PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed Proxy is solicited on behalf of Solelectron Corporation (the "Company"), for use at the Annual Meeting of Stockholders to be held on Thursday, January 13, 2005, at 9:00 a.m., local time, or at any adjournment or postponement thereof, for the purposes set forth herein and in the accompanying Notice of Annual Meeting of Stockholders. The Annual Meeting will be held at The Westin Hotel, 5101 Great America Parkway, Santa Clara, CA 95054. The Company's telephone number is (408) 957-8500, the address of its principal executive offices is 847 Gibraltar Drive, Milpitas, CA 95035, and the Company's website is www.solelectron.com.

These proxy solicitation materials were mailed on or about December 8, 2004 to all stockholders of record at the close of business on November 18, 2004 (the "Record Date"). A copy of the Company's Annual Report to Stockholders for the fiscal year ended August 27, 2004 ("Fiscal 2004"), including financial statements, was sent to the stockholders prior to or concurrently with this Proxy Statement.

Record Date; Outstanding Shares

Common Stockholders of record at the close of business on the Record Date are entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. At the Record Date, 970,867,349 shares of the Company's Common Stock were issued and outstanding (including 25,737,438 shares of Solelectron Global Services Canada, Inc. which are exchangeable on a one-to-one basis for the Company's common stock).

Revocability of Proxies

Any proxy given pursuant to the solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing a written notice of revocation bearing a later date than the proxy with the Secretary of the Company at or before the taking of the vote at the Annual Meeting, (ii) duly executing a later dated proxy relating to the same shares and delivering it to the Secretary of the Company at or before the taking of the vote at the Annual Meeting or (iii) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy).

Voting and Solicitation

On all matters other than the election of directors, each share has one vote. See **PROPOSAL ONE ELECTION OF DIRECTORS** Required Vote.

The cost of any proxy solicitation will be borne by the Company. In addition, the Company may reimburse brokerage firms and other persons representing beneficial owners of shares for expenses incurred in forwarding solicitation materials to such beneficial owners. Proxies may be solicited by certain of the Company's directors, officers and regular employees, without additional compensation, personally or by telephone, telegraph or letter.

Quorum; Abstentions; Broker Non-Votes

The required quorum for the transaction of business at the Annual Meeting is a majority of shares of Common Stock issued and outstanding on the Record Date. Shares that are voted **FOR**, **AGAINST** or **ABSTAIN** are treated as being present at the meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting (the "Votes Cast") with respect to such matter.

While there is no definitive statutory or case law authority in Delaware as to the proper treatment of abstentions, the Company believes that abstentions should be counted for purposes of determining both (i) the presence or absence of a quorum for the transaction of business and (ii) the total number of Votes Cast with respect to a proposal (other than the election of directors). In the absence of a controlling precedent to the

Edgar Filing: SOLECTRON CORP - Form DEF 14A

contrary, the Company intends to treat abstentions in this manner. Accordingly, abstentions will have the same effect as a vote against the proposal as to which the abstention is made.

In a 1988 Delaware case, *Berlin v. Emerald Partners*, the Delaware Supreme Court held that, while broker non-votes should be counted for purposes of determining the presence or absence of a quorum for the transaction of business, broker non-votes should not be counted for purposes of determining the number of Votes Cast with respect to the particular proposal on which the broker has expressly not voted. Accordingly, the Company intends to treat broker non-votes in this manner. Thus, a broker non-vote will not have any effect on the outcome of the voting on a proposal.

Discretionary Voting Authority

The Company has discretionary authority to vote on any matter intended to be brought before the Annual Meeting if the Company did not receive notice of such matter by the close of business on the tenth (10th) day after the date of this Proxy Statement, in accordance with the bylaws of the Company.

