UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

(Mark One)

Quarterly report pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 for the quarterly period ended September 30, 2014

OR

Transition report pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934 for the transition period from _____ to _____

Commission file number 000-51262

COLUMBIA PROPERTY TRUST, INC.
(Exact name of registrant as specified in its charter)

Maryland
(State or other jurisdiction of incorporation or organization)
One Glenlake Parkway, Suite 1200
Atlanta, GA 30328
(Address of principal executive offices)
(Zip Code)
(404) 465-2200
(Registrant's telephone number, including area code)

20-0068852
(I.R.S. Employer Identification Number)

(Former name, former address, and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, or a smaller reporting company. See definitions of "large accelerated filer", "accelerated filer", and "smaller reporting company" in Rule 12b-2 of the Exchange Act (check one).

Large accelerated filer Accelerated filer
Non-accelerated filer (Do not check if a smaller reporting company) Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).
Yes No

Number of shares outstanding of the registrant's
only class of common stock, as of October 24, 2014: 124,974,142 shares

CAUTIONARY NOTE REGARDING FORWARD-LOOKING STATEMENTS

Certain statements contained in this Quarterly Report on Form 10-Q of Columbia Property Trust, Inc. ("Columbia Property Trust," "the Company," "we," "our," or "us") other than historical facts may be considered forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. We intend for all such forward-looking statements to be covered by the applicable safe harbor provisions for forward-looking statements contained in those acts. Such statements include, in particular, statements about our plans, strategies, and prospects and are subject to certain risks and uncertainties, including known and unknown risks, which could cause actual results to differ materially from those projected or anticipated. Therefore, such statements are not intended to be a guarantee of our performance in future periods. Such forward-looking statements can generally be identified by our use of forward-looking terminology such as "may," "will," "expect," "intend," "anticipate," "estimate," "believe," "continue," or other similar words. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date this report is filed with the U.S. Securities and Exchange Commission ("SEC"). We make no representations or warranties (express or implied) about the accuracy of any such forward-looking statements contained in this Form 10-Q, and we do not intend to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise. Any such forward-looking statements are subject to risks, uncertainties, and other factors and are based on a number of assumptions involving judgments with respect to, among other things, future economic, competitive, and market conditions, all of which are difficult or impossible to predict accurately. To the extent that our assumptions differ from actual conditions, our ability to accurately anticipate results expressed in such forward-looking statements, including our ability to generate positive cash flow from operations, make distributions to stockholders, and maintain the value of our real estate properties, may be significantly hindered. See Item 1A in Columbia Property Trust's Annual Report on Form 10-K for the year ended December 31, 2013 for a discussion of some of the risks and uncertainties that could cause actual results to differ materially from those presented in our forward-looking statements. The risk factors described in our Annual Report are not the only ones we face, but do represent those risks and uncertainties that we believe are material to us. Additional risks and uncertainties not currently known to us or that we currently deem immaterial may also harm our business.

PART I. FINANCIAL INFORMATION

ITEM 1. CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

The information furnished in the accompanying consolidated balance sheets, and related consolidated statements of operations, comprehensive income, equity, and cash flows, reflects all normal and recurring adjustments that are, in management's opinion, necessary for a fair and consistent presentation of the aforementioned financial statements.

The accompanying consolidated financial statements should be read in conjunction with the condensed notes to Columbia Property Trust's financial statements and Management's Discussion and Analysis of Financial Condition and Results of Operations included in this Quarterly Report on Form 10-Q, and with Columbia Property Trust's Annual Report on Form 10-K filed for the year ended December 31, 2013. Columbia Property Trust's results of operations for the three and nine months ended September 30, 2014 are not necessarily indicative of the operating results expected for the full year.

COLUMBIA PROPERTY TRUST, INC.
CONDENSED NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
SEPTEMBER 30, 2014
(unaudited)

1. Organization

Columbia Property Trust, Inc. ("Columbia Property Trust") (NYSE: CXP) is a Maryland corporation that operates as a real estate investment trust ("REIT") for federal income tax purposes and owns and operates commercial real estate properties. Columbia Property Trust was incorporated in 2003, commenced operations in 2004, and conducts business primarily through Columbia Property Trust Operating Partnership, L.P. ("Columbia Property Trust OP"), a Delaware limited partnership. Columbia Property Trust is the general partner and sole owner of Columbia Property Trust OP and possesses full legal control and authority over its operations. Columbia Property Trust OP acquires, develops, owns, leases, and operates real properties directly, through wholly owned subsidiaries, or through joint ventures. References to Columbia Property Trust, "we," "us," or "our" herein shall include Columbia Property Trust and all subsidiaries of Columbia Property Trust, direct and indirect, and consolidated joint ventures.

Columbia Property Trust typically invests in high-quality, income-generating office properties. As of September 30, 2014, Columbia Property Trust owned 36 office properties and one hotel, which includes 57 operational buildings. These properties comprise approximately 16.8 million square feet of commercial space and are located in 12 states and the District of Columbia. As of September 30, 2014, 35 of the office properties were wholly owned and the remaining property was owned through a consolidated subsidiary; the office properties were approximately 93.5% leased.

2. Summary of Significant Accounting Policies

Basis of Presentation

The consolidated financial statements of Columbia Property Trust have been prepared in accordance with the rules and regulations of the U.S. Securities and Exchange Commission ("SEC"), including the instructions to Form 10-Q and Article 10 of Regulation S-X, and do not include all of the information and footnotes required by U.S. generally accepted accounting principles ("GAAP") for complete financial statements. In the opinion of management, the statements for these unaudited interim periods presented include all adjustments, which are of a normal and recurring nature, necessary for a fair and consistent presentation of the results for such periods. Results for these interim periods are not necessarily indicative of a full year's results. Columbia Property Trust's consolidated financial statements include the accounts of Columbia Property Trust, Columbia Property Trust OP, and any variable interest entity in which Columbia Property Trust or Columbia Property Trust OP was deemed the primary beneficiary. With respect to entities that are not variable interest entities, Columbia Property Trust's consolidated financial statements also include the accounts of any entity in which Columbia Property Trust, Columbia Property Trust OP, or their subsidiaries own a controlling financial interest and any limited partnership in which Columbia Property Trust, Columbia Property Trust OP, or its subsidiaries own a controlling general partnership interest. All intercompany balances and transactions have been eliminated in consolidation. For further information, refer to the financial statements and footnotes included in Columbia Property Trust's Annual Report on Form 10-K for the year ended December 31, 2013 (the "2013 Form 10-K").

Fair Value Measurements

Columbia Property Trust estimates the fair value of its assets and liabilities (where currently required under GAAP) consistent with the provisions of Accounting Standard Codification ("ASC") 820, Fair Value Measurements ("ASC 820"). Under this standard, fair value is defined as the price that would be received upon sale of an asset or paid upon transfer of a liability in an orderly transaction between market participants at the measurement date. While various techniques and assumptions can be used to estimate fair value depending on the nature of the asset or liability, the accounting standard for fair value measurements and disclosures provides the following fair value technique parameters and hierarchy, depending upon availability:

Level 1 – Assets or liabilities for which the identical term is traded on an active exchange, such as publicly traded instruments or futures contracts.

Level 2 – Assets and liabilities valued based on observable market data for similar instruments.

Level 3 – Assets or liabilities for which significant valuation assumptions are not readily observable in the market. Such assets or liabilities are valued based on the best available data, some of which may be internally developed. Significant assumptions may include risk premiums that a market participant would consider.

Table of Contents

Real Estate Assets

Columbia Property Trust is required to make subjective assessments as to the useful lives of its depreciable assets. Columbia Property Trust considers the period of future benefit of the asset to determine the appropriate useful lives. These assessments have a direct impact on net income. The estimated useful lives of its assets by class are as follows:

Buildings	40 years
Building and site improvements	5-25 years
Tenant improvements	Shorter of economic life or lease term
Intangible lease assets	Lease term

Evaluating the Recoverability of Real Estate Assets

Columbia Property Trust continually monitors events and changes in circumstances that could indicate that the carrying amounts of its real estate and related intangible assets, of both operating properties and properties under construction, in which Columbia Property Trust has an ownership interest, either directly or through investments in joint ventures, may not be recoverable. When indicators of potential impairment are present that suggest that the carrying amounts of real estate assets and related intangible assets and liabilities may not be recoverable, Columbia Property Trust assesses the recoverability of these assets and liabilities by determining whether the respective carrying values will be recovered through the estimated undiscounted future operating cash flows expected from the use of the assets and their eventual disposition. In the event that such expected undiscounted future cash flows do not exceed the carrying values, Columbia Property Trust adjusts the carrying value of the real estate assets and related intangible assets and liabilities to the estimated fair values, pursuant to the property, plant, and equipment accounting standard for the impairment or disposal of long-lived assets, and recognizes an impairment loss. Estimated fair values are calculated based on the following information, in order of preference, depending upon availability: (i) recently quoted market prices, (ii) market prices for comparable properties, or (iii) the present value of future cash flows, including estimated salvage value. Certain of Columbia Property Trust's assets may be carried at more than an amount that could be realized in a current disposition transaction.

Projections of expected future operating cash flows require that Columbia Property Trust estimate future market rental income amounts subsequent to the expiration of current lease agreements, property operating expenses, the number of months it takes to re-lease the property, and the number of years the property is held for investment, among other factors. The subjectivity of assumptions used in the future cash flow analysis, including discount rates, could result in an incorrect assessment of the property's fair value and could result in the misstatement of the carrying value of Columbia Property Trust's real estate assets and related intangible assets and liabilities and net income.

In connection with furthering its portfolio repositioning efforts, in the first quarter of 2013, Columbia Property Trust initiated a process to market 18 properties for sale (the "18 Property Sale"). Pursuant to the accounting policy outlined above, Columbia Property Trust evaluated the recoverability of the carrying values of each of these properties and determined that the 120 Eagle Rock property in East Hanover, New Jersey, and the 333 & 777 Republic Drive property in Allen Park, Michigan, were no longer recoverable due to shortening the respective expected property holding periods in connection with these repositioning efforts. As a result, Columbia Property Trust reduced the carrying value of the 120 Eagle Rock property and the 333 & 777 Republic Drive property to reflect their respective fair values, estimated based on projected discounted future cash flows and recorded corresponding property impairment losses, of \$11.7 million and \$5.2 million, respectively, in the first quarter of 2013, which are included in operating loss from discontinued operations in the accompanying statement of operations. In connection with finalizing the terms of the 18 Property Sale agreement in the fourth quarter of 2013, Columbia Property Trust reduced the aggregate carrying value of the assets included therein to fair value, as estimated based on the approximate net contract price (Level 2) of \$500 million, by recognizing an additional impairment loss of \$12.9 million in the third quarter of 2013, which is also included in operating loss from discontinued operations in the accompanying statement of operations.

