Exhibit 99.1

GOLAR LNG LIMITED - GOLAR LNG ENERGY LIMITED AND EQUITY OFFERING

Golar LNG Energy Limited (the "Company") is pleased to report that the private placement of new shares launched yesterday has been well received in the market. The book is at present in excess of USD 100 Mill.

Some investors have due to legal limitations expressed concern over the fact that the Company's shares will not be listed in the short term. Given this, the Board of the Company has meet and resolved to accommodate these concerns by the following measures:

- a decision to apply for a listing of the Company's shares on the Oslo Stock Exchange has been taken. It is anticipated that such listing can be achieved no later than 1 October 2009.
- Golar LNG Limited has agreed to support this decision through the distribution of some of its shares in the Company to its shareholders as a special dividend at a time of listing. This will ensure increased liquidity in the Company's shares effective from listing.
- The Board has furthermore decided to include a warrant to subscribe for one share per fifth share subscribed for to the subscribers. The warrant will be non-tradable and exercisable on 15. December 2010. The subscription price of the warrant will be USD 2.-.

The Board has further agreed to limit the Private Placement within the range to 50 Mill shares or USD 100 million. The green shoe option remains at an additional 10 Mill shares.

As reported initially, the total number of shares available in the Private Placement is already covered by the book. The subscription period will however based on request from US Institutional investors remain until open 22.00 CET this evening in order to make sure that proper time is given to review the material and to get optimal quality of the subscriptions accepted.
