- (a) *Returns represent past performance and do not guarantee future results. Investment returns and the principal value of an investment will fluctuate. When shares are sold, they may be worth more or less than their original cost. Current performance may be lower or higher than the performance data presented. Visit www.gabelli.com for performance information as of the most recent month end. Performance returns for periods of less than one year are not annualized. Investors should carefully consider the investment objectives, risks, charges, and expenses of the Fund before investing. The Dow Jones Industrial Average is an unmanaged index of 30 large capitalization stocks. The S&P 500 and the Nasdaq Composite Indices are unmanaged indicators of stock market performance. Dividends are considered reinvested except for the Nasdaq Composite Index. You cannot invest directly in an index.*
- (b) Total returns and average annual returns reflect changes in the NAV per share, reinvestment of distributions at NAV on the ex-dividend date, adjustments for rights offerings, spin-offs, and taxes paid on undistributed long term capital gains and are net of expenses. Since inception return is based on an initial NAV of \$9.34.
- (c) Total returns and average annual returns reflect changes in closing market values on the NYSE, reinvestment of distributions, and adjustments for rights offerings, spin-offs, and taxes paid on undistributed long term capital gains. Since inception return is based on an initial offering price of \$10.00.
- (d) From August 31, 1986, the date closest to the Fund's inception for which data are available.
- (e) From September 30, 1986, the date closest to the Fund's inception for which data are available.

The Fund files a complete schedule of portfolio holdings with the Securities and Exchange Commission (the SEC) for the first and third quarters of each fiscal year on Form N-Q. Shareholders may obtain this information at www.gabelli.com or by calling the Fund at 800-GABELLI (800-422-3554). The Fund's Form N-Q is available on the SEC's website at www.sec.gov and may also be reviewed and copied at the SEC's Public Reference Room in Washington, DC. Information on the operation of the Public Reference Room may be obtained by calling 800-SEC-0330.

Proxy Voting

The Fund files Form N-PX with its complete proxy voting record for the twelve months ended June 30, no later than August 31 of each year. A description of the Fund's proxy voting policies, procedures, and how the Fund voted proxies relating to portfolio securities is available without charge, upon request, by (i) calling 800-GABELLI (800-422-3554); (ii) writing to The Gabelli Funds at One Corporate Center, Rye, NY 10580-1422; or (iii) visiting the SEC's website at www.sec.gov.

We have separated the portfolio managers' commentary from the financial statements and investment portfolio due to corporate governance regulations stipulated by the Sarbanes-Oxley Act of 2002. We have done this to ensure that the content of the portfolio managers' commentary is unrestricted. Both the commentary and the financial statements, including the portfolio of investments, will be available on our website at www.gabelli.com.

Based on net asset value per share, adjusted for reinvestment of distributions at net asset value on the ex-dividend dates and adjustments for the rights offering. Total return for a period of less than one year is not annualized.

Based on market value per share, adjusted for reinvestment of distributions at prices determined under the Fund's dividend reinvestment plan and adjustments for the rights offering. Total return for a period of less than one year is not annualized.

* Based on year to date book income. Amounts are subject to change and recharacterization at year end.

(a) Calculated based on average common shares outstanding on the record dates throughout the years.

(b) Amount represents less than \$0.005 per share.

(c) Ratio of operating expenses to average net assets including liquidation value of preferred shares before fee reductions for the six months ended June 30, 2018 and the years ended December 31, 2017, 2016, 2015, 2014, and 2013 would have been 1.09%, 1.10%, 1.10%, 1.10%, 1.10%, and 1.10%, respectively.

(d) Annualized.

(e) The Fund received credits from a designated broker who agreed to pay certain Fund operating expenses. For the six months ended June 30, 2018 and the years ended December 31, 2017, 2016, and 2015, there was no impact on the expense ratios.

(f) Ratio of operating expenses to average net assets including liquidation value of preferred shares net of fee reductions for the six months ended June 30, 2018 and the years ended December 31, 2017, 2016, 2015, 2014, and 2013 would have been 1.01%, 1.10%, 1.10%, 1.01%, 1.07%, and 1.10%, respectively.

(g)

Edgar Filing: GABELLI EQUITY TRUST INC - Form N-CSRS

Since February 2008, the weekly auctions have failed. Holders that have submitted orders have not been able to sell any or all of their shares in the auction.

- (h) Asset coverage per share is calculated by combining all series of preferred stock.
- (i) Based on weekly prices.
- (j) Asset coverage is calculated by combining all series of preferred stock.

Notes to Financial Statements (Unaudited)

1. Organization. The Gabelli Equity Trust Inc. (the Fund) is a non-diversified closed-end management investment company organized as a Maryland corporation on May 20, 1986 and registered under the Investment Company Act of 1940, as amended (the 1940 Act), whose primary objective is long term growth of capital with income as a secondary objective. Investment operations commenced on August 21, 1986.

The Fund will invest at least 80% of its assets in equity securities under normal market conditions (the 80% Policy). The 80% Policy may be changed without shareholder approval. The Fund will provide shareholders with notice at least sixty days prior to the implementation of any changes in the 80% Policy.

2. Significant Accounting Policies. As an investment company, the Fund follows the investment company accounting and reporting guidance, which is part of U.S. generally accepted accounting principles (GAAP) that may require the use of management estimates and assumptions in the preparation of its financial statements. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements.

Security Valuation. Portfolio securities listed or traded on a nationally recognized securities exchange or traded in the U.S. over-the-counter market for which market quotations are readily available are valued at the last quoted sale price or a market s official closing price as of the close of business on the day the securities are being valued. If there were no sales that day, the security is valued at the average of the closing bid and asked prices or, if there were no asked prices quoted on that day, then the security is valued at the closing bid price on that day. If no bid or asked prices are quoted on such day, the security is valued at the most recently available price or, if the Board of Directors (the Board) so determines, by such other method as the Board shall determine in good faith to reflect its fair market value. Portfolio securities traded on more than one national securities exchange or market are valued according to the broadest and most representative market, as determined by Gabelli Funds, LLC (the Adviser).

Portfolio securities primarily traded on a foreign market are generally valued at the preceding closing values of such securities on the relevant market, but may be fair valued pursuant to procedures established by the Board if market conditions change significantly after the close of the foreign market, but prior to the close of business on the day the securities are being valued. Debt obligations for which market quotations are readily available are valued at the average of the latest bid and asked prices. If there were no asked prices quoted on such day, the security is valued using the closing bid price, unless the Board determines such amount does not reflect the securities fair value, in which case these securities will be fair valued as determined by the Board. Certain securities are valued principally using dealer quotations. Futures contracts are valued at the closing settlement price of the exchange or board of trade on which the applicable contract is traded. OTC futures and options on futures for which market quotations are readily available will be valued by quotations received from a pricing service or, if no quotations are available from a pricing service, by quotations obtained from one or more dealers in the instrument in question by the Adviser.