In the first quarter of 2014, Columbia Property Trust revised its investment strategy for the 180 Park Avenue, #103 Building in Florham Park, New Jersey, to sell the property to a user in the near term. As a result, management reduced its intended holding period for the building and reevaluated the property's carrying value as of March 31, 2014,

pursuant to the accounting policy outlined above. Columbia Property Trust concluded that the 180 Park Avenue, #103 Building was not recoverable and reduced its carrying value to reflect its fair value, estimated based on recently quoted market prices (Level 2), by recording an impairment loss of approximately \$13.6 million in the first quarter of 2014. The sale of the 180 Park Avenue, #103 Building closed on June 4, 2014 for \$10.2 million, exclusive of transaction costs.

In the second quarter of 2014, Columbia Property Trust decided to pursue a near-term sale of the 200 South Orange Building (formerly known as the SunTrust Building) in Orlando, Florida in connection with exiting this market. As a result, management

Table of Contents

reduced its intended holding period for the building and reevaluated the property's carrying value in the second quarter of 2014. In connection with negotiating the terms of the sale, Columbia Property Trust reduced the carrying value of the 200 South Orange Building to reflect fair value, estimated based on an approximate net contract price of \$18.4 million (Level 1), by recording an impairment loss of \$1.4 million in the second quarter. The sale of the 200 South Orange Building closed on June 30, 2014 for \$18.4 million, net of transaction costs.

The fair value measurements used in the evaluation of the 120 Eagle Rock property and the 333 & 777 Republic Drive property are considered to be Level 3 valuations within the fair value hierarchy outlined above, as there are significant unobservable inputs. Examples of inputs that were utilized in the fair value calculations include estimated holding periods, discount rates, market capitalization rates, expected lease rental rates, and potential sales prices. The table below represents the detail of the adjustments recognized using Level 3 inputs.

For the nine months ended September 30, 2013 (in thousands):

Property	Net Book Value	Impairment Loss Recognized	Fair Value
120 Eagle Rock	\$23,808	\$(11,708)) \$12,100
333 & 777 Republic Drive	\$13,359	\$(5,159)) \$8,200
Assets Held for Sale			

Columbia Property Trust classifies assets as held for sale according to ASC 360, Accounting for the Impairment or Disposal of Long-Lived Assets ("ASC 360"). According to ASC 360, assets are considered held for sale when the following criteria are met:

• Management, having the authority to approve the action, commits to a plan to sell the property.

• The property is available for immediate sale in its present condition subject only to terms that are usual and customary for sales of such property.

• An active program to locate a buyer and other actions required to complete the plan to sell the property have been initiated.

• The sale of the property is probable, and transfer of the property is expected to qualify for recognition as a completed sale, within one year.

• The property is being actively marketed for sale at a price that is reasonable in relation to its current fair value.

• Actions required to complete the plan indicate that it is unlikely that significant changes to the plan will be made or that the plan will be withdrawn.

At such time that a property is determined to be held for sale, its carrying amount is reduced to the lower of its depreciated book value or its estimated fair value, less costs to sell, and depreciation is no longer recognized. As of September 30, 2014, the Lenox Park Property met the criteria to be classified as held for sale in the accompanying balance sheet. See Note 3, Real Estate and Other Transactions, for discussion of this disposition.

Table of Contents

Intangible Assets and Liabilities Arising from In-Place Leases where Columbia Property Trust is the Lessor

Upon the acquisition of real properties, Columbia Property Trust allocates the purchase price of properties to tangible assets, consisting of land, building, site improvements, and identified intangible assets and liabilities, including the value of in-place leases, based in each case on Columbia Property Trust's estimate of their fair values in accordance with ASC 820 (see Fair Value Measurements section above for additional detail). As of September 30, 2014 and December 31, 2013, Columbia Property Trust had the following gross intangible in-place lease assets and liabilities (in thousands):

	Intangible Lease Assets Above-Market In-Place Lease Assets	Absorption Period Costs	Intangible Lease Origination Costs	Intangible Below-Market In-Place Lease Liabilities
September 30, 2014 Gross	\$79,982	\$406,121	\$359,557	\$164,700
Accumulated Amortization	(60,364)	(243,510)	(229,722)	(82,475)
Net	\$19,618	\$162,611	\$129,835	\$82,225
December 31, 2013 Gross	\$80,836	\$388,686	\$365,487	\$150,364
Accumulated Amortization	(56,859)	(229,065)	(216,598)	(76,500)
Net	\$23,977	\$159,621	\$148,889	\$73,864

Columbia Property Trust recognized the following amortization of intangible lease assets and liabilities (in thousands):

	Intangible Lease Assets Above-Market In-Place Lease Assets	Absorption Period Costs	Intangible Lease Origination Costs	Intangible Below-Market In-Place Lease Liabilities
For the three months ended September 30, 2014	\$1,333	\$8,979	\$8,232	\$3,754
For the three months ended September 30, 2013	\$1,487	\$9,728	\$9,957	\$3,640
For the nine months ended September 30, 2014	\$4,039	\$26,230	\$25,105	\$10,613
For the nine months ended September 30, 2013	\$4,626	\$29,783	\$29,898	\$11,071

The remaining net intangible assets and liabilities as of September 30, 2014, will be amortized as follows (in thousands):

	Intangible Lease Assets Above-Market In-Place Lease Assets	Absorption Period Costs	Intangible Lease Origination Costs	Intangible Below-Market In-Place Lease Liabilities
For the three months ended December 31, 2014	\$1,332	\$11,662	\$8,595	\$4,927
For the years ending December 31:				
2015	4,492	37,772	30,602	17,349
2016	3,760	27,919	23,765	12,404
2017	1,891	19,486	16,951	8,570
2018	1,087	14,635	12,233	6,950
2019	1,047	13,132	11,021	6,235
Thereafter	6,009	38,005	26,668	25,790
	\$19,618	\$162,611	\$129,835	\$82,225

Intangible Assets and Liabilities Arising from In-Place Leases where Columbia Property Trust is the Lessee

In-place ground leases where Columbia Property Trust is the lessee may have value associated with effective contractual rental rates that are above or below market rates at the time of execution or assumption. Such values are calculated based on the present value (using a discount rate that reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to the in-place lease and (ii) management's estimate of fair market lease rates for the corresponding in-place lease at the time of execution or assumption,

measured over a period equal to the remaining terms of the leases. The

Table of Contents

capitalized above-market and below-market in-place lease values are recorded as intangible lease liabilities and assets, respectively, and are amortized as an adjustment to property operating cost over the remaining term of the respective leases. Columbia Property Trust had gross below-market lease assets of approximately \$110.7 million as of September 30, 2014 and December 31, 2013, and recognized amortization of these assets of approximately \$0.5 million for the three months ended September 30, 2014 and 2013, and \$1.6 million for the nine months ended September 30, 2014 and 2013.

As of September 30, 2014, the remaining net below-market lease asset will be amortized as follows (in thousands):

For the three months ended December 31, 2014	\$517
For the years ending December 31:	
2015	2,069
2016	2,069
2017	2,069
2018	2,069
2019	2,069
Thereafter	85,209
	\$96,071

Prepaid Expenses and Other Assets

Prepaid expenses and other assets primarily are comprised of escrow accounts held by lenders to pay future real estate taxes, insurance and tenant improvements, notes receivable, nontenant receivables, prepaid taxes, insurance and operating costs, certain corporate assets, hotel inventory, and deferred tax assets. Prepaid expenses and other assets will be expensed as incurred or reclassified to other asset accounts upon being put into service in future periods.

Deferred Lease Costs

Deferred lease costs are comprised of costs incurred to procure leases, which are capitalized and recognized as amortization expense on a straight-line basis over the terms of the lease. Such costs are capitalized and recognized as operating expenses over the lease term. Columbia Property Trust recognized amortization of deferred lease costs of approximately \$2.9 million and \$3.5 million for the three months ended September 30, 2014 and 2013, respectively, and \$9.2 million and \$10.0 million for the nine months ended September 30, 2014 and 2013, respectively, the majority of which is recorded as amortization expense. Upon receiving notification of a tenant's intention to terminate a lease, unamortized deferred lease costs are amortized over the shortened lease period.

Interest Rate Swap Agreements

Columbia Property Trust enters into interest rate swap contracts to mitigate its interest rate risk on the related financial instruments. Columbia Property Trust does not enter into derivative or interest rate swap transactions for speculative purposes; however, certain of its derivatives may not qualify for hedge accounting treatment. Columbia Property Trust records the fair value of its interest rate swaps either as prepaid expenses and other assets or as accounts payable, accrued expenses, and accrued capital expenditures. Changes in the fair value of the effective portion of interest rate swaps that are designated as cash flow hedges are recorded as other comprehensive income, while changes in the fair value of the ineffective portion of a hedge, if any, is recognized currently in earnings. Changes in the fair value of interest rate swaps that do not qualify for hedge accounting treatment are recorded as gain (loss) on interest rate swaps. Amounts received or paid under interest rate swap agreements are recorded as interest expense for contracts that qualify for hedge accounting treatment and as gain (loss) on interest rate swaps for contracts that do not qualify for hedge accounting treatment.

Table of Contents

The following tables provide additional information related to Columbia Property Trust's interest rate swaps (in thousands):

Instrument Type	Balance Sheet Classification	Estimated Fair Value as of	
		September 30, 2014	December 31, 2013
Derivatives designated as hedging instruments:			
Interest rate contracts	Accounts payable	\$ (2,246)	\$ (3,307)
Derivatives not designated as hedging instruments:			
Interest rate contracts	Accounts payable	\$ (3,955)	\$ (7,579)

Columbia Property Trust applied the provisions of ASC 820 in recording its interest rate swaps at fair value. The fair values of the interest rate swaps, classified under Level 2, were determined using a third-party proprietary model that is based on prevailing market data for contracts with matching durations, current and anticipated London Interbank Offered Rate ("LIBOR") information, and reasonable estimates about relevant future market conditions. Columbia Property Trust has determined that the fair value, as determined by the third party, is reasonable. The fair value of Columbia Property Trust's interest rate swaps were \$(6.2) million and \$(10.9) million at September 30, 2014 and December 31, 2013, respectively.

	Three months ended		Nine months ended	
	September 30, 2014	2013	September 30, 2014	2013
Market value adjustment to interest rate swaps designated as hedging instruments and included in other comprehensive income	\$ 850	\$ (922)	\$ 1,061	\$ 1,795
Loss on interest rate swap recognized through earnings	\$ (28)	\$ (419)	\$ (363)	\$ (198)

During the periods presented, there was no hedge ineffectiveness required to be recognized into earnings on the interest rate swaps that qualified for hedge accounting treatment.

