staggered three year terms to which trustees are elected and subjected her to election at this year's Annual Meeting of shareholders. If our Nominees are elected, they will advocate increasing the size of the Board for the reappointment of Ms. Berry. Jack Mahaffey, however, must be replaced after his long history of poor representation of shareholders, particularly for his work on the Compensation Committee where he served as Chairman from 2006 until recently and even now continues as a member. Mr. Mahaffey has been on this Board since 2000, and after nearly 18 years we believe he should be recognized de facto as an inside director.

A board has a heightened responsibility wherever the interests of management and shareholders may not align. We believe Whitestone's current Board has failed badly when it comes to overseeing and administering executive compensation and has been similarly tone deaf in overall corporate governance. While Whitestone added three new trustees to the Board in 2017, these new trustees were handpicked by existing trustees who for a long time have served as the core group of the Board. We welcome the new trustees but have no reason to believe they will be any more effective than the core group that picked them in reigning in executive compensation or redressing Whitestone's other governance weaknesses. David Taylor, one of their new trustees, was on the Board for the 2017 Annual Meeting of shareholders. He, like the rest of the Board, was blind to shareholder concerns on executive pay. He joined the rest of the Board in unanimously recommending that shareholders vote FOR Board proposals on the (i) 2018 Long Term Equity Incentive Ownership Plan, (ii) Advisory Vote on Executive Compensation and (iii) Advisory Vote on the Frequency of the Advisory Vote on Executive Compensation. Each of these proposals was extremely unpopular with shareholders and, despite there being no organized opposition, shareholders roundly defeated two of these Board proposals and for the other proposal, more than 40% of shareholders casting votes expressed their displeasure by voting AGAINST.

The current Board, including the new trustees, have shown no interest in rectifying Whitestone's staggered Board, exclusion of shareholders from any voice on its Bylaws or the other governance weaknesses for which Whitestone has been loudly criticized. We believe they are unlikely to do so.

The Board sidestepped any recommendation on our proposal that it de-stagger itself. It states

instead that they believe there are valid arguments for and against staggered boards, and that it wants to allow shareholders to express their views on this subject without being influenced by a Board recommendation. We think they are wrong. There is widespread recognition that staggered boards are highly disfavored by investors. We believe their real reason for claiming neutrality and not recommending against our proposal is to avoid losing and having to add another loss to their already impressive list of shareholder vote losses.

Even in matters as simple as assuring all shareholders have equal access to all sides of the arguments at this year's Annual Meeting, the current Board has stacked the deck against shareholder equal access. Whitestone's share register does not disclose the beneficial owners of approximately 94% of Whitestone's Common Shares. Whitestone, however, has not provided us with a Non-Objecting Beneficial Owners (NOBO) list that would provide access to some of these owners. We have asked Whitestone for a copy of the list. Whitestone, under direction of the current Board, unapologetically rejected our request and obviously sees nothing wrong with depriving shareholders access to all information and arguments they might consider relevant to their votes at the Annual Meeting.

We therefore are seeking your support to elect our Nominees, Kenneth H. Fearn, Jr. and David E. Snyder, to two of the three seats on Whitestone's staggered Board that are up for election this year by voting **FOR** the Nominees on the **BLUE** proxy card furnished with this Proxy Statement. We also are asking you to use the **BLUE** proxy card to vote **FOR** our advisory shareholder proposal that requests the Board declassify itself so that all trustees are elected annually instead of, as is currently the case, for three-year terms that are staggered so that as close as possible only approximately one third (1/3) of the Board is up for election each year (the Shareholder Proposal). Our proposal that the Board be declassified is made as a request to the Board rather than an amendment to Whitestone's Declaration of Trust because under Whitestone's Declaration of Trust and Bylaws, shareholders do not have any power or authority to make the change on their own.

Your vote is important. Please consider the information provided in this Proxy Statement carefully and vote the **BLUE** proxy card **FOR** our Nominees and **FOR** our Shareholder Proposal requesting elimination of the staggered board. We ask that you pay special attention to this Proxy Statement and other written proxy material we send you as Whitestone has imposed a significant barrier to deprive shareholders of the same telephonic and other direct access to us as they have to the Board and its arguments.

Proposal 1 - Election of Trustees

At the Annual Meeting, we will seek to elect to the Board the following two Nominees:

KENNETH H. FEARN, JR.

DAVID E. SNYDER

We believe that the Nominees have impressive qualifications and that their experience would be extremely beneficial to Whitestone and to its shareholders. Mr. Fearn has a strong background in commercial real estate investment, operations and management, having founded and led his own private equity real estate firm, having acted as Managing Director for another, and having served on public and private boards, including Ashford Hospitality Prime, Inc. (NYSE: AHP). Mr. Snyder has extensive experience in finance and accounting, substantial knowledge of capital markets and significant commercial real estate business experience in roles with various public companies, including presently as Chief Executive Officer of Keppel-KBS US REIT Management Pte. Ltd., a company that manages a

publicly listed REIT in Singapore, and previously as Chief Financial Officer of seven separate KBS-sponsored public REITs.

We believe that the Nominees' knowledge of operations, investments, corporate finance, management and corporate governance will significantly increase the business expertise and leadership of the Board. The Nominees are both strong shareholder-oriented individuals who will help represent the best interests of Whitestone's shareholders. Each of our Nominees has consented to being named in this Proxy Statement and, if elected, to serve as a trustee.

We and the Nominees have no interests or relationships with Whitestone, its trustees or its management outside of our Common Shares. If elected, the Nominees would be the first trustees on the Board nominated by shareholders rather than the incumbent trustees. They would provide a much needed shareholder-focused outside voice and check on management. As described above, we believe the incumbent trustees have approved grossly excessive and poorly designed management compensation to the detriment of Whitestone shareholders, and have implemented poor corporate governance policies, such as a staggered Board which shields the incumbent trustees from facing reelection except once every three years. These are just some examples of management and Board-friendly policies that can harm shareholders and that the Nominees would advocate to change.

The proxy rules impose certain requirements where, as here, we are seeking to elect trustees to less than all of the Board seats up for election. Under these rules we may only solicit proxies for our Nominees. In order to allow shareholders that would like to vote for our Nominees to fully exercise their voting rights to vote for up to a full complement of three trustees, the rules permit us to solicit proxies in support of our Nominees and also seek authority to vote for all of the Whitestone nominees other than those Whitestone nominees that we specify. This enables a shareholder who desires to vote for up to a full complement of three trustee nominees to use the **BLUE** proxy card to vote for our Nominees as well as the Whitestone nominee for whom we are seeking authority to vote for other than those nominees as to which the shareholder specifically withholds our authority to vote for. We have determined to nominate a slate of two Nominees, Mr. Fearn and Mr. Snyder, and are seeking authority to vote for a Whitestone nominee other than Nandita Berry and Jack Mahaffey. As a result, should a shareholder so authorize us, on the **BLUE** proxy card, we would cast votes for our two Nominees and a Whitestone nominee other than Ms. Berry and Mr. Mahaffey. The Whitestone nominee for whom we seek authority to vote has not agreed to serve with any of our Nominees, if elected.

Proposal 4 - Advisory Vote To Request that the Board Take the Necessary Steps To Declassify the Board of Trustees, To Require All Trustees To Stand For Election Annually and To Prohibit the Board of Trustees from Taking Action To Again Classify the Board of Trustees Without First Amending the Declaration of Trust With the Approval of Shareholders

At the Annual Meeting, we will propose that Whitestone's shareholders adopt the following Shareholder Proposal on a non-binding, advisory basis:

RESOLVED, that the shareholders of Whitestone request that the Board of Trustees take the necessary steps to declassify the Board of Trustees, to require that all trustees stand for election annually and to prohibit the Board of Trustees from taking action again to classify the Board of Trustees without first amending the Declaration of Trust with the approval of shareholders. The foregoing shall be done in the most expeditious manner available under Maryland law.