Deadline for Receipt of Stockholder Proposals for Fiscal 2005

Proposals of eligible stockholders of the Company which are to be presented by such stockholders at the Company's Annual Meeting for the fiscal year ended August 31, 2005 (Fiscal 2005) must be received by the Company no later than August 10, 2005 in order that they may be included in the Proxy Statement and form of proxy relating to that meeting. Such stockholder proposals should be submitted to ***Solectron Corporation at 847 Gibraltar Drive, Milpitas, CA 95035, Attention: Corporate Secretary.***

Under the Company's bylaws, a proposal that a stockholder does not seek to include in the Company's proxy materials for Fiscal 2005 but that may still be properly brought before the Fiscal 2004 annual meeting must be delivered to or mailed and received by the Secretary of the Company not less than 90 days prior to the meeting; provided, however, that in the event that less than 100 days notice or prior public disclosure of the date of the meeting is given or made to stockholders, notice by the stockholder to be timely must be so received not later than the close of business on the tenth (10th) day following the day on which such notice of the date of the meeting was mailed or such public disclosure was made.

BOARD AND CORPORATE GOVERNANCE MATTERS

Board of Directors

The Board of Directors of the Company (the Board) has determined that, except for the Chief Executive Officer, Michael Cannon, none of the director nominees to be elected to the Board at the Annual Meeting has a material relationship with the Company and that, except for Mr. Cannon, every director nominee is independent. These determinations were made pursuant to the Company's director independence standards, which are identical to the director independence standards set forth in the listing standards of the New York Stock Exchange (NYSE), as such listing standards may be amended from time to time.

The Board held a total of 4 regular in person meetings, 4 regular telephonic meetings and 10 special telephonic meetings during Fiscal 2004. During Fiscal 2004, each director attended more than 75% of the meetings of the Board and meetings of committees upon which such director served.

The Board encourages all members of the Board to attend the Company's Annual Meeting of Stockholders. All nine directors elected at the January 2004 Annual Meeting were in attendance at that meeting.

Audit Committee

The Audit Committee oversees the Company's internal financial control systems and procedures, is responsible for the appointment and terms of engagement of the Company's independent auditor, reviews and approves the Company's financial statements, and coordinates and approves the activities of the Company's internal and external auditors. The Board has determined that C. Wesley M. Scott and William R. Graber are audit committee financial experts and all members of the Audit Committee are independent as such terms are defined under the applicable regulations of the Securities and Exchange Commission (SEC) and the listing standards of the NYSE. The Charter for the Audit Committee, which has been approved by the Board, is attached to this Proxy Statement as Attachment A and is available on the Company's website at www.solectron.com/about/gov.shtml. See also AUDIT COMMITTEE REPORT.

Nominating and Governance Committee

The Nominating and Governance Committee is responsible for the development of general criteria regarding the qualifications and selection of board members, recommending candidates for election to the Board, recommending director appointments to the various committees of the Board, developing overall governance guidelines and overseeing the overall performance of the Board. All members of the Nominating and Governance Committee are independent as defined under the listing standards of the NYSE. The Charter for the Nominating and Governance Committee, which has been approved by the Board, is available on the Company's website at www.solectron.com/about/gov.shtml.

Executive Compensation and Management Resources Committee

The Executive Compensation and Management Resources Committee is responsible for establishing compensation guidelines for executives of the Company, reviewing and approving executive bonus plans and providing guidance with respect to other compensation issues, approving stock option grants, CEO and executive succession planning, and reviewing the performance of the CEO. All members of the Executive Compensation and Management Resources Committee are independent as defined under the listing standards of the NYSE. The Charter for the Executive Compensation and Management Resources Committee, which has been approved by the Board, is available on the Company's website at www.solectron.com/about/gov.shtml.

Finance Committee

Edgar Filing: SOLECTRON CORP - Form DEF 14A

The Board previously had a standing Finance Committee, which oversaw the Company's capital-raising and financing activities. The committee was comprised of Heinz Fridrich and Dr. Kenneth Haughton, who retired from the Board in January 2004. The Finance Committee was disbanded after its first meeting in early Fiscal 2004 and the responsibilities of the committee were apportioned between the Audit Committee and the full Board.