Securities and assets for which market quotations are not readily available are fair valued as determined by the Board. Fair valuation methodologies and procedures may include, but are not limited to: analysis and review of available financial and non-financial information about the company; comparisons with the valuation and changes in valuation of similar securities, including a comparison of foreign securities with the equivalent U.S. dollar value American Depositary Receipt securities at the close of the U.S. exchange; and evaluation of any other information that could be indicative of the value of the security.

The Gabelli Equity Trust Inc.**Notes to Financial Statements (Unaudited) (Continued)**

The inputs and valuation techniques used to measure fair value of the Fund's investments are summarized into three levels as described in the hierarchy below:

- Level 1 quoted prices in active markets for identical securities;
- Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.); and
- Level 3 significant unobservable inputs (including the Board's determinations as to the fair value of investments).

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input both individually and in the aggregate that is significant to the fair value measurement. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The summary of the Fund's investments in securities and other financial instruments by inputs used to value the Fund's investments as of June 30, 2018 is as follows:

	Valuation Inputs			Total Market Value
	Level 1 Quoted Prices	Level 2 Other Significant Observable Inputs	Level 3 Significant Unobservable Inputs	
INVESTMENTS IN SECURITIES:

- (a) Please refer to the Schedule of Investments (SOI) for the industry classifications of these portfolio holdings.
- * Other financial instruments are derivatives reflected in the SOI, such as options, futures, forwards, and swaps, which may be valued at the unrealized appreciation/depreciation of the instrument.
- The Fund did not have material transfers among Level 1, Level 2, and Level 3 during the six months ended June 30, 2018. The Fund's policy is to recognize transfers among Levels as of the beginning of the reporting period.

The Gabelli Equity Trust Inc.

Notes to Financial Statements (Unaudited) (Continued)

Additional Information to Evaluate Qualitative Information.

General. The Fund uses recognized industry pricing services approved by the Board and unaffiliated with the Adviser to value most of its securities, and uses broker quotes provided by market makers of securities not valued by these and other recognized pricing sources. Several different pricing feeds are received to value domestic equity securities, international equity securities, preferred equity securities, and fixed income securities. The data within these feeds are ultimately sourced from major stock exchanges and trading systems where these securities trade. The prices supplied by external sources are checked by obtaining quotations or actual transaction prices from market participants. If a price obtained from the pricing source is deemed unreliable, prices will be sought from another pricing service or from a broker/dealer that trades that security or similar securities.

Fair Valuation. Fair valued securities may be common or preferred equities, warrants, options, rights, or fixed income obligations. Where appropriate, Level 3 securities are those for which market quotations are not available, such as securities not traded for several days, or for which current bids are not available, or which are restricted as to transfer. When fair valuing a security, factors to consider include recent prices of comparable securities that are publicly traded, reliable prices of securities not publicly traded, the use of valuation models, current analyst reports, valuing the income or cash flow of the issuer, or cost if the preceding factors do not apply. A significant change in the unobservable inputs could result in a lower or higher value in Level 3 securities. The circumstances of Level 3 securities are frequently monitored to determine if fair valuation measures continue to apply.

The Adviser reports quarterly to the Board the results of the application of fair valuation policies and procedures. These may include backtesting the prices realized in subsequent trades of these fair valued securities to fair values previously recognized.

Derivative Financial Instruments. The Fund may engage in various portfolio investment strategies by investing in derivative financial instruments for the purposes of increasing the income of the Fund, hedging against changes in the value of its portfolio securities and in the value of securities it intends to purchase, or hedging against a specific transaction with respect to either the currency in which the transaction is denominated or another currency. Investing in certain derivative financial instruments, including participation in the options, futures, or swap markets, entails certain execution, liquidity, hedging, tax, and securities, interest, credit, or currency market risks. Losses may arise if the Adviser's prediction of movements in the direction of the securities, foreign currency, and interest rate markets is inaccurate. Losses may also arise if the counterparty does not perform its duties under a contract, or, in the event of default, the Fund may be delayed in or prevented from obtaining payments or other contractual remedies owed to it under derivative contracts. The creditworthiness of the counterparties is closely monitored in order to minimize these risks. Participation in derivative transactions involves investment risks, transaction costs, and potential losses to which the Fund would not be subject absent the use of these strategies. The consequences of these risks, transaction costs, and losses may have a negative impact on the Fund's ability to pay distributions.

Collateral requirements differ by type of derivative. Collateral requirements are set by the broker or exchange clearing house for exchange traded derivatives, while collateral terms are contract specific for derivatives traded over-the-counter. Securities pledged to cover obligations of the Fund under derivative contracts are noted in

The Gabelli Equity Trust Inc.

Notes to Financial Statements (Unaudited) (Continued)

the Schedule of Investments. Cash collateral, if any, pledged for the same purpose will be reported separately in the Statement of Assets and Liabilities.

The Fund's policy with respect to offsetting is that, absent an event of default by the counterparty or a termination of the agreement, the master agreement does not result in an offset of reported amounts of financial assets and financial liabilities in the Statement of Assets and Liabilities across transactions between the Fund and the applicable counterparty. The enforceability of the right to offset may vary by jurisdiction.

The Fund's derivative contracts held at June 30, 2018, if any, are not accounted for as hedging instruments under GAAP and are disclosed in the Schedule of Investments.

Futures Contracts. The Fund may engage in futures contracts for the purpose of hedging against changes in the value of its portfolio securities and in the value of securities it intends to purchase. Upon entering into a futures contract, the Fund is required to deposit with the broker an amount of cash or cash equivalents equal to a certain percentage of the contract amount. This is known as the initial margin. Subsequent payments (variation margin) are made or received by the Fund each day, depending on the daily fluctuations in the value of the contract, and are included in unrealized appreciation/depreciation on futures contracts. The Fund recognizes a realized gain or loss when the contract is closed.

There are several risks in connection with the use of futures contracts as a hedging instrument. The change in value of futures contracts primarily corresponds with the value of their underlying instruments, which may not correlate with the change in value of the hedged investments. In addition, there is the risk that the Fund may not be able to enter into a closing transaction because of an illiquid secondary market. Open positions in futures contracts at June 30, 2018 are presented within the Schedule of Investments.

During the six months ended June 30, 2018, the Fund held an average monthly notional amount of equity futures contracts of approximately \$27,389,608 while outstanding.

As of June 30, 2018, the equity risk exposure associated with the futures contracts can be found in the Statement of Assets and Liabilities, under Liabilities, Variation margin payable. For the six months ended June 30, 2018, the effect of futures contracts with equity risk exposure can be found in the Statement of Operations, under Net Realized and Unrealized Gain/(Loss) on Investments, Futures Contracts, and Foreign Currency; Net realized gain on futures contracts; and Net change in unrealized appreciation/depreciation on futures contracts.