We believe that the election of trustees provides shareholders with a greater opportunity to influence the strategic direction of a public company. Currently, the Board is divided into three classes serving staggered three-year terms. We believe that having a classified Board is not in the best interests of Whitestone and its shareholders because it reduces accountability and is an unnecessary anti-takeover device. The elimination of the staggered Board would require each trustee to stand for election annually. We believe that such annual accountability would serve to keep trustees closely focused on the performance of top executives and on maximizing shareholder value. A classified Board protects the incumbency of the Board and current management, which in turn limits accountability to shareholders. We believe that Whitestone's corporate governance procedures and practices, and the level of management accountability they impose, are related to the financial performance of Whitestone. We believe sound corporate governance practices, such as the annual election of trustees, will impose the level of management accountability necessary to help ensure that good performance continues over the long term. Our proposal that the Board be declassified is made as a request to the Board rather than an amendment to Whitestone's Declaration of Trust because under Whitestone's Declaration of Trust and Bylaws, shareholders do not have any power or authority to make the change on their own.

Proxy advisory firms ISS and Glass Lewis both favor the repeal of staggered boards and the annual election of directors. According to Glass Lewis's 2018 proxy guidelines, empirical studies have shown: (i) staggered boards are associated with a reduction in a firm's valuation; and (ii) in the context of hostile takeovers, staggered boards operate as a takeover defense, which entrenches management, discourages potential acquirers, and delivers a lower return to target shareholders.

MR. KENNETH H. FEARN, JR. AND MR. DAVID E. SNYDER ARE COMMITTED TO ACTING IN THE BEST INTEREST OF ALL SHAREHOLDERS OF WHITESTONE. WE URGE YOU TO VOTE THE **BLUE** PROXY CARD (I) **FOR** MR. KENNETH H. FEARN, JR. AND MR. DAVID E. SNYDER AS TRUSTEES AND (II) **FOR** THE ADVISORY VOTE TO REQUEST THAT THE BOARD TAKE THE NECESSARY STEPS TO DECLASSIFY THE BOARD OF TRUSTEES, TO REQUIRE ALL TRUSTEES TO STAND FOR ELECTION ANNUALLY AND TO PROHIBIT THE BOARD OF TRUSTEES FROM TAKING ACTION TO AGAIN CLASSIFY THE BOARD OF TRUSTEES WITHOUT FIRST AMENDING THE DECLARATION OF TRUST WITH THE APPROVAL OF SHAREHOLDERS.

IMPORTANT

According to Whitestone's Proxy Statement for the Annual Meeting, the Bylaws and applicable law, (i) the election of the Nominees requires the affirmative vote of a plurality of the votes cast by the holders of Common Shares at a meeting at which a quorum is present in person or represented by proxy and (ii) the adoption of the Shareholder Proposal requires the affirmative vote of a majority of the votes cast by the holders of Common Shares at a meeting at which a quorum is present in person or represented by proxy. As a result, your vote is extremely important. We urge you to mark, sign, date, and return the enclosed **BLUE** proxy card to vote **FOR** the election of each Nominee and **FOR** the adoption of the Shareholder Proposal.

WE URGE YOU NOT TO SIGN ANY PROXY CARD SENT TO YOU BY WHITESTONE. IF YOU HAVE ALREADY DONE SO, YOU MAY REVOKE YOUR PROXY BY DELIVERING A LATER-DATED **BLUE** PROXY CARD IN THE ENCLOSED POSTAGE-PAID ENVELOPE, EXECUTING A VOTE VIA INTERNET OR TELEPHONE, OR BY VOTING IN PERSON AT THE ANNUAL MEETING. Delivery of Notice of Proposals

Article II, Section 12(a) of the Bylaws provides that nominations of persons for election to the Board and the proposal of other business to be considered by the shareholders may be made at an annual meeting of shareholders (iii) by any shareholder of [Whitestone] who was a shareholder of record both at the time of giving of notice by the shareholder provided for in this Section 12(a) and at the time of the annual meeting, who is entitled to vote at the meeting in the election of each individual so nominated or on any such other business and who has complied with this Section 12(a).

On December 28, 2017, SOR Properties, a Whitestone shareholder of record, delivered timely notice in accordance with the foregoing and otherwise in accordance with the Bylaws notifying Whitestone that SOR Properties intended to (1) nominate and seek to elect at the Annual Meeting Kenneth H. Fearn, Jr. and David E. Snyder as members of the Board and (2) seek shareholder approval of a resolution, on a non-binding, advisory basis, requesting that the Board take the necessary steps to declassify the Board, to require that all trustees stand for election annually and prohibit the Board from taking action to again classify the Board without first amending the Declaration of Trust with the approval of shareholders. On December 29, 2017, Whitestone confirmed timely receipt of such notice.

PROPOSAL 1: ELECTION OF TRUSTEES

As described above, SOR Properties has nominated at the Annual Meeting Kenneth H. Fearn, Jr. and David E. Snyder as members of the Board. Each Nominee, if elected, would serve a three-year term and hold office until the 2021 annual meeting of shareholders and until a successor has been duly elected and qualified unless the Board eliminates the staggered Board in accordance with the Shareholder Proposal (in which case they would serve a one-year term and hold office until the 2019 annual meeting of shareholders and until a successor has been duly elected and qualified). The Nominees are independent under the independence standards applicable to trustees of Whitestone under (i) paragraph (a)(1) of Item 407 of Regulation S-K under the Securities Exchange Act of 1934, as amended and (ii) the New York Stock Exchange (NYSE) listing standards. Background information about each of the Nominees is set forth below.

According to Whitestone's Proxy Statement, the Board has nominated three candidates for election as trustees at the Annual Meeting. This Proxy Statement is soliciting proxies to elect Kenneth H. Fearn, Jr. and David E. Snyder and to enable shareholders to vote for a Whitestone nominee other than Nandita Berry and Jack Mahaffey. Therefore, should a shareholder so authorize us, we will cast votes for our two Nominees and a Whitestone nominee other than Nandita Berry and Jack Mahaffey. The Whitestone nominee for whom we seek authority to vote has not agreed to serve with any of our Nominees, if elected.

We do not have objections to Ms. Berry's membership on the Board, but rather are seeking her seat so that we can have two trustees on the Board. We believe two seats are needed to ensure that our trustees are able to make and second motions for debate and consideration. We would support increasing the size of the Board to reappoint Nandita Berry, who was just appointed to the Board in 2017, but Jack Mahaffey, however, must be replaced after his long history of poor representation of shareholders, particularly for his work on the Compensation Committee where he served as Chairman from 2006 until recently and even now continues as a member. Mr. Mahaffey has been on this Board since 2000, and after 18 years, we believe he should be recognized de facto as an inside director.

If elected, the Nominees will be a minority of the trustees and will not alone be able to adopt resolutions. However, the Nominees expect to be able to actively engage other Board members in full discussion of the issues facing Whitestone and resolve them together. By utilizing their respective experiences and working constructively with Board members, the Nominees believe they can effect positive change at Whitestone by attempting to persuade other Board members to reduce executive compensation to more appropriate levels, to implement appropriate performance metrics for long-term equity awards that will better align management with shareholders, and to consider the Shareholder Proposal and other shareholder-friendly corporate governance improvements (such as allowing shareholders to amend the Bylaws).