Income Taxes

Columbia Property Trust has elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the "Code"), and has operated as such beginning with its taxable year ended December 31, 2003. To qualify as a REIT, Columbia Property Trust must meet certain organizational and operational requirements, including a requirement to distribute at least 90% of its REIT taxable income, as defined by the Code, to its stockholders. As a REIT, Columbia Property Trust generally is not subject to income tax on income it distributes to stockholders. Columbia Property Trust's stockholder distributions typically exceed its taxable income due to the inclusion of noncash expenses, such as depreciation, in taxable income. As a result, Columbia Property Trust typically does not incur federal income taxes other than as described in the following paragraph. Columbia Property Trust is, however, subject to certain state and local taxes related to the operations of properties in certain locations, which have been provided for in the accompanying consolidated financial statements.

Columbia Property Trust TRS, LLC ("Columbia Property Trust TRS"), Columbia KCP TRS, LLC ("Columbia KCP TRS"), and Columbia Energy TRS, LLC ("Columbia Energy TRS") (collectively, the "TRS Entities") are wholly owned subsidiaries of Columbia Property Trust, are organized as Delaware limited liability companies, and operate, among other things, a full-service hotel. Columbia Property Trust has elected to treat the TRS Entities as taxable REIT subsidiaries. Columbia Property Trust may perform certain additional, noncustomary services for tenants of its buildings through the TRS Entities; however, any earnings related to such services are subject to federal and state income taxes. In addition, for Columbia Property Trust to continue to qualify as a REIT, Columbia Property Trust must limit its investments in taxable REIT subsidiaries to 25% of the value of the total assets. The TRS Entities' deferred tax assets and liabilities represent temporary differences between the financial reporting basis and the tax basis of assets and liabilities based on the enacted rates expected to be in effect when the temporary differences reverse. If applicable, Columbia Property Trust records interest and penalties related to uncertain tax positions as

general and administrative expense in the accompanying consolidated statements of operations.

Table of Contents

Reclassification

Certain prior period amounts have been reclassified to provide additional detail, or to conform with the current-period financial statement presentation, including 2013 discontinued operations (see Note 10, Held for Sale and Discontinued Operations) and historical share and per-share data impacted by the Reverse Stock Split (see Note 7, Equity).

Recent Accounting Pronouncements

In April 2014, Financial Accounting Standards Board (the "FASB") issued Accounting Standards Update 2014-08, Reporting Discontinued Operations and Disclosures of Disposals of Components on an Entity ("ASU 2014-08"), which raises the threshold used to determine whether revenues and expenses associated with dispositions are reclassified to discontinued operations in the statement of operations. Under the new standard, typical asset sales will remain in continuing operations; whereas, asset sales that represent a strategic shift in operations (for example, exiting a major geographical area) would be reclassified to discontinued operations. ASU 2014-08 is required beginning with the first quarter of 2015; however, Columbia Property Trust elected to adopt the new standard effective April 1, 2014. In May 2014, the FASB issued Accounting Standards Update 2014-09, Revenue from Contracts with Customers ("ASU 2014-09"), which establishes a comprehensive model to account for revenue arising from contracts with customers. ASU 2014-09 applies to all contracts with customers except those that are within the scope of other topics in the FASB's Accounting Standards Codification such as real estate leases. ASU 2014-09 will require companies to perform a five-step analysis of transactions to determine when and how revenue is recognized. ASU 2014-09 will be effective for Columbia Property Trust beginning on January 1, 2017, and early adoption is not permitted. Columbia Property Trust is currently in the process of evaluating the potential impact, if any, ASU 2014-09 will have on its financial statements and disclosures.

3. Real Estate and Other Transactions

Acquisitions

During the nine months ended September 30, 2014, Columbia Property Trust acquired the following properties (in thousands):

	221 Main	650 California
	Street Building	Street Building
Location	San Francisco, CA	San Francisco, CA
Date Acquired	April 22, 2014	September 9, 2014
Purchase price:		
Land	\$60,509	\$75,384
Building and Improvements	161,853	221,135
Intangible lease assets	12,776	19,306
Intangible lease origination costs	3,475	4,290
Intangible below market lease liability	(10,323)	(9,908)
Total purchase price	\$228,290	\$310,207

Note 2, Summary of Significant Accounting Policies, provides a discussion of the estimated useful life for each asset class.

221 Main Street Building

On April 22, 2014, Columbia Property Trust acquired the 221 Main Street Building, a 388,000 square foot office building in San Francisco, California, for \$228.8 million, exclusive of transaction costs. The acquisition was funded with a \$73.0 million assumed mortgage note, \$116.0 million of borrowings on the JPMorgan Credit Facility, and cash on hand. Columbia Property Trust recognized revenues of \$7.9 million and a net loss of \$9.4 million from the 221 Main Street Building acquisition for the period from April 22, 2014 to September 30, 2014. The net loss includes acquisition-related expenses of \$6.1 million.

As of the acquisition date, the 221 Main Street Building was 82.8% leased to 40 tenants, including DocuSign, Inc. (16%), and no other tenants lease more than 10% of the building based on annualized lease revenue.

Table of Contents**650 California Street Building**

On September 9, 2014, Columbia Property Trust acquired the 650 California Street Building, a 478,000 square foot office building in San Francisco, California, for \$310.2 million, exclusive of transaction costs. The acquisition was funded with a \$130.0 million assumed mortgage note, \$118.0 million of borrowings on the JPMorgan Credit Facility, and cash on hand. Columbia Property Trust recognized revenues of \$1.3 million and a net loss of \$8.3 million from the 650 California Street Building acquisition for the period from September 9, 2014 to September 30, 2014. The net loss includes acquisition-related expenses of \$8.0 million.

As of the acquisition date, the 650 California Street Building was 88.1% leased to 18 tenants, including Littler Mendelson (24%), Credit Suisse (13%), and Goodby Silverstein (11%).

Pro Forma Financial Information

The following unaudited pro forma statements of operations presented for the three and nine months ended September 30, 2014, have been prepared for Columbia Property Trust to give effect to the acquisition of both the 650 California Street Building and the 221 Main Street Building as if the acquisitions occurred on January 1, 2013. The following unaudited pro forma financial results for Columbia Property Trust have been prepared for informational purposes only and are not necessarily indicative of future results or of actual results that would have been achieved had the acquisitions of the 650 California Street Building and the 221 Main Street Building been consummated as of January 1, 2013 (in thousands).

	Three months ended		Nine months ended	
	September 30,		September 30,	
	2014	2013	2014	2013
Revenues	\$139,884	\$137,818	\$416,234	\$322,857
Net income (loss)	\$29,751	\$3,727	\$33,892	\$(46,628)
Net income (loss) per share - basic	\$0.24	\$0.03	\$0.27	\$(0.34)
Net income (loss) per share - diluted	\$0.24	\$0.03	\$0.27	\$(0.34)

Dispositions

As a result of adopting ASU 2014-08 effective April 1, 2014 (see Note 2, Significant Accounting Policies), for all periods presented in the accompanying consolidated statements of operations, the revenues and expenses associated with the second and third quarter 2014 property sales described below are included in continuing operations, while the revenues and expenses associated with sales executed before April 1, 2014, are classified as discontinued operations.

180 Park Avenue, #103 Building

On June 4, 2014, Columbia Property Trust closed on the sale of the 180 Park Avenue, #103 Building in Florham Park, New Jersey, for \$10.2 million, exclusive of transaction costs. Columbia Property Trust recognized an impairment loss of \$13.6 million related to this building in the first quarter of 2014, as further described in Note 2, Significant Accounting Policies.

200 South Orange Building

On June 30, 2014, Columbia Property Trust closed on the sale of the 200 South Orange Building in Orlando, Florida, for \$18.8 million, exclusive of transaction costs. This transaction resulted in a \$1.4 million impairment loss in the second quarter of 2014, as further described in Note 2, Significant Accounting Policies.

7031 Columbia Gateway Drive Building

On July 1, 2014, Columbia Property Trust closed on the sale of the 7031 Columbia Gateway Drive Building in Columbia, Maryland, for \$59.5 million, exclusive of transaction costs, yielding a gain on sale of real estate assets of \$7.8 million in the third quarter of 2014.

9 Technology Drive Building

On August 22, 2014, Columbia Property Trust closed on the sale of the 9 Technology Drive Building in Westborough, Massachusetts, for \$47.0 million, exclusive of purchase price adjustments and transaction costs, yielding a gain on sale of real estate assets of \$10.8 million in the third quarter of 2014.

Table of Contents

Lenox Park Property

On October 3, 2014, Columbia Property Trust closed on the sale of the five buildings comprising the Lenox Park Property in Atlanta, Georgia, for \$290.0 million, exclusive of transaction costs, yielding a gain on sale of real estate assets of approximately \$56.6 million, which will be reflected in the fourth quarter and may be adjusted in future periods as additional information regarding estimated transaction costs becomes available. As of September 30, 2014, the assets and liabilities of the Lenox Park Property are classified as held for sale in the accompanying balance sheet.

Other Transactions

As described in Note 9, Related-Party Transactions and Agreements, Columbia Property Trust acquired Columbia Property Trust Advisory Services, LLC ("Columbia Property Trust Advisory Services") and Columbia Property Trust Services, LLC ("Columbia Property Trust Services") on February 28, 2013. The following unaudited pro forma statements of operations presented for the nine months ended September 30, 2013, have been prepared for Columbia Property Trust to give effect to the acquisitions of Columbia Property Trust Advisory Services and Columbia Property Trust Services as if the acquisitions occurred on January 1, 2013. The following unaudited pro forma financial results for Columbia Property Trust have been prepared for informational purposes only and are not necessarily indicative of future results or of actual results that would have been achieved had the acquisitions of Columbia Property Trust Advisory Services and Columbia Property Trust Services been consummated as of January 1, 2013 (in thousands).

	Three months ended		Nine months ended	
	September 30,		September 30,	
	2014	2013	2014	2013
Revenues	*	*	*	\$394,313
Net income	*	*	*	\$36,570

* Columbia Property Trust owned Columbia Property Trust Advisory Services and Columbia Property Trust Services for all of the three months ended September 30, 2014 and 2013, and the nine months ended September 30, 2014.

