Item 7.01. Regulation FD Disclosure.

Dan Myers, Chief Executive Officer, and Rick Eiswirth, Chief Operating Officer and Chief Financial Officer, of Alimera Sciences, Inc. (“Alimera”) will be hosting an Analyst and Investor Luncheon and live webcast on Wednesday, March 25, 2015 at 12:15 p.m. Eastern Time in New York City. The slides that will be used for such presentation are furnished as Exhibit 99.1 to this Current Report on Form 8-K.

Various statements to be made during the presentation and webcast, including statements in the slides furnished as Exhibit 99.1 to this Current Report on Form 8-K, are “forward-looking statements,” within the meaning of the Private Securities Litigation Reform Act of 1995, regarding, among other things, the marketing approval and commercialization of ILUVIEN in the United States and the European Union. Words such as “anticipate,” “believe,” “estimate,” “expect,” “intend,” “may,” “plan,” “contemplate,” “predict,” “project,” “target,” “likely,” “potential,” “continue,” “would,” “should,” “could,” or the negative of these terms and similar expressions are intended to identify forward-looking statements, although not all forward-looking statements contain these identifying words. Such forward-looking statements are based on current expectations and involve inherent risks and uncertainties, including factors that could delay, divert or change any of them, and could cause actual results to differ materially from those projected in Alimera’s forward-looking statements. Meaningful factors which could cause actual results to differ include, but are not limited to, uncertainty as to Alimera’s ability to commercialize, and market acceptance of, ILUVIEN in the United States and the European Union, Alimera’s ability to obtain marketing authorization or approval for ILUVIEN in additional markets, as well as other factors discussed in the “Risk Factors” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” sections of Alimera’s Annual Report on Form 10-K for the year ended December 31, 2014, which is on file with the Securities and Exchange Commission (“SEC”) and available on the SEC’s website at [www.sec.gov](http://www.sec.gov). In addition to the risks described above and in Alimera’s Annual Report on Form 10-K, Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and other filings with the SEC, other unknown or unpredictable factors also could affect Alimera’s results. There can be no assurance that the actual results or developments anticipated by Alimera will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, Alimera. Therefore, no assurance can be given that the outcomes stated in such forward-looking statements and estimates will be achieved.

All forward-looking statements made during the presentation and webcast are expressly qualified by the cautionary statements contained or referred to herein. Alimera cautions investors not to rely too heavily on the forward-looking statements Alimera makes or that are made on its behalf. These forward-looking statements speak only as of the date on which they are made (unless another date is indicated). Alimera undertakes no obligation, and specifically declines any obligation, to publicly update or revise any such forward-looking statements, whether as a result of new information, future events or otherwise.

The information in Item 7.01 of this Current Report on Form 8-K and the slides furnished as Exhibit 99.1 shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”) or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference in any filing under the Securities Act of 1933, as amended, or the Exchange Act, except as expressly set forth by specific reference in such a filing.