Limitations on the Purchase and Sale of Futures Contracts, Certain Options, and Swaps. Subject to the guidelines of the Board, the Fund may engage in commodity interest transactions (generally, transactions in futures, certain options, certain currency transactions, and certain types of swaps) only for bona fide hedging or other permissible transactions in accordance with the rules and regulations of the Commodity Futures Trading Commission (CFTC). Pursuant to amendments by the CFTC to Rule 4.5 under the Commodity Exchange Act (CEA), the Adviser has filed a notice of exemption from registration as a commodity pool operator with respect to the Fund. The Fund and the Adviser are therefore not subject to registration or regulation as a commodity pool operator under the CEA. In addition, certain trading restrictions are now applicable to the Fund which permit the Fund to engage in commodity interest transactions that include (i) bona fide hedging transactions, as that term is defined and interpreted by the

CFTC and its staff, without regard to the percentage of the Fund's assets committed to margin and options premiums and (ii) non-bona fide hedging transactions, provided that the Fund does not enter into such non-bona fide hedging transactions if, immediately thereafter, either (a) the

The Gabelli Equity Trust Inc.**Notes to Financial Statements (Unaudited) (Continued)**

sum of the amount of initial margin deposits on the Fund's existing futures positions or swaps positions and option or swaption premiums would exceed 5% of the market value of the Fund's liquidating value, after taking into account unrealized profits and unrealized losses on any such transactions, or (b) the aggregate net notional value of the Fund's commodity interest transactions would not exceed 100% of the market value of the Fund's liquidating value, after taking into account unrealized profits and unrealized losses on any such transactions. Therefore, in order to claim the Rule 4.5 exemption, the Fund is limited in its ability to invest in commodity futures, options, and certain types of swaps (including securities futures, broad based stock index futures, and financial futures contracts). As a result, in the future the Fund will be more limited in its ability to use these instruments than in the past, and these limitations may have a negative impact on the ability of the Adviser to manage the Fund, and on the Fund's performance.

Investments in Other Investment Companies. The Fund may invest, from time to time, in shares of other investment companies (or entities that would be considered investment companies but are excluded from the definition pursuant to certain exceptions under the 1940 Act) (the "Acquired Funds") in accordance with the 1940 Act and related rules. Shareholders in the Fund would bear the pro rata portion of the periodic expenses of the Acquired Funds in addition to the Fund's expenses. For the six months ended June 30, 2018, the Fund's pro rata portion of the periodic expenses charged by the Acquired Funds was less than one basis point.

Foreign Currency Translations. The books and records of the Fund are maintained in U.S. dollars. Foreign currencies, investments, and other assets and liabilities are translated into U.S. dollars at current exchange rates. Purchases and sales of investment securities, income, and expenses are translated at the exchange rate prevailing on the respective dates of such transactions. Unrealized gains and losses that result from changes in foreign exchange rates and/or changes in market prices of securities have been included in unrealized appreciation/depreciation on investments and foreign currency translations. Net realized foreign currency gains and losses resulting from changes in exchange rates include foreign currency gains and losses between trade date and settlement date on investment securities transactions, foreign currency transactions, and the difference between the amounts of interest and dividends recorded on the books of the Fund and the amounts actually received. The portion of foreign currency gains and losses related to fluctuation in exchange rates between the initial purchase trade date and subsequent sale trade date is included in realized gain/(loss) on investments.

Foreign Securities. The Fund may directly purchase securities of foreign issuers. Investing in securities of foreign issuers involves special risks not typically associated with investing in securities of U.S. issuers. The risks include possible revaluation of currencies, the inability to repatriate funds, less complete financial information about companies, and possible future adverse political and economic developments. Moreover, securities of many foreign issuers and their markets may be less liquid and their prices more volatile than securities of comparable U.S. issuers.

Foreign Taxes. The Fund may be subject to foreign taxes on income, gains on investments, or currency repatriation, a portion of which may be recoverable. The Fund will accrue such taxes and recoveries as applicable, based upon its current interpretation of tax rules and regulations that exist in the markets in which it invests.

Restricted Securities. The Fund may invest up to 10% of its net assets in securities for which the markets are restricted. Restricted securities include securities whose disposition is subject to substantial legal or contractual restrictions. The sale of restricted securities often requires more time and results in higher brokerage charges or dealer

discounts and other selling expenses than the sale of securities eligible for trading on national securities

The Gabelli Equity Trust Inc.**Notes to Financial Statements (Unaudited) (Continued)**

exchanges or in the over-the-counter markets. Restricted securities may sell at a price lower than similar securities that are not subject to restrictions on resale. Securities freely saleable among qualified institutional investors under special rules adopted by the SEC may be treated as liquid if they satisfy liquidity standards established by the Board. The continued liquidity of such securities is not as well assured as that of publicly traded securities, and, accordingly, the Board will monitor their liquidity. At June 30, 2018, the Fund held no restricted securities.

Securities Transactions and Investment Income. Securities transactions are accounted for on the trade date with realized gain/(loss) on investments determined by using the identified cost method. Interest income (including amortization of premium and accretion of discount) is recorded on an accrual basis. Premiums and discounts on debt securities are amortized using the effective yield to maturity method. Dividend income is recorded on the ex-dividend date, except for certain dividends from foreign securities that are recorded as soon after the ex-dividend date as the Fund becomes aware of such dividends.

Custodian Fee Credits and Interest Expense. When cash balances are maintained in the custody account, the Fund receives credits which are used to offset custodian fees. The gross expenses paid under the custody arrangement are included in custodian fees in the Statement of Operations with the corresponding expense offset, if any, shown as Custodian fee credits. When cash balances are overdrawn, the Fund is charged an overdraft fee of 110% of the 90 day U.S. Treasury Bill rate on outstanding balances. This amount, if any, would be included in the Statement of Operations.

Distributions to Shareholders. Distributions to common shareholders are recorded on the ex-dividend date. Distributions to shareholders are based on income and capital gains as determined in accordance with federal income tax regulations, which may differ from income and capital gains as determined under GAAP. These differences are primarily due to differing treatments of income and gains on various investment securities and foreign currency transactions held by the Fund, timing differences, and differing characterizations of distributions made by the Fund. Distributions from net investment income for federal income tax purposes include net realized gains on foreign currency transactions. These book/tax differences are either temporary or permanent in nature. To the extent these differences are permanent, adjustments are made to the appropriate capital accounts in the period when the differences arise. These reclassifications have no impact on the NAV of the Fund.

Under the Fund's current common share distribution policy, the Fund declares and pays quarterly distributions from net investment income, capital gains, and paid-in capital. The actual source of the distribution is determined after the end of the year. Pursuant to this policy, distributions during the year may be made in excess of required distributions. To the extent such distributions are made from current earnings and profits, they are considered ordinary income or long term capital gains. The Fund's current distribution policy may restrict the Fund's ability to pass through to shareholders all of its net realized long term capital gains as a Capital Gain Dividend and may cause such gains to be treated as ordinary income. Distributions sourced from paid-in capital should not be considered as dividend yield or the total return from an investment in the Fund. The Board will continue to monitor the Fund's distribution level, taking into consideration the Fund's NAV and the financial market environment. The Fund's distribution policy is subject to modification by the Board at any time.

Distributions to shareholders of the Fund's Series C Auction Rate Cumulative Preferred Stock, 5.875% Series D Cumulative Preferred Stock, Series E Auction Rate Cumulative Preferred Stock, 5.000% Series G Cumulative Preferred Stock, 5.000% Series H Cumulative Preferred Stock, and 5.450% Series J Cumulative Preferred Stock (Preferred Stock) are recorded on a daily basis and are determined as described in Note 5.

