Fiscal Year 2018 Business Highlights

We made important progress on strategic initiatives that will drive long-term improvement in our return on equity. This progress included a 2.6 point improvement in the underlying 2018 auto loss ratio and a 1.0 point improvement in the underlying 2018 property loss ratio.

The Company's 2018 financial results were significantly impacted by an unprecedented level of catastrophe costs and a challenging investment environment. Our unadjusted core earnings were \$28.4 million. When the Compensation Committee adjusts for Property and Casualty catastrophes above plan, costs related to the recently announced acquisitions, Retirement and Life DAC unlocking and change in GMDB due to capital gains and losses, and market performance different from Plan, core earnings increased to \$95.6 million. The committee makes these adjustments when calculating the Company's annual incentives as in any single year they can be highly volatile and outside the control of management. The committee does not make adjustments for these items in our long-term incentives, as over

the long-term management should be held accountable for these outcomes and has more ability to manage through some of the one-time items over a longer period of time. Book value per share* decreased 1.3% in 2018 driven by the decline in operating results as well as a decrease in the unrealized gain from the investment portfolio resulting from wider credit spreads across most asset classes, with the 10-year U.S. Treasury rate rising 31 basis points to 2.71%.
Total

Table of Contents

Shareholder Return was -12.8% in 2018, outperforming life insurance indices and underperforming property and casualty insurance and general market indices.

*Excluding the fair value adjustment for investments

In the fourth quarter of 2018, the Company announced plans to acquire NTA Life Enterprises, LLC (NTA) and Benefit Consultants Group, Inc. (BCG). These acquisitions bring exciting capabilities to expand our product set, enhance our distribution channels, and further improve our infrastructure, enhancing our long-term view.

While uncontrollable and one-time events impacted our core earnings, we do believe we had a strong overall year and positioned ourselves for future success. We made significant progress on numerous strategic initiatives, including:

6% growth in retirement sales deposits, with strong market response to fee-based product offerings

Double digit growth in Life sales (19.8%)

Continued solid earnings contributed from Life and Retirement

P&C earnings impacted by significant adverse weather/catastrophes

- Achieved 2.6 points of underlying auto loss ratio improvement

- Achieved 1 point of underlying property loss ratio improvement

Please see Management's Discussion and Analysis of Financial Condition and Results of Operations in HMEC's 2018 Annual Report on Form 10-K for a more detailed description of these financial results.

General Information

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to Be Held on Wednesday, May 22, 2019. The Proxy Statement and Annual Report and Form 10-K (the Proxy Materials) are available at proxyvote.com.

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the Board) of Horace Mann Educators Corporation (HMEC, the Company or Horace Mann) of proxies (that is, the authority to vote shares) from holders of the Company's common stock, par value \$.001 per share (Common Stock). The proxies will be voted at the Annual Meeting of Shareholders to be held on Wednesday, May 22, 2019 at 9:00 a.m. Central Daylight Saving Time at the Horace Mann Lincoln Auditorium, 1 Horace Mann Plaza, Springfield, Illinois 62715 and at any adjournment or postponement thereof (the Annual Meeting).

The mailing address of the Company is 1 Horace Mann Plaza, Springfield, Illinois 62715-0001 (telephone number 217-789-2500). This Proxy Statement and the proxy card are first being made available to Shareholders of the Company (Shareholders) on or about April 5, 2019.

The Board has fixed the close of business on March 26, 2019 as the record date (the Record Date) for determining the Shareholders entitled to receive notice of and to vote at the Annual Meeting. At the close of business on the Record Date, an aggregate of 41,141,933 shares of Common Stock were issued and outstanding, each share entitling the holder thereof to one vote on each matter to be voted upon at the Annual Meeting. The presence, in person or by proxy, of

the holders of a majority of such outstanding shares entitled to vote at the Annual Meeting is necessary to constitute a quorum for the transaction of business at the Annual Meeting. The Company, through bankers, brokers or other persons, also intends to make a solicitation of beneficial owners of Common Stock.

At the Annual Meeting, Shareholders will be asked to: (1) elect 10 Directors named in the Proxy Statement to hold office for one-year terms continuing until the next Annual Meeting of Shareholders and until their respective successors have been duly elected and qualified; (2) approve the advisory resolution to approve Named Executive Officers (as defined on page 19 below) compensation; and (3) ratify the appointment of KPMG LLP, an independent registered public accounting firm, as the Company's auditors for the year ending December 31, 2019.

Shareholders may also be asked to consider and take action with respect to such other matters as may properly come before the Annual Meeting.

Copies of the Company's Annual Report and Form 10-K for the year ended December 31, 2018 (Annual Report), including the Company's audited consolidated financial statements, were made available to known Shareholders on or about March 1, 2019.

Your Proxy Vote

How to Vote

- (1) *Via Internet:* Go to proxyvote.com to vote via the Internet. You will need to follow the instructions on your Notice of Internet Availability of Proxy Materials (Notice) or proxy card and the website. If you vote via the Internet, you may incur telephone and Internet access charges.
- (2) *By Telephone:* Call the toll-free telephone number on the proxy card or the website to vote by telephone. You will need to follow the instructions and the voice prompts.
- (3) *By Mail:* Request, complete and return a paper proxy card, following the instructions on your Notice.
- (4) *In Person:* Attend the Annual Meeting, or send a personal representative with an appropriate proxy, to vote by ballot.

If you vote via the Internet or by telephone, your electronic vote authorizes the named proxies in the same manner as if you signed, dated and returned your proxy card. **If you vote via the Internet or by telephone, do not return your proxy card.**

If your shares are held in street name (that is, in the name of a bank, broker or other holder of record), you will receive a Notice containing instructions from the holder of record that you must follow in order for your shares to be voted. Internet and/or telephone voting also will be offered to Shareholders owning shares through most banks and brokers.

Participants in the Company's stock fund within the Horace Mann 401(k) Plan can direct the trustee to vote their shares via the Internet as directed in the Notice, by telephone as provided on the website or proxy card, or by signing and returning a proxy card.

Voting Rules

Solicitation and Revocation

Your proxy is being solicited by and on behalf of the Board. The persons named in the Form of Proxy have been designated as proxies by the

Board. Such persons are Directors of the Company.

Shares of Common Stock represented at the Annual Meeting by a properly executed and returned proxy will be voted at the Annual Meeting in accordance with the instructions noted thereon, or if no instructions are noted, the proxy will be voted in favor of the proposals set forth in the Notice of Annual Meeting. A submitted proxy is revocable by a Shareholder at any time prior to it being voted, provided that such Shareholder gives written notice to the Corporate Secretary at or prior to the Annual Meeting that such Shareholder intends to vote in person or by submitting a subsequently dated proxy. Attendance at the Annual Meeting by a Shareholder who has given a proxy shall not in and of itself constitute a revocation of such proxy.

Further solicitation may be made by officers and other employees of the Company personally, by telephone or otherwise, but such persons will not be specifically compensated for such services. Banks, brokers, nominees and other custodians and fiduciaries will be reimbursed for their reasonable out-of-pocket expenses in forwarding soliciting material to their principals, the beneficial owners of Common Stock. The costs of soliciting proxies will be borne by the Company. It is estimated these costs will be nominal.

Shareholder Approval

Shareholders are entitled to one vote per share of Common Stock on all matters submitted for consideration at the Annual Meeting. Under the Company's Bylaws, the affirmative vote of a majority of the shares of Common Stock represented in person or by proxy at the Annual Meeting is required for the election of Directors, approval of the advisory resolution to approve Named Executive Officers' compensation, and the ratification of the appointment of KPMG LLP as the Company's independent registered public accounting firm for the year ending December 31, 2019.

Abstentions have the same effect as a vote against approval of the matter.

Please note that under New York Stock Exchange (NYSE) rules, brokers who hold

Table of Contents

shares of Common Stock in street name for customers have the authority to vote on certain items when they have not received instructions from beneficial owners. With respect to the matters to come before the Annual Meeting, if brokers are not entitled to vote without instructions and therefore cast broker non-votes, the broker non-votes will have no direct effect on the outcome of the vote. However, because each matter requires a majority vote of the outstanding shares present and entitled to vote, a broker non-vote will indirectly work against the matter for which a broker non-vote is cast.