Director Compensation

Directors who are not employees of the Company (Outside Directors) receive annual retainers of \$35,000. The Chairman of the Board receives an annual retainer of \$140,000. Each Outside Director (excluding the Chairman of the Board) who serves as Chairman for the Audit Committee, Executive Compensation and Management Resources Committee, or Nominating and Governance Committee receives an additional annual retainer of \$13,500. These retainers are paid quarterly in arrears. In addition, each Outside Director is paid \$1,500 for each meeting of the Board attended in person, \$1,000 for each committee meeting attended in person, \$500 for each Board and committee meeting attended telephonically, and is eligible to receive reimbursement for expenses incurred in attending Board and committee meetings. Outside Directors (other than members of the Audit Committee) may also receive consulting fees for special project

-4-

assignments completed at the request of Company management. Employee directors are not compensated for their service on the Board or on committees of the Board.

Options to purchase shares of the Company's common stock are granted to Outside Directors under the 2002 Stock Option Plan (the Plan) in accordance with an automatic, non-discretionary grant mechanism. The Plan provides, with respect to Outside Directors, for an automatic, non-discretionary grant on December 1 of each year of a nonstatutory option to purchase twenty thousand (20,000) shares (pro rata for the portion of the first fiscal year of service as an Outside Director) of the Company's Common Stock, with an initial equity grant for new Outside Directors to purchase twenty thousand (20,000) shares of the Company's Common Stock at the commencement of their service as an Outside Director, at an exercise price equal to the fair market value on the date of grant.

Outside Directors are also eligible to receive discretionary grants under the Plan. On January 15, 2004, Richard A. D'Amore, Heinz Fridrich, William Hasler, Dr. Paul R. Low, C. Wesley M. Scott and Osamu Yamada, who were directors on December 1, 2003, each received a discretionary nonstatutory option grant to purchase ten thousand (10,000) shares of the Company's Common Stock. William R. Graber and Cyril Yansouni, who were not yet Company directors on December 1, 2003, each received a discretionary grant to purchase five thousand (5,000) shares of the Company's Common Stock.

Director Nomination Process

Qualifications

The Corporate Governance Guidelines of the Company set forth the basic qualifications for members of the Board. These guidelines are available on the Company's website at www.solectron.com/about/gov.shtml. Director nominees will possess the highest degree of personal and professional ethics and integrity, relevant business background and experience, and complimentary expertise in areas of importance to the Company's business objectives. In addition, director nominees should be committed to representing the long-term interests of all of the Company's stockholders.

Recommendation of Director Nominees

The Nominating and Governance Committee of the Board (the N&G Committee) will consider individuals recommended by the Company's independent directors, the Company's CEO and other executive officers, and external retained search firms engaged by the N&G Committee. The N&G Committee will also consider potential director nominees that are properly recommended by the Company's stockholders in accordance with the procedure set forth below under the heading Stockholder Recommendations of Director Nominees. The N&G Committee applies the same evaluation process and principles to all director candidates that are properly brought to its attention, regardless of the source of the recommendation for a candidate.

Identifying and Evaluating Director Nominees

The N&G Committee periodically assesses the appropriate size of the Board in light of the Company's objectives and strategy, and whether any vacancies on the Board are expected due to retirement, an expansion of the size of the Board, or otherwise. In the event that vacancies are anticipated or otherwise arise, the N&G Committee will initiate a process for identifying and evaluating director candidates. The N&G Committee typically retains an external professional search firm to screen, identify and contact potential candidates who meet the qualifications set forth above and other qualifications or criteria that may be determined by the N&G Committee. In determining particular search criteria or optimal candidate qualifications, the N&G Committee solicits input from the full Board and the Company's executive management, and also takes into account the current membership of the Board with a view towards identifying opportunities to expand and balance the breadth of the Board's experience, expertise, and

-5-

diversity. As noted above, stockholder nominees that are properly recommended to the N&G Committee, as well as recommendations from other sources, will also be evaluated for possible consideration. Information pertaining to potential candidates is then aggregated and reviewed at regular or special meetings of the N&G Committee. The N&G Committee provides periodic updates to the full Board on the search process.