The Gabelli Equity Trust Inc.**Notes to Financial Statements (Unaudited) (Continued)**

The tax character of distributions paid during the year ended December 31, 2017 was as follows:

	Common	Preferred
Distributions paid from:		
Ordinary income (inclusive of short term capital gains)	\$ 8,169,123	\$ 1,122,792
Net long term capital gains	124,904,270	17,167,274
Return of capital	965,800	
Total distributions paid	\$ 134,039,193	\$ 18,290,066

Provision for Income Taxes. The Fund intends to continue to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended (the Code). It is the policy of the Fund to comply with the requirements of the Code applicable to regulated investment companies and to distribute substantially all of its net investment company taxable income and net capital gains. Therefore, no provision for federal income taxes is required.

The following summarizes the tax cost of investments and the related net unrealized appreciation at June 30, 2018:

	Cost	Gross Unrealized Appreciation	Gross Unrealized Depreciation	Net Unrealized Appreciation
Investments and derivative instruments	\$ 1,214,411,305	\$ 857,706,173	\$ (75,416,472)	\$ 782,289,701

The Fund is required to evaluate tax positions taken or expected to be taken in the course of preparing the Fund's tax returns to determine whether the tax positions are more-likely-than-not of being sustained by the applicable tax authority. Income tax and related interest and penalties would be recognized by the Fund as tax expense in the Statement of Operations if the tax positions were deemed not to meet the more-likely-than-not threshold. During the six months ended June 30, 2018, the Fund did not incur any income tax, interest, or penalties. As of June 30, 2018, the Adviser has reviewed all open tax years and concluded that there was no impact to the Fund's net assets or results of operations. The Fund's federal and state tax returns for the prior three fiscal years remain open, subject to examination. On an ongoing basis, the Adviser will monitor the Fund's tax positions to determine if adjustments to this conclusion are necessary.

3. Investment Advisory Agreement and Other Transactions. The Fund has entered into an investment advisory agreement (the Advisory Agreement) with the Adviser which provides that the Fund will pay the Adviser a fee, computed weekly and paid monthly, equal on an annual basis to 1.00% of the value of the Fund's average weekly net assets including the liquidation value of preferred stock. In accordance with the Advisory Agreement, the Adviser provides a continuous investment program for the Fund's portfolio and oversees the administration of all aspects of the Fund's business and affairs.

As per the approval of the Board, the Fund compensates officers of the Fund, who are employed by the Fund and are not employed by the Adviser (although the officers may receive incentive based variable compensation from affiliates of the Adviser). During the six months ended June 30, 2018, the Fund accrued \$85,036 in payroll expenses in the Statement of Operations.

The Adviser has agreed to reduce the management fee on the incremental assets attributable to the Series C, Series D, and Series E Preferred Stock (C, D, and E Preferred Stock) if the total return of the NAV of the common shares of the Fund, including distributions and advisory fee subject to reduction, does not exceed

The Gabelli Equity Trust Inc.

Notes to Financial Statements (Unaudited) (Continued)

the stated dividend rate of the C, D, and E Preferred Stock for the year. The Fund's total return on the NAV of the common shares is monitored on a monthly basis to assess whether the total return on the NAV of the common shares exceeds the stated dividend rate of the C, D, and E Preferred Stock for the period. For the six months ended June 30, 2018, the Fund's total return on the NAV of the common shares did not exceed the dividend rate of the outstanding C, D, and E Preferred Stock. Thus, advisory fees of the C, D, and E Preferred Stock were reduced by \$788,944.

During the six months ended June 30, 2018, the Fund paid \$40,880 in brokerage commissions on security trades to G.research, LLC, an affiliate of the Adviser.

During the six months ended June 30, 2018, the Fund received credits from a designated broker who agreed to pay certain Fund operating expenses. The amount of such expenses paid through this directed brokerage arrangement during this period was \$6,602.

The cost of calculating the Fund's NAV per share is a Fund expense pursuant to the Advisory Agreement between the Fund and the Adviser. During the six months ended June 30, 2018, the Fund accrued \$22,500 in accounting fees in the Statement of Operations.

There was a reduction in the advisory fee paid to the Adviser relating to certain portfolio holdings, i.e., unsupervised assets, of the Fund with respect to which the Adviser transferred dispositive and voting control to the Fund's Proxy Voting Committee. During the six months ended June 30, 2018, the Fund's Proxy Voting Committee exercised control and discretion over all rights to vote or consent with respect to such securities, and the Adviser reduced its fee with respect to such securities by \$1,834.

The Fund pays each Director who is not considered an affiliated person an annual retainer of \$15,000 plus \$2,000 for each Board meeting attended. Each Director is reimbursed by the Fund for any out of pocket expenses incurred in attending meetings. All Board committee members receive \$1,000 per meeting attended. The Audit Committee Chairman receives an annual fee of \$3,000, and the Nominating Committee Chairman and the Lead Director each receives an annual fee of \$2,000. A Director may receive a single meeting fee, allocated among the participating funds, for participation in certain meetings held on behalf of multiple funds. Directors who are directors or employees of the Adviser or an affiliated company receive no compensation or expense reimbursement from the Fund.

4. Portfolio Securities. Purchases and sales of securities during the six months ended June 30, 2018, other than short term securities and U.S. Government obligations, aggregated \$122,264,838 and \$94,767,294, respectively.

5. Capital. The Fund's Articles of Incorporation, as amended, permit the Fund to issue 337,024,900 shares of common stock (par value \$0.001) and authorizes the Board to increase its authorized shares from time to time. The Board has authorized the repurchase of its shares on the open market when the shares are trading on the NYSE at a discount of 10% or more (or such other percentage as the Board may determine from time to time) from the NAV of the shares. During the six months ended June 30, 2018 and the year ended December 31, 2017, the Fund did not repurchase any shares of its common stock in the open market.

The Gabelli Equity Trust Inc.**Notes to Financial Statements (Unaudited) (Continued)**

Transactions in shares of common stock were as follows:

	Six Months Ended June 30, 2018 (Unaudited)		Year Ended December 31, 2017	
	Shares	Amount	Shares	Amount
Increase from common shares issued in rights offering			31,514,058	\$ 173,327,861
Increase from common shares issued upon reinvestment of distributions	816,230	\$5,166,742	1,358,240	8,540,513
Net increase	816,230	\$5,166,742	32,872,298	\$ 181,868,374

The Fund has an effective shelf registration authorizing the offering of an additional \$500 million of common or preferred shares. As of June 30, 2018, after considering the common share rights offering, the Fund has approximately \$327 million available for issuance under the current shelf registration.

On November 6, 2017, the Fund distributed one transferable right for each of the 220,598,406 common shares outstanding on that date. Seven rights were required to purchase one additional common share at the subscription price of \$5.50 per share. On December 19, 2017, the Fund issued 31,514,058 common shares receiving net proceeds of \$172,670,846, after the deduction of offering expenses of \$657,015. The NAV of the Fund was reduced by \$0.14 per share on the day the additional shares were issued due to the additional shares being issued below NAV.