We have an interest in the election of trustees at the Annual Meeting indirectly through the beneficial ownership of securities, as further described in Annex A. Except as disclosed in this Proxy Statement, none of the Nominees will receive any compensation from any of the Participants or any of their affiliates in connection with this proxy solicitation. SOR REIT and the Nominees have entered into agreements, in which, among other things, all expenses incurred in connection with the solicitation shall be paid by SOR REIT and SOR REIT has agreed to pay each Nominee \$10,000 for participating in this proxy contest.

Messrs. Hall and McMillan have business relationships with both of our Nominees, Mr. Snyder and

Mr. Fearn. Mr. Snyder is currently employed as Chief Executive Officer and Chief Investment Officer of Keppel-KBS US REIT Management Pte. Ltd. (the Manager), the manager of Keppel-KBS US REIT, a real estate investment trust listed in Singapore. Messrs. Hall and McMillan each own significant interests in the Manager, and Mr. McMillan is a director and the Chairman of the board of directors of the Manager.

Mr. Fearn is Founder and Managing Partner of Integrated Capital LLC (IC), a private equity real estate firm with a focus on hospitality. IC has entered into a joint venture investment in a hotel in South Carolina with KBS Strategic Opportunity REIT II, Inc. Messrs. Hall and McMillan each serve as officers and directors of KBS Strategic Opportunity REIT II, Inc., and also have ownership and management interests in KBS Strategic Opportunity REIT II s external advisor.

MR. KENNETH H. FEARN, JR., age 52

Mr. Fearn is Founder and Managing Partner of IC. IC is a private equity real estate firm with a focus on hospitality. Since its founding in 2004, IC has acquired more than \$500 million in hospitality assets in primary and secondary markets across the United States, including a joint venture investment in a hotel in South Carolina with KBS Strategic Opportunity REIT II, Inc. a KBS affiliate. Prior to founding IC, Mr. Fearn was Managing Director and Chief Financial Officer of Maritz, Wolff & Co., a private equity firm engaged in real estate acquisition and development. Mr. Fearn has been directly involved in over \$1.5 billion of acquisitions and has secured more than \$2.5 billion in debt financing. Previously, Mr. Fearn was with McKinsey & Company, a strategy management consulting firm in Los Angeles. Prior to his involvement with McKinsey & Company he worked at JP Morgan & Company, a global investment banking firm in New York City, where he was involved with corporate merger and acquisition assignments.

Mr. Fearn is an Independent Director of Ashford Hospitality Prime, Inc. (NYSE: AHP) where he serves as Chairman of the Related Party Committee, and serves as a member of the Compensation and Audit Committees. He also previously served on the AHP Governance Committee. He also serves on the Marriott International Owner Advisory Board.

Mr. Fearn served as an Entrepreneur in Residence at the Leland C. and Mary M. Pillsbury Institute for Hospitality Entrepreneurship at Cornell University from 2015-2016 and was a 2015 Dean s Distinguished Speaker for the Cornell University School of Hospitality Administration. He also previously served as Chairman of the Board of Commissioners of the Community Redevelopment Agency of the City of Los Angeles from 2009 to 2012. He also served on the Board of Trustees of the Los Angeles Area Chamber of Commerce from 2005 to 2014. Mr. Fearn was formerly on the Board of Trustees of The Lusk Center for Real Estate at USC from 2009 to 2014. He has also served on numerous charity boards including the Board of Directors of Loyola High School of Los Angeles, Challengers Boys & Girls Club, the Andre Agassi Charitable Foundation, the UC Berkeley Alumni Association, and the Advisory Board of the Medical Genetics Institute at Cedars-Sinai Medical Center. WE STRONGLY URGE YOU TO VOTE **FOR** THE ELECTION OF MR. KENNETH H. FEARN, JR. AND MR. DAVID E. SNYDER BY MARKING, SIGNING, DATING AND RETURNING THE ENCLOSED **BLUE** PROXY CARD IN THE POSTAGE PAID ENVELOPE PROVIDED TO YOU WITH THIS PROXY STATEMENT OR BY USING THE **BLUE** PROXY CARD TO VOTE BY TELEPHONE OR INTERNET. IF YOU HAVE SIGNED THE **BLUE** PROXY CARD AND NO MARKING IS MADE, YOU WILL BE DEEMED TO HAVE GIVEN A DIRECTION TO VOTE ALL THE COMMON SHARES REPRESENTED BY THE **BLUE** PROXY CARD **FOR** THE ELECTION OF MR. KENNETH H. FEARN, JR. AND MR. DAVID E. SNYDER AND A WHITESTONE NOMINEE OTHER THAN NANDITA BERRY AND JACK MAHAFFEY.

PROPOSAL 4: ADVISORY VOTE TO REQUEST THAT THE BOARD TAKE THE NECESSARY STEPS TO DECLASSIFY THE BOARD OF TRUSTEES, TO REQUIRE ALL TRUSTEES TO STAND FOR ELECTION ANNUALLY AND TO PROHIBIT THE BOARD OF TRUSTEES FROM TAKING ACTION TO AGAIN CLASSIFY THE BOARD OF TRUSTEES WITHOUT FIRST AMENDING THE DECLARATION OF TRUST WITH THE APPROVAL OF SHAREHOLDERS

Whitestone's Declaration of Trust requires that, as long as Whitestone is subject to Section 3-803 of the Maryland General Corporation Law (which provides for a classified Board), the Board shall be divided into three classes having staggered three-year terms. If Whitestone is no longer subject to Section 3-803, then Whitestone's Declaration of Trust requires that each trustee stand for election annually. Under Maryland law, the Board may, through resolutions, cause Whitestone to elect to be subject to Section 3-803 or to elect to not be subject to Section 3-803. The Board may also adopt resolutions to prohibit Whitestone from electing to be subject to Section 3-803 in the future. Previously, the Board did adopt resolutions causing Whitestone to elect to be subject to Section 3-803. By this proposal, we are asking the Board to reverse that election and to prohibit any change to that election from being made in the future. Our proposal that the Board be declassified is made as a request to the Board rather than an amendment to Whitestone's Declaration of Trust because under Whitestone's Declaration of Trust and Bylaws, shareholders do not have any power or authority to make the change on their own.

We believe that the election of trustees provides shareholders with a greater opportunity to influence the strategic direction of a public company. Currently, the Board is divided into three classes serving staggered three-year terms. We believe that having a classified Board is not in the best interests of Whitestone and its shareholders because it reduces accountability and is an unnecessary anti-takeover device. The elimination of the staggered Board would require each trustee to stand for election annually. We believe that such annual accountability would serve to keep trustees closely focused on the performance of top executives and on maximizing shareholder value. A classified Board protects the incumbency of the Board and current management, which in turn limits accountability to shareholders. We believe that Whitestone's corporate governance procedures and practices, and the level of management accountability they impose, are related to the financial performance of Whitestone. We believe sound corporate governance practices, such as the annual election of trustees, will impose the level of management accountability necessary to help ensure that good performance continues over the long term.

Proxy advisory firms ISS and Glass Lewis both favor the repeal of staggered boards and the annual election of directors. According to Glass Lewis's 2018 proxy guidelines, empirical studies have shown: (i) staggered boards are associated with a reduction in a firm's valuation; and (ii) in the context of hostile takeovers, staggered boards operate as a takeover defense, which entrenches management, discourages potential acquirers, and delivers a lower return to target shareholders.