In the course of its review and evaluation of potential nominees, the N&G Committee obtains and reviews applicable information regarding the individuals under consideration, conducts in-person and telephonic interviews and follow-up interviews and solicits input and feedback from the Chairman of the Board, the CEO and the Executive Vice President, Human Resources, as well as the external professional search firm's engagement manager. The professional search firm is charged with ensuring that prospective candidates would be available to join the Board when needed, and assists the N&G Committee in identifying any potential conflicts of interests or other disqualifying information about each candidate. The N&G Committee next discusses all of the qualified candidate prospects among the committee members and with the CEO and Chairman of the Board. The N&G Committee will ask the CEO to meet with finalist candidates to the extent that the CEO has not already done so. Efforts are made by the N&G Committee members to reach a consensus on the candidate or candidates most suited to fulfill the Company's selection criteria. In the event that the N&G Committee is unable to reach a consensus, it will make its determination by majority vote. When a determination is made, the N&G Committee formally makes its recommendation of the director nominee or nominees, as the case may be, to the full Board.

The Board will discuss the N&G Committee's recommendation and may request any additional information or interviews as the Board deems necessary. The Board will then decide whether to nominate such candidate or candidates, as the case may be, in the Company's proxy statement for election by the stockholders at the Company's Annual Meeting. In the rare case that a vacancy arises between Annual Meetings, the Board itself may elect a nominee to fill such vacancy in accordance with the bylaws of the Company.

Stockholder Recommendations of Director Nominees

Any stockholder wishing to recommend a candidate as a nominee for election at the Company's Annual Meeting of Stockholders should send a signed letter of recommendation stating the reasons for the recommendation and containing the full name and address of each proposed candidate as well as a brief biographical history setting forth past and present directorships, employment, occupations and civic activities, and any other supporting information, to be received by the Company at any time prior to the deadline set forth above under the heading "Deadline for Receipt of Stockholder Proposals for Fiscal 2005." As instructed under that heading, correspondence should be sent to *Solelectron Corporation, 847 Gibraltar Drive, Milpitas, California 95035, Attention: Corporate Secretary.*

Any stockholder recommendation should be accompanied by a written statement from the proposed director candidate consenting to be considered as a candidate and, if nominated, consenting to be named in the proxy statement and, if elected, consenting to serve as a director.

Stockholder Communications with the Board

Stockholders may communicate with the Board and/or individual Board members by sending correspondence to such Board member(s) at the Company's headquarters address which may be found at www.solelectron.com/misc/contactus.htm. All such correspondence shall be forwarded to the addressees.

Required Vote

Each stockholder voting in the election of directors is entitled to cumulate such stockholder's votes. Each stockholder who elects to cumulate votes shall be entitled to as many votes as equals the number of directors to be elected multiplied by the number of shares held by such stockholder, and the stockholder may cast all such votes for a single director or distribute such votes among as many candidates as the stockholder may see fit. However, no stockholder shall be entitled to cumulate votes unless the candidate's name has been placed in nomination prior to the voting and the stockholder, or any other stockholder, has given notice at the meeting to the Company's Secretary prior to the voting of the intention to cumulate the votes. The 9 nominees receiving the highest number of affirmative votes of the shares entitled to be voted for them shall be elected as directors. Votes withheld from any director are counted for purposes of determining the presence or absence of a quorum for the transaction of business, but have no other legal effect under Delaware law. Abstentions and shares held by brokers that are present but not voted, because the brokers were prohibited from exercising discretionary authority (Broker Non-Votes), will be counted as present for purposes of determining the presence or absence of a quorum.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE NOMINEES LISTED ABOVE.