The Fund's Articles of Incorporation, as amended, authorize the issuance of up to 18,000,000 shares of \$0.001 par value Preferred Stock. The Preferred Stock is senior to the common stock and results in the financial leveraging of the common stock. Such leveraging tends to magnify both the risks and opportunities to common shareholders. Dividends on shares of the Preferred Stock are cumulative. The Fund is required by the 1940 Act and by the Fund's Articles Supplementary to meet certain asset coverage tests with respect to the Preferred Stock. If the Fund fails to meet these requirements and does not correct such failure, the Fund may be required to redeem, in part or in full, the Series C, Series D, Series E, Series G, Series H, and Series J Preferred Stock at redemption prices of \$25,000, \$25, \$25,000, \$25, \$25, and \$25, respectively, per share plus an amount equal to the accumulated and unpaid dividends whether or not declared on such shares in order to meet these requirements. Additionally, failure to meet the foregoing asset coverage requirements could restrict the Fund's ability to pay dividends to common shareholders and could lead to sales of portfolio securities at inopportune times. The income received on the Fund's assets may vary in a manner unrelated to the fixed and variable rates, which could have either a beneficial or detrimental impact on net investment income and gains available to common shareholders.

For Series C and Series E Preferred Stocks, the dividend rates, as set by the auction process that is generally held every seven days, are expected to vary with short term interest rates. Since February 2008, the number of shares of

Series C and Series E Preferred Stock subject to bid orders by potential holders has been less than the number of shares of Series C and Series E Preferred Stock subject to sell orders. Holders that have submitted sell orders have not been able to sell any or all of the Series C and Series E Preferred Stock for which they have submitted sell orders. Therefore, the weekly auctions have failed, and the dividend rate has been the maximum rate. For Series C and Series E Preferred Stock, the maximum auction rate is 175% of the AA Financial Composite Commercial Paper Rate. Existing Series C and Series E shareholders may submit an order to hold, bid, or sell such shares on each auction date, or trade their shares in the secondary market.

The Gabelli Equity Trust Inc.**Notes to Financial Statements (Unaudited) (Continued)**

The Fund may redeem at any time, in whole or in part, the Series C, Series D, Series E, Series G, Series H, and Series J Preferred Stock at their respective liquidation prices plus any accrued and unpaid dividends. In addition, the Board has authorized the repurchase of Series D, Series G, Series H, and Series J Preferred Stock in the open market at prices less than the \$25 liquidation value per share. During the six months ended June 30, 2018 and the year ended December 31, 2017, the Fund did not repurchase or redeem any shares of Series C, Series D, Series E, and Series J Preferred Stock. During the year ended December 31, 2017, the Fund repurchased and retired 9,905 of the Series G Preferred in the open market at an investment of \$235,625 and an average discount of approximately 4.89%, and repurchased and retired 6,900 of the Series H Preferred in the open market at an investment of \$163,263 and an average discount of approximately 5.39%.

The Fund has the authority to purchase its auction rate Series C and Series E preferred shares through negotiated private transactions. The Fund is not obligated to purchase any dollar amount or number of auction rate preferred shares, and the timing and amount of any auction rate preferred shares purchased will depend on market conditions, share price, capital availability, and other factors. The Fund is not soliciting holders to sell these shares nor recommending that holders offer them to the Fund. Any offers can be accepted or rejected in the Fund's discretion.

The following table summarizes Cumulative Preferred Stock information:

Series	Issue Date	Authorized	Number of Shares Outstanding at 06/30/18	Net Proceeds	2018 Dividend Rate Range	Dividend Rate at 06/30/18	Accrued Dividends at 06/30/18

The holders of Preferred Stock generally are entitled to one vote per share held on each matter submitted to a vote of shareholders of the Fund and will vote together with holders of common stock as a single class. The holders of Preferred Stock voting together as a single class also have the right currently to elect two Directors and, under certain circumstances, are entitled to elect a majority of the Board of Directors. In addition, the affirmative vote of a majority

of the votes entitled to be cast by holders of all outstanding shares of the preferred stock, voting as a single class, will be required to approve any plan of reorganization adversely affecting the preferred stock, and the approval of two-thirds of each class, voting separately, of the Fund's outstanding voting stock must approve the conversion of the Fund from a closed-end to an open-end investment company. The approval of a majority (as defined in the 1940 Act) of the outstanding preferred stock and a majority (as defined in the 1940 Act) of the Fund's outstanding voting securities are required to approve certain other actions, including changes in the Fund's investment objectives or fundamental investment policies.

6. Indemnifications. The Fund enters into contracts that contain a variety of indemnifications. The Fund's maximum exposure under these arrangements is unknown. However, the Fund has not had prior claims or losses pursuant to these contracts. Management has reviewed the Fund's existing contracts and expects the risk of loss to be remote.

The Gabelli Equity Trust Inc.

Notes to Financial Statements (Unaudited) (Continued)

7. Subsequent Events. Management has evaluated the impact on the Fund of all subsequent events occurring through the date the financial statements were issued and has determined that there were no subsequent events requiring recognition or disclosure in the financial statements.

Certifications

The Fund's Chief Executive Officer has certified to the New York Stock Exchange (NYSE) that, as of May 23, 2018, he was not aware of any violation by the Fund of applicable NYSE corporate governance listing standards. The Fund reports to the SEC on Form N-CSR which contains certifications by the Fund's principal executive officer and principal financial officer that relate to the Fund's disclosure in such reports and that are required by Rule 30a-2(a) under the 1940 Act.

Shareholder Meeting May 14, 2018 Final Results

The Fund's Annual Meeting of Shareholders was held on May 14, 2018 in Greenwich, Connecticut. At that meeting, common and preferred shareholders, voting together as a single class, elected Michael J. Ferrantino as a Director of the Fund. A total of 220,279,658 votes were cast in favor of this Director, and a total of 10,742,041 votes were withheld for this Director.

In addition, preferred shareholders, voting as a separate class, elected James P. Conn as a Director of the Fund. A total of 10,953,954 votes were cast in favor of this Director and a total of 506,731 votes were withheld for this Director.

Mario J. Gabelli, Frank J. Fahrenkopf, Jr., Arthur V. Ferrara, William F. Heitmann, and Salvatore J. Zizza continue to serve in their capacities as Directors of the Fund.

Effective May 16, 2018, Anthony J. Colavita resigned from the Board and Kuni Nakamura was appointed to the Board.

We thank you for your participation and appreciate your continued support.

The Gabelli Equity Trust Inc.