4. Line of Credit and Notes Payable

As of September 30, 2014 and December 31, 2013, Columbia Property Trust had the following line of credit and notes payable indebtedness (excluding bonds payable; see Note 5, Bonds Payable) in thousands:

Facility	September 30, 2014	December 31, 2013
\$450 Million Term Loan	\$450,000	\$450,000
Market Square Buildings mortgage note	325,000	325,000
333 Market Street Building mortgage note	206,999	207,559
JPMorgan Chase Credit Facility	150,000	—
650 California Street Building mortgage note	130,000	—
100 East Pratt Street Building mortgage note	105,000	105,000
221 Main Street Building mortgage note	73,000	—
263 Shuman Boulevard Building mortgage note	49,000	49,000
SanTan Corporate Center mortgage notes	39,000	39,000
One Glenlake Building mortgage note	32,748	34,713
215 Diehl Road Building mortgage note	21,000	21,000
544 Lakeview Building mortgage note	9,077	8,977
Total indebtedness	\$1,590,824	\$1,240,249

221 Main Street Building Mortgage Note

In April 2014, in connection with acquiring the 221 Main Street Building in San Francisco, California, Columbia Property Trust assumed a \$73.0 million mortgage note payable (the "221 Main Street Building Mortgage Note"), which is secured by the property. At the time of acquisition, Columbia Property Trust evaluated the 221 Main Street Building Mortgage Note and determined that the face value of the note approximates its fair value. The fair value of the 221 Main Street Building mortgage note was estimated

Table of Contents

by obtaining estimates for similar facilities from multiple market participants as of the respective reporting dates (Level 2). The 221 Main Street Building Mortgage Note is due on May 10, 2017, and requires monthly interest-only payments at an interest rate of 3.95% per annum.

650 California Street Building Mortgage Note

In September 2014, in connection with acquiring the 650 California Street Building in San Francisco, California, Columbia Property Trust assumed a \$130.0 million mortgage note payable (the "650 California Street Building Mortgage Note"), which is secured by the property. At the time of acquisition, Columbia Property Trust evaluated the 650 California Street Building Mortgage Note and determined that the face value of the note approximates its fair value. The fair value of the 650 California Street Building mortgage note was estimated by obtaining estimates for similar facilities from multiple market participants as of the respective reporting dates (Level 2). The 650 California Street Building Mortgage Note is due on July 1, 2019. Through June 2015, the 650 California Street Building Mortgage Note requires monthly, interest-only payments at an interest rate of 3.60% per annum. Beginning in July 2015, monthly payments will be \$591,000 monthly (\$7.1 million annually), consisting of principal and interest.

Fair Value of Debt

The estimated fair value of Columbia Property Trust's line of credit and notes payable as of September 30, 2014 and December 31, 2013, was approximately \$1,618.4 million and \$1,245.3 million, respectively. Columbia Property Trust estimated the fair value of its JPMorgan Chase Credit Facility (the "JPMorgan Chase Credit Facility") by obtaining estimates for similar facilities from multiple market participants as of the respective reporting dates. Therefore, the fair values determined are considered to be based on observable market data for similar instruments (Level 2). The fair values of all other debt instruments were estimated based on discounted cash flow analyses using the current incremental borrowing rates for similar types of borrowing arrangements as of the respective reporting dates. The discounted cash flow method of assessing fair value results in a general approximation of value, and such value may never actually be realized.

Interest Paid and Debt Covenants

During the nine months ended September 30, 2014 and 2013, Columbia Property Trust made interest payments of approximately \$40.9 million and \$45.6 million, respectively. There was no interest capitalized in either period. As of September 30, 2014, Columbia Property Trust believes it was in compliance with the restrictive financial covenants on its \$450 Million Term Loan (the "\$450 Million Term Loan"), JPMorgan Chase Credit Facility, and notes payable obligations.

5. Bonds Payable

In 2011, Columbia Property Trust OP issued \$250.0 million of seven-year, unsecured 5.875% senior notes at 99.295% of their face value (the "2018 Bonds Payable"), which are guaranteed by Columbia Property Trust. Columbia Property Trust OP received proceeds from the 2018 Bonds Payable, net of fees, of \$246.7 million. The 2018 Bonds Payable require semi-annual interest payments in April and October based on a contractual annual interest rate of 5.875%, which is subject to adjustment in certain circumstances. In the accompanying consolidated balance sheets, the 2018 Bonds Payable are shown net of the initial issuance discount of approximately \$1.8 million, which is amortized to interest expense over the term of the 2018 Bonds Payable using the effective interest method. The principal amount of the 2018 Bonds Payable is due and payable on the maturity date, April 1, 2018. Interest payments of \$7.3 million were made on the 2018 Bonds Payable during the nine months ended September 30, 2014 and 2013. As of September 30, 2014, Columbia Property Trust believes it was in compliance with the restrictive covenants on the 2018 Bonds Payable.

The estimated fair value of the 2018 Bonds Payable as of September 30, 2014, and December 31, 2013, was approximately \$250.8 million. The fair value of the 2018 Bonds Payable was estimated based on discounted cash flow analyses using the current incremental borrowing rates for similar types of borrowing as the 2018 Bonds Payable arrangements as of the respective reporting dates (Level 2). The discounted cash flow method of assessing fair value results in a general approximation of value, and such value may never actually be realized.

6. Commitments and Contingencies

Commitments Under Existing Lease Agreements

Certain lease agreements include provisions that, at the option of the tenant, may obligate Columbia Property Trust to expend capital to expand an existing property or provide other expenditures for the benefit of the tenant. As of September 30, 2014, no such options have been exercised that have not been materially satisfied.

Table of Contents

Litigation

Columbia Property Trust is subject to various legal proceedings, claims, and administrative proceedings arising in the ordinary course of business, some of which are expected to be covered by liability insurance. Management makes assumptions and estimates concerning the likelihood and amount of any reasonably possible loss relating to these matters using the latest information available. Columbia Property Trust records a liability for litigation if an unfavorable outcome is probable and the amount of loss or range of loss can be reasonably estimated. If an unfavorable outcome is probable and a reasonable estimate of the loss is a range, Columbia Property Trust accrues the best estimate within the range. If no amount within the range is a better estimate than any other amount, Columbia Property Trust accrues the minimum amount within the range. If an unfavorable outcome is probable but the amount of the loss cannot be reasonably estimated, Columbia Property Trust discloses the nature of the litigation and indicates that an estimate of the loss or range of loss cannot be made. If an unfavorable outcome is reasonably possible and the estimated loss is material, Columbia Property Trust discloses the nature and estimate of the possible loss of the litigation. Columbia Property Trust does not disclose information with respect to litigation where the possibility of an unfavorable outcome is considered to be remote. Based on current expectations, such matters, both individually and in the aggregate, are not expected to have a material adverse effect on the liquidity, results of operations, business, or financial condition of Columbia Property Trust. Columbia Property Trust is not currently involved in any legal proceedings of which management would consider the outcome to be reasonably likely to have a material adverse effect on the results of operations, liquidity, or financial condition of Columbia Property Trust.

7. Stockholders' Equity

2013 Long-Term Incentive Plan

Columbia Property Trust maintains a long-term incentive plan that provides for grants of stock to be made to certain employees and independent directors of Columbia Property Trust (the "2013 Long-Term Incentive Plan"). The 2013 Long-Term Incentive Plan was approved by Columbia Property Trust's shareholders in July 2013. A total of 2,000,000 shares are authorized and reserved for issuance under the 2013 Long-Term Incentive Plan.

On January 21, 2014, Columbia Property Trust granted 143,740 shares of common stock to employees, net of 12,752 shares withheld to settle the related tax liability, under the 2013 Long-Term Incentive Plan (the "2013 LTIP Employee Grant"), of which 25% vested upon grant, and the remaining shares will vest ratably, with the passage of time, on January 31, 2015, 2016, and 2017. Employees will receive quarterly dividends related to their entire grant, including the unvested shares, on each dividend payment date. A summary of the activity for the employee stock grants under the 2013 Long-Term Incentive Plan for the nine months ended September 30, 2014, follows:

	Shares (in thousands)	Weighted-Average, Grant-Date Fair Value ⁽¹⁾
Unvested shares as of January 1, 2014	—	\$—
Granted	144	\$24.82
Vested	(36)) \$24.82
Forfeited	(1)) \$24.82
Unvested shares as of September 30, 2014	107	⁽²⁾ \$24.82

⁽¹⁾ Columbia Property Trust determined the weighted-average, grant-date fair value using the market closing price on the date of the grant.

As of September 30, 2014, we expect approximately 101,000 of the 107,000 unvested shares to ultimately vest,

⁽²⁾ assuming a forfeiture rate of 5.0%, which was determined based on peer company data, adjusted for the specifics of the 2013 Long-Term Incentive Plan.

Table of Contents

During 2014, Columbia Property Trust paid quarterly installments of the independent directors' annual equity retainers by granting shares to the independent directors, which vested at the time of grant. In October 2013, Columbia Property Trust paid the annual equity retainer for 2013. A summary of these grants, made under the 2013 Long-Term Incentive Plan, follows:

Date of Grant	Shares	Weighted-Average Grant-Date Fair Value
2014 Director Grants:		
January 21, 2014	3,344	\$24.82
April 1, 2014	2,968	\$27.22
July 1, 2014	3,016	\$25.78
October 1, 2014	4,960	\$23.89
2013 Director Grant:		
September 13, 2013	6,820	\$29.32

For the three and nine months ended September 30, 2014, Columbia Property Trust incurred \$0.5 million and \$1.5 million, respectively, in stock-based compensation expense, of which \$0.1 million and \$0.2 million, respectively, related to the issuance of shares to independent directors as described above, \$0.2 million and \$0.7 million, respectively, related to the amortization of unvested awards under the 2013 LTIP Employee Grant, and \$0.2 million and \$0.6 million, respectively, related to future employee awards to be granted for service during this period. These future awards have been authorized and employee service related to these awards began on January 1, 2014. Columbia Property Trust anticipates granting these awards in January 2015, with 25% of the grant vesting on the grant date and the remaining shares vesting ratably on January 31, 2016, 2017, and 2018 (the "2014 LTIP Employee Grant"). These expenses are included in general and administrative expenses in the accompanying consolidated statement of operations. As of September 30, 2014, there was \$1.9 million of unrecognized compensation costs related to unvested awards under the 2013 LTIP Employee Grant. This amount will be amortized over the respective vesting period, ranging from one to three years at the time of grant.

Reverse Stock Split

On August 6, 2013, Columbia Property Trust's board of directors approved a four-for-one reverse stock split (the "Reverse Stock Split"). The Reverse Stock Split became effective on August 14, 2013 (the "Effective Date"), causing every four shares of common stock that were issued and outstanding as of the Effective Date to be automatically combined into one issued and outstanding share of common stock. The share combination affected all shareholders uniformly and did not affect any shareholder's percentage ownership interest or any shareholder rights. In addition, the par value and number of authorized shares of common stock remained unchanged. The Reverse Stock Split requires retroactive adjustment; therefore, all share and per-share data for prior periods has been adjusted to reflect the Reverse Stock Split.