For this Annual Meeting, if you do not give specific instructions, your broker may cast your

vote in its discretion on only Proposal No. 3 - Ratification of Independent Registered Public Accounting Firm.

Other Matters

Other than the matters set forth below, the Board has not received any Shareholder proposal by the deadline prescribed by the rules of the Securities and Exchange Commission (SEC), and otherwise knows of no other matters to be brought before the Annual Meeting. However, should any other matters properly come before the meeting, the persons named in the Form of Proxy will vote or refrain from voting thereon at their discretion.

Proposals and Company Information

PROPOSAL NO. 1 - ELECTION OF 10 DIRECTORS

The Bylaws of the Company provide for the Company to have not less than five or more than 15 Directors. The following nine persons currently are serving as Directors of the Company (Directors): Daniel A. Domenech, Stephen J. Hasenmiller, Ronald J. Helow, Perry G. Hines, Beverley J. McClure, H. Wade Reece, Robert Stricker, Steven O. Swyers and Marita Zuraitis. The terms of these Directors expire at the Annual Meeting.

Board Qualifications

The Board of Directors believes it is necessary for each of the Directors to possess a variety of qualities and skills. The Nominating & Governance Committee conducts all necessary and appropriate inquiries into the background and qualifications of Board candidates, including the determination of their independence. In addition, the Nominating & Governance Committee has identified areas of expertise that it believes support the Company’s business strategy in the short and long-term, enable the Board to exercise its oversight function and contribute to a well-rounded Board.

The list below highlights certain key qualifications and experience of our current Board.

Education	Technology	Leadership
Niche Market	Financial Services	Financial Expert
Insurance Operations	Customer Experience	Investments
Agency Management	Insurance Brokerage	Brand & Marketing

Board Diversity, Age and Tenure

The Nominating & Governance Committee believes that it is important that the Board be comprised of individuals with expertise in fields relevant to the Company’s business, experience from different professions, a diversity of age, ethnicity and gender, and a range of tenures.

The Nominating & Governance Committee is responsible for reviewing with the Board, on an annual basis, the requisite skills and characteristics of new Board members as well as the composition of the Board as a whole. This assessment includes consideration of experience, perspective, background, skill sets, age, ethnicity, and gender makeup of the current Board as well as the candidate’s individual qualities in leadership, character judgment and ethical standards. It also assesses the effectiveness of our interest in diverse candidates.

Table of Contents

The Nominating & Governance Committee believes our Board Nominees (as identified below) represent a diverse base of perspectives and reflect the diversity of the Company's employees, customers and Shareholders, as well as an appropriate level of age and tenure, as further illustrated below.

Board Refreshment

The Board and Nominating & Governance Committee regularly consider the long-term makeup of the Board and how the members of the Board change over time. The Board and Nominating & Governance Committee understand the importance of Board refreshment and strive to balance the knowledge that comes from longer-term service on the Board with the new experience, ideas and energy that can come from adding directors to the Board. Directors who are 75 years of age or older may not stand for election in the absence of a specific finding by the Board that there are special circumstances to justify an exception, which supports Board refreshment. Mr. Helow has reached 75 years of age and is, therefore, not standing for election.

As Horace Mann continues to focus on profitable growth across all lines of business, the integration of Benefit Consultants Group, Inc. (BCG), which closed in January, and NTA Life Enterprises, LLC (NTA), which we anticipate will close in the middle of this year following required regulatory approvals, and the ongoing transformation of its technology and operations, we continue to consider Board refreshment opportunities. Indeed, in light of Ron Helow's retirement from the Board and in order to ensure the Board has the background skills necessary to support Horace Mann's continued growth, the Nominating & Governance Committee recommended, and the Board approved, the addition of two new Board members, Mark Konen and Mark Casady. Mr. Konen has extensive experience in the insurance industry, specifically in the life and annuity business. Most recently, Mr. Konen served as President of the Insurance and Retirement Solutions division of Lincoln Financial Group. Mr. Casady is a general partner with Vestigo Ventures, a FinTech venture capital fund. He has significant experience with technology and innovation. He served as the Chairman of the Board and Chief Executive Officer of LPL Financial, one of the nation's leading independent broker dealers.

Table of Contents**Board Nominees**

Upon the recommendation of the Nominating & Governance Committee, the Board nominated Mr. Casady, Dr. Domenech, Mr. Hasenmiller, Mr. Hines, Mr. Konen, Ms. McClure, Mr. Reece, Mr. Stricker, Mr. Swyers and Ms. Zuraitis (the Board Nominees) to hold office as Directors. The proxies solicited by and on behalf of the Board will be voted FOR the election of the Board Nominees unless you specify otherwise. The Company has no reason to believe that any of the foregoing Board Nominees is not available to serve or will not serve if elected, although in the unexpected event that any such Board Nominee should become unavailable to serve as a Director, full discretion is reserved to the persons named as proxies to vote for such other persons as may be nominated, or the Board may reduce the size of the Board. Each Director will serve until the next Annual Meeting of Shareholders and until his or her respective successor is duly elected and qualified.

The following information, as of March 15, 2019, is provided with respect to each Board Nominee:

Mark S. Casady Mr. Casady was Chairman and Chief Executive Officer of LPL Financial Holdings, Inc. (LPL Financial), an independent broker dealer, until his retirement in 2017. In 2016, he co-founded Vestigo Ventures, a venture capital firm, which focuses on financing FinTech start-ups. He is General Partner and Chairman of the Advisory Board of Vestigo Ventures. Mr. Casady currently serves on the Board of Directors of Citizens Financial Group, Inc. Ms. Zuraitis’s knowledge of and extensive background in the insurance industry contribute to Board discussion and understanding of issues impacting the Company.

All of the Board Nominees were elected Directors at the last Annual Meeting of Shareholders of the Company held on May 23, 2018, with the exception of Mr. Casady and Mr. Konen, who were recommended for nomination as Directors by the Company’s Nominating and Governance Committee.

The Board recommends that Shareholders vote FOR the election of these 10 nominees as Directors.

Board of Directors and Committees

There were nine members on the Board as of March 15, 2019. The Board met six times during 2018. No Director of the Company attended fewer than 75% of the Board meetings and the committee meetings to which he or she was appointed and served during 2018.

The Chairman of the Board presides over all executive sessions of the Board, including executive sessions of non-employee Directors, and may be contacted as described in Corporate Governance - Communications with Directors. The members of the Board are expected to be present at the Annual Meeting. The following nine Directors serving on the Board at the time of last year's Annual Meeting attended the meeting: Dr. Domenech, Mr. Hasenmiller, Mr. Helow, Ms. McClure, Mr. Reece, Mr. Shaheen, Mr. Stricker, Mr. Swyers and Ms. Zuraitis.

Committees of the Board

The standing committees of the Board consist of the Executive Committee, Compensation Committee, Nominating & Governance Committee, Investment & Finance Committee and Audit Committee. Each standing committee is governed by a charter that defines its role and responsibilities which are available on the Company's website at investors.horacemann.com under Corporate Overview - Committee Composition and Charters. A printed copy of these charters may be obtained by Shareholders upon written request addressed to Investor Relations, Horace Mann Educators Corporation, 1 Horace Mann Plaza, C-738, Springfield, Illinois 62715-0001. The Board may also form ad hoc committees from time to time.

The **Executive Committee** exercises certain powers of the Board during intervals between meetings of the Board and, as requested by the Chief Executive Officer, acts as a sounding board for discussing strategic and operating issues.