Board Consideration and Re-Approval of Investment Advisory Agreements (Unaudited)

Section 15(c) of the Investment Company Act of 1940, as amended (the 1940 Act), contemplates that the Board of Directors (the Board) of The Gabelli Equity Trust Inc. (the Fund), including a majority of the Directors who have no direct or indirect interest in the investment advisory agreement and are not interested persons of the Fund, as defined in the 1940 Act (the Independent Board Members), are required annually to review and re-approve the terms of the Fund's existing investment advisory agreement and approve any newly proposed terms therein. In this regard, the Board reviewed and re-approved, during the most recent six month period covered by this report, the Investment Advisory Agreement (the Advisory Agreement) with Gabelli Funds, LLC (the Adviser) for the Fund.

More specifically, at a meeting held on May 16, 2018, the Board, including the Independent Board Members, considered the factors and reached the conclusions described below relating to the selection of the Adviser and the re-approval of the Advisory Agreement.

Nature, Extent, and Quality of Services.

The Independent Board Members considered information regarding the portfolio managers, the depth of the analyst pool available to the Adviser and the portfolio managers, the nature, quality, and extent of administrative and shareholder services supervised or provided by the Adviser, including portfolio management, supervision of Fund operations and compliance and regulatory filings and disclosures to shareholders, general oversight of other service providers, review of Fund legal issues, assisting the Independent Board Members in their capacity as Directors, and other services, and the absence of significant service problems reported to the Board. The Independent Board Members concluded that the services are extensive in nature and that the Adviser consistently delivered a high level of service.

Investment Performance of the Fund and Adviser.

The Independent Board Members considered short term and long term investment performance for the Fund over various periods of time as compared with relevant equity indices and the performance of other core, growth, and value equity closed-end funds included in the Broadridge peer category. The Board noted that the Fund's total return performance was above the average and median of a select group of peers for the one, three, five, and ten year periods ended March 31, 2018. The Independent Board Members concluded that the Adviser was delivering satisfactory performance results consistent with the investment strategies being pursued by the Fund.

Costs of Services and Profits Realized by the Adviser.

(a) Costs of Services to Fund: Fees and Expenses. The Independent Board Members considered the Fund's advisory fee rate and expense ratio relative to industry averages for the Fund's Broadridge peer group category and the advisory fees charged by the Adviser and its affiliates to other fund and non-fund clients. The Independent Board Members noted that the mix of services under the Advisory Agreement is much more extensive than those under the advisory agreements for non-fund clients. The Independent Board Members noted that the other non-advisory expenses paid by the Fund are above the average and median for the Fund's Broadridge peer group category and below the average and median for a select group of peers, and that management and gross advisory fees and total expenses were above the average and median of the Broadridge peer group range and a select group of peers. They took note of the fact that the use of leverage impacts comparative expenses to peer funds, not all of which utilize leverage. The Independent Board Members were aware that the Adviser waives its fee on the incremental liquidation value of the Fund's Series C, Series D, and Series E

The Gabelli Equity Trust Inc.

Board Consideration and Re-Approval of Investment Advisory Agreements (Unaudited) (Continued)

preferred stock if the total return on net asset value of the common stock does not exceed the stated dividend rate for the Series C, Series D, and Series E preferred stock, as applicable, for the year after consideration of the reinvestment of distributions and the advisory fees attributable to the incremental liquidation value of the Series C, Series D, and Series E preferred stock, and that the comparative total expense ratio and other expense information reflected these waivers, if applicable. The Independent Board Members concluded that the fee is acceptable based upon the qualifications, experience, reputation, and performance of the Adviser.

(b) Profitability and Costs of Services to Adviser.

The Independent Board Members considered the Adviser's overall profitability and costs. The Independent Board Members referred to the Board Materials for the pro forma income statements for the Adviser and the Fund for the period ended December 31, 2017. They noted the pro forma estimates of the Adviser's profitability and costs attributable to the Fund, both as part of the Fund Complex and under the assumption that the Fund constituted the Adviser's only investment company under its management. The Independent Board Members also considered whether the amount of profit is a fair entrepreneurial profit for the management of the Fund and noted that the Adviser has substantially increased its resources devoted to Fund matters in response to regulatory requirements and new or enhanced Fund policies and procedures. The Independent Board Members concluded that the absolute advisory fee was reasonable despite the absence of breakpoints, particularly in light of the above average performance over time.

Extent of Economies of Scale as Fund Grows.

The Independent Board Members considered whether there have been economies of scale with respect to the management of the Fund and whether the Fund has appropriately benefited from any economies of scale. The Independent Board Members noted that, although the ability of the Fund to realize economies of scale through growth is more limited than for an open-end fund, economies of scale may develop for certain funds as their assets increase and their fund level expenses decline as a percentage of assets, but that fund level economies of scale may not necessarily result in Adviser level economies of scale. The Independent Board Members were aware that economies can be shared through an adviser's investment in its fund advisory business and noted that the Adviser increased personnel and resources devoted to the Gabelli/GAMCO fund complex in recent years, which could benefit the Fund.

Whether Fee Levels Reflect Economies of Scale.

The Independent Board Members also considered whether the advisory fee rate is reasonable in relation to the asset size of the Fund and any economies of scale that may exist, and concluded that the Fund's current fee schedule (without breakpoints) was considered reasonable, particularly in light of the Fund's above average performance over time.

Other Relevant Considerations.

(a) Adviser Personnel and Methods. The Independent Board Members considered the size, education, and experience of the Adviser's staff, the Adviser's fundamental research capabilities, and the Adviser's approach to recruiting, training, and retaining portfolio managers and other research and management personnel, and concluded that, in each of these areas, the Adviser was structured in such a way to support the high level of services being provided to the Fund.

The Gabelli Equity Trust Inc.

Board Consideration and Re-Approval of Investment Advisory Agreements (Unaudited) (Continued)

(b) Other Benefits to the Adviser. The Independent Board Members also considered the character and amount of other incidental benefits received by the Adviser and its affiliates from its association with the Fund. The Independent Board Members considered the brokerage commissions paid to an affiliate of the Adviser. The Independent Board Members concluded that potential fall-out benefits that the Adviser and its affiliates may receive, such as brokerage commissions paid to an affiliated broker, greater name recognition, or increased ability to obtain research services, appear to be reasonable and may in some cases benefit the Fund.

Conclusions

In considering the Advisory Agreement, the Independent Board Members did not identify any factor as all important or all controlling, and instead considered these factors collectively in light of the Fund's surrounding circumstances. Based on this review, it was the judgment of the Independent Board Members that shareholders had received satisfactory absolute and relative performance over time consistent with the investment strategies being pursued by the Fund at reasonable fees and, therefore, continuation of the Advisory Agreement was in the best interests of the Fund and its shareholders. As a part of its decision making process, the Independent Board Members noted that the Adviser has managed the Fund since its inception, and the Independent Board Members believe that a long term relationship with a capable, conscientious adviser is in the best interests of the Fund. The Independent Board Members considered, generally, that shareholders invested in the Fund knowing that the Adviser managed the Fund and knowing its investment advisory fee. As such, the Independent Board Members considered, in particular, whether the Adviser managed the Fund in accordance with its investment objectives and policies as disclosed to shareholders. The Independent Board Members concluded that the Fund was managed by the Adviser in a manner consistent with its investment objectives and policies. On the basis of the foregoing and without assigning particular weight to any single conclusion, the Independent Board Members determined to recommend continuation of the Advisory Agreement to the full Board.