On July 1, 2014, Columbia Property Trust reduced the number of common shares authorized from 900,000,000 to 225,000,000, which is proportionally equal to the reduction in shares outstanding as a result of the Reverse Stock Split.

Table of Contents

8. Supplemental Disclosures of Noncash Investing and Financing Activities

Outlined below are significant noncash investing and financing activities for the nine months ended September 30, 2014 and 2013 (in thousands):

	Nine months ended	
	September 30,	
	2014	2013
Investment in real estate funded with other assets	\$3,807	\$—
Other assets assumed at acquisition	\$2,493	\$741
Other liabilities assumed at acquisition	\$2,004	\$741
Other liabilities settled at disposition	\$—	\$872
Notes payable assumed at acquisition	\$203,000	\$—
Interest accruing to notes payable	\$—	\$186
Amortization of net premiums (discounts) on debt	\$270	\$270
Market value adjustment to interest rate swaps that qualify for hedge accounting treatment	\$1,061	\$1,795
Accrued capital expenditures and deferred lease costs	\$16,808	\$10,203
Accrued deferred financing costs	\$31	\$7
Common stock issued to employees and directors, and amortized (net of amounts withheld for income taxes)	\$1,197	\$200
Decrease in redeemable common stock	\$—	\$99,526

9. Related-Party Transactions and Agreements

During 2013, Columbia Property Trust was party to agreements with various entities of Wells Real Estate Funds ("WREF"), which served as our Advisor (the "Advisor"). Since January 1, 2014, Columbia Property Trust has had no contractual relationship with WREF.

- Transition Services Agreement - Columbia Property Trust exercised the option to acquire Columbia Property Trust Advisory Services and Columbia Property Trust Services from WREF (the "Assignment Options") on February 13, 2014, as provided for in the Transition Services Agreement, as amended (the "Transition Services Agreement"). No payment was associated with the Assignment Options; however, Columbia Property Trust was required to pay WREF a total of \$8.8 million, for the work required to transfer sufficient employees, proprietary systems and processes, and assets to Columbia Property Trust Advisory Services and Columbia Property Trust Services.

Consulting Services Agreement - Under the Consulting Services Agreement, WREF provided consulting services with respect to the same matters that were provided under the Advisory Agreement, described below (the "Consulting Services Agreement"). The Consulting Services Agreement terminated on December 31, 2013. The fees incurred under the Consulting Services Agreement are included in general and administrative expense in the accompanying consolidated statement of operations.

Advisory Agreement - Under the terms of the advisory agreement in place from January 1, 2013 to February 27, 2013 (the "Advisory Agreement"), Columbia Property Trust incurred fees and reimbursements payable to the Advisor for asset management and administrative services.

Table of Contents

Related-Party Costs

Pursuant to the terms of the agreements described above, Columbia Property Trust incurred the following related-party costs for the three and nine months ended September 30, 2014 and 2013, respectively (in thousands):

	Three months ended		Nine months ended	
	September 30,		September 30,	
	2014	2013	2014	2013
Investor services	\$—	\$269	\$—	\$638
Administrative reimbursements, net ⁽¹⁾	—	37	—	1,928
Consulting fees ⁽²⁾	—	—	—	25,417
Transition services ⁽³⁾	—	—	—	5,750
Asset management fees	—	—	—	5,083
Property management fees	—	—	—	523
Construction fees ⁽⁴⁾	—	—	—	139
Other	—	—	—	69
Total	\$—	\$306	\$—	\$39,547

⁽¹⁾ Administrative reimbursements are presented net of reimbursements from tenants of approximately \$0.7 million for the nine months ended September 30, 2013.

⁽²⁾ \$17.8 million of the \$25.4 million of consulting fees incurred were paid during the nine months ended September 30, 2013. The remaining \$7.6 million was paid during the fourth of 2013.

⁽³⁾ \$4.5 million of the \$5.8 million of transition services fees incurred were paid during the nine months ended September 30, 2013. The remaining \$1.3 million was paid during the fourth quarter of 2013.

⁽⁴⁾ Construction fees are capitalized to real estate assets as incurred.

Table of Contents

10. Held for Sale and Discontinued Operations

Held for Sale

In accordance with GAAP, assets and liabilities that meet certain criteria for disposal are required to be classified as held for sale. As of September 30, 2014, the Lenox Park Property was subject to a firm sale contract and, thus, classified as held for sale in the accompanying consolidated balance sheet. This transaction closed on October 3, 2014, and will be reflected in the fourth quarter of 2014 (see Note 3, Real Estate and Other Transactions).

The major classes of assets and liabilities classified as held for sale as of September 30, 2014, is provided below (in thousands):

	September 30, 2014
Real estate assets held for sale:	
Real estate assets, at cost:	
Land	\$28,858
Buildings and improvements, less accumulated depreciation of \$30,874	163,120
Intangible lease assets, less accumulated amortization of \$15,763	19,153
Total real estate assets held for sale, net	\$211,131
Other assets held for sale:	
Tenant receivables	\$74
Straight-line rent receivable	7,349
Prepaid expenses and other assets	42
Intangible lease origination costs, less accumulated amortization of \$13,631	16,388
Total other assets held for sale, net	\$23,853
Liabilities held for sale:	
Accounts payable, accrued expenses, and accrued capital expenditures	\$10
Intangible lease liabilities, less accumulated amortization of \$2,432	3,027
Total liabilities held for sale, net	\$3,037

Table of Contents

Discontinued Operations

As a result of implementing ASU 2014-08 effective April 1, 2014 (see Note 2, Significant Accounting Policies), beginning in the second quarter of 2014, the operating results for properties sold will generally be included in continuing operations. The following properties were sold prior to implementing ASU 2014-08 and are, therefore, included in discontinued operations in the accompanying consolidated statements of operations for all periods presented:

• the properties included in the 18 Property Sale, which closed on November 5, 2013 for \$521.5 million and resulted in a net gain of \$0.2 million; and

Dvintsev Business Center - Tower B Building, in Moscow, Russia, which sold on March 21, 2013 and its holding entity, Landlink Ltd., which was 100% owned by Columbia Property Trust, for \$67.5 million and resulted in a gain of \$10.0 million in the first quarter of 2013.

The following table shows the revenues and expenses of the above-described discontinued operations (in thousands):

	Three months ended September 30,		Nine months ended September 30,	
	2014	2013	2014	2013

	2014	2013	2014	2013
Weighted-average common shares - basic	124,863	134,668	124,858	135,661
Plus incremental weighted-average shares from time-vested conversions less assumed share repurchases:				
2013 LTIP Employee Grant	29	—	26	—
2014 LTIP Employee Grant	46	—	37	—
Weighted-average common shares - diluted	124,938	134,668	124,921	135,661

12. Financial Information for Parent Guarantor, Other Guarantor Subsidiaries and Non-Guarantor Subsidiaries

The 2018 Bonds Payable (see Note 5, Bonds Payable) were issued by Columbia Property Trust OP, and are guaranteed by Columbia Property Trust. As a result of amending the \$450 Million Term Loan and the JPMorgan Chase Credit Facility in August 2013, all of the indirect and direct subsidiaries of Columbia Property Trust that previously guaranteed the \$450.0 Million Term Loan, the JPMorgan Chase Credit Facility, and the 2018 Bonds Payable were released under customary circumstances as guarantors, which resulted in the reclassification of prior-period amounts from the guarantor to the non-guarantor groupings within the condensed consolidating financial statements to conform with the current period presentation. In accordance with SEC Rule 3-10(c), Columbia Property Trust includes herein condensed consolidating financial information in lieu of separate financial statements of the subsidiary issuer (Columbia Property Trust OP), as defined in the bond indenture, because all of the following criteria are met:

- (1) The subsidiary issuer (Columbia Property Trust OP) is 100% owned by the parent company guarantor (Columbia Property Trust);
- (2) The guarantees are full and unconditional; and
- (3) The guarantees are joint and several.

Columbia Property Trust uses the equity method with respect to its investment in subsidiaries included in its condensed consolidating financial statements. Set forth below are Columbia Property Trust's condensed consolidating balance sheets as of September 30, 2014 and December 31, 2013 (in thousands), as well as its condensed consolidating statements of operations and its condensed consolidating statements of comprehensive income for the three and nine months ended September 30, 2014 and 2013 (in thousands); and its condensed consolidating statements of cash flows for the nine months ended September 30, 2014 and 2013 (in thousands).

13. Subsequent Event

Columbia Property Trust has evaluated subsequent events in connection with the preparation of the consolidated financial statements and notes thereto included in this report on Form 10-Q and noted the following in addition to those disclosed elsewhere in this report:

Property Disposition

On October 3, 2014, Columbia Property Trust closed on the disposition of the Lenox Park Property. This disposition is described in Note 3, Real Estate and Other Transactions.

ITEM MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF
2. OPERATIONS

The following discussion and analysis should be read in conjunction with our accompanying consolidated financial statements (and notes thereto) and the "Cautionary Note Regarding Forward-Looking Statements" preceding Part I of this report, as well as our consolidated financial statements (and the notes thereto) and Management's Discussion and Analysis of Financial Condition and Results of Operations included in our 2013 Form 10-K.

Overview

This year, we have continued to focus on improving our market concentration by growing our economic presence in key markets through strategic investment opportunities, and by divesting of properties situated in outlying markets, or which face more challenging appreciation prospects. We recently acquired two properties in San Francisco, California, the 221 Main Street Building for \$228.8 million in April 2014, and the 650 California Street Building for \$310.2 million in September 2014. We sold four smaller properties in outlying markets for total gross proceeds of \$135.5 million in the first three quarters of 2014, and sold another single-tenant asset in Atlanta for \$290.0 million in October 2014.

As a result of these capital recycling transactions, we have improved our concentration in key markets and central business districts, as well as reduced our exposure to single-tenant assets. Over the intermediate and longer term, we are continuing to seek to optimize the allocation between our traditional, stabilized core investments, and growth-oriented, core-plus, and value-add investments. While transitioning the portfolio to more growth-oriented, core-plus, and value-add properties is likely to cause some dilution in earnings for a period of time, we believe that it will improve the opportunity for growth over the longer term.

Liquidity and Capital Resources

Overview

Cash flows generated from the operation of our properties are primarily used to fund dividends to our stockholders and recurring expenditures. Our board of directors elected to maintain the quarterly stockholder distribution rate of \$0.30 per share for the third quarter of 2014. The amount of distributions to common stockholders is determined by our board of directors and is dependent upon a number of factors, including funds deemed available for distribution based principally on our current and future projected operating cash flows, reduced by capital requirements necessary to maintain our existing portfolio. In determining the amount of distributions to common stockholders, we also consider our future capital needs and future sources of liquidity, as well as the annual distribution requirements necessary to maintain our status as a REIT under the Code. Investments in new property acquisitions and first-generation capital improvements are generally funded with recycled capital proceeds from property sales, debt, or cash on hand.

