EXHIBIT 1

SFL - Sale of notes and warrants in Horizon Lines

Press release from Ship Finance International Limited, June 1, 2015.

Ship Finance International Limited (NYSE: SFL) ("Ship Finance" or the "Company"), announced that it has sold its holding of notes and warrants in Horizon Lines, Inc. ("Horizon Lines") for net cash proceeds of approximately \$72 million.

In April 2012, Ship Finance received \$40 million of Horizon Lines second-lien notes and 9.25 million warrants in Horizon Lines in connection with a termination of the charters for 5 container vessels. Thereafter, the second-lien notes have accumulated interest on a non-cash basis at a rate of 15% annually.

In November 2014, Horizon Lines announced a merger with Matson Navigation Company, Inc. ("Matson"), subject only to regulatory approval of a sale of Horizon Lines' Hawaii assets to The Pasha Group. On May 29, 2015, the parties announced the successful completion of the transaction, and Matson has paid \$0.72 per warrant and the second-lien notes have been redeemed at a premium.

Ship Finance has conservatively recorded the notes on our balance sheet at 40% of par value, and the book gain is estimated to approximately \$45 million, to be recorded in the second quarter. The cash proceeds from the notes and warrants are expected to be reinvested in new assets.

Cautionary Statement Regarding Forward Looking Statements

This press release may contain forward looking statements. These statements are based upon various assumptions, many of which are based, in turn, upon further assumptions, including Ship Finance management's examination of historical operating trends. Although Ship Finance believes that these assumptions were reasonable when made,

because assumptions are inherently subject to significant uncertainties and contingencies which are difficult or impossible to predict and are beyond its control, Ship Finance cannot give assurance that it will achieve or accomplish these expectations, beliefs or intentions.

Important factors that, in the Company's view, could cause actual results to differ materially from those discussed in this presentation include the strength of world economies and currencies, general market conditions including fluctuations in charter hire rates and vessel values, changes in demand in the tanker market as a result of changes in OPEC's petroleum production levels and worldwide oil consumption and storage, changes in the Company's operating expenses including bunker prices, dry-docking and insurance costs, changes in governmental rules and regulations or actions taken by regulatory authorities, potential liability from pending or future litigation, general domestic and international political conditions, potential disruption of shipping routes due to accidents or political events, and other important factors described from time to time in the reports filed by the Company with the United States Securities and Exchange Commission.
