For Immediate Release

BC LNG Pre-FID Steering Committee Clarification to recent media articles

Vancouver, BC. The project partners and members of the Pre-FID Steering Committee (PSC) for the BC LNG Project: Golar LNG Limited, LNG Partners LLC, and the HN LNG GP (in which the Haisla Nation is a limited partner), today confirm, in response to recent news media articles, that front end engineering and design (FEED) for the barge-based liquefaction solution and associated land-based facilities, together with permitting discussions with federal and provincial government authorities, continue according to the project strategy established by the PSC.

The PSC has not given any approval to Exmar for supply of a barge or for direct participation in the relevant project entities and to date has not had any discussions of any kind with Exmar for the furtherance of such a transaction.