The **Compensation Committee** approves and recommends to the Board the compensation, salaries, bonuses and awards applicable to the Executive Officers and Directors of the

Company and oversees the process of Executive Officer leadership development and succession. Each of the current members of this Committee are independent under the listing standards of the NYSE applicable to compensation committee members. The Compensation Committee receives recommendations from management regarding compensation matters and has unrestricted access to the Company's personnel documents and to reports or evaluations of any independent compensation consultants, specialists or advisors who are retained by the Company or the Compensation Committee to analyze the compensation of the Executive Officers and members of the Board. The Compensation Committee also has access to any other resources which it needs to discharge its responsibilities, including selecting, retaining and/or replacing, as needed, compensation consultants and other outside consultants to provide independent advice to the Compensation Committee. Additional information regarding the processes and procedures for the consideration and determination of Executive Officer compensation is provided in the Compensation Discussion and Analysis.

The **Nominating & Governance Committee** develops and recommends to the Board corporate governance principles applicable to the Company, oversees the Board succession planning process, and recommends Director candidates to the Board. The Nominating & Governance Committee will consider Director candidates recommended by Shareholders. Candidates may be submitted in writing to the Corporate Secretary, Horace Mann Educators Corporation, 1 Horace Mann Plaza, Springfield, Illinois 62715-0001. There are no differences between the evaluation of candidates recommended by Shareholders and the evaluation of candidates recommended by members of the Nominating & Governance Committee.

The Committee does not have any specific, minimum qualifications that nominees must meet, but evaluates possible nominees to the Board on the basis of the factors it deems relevant, including the following:

high standards of personal character, conduct and integrity;

Table of Contents

an understanding of the interests of the Company's Shareholders, clients, employees, agents, suppliers, communities and the general public;

the intention and ability to act in the interest of all Shareholders;

a position of leadership and substantial accomplishment in his or her field of endeavor, which may include business, government or academia;

the ability to understand and exercise sound judgment on issues related to the goals of the Company;

a willingness and ability to devote the time and effort required to serve effectively on the Board, including preparation for and attendance at Board and committee meetings;

the absence of interests or affiliations that could give rise to a biased approach to directorship responsibilities and/or a conflict of interest, and the absence of any significant business relationship with the Company except for the employment relationship of an employee Director; and

the needs of the Board, including skills, experience, diversity and age.

The **Investment & Finance Committee** approves investment strategies, monitors the performance of investments made on behalf of the Company and its subsidiaries, and oversees issues and decisions relating to the Company's capital structure.

The **Audit Committee** oversees the accounting and financial reporting process, audits of the financial statements, and internal operating controls of the Company. It meets with both the Company's management and the Company's independent registered public accounting firm. Each of the current members of this Committee is independent under the independence

standards of the NYSE applicable to audit committee members. No Audit Committee member serves on the audit committee of more than three other publicly traded companies. The Board has determined that Mr. Swyers, the Chair of our Audit Committee, is a financial expert. Mr. Swyers retired in 2013 from PwC, a public accounting firm, after a 40-year career where he served as the lead engagement partner on many national and international companies, including those in the financial services industry. He has also held various leadership positions including leader of the PwC Central Region's consumer and industrial products business segment and managing partner of PwC's St. Louis practice.

The **Customer Experience & Technology Committee** is an ad hoc committee formed by the Board during 2013. The Committee oversees the Company's goals and strategies related to improving and managing the customer experience, as well as the development and implementation of the Company's technology strategies.

Considering the importance of technology advancement, this ad hoc Committee will be replaced by a formal **Technology Liaison** role to ensure continued focus on cybersecurity and technology issues, which we believe are important to Horace Mann's ongoing success. The Technology Liaison will be a Board member that has experience

and expertise with respect to cybersecurity and technology issues. Fundamentally, the Technology Liaison's role will be to ensure effective Board oversight on cybersecurity and technology issues in light of the increasing costs and risks associated with technology investment and cybersecurity. Horace Mann anticipates the Board will nominate Mark Casady to this role following the Annual Meeting of Shareholders.

Table of Contents**Director Compensation**

The Compensation Committee (the Committee) reviews compensation to be paid to the Company's non-employee Directors. The Committee retained Compensation Advisory Partners LLC (CAP) as independent compensation consultants to provide information and advice to the Committee regarding non-employee Director compensation. CAP analyzes each element of director compensation for the same peer group of companies that is used to evaluate executive compensation. See Compensation levels should be market competitive in the Compensation Discussion & Analysis for a list of these peer companies. CAP also considers non-employee Director compensation in the insurance industry and the broader general industry, as appropriate. The Committee reviews CAP's report of competitive Director compensation and determines whether to recommend to the Board a change in the Company's non-employee Director compensation. If such a change is recommended by the Committee, the full Board would then determine whether to ratify the change. The Compensation Committee's current practice is to review non-employee Director compensation every other year. In 2018, the Compensation Committee did not recommend any changes to non-employee Director compensation.

The compensation program for non-employee Directors is shown in the following table:

- (3) All other Committees except for the Executive Committee, which is not paid an Annual Retainer.

Table of Contents

Non-employee Directors are required to hold shares of HMEC Common Stock with a book value equal to five times their annual cash retainer.

Until non-employee Directors meet this ownership requirement, they must retain all RSUs granted as share-based compensation (net of taxes). As of December 31, 2018, all non-employee Directors have met the guidelines with the exception of Mr. Reece, due to his tenure and elevation to Chairman in 2018, and Mr. Hines, who joined the Board in 2018. They have five years to meet this requirement. Employee Directors do not receive compensation for serving on the Board and are subject to separate stock ownership guidelines. See Compensation Discussion and Analysis Stock Ownership and Holding Requirements.

The following table sets forth information regarding compensation earned by, or paid to, the non-employee Directors during 2018:

Director	Fees Earned or Paid in Cash (\$)	Stock Awards (\$ (1))	All Other Compensation (\$ (2))	Total (\$)

Corporate Governance

Director Independence

The Company's Corporate Governance Principles require that the Board consist of a majority of directors who meet the criteria for independence required by the listing standards of the NYSE. Based on the independence requirements of the NYSE and after reviewing any relationships between the Directors and the Company or its management (either directly or indirectly, including as a partner, shareholder or officer of an organization that has a relationship with the Company or its management) that could impair, or appear to impair, the Director's ability to make independent judgments, the Board

determined that none of its non-employee Directors have a material relationship with the Company, and therefore all of these Directors are independent. These independence determinations are analyzed at least annually in both fact and appearance to promote arms-length oversight. The current non-employee Directors are Dr. Domenech, Mr. Hasenmiller, Mr. Helow, Mr. Hines, Ms. McClure, Mr. Reece, Mr. Stricker and Mr. Swyers. Mr. Casady and Mr. Konen, Board Nominees, are also independent. Mr. Shaheen, who did not stand for re-election at the 2018 Annual Meeting, was independent during his service.

Table of Contents

Board Leadership Structure

The Board is committed to strong, independent Board leadership and believes that objective

oversight of management is a critical aspect of effective corporate governance. Accordingly, the Board currently has two separate individuals holding the offices of Chairman and Chief Executive Officer, and the position of Chairman is held by an independent Director. The Board of Directors believes that having an independent Director serve as Chairman is in the best interest of the Company at this time as this structure provides a greater role for the independent Directors in the oversight of the Company. However, as described in the Company's Corporate Governance Principles, this situation can change in the future to permit one individual to hold both positions, if the Board deems it to be in the best interests of the Company at a given time.

Board's Role in Risk Oversight

The Board of Directors is responsible for overseeing the processes that management has established for assessing and managing risk. In addition, the Board has delegated oversight of certain categories of risk to designated Board committees. In performing their oversight responsibilities, the Board and relevant committees regularly discuss with management the Company's policies with respect to risk assessment and risk management. The committees report to the Board regularly on matters relating to the specific areas of risk the committees oversee.

In addition, the Company has established an internal Enterprise Risk Management (ERM) Committee, which is composed of certain members of senior management including the President and Chief Executive Officer; Chief Financial Officer; Chief Human Resources Officer; Chief Information Security Officer; General Counsel and Chief Compliance Officer; and the heads of Field Operations and Distribution, Business Development and the Life & Retirement and Property & Casualty divisions. The ERM Committee is chaired by the Chief Financial Officer of the Company. Throughout the year, the Board and the relevant Board committees receive regular reports from the ERM Committee and its chairman regarding

major risks and exposures facing the Company and the steps management has taken to monitor and control such risks and exposures. In addition, throughout the year, the Board and the relevant Board committees dedicate a portion of their meetings to review and discuss specific risk topics in greater detail.