Therefore, we are proposing that shareholders adopt the following Shareholder Proposal on a non-binding, advisory basis at the Annual Meeting in order to encourage the Board to declassify the Board:

RESOLVED, that the shareholders of Whitestone REIT request that the Board of Trustees take the necessary steps to declassify the Board of Trustees, to require that all trustees stand for election annually and prohibit the Board of Trustees from taking action

to again classify the Board of Trustees without first amending the Declaration of Trust with the approval of shareholders. The foregoing shall be done in the most expeditious manner available under Maryland Law.

You may vote **FOR** or **AGAINST** the above resolution, or you may **ABSTAIN**. The Shareholder Proposal will be approved if it receives the affirmative vote of a majority of the votes cast by the holders of Common Shares in person or represented by proxy at the Annual Meeting, if there is a quorum present at the Annual Meeting.

Your vote is advisory, and therefore not binding on Whitestone or the Board. Nevertheless, we believe that Whitestone should value the opinions of its shareholders and are hopeful that the Board will review and consider the outcome of this vote in considering the Shareholder Proposal.

WE STRONGLY URGE YOU TO VOTE FOR THE SHAREHOLDER PROPOSAL BY MARKING, SIGNING, DATING AND RETURNING THE ENCLOSED **BLUE PROXY CARD IN THE POSTAGE-PAID ENVELOPE PROVIDED TO YOU WITH THIS PROXY STATEMENT OR BY USING THE **BLUE** PROXY CARD TO VOTE BY TELEPHONE OR INTERNET. IF YOU HAVE SIGNED THE **BLUE** PROXY CARD AND NO MARKING IS MADE, YOU WILL BE DEEMED TO HAVE GIVEN A DIRECTION TO VOTE ALL THE COMMON SHARES REPRESENTED BY THE **BLUE** PROXY CARD FOR THE SHAREHOLDER PROPOSAL.**

As noted below, you will also have an opportunity to vote for Whitestone's proposals at the Annual Meeting on the **BLUE** proxy card.

BACKGROUND

We first considered an investment in Whitestone almost four years ago in the spring of 2014. We visited its properties, studied its financials and thought it could be an attractive investment at the right price.

We thought that executive compensation was not properly aligned with shareholder interests and that the investment potential could be enhanced if alignment could be achieved. Management compensation, in particular the compensation of Whitestone's Chairman of the Board and Chief Executive Officer, James Mastandrea, was significantly disproportionate to the size and scale of Whitestone and its operations and compensation paid to executives of peer companies.

Early last year, we believed that market conditions made it favorable for us to make a major investment in Whitestone. Beginning on May 5, 2017 and continuing through March 2018, we purchased Whitestone Common Shares through open market transactions on the NYSE, until we acquired the 3,768,189 Common Shares we currently own. Please refer to Annex B for a detailed list of these purchases.

On May 17, 2017, Peter McMillan III, Chairman and President of SOR REIT, had a telephone conversation with David Holeman, Whitestone's Chief Financial Officer, concerning KBS's perspectives on Whitestone's business and conditions affecting its business. Geoffrey Hawkins, then a Managing Director of KBS Capital Advisors, also participated. Mr. McMillan mentioned that his team had visited most of Whitestone's properties a few years ago and recently toured the two new acquisitions in Texas. They discussed the recent acquisitions in Texas and focused specifically on the acquisition capitalization rates and future development opportunities. Mr. McMillan communicated that while he liked the business, he had concerns with both the size and performance metrics of the long-term equity awards granted to management under the equity ownership plan. Mr. Holeman responded that the awards were granted under an equity ownership plan that was approved by the Board and a new plan had recently been approved by the Board. Mr. McMillan and Mr. Holeman did not attempt to reach agreement.

On June 12, 2017, Mr. McMillan called Mr. Holeman as a courtesy to let him know that KBS had submitted to EDGAR, for filing on June 13, 2017, a Schedule 13D to report the acquisition of more than 5% of Whitestone's outstanding Common Shares, and that in the filing KBS had commented on Whitestone's executive compensation under the equity ownership plan. Mr. McMillan referred to their discussion on the May 17, 2017 call and indicated that KBS continued to be concerned that both the size and performance metrics of the awards did not properly align management's interests with shareholder's interests. Mr. McMillan pointed out that Whitestone's general and administrative (G&A) expenses relative to total assets was much higher than that of any similarly sized competitor. Mr. Holeman had several questions about the Schedule 13D filing and the experience of KBS in shareholder activism. Mr. McMillan answered his questions. Mr. Holeman reiterated that the Board had approved the equity ownership plan. He pointed out the independent Board members supported the plan. Mr. McMillan reiterated that despite the Board's approval he still felt the awards under the plan did not align management's interests with shareholder interests. Mr. Holeman said he would speak with James Mastandrea, Chief Executive Officer and Chairman of Whitestone, and get back to Mr. McMillan with their response. This response never came.

On June 13, 2017, we filed the Schedule 13D report which reflected the acquisition of 2,698,120 Common Shares, or 7.09% of the outstanding Common Shares reported by Whitestone in their Quarterly Report on Form 10-Q for the period ended March 31, 2017, filed with the SEC on May 5, 2017. We

reported that the Common Shares were acquired for investment purposes and that we intended to review our investment in Whitestone on a continuing basis. We reported that at the prices at which the securities were acquired, we considered the Common Shares an attractive investment opportunity on the basis of Whitestone's real estate portfolio and financial position. In addition, we reported that we intended to seek a dialogue with management of Whitestone to discuss whether certain changes to employee compensation arrangements (including but not limited to long-term equity incentive compensation) could further align the interests between management and shareholders and improve shareholder returns. We reported that we intended to acquire Common Shares through open market purchases until we held up to approximately 9.6% of the outstanding Common Shares. We reported that the timing and amount of such future acquisitions would depend on the future trading volume and prices of the Common Shares.

On June 21, 2017, we filed Amendment No. 1 to the Schedule 13D to report the additional acquisition of 517,073 additional Common Shares bringing our total to 3,215,193 Common Shares, or 8.45% of the outstanding Common Shares reported by Whitestone in their Quarterly Report on Form 10-Q for the period ended March 31, 2017, filed with the SEC on May 5, 2017.

On July 31, 2017, having not heard back from Mr. Holeman or Mr. Mastandrea after nearly seven weeks, Mr. McMillan called Mr. Holeman and left a voicemail message asking him to return the call. This led to a call with Messrs. Mastandrea and Holeman on August 9, 2017, which began with Mr. McMillan reiterating the view that the long-term equity award metrics do not align management and shareholder interests and that the amount of compensation is too large relative to Whitestone's asset size. Mr. McMillan also noted our familiarity with Whitestone's properties, having actually visited them, and stated that we were long-term investors. Messrs. Mastandrea and Holeman defended the executive compensation and spoke of their goal to enhance shareholder value. The call ended with Mr. Mastandrea stating that he would relay the conversation to the Board and get back to Mr. McMillan. This response never came.

On October 6, 2017, having not heard back from Mr. Mastandrea or Mr. Holeman (and putting off calling for some additional weeks in deference to Hurricane Harvey, which hit Houston in August of 2017), Mr. McMillan called Mr. Holeman yet again, and left a message asking him to return the call. Mr. Holeman returned that call later that day. On the call, Mr. McMillan asked whether there had been any new thoughts regarding the matters they had previously discussed. Mr. Holeman said no and that the independent Board members approved the plan and the awards. Mr. Holeman asked Mr. McMillan what he did not like about the awards under the plan and why it was an issue at that time, since it was in place when we began buying Whitestone Common Shares. Mr. McMillan answered that we do not like the performance metrics of the awards (specifically, absolute levels of funds from operations or FFO, which can easily be attained through property acquisitions, versus FFO per share, which is a better measure of performance) as well as the size of the awards under the plan. Mr. McMillan explained that it was an issue when we began buying Common Shares and that has been a consistent message on KBS's prior calls with Whitestone management. Mr. Holeman said they were not contemplating a change.