Short-term Liquidity and Capital Resources

During the nine months ended September 30, 2014, we generated net cash flows from operating activities of \$171.1 million, which consists primarily of receipts from tenants for rent and reimbursements, reduced by payments for operating costs, administrative expenses, and interest expense. During the same period, we paid total distributions to stockholders of \$112.5 million.

During the nine months ended September 30, 2014, we acquired two properties in San Francisco, California, for an aggregate of \$539.0 million by assuming two mortgage notes totaling \$203.00 million and funding the balance with a combination of cash on hand and borrowings under our line of credit. During the same period, we sold four properties for total gross proceeds of \$135.5 million, and increased borrowings under our line of credit to \$150.0 million. On

October 3, 2014, we sold a fifth property for gross proceeds of \$290.0 million, which were used to fully repay our line of credit the same day.

On a short-term basis, we expect our primary sources of capital to be operating cash flows and select property dispositions. We expect that our principal demands for funds will be operating expenses, property acquisitions, distributions to stockholders, capital

Table of Contents

improvements to our existing assets, and interest and principal on current debt and any future debt financings. We believe that we have adequate liquidity and capital resources to meet our current obligations as they come due. We listed our shares on the New York Stock Exchange on October 10, 2013, which, we believe, provides us access to additional and more efficient sources of capital. As of October 24, 2014, we had access to the full borrowing capacity under the JPMorgan Credit Facility of \$500.0 million.

Long-term Liquidity and Capital Resources

Over the long term, we expect that our primary sources of capital will include operating cash flows, select property dispositions, and proceeds from secured or unsecured borrowings from third-party lenders. We expect that our primary uses of capital will continue to include stockholder distributions; acquisitions; capital expenditures, such as building improvements, tenant improvements, and leasing costs; and repaying or refinancing debt.

Consistent with our financing objectives and operational strategy, we continue to maintain low debt levels, historically less than 40% of the cost of our assets. This conservative leverage goal could reduce the amount of current income we can generate for our stockholders, but it also reduces their risk of loss. We believe that preserving investor capital while generating stable current income is in the best interest of our stockholders. Our debt-to-real-estate-asset ratio is calculated using the outstanding debt balance and real estate at cost. As of September 30, 2014, our debt-to-real-estate-asset ratio was approximately 33.5%.

Universal Shelf Registration Statement

On September 15, 2014, we filed a universal shelf registration statement on Form S-3 (No. 333-198764) with the Securities and Exchange Commission (the "Universal Shelf Registration Statement"), which was effective upon filing. The Universal Shelf Registration Statement provides us with future flexibility to offer, from time to time and in one or more offerings, debt securities, common stock, preferred stock, depositary shares, warrants, or any combination thereof. The terms of any such future offerings would be established at the time of an offering.

JPMorgan Chase Credit Facility

The JPMorgan Chase Credit Facility has a capacity of \$500 million and matures on August 21, 2017, with a one-year extension option. As of September 30, 2014, we had an outstanding balance of \$150.0 million on the JPMorgan Chase Credit Facility, which was repaid on October 3, 2014. Amounts outstanding under the JPMorgan Chase Credit Facility bear interest at LIBOR, plus an applicable margin ranging from 1.00% to 1.70% for LIBOR borrowings, or an applicable base rate, plus an applicable margin ranging from 0.00% to 0.70% for base rate borrowings, based on our applicable credit rating. The per annum facility fee on the aggregate revolving commitment (used or unused) ranges from 0.15% to 0.35%, also based on our applicable credit rating. Additionally, we have the ability to increase the capacity of the JPMorgan Chase Credit Facility up to \$800.0 million, subject to certain limitations.

\$450 Million Term Loan

The \$450 Million Term Loan matures on February 3, 2016, with two, one-year extension options available. The interest rate on the \$450 Million Term Loan continues to be effectively fixed with an interest rate swap agreement. Based on the terms of the interest rate swap and our current credit rating, the interest rate on the \$450 Million Term Loan is effectively fixed at 2.27%. Additionally, we have the ability to increase the borrowing capacity of the \$450 Million Term Loan up to \$700.0 million, subject to certain limitations.

2018 Bonds Payable

In 2011, we issued \$250.0 million of seven-year, unsecured 5.875% senior notes at 99.295% of their face value. We received proceeds from the 2018 Bonds Payable, net of fees, of \$246.7 million. The 2018 Bonds Payable require semiannual interest payments in April and October based on a contractual annual interest rate of 5.875%, which is subject to adjustment in certain circumstances. The principal amount of the 2018 Bonds Payable is due and payable on the maturity date, April 1, 2018.

Debt Covenants

Our portfolio debt instruments, the \$450 Million Term Loan, the JPMorgan Chase Credit Facility, and the 2018 Bonds Payable, contain certain covenants and restrictions that require us to meet certain financial ratios. We believe we were in compliance with all of our debt covenants as of September 30, 2014. Currently, we expect to continue to be able to meet the requirements of our debt covenants over the short and long term.

Table of Contents

Contractual Commitments and Contingencies

As of September 30, 2014, our contractual obligations will become payable in the following periods (in thousands):

Contractual Obligations	Total	2014	2015-2016	2017-2018	Thereafter

Operating lease obligations	216,715	639	5,114	5,434	205,528
Total	\$2,474,649	\$29,807	\$838,908	\$757,901	\$848,033

Interest obligations on variable-rate debt are measured at the rate at which they are effectively fixed with interest rate swap agreements (where applicable), a portion of which is reflected as gain on interest rate swaps in our

(1) accompanying consolidated statements of operations. Interest obligations on all other debt are measured at the contractual rate. See Item 3, Quantitative and Qualitative Disclosure About Market Risk, for more information regarding our interest rate swaps.

Amounts include principal obligations only. We made interest payments on these obligations of \$5.4 million

(2) during the nine months ended September 30, 2014, all of which was funded with interest income earned on the corresponding investments in development authority bonds. These obligations will be fully satisfied at maturity with equivalent investments in development authority bonds.

Results of Operations

Overview

As of September 30, 2014, we owned controlling interests in 36 office properties, which were approximately 93.5% leased, and one hotel. Our operating income has increased for the nine months ended September 30, 2014, as compared to the same period in 2013, due to nonrecurring fees incurred in the first quarter of 2013 in connection with transitioning to a self-managed platform, partially offset by fees and expenses incurred in connection with the 2014 acquisitions of the 650 California Street Building and the 221 Main Street Building and impairment charges related to properties sold in 2014. In the near term, we expect operating income to fluctuate primarily based on leasing activities, acquisitions, and dispositions.

Comparison of the three months ended September 30, 2014 versus the three months ended September 30, 2013

Continuing Operations

Rental income was \$104.9 million for the three months ended September 30, 2014, which represents an increase as compared to \$101.9 million for the three months ended September 30, 2013, primarily due to the acquisitions of the 650 California Street Building and the 221 Main Street Building, partially offset by properties sold during 2014. We expect rental income to fluctuate based on leasing, acquisition, and disposition activity.

Tenant reimbursements and property operating costs were \$23.9 million and \$41.1 million, respectively, for the three months ended September 30, 2014, which represents a slight increase as compared to \$23.1 million and \$39.8 million, respectively, for the three months ended September 30, 2013, as the impact of recent acquisitions is substantially offset by dispositions. Tenant reimbursements and property operating costs are expected to fluctuate with changes in our portfolio.

Hotel income, net of hotel operating costs, was \$1.7 million for the three months ended September 30, 2014, which represents a decrease as compared to \$2.1 million for the three months ended September 30, 2013, due to repairs and maintenance and other non-recurring expenses. Hotel income and hotel operating costs are primarily driven by the local economic conditions and, as a result, are expected to fluctuate in the future primarily based on changes in the supply of, and demand for, hotel and banquet space in Cleveland, Ohio, similar to that offered by the Key Center Marriott hotel.

Other property income was \$1.5 million for the three months ended September 30, 2014, which represents an increase as compared to \$0.8 million for the three months ended September 30, 2013, primarily due to fees earned in connection with a lease termination at the 222 East 41st Street Building in 2014. Future other property income is expected to fluctuate primarily as a result of lease restructuring and termination activities.

Asset and property management fees were \$0.7 million for the three months ended September 30, 2014, which represents an increase as compared to \$0.2 million for the three months ended September 30, 2013, due to current year acquisitions. Future asset and property management fees are expected to fluctuate with future acquisition and disposition activity.

Table of Contents

Depreciation was \$30.0 million for the three months ended September 30, 2014, which represents an increase from \$27.2 million for the three months ended September 30, 2013, primarily due to the impact of current year acquisitions and the completion of capital improvements at existing properties. Excluding the impact of changes in our portfolio, depreciation is expected to increase in future periods due to ongoing capital improvements at our existing properties. Amortization was relatively stable at \$19.5 million and \$19.7 million for the three months ended September 30, 2014 and 2013, respectively, as the impact of recent acquisitions is offset by the properties disposed of in the current year. Excluding the impact of changes to the leases currently in place at our properties, we expect future amortization to fluctuate as a result of future acquisitions and dispositions.

General and administrative expenses remained relatively stable at \$7.8 million for the three months ended September 30, 2014, and 2013. We expect general and administrative expenses to fluctuate somewhat in the near-term as we continue to transition to a regionalized investment and asset management platform.

We incurred \$0.8 million in listing costs in the third quarter of 2013 in connection with preparing to list our shares on the New York Stock Exchange on October 10, 2013.

In the third quarter of 2014, we incurred acquisition expenses of \$8.0 million related to the acquisition of the 650 California Building in San Francisco, California. See Note 3, Real Estate and Other Transactions, of the accompanying financial statements for details of this acquisition. We expect future acquisition fees and expenses to fluctuate with acquisition activity.

Interest expense was \$19.3 million for the three months ended September 30, 2014, which represents a decrease as compared to \$26.6 million for the three months ended September 30, 2013, primarily due to settling \$466.0 million of our \$586.0 million total capital lease obligations, and the related and offsetting development authority bond investments, in December 2013. Interest expense is expected to fluctuate with future acquisitions and financing activities.

Interest and other income was \$1.8 million for the three months ended September 30, 2014, which represents a decrease as compared to \$9.1 million for the three months ended September 30, 2013, due to the December 2013 settlement of \$466.0 million of the \$586.0 million total development authority bonds, and the related and offsetting obligations under capital leases. Interest income is expected to remain at comparable levels in future periods, as the majority of this income is earned on investments in development authority bonds with a remaining term of approximately 7.3 years as of September 30, 2014.