Also, in light of ongoing threats to corporate cybersecurity, the Board and relevant Board Committees receive regular reports from the Chief Information Security Officer of the Company regarding cybersecurity risks and the steps management has taken to monitor and control such risks. The Audit Committee dedicates a portion of their meetings to review and discuss the Company's cybersecurity program.

Code of Ethics, Code of Conduct and Corporate Governance Principles

The Company has adopted a Code of Ethics and a Code of Conduct applicable to all employees, including the Chief Executive Officer, Chief Financial Officer, Controller and Directors (in their capacity as Directors of the Company). The Company has also adopted Corporate Governance Principles. The Codes and Principles are available on the Company's website at investors.horacemann.com, under Corporate Overview - Governance Documents. A printed copy of the Codes and Principles may be obtained by Shareholders upon written request, addressed to Investor Relations, Horace Mann Educators Corporation, 1 Horace Mann Plaza, C-738, Springfield, Illinois 62715-0001.

Corporate Social Responsibility

Horace Mann works hard to be a responsible corporate citizen, and is guided by its high standards and mission to serve educators across the country. The Company continues to formalize its Corporate Social Responsibility (CSR) program in order to more clearly articulate areas of focus, increase transparency and encourage dialogue around environmental, social and governance (ESG) topics. In 2018, the Company completed its initial stakeholder engagement effort to identify relevant areas of interest for various stakeholder groups by conducting research and soliciting feedback through interviews and surveys. In 2018, President and CEO Marita Zuraitis joined

Table of Contents

hundreds of executives nationwide to sign the pledge for CEO Action for Diversity & Inclusion, designed to broaden awareness of unconscious bias and encourage difficult conversations about diversity and inclusion in the workplace. In addition, Horace Mann applied for and was selected as one of 230 companies in the 2019 Bloomberg Gender-Equality Index, which distinguishes companies committed to transparency in gender reporting and advancing women's equality. For more information on corporate social responsibility at Horace Mann, visit horacemann.com/csr.

Director Education

Each Director is required to participate in at least one education program every two years and may choose to participate in up to two education programs in a two-year period at the Company's expense. All Directors are in compliance with this requirement. In addition, a schedule is developed, with input from the Directors, which covers a broad range of topics to enhance and strengthen the skills, knowledge and competencies of Directors. Examples of such topics include cybersecurity, crisis management, regulatory developments, corporate governance and industry trends. The program encompasses presentations from internal and external speakers as well as site visits and regular meetings with management. Directors are also encouraged to avail themselves of educational programs offered through recognized independent providers.

Shareholder Engagement

Horace Mann is committed to maintaining an open and productive dialogue with Shareholders to understand investor perspectives and share updates on the Company's business and governance practices.

In advance of the 2018 Annual Meeting, Horace Mann's investor relations team reached out to the Company's top 25 active and passive Shareholders, representing over 55% of our outstanding shares, with a tailored messaging to address corporate governance, say on pay and overall shareholder value creation, along with the first CSR report. Feedback was positive and Shareholders approved all proposals in the 2018 Proxy Statement by over 92%. Horace Mann's

CSR team engaged in additional discussions with selected investors from this group during the year to better understand their needs and identify priorities for future reporting.

In addition, Horace Mann's management and investor relations team discussed ESG and CSR topics with active investors during ongoing interactions at conferences and other venues over the course of the year. During 2018, the team met or spoke one or more times with active investors representing more than 32% of outstanding shares in addition to conversations with potential investors. In those meetings, management covers Horace Mann's business strategy and performance. Investors react positively to updates on how corporate social responsibility initiatives support the Company's business strategy.

Communications with Directors

The Company has established various processes to facilitate communications with the Board by Shareholders and other interested parties. Communications to non-employee Directors as a group or to the Chairman of the Board or to an individual Director may be submitted via regular mail addressed to the Board of Directors, c/o the Corporate Secretary, Horace Mann Educators Corporation, 1 Horace Mann Plaza, Springfield, Illinois 62715-0001. Additionally, communications may be emailed to the Board of Directors, c/o the Corporate Secretary at hmecbofd@horacemann.com.

Compensation Committee Interlocks and Insider Participation

There are no Compensation Committee interlocks between the Company and other entities involving the Company's Executive Officers and Directors who serve as executive officers or directors of such other entities. During 2018, no member of the Compensation Committee was a current or former officer or employee of the Company.

Review, Approval or Ratification of Transactions with Related Persons

The Board reviews issues involving potential conflicts of interest of its members and is responsible for reviewing and approving all related party transactions. The Board does not

Table of Contents

have a formal related party transaction policy but it considers each related party transaction individually.

Related Person Transactions

Mark Casady, a Board Nominee, is a General Partner with a 50% interest in Vestigo Ventures, an early stage FinTech venture capital firm. On March 27, 2018, Horace Mann made a \$5 million investment in a fund established by Vestigo Ventures, which represents an investment of less than 10% in the fund. The investment is not material to Vestigo Ventures.

In addition, BlackRock, Inc. (BlackRock), which owns beneficially more than 5% of the issued and outstanding shares of Common Stock, provides investment risk management services to the Company and has done so for more than 10 years. In 2018, the Company paid approximately \$474,021 in fees to BlackRock in connection with the Company's use of analytical software owned by BlackRock.

Other than the relationships described above, the Company does not have any contracts or other transactions with related parties that are required to be reported under the applicable securities laws and regulations.

PROPOSAL NO. 2 - ADVISORY RESOLUTION TO APPROVE NAMED EXECUTIVE OFFICERS COMPENSATION

The Board is asking Shareholders to approve an advisory resolution to approve the compensation of the Company's Chief Executive Officer, Chief Financial Officer and the other three highest compensated Executive Officers employed at the end of 2018 (collectively the Named Executive Officers or NEOs) as reported in this Proxy Statement. The Compensation Committee has structured our NEOs' compensation program as described below under Compensation Discussion and Analysis.

The Board recommends that Shareholders read the Compensation Discussion and Analysis (CD&A) included in this Proxy Statement,

which describes in more detail how our Executive Compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and narrative included within the CD&A, which provide detailed information on the compensation of our NEOs. The Compensation Committee and the Board of Directors believe that the policies and procedures articulated in the CD&A are effective in achieving our goals.

In accordance with Section 14(a) of the Securities Exchange Act, and as a matter of good corporate governance, the Board is asking Shareholders to approve the following advisory resolution at the 2019 Annual Meeting:

RESOLVED, that the Shareholders of Horace Mann Educators Corporation (the Company) approve, on an advisory basis, the compensation of the Company's Named Executive Officers disclosed in the Compensation Discussion and Analysis, the Summary Compensation Table and the related compensation tables, notes and narrative in the Proxy Statement for the Company's 2019 Annual Meeting of Shareholders.

This advisory resolution, commonly referred to as a Say on Pay resolution, is non-binding on the Board of Directors. Although non-binding, the Board and the Compensation Committee will review and consider the voting results when making future decisions regarding the NEOs' compensation program.

The Board has adopted a policy providing for an annual advisory vote to approve NEOs' compensation. Unless the Board modifies its policy on the frequency of holding such advisory votes, the next advisory vote will occur at the Company's 2020 Annual Meeting of Shareholders.

The Board recommends that Shareholders vote FOR the approval of the advisory resolution to approve Named Executive Officers' compensation.

Our Business

We are a personal insurance and financial services business with approximately \$11.0 billion of assets and approximately \$1.2 billion in total revenue as of December 31, 2018. *Founded by Educators for Educators*[®], we offer our products and services primarily to K-12 teachers, administrators, and other public school employees and their families. We underwrite personal lines of auto, property and life insurance, as well as retirement products in the United States.