After this call, we considered our options, recognizing that pursuant to Whitestone's Bylaws, notice of nominations to the Board and shareholder proposals must be made by December 30, 2017. Faced with this notice deadline, Whitestone's intransigence and our ongoing attention to our investment, we considered what we might do to improve management accountability and governance. Bringing these matters to fellow shareholders at the upcoming Annual Meeting seemed the best of the available options. Therefore, on the afternoon of December 28, 2017, SOR Properties delivered timely notice in

accordance with the Bylaws of its intention to nominate the Nominees for election to the Board at the Annual Meeting and to bring the Shareholder Proposal for a vote at the Annual Meeting (the Notice). On December 29, 2017, we filed Amendment No. 2 to the Schedule 13D to report delivery of the Notice as well as the acquisition of an additional 387,996 Common Shares, bringing our total to 3,603,189 Common Shares, or 9.36% of the outstanding Common Shares reported by Whitestone in their Quarterly Report on Form 10-Q for the period ended September 30, 2017, filed with the SEC on November 3, 2017.

Whitestone responded to the Notice with a press release less than 24 hours after delivery of the Notice, early in the morning of December 29, 2017, that claimed our nominations come as a surprise, that they find it unusual that KBS has not requested to meet with our management team to learn more about our unique business model and strategy or visit our community-centered properties before stating its intent to nominate Trustee candidates and that they are open to and appreciate constructive feedback from our shareholders.

The press release was followed up with a similar letter from Mr. Mastandrea to Mr. McMillan, dated January 10, 2018, that claimed surprise at receipt of the Notice and that because we never approached [Whitestone] with any concerns about any business issues that Whitestone was surprised that we did not request to meet with [Whitestone's] management team prior to delivery of the Notice. Mr. Mastandrea claimed in the letter that the Board and management team value the views of all our shareholders and invited Mr. McMillan to visit Whitestone's corporate offices, meet its management team, discuss his concerns and tour Whitestone's properties. This was released despite KBS's prior calls to Whitestone management expressing their concerns with executive compensation and describing their visits to Whitestone properties, which are described above.

At this time, representatives of DLA Piper LLP (US) (DLA), counsel to KBS, received a letter from Morrison & Foerster LLP (Morrison & Foerster), dated January 10, 2018, containing various claims that the Schedule 13D filings were deficient, complaints about the contents of the Notice, and a statement that they intend to carefully review all of KBS's actions and filings.

On January 19, 2018, Mr. McMillan responded to Mr. Mastandrea's letter dated January 10, 2018. Mr. McMillan's letter summarized their previous phone calls and noted that the concerns he expressed regarding executive compensation had been disregarded. The letter stated that KBS continued to be interested in a substantive discussion of the executive compensation and Whitestone's overall governance, but that for the talks to be productive there must be Board participation, including all members of the Compensation Committee. Mr. McMillan asked Mr. Mastandrea to arrange times when he and the rest of the Board would be available for a conference call with KBS, as KBS believed that was the best way to proceed.

On January 19, 2018, DLA also sent a letter responding to Morrison & Foerster's letter dated January 10, 2018. DLA noted that KBS had made a large and important investment in Whitestone, that it continuously evaluates that investment, and has had several contacts with Whitestone's management and expressed its concern that management compensation is not aligned with shareholder interests. DLA noted that Whitestone's responses were at best cordial but firm in indicating things would not change. DLA noted the significantly limited rights and access of Whitestone shareholders. DLA noted that Whitestone does not permit shareholders to call a shareholder meeting unless they hold a majority of votes entitled to be cast on the matter; that it does not permit shareholders to remove a trustee except for cause and with a two-thirds vote, and even then the vacancy may only be filled by the remaining trustees; that it does not even permit shareholders to nominate trustees or bring matters up for a vote at

its annual meeting unless the shareholder provides a detailed notice at least 90 and not more than 120 days before the meeting. DLA noted that shareholders have no ability to amend the Bylaws and that, most egregiously, Whitestone staggers its Board of Trustees so that a trustee does not face a shareholder vote but once every three years. DLA stated that, faced with the notice deadline in the Bylaws, Whitestone's intransigence and KBS's ongoing attention to its investment, KBS considered its options, considered what it might do to improve management accountability and governance, and decided that bringing these matters to fellow shareholders at the upcoming annual meeting seemed the best of the available options. DLA concluded the letter by stating that KBS will continue to welcome a real discussion of the concerns raised and hopes these discussions take place.

On January 25, 2018, we sent a demand to Whitestone, pursuant to Section 8-402 of the Maryland REIT Law and Section 2-513 of the Maryland General Corporation Law, to inspect and copy a list of registered shareholders and related information. Through their counsel, Whitestone refused to provide anything other than a list of record owners of shares and restricted shares (i.e., they would not give us the list of beneficial owners). They also refused to provide the list electronically, requiring us to spend time and money converting the list to electronic format.

On January 25, 2018, Mr. Mastandrea responded to Mr. McMillan's letter dated January 19, 2018. In this letter, Mr. Mastandrea again referred to the new equity ownership plan as a noteworthy change. The letter also referred to a footnote in Whitestone's Quarterly Report on Form 10-Q that reported a new grant of performance-based restricted common share units to certain employees without offering any information regarding who received the awards, what other compensation the recipients received, or whether this was part of a long-term, programmatic change to compensation. The letter claimed that they attempted to engage with us on at least four prior occasions. The letter stated that Mr. Mastandrea and the other members of Whitestone's Board were mystified by our statements about executive compensation concerns. The letter asked us to be more specific about our concerns in a face-to-face meeting at Whitestone's headquarters, and suggested we tour their properties and meet with members of their management so that we can understand their business model.

On February 9, 2018, Mr. McMillan responded to Mr. Mastandrea's letter dated January 25, 2018. In this letter, Mr. McMillan again explained his concerns with Whitestone's executive compensation. He wrote that the concerns are very similar to criticisms made by ISS and Glass Lewis last year. He reminded Mr. Mastandrea that Whitestone failed its say on pay vote last year. He wrote that we are looking for long-term, programmatic changes to executive compensation to (a) bring total compensation in line with Whitestone's peers and (b) to align executive compensation with total shareholder return. He wrote that if Whitestone is willing to engage with us on this issue, we are willing to listen and collaborate on a solution, and that we are prepared to discuss different approaches. He wrote that we think meeting is a good idea, but based on our past contacts and correspondence, it should be preceded by a phone call to see if we can get by what so far has been an inability to engage on substantive issues. Mr. McMillan stated that since the Compensation Committee is charged with administering the executive compensation program, he would like the call to be between Paul Lambert, Chair of the Compensation Committee and Mr. McMillan. He said that other independent directors on the Committee could join and even that Mr. Mastandrea could be on the call.

On February 15, 2018, Mr. Mastandrea responded to Mr. McMillan's letter dated February 9, 2018. He again invited Mr. McMillan to a face-to-face meeting at Whitestone's headquarters, so that Mr. McMillan could meet with the management team to discuss Whitestone's business and prospects.

He stated there was no need for a preliminary call and that Mr. Lambert would be available to discuss compensation issues.