Based on a consideration of all these factors in their totality, the Board Members, including all of the Independent Board Members, determined that the Fund's advisory fee was fair and reasonable in relation to the quality of services provided and in light of the other factors described above that the Board deemed relevant. Accordingly, the Board determined to approve the continuation of the Fund's Advisory Agreement. The Board Members based their decision on evaluations of all these factors as a whole and did not consider any one factor as all important or controlling.

Portfolio Management Team Biographies

Mario J. Gabelli, CFA, is Chairman, Chief Executive Officer, and Chief Investment Officer - Value Portfolios of GAMCO Investors, Inc. that he founded in 1977, and Chief Investment Officer - Value Portfolios of Gabelli Funds, LLC and GAMCO Asset Management Inc. He is also Executive Chairman of Associated Capital Group, Inc. Mr. Gabelli is a summa cum laude graduate of Fordham University and holds an MBA degree from Columbia Business School and Honorary Doctorates from Fordham University and Roger Williams University.

Christopher J. Marangi joined Gabelli in 2003 as a research analyst. Currently he is a Managing Director and Co-Chief Investment Officer for GAMCO Investors, Inc.'s Value team. In addition, he serves as a portfolio manager of Gabelli Funds, LLC and manages several funds within the Gabelli/GAMCO Fund Complex. Mr. Marangi graduated magna cum laude and Phi Beta Kappa with a BA in Political Economy from Williams College and holds an MBA degree with honors from Columbia Business School.

Kevin V. Dreyer joined Gabelli in 2005 as a research analyst covering companies within the consumer sector. Currently he is a Managing Director and Co-Chief Investment Officer for GAMCO Investors, Inc.'s Value team. In addition, he serves as a portfolio manager of Gabelli Funds, LLC and manages several funds within the Gabelli/GAMCO Fund Complex. Mr. Dreyer received a BSE from the University of Pennsylvania and an MBA degree from Columbia Business School.

Robert D. Leininger, CFA, joined GAMCO Investors, Inc. in 1993 as an equity analyst. Subsequently, he was a partner and portfolio manager at Rorer Asset Management before rejoining GAMCO in 2010 where he currently serves as a portfolio manager of Gabelli Funds, LLC. Mr. Leininger is a magna cum laude graduate of Amherst College with a degree in Economics and holds an MBA degree from the Wharton School at the University of Pennsylvania.

Daniel M. Miller has been the portfolio manager of The Gabelli Focus Five Fund since inception of the investment strategy on January 1, 2012. He is also a Managing Director of GAMCO Investors, Inc. Mr. Miller joined the Firm in 2002 and graduated magna cum laude with a degree in finance from the University of Miami in Coral Gables, Florida.

Jennie Tsai joined Gabelli in 2001 as a research analyst responsible for the healthcare and medical products industries. At Gabelli, Ms. Tsai is focused on medical sectors, including dental, orthopedics, diagnostics, dermatology, and ophthalmology. She received a BS in Commerce at the University of Virginia and an MBA from Columbia Business School.

The Net Asset Value per share appears in the Publicly Traded Funds column, under the heading General Equity Funds, in Monday's The Wall Street Journal. It is also listed in Barron's Mutual Funds/Closed End Funds section under the heading General Equity Funds.

The Net Asset Value per share may be obtained each day by calling (914) 921-5070 or visiting www.gabelli.com.

The NASDAQ symbol for the Net Asset Value is XGABX.

Notice is hereby given in accordance with Section 23(c) of the Investment Company Act of 1940, as amended, that the Fund may, from time to time, purchase its common shares in the open market when the Fund's shares are trading at a discount of 10% or more from the net asset value of the shares. The Fund may also, from time to time, purchase its preferred shares in the open market when the preferred shares are trading at a discount to the liquidation value.

Item 8. Portfolio Managers of Closed-End Management Investment Companies.

Effective January 2, 2018, Jennie Tsai was named a portfolio manager of the Fund. Ms. Tsai joined Gabelli in 2001 as a research analyst responsible for the healthcare and medical products industries. At Gabelli, Ms. Tsai is focused on medical sectors, including dental, orthopedics, diagnostics, dermatology, and ophthalmology. She received a BS in Commerce at the University of Virginia and an MBA from Columbia Business School.

There have been no other changes to the portfolio management team since December 31, 2017.

MANAGEMENT OF OTHER ACCOUNTS

The table below shows the number of other accounts managed by Ms. Tsai and the total assets in each of the following categories: registered investment companies, other pooled investment vehicles and other accounts as of December 31, 2017. For each category, the table also shows the number of accounts and the total assets in the accounts with respect to which the advisory fee is based on account performance.

<u>Name of Portfolio Manager</u>	<u>Type of Accounts</u>	<u>Total No. of Accounts Managed</u>	<u>Total Assets</u>	<u>No. of Accounts where Advisory Fee is Based on Performance</u>	<u>Total Assets in Accounts where Advisory Fee is Based on Performance</u>
Jennie Tsai	Registered Investment Companies:	0	\$0	0	\$0
	Other Pooled Investment Vehicles:	0	\$0	0	\$0
	Other Accounts:	6	\$1.8 million	0	\$0

POTENTIAL CONFLICTS OF INTEREST

As reflected above, the Portfolio Managers manage accounts in addition to the Trust. Actual or apparent conflicts of interest may arise when a Portfolio Manager also has day to day management responsibilities with respect to one or more other accounts. These potential conflicts include:

ALLOCATION OF LIMITED TIME AND ATTENTION. As indicated above, the Portfolio Managers manage multiple accounts. As a result, he/she will not be able to devote all of their time to the management of the Trust. The Portfolio Managers, therefore, may not be able to formulate as complete a strategy or identify equally attractive investment opportunities for each of those accounts as might be the case if he/she were to devote all of their attention to the management of only the Trust.

ALLOCATION OF LIMITED INVESTMENT OPPORTUNITIES. As indicated above, the Portfolio Managers manage managed accounts with investment strategies and/or policies that are similar to the Trust. In these cases, if the Portfolio Manager identifies an investment opportunity that may be

suitable for multiple accounts, a fund may not be able to take full advantage of that opportunity because the opportunity may be allocated among all or many of these accounts or other accounts managed primarily by other Portfolio Managers of the Adviser, and their affiliates. In addition, in the event a Portfolio Manager determines to purchase a security for more than one account in an aggregate amount that may influence the market price of the security, accounts that purchased or sold the security first may receive a more favorable price than accounts that made subsequent transactions.

SELECTION OF BROKER/DEALERS. Because of Mr. Gabelli's indirect majority ownership interest in G.research, LLC, he may have an incentive to use G.research to execute portfolio transactions for a fund.

PURSUIT OF DIFFERING STRATEGIES. At times, the Portfolio Managers may determine that an investment opportunity may be appropriate for only some of the accounts for which he/she exercises investment responsibility, or may decide that certain of the funds or accounts should take differing positions with respect to a particular security. In these cases, the Portfolio Manager may execute differing or opposite transactions for one or more accounts which may affect the market price of the security or the execution of the transaction, or both, to the detriment of one or more other accounts.