2018 Business Highlights

We made important progress on strategic initiatives that will drive long-term improvement in our return on equity. This progress included a 2.6 point improvement in the underlying 2018 auto loss ratio and a 1.0 point improvement in the underlying 2018 property loss ratio.

The Company's 2018 financial results were significantly impacted by an unprecedented level of catastrophe costs and a challenging investment environment. Our unadjusted core earnings were \$28.4 million. When we adjust for Property and Casualty catastrophes greater than plan, costs related to the recently announced acquisitions, Retirement and Life deferred acquisition costs (DAC) unlocking and change in guaranteed minimum death benefit (GMDB) due to capital gains and losses and market performance different from Plan, core earnings increased to \$95.6 million. We make these adjustments when calculating our annual incentive as in any single year they can be highly volatile and outside the control of management. We do not make adjustments for these items in our long-term incentives, as over the long-term management should be held accountable for these outcomes and has more ability to manage through some of the one-time items over a longer period of time. Book value per share* decreased 1.3% in 2018 driven by a decline in the unrealized gain from the

Table of Contents

investment portfolio resulting from wider credit spreads across most asset classes, with the 10-year U.S. Treasury rate rising 31 basis points to 2.71%. Total Shareholder Return was -12.8% in 2018, outperforming life insurance indices and underperforming property and casualty insurance and general market indices.

*Excluding the fair value adjustment for investments

In the fourth quarter of 2018, the Company announced plans to acquire NTA Life Enterprises, LLC (NTA) and Benefit Consultants Group, Inc. (BCG). These acquisitions bring exciting capabilities to expand our product set, enhance our distribution channels, and further improve our infrastructure, enhancing our long-term view.

While uncontrollable and one-time events impacted our core earnings, we do believe we had a strong overall year and are well positioned for future success. We made significant progress on numerous strategic initiatives, including:

- 6% growth in retirement sales deposits, with strong market response to fee-based product offerings
- Double digit growth in Life sales (19.8%)
- Continued solid earnings contributed from Life and Retirement
- P&C earnings impacted by significant adverse weather/catastrophes
- Achieved 2.6 points of underlying auto loss ratio improvement
- Achieved 1 point of underlying property loss ratio improvement

Please see Management's Discussion and Analysis of Financial Condition and Results of Operations in HMEC's 2018 Annual Report on Form 10-K for a more detailed description of these financial results.

Pay Governance

Oversight

The Committee oversees our executive compensation program. The current members of the Committee are Mr. Hasenmiller, Ms. McClure, and Mr. Reece. Mr. Hasenmiller serves as the Committee Chair. Consistent with the listing standards of the NYSE, the Committee is composed entirely of independent Directors.

The Committee retained Compensation Advisory Partners LLC (CAP) as independent compensation consultants. CAP provides information and advice on the competitive market for executive talent, evolving market practices in our industry and the general employment market, regulatory and other external developments, and our executive compensation philosophy and incentive program design. In this way, CAP assists the Committee with ongoing education. Also, Committee members comply with Directors education requirements to help ensure each remains up to date on current issues relevant to the Company and its business.

The CAP consultants report directly to the Committee, attend the Committee meetings and portions of executive sessions of the Committee at the Chair s request (generally with the Board s outside legal counsel, but without management present). CAP serves at the pleasure of the Committee, and performs no services for management. CAP works with management to obtain necessary data and perspectives on the Company s strategic objectives, business environment, corporate culture, performance, and other relevant factors. This information is used by CAP to formulate its recommendations related to competitive compensation performance targets and overall design. CAP s findings and recommendations are reported directly to the Committee. The services provided by CAP during 2018 are described in more detail throughout this analysis. Pursuant to regulatory requirements,

Table of Contents

the Committee assessed CAP's independence (along with that of its other direct and indirect consultants and advisors) in 2018 and concluded that CAP's work did not raise any conflict of interest. In addition, the Committee has the authority to hire other experts and advisors as it deems necessary.

Management also supports the Committee by providing analysis and recommendations. When setting levels of executive compensation, the Committee requests, receives, and considers the recommendations of the CEO regarding the performance of her direct reports and other Executive Officers. Members of management also attend and contribute to Committee meetings as relevant to the Committee agenda.

The Committee discusses its fundamental views on compensation and guiding principles, as well as its expectations of the CEO's performance and annual goals, with the CEO and subsequently proposes the CEO's goals to the Board for approval. The Committee does not include the CEO or other members of management in its discussions with CAP on the CEO's compensation, nor does the CEO or management participate in the Committee's recommendation to the Board on the CEO's compensation.

Say on Pay

At the 2018 Annual Meeting of Shareholders, 98.2% of Shareholders voted, on an advisory basis, to ratify the NEO compensation. This Say on Pay vote reflected a significant increase over the 70.3% Shareholder vote from the 2017 Annual Meeting of Shareholders.

In response to the 2017 Say on Pay advisory vote and at the direction of the Committee, Company management solicited, and received, feedback from certain proxy advisory firms and our Shareholders regarding the 2017 NEO compensation. Based on the feedback received, we made several changes to our executive compensation disclosure, including disclosing the peer group we use when making executive compensation decisions, and disclosing the threshold, target, and maximum performance levels for our AIP and LTIP programs.

The Committee welcomes the opportunity to provide additional insight into our executive compensation practices and appreciates the positive support from our Shareholders. We continue to believe that the overall structure of our compensation plans, the absence of excessive perquisites, and our demonstrated pay-for-performance practices reflect the strength of the Company's executive compensation programs.

Executive Compensation Program

Guiding Principles

The Committee has established a set of core principles that underlie our executive compensation program. These core principles provide guidance to the Committee and management in making decisions while administering the program or when considering changes. These core principles include strong alignment between pay and performance, incentive to drive Shareholder value, and market competitiveness.

Strong pay for performance alignment

We target compensation around the median of the competitive market, with executives earning more or less than median, generally based on the performance of the Company and value delivered to Shareholders. Our core executive compensation program includes base salary, an annual cash incentive plan (AIP), and long-term equity awards (LTIP). Both AIP and LTIP are administered under the Shareholder-approved 2010 Comprehensive Executive Compensation Plan, as amended (CECP). Incentive awards are earned upon the achievement of short-term and long-term business

goals that are reviewed and approved by the Committee at the beginning of each performance period. Performance goals are structured to reward business growth, profitability, relative total shareholder return, balanced with productivity and risk and capital management.

2019 Proxy Statement Compensation Discussion and Analysis

23

Table of Contents**Incentive compensation should drive long-term value creation and reward strong performance**

The AIP performance goals are based on premiums and adjusted operating income which drive long-term value and are metrics management can control. The LTIP performance goals are directly linked to multi-year growth and return measures to keep executives focused on value creation, with multiple metrics based on performance versus peers to focus on outperforming our peers.

Significant portion of compensation should be at risk based on the Company's performance and aligned with Shareholders' interests

For 2018, over 70% of the CEO's target total pay (base salary, target annual incentive, and target long-term incentive) and over 60% of target total pay for all other NEOs is at risk, and is variable from year to year, and for the majority of it, the level of payout is dependent on the Company's performance. To encourage executive performance on a long-term basis, and to align executive interests with Shareholders', the Committee grants equity awards with multi-year performance periods and multi-year vesting. In 2018, Ms. Zuraitis received approximately 49% of her target compensation in equity. With respect to the other NEOs, approximately 32% to 45% of their compensation was equity-based.

Compensation levels should be market competitive

The Committee sets total direct compensation for the NEOs' salary and target annual and long-term incentive opportunities within a reasonable range of the median of the competitive market, while providing the ability to decrease or increase compensation if warranted by performance and experience. To determine competitive pay levels, we use an established peer group of similarly sized insurance companies in the Russell 3000® Index. The Committee worked with CAP to select our peer insurance companies for 2018 (charted below), based upon assets under management and revenue. The peer group does not include reinsurance or insurance brokers. We supplement this information with survey market data from published sources including Equilar, Towers Watson, and Korn Ferry. The data from these surveys is scaled to our size by CAP based on revenues or asset ranges. Annually, CAP provides the Committee with a comparison of the base salary, annual incentives and long-term incentives of the CEO with those of other Chief Executive Officers based on the peer group and survey data obtained.