PROPOSAL TWO

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITOR

The Audit Committee of the Board of Directors has appointed KPMG LLP (KPMG), independent auditor, to audit the financial statements of the Company for Fiscal 2005. KPMG has audited the Company's financial statements since the Company's 1985 fiscal year. Representatives of KPMG are expected to be present at the Annual Meeting with the opportunity to make a statement if they desire to do so, and are expected to be available to respond to appropriate questions. The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the meeting is required to ratify the appointment of KPMG.

Fees and Services

The following table sets forth the fees for audit and other services provided by KPMG to the Company for Fiscal 2004 and Fiscal 2003:

	Fiscal 2004	Fiscal 2003
Audit fees	\$ 6,800,000	\$5,500,000
Audit-related fees	5,518,000	
Tax fees	1,369,000	2,700,000
All other fees	26,000	
Total	13,713,000	8,200,000

Audit fees represent fees for the audit of the Company's consolidated financial statements included in the Company's annual report on Form 10-K, review of financial statements included in the Company's quarterly reports on Form 10-Q, services normally provided in connection with statutory audits of certain of the Company's foreign subsidiaries and services normally provided in connection with regulatory filings made in Fiscal 2004 and Fiscal 2003.

Audit-related fees primarily represent fees for stand-alone audits of the financial statements of certain business operations divested by the Company in Fiscal 2004. The balance of the audit-related fees relate to a vendor due diligence report for one of the divested business operations and extending the scope of testing of internal controls over certain key processes at five of the Company's operating sites.

Edgar Filing: SOLECTRON CORP - Form DEF 14A

Tax fees represent fees for the preparation and review of the Company's income tax returns, and general tax planning and advice for the Company. \$200,000 of the tax fees paid in Fiscal 2004 are for services that were rendered by KPMG in Fiscal 2003 relating to a re-determination of commission paid to the Company's foreign sales corporation in Fiscal 2000.

All other fees relate to fees for any services not included in the above categories. In Fiscal 2004, the amount was for a Sarbanes-Oxley Section 404 software tool which the Company licensed from KPMG.

Audit Committee Pre-Approval of Audit and Non-Audit Services

The Audit Committee pre-approves all audit and audit-related services and all non-audit services that the Company's independent auditor is permitted to perform for the Company under applicable laws and regulations. The Audit Committee's pre-approval policy provides for both specific pre-approval on a case-

-12-

by-case basis of individual engagements of the independent auditor and general pre-approval of certain categories of engagements up to predetermined dollar thresholds. Specific pre-approval is mandatory for the annual financial statement audit engagement, among others. The Audit Committee has also delegated pre-approval authority to the Chair of the Audit Committee. All services and fees authorized under the general pre-approval policy or by the Chair, as the case may be, are reported to the full Audit Committee for ratification at the Committee's next regular meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR RATIFICATION OF THE APPOINTMENT OF KPMG AS INDEPENDENT AUDITOR.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act and regulations of the SEC thereunder require the Company's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of initial ownership and changes in ownership with the SEC. Based solely on its review of copies of such forms received by the Company, the Company believes that, during Fiscal 2004, except for the exceptions set forth below, the Section 16(a) filing requirements applicable to its executive officers, directors and 10% stockholders were complied with.

On June 16, 2004, Warren Ligan and Perry Hayes were each granted stock options by the Board. The Form 4 to report each such grant was filed on July 2, 2004.

On June 16, 2004, Michael Cannon, Craig London, Kevin O Connor, Marc Onetto, Kiran Patel and David Purvis were each granted shares of restricted stock by the Board, and such grants were timely reported to the SEC on Form 4 on June 18, 2004. Each of the above executive officers proceeded to purchase their restricted stock at the purchase price of \$0.001 per share, as such grants would expire if a purchase was not consummated within 30 days of the grant date. Form 4's were not filed with the SEC upon such purchases; however, each of the executive officers later caused a Form 5 to be timely filed with the SEC to report their purchase of the restricted stock.