On February 19, 2018, the Nominating and Corporate Governance Committee sent to KBS's Nominees a 46 page questionnaire and asked them to complete it. DLA responded on their behalf, in a letter dated February 20, 2018, that the 46 page questionnaire is the same questionnaire Whitestone provides to its current officers and trustees, and redundant with the information already provided in the Notice. DLA noted that Whitestone's Bylaws are quite explicit and extensive in requesting information about nominees proposed by shareholders and setting the time for delivery of that information. DLA noted that, in the Notice, KBS timely provided all the information required by the Bylaws with respect to shareholder nominations, including but not limited to complete biographical summaries of the Nominees. Since the Bylaws do not include a requirement for a completed Trustees and Officers Questionnaire and the questionnaire does not, in any event, generate any information KBS has not already provided in the Notice, DLA respectfully referred the Nominating and Corporate Governance Committee to the Notice for the information it requires for a review of shareholder proposed nominees.

Further to the request above, on February 27, 2018, the Nominating and Corporate Governance Committee sent to KBS's Nominees an invitation to have in-person interviews. DLA declined the invitations on their behalf, in a letter dated March 2, 2018. DLA noted that KBS's Nominees are not seeking endorsement by the Nominating and Corporate Governance Committee; rather, they are seeking election because of the failure by the current Whitestone trustees to properly oversee and provide leadership for Whitestone's executive compensation policies and corporate governance practices. DLA stated that nominees selected by shareholders, rather than the incumbent trustees, are required to provide this oversight and an effective shareholder voice on the Board.

On February 26, 2018, Mr. McMillan responded to Mr. Mastandrea's letter dated February 15, 2018, offering dates that he would be available for an in-person meeting at Whitestone's headquarters in Houston. He wrote that he would not be coming to Houston to meet with management. He said KBS's purpose is to address compensation issues with the people who set and administer Whitestone's executive compensation policies. He said that KBS requested a phone call with Mr. Lambert (the new Chairman of the Compensation Committee) in advance of a face-to-face meeting so that KBS could ascertain that he and other members of the Compensation Committee would be available to participate, particularly Mr. Mahaffey (the prior Chairman of the Compensation Committee). KBS also wanted to confirm that the members of the Compensation Committee would be prepared to discuss Whitestone's executive compensation policies, their past application and any changes that have been or will be made for this and future years. Mr. McMillan reiterated that a preliminary phone call would be a good idea, and in any event asked for confirmation that Mr. Lambert (the new Chairman of the Compensation Committee) would be prepared to address the compensation issues and that Mr. Mahaffey (the prior Chairman of the Compensation Committee) and other members of the Compensation Committee will be available for the in-person meeting.

On March 1, 2018, Mr. Mastandrea responded to Mr. McMillan's letter of February 26, 2018. He ignored Mr. McMillan's request for a preliminary call, and only offered himself and Mr. Lambert in a face-to-face meeting.

Despite Mr. Mastandrea's repeated refusals to have a preliminary call or to involve any other members of the Board other than Mr. Mastandrea and Mr. Lambert, Mr. McMillan agreed to travel to Houston for a meeting on March 13, 2018.

On March 1, 2018, Whitestone issued a press release announcing its operating and financial results for the fourth quarter and year ended December 31, 2017, and held its earnings call. The next day, the stock dropped by approximately 12.5%, or to a level approximately 24.6% lower from the price on December 31, 2017.

On March 13, 2018, Mr. McMillan and Brian Ragsdale, Executive Vice President of KBS Capital Advisors, met Messrs. Mastandrea and Lambert at Whitestone's headquarters in Houston. Mr. Mastandrea began the meeting with a discussion of Whitestone's business. Mr. McMillan reminded Mr. Mastandrea that KBS representatives had visited all of Whitestone's properties and was familiar with its business. He explained again that KBS's concern with the business was the level of G&A expenses, which is higher than competitors and driven mostly by executive compensation.

Mr. Mastandrea stated that KBS's nominations and proposal were affecting Whitestone's stock price. He stated that the fair value of the stock price is significantly higher than where it is currently trading and that it was low because KBS was involved. Mr. McMillan noted that it was not trading significantly higher before KBS got involved. Mr. Ragsdale asked what it would take to get the stock price significantly higher, and Mr. Mastandrea said that ending the proxy fight would accomplish that goal.

Mr. McMillan reiterated that the G&A expenses of the company were out of line and added that property operating expenses are also higher than Whitestone's competitors. Mr. Mastandrea stated that KBS should not look at competitors to compare G&A expenses, because Whitestone has a different business model with smaller tenants and leases, which requires more personnel to manage. Messrs. McMillan and Ragsdale were not convinced by this explanation.

Mr. Mastandrea asked Mr. McMillan if he was going to make a tender offer for the stock or try to take over Whitestone, to which Mr. McMillan responded no. Mr. McMillan repeated numerous times that KBS's concern was excessive G&A costs which is driven by high levels of executive compensation. Mr. McMillan stated that Whitestone executives are paid more than similar companies, to which Mr. Mastandrea replied [Y]ou knew that when you bought the stock, why did you want this battle?

Mr. McMillan stated that Whitestone's announced G&A expense ratio target of 8-10% of revenues by 2023 is still above average and that they should get there much quicker. At this point, Mr. Holeman (Whitestone's Chief Financial Officer) was invited to join the meeting. Mr. Holeman asked Mr. McMillan how quickly he thought they should get to the 8-10% target and Mr. McMillan said much quicker than four to five years and probably closer to two years. Mr. Mastandrea asked Mr. McMillan for his suggestions on how to reduce G&A. Mr. McMillan answered that he could not answer that as an outsider of the company, but that excessive executive compensation is one factor. Mr. Holeman offered more defense of Whitestone's G&A based on leasing and property management expenses. Messrs. Mastandrea and Holeman stated that a portion of executive compensation going forward would be comprised of long-term equity awards tied to total shareholder return, but Mr. McMillan did not like the metrics or performance standards described to him.

Towards the end of the meeting, Mr. Mastandrea spent some time trying to explain to Mr. McMillan why he should not be an activist shareholder. He again asked Mr. McMillan for suggestions on how to lower G&A expenses, despite the fact that Mr. McMillan had repeatedly pointed to excessive executive compensation as the primary factor. On March 19, 2018, Mr. McMillan sent some follow-up questions regarding the G&A expenses to Mr. Mastandrea via email, related to the explanations Messrs.

Mastandrea and Holeman had given during their in-person meeting. The answers received did not change Mr. McMillan's view that G&A expenses are out of line primarily due to excessive executive compensation.

OTHER MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING

According to Whitestone's Proxy Statement, Whitestone is soliciting proxies with respect to two other proposals. Please refer to Whitestone's Proxy Statement for a detailed discussion of these proposals, including various arguments in favor of and against such proposals. These proposals are outlined below.

IF YOU HAVE SIGNED THE **BLUE** PROXY CARD AND NO MARKING IS MADE, YOU WILL BE DEEMED TO HAVE GIVEN A DIRECTION TO VOTE ALL OF THE COMMON SHARES REPRESENTED BY YOUR **BLUE** PROXY CARD **AGAINST** PROPOSAL 2 AND **FOR** PROPOSAL 3.

PROPOSAL 2: TO APPROVE IN AN ADVISORY (NON-BINDING) VOTE, THE COMPENSATION OF WHITESTONE'S NAMED EXECUTIVE OFFICERS

According to Whitestone's Proxy Statement, Whitestone will also solicit proxies with respect to a proposal for the shareholders to approve, on an advisory basis, the compensation paid to Whitestone's named executive officers, as disclosed in Whitestone's Proxy Statement pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis and other related tables and disclosure contained in Whitestone's Proxy Statement. Please refer to Whitestone's Proxy Statement for a discussion of Proposal 2 and the related disclosure regarding Whitestone's executive compensation. The Participants intend to vote, and recommend that you vote, **AGAINST** Proposal 2 because Whitestone's executive compensation is excessive and misaligned with shareholder interests. If you have signed the **BLUE** proxy card and no marking is made, you will be deemed to have given a direction to vote all of the Common Shares represented by your **BLUE** proxy card **AGAINST** Proposal 2.