We recognized a loss on interest rate swaps that do not qualify for hedge accounting treatment of approximately \$(28,000) for the three months ended September 30, 2014, compared to \$(419,000) for the three months ended September 30, 2013. We anticipate future gains and losses on interest rate swaps that do not qualify for hedge accounting treatment will fluctuate, primarily due to changes in the estimated fair value of our interest rate swaps relative to then-current market conditions. Market value adjustments to swaps that qualify for hedge accounting treatment are recorded directly to equity, and therefore do not impact net income.

We recognized gains of sales of real estate of \$18.6 million for the three months ended September 30, 2014, resulting from the dispositions of the 7031 Columbia Gateway Drive Building and the 9 Technology Drive Building. See Note 3, Real Estate and Other Transactions, of the accompanying financial statements for details of these dispositions. We expect future gains on sale of real estate assets expenses to fluctuate with disposition activity.

Discontinued Operations

Loss from discontinued operations was \$(0.5) million for the three months ended September 30, 2014, as compared to a loss of \$(9.2) million for the three months ended September 30, 2013. The decrease in discontinued operations is due to the our adoption of ASU 2014-08, which requires only dispositions that represent a strategic shift in our operations be reclassified to discontinued operations. Therefore, the operating results of properties disposed subsequent to April 1, 2014, have not been reclassified to discontinued operations. As further explained in Note 10, Held for Sale and Discontinued Operations, to the accompanying consolidated financial statements, prior to our adoption of ASU 2014-08, properties meeting certain criteria for disposal were classified as "discontinued operations" in the accompanying consolidated statements of operations for all periods presented.

Net Income

Net income was \$25.0 million, or \$0.20 per basic and diluted share, for the three months ended September 30, 2014, which represents an increase as compared to \$4.8 million, or \$0.04 per basic and diluted share, for the three months ended September 30, 2013. The increase is primarily due to the gains resulting from the sales of the 7031 Columbia Gateway Drive Building and the 9 Technology Drive Building, partially offset by fees related to the acquisition of the 650 California Street Building. We expect future earnings to fluctuate as a result of leasing activity at our existing properties and acquisition and disposition activity.

Table of Contents

Comparison of the nine months ended September 30, 2014 versus the nine months ended September 30, 2013
Continuing Operations

Rental income was \$309.3 million for the nine months ended September 30, 2014, which represents an increase as compared with \$306.3 million for the nine months ended September 30, 2013, as the impact of the acquisition of the 221 Main Street Building and the 650 California Street Building was offset by recent dispositions and vacancies at our existing properties. We expect rental income to fluctuate based on leasing, acquisition, and disposition activity.

Tenant reimbursements and property operating costs were \$70.5 million and \$119.0 million, respectively, for the nine months ended September 30, 2014, which represents a relatively slight increase as compared to \$66.6 million and \$114.4 million, respectively, for the nine months ended September 30, 2013, as additional costs related to our recently acquired properties and increased property taxes resulting from annual assessments are partially offset by properties disposed of in late 2013 and 2014. Tenant reimbursements and property operating costs are expected to fluctuate with changes in our portfolio.

Hotel income, net of hotel operating costs, was \$3.4 million for the nine months ended September 30, 2014, which represents a decrease as compared to \$4.5 million for the nine months ended September 30, 2013, primarily due to unfavorable weather in Cleveland, Ohio, and renovations at the hotel, which resulted in lower occupancy during the first quarter of 2014. Hotel income and hotel operating costs are primarily driven by the local economic conditions and, as a result, are expected to fluctuate in the future primarily based on changes in the supply of, and demand for, hotel and banquet space in Cleveland, Ohio, similar to that offered by the Key Center Marriott hotel.

Other property income was \$5.8 million for the nine months ended September 30, 2014, which represents an increase as compared to \$2.0 million for the nine months ended September 30, 2013, primarily due to fees earned in connection with a lease termination at one of the Market Square Buildings and the 222 East 41st Street Building in 2014. Future other property income is expected to fluctuate primarily as a result of lease restructuring and termination activities.

Asset and property management fees were \$1.6 million for the nine months ended September 30, 2014, which represents a decrease as compared to \$6.1 million for the nine months ended September 30, 2013, due to the Advisory Agreement in place for the first two months of 2013 as further discussed in Note 9, Related-Party Transactions and Agreements. Future asset and property management fees are expected to fluctuate with acquisition and disposition activity, as no related-party asset or property management fees will be incurred. Such services are now performed by employees of Columbia Property Trust and, in select markets, third party providers.

Depreciation was \$87.5 million for the nine months ended September 30, 2014, which represents an increase from \$80.8 million for the nine months ended September 30, 2013, due to the impact of current year acquisitions and the completion of certain capital improvements at our existing properties. Excluding the impact of changes in our portfolio, depreciation is expected to increase in future periods due to ongoing capital improvements at our existing properties.

Amortization was relatively stable at \$58.2 million for the nine months ended September 30, 2014, and \$59.6 million for the nine months ended September 30, 2013, as the impact of current year acquisitions is offset by dispositions. Excluding the impact of changes to the leases currently in place at our properties, we expect future amortization to fluctuate as a result of future acquisitions and dispositions.

We revised our investment strategy for the 180 Park Avenue, #103 Building in Florham Park, New Jersey, to sell "as is" in the near term. As a result, we reduced the carrying value of the property to its estimated fair value by recognizing a property impairment loss of \$13.6 million in the first quarter of 2014. In the second quarter of 2014, we decided to pursue a near-term sale of the 200 South Orange Building in Orlando, Florida, in connection with exiting this market. As a result, we reduced the carrying value of this property to fair value, estimated based on its approximate net contract price by recording an impairment loss of \$1.4 million in the second quarter. The sale of the 200 South Orange Building closed on June 30, 2014 for \$18.4 million, net of transaction costs.

General and administrative expenses were \$23.2 million for the nine months ended September 30, 2014, which represents a decrease as compared to \$53.7 million for the nine months ended September 30, 2013, primarily due to the contractual impact of transitioning to a self-managed structure and costs incurred last year related to listing our

shares on the New York Stock Exchange on October 10, 2013 (see Note 9, Related-Party Transactions and Agreements for details). We expect general and administrative expenses to fluctuate somewhat in the near-term as we continue to transition to a regionalized investment and asset management platform.

Table of Contents

We incurred \$0.8 million in listing costs during the nine months ended September 30, 2013 in connection with preparing to list our shares on the New York Stock Exchange on October 10, 2013.

We incurred total acquisition expenses of \$14.1 million for the nine months ended September 30, 2014, \$8.0 million related to the September acquisition of 650 California Street Building in San Francisco, California, and \$6.1 million related to the April acquisition of the 221 Main Street Building in San Francisco, California. See Note 3, Real Estate and Other Transactions, of the accompanying financial statements for details of this acquisition. We expect future acquisition fees and expenses to fluctuate with acquisition activity.

Interest expense was \$56.0 million for the nine months ended September 30, 2014, which represents a decrease as compared to \$78.8 million for the nine months ended September 30, 2013, primarily due to settling \$466.0 million of our \$586.0 million total capital lease obligations, and the related and offsetting development authority bond investments, in December 2013. Interest expense is expected to fluctuate with future acquisitions and financing activities.

Interest and other income was \$5.4 million for the nine months ended September 30, 2014, which represents a decrease as compared to \$27.3 million for the nine months ended September 30, 2013, due to the December 2013 settlement of \$466.0 million of the \$586.0 million total development authority bonds, and the related and offsetting obligations under capital leases. Interest income is expected to remain at comparable levels in future periods, as the majority of this activity consists of interest income earned on investments in development authority bonds with a remaining term of approximately 7.3 years as of September 30, 2014.

We recognized a loss on interest rate swaps that do not qualify for hedge accounting treatment of approximately \$(0.4) million for the nine months ended September 30, 2014, compared to a loss of \$(0.2) million for the nine months ended September 30, 2013. We anticipate future gains and losses on interest rate swaps that do not qualify for hedge accounting treatment will fluctuate, primarily due to changes in the estimated fair value of our interest rate swaps relative to then-current market conditions. Market value adjustments to swaps that qualify for hedge accounting treatment are recorded directly to equity, and therefore do not impact net income.

We recognized gains of sales of real estate of \$18.6 million for the nine months ended September 30, 2014, resulting from the dispositions of the 7031 Columbia Gateway Drive Building and the 9 Technology Drive Building. See Note 3, Real Estate and Other Transactions, of the accompanying financial statements for details of these dispositions. We expect future gains on sale of real estate assets expenses to fluctuate with disposition activity.

Discontinued Operations

We recognized a loss from discontinued operations of approximately \$(1.3) million for the nine months ended September 30, 2014, as compared to a loss of \$(9.0) million for the nine months ended September 30, 2013. The decrease in discontinued operations is due to our adoption of ASU 2014-08, which requires only dispositions that represent a strategic shift in our operations be reclassified to discontinued operations. Therefore, the operating results of properties disposed of subsequent to April 1, 2014, have not been reclassified to discontinued operations. As further explained in Note 10, Held for Sale and Discontinued Operations, to the accompanying consolidated financial statements, prior to our adoption of ASU 2014-08, properties meeting certain criteria for disposal were classified as "discontinued operations" in the accompanying consolidated statements of operations for all periods presented.

Net Income

Net income was \$36.4 million, or \$0.29 per basic and diluted share, for the nine months ended September 30, 2014, which represents an increase as compared to \$2.8 million, or \$0.02 per basic and diluted share, for the nine months ended September 30, 2013. The increase is primarily due to fees incurred under the Transition Services Agreement and the Consulting Services Agreement in 2013 (see Note 9, Related-Party Transactions and Agreements, of the accompanying financial statements), which is partially offset by the impact of disposition and acquisition activity in the current year. We expect future earnings to fluctuate as a result of leasing activity at our existing properties and acquisition and disposition activity.

Funds From Operations

Funds from operations ("FFO") is a non-GAAP measure used by many investors and analysts that follow the real estate industry to measure the performance of an equity REIT. We consider FFO a useful measure of our performance

because it principally adjusts for the effects of GAAP depreciation and amortization of real estate assets, which assumes that the value of real estate diminishes predictably over time. Since real estate values have historically risen or fallen with market conditions, we believe that FFO provides a meaningful supplemental measure of our performance. We believe that the use of FFO, combined with the required

Table of Contents

GAAP presentations, is beneficial in improving our investors' understanding of our operating results and allowing for comparisons among other companies who define FFO as we do.