Certain Relationships and Related Transactions

The Company has previously entered into indemnification agreements with its executive officers, directors and certain key employees containing provisions which are in some respects broader than the specific indemnification provisions contained in the Delaware General Corporation Law. These agreements provide, among other things, for indemnification of the executive officers, directors and certain key employees in proceedings brought by third parties and in stockholder derivative suits. Each agreement also provides for advancement of expenses to the indemnified party. See also descriptions of arrangements between the Company and certain current and former executive officers as set forth below under EXECUTIVE OFFICER COMPENSATION Employment Agreements and Severance Agreements.

- (1) Perquisites are not included since the aggregate amount is less than the lesser of \$50,000 or 10% of salary and bonus, in accordance with regulations promulgated by the SEC; therefore, the Other Annual Compensation has not been included in this table. Bonus compensation reported for fiscal years 2004, 2003, and 2002 was earned in that fiscal year, but may have been paid in the subsequent fiscal year or placed all or in part into the Company's Executive Deferred Compensation Plan.

The Fiscal 2004 bonus amount for Mr. Cannon is comprised of two earned amounts: \$1,850,000 and \$919,360. The \$1,850,000 amount is for Mr. Cannon's first full year of employment (January 2003 to January 2004) pursuant to a bonus guarantee under his employment agreement. The \$919,360 amount is Mr. Cannon's pro-rated bonus for Fiscal 2004. Mr. Cannon's full bonus for the Fiscal 2004 period (September 2003 through August 2004) was equal to \$1,575,000, or approximately 85% of his target bonus. Since there is an overlap of approximately 4 months in the guaranteed bonus and Fiscal 2004 bonus time periods, Mr. Cannon's bonus for Fiscal 2004 was pro-rated accordingly.

EXECUTIVE COMPENSATION AND MANAGEMENT RESOURCES COMMITTEE REPORT

Introduction

The Executive Compensation and Management Resources Committee (the Committee) of the Board is charged with the responsibility of reviewing all aspects of the Company's executive compensation programs and administering the Company's stock plans. In Fiscal 2004, the members of the Committee were Richard A. D'Amore, William A. Hasler, Dr. Paul R. Low and Cyril Yansouni, all of whom are independent, non-employee directors of the Company. The Committee meets at the beginning of each fiscal year to establish target base compensation levels for the Company's executive officers for the following fiscal year and to approve bonuses for the previous fiscal year. In establishing these target compensation levels, the Committee engaged an external executive compensation consulting firm to assess and make recommendations to the Committee.

Compensation Philosophy

The Company's executive compensation policies are designed to attract and retain qualified executives who will contribute to the Company's long-term success, to reward executives for achieving the Company's financial goals, and to link executive compensation and stockholder interests through market competitive incentives and equity-based plans. The Committee believes that strong financial performance, on a consistent, predictable basis, is the most certain avenue through which the Company can positively affect long-term stockholder return. Furthermore, the Company believes that, in order to attract and retain the most qualified executives in the industry, its compensation policies must be competitive with other companies of comparable size and in similar industries and must reinforce strategic performance objectives through the use of incentive compensation programs. In order to provide incentive to executive officers, the Company targeted to pay a significant percentage of the executives' total compensation by means of variable performance-based cash incentives and stock option and restricted stock awards. Determination of each component of variable compensation is based on an assessment of a combination of metrics and individual performance. The amount of incentive compensation for each person in Fiscal 2004 has been determined on the basis of several indicators of corporate performance as outlined below.

Compensation Components

The following are the key components of the Company's executive officer compensation:

Base Compensation. The Committee establishes base salaries for executive officers based on its review of base salaries of executive officers in companies of comparable size and in similar industries. A majority of the companies used by the Committee in its review of salaries of other companies are a part of the Goldman Sachs Technology Index used in the Stock Performance Graph following.