The Committee does not seek to benchmark or set executive compensation at any specific level relative to the peer group. Instead, the Committee uses this information primarily as a general reference point for seeking to determine pay levels and forms of plan design that effectively recognize favorable executive performance and experience, and ensure executive retention. For 2018, CAP's analysis demonstrated that overall core total direct compensation for Ms. Zuraitis was consistent with target pay positioning at the median of the market. The other NEOs are assessed against comparable functional matches in the insurance industry and the broader general industry, as appropriate. Based on the data received, and CAP's analysis, the Committee deliberates in executive session to determine its recommendation for approval by the Board.

Table of Contents**Compensation Mix**

Our NEOs' annual compensation consists of base salary, annual and long-term incentives. The targeted compensation mix of total direct compensation for the NEOs for 2018 is illustrated below. The mix of 2018 actual compensation varied as a result of actual incentives earned.

Base Salary

Competitive base salaries are critical to attracting and retaining high performing executive talent. The Committee seeks to pay salaries that approximate median for executives of similar companies in like positions. However, in recruiting new executives, we vary from these guidelines to attract desired talent. Additionally, an existing executive's compensation may deviate from median due to experience, performance, responsibilities, compensation history, internal equity, or retention risk.

Salaries for the NEOs and other executive officers are reviewed every 12 months in connection with the review of financial results for the prior fiscal year and the annual performance review discussed under Annual Performance and Pay Review below. In 2018, Ms. Zuraitis, Mr. Conklin, Mr. Sharpe, and Mr. Caldwell received base salary increases to move overall compensation closer to the market median. Mr. Benham was hired in late-November 2017 and did not receive a base salary increase in 2018. Base salary adjustments for 2018 are shown in the chart below.

Named Individual	2017 Annualized Salary	2018 Annualized Salary	Percent Increase

Annual Incentive Plan

Our AIP is a cash incentive plan, administered under the CECP, and designed to drive and reward strong performance over a one-year period. Annually, the Committee establishes the performance

Table of Contents

objectives, threshold, target and maximum performance levels, and the related threshold, target and maximum AIP opportunities for each NEO, expressed as a percentage of base salary. Target incentive opportunity levels for the NEOs are intended to approximate the median of the target bonus potential for similarly situated executives in comparable companies. Maximum incentive opportunities are set at 200% of target.

For 2018, there were four performance measures, with 50% of the award based on Company-wide adjusted core earnings, and the remaining 50% divided among specific sales and premiums metrics of the different business lines: P&C net written premium (20%), retirement sales (20%), and life sales (10%), as shown in the chart below. This provides a balance between shareholder return and growth, while complementing the longer-term LTIP metrics, which focus on long-term shareholder value creation.

2018 Annual Incentive Plan Performance Measures

Adjusted Core Earnings - Operating income (GAAP net income before tax, excluding realized investment gains and losses other than those for Fixed Indexed Annuity related options and embedded derivatives) adjusted for P&C catastrophe costs different than the annual Plan, Annuity & Life DAC unlocking and GMDB reserve due to capital gains and losses and market performance different than Plan, the impact on investment income of share repurchases different than Plan, and debt structure/costs including debt retirement different than Plan

P&C Net Premium Written (GAAP) - Amount charged for property and casualty policies issued during the year (portions of such amounts may be earned and included in financial reports over future periods)

Retirement Sales - The amount of new business from the sales of Horace Mann retirement products, from Horace Mann and independent agents, as measured by premiums and deposits to be collected over the 12 months following the sale

Life Sales - The amount of new Horace Mann individual life insurance products sold during the

year, as measured by premiums and deposits to be collected over the 12 months following the sale

All the NEOs' 2018 annual incentive amounts are based on the same corporate and business line objectives to promote cooperation. The targets for the operating income and sales or premium measures were based on a review of market conditions and expectations of other companies in the industry as well as our financial plan for 2018 ("2018 Plan"). The 2018 Plan was the basis of our 2018 earnings guidance, which was publicly disclosed in February 2018 in connection with the announcement of results for the year ended December 31, 2017. The Committee believes that tying the AIP to overall Company performance provides appropriate alignment for an executive's compensation as it recognizes that the Company as a whole must perform well in order to deliver value

Table of Contents

to our Shareholders. Further, tying all the NEOs' AIP awards to the performance of all business lines incentivizes cooperation among the business line leaders. It is the goal of the Committee to establish measurements and targets that are reasonable, but not easily achieved. The measures and targets are discussed with the CEO, other NEOs, other members of the Board and CAP before they are set.

Each March, the Committee certifies performance and determines AIP payouts for the prior year. Based on the 2018 results of 108.4% of target for Ms. Zuraitis and the other NEOs, the 2018 AIP payouts (paid in March 2019) were as follows:

The intent of our LTIP is to focus executives on Shareholder value and key strategic objectives, while promoting retention.

2018 LTIP Aggregate Target Opportunity

In setting the dollar values of the 2018 opportunities under LTIP for each NEO, the Committee targeted amounts that would achieve the Company's overall objective of positioning total compensation at approximately the market median. The 2018 target grant values for the NEOs were as follows:

Named Individual	2018 LTIP Target
Marita Zuraitis	\$1,700,000
Bret A. Conklin	\$325,000
Matthew P. Sharpe	\$550,000
William J. Caldwell	\$400,000
Bret L. Benham	\$250,000

2018 LTIP Award Vehicles

For 2018, the LTIP is comprised of three vehicles, as illustrated in the chart below: (1) performance-based RSUs; (2) service-vested RSUs; and (3) service-vested stock options.

Performance-based RSUs - Earned over a three-year period, based upon Relative (80%) and Absolute Measures (20%). If any shares are earned at the end of the three-year performance period, the executive fully vests

in the award

Service-vested RSUs - Vest ratably over three years

Stock options - Granted at fair market value with a 10 year life; options vest ratably over four years

Performance-Based RSUs (PBRsUs)

The Committee believes that PBRsUs provide an effective vehicle for rewarding executives based on a three-year performance period. Each year, a new three-year period starts, partially overlapping the periods that started the prior two years. PBRsUs were granted on March 6, 2018 for the 2018-2020 performance period and comprise 50% of the 2018 LTIP opportunity. These RSUs will be earned and vested on December 31, 2020, if at all, based on the level of achievement. From the date of grant, PBRsUs accrue dividend equivalents at the same rate as dividends paid to our Shareholders, but the dividend equivalents are only paid on the corresponding shares that are earned. If no shares are earned, the dividend equivalents are forfeited. Earned dividend equivalents are converted into additional RSUs.

Service-vested RSUs

The Committee believes that service-vested RSUs assist in the retention of key executive talent. Service-vested RSUs were granted on March 6, 2018 and comprise 20% of the 2018 LTIP opportunity. Service-vested RSUs vest 33% after the first year, vest an additional 33% after the second year and vest the final 34% after the third year from the grant date, and are subject to continued employment through the vesting date. From the date of the grant, the RSUs accrue dividend equivalents at the same rate as dividends paid to our Shareholders. These dividend equivalents are converted into additional RSUs and vest when the underlying RSUs vest.

Table of Contents

Stock Options

The Committee believes that non-qualified stock options (NQSO) provide strong alignment with Shareholder interests, as participants do not realize any value unless our stock price appreciates. They also promote retention. Stock options granted under the LTIP have an exercise price equal to the closing price of our Common Stock on the date of grant, vest ratably over a four-year period subject to continued employment on each vesting date and have a ten-year term. Stock options were granted on March 6, 2018 and comprise 30% of the 2018 LTIP opportunity. The number of options granted was determined using the Black-Scholes valuation method. For additional information regarding assumptions used for these valuations, see the Company's 2018 Annual Report on Form 10-K Notes to Consolidated Financial Statements Note 1 Summary of Significant Accounting Policies Share-Based Compensation. Upon exercise, Executive Officers are required to hold shares equivalent to any proceeds (net of exercise price and related taxes and the costs of the exercise) for a minimum of twelve months.