According to Whitestone's Proxy Statement, for Proposal 2 to be approved, the proposal must receive the affirmative vote of a majority of all votes cast at the Annual Meeting, whether in person or by proxy.

PROPOSAL 3: TO RATIFY THE APPOINTMENT OF PANNELL KERR FORSTER OF TEXAS, P.C. AS WHITESTONE'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2018

According to Whitestone's Proxy Statement, Whitestone will also solicit proxies with respect to a proposal for shareholders to ratify the appointment of Pannell Kerr Forster of Texas, P.C. as Whitestone's independent registered public accounting firm for the fiscal year ending December 31, 2018. Please refer to Whitestone's Proxy Statement for a discussion of Proposal 3. The Participants intend to vote, and recommend that you vote, **FOR** Proposal 3. If you have signed the **BLUE** proxy card and no marking is made, you will be deemed to have given a direction to vote all of the Common Shares represented by your **BLUE** proxy card **FOR** Proposal 3.

According to Whitestone's Proxy Statement, for Proposal 3 to be approved, the proposal must

receive the affirmative vote of a majority of all votes cast at the Annual Meeting, whether in person or by proxy.

OTHER PROPOSALS

We know of no other business to be presented at the Annual Meeting. If any other matters other than those listed above should properly come before the Annual Meeting, the persons named on the enclosed **BLUE** proxy card will abstain from voting that proxy on such other matters.

VOTING PROCEDURES

According to Whitestone's Proxy Statement, the Bylaws and applicable law, holders of record of Whitestone's Common Shares, at the close of business on the Record Date are entitled to notice of, and to vote at, the Annual Meeting or any postponement or adjournment thereof. Each Common Share outstanding on the Record Date is entitled to one vote on each matter presented at the Annual Meeting. Notwithstanding the foregoing, each Common Share is entitled to vote at the Annual Meeting for the election of trustees for as many individuals as there are trustees to be elected and for whose election the Common Share is entitled to be voted.

A quorum must be present, in person or by proxy, in order for Whitestone to transact business at the Annual Meeting. A quorum is the presence in person or by proxy of a majority of the shares of Common Shares issued and outstanding and entitled to vote at the Annual Meeting. Your Common Shares will be counted towards the quorum if you vote in person at the Annual Meeting or if you submit a valid proxy by mail, Internet or telephone (or one is submitted on your behalf by your brokerage firm, bank, bank nominee or other institution). The Common Shares represented by a proxy marked "withhold" or "abstain" and broker non-votes (as described below) will also be considered present at the Annual Meeting for purposes of determining a quorum. According to Whitestone's Proxy Statement, if a quorum is not present, the chairman of the Annual Meeting may adjourn the meeting until a later date.

BROKER NON-VOTES

A broker non-vote occurs when a nominee, such as a brokerage firm, bank or other agent, holding Common Shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary authority with respect to that proposal and has not received instructions with respect to that proposal from the beneficial owner. Brokers, banks or other agents that have not received voting instructions from their clients cannot vote on their clients' behalf with respect to non-routine proposals but may vote their clients' shares on routine proposals.

Given the contested nature of the election, the rules of the New York Stock Exchange governing brokers' discretionary authority do not permit brokers to exercise discretionary authority regarding any of the proposals to be voted on at the Annual Meeting, whether routine or not. Therefore, absent instructions from the beneficial owner of the Common Shares, a broker is not entitled to vote shares on any of the proposals.

If your shares of Common Shares are held in street name, your broker or nominee has enclosed a **BLUE** voting instruction card with this Proxy Statement. We strongly encourage you to vote your shares of Common Shares by following the instructions provided on the **BLUE** voting instruction card. If you hold your shares in street name, it is critical that you cast your vote and instruct your bank, broker, or other nominee on how to vote if you want your vote to count at the Annual Meeting. If you hold your

shares in street name and you do not instruct your broker, bank, or other nominee how to vote on the proposals to be voted on at the Annual Meeting, no votes will be cast on your behalf.

Broker non-votes, if any, will not be counted for purposes of determining the number of shares represented and voted with respect to an individual proposal, and therefore will have no effect on the outcome of the vote on an individual proposal. Thus, if you do not give your broker specific voting instructions, your shares will not be voted on the proposals to be voted on at the Annual Meeting and will not be counted in determining the number of shares necessary for approval. Broker non-votes will be considered present for the purpose of determining a quorum.

VOTING INSTRUCTIONS

As explained in the detailed instructions on your **BLUE** proxy card, there are four ways you may vote. You may:

1. Sign, date and return the enclosed **BLUE** proxy card in the enclosed postage-paid envelope. We recommend that you vote on the **BLUE** proxy card even if you plan to attend the Annual Meeting;
2. Vote via the Internet by following the voting instructions on the **BLUE** proxy card or the **BLUE** voting instructions provided by your broker, bank or other holder of record;
3. Vote by telephone by following the voting instructions on the **BLUE** proxy card or the **BLUE** voting instructions provided by your broker, bank or other holder of record; or
4. Vote in person by attending the Annual Meeting. Written ballots will be distributed to shareholders who wish to vote in person at the Annual Meeting. If you hold your Common Shares through a bank, broker or other custodian, you must obtain a legal proxy from such custodian in order to vote in person at the meeting.

To submit a proxy with voting instructions by telephone please call the telephone number listed on the **BLUE** proxy card. Proxies may also be submitted over the Internet. Please refer to the **BLUE** proxy card for the website information. In each case, shareholders will be required to provide the unique control number which has been printed on each shareholders **BLUE** proxy card. In addition to the instructions that appear on the **BLUE** proxy card, step-by-step instructions will be provided by a recorded telephone message for those shareholders submitting proxies by telephone or at the designated website for those shareholders submitting proxies over the Internet. Shareholders submitting their proxies with voting instructions by telephone or over the Internet will receive confirmation on the telephone that their vote by telephone was successfully submitted, and may provide an email address for confirmation that their vote by Internet was successfully submitted.

Whether or not you are able to attend the Annual Meeting, you are urged to complete the enclosed **BLUE** proxy card and return it in the enclosed self-addressed, postage-paid envelope. All valid proxies received and not revoked prior to the meeting will be voted. If you specify a choice with respect to any item by marking the appropriate box on the proxy, the Common Shares will be voted in accordance with that specification. **IF YOU HAVE SIGNED THE BLUE PROXY CARD AND NO MARKING IS MADE, THE COMMON SHARES REPRESENTED BY THE BLUE PROXY WILL BE VOTED (I) FOR THE ELECTION OF MR. KENNETH H. FEARN, JR. AND MR. DAVID E. SNYDER AND A WHITSTONE NOMINEE OTHER THAN NANDITA BERRY AND JACK MAHAFFEY; AND (II) FOR THE PARTICIPANTS SHAREHOLDER PROPOSAL TO REQUEST THE BOARD TAKE THE NECESSARY STEPS TO DECLASSIFY THE BOARD OF TRUSTEES, TO REQUIRE ALL TRUSTEES TO STAND FOR ELECTION ANNUALLY AND TO PROHIBIT**

PROXY PROCEDURES

IN ORDER TO SUPPORT THE ELECTION OF THE NOMINEES AND THE SHAREHOLDER PROPOSAL TO REQUEST THE BOARD TAKE THE NECESSARY STEPS TO DECLASSIFY THE BOARD OF TRUSTEES, TO REQUIRE ALL TRUSTEES TO STAND FOR ELECTION ANNUALLY AND TO PROHIBIT THE BOARD OF TRUSTEES FROM TAKING ACTION TO AGAIN CLASSIFY THE BOARD OF TRUSTEES WITHOUT FIRST AMENDING THE DECLARATION OF TRUST WITH THE APPROVAL OF SHAREHOLDERS, PLEASE MARK, SIGN, DATE AND RETURN THE ENCLOSED **BLUE** PROXY CARD IN THE ENCLOSED POSTAGE-PAID ENVELOPE OR USE THE **BLUE** PROXY CARD TO VOTE BY TELEPHONE OR INTERNET.

