ITEM 8.01. Other Events.

At the upcoming Annual Meeting of Shareholders of Summit Bancshares, Inc. (the Corporation), the Corporation's shareholders will vote on a proposal to approve the 2006 Long-Term Incentive Plan of the Corporation (the 2006 Plan). As part of the process of evaluating this proposal, certain parties have requested that the Corporation disclose certain information with respect to outstanding options and the number of the Corporation's shares of common stock that may be issued pursuant to awards of options under the 2006 Plan.

As of March 6, 2006, there were 598,704 shares issuable upon the exercise of awards of options granted under predecessor plans to the 2006 Plan. The weighted average exercise price of such awards was \$10.10 per share with a weighted average contractual life of 4.79 years. Subject to certain adjustments, the number of the Corporation's shares of common stock that may be issued pursuant to awards of options under the 2006 Plan is the difference between 1,250,000 shares less the number of shares of common stock issuable upon exercise of awards granted under any predecessor plan. Therefore, a total of 651,296 shares of common stock may be issued pursuant to awards of options under the 2006 Plan on its effective date.