FFO, as defined by the National Association of Real Estate Investment Trusts ("NAREIT"), represents net income (computed in accordance with GAAP), excluding gains (losses) on sales of real estate and impairments of real estate assets, plus real estate-related depreciation and amortization and after adjustments for unconsolidated partnerships and joint ventures, for both continuing and discontinued operations. We compute FFO in accordance with NAREIT's definition, which may differ from the methodology for calculating FFO, or similarly titled measures, used by other companies and this may not be comparable to those presentations.

FFO does not represent amounts available for management's discretionary use because of needed capital replacement or expansion, debt service obligations, or other commitments and uncertainties, nor is it indicative of funds available to fund our cash needs, including our ability to make distributions. Our presentation of FFO should not be considered as an alternative to net income (computed in accordance with GAAP) as an indicator of financial performance.

Reconciliations of net income to FFO (in thousands):

	Three months ended September 30,		Nine months ended September 30,	
	2014	2013	2014	2013
Reconciliation of Net Income to Funds From Operations:				
Net income	\$24,988	\$4,800	\$36,409	\$2,793
Adjustments:				
Depreciation of real estate assets	29,980	30,911	87,453	92,146
Amortization of lease-related costs	19,476	22,027	58,218	66,301
Impairment loss on real estate assets	—	12,870	14,982	29,737
Gain on sale of real estate assets - continuing operations	(18,607)	—	(18,607)	—
Loss (gain) on sale of real estate assets - discontinued operations	—	—	978	(10,014)
Total Funds From Operations adjustments	30,849	65,808	143,024	178,170
Funds From Operations	\$55,837	\$70,608	\$179,433	\$180,963

Election as a REIT

We have elected to be taxed as a REIT under the Code, and have operated as such beginning with our taxable year ended December 31, 2003. To qualify as a REIT, we must meet certain organizational and operational requirements, including a requirement to distribute at least 90% of our adjusted taxable income, as defined in the Code, to our stockholders, computed without regard to the dividends-paid deduction and by excluding our net capital gain. As a REIT, we generally will not be subject to federal income tax on income that we distribute to our stockholders. If we fail to qualify as a REIT in any taxable year, we will then be subject to federal income taxes on our taxable income for that year and for the four years following the year during which qualification is lost, unless the Internal Revenue Service grants us relief under certain statutory provisions. Such an event could materially affect our net income and net cash available for distribution to our stockholders. However, we believe that we are organized and operate in such a manner as to qualify for treatment as a REIT for federal income tax purposes.

Columbia Property Trust TRS, Columbia KCP TRS, and Columbia Energy TRS are wholly owned subsidiaries of Columbia Property Trust, are organized as Delaware limited liability companies, and operate, among other things, a full-service hotel. We have elected to treat the TRS Entities as taxable REIT subsidiaries. We may perform certain additional, noncustomary services for tenants of our buildings through the TRS Entities; however, any earnings related to such services are subject to federal and state income taxes. In addition, for us to continue to qualify as a REIT, we must limit our investments in taxable REIT subsidiaries to 25% of the value of our total assets. Deferred tax assets and liabilities are established for temporary differences between the financial reporting basis and the tax basis of assets and liabilities at the enacted rates expected to be in effect when the temporary differences reverse.

No provisions for federal income taxes have been made in our accompanying consolidated financial statements, other than the provisions relating to Columbia Property Trust TRS, Columbia KCP TRS, and Columbia Energy TRS, as we made distributions in excess of taxable income for the periods presented. We are subject to certain state and local

taxes related to property operations in certain locations, which have been provided for in our accompanying consolidated financial statements.

Table of Contents

Inflation

We are exposed to inflation risk, as income from long-term leases is the primary source of our cash flows from operations. There are provisions in the majority of our tenant leases that are intended to protect us from, and mitigate the risk of, the impact of inflation. These provisions include rent steps, reimbursement billings for operating expense pass-through charges, real estate tax and insurance reimbursements on a per-square-foot basis, or in some cases, annual reimbursement of operating expenses above a certain per-square-foot allowance. However, due to the long-term nature of the leases, the leases may not reset frequently enough to fully cover inflation.

Application of Critical Accounting Policies

There have been no material changes in our critical accounting policies from those disclosed in our Annual Report on Form 10-K for the year ended December 31, 2013.

Related-Party Transactions and Agreements

During 2013, we were party to agreements with our former advisor and its affiliates, whereby we incurred and paid fees and reimbursements for certain advisory services, property management, and transition services. All such agreements terminated on December 31, 2013. See Note 9, Related-Party Transactions and Agreements, of our accompanying consolidated financial statements for details of our 2013 related-party transactions, agreements, and fees.

Commitments and Contingencies

We are subject to certain commitments and contingencies with regard to certain transactions. Refer to Note 6, Commitments and Contingencies, of our accompanying consolidated financial statements for further explanation. Examples of such commitments and contingencies include:

- obligations under operating leases;
- obligations under capital leases;
- commitments under existing lease agreements; and
- litigation.

Other Regulatory Matters

The SEC is conducting a formal, nonpublic investigation regarding Wells Investment Securities, Inc. ("WIS"), the former dealer-manager for our previous nonlisted public offerings. The investigation also relates to our company and another entity that also conducted public offerings through WIS. The investigation relates to whether there have been violations of certain provisions of the federal securities laws in connection with public offerings in which WIS served as dealer-manager, including a public offering of our shares that concluded in August 2010. In February 2013, we received a subpoena for documents and information, and we have been cooperating fully with the SEC. We are not in a position to estimate the timing of a conclusion of the investigation or whether the SEC may accuse us of any wrongdoing. To date, the costs related to our response to this subpoena have been covered by our insurance company, subject to a deductible, and we expect that any additional costs will be covered by insurance. However, we may incur uninsured losses related to our response to the subpoena in the future.

Subsequent Events

We have evaluated subsequent events in connection with the preparation of the consolidated financial statements and notes thereto included in this report on Form 10-Q and noted the following in addition to those disclosed elsewhere in this report:

Property Disposition

On October 3, 2014, we closed on the disposition of the Lenox Park Property. This disposition is described in Note 3, Real Estate and Other Transactions, of the accompanying financial statements.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

As a result of certain of our debt facilities, we are exposed to interest rate changes. Our interest rate risk management objectives are to limit the impact of interest rate changes on earnings and cash flow primarily through a low to moderate level of overall borrowings. However, we currently have a substantial amount of debt outstanding. We manage our ratio of fixed- to floating-rate debt with the objective of achieving a mix that we believe is appropriate in light of anticipated changes in interest rates. We closely

Table of Contents

monitor interest rates and will continue to consider the sources and terms of our borrowing facilities to determine whether we have appropriately guarded ourselves against the risk of increasing interest rates in future periods. Additionally, we have entered into interest rate swaps, and may enter into other interest rate swaps, caps, or other arrangements to mitigate our interest rate risk on a related financial instrument. We do not enter into derivative or interest rate transactions for speculative purposes; however, certain of our derivatives may not qualify for hedge accounting treatment. All of our debt was entered into for other-than-trading purposes.

Our financial instruments consist of both fixed-rate and variable-rate debt. Our variable-rate borrowings consist of the JPMorgan Chase Credit Facility, the \$450 Million Term Loan, and the 333 Market Street Building mortgage note. However, only the JPMorgan Chase Credit Facility bears interest at an effectively variable rate, as the variable rates on the \$450 Million Term Loan and the 333 Market Street Building mortgage note have been effectively fixed through the interest rate swap agreements described in the "Liquidity and Capital Resources" section of Item 2, Management's Discussion and Analysis of Financial Condition and Results of Operations.

As of September 30, 2014, we had \$150.0 million outstanding borrowings under the JPMorgan Chase Credit Facility; \$450.0 million outstanding on the \$450 Million Term Loan; \$207.0 million outstanding on the 333 Market Street Building mortgage note; \$249.1 million in 5.875% bonds outstanding; and \$783.8 million outstanding on fixed-rate, term mortgage loans. The weighted-average interest rate of all of our debt instruments was 4.20% as of September 30, 2014.

Approximately \$1,689.9 million of our total debt outstanding as of September 30, 2014, is subject to fixed rates, either directly or when coupled with an interest rate swap agreement. As of September 30, 2014, these balances incurred interest expense at an average interest rate of 4.30% and have expirations ranging from 2014 through 2023. A change in the market interest rate impacts the net financial instrument position of our fixed-rate debt portfolio; however, it has no impact on interest incurred or cash flows. The amounts outstanding on our variable-rate debt facility in the future will largely depend upon future acquisition and disposition activity.

We do not believe there is any exposure to increases in interest rates related to the capital lease obligations of \$120.0 million at September 30, 2014, as the obligations are at fixed interest rates.

ITEM 4. CONTROLS AND PROCEDURES

Management's Conclusions Regarding the Effectiveness of Disclosure Controls and Procedures

We carried out an evaluation, under the supervision and with the participation of management, including the Principal Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures pursuant to Rule 13a-15(e) under the Securities Exchange Act of 1934 as of the end of the period covered by this report. Based upon that evaluation, the Principal Executive Officer and Principal Financial Officer concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report in providing a reasonable level of assurance that information we are required to disclose in reports that we file or submit under the Securities Exchange Act of 1934 is recorded, processed, summarized, and reported within the time periods in SEC rules and forms, including providing a reasonable level of assurance that information required to be disclosed by us in such reports is accumulated and communicated to our management, including our Principal Executive Officer and our Principal Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

Changes in Internal Control Over Financial Reporting

There have been no changes in our internal control over financial reporting during the quarter ended September 30, 2014 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

From time to time, we are party to legal proceedings, which arise in the ordinary course of our business. We are not currently involved in any legal proceedings of which the outcome is reasonably likely to have a material adverse effect on our results of operations, liquidity, or financial condition, nor are we aware of any such legal proceedings contemplated by governmental authorities.

Table of Contents

ITEM 1A. RISK FACTORS

There have been no material changes from the risk factors disclosed in the "Risk Factors" section of our Annual Report on Form 10-K for the year ended December 31, 2013.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

(a) During the quarter ended September 30, 2014, we did not sell any equity securities that were not registered under the Securities Act of 1933.

(b) Not applicable.

(c) During the quarter ended September 30, 2014, we did not repurchase any shares.

ITEM 3. DEFAULTS UPON SENIOR SECURITIES

(a) There have been no defaults with respect to any of our indebtedness.

(b) Not applicable.

ITEM 4. MINE SAFETY DISCLOSURES

Not applicable.

ITEM 5. OTHER INFORMATION

(a) During the third quarter of 2014, there was no information that was required to be disclosed in a report of Form 8-K that was not disclosed in a report on Form 8-K.

(b) There are no material changes to the procedures by which stockholders may recommend nominees to our board of directors since the filing of our most recent Schedule 14A.

ITEM 6. EXHIBITS

The exhibits required to be filed with this report are set forth on the Exhibit Index to this quarterly report attached hereto.