Timing of Equity Grants

The Committee has granted long-term incentives only at its regularly scheduled Board meetings. The grant date is the applicable resolution as approved or a future date as otherwise specified in the resolution.

2018-2020 Performance-based RSUs

The Performance-based RSUs granted in 2018 have three performance measures as shown below:

Relative Total Shareholder Return - Relative Total Shareholder Return for the three-year period measured against a peer group of companies.

Relative Operating Return on Equity - Average annual relative Operating Income return on average equity for the three-year period measured against a peer group of companies.

Total Revenue Growth - Measured as the CAGR over the period 12/31/2017 to 12/31/2020 for Written Premium Growth for HMN auto, property, and life and total retirement sales for annuity (HMN, RIA and institutional platform) and Horace Mann General Agency (HMGA).

Prior Years PBRSU Grants

2017-2019 PBRsUs

The PBRsUs granted in 2017 will not mature until December 31, 2019. Since the applicable three-year performance period has not yet ended, actual performance against targets is not yet known. Additional information on these targets and actual performance will be provided at the end of the performance period.

Strategic Incentive Grants

As disclosed in our 2016, 2017, and 2018 Proxy Statements, in March 2016, we made strategic equity grants to key executives, including four of the 2018 NEOs, under our CECP. Each executive received a provisional equity grant of PBRsUs contingent on a corporate financial performance goal (50%) and individual strategic goals (50%).

These awards were specifically designed to address key priorities during the Company's strategic evolution and are not an ongoing component of our executive compensation program. The Committee believes that successful achievement of these strategic objectives drives incremental value for Shareholders.

Each executive's entire award was subject to satisfaction of an objective threshold Company-wide performance goal, Earnings per Share (EPS), for any portion of the award to vest. During the period beginning on January 1, 2016, and ending on December 31, 2018, the Company must have achieved an aggregate of at least \$4.00 of core earnings per diluted share. The Company exceeded this goal, and 50% of each award vested as of January 1, 2019.

The remaining 50% of the award was based on achievement of individual strategic goals, which were disclosed in the 2017 Proxy Statement for Ms. Zuraitis, Mr. Sharpe and Mr. Caldwell. Upon his promotion to CFO, Mr. Conklin

assumed the goals of our prior CFO, Dwayne Hallman. Mr. Hallman's goals were also disclosed in the 2017 Proxy Statement. In addition, Mr. Conklin had individual goals based on his prior role of Senior Vice President & Controller, including improvements to our internal controls over financial reporting, the financial close process, and external audit processes.

Table of Contents

The individual goal-based PBRsUs:

- Do not vest unless the established individual strategic goals are achieved during the performance period beginning on January 1, 2016, and ending on December 31, 2018;
- Are reduced to zero, if the \$4 EPS goal is not achieved;
- Cannot exceed the number of shares granted (except through accrued dividend equivalents); and
- Will be reduced if all individual strategic goals and their components are partially met.

The Committee reviewed progress toward these goals throughout the performance period. Following a thorough review at the conclusion of the performance period, the Committee, and the full Board in the case of the CEO’s award, agreed with the CEO’s assessment that each of the executives met or exceeded their individual goals. Therefore, the entire award vested as of January 1, 2019.

Stock Ownership & Holding Guidelines

Our Executive Officers are required to accumulate and maintain beneficial stock ownership calculated as a percentage of base salary - as displayed in the table below:

Position	Stock Ownership Target %
CEO	500%
Executive Vice President	350%
Senior Vice President	300%
Controller	200%

We use book value to measure the value of the shares we require the NEOs to own because book value is less volatile than stock price. For this purpose, the Company’s book value per share is determined by dividing total Shareholders equity, less the fair value adjustment for investments, by the number of outstanding shares of common stock.

The NEOs must satisfy stock ownership guidelines within five years of attaining their position. Stock ownership may be achieved by direct ownership or beneficial ownership through a spouse, child, or trust. The following types of beneficial ownership are considered in determining stock ownership: direct ownership, shares held through our Horace Mann 401(k) Plan, and RSUs (vested and unvested). Outstanding stock options are not used in determining stock ownership.

Beginning with stock option grants made in 2011, NEOs are required to hold shares equivalent to any proceeds from a long-term incentive stock option exercise, net of exercise price and related taxes and the costs of the exercise, for a minimum of 12 months after the date of exercise. As part of its 2017 overall review of the executive compensation program, the Committee reviewed the stock ownership guidelines for the Executive Officers, and determined they

were appropriate and will be continued in 2018.

Minimum Vesting Period

In 2017, through an amendment approved by the Board, the Company updated the CECP to reflect a minimum vesting period of one year for all equity grants. No portion of any equity grant, including Stock Options, Stock Appreciation Rights, Restricted Stock or Restricted Stock Units, will become vested before the first anniversary of the grant date except in the cases of death or disability.

Annual Performance and Pay Review

To further reinforce a performance-based culture and the tie between Company results and compensation, the Committee reviews each Executive Officer's performance annually, coinciding with the review of corporate performance results. Each Executive Officer is reviewed not only on prior year business results but also on the individual's demonstration of leadership skills and progress on specific strategic initiatives and other key priorities. The Committee also considers any adjustments to base salary, annual incentive opportunity, and long-term incentive opportunity at this review. The Committee recognizes the need to have market-competitive compensation opportunities to attract, retain, and reward high performing executive talent.

Table of Contents**Risk Assessment**

Our programs are structured to discourage excessive risk-taking through a balanced use of compensation vehicles and metrics with an overall goal of delivering sustained long-term Shareholder value while aligning our executives interests with those of our Shareholders. To this end, management and CAP conduct, and the Committee and the Board's outside legal counsel reviews, an annual risk analysis of the compensation plans and incentive metrics. Our executive compensation program requires that a substantial portion of each Executive Officer's compensation be contingent on delivering performance results. In addition, a significant portion of our NEOs' compensation is delivered in equity over a multi-year timeframe. The Committee has been advised by the Board's outside legal counsel and agrees that no unreasonable risk exists that a compensation policy or incentive plan would have a material adverse impact on the Company.

Succession Planning Process

To mitigate enterprise risk and leadership gaps, the Committee oversees and monitors the Company's succession planning process on a regular basis. This process identifies candidates that have the skill sets, background, training, and industry knowledge to assume critical positions on an emergency basis and also for the long-term, if necessary. The Company's succession plan is also reviewed by the full Board annually.

Minimal Use of Employment Agreements

The Company does not have any individual employment agreements with any Executive Officer and intends to continue to minimize their use, while recognizing that in isolated situations an agreement may be needed for attraction and retention of key executive talent.

Executive Severance and Change in Control Plans

To maintain market competitiveness and allow for the successful recruitment of key executives, the Company maintains the Horace Mann Service Corporation Executive Severance Plan (Executive Severance Plan) and the Horace Mann Service Corporation Executive Change in Control Plan (CIC Plan). The Executive Severance Plan provides benefits due to loss of position with or without a change in control. The CIC Plan is intended to provide a level of security consistent with market practices, mitigate some of the conflicts an executive may be exposed to in a potential acquisition or merger situation, and serve to ensure a more stable transition if a corporate transaction were to occur. The CIC Plan provides for benefits only in the event of the loss of position following a change in control, as defined in the CIC Plan. Participants in the CIC Plan are designated by position. This plan does not have tax gross-up provisions. Currently, all of the NEOs participate in the Executive Severance and CIC Plans. The CIC Plan does not permit duplicate benefits under the Executive Severance Plan.

The multiple is based on the sum of salary plus target annual incentive, payable in the form of salary continuation (for the Executive Severance Plan), and payable in a lump sum (for the CIC Plan), based on the following table:

Retirement Plans

The NEOs participate in our Horace Mann 401(k) Plan and a nonqualified supplemental defined contribution plan designed to provide benefits that cannot be provided under our tax-qualified defined

contribution plan because of certain limitations imposed by the Internal Revenue Code (IRC). Each of these two plans includes a Company contribution. The amounts contributed for each NEO are included in the Summary Compensation Table. These types of plans are customarily offered within our industry. No NEO participates in the Company's defined benefit plan or supplemental defined benefit retirement plan because participation in those plans was limited to individuals hired prior to January 1, 1999 and all of our NEOs were hired after that date.