VARIATION IN COMPENSATION. A conflict of interest may arise where the financial or other benefits available to the Portfolio Manager differs among the accounts that they manage. If the structure of the Adviser's management fee or the Portfolio Manager's compensation differs among accounts (such as where certain accounts pay higher management fees or performance-based management fees), the portfolio managers may be motivated to favor certain accounts over others. The portfolio managers also may be motivated to favor accounts in which they have an investment interest, or in which the Adviser, or their affiliates have investment interests. Similarly, the desire to maintain assets under management or to enhance a Portfolio Manager's performance record or to derive other rewards, financial or otherwise, could influence the Portfolio Manager in affording preferential treatment to those accounts that could most significantly benefit the Portfolio Manager. For example, as reflected above, if the Portfolio Manager manages accounts which have performance fee arrangements, certain portions of his/her compensation will depend on the achievement of performance milestones on those accounts. The Portfolio Manager could be incented to afford preferential treatment to those accounts and thereby be subject to a potential conflict of interest.

The Adviser, and the Funds have adopted compliance policies and procedures that are designed to address the various conflicts of interest that may arise for the Adviser and their staff members. However, there is no guarantee that such policies and procedures will be able to detect and prevent every situation in which an actual or potential conflict may arise.

COMPENSATION STRUCTURE FOR MARIO J. GABELLI

Mr. Gabelli receives incentive-based variable compensation based on a percentage of net revenues received by the Adviser for managing the Trust. Net revenues are determined by deducting from gross investment management fees the firm's expenses (other than Mr. Gabelli's compensation) allocable to this Trust. Five closed-end registered investment companies (including this Trust) managed by Mr. Gabelli have arrangements whereby the Adviser will only receive its investment advisory fee attributable to the liquidation value of outstanding preferred stock (and Mr. Gabelli would only receive his percentage of such advisory fee) if certain performance levels are met. Additionally, he receives similar incentive based variable compensation for managing other accounts within the firm and its

affiliates. This method of compensation is based on the premise that superior long-term performance in managing a portfolio should be rewarded with higher compensation as a result of growth of assets through appreciation and net investment activity. The level of compensation is not determined with specific reference to the performance of any account against any specific benchmark. One of the other closed-end registered investment companies managed by Mr. Gabelli has a performance (fulcrum) fee arrangement for which his compensation is adjusted up or down based on the performance of the investment company relative to an index. Mr. Gabelli manages other accounts with performance fees. Compensation for managing these accounts has two components. One component is based on a percentage of net revenues to the investment adviser for managing the account. The second component is based on absolute performance of the account, with respect to which a percentage of such performance fee is paid to Mr. Gabelli. As an executive officer of the Adviser's parent company, GBL, Mr. Gabelli also receives ten percent of the net operating profits of the parent company. He receives no base salary, no annual bonus, and no stock options.

COMPENSATION STRUCTURE FOR THE PORTFOLIO MANAGERS OTHER THAN MR. GABELLI

The compensation for the Portfolio Managers other than Mr. Gabelli for the Trust is structured to enable the Adviser to attract and retain highly qualified professionals in a competitive environment. The Portfolio Managers other than Mr. Gabelli receive a compensation package that includes a minimum draw or base salary, equity-based incentive compensation via awards of restricted stock, and incentive based variable compensation based on a percentage of net revenue received by the Adviser for managing the Trust to the extent that the amount exceeds a minimum level of compensation. Net revenues are determined by deducting from gross investment management fees certain of the firm's expenses (other than the Portfolio Managers' compensation) allocable to the Trust (the incentive-based variable compensation for managing other accounts is also based on a percentage of net revenues to the investment adviser for managing the account). This method of compensation is based on the premise that superior long-term performance in managing a portfolio should be rewarded with higher compensation as a result of growth of assets through appreciation and net investment activity. The level of equity-based incentive and incentive-based variable compensation is based on an evaluation by the Adviser's parent, GBL, of quantitative and qualitative performance evaluation criteria. This evaluation takes into account, in a broad sense, the performance of the accounts managed by the Portfolio Managers, but the level of compensation is not determined with specific reference to the performance of any account against any specific benchmark. Generally, greater consideration is given to the performance of larger accounts and to longer term performance over smaller accounts and short-term performance.

OWNERSHIP OF SHARES IN THE FUND

Jennie Tsai owned \$0 of shares of the Fund as of December 31, 2017.

Footnote columns (c) and (d) of the table, by disclosing the following information in the aggregate for all plans or programs publicly announced:

- a. The date each plan or program was announced The notice of the potential repurchase of common and preferred shares occurs quarterly in the Fund's quarterly report in accordance with Section 23(c) of the Investment Company Act of 1940, as amended.

- b. The dollar amount (or share or unit amount) approved Any or all common shares outstanding may be repurchased when the Fund's common shares are trading at a discount of 10% or more from the net asset value of the shares. Any or all preferred shares outstanding may be repurchased when the Fund's preferred shares are trading at a discount to the liquidation value of \$25.00.
- c. The expiration date (if any) of each plan or program The Fund's repurchase plans are ongoing.
- d. Each plan or program that has expired during the period covered by the table The Fund's repurchase plans are ongoing.
- e. Each plan or program the registrant has determined to terminate prior to expiration, or under which the registrant does not intend to make further purchases. The Fund's repurchase plans are ongoing.

Item 10. Submission of Matters to a Vote of Security Holders.

There have been no material changes to the procedures by which the shareholders may recommend nominees to the registrant's Board of Directors, where those changes were implemented after the registrant last provided disclosure in response to the requirements of Item 407(c)(2)(iv) of Regulation S-K (17 CFR 229.407) (as required by Item 22(b)(15) of Schedule 14A (17 CFR 240.14a-101)), or this Item.

Item 11. Controls and Procedures.

- (a) The registrant's principal executive and principal financial officers, or persons performing similar functions have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the 1940 Act)) are effective as of a date within 90 days of the filing of this report that includes the disclosure required by this paragraph, based on the evaluation of these controls and procedures required by Rule 30a-3(b) under the 1940 Act and Rule 15d-15(b) under the Securities Exchange Act of 1934, as amended.
- (b) The registrant's certifying officers are not aware of any changes in the registrant's internal control over financial reporting (as defined in rule 30a-3(d) under the 1940 Act) that occurred during the registrant's last fiscal quarter that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

Item 12. Disclosure of Securities Lending Activities for Closed-End Management Investment Companies.

Not applicable.

Item 13. Exhibits.

- (a)(1) Not applicable.

- (a)(2) Certifications pursuant to Rule 30a-2(a) under the 1940 Act and Section 302 of the Sarbanes-Oxley Act of 2002 are attached hereto.

- (a)(3) Not applicable.

- (a)(4) Not applicable.

- (b) Certifications pursuant to Rule 30a-2(b) under the 1940 Act and Section 906 of the Sarbanes- Oxley Act of 2002 are attached hereto.
