BRASKEM ANNOUNCES APPROVAL OF THE DELISTING OF IPIRANGA PETROQUÍMICA

São Paulo, Brazil, July 5, 2007 - Braskem (BOVESPA: BRKM5; NYSE: BAK; LATIBEX: XBRK), the leader in the thermoplastic resins segment in Latin America and second largest Brazilian industrial company owned by the private sector, informs that it was discharged by the Brazilian Securities and Exchange Commission (CVM) from holding a Tender Offering for the acquisition of Ipiranga Petroquímica (IPQ) share control and was authorized to proceed with the delisting of this company and the cancellation of its registration as a publicly-held company.

After the acquisition of IPQ shares announced on July 2, all of the shares issued by Ipiranga Petroquímica are held, directly and indirectly, by Ipiranga Química, which allows for these corporate acts.

Braskem, a world-class Brazilian petrochemical company, is the leader in the thermoplastic resins segment in Latin America, and is the second largest Brazilian industrial company owned by the private sector. The company operates 18 manufacturing plants located throughout Brazil, and has an annual production capacity of more than 10 million tons of petrochemical and chemical products.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