Deferred Compensation

Prior to 2009, the LTIP permitted certain elective deferrals. Pre-2009 account balances are maintained in notional deferred Common Stock equivalent units, which accrue dividend equivalents at the same rate as dividends paid to our Shareholders. These dividend equivalents are converted into additional deferred Common Stock equivalent units. Mr. Conklin is the only NEO with an account balance under this arrangement.

Nonqualified Supplemental Defined Contribution and Other Nonqualified Deferred Compensation Plans

The Company sponsors an unfunded nonqualified supplemental defined contribution plan, the Nonqualified Supplemental Defined Contribution Plan (NQDCP), which covers only the base salary compensation in excess of the IRC Section 401(a)(17) limit, which in 2018 was \$275,000. The NQDCP accounts are established for the executives at the time their compensation exceeds the IRC Section 401(a)(17) limit and the NEOs are credited with an amount equal to 5% of the excess. In addition, the NQDCP accounts are credited with the same rate of return as the stable value fund available as an investment option under the qualified plan sponsored by the Company for all employees.

The Company offered a nonqualified deferred compensation plan to executives, which allowed them to defer receipt of long-term incentive cash compensation prior to 2009 when cash was a component of the LTIP. Executives were allowed to defer up to 100% of their earned long-term cash incentive into HMEC's deferred Common Stock equivalent units. All the NEOs except Mr. Conklin were hired after 2009 and do not have an account in the plan.

Clawbacks

The Committee believes that our compensation program should reward performance that supports the Company's culture of integrity through compliance with applicable laws and regulations and our codes of ethics and conduct. As a further step to support that belief, the Committee has determined that all Executive Officers are subject to the same standards as the CEO and CFO regarding cash compensation clawbacks as defined under Section 304 of the Sarbanes-Oxley Act of 2002. In addition, under the CECP, the Company is entitled to recover any cash or equity award if it is determined that an executive's own misconduct contributed materially to the executive's receipt of an award. If changes are made in future applicable legislative or regulatory guidance, the Company will modify the current clawback provisions to comply.

Hedging, Pledging Prohibitions

NEOs and other Executive Officers are prohibited from engaging in hedging transactions in our common stock. They are also prohibited from pledging their shares of our Common Stock.

Perquisites and Personal Benefits

The only perquisites we provide are financial planning services and an executive physical program, both of which are commonly provided among our peer companies. Please see the [Summary Compensation Table](#) for further details. Our NEOs do not receive other personal benefits.

Table of Contents

Tax Implications

Favorable tax treatment of the various elements of the Company's total compensation program is an important, but not the sole, consideration in the design of the compensation program. On December 22, 2017, legislation commonly referred to as the Tax Cuts and Jobs Act ("Tax Act") was enacted that significantly impacts the tax treatment of executive compensation.

Historically, Section 162(m) of the Internal Revenue Code provided an exemption from taxation for compensation in excess of \$1,000,000 paid to certain Executive Officers pursuant to a plan that was approved by our Shareholders, and is performance-related and non-discretionary. The Tax Act eliminated the exception for performance-based compensation, and provides that any individual identified as a Covered Employee (CEO, CFO and the three other most highly compensated Executive Officers) beginning after December 31, 2016 remains a Covered Employee for all future years, and applies the \$1,000,000 limitation to any compensation paid to such Covered Employees after employment ends or death. The Tax Act also included a transition rule according to which the deduction limitation as described above, does not apply to compensation arrangements in place pursuant to a written binding contract that was in effect on November 2, 2017 as long as it is not materially modified after that date. To the extent applicable to our existing contracts and awards, the Committee may avail itself of this transition rule. However, due to uncertainties as to the application and interpretation of Section 162(m), including the scope of the transition relief, we expect that compensation paid to our Executive Officers in excess of \$1,000,000 generally will not be deductible.

The Committee believes that Shareholder interests are best served by not restricting the Committee's discretion and flexibility in developing compensation programs, even though such programs may result in certain non-deductible compensation expenses as a result of the Tax Act, and still intends to utilize performance-based compensation programs.

CEO Pay Ratio

Pursuant to Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, we calculate a ratio of total pay for our CEO compared to total pay for our median employee (CEO Pay Ratio). To identify our median employee, we use total cash at target (annualized base salary as of 12/31/2018 plus annual bonus target), as we believe this is the most representative measure of annual compensation for our broader employee population.

Once the median employee is identified, we compile the same pay elements for the median employee that we do for the NEOs as displayed in the Summary Compensation Table. We then compare total pay of our CEO (as displayed in the Total \$ column of the Summary Compensation Table) to total pay of our median employee.

The following table sets forth information regarding CEO Pay Ratio.

	Total Pay	Pay Ratio
Chief Executive Officer	\$ 3,626,990	
Median Employee	\$ 64,357	56:1

PROPOSAL NO. 3 - RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee is directly responsible for the selection, compensation, retention, performance and evaluation of the Company's independent registered public accounting firm. The Audit Committee considers the independence and evaluates the selection of the independent registered public accounting firm each year.

KPMG LLP has been the Company's independent registered public accounting firm for the past 30 years (since the Company's 1989 leveraged buyout). After careful consideration of a number of factors, including length of time the firm has served in this role, the firm's past performance, and an assessment of the firm's qualifications and resources, the Audit Committee selected KPMG LLP to serve as the independent registered public accounting firm for the year ending December 31, 2019. As a matter of good corporate governance, the Audit Committee submits its selection of the auditors to the Shareholders for ratification. If the selection of KPMG LLP is not ratified, the Audit Committee will review its future selection of an independent registered public accounting firm in light of the vote result, but may nonetheless appoint KPMG LLP if it determines doing so to be in the best interest of the Company and Shareholders. Even if the selection is ratified, the Audit Committee in its discretion may select a different registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its Shareholders. A representative from KPMG LLP is expected to be present at the Annual Meeting. The representative will be given an opportunity to make a statement to Shareholders and is expected to be available to respond to appropriate questions from Shareholders.

The Board recommends that Shareholders vote FOR the ratification of KPMG LLP, an independent registered public accounting firm, as the Company's auditors for the year ending December 31, 2019.

Report of the Audit Committee

Acting under a written charter, the Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee is comprised of three directors, each of whom is independent as defined by the New York Stock Exchange listing standards. Management has the primary responsibility for the Company's financial statements and its reporting process, including the Company's systems of internal controls. In fulfilling its oversight responsibilities, prior to the filing, the Audit Committee reviewed the audited consolidated financial statements in the Annual Report on Form 10-K with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and clarity of disclosures in the financial statements.

The Audit Committee has discussed with the Company's independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of those audited consolidated financial statements with United States generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required by applicable requirements of the Public Company Accounting Oversight Board. In addition, the Audit Committee has received from the independent registered public accounting firm the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board

regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence, and discussed with them their independence from the Company and its management taking into account the potential effect of any non-audit services provided by the independent registered public accounting firm.

The Audit Committee discussed with the Company's internal auditors and independent registered public accounting firm the overall scope and plans for their respective audits. The Audit Committee meets with the internal auditors and the independent registered public accounting firm, with and without management present, to discuss the results of their audits, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held twelve meetings during fiscal year 2018.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2018 for filing with the Securities and Exchange Commission. The Audit Committee approved the selection of the Company's independent registered public accounting firm.

Pre-Approval of Services Provided by the Independent Registered Public Accounting Firm

As a practice, the Audit Committee does not allow prohibited non-auditing services as defined by regulatory authorities to be performed by the same firm that audits the Company's annual financial statements. The Audit Committee may delegate to one or more of its members the authority to approve in advance all significant audit and all non-audit services to be provided by the independent

registered public accounting firm so long as it is presented to the full Audit Committee at the next regularly scheduled meeting.