The accompanying **BLUE** proxy card will be voted at the Annual Meeting in accordance with your instructions on such card.

Shareholder of Record: Shares Registered in Your Name. If on the Record Date your shares were registered directly in your name with Whitestone's transfer agent, American Stock Transfer & Trust Company, LLC, then you are a shareholder of record. Only holders of record of the Common Shares as of the close of business on the Record Date will be entitled to receive notice of and to vote at the Annual Meeting or any postponement or adjournment thereof. If you were a shareholder of record on the Record Date, you will retain your voting rights at the Annual Meeting even if you sell such Common Shares after the Record Date. Accordingly, it is important that you vote the Common Shares held by you on the Record Date, or grant a proxy over the Internet, telephone or mail to vote such Common Shares on the **BLUE** proxy card, even if you sell such Common Shares after the Record Date. Proxies validly delivered by shareholders (by Internet, telephone or mail) and timely received by Whitestone will be voted in accordance with the instructions contained therein. Whether or not you plan to attend the Annual Meeting, we encourage you to vote by proxy or to give your proxy authorization to ensure that your votes are counted. You may still attend the Annual Meeting and vote in person if you have already voted by proxy or given your proxy authorization.

BENEFICIAL OWNER: SHARES REGISTERED IN THE NAME OF A BROKERAGE FIRM, BANK, BANK NOMINEE OR OTHER INSTITUTION. IF ON THE RECORD DATE YOUR SHARES WERE HELD IN AN ACCOUNT WITH A BROKERAGE FIRM, BANK, BANK NOMINEE OR OTHER INSTITUTION, THEN YOU ARE THE BENEFICIAL OWNER OF SHARES HELD IN STREET NAME, AND A NOTICE OF INTERNET AVAILABILITY OF PROXY MATERIALS WAS FORWARDED TO YOU BY THAT ORGANIZATION. THE ORGANIZATION HOLDING YOUR ACCOUNT IS CONSIDERED TO BE THE SHAREHOLDER OF RECORD FOR PURPOSES OF VOTING AT THE ANNUAL MEETING. IF YOUR COMMON SHARES ARE

HELD IN THE NAME OF A BROKERAGE FIRM, BANK, BANK NOMINEE OR OTHER INSTITUTION ON THE RECORD DATE, ONLY IT CAN VOTE SUCH SHARES OF COMMON SHARES AND ONLY UPON RECEIPT OF YOUR SPECIFIC INSTRUCTIONS. ACCORDINGLY, IF YOU WISH TO SUPPORT THE ELECTION OF THE NOMINEES AND THE SHAREHOLDER PROPOSAL, PLEASE CONTACT THE PERSON RESPONSIBLE FOR YOUR ACCOUNT AND INSTRUCT THAT PERSON TO EXECUTE ON YOUR BEHALF THE **BLUE** PROXY CARD AS SOON AS POSSIBLE. WHILE YOU ARE ALSO INVITED TO ATTEND THE ANNUAL MEETING, YOU MAY **NOT** VOTE YOUR SHARES IN PERSON AT THE ANNUAL MEETING UNLESS YOU REQUEST AND OBTAIN A VALID PROXY CARD FROM YOUR BROKERAGE FIRM, BANK, BANK NOMINEE OR OTHER INSTITUTION.

REVOCACTION OF PROXIES

Any shareholder of record may revoke or change his or her proxy instructions at any time prior to the vote at the Annual Meeting by:

- submitting a properly executed, subsequently dated **BLUE** proxy card that will revoke all prior proxy cards, including any white proxy cards which you may have submitted to Whitestone;
- submitting a properly executed, subsequently dated white proxy card that will revoke all prior proxy cards, including any blue proxy cards which you may have submitted to KBS or Whitestone;
- instructing KBS by telephone or via the Internet as to how you would like your Common Shares voted (instructions are on your **BLUE** proxy card);
- attending the Annual Meeting and withdrawing his or her proxy by voting in person (although attendance at the Annual Meeting will not in and of itself constitute revocation of a proxy); or
- delivering written notice of revocation **either** to KBS c/o Morrow Sodali LLC, 470 West Avenue, Stamford, CT 06902 or the Secretary of Whitestone.

IF YOU PREVIOUSLY SIGNED AND RETURNED A WHITE PROXY CARD TO WHITESTONE, WE URGE YOU TO REVOKE IT BY (1) MARKING, SIGNING, DATING AND RETURNING THE BLUE PROXY CARD, (2) INSTRUCTING US BY TELEPHONE OR VIA THE INTERNET AS TO HOW YOU WOULD LIKE YOUR COMMON SHARES VOTED WITH RESPECT TO THE BLUE PROXY CARD, (3) ATTENDING THE ANNUAL MEETING AND VOTING IN PERSON OR (4) DELIVERING A WRITTEN NOTICE OF REVOCATION TO KBS OR TO THE SECRETARY OF WHITESTONE.

If you attend the Annual Meeting and you beneficially own Common Shares but are not the record owner, your mere attendance at the Annual Meeting **WILL NOT** be sufficient to revoke your prior given proxy card. You must have written authority from the record owner to vote your Common Shares held in its name at the meeting. Contact Morrow Sodali at the number shown in this Proxy Statement for assistance or if you have any questions.

Although a revocation is effective if delivered either to us or to Whitestone, we request that either the original or a copy of any revocation be mailed to us c/o Morrow Sodali LLC, 470 West Avenue, Stamford, CT 06902, so that KBS will be aware of all revocations.

COST AND METHOD OF SOLICITATION

Solicitation of proxies will be made by us, our Nominees, Keith D. Hall, and Peter McMillan III. Other employees of the Advisor and its affiliates may participate in the solicitation of proxies but will not receive additional compensation for doing so.

The SOR REIT has retained Morrow Sodali to conduct the solicitation, for which Morrow Sodali is to receive a fee of up to []. SOR REIT has agreed to indemnify Morrow Sodali against certain liabilities and expenses, including certain liabilities under the federal securities laws. Proxies may be solicited by mail, courier services, Internet (including social media), electronic mail, advertising, press releases, telephone or telecopier or in person. It is anticipated that Morrow Sodali will employ approximately 40 persons to solicit proxies from the shareholders for the Annual Meeting. SOR REIT will pay all costs associated with this solicitation. SOR REIT does not intend to seek reimbursement for the costs and expenses associated with the proxy solicitation in the event that the Nominees are elected or that the Shareholder Proposal achieves majority shareholder support.

We intend to deliver a proxy statement and the **BLUE** proxy card to holders of at least the percentage of Whitestone's outstanding Common Shares required to (i) elect the Nominees and (ii) approve or adopt Proposal 4 and to otherwise solicit proxies from the shareholders in support of such election and proposal.