Bonuses. The Company's executive bonus plan provides for incentive compensation to the Company's executive officers and other key employees and is determined annually and based principally on certain performance measures. The performance measures include worldwide corporate and individual performance. Worldwide corporate performance measures for Fiscal 2004 were focused on metrics which drive stockholder value creation. To provide greater clarity on specific elements of stockholder value creation, additional specific measures were adopted. These measures included:

- Revenue;

-
- Return on Tangible Invested Capital; and
 - Profit Before Interest and Taxes.

These measures are defined in the Company's Fiscal 2004 Annual Operating Plan and were communicated to all bonus plan participants. The Committee believes that these factors were indicative of overall corporate performance and stockholder value. Individual performance was measured based on goals related to each person's function within the organization. Executive bonus plan participants accrued bonuses each quarter based on performance against year-to-date Annual Operating Plan targets and stockholder value creation targets. The accrued bonus balances for executive officers vested at the end of Fiscal 2004 and were paid upon final determination of earned bonuses.

Long-Term Incentive Compensation. The Company's 2002 Stock Plan provides for long-term incentive compensation for employees of the Company, including executive officers. A significant portion of the total compensation package for the Company's executive officers is in the form of stock option and restricted stock awards. These awards give employees an equity interest in the Company, thereby aligning the interests of executive officers and stockholders and providing incentive to maximize stockholder value.

Policy Regarding Tax Deduction for Compensation Under Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code (IRC) limits the Company's tax deduction to \$1 million for compensation paid to certain executive officers named in the proxy unless the compensation is performance based. Bonus payments made pursuant to the One Solectron Incentive Compensation Plan for Fiscal 2004 met the performance criteria of IRC Section 162(m). The Committee's present intention is to comply with the requirements of IRC Section 162(m), unless the Committee determines that it is in the interests of the Corporation to do otherwise.

Chief Executive Officer Compensation

Mr. Cannon's compensation for Fiscal 2004 was determined by the Committee in accordance with all of the same principles and factors set forth above under Compensation Philosophy and Compensation Components. The Committee's bonus award to Mr. Cannon was equal to 85% of Mr. Cannon's targeted award for Fiscal 2004. This bonus represented the Committee's recognition of the substantial progress that the Company made in returning to profitability following eleven consecutive quarters of losses. See footnote 1 to EXECUTIVE COMPENSATION Summary Compensation Table for a more detailed description of the bonus amount paid to Mr. Cannon in Fiscal 2004.

AUDIT COMMITTEE REPORT

The primary purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the Company's financial reporting process. The Audit Committee has a duly adopted charter which it reviews on an annual basis.

The Audit Committee annually reviews the applicable NYSE corporate governance standards and relevant SEC rules relating to Audit Committee member independence. At its most recent review, the Audit Committee determined that each member of the Committee meets the applicable standards and rules. The Audit Committee also determined that it had fulfilled its responsibilities under the Audit Committee Charter. The Committee met a total of 12 times in Fiscal 2004.

The Audit Committee is responsible for recommending to the Board that the Company's financial statements be included in its Annual Report on Form 10-K. The Committee took a number of steps in making this recommendation for Fiscal 2004. First, the Audit Committee discussed with KPMG, Solectron's independent auditor for Fiscal 2004, those matters KPMG is required to communicate to and discuss with the Audit Committee by Statement on Auditing Standards Board Standard No. 61, as amended (Communication with Audit Committees), including information concerning the scope and results of the audit. Second, the Audit Committee discussed KPMG's independence with KPMG and received a letter from KPMG regarding its independence as required by the Independence Standards Board Standard No. 1, as amended (Independence Discussions with Audit Committees). Finally, the Audit Committee reviewed and discussed with Company management and KPMG, Solectron's audited consolidated balance sheets at August 31, 2004 and 2003, and the related consolidated statements of operations, stockholders' equity, comprehensive loss and cash flows for each of the years in the three-year period ended August 31, 2004. Based on these reviews and discussions, and additional matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board that Solectron's Annual Report on Form 10-K include these financial statements.
